In order to help you understand the significance of the Individualized ETERNAL LIFE album, you can begin by drawing a big, blue crystal lotus blossom.

Please join us at our site to read the hundreds of testimonies of those who have purchase their Individualized Eternal Life Album and other albums. Testimonies have ranged from curing cancer, raising the dead, immediate income increase, increasing perception far beyond the visible into the invisible light spectrum, etc. etc.

First draw 12 petals which are quite large. Next draw 12 more petals on top of these that are a bit smaller. Keep drawing 12 more petals until you have drawn 12 layers of 12 petals. Each layer of petals is a bit smaller than the one below it because the petals represent the frequency length of the dimension that it is associated with. The bottom layer of petals is very large because the frequencies are very long and slow. The next layer of frequencies are a little shorter and faster. The 12th layer is extremely short and fast.

Now think of each petal as an entity. Each entity has an individual frequency signature. So each of the 12 petals on the bottom layer have a unique frequency signature, even though it is a slow frequency. You could color each of the petals a different color to

remind you that each has its own unique identity.

The Divine Blue Print is represented by this lotus blossom. The complete Divine Blue Print includes all 144 petals in the lotus blossom. The Divine Blue Print activates when all 144 petals become One brand new frequency signature. As long as the petals remain separated, they remain inactive.

In order to activate the individual selves within your Divine Blue Print we oscillate the frequencies of the lowest petal up through all petals into the highest petal. We do this from the lowest to the highest of each of the twelve petals. We weave all of these frequencies into one brand new frequency.

This can only be done through the breath of Consciousness, because the breath can carry the exact frequencies from one entity's frequency signature and exhale those exact frequencies. In order to do this we connect our consciousness into attunement with the Elohim of Hearing.

When we create an Individualized ETERNAL LIFE ALBUM, the frequency signatures of the Lotus Blossom belonging to that One Individual are being recorded layer upon layer, just like a lotus blossom. The Album is created for that Individual, and it is private and personal information for that one individual to connect with all 144 of their Divine Selves to bring the At One Ment of their Divine Blue Print into their Crystal Cells. There are actually thousands of parallel spiritual versions of reality or Consciousness Frequency Signatures connected within each of the 144 Divine Selves. This is all multi dimensional consciousness reconnected with the 144,000 Divine Selves from the original point of creation.

The activation of the Divine Blue Print creates the potential of a Full Spectrum Light Reality where the invisible and visible become united. This allows the Consciousness to expand completely into the Universal, Cosmic and Source Domains of Infinite Reality.

Please remember that this is creating Potential. The Guarantee of it

happening lies within the Individual becoming willing to see the Invisible growing from the specks of light into Orbs and into rainbows until they can see a complete Morphogenetic Field growing around them pulling them into the Frequencies of the Ultra Violet Blue Wave and the Gamma Wave and into the White Light of a New Creation.

This has happened for aDolphino and Crystalai over the past three years. The new atmosphere of our Light Bodies and the new Hydrolaise Atmosphere of Aquafaria are appearing more and more as our New Reality each day. It was a steady process of seeing a few more specks of light each day. We could at first stare into the Sun and see tiny little specks of light energy. Next, we could see the specks growing into tiny little orbs. Next, we could see little entities inside of each orb. They looked like tiny little embryos. It was like watching a birth of tiny little fairies all around us. We could see these realities more and more each day until we began to see fairies and unicorns. We could see the hydrolaise in the atmosphere. The hydrolaise is a completely different chemical structure than exists in our third dimensional atmosphere. The consciousness must shift into the 12-15 dimensions to be able to see and feel this atmosphere which is three parts nitrogen and one part oxygen. So far, we can only see it. We know we see it because the entities who are flying and swimming around us are in a different atmosphere than we are.

When we can walk out of our third dimensional body by shifting more and more into the full lotus blossom spectrum, our body will transmute into a form that can actually walk into the same dimension with the entities that we can see in the Quantum Field around us.

Each day we can see the atmosphere in our house becoming thicker and thicker with more layers of energy fields. The energy fields are forming into the realities that we desire to place within them.

The training that I received from my Elohim Team taught me to hold these crystal spheres of energy in my hands and in my heart and to breathe into my hands the reality that I wanted to be created by the crystal light, crystal dust and crystal gel. These spheres of energy

contain the creative power that removes pain, transmutes and transforms into a new reality and creates a new reality.

Now, I will explain this harmonic attunement another way. There are five spheres in the music of the spheres of the Cosmos. Each of these five spheres - or harmonic universes- contain three dimensions. Harmonic Universe One contains three dimensions- 1,2,3. Harmonic Universe Two contains three dimensions - 4,5,6. Three contains dimensions 7,8,9. Harmonic Universe Four contains 10,11, and 12 and Harmonic Universe Five contains 13,14 and 15.

Please note that the Divine Blue Print is a Universal Template created in the Christic 12th dimension of the Fourth Sphere. There would be 144 selves or petals in those four spheres. However, the music of the spheres always requires the base tone of the higher sphere to pull the lower sphere up into resonance. So we also acquire the frequencies of the Cosmic Sphere in order to pull the Universal Sphere into Attunement. We do this by combining all of the frequencies from the lotus blossom petals and placing them into a new sphere and then creating a sphere of Cosmic Frequencies and pulling the Universal into Attunement with the Cosmic Frequencies. Finally, we call on Source Consciousness and pull all of the lower frequencies into attunement with the Infinite Unknown to create White Light.

We achieve this by aligning our Consciousness through the Elohim of Hearing and then oscillating the strings of frequencies through the process of transmutation of the lowest being pulled into the highest. However, each individual frequency signature or petal is completely within the multitudes of frequency signatures.

We can re-create our Divine Blue Print this way, and we can also learn to use this same process of creating with the morphogenetic spheres of creation to create our new Crystal Reality. Once we absorb the frequencies of the Divine Blue Print, we can exhale them into the atmosphere around us and walk into them. When we listen to the Eternal Life Album, we can hear the standing wave patterns and

the morphogenetic fields of a brand new consciousness and we can walk out of the low, slow waves into the high fast waves of the complete Divine Blue Print.

When an individual purchases an INDIVIDUALIZED ETERNAL LIFE ALBUM they receive one 48 -55 minute album. The album is broken into 12 four minute sections or 12 four minute songs. This makes it possible to send the mp3 songs as emails or the mp3 can be purchased as one complete 48 minute album. We create the INDIVIDUALIZE ETERNAL LIFE ALBUM in mp3.

The process of creating these albums is very time consuming and extremely energy consuming. If you would imagine having a one hour Akashic Reading with a Spiritual Medium. Some of you have had one of these or given one of these. That one hour is how long it takes to create the alignment in our consciousness through the Elohim of Hearing and through your higher selves to create the perfection of the breathe that holds the frequency of One Single Petal up through the 12 petals above it. We must do that once with each petal in order to create the perfect alignment. It takes us a minimum of two or three weeks. This requires keeping our atmosphere of our home and our recording studio completely Cosmic and we must keep our minds completely out of the world all of the time. The price of these Albums may sound expensive to anyone who hasn't already paid \$250 for a one hour Akashic Reading. But, if you realize the difference between the Consciousness Level needed for the reading and the breathing of pure Consciousness, you will realize that this is very, very cheap. There is nothing more valuable than to activate the Potential of their Divine Blue Print to come into their realization and their utilization. We are talking about bringing the Kingdom of Heaven into the Lives of those who are dedicated to this mission.

This is not to say that listening to any and all of the mp's and CD's at crystallmagicorchestra.com that we have created and placed for sale on this site are not also very helpful in the process of aligning DNA

into higher neuronets, activating ascension processes, activating the crystal cells, etc. However, those albums were created for Mass Consciousness. We must have the permission of the Individual in order to connect with their Individual Higher Selves contained within the 144 frequency signatures of their Divine Blue Print.

Please join us at our site to read the hundreds of testimonies of those who have purchase their Individualized Eternal Life Album and other albums. Testimonies have ranged from curing cancer, raising the dead, immediate income increase, increasing perception far beyond the visible into the invisible light specturm, etc. etc.

The 48 DNA activation process is set in motion to become continuous and eternal by the frequency alignments woven into the Individualized ETERNAL LIFE Albums. It is actually the angelic family of the individual who does the activation continuously and completely. We channel and breathe one harmonic thread of each frequency signature of the individual's harmonic family at a time. It usually takes at least twenty minutes per signature. There are 36 signatures in each harmonic universe. And there are 5 harmonic universes. The alignment of these 180 harmonic signatures results in the Full Spectrum of Light and Sound that realigns the individual into Oneness with the Divine Template of Universal Consciousness. We really only need 144 harmonic frequency signatures to align into the perfect divine blue print. However, we oscillate completely out into the Cosmic Realm to pull the Universal Template completely into Attunement with Source. We are preparing for a full alignment beyond the 24 DNA strands into the 48 DNA which lift an individual into the potential for the alignment into a divine template that will be able to step in and out of their body at will. We align the frequencies completely into Source through 96DNA of the complete Spiritual Template to create the template of the entity who can Orb and de-manifest from Light Body to a Holographic Body of Form. This is the highest potential for ascension.

The word POTENTIAL is KEY to this entire process. There are millions of starry entities who have been working on this Ascension

Project for millions of years. In order for it to be successful, those who ascend into positions of Guardian Masters who will be leading their sheep into the kingdom of heaven, those who obtain the necessary DNA will be required to climb the ladder into purity of Consciousness through the desire to become One. This means the desire to be removed completely from the little personality ego and rise into the EGO of I AM Consciousness.

We transform into the Divine Blue Print by walking into those frequencies and staying there. This means the mind must stay in alignment with Universal Consciousness, Cosmic Consciousness and Source at all times. This doesn't mean we get to jump back and forth and listen to war stories part of the time and then jump back into the heavenly realm every now and then. We create our new kingdom through the Consciousness Movies that we project from our minds. If we continue to project war movies, we will be placing that frequency out into the world. If we continuously project the Heaven Frequencies of the Divine Template, we will be projecting God's Movie into the World.

It should also be known that once you make the choice to raise your frequencies by listening to Cosmic Frequencies, that it will hurt you when you go back to old worn out pendants, crystals, alpha rhythms and any other technology that is not purely created through Divine Mind and the Elohim of Hearing. You can't be jumping back and forth between one reality or belief and the other. Your first reaction will probably be to think the angelic frequencies are the cause of your problem. The angelic frequencies are shaking you loose from your old realities.

There are many other teachings out there that have nothing to do with Raising Frequencies. There are many who will help you lower your frequencies into the Alpha State. This is the same Hypnotic technology used in Warfare. We do not recommend it or endorse it any way. We personally will not allow our ears to come any where near alpha waves, Solfege, or any brain wave technology. It is very dangerous.

The Aquafarians who work with us in aligning our frequencies into the original crystal cell template have maintained their form in our atmosphere and in the heart of Earth for 5.5 million years. The Aquafarians began creating the stardust elemental Silicon Based Structure of the Ascension Earth billions of years ago in order to prepare for the first, second, third and fourth Seedings of human angelic consciousness, which began 5.5. million years ago.

This original stardust template of the Earth requires a complete shift in the atmosphere of the individual and a shift into a new morphogenetic field of Consciousness created by a higher frequency, a less dense form a reality based on an entirely different chemical base structure, which was held in place for us by the Aquafarians.

This process use to transform Consciousness into a higher frequency is very similar to the one used in creating the other MP3's and CD's that are available at Crystal Magic Orchestra.com, except, in the case of the Individualized Eternal Life Album, we ask the Elohim of Hearing for the alignment with the Individual's Higher Selves Frequency Signatures. The other albums align our Elohim and Sirian Families of Consciousness through specific star alignments that are used for specific harmonic purposes. These are our Ascension Families and the main Guardian Families of the Entire Ascension Process on a Galactic and Universal Level. So those albums are for the Mass Ascension, while the Individual albums are for Individual Ascension. The Individual will feel a very personal relationship with the frequency signatures.

We can feel the divine presence and the magic of the actual frequency signatures coming through in each breath. We are told by our Cosmic Council when a breath has been retrieved through the Elohim of Hearing. It takes several hours per day to collect the entire family of consciousness for any one individual. The process requires many hours of focused energy of atonement with the Elohim of Hearing who guides the process of aligning the frequencies through our ears. The process of focused breathing to make sure the exact consciousness is extracted and purely placed through the

microphone is exhausting. The end product is a pure capsule of immortality aligning the individual's Family of Consciousness on all Dimensions into One new Breath which contains their individual Full Spectrum of Light and Sound. Each of the hundreds of threads of consciousness are woven together and spun through the magical spheres of crystal light, crystal dust and crystal gel into spheres of magical transformational energy.

The signatures are frequencies. Frequencies are breaths of consciousness. All of our angelic soul families are streaming their individual frequencies of consciousness. This is their light signature. We can hear each of these specific light signatures when we oscillate our consciousness up into their frequency range and then exhale into an extremely high quality microphone. Each of these streams of consciousness merges and unites with an entire family of consciousness to create a monadic family of light. We record all of these streams of consciousness that come to us through the breaths of the angels. We stream and braid each of these streams of light energy together to create the exact same coded frequencies that are transmitted to us through the angels breaths and the activity of crystal light energy, crystal dust energy and crystal gel energy.

KEY TO ASCENDING

The streams of higher frequencies are pouring in so fast that is almost impossible to record them all. The angels have been directing us to record the breaths of consciousness from all entities who are streaming their breaths together through the crystal light energy that is braiding, weaving and streaming a higher frequency of consciousness together. Each time there is a high energy day, the angels place a golden pillar in my left ear and hand me an etheric microphone and then they breath their consciousness through my breath. Sometimes five angels appear, sometimes five hundred – depending on what project they are working on.

The breath of consciousness is what is causing the entire shift of Mother Earth into her Star Essence. We are all turning more star like together. How do we speed up this process individually? The more we raise frequencies and stay in those frequencies the faster we rise into a new dimension.

The Key to Ascending is collecting frequencies through the merkaba, aligning into the sun energy, the helium energy, the rainbow dust, the star dust, soaking in healing waters of crystal temples, singing with the angels, and mermaids in the crystal caves, keeping the mind in the etheric fairy tale state and then finally walking into the spark of Source in the Crystal Heart, after putting on the garment of white light – which means absorb all frequencies of crystal light, iridescent light, rainbow light, golden dust light, star dust until the body is radiating with spirituality of light energy.

NOW--and only Now can the body walk through the diamond door. When the body walks through the door it must walk into the FUTURE SELF. It is this place in Consciousness that we must stay to create the Islands of Light.

I'd like to share some questions that will be answered and practiced in my workshops on CREATING ISLANDS OF LIGHT, PARALLEL REALITIES, and the MUSIC OF THE SPHERES.

I have a couple of questions regarding your process of integrating with your light body.

1. You said that you've completed integrating with your silica-carbon based light body. Does this mean you can disassemble your body and teleport to anywhere you want?

I wanted to add that the silica based body is the natural result of raising the frequencies and continuously bringing in more and more light energy that the starry friends and Elohim of Hearing helps me with and that I get from the helium rings spinning into all of the sun's frequencies to bring out the energy of the neutron through out the body. The reason that I know I am living in a body that is mostly silica based now and will become more and more so is because the angels have told me this. There are things happening in this hologram that we can't see yet. That doesn't mean they aren't happening. The evidence we have of the silica based body is this:

Joseph was hit by big truck and ran over by three cars. He had every bone and muscle flattened. The doctors said it was absolutely impossible for him to be alive. They said his brain would never work again. They said he probably wouldn't be able to work for eleven years. Joe's body repaired itself without any help from the doctors in one month. This rapid repair of the entire structure of the body happened completely from streaming the highest frequencies through his body by using the frequency shift music that we recorded. It was this frequency shift music that was given to us by the angels as they streamed their consciousness through their breaths that realigned his body. Each stream of consciousness that I inhale and breath into the microphone is a strand of their consciousness. It is this consciousness that is the sound and light of all creation. This sound and light contains a structure of creation that remolds into the original form created by Source. This sound and light that we resonate with and soak into our cellular structure from the crystal cells of mother earth and the star dust energy of our Universe transforms our bodies into a new chemicalization. This chemicalization appears as a result of consciousness raising frequencies into a higher realm

of reality. This is the proof that we are living in a silica based body.

You see, the doctors entire system is based on the carbon based body that doesn't heal at all. The more we shift into the silica reality by adding more and more of the spiritual into the physical through our consciousness, the faster this reality appears. This is why when doctors have played our music in their hospitals, every patient in the hospital immediately showed great improvements and complete healings took place in a week.

The Frequency Shift music actually shifts the body into a parallel reality of a higher frequency. This magical place of the higher frequency lifts the mind into great freedom, the world just doesn't matter any more, there is a feeling of sweetness and kindness, there is no more pain, there is alignment into the reality that was always here. All we are doing here is removing a veil so we can see the reality. We must believe that reality is here to see. We must stop thinking we must go somewhere else to see it. This transformation will appear on Earth. We will create Islands of Light on Earth. We create them by breathing when we have completely aligned our frequencies into the place where we are completely in the Crystal Cities, the Aquafaria under water Cities. When we have absorbed all of the crystals of all of the colors of the rainbows into our crystal cells and our cells sing in harmony with each other, this is when we can EXHALE magic into the air we live in. The air has already become hydrolaise. The body is already transforming into to silica based chemicals. It is only our eyes that don't see it yet. We can FEEL it NOW.

When we go to our crystal palace in Aquafaria, we ask our friends there this same question.

2. Are you currently conscious of your other multidimensional self throughout the cosmic omniverse?

Our multidimensional selves only meet us when we walk into our future self after completely absorbing all frequencies from all dimensions out to the 24th, 33rd, 36th and 64th dimensions and becoming sparkling with golden star dust. This is when we can melt into the diamond door and walk into the starry places. Our teams and families are always waiting on the other side. From that point we go on down into the Aqualene Ocean through the Sun and down into the Crystal Caves to resonate with the frequencies of Inner Earth and then we are invited to enter the crystal cities. It is completely our responsibility to lift our frequencies into theirs. Our team taught us that we must completely merge into the crystal cities or into what ever place you want to shift into. It takes continuous practice and the willingness to spend much more time there than here. We must spend so much time in the crystal caves with my mermaid family that when I exhale on Earth, the reality around me transforms into that frequency. We must breath the Islands of Light into our home, into our place we choose to live.

Our music will help you with clairvoyance if you stay in the highest frequencies. The angels wove the tapestry of these frequencies to allow those who want to match their resonance to be able to. It does require long term listening and concentration and breathing along with the breaths recorded. The angels are actually communicating through the breaths; when we get on their wave station through their breaths of consciousness, we become clairvoyant. They are already trying their hardest to communicate, but they will never lower their frequencies to ours – we must raise our frequencies to theirs.

3. How do you "travel" to Aquafaria to meet up with your soul family down there? By meditation or do you actually travel via your MerKaBa into the crystal caves or do you have another version of yourself living in the crystal caves and is able to integrate with that aspect of your soul whenever you want?

The self that goes to Aquafaria is the future self that shifts dimensions by shifting frequencies. Those with fifth dimensional and higher vision can see this shift. The angels have told me

many times that I am completely etheric. Joe can see the fifth dimension – I can't. I can feel it. I am saturated in the frequency of light energy. The return to this Earth is too painful for me. I must continuously stay above the Earth. I do this by continuously absorbing the frequencies that I breathed into the music. These are the frequencies from the Crystal Caves and from all of the dimensions.

When I take a journey of collecting frequencies and swimming down into the crystal caves to sing with my mermaid choir, you can hear my voice completely shift into the mermaid's frequencies. My voice changes into an etheric, sweet breathy tone that has perfect pitch. This isn't my third dimensional voice, this is my fifth dimensional voice. I am totally unaware of any musical rules or keys when the angels and mermaids sing through me, I only know that there is always a parallel shift and I am always in my **FUTURE SELF**.

MERGING WITH ANTI-PARTICLE BODY REMOVES DEATH FOREVER

The more we practice Raising and Expanding our FREQUENCIES of our bodies and of our Merkaba, the easier and faster we spin out into the Cosmic Consciousness that frees us completely from the lower frequencies of the third dimensional realm. We learn to spin our Merkabas at the speed of light out into the solar, the galactic, the universal and the cosmic spheres. The speed of light is Divine Love. Divine Love is the Activity of Divine Consciousness that sets us free from all holograms of Mortality.

Those of you who have already been following the teachings of the Cosmic Mystery School of the Omniverse will have experienced the REALITY OF THE FREQUENCY.

The more we practice raising frequencies of consciousness into the activity of igniting the spark of Source inside each cell in the body, the closer we become to Immortality.

Joseph and I have already completed the merge of Oneness of our Spiritual and Physical Selves. Our bodies are much more etheric now. Pain seems to bounce off. Things in the world just seem to evaporate.

This is the First Wave of Ascension. It began the day the Christ Child entered our bodies on November 5th, 2007, and we began our rebirth into a brand new body. The new body is transforming as a result of our work with FREQUENCIES. What it means is those of us responsible for the first wave will transmute and transform all that is around us into the HIGHER FREQUENCIES that we live within now.

The Ascension is not for us to leave the world of form, as many of us had expected. It is now the responsibility of the ascended ones to transform their own Islands of Light and lead others into their own Rainbows of Frequencies where they will also merge with their Spiritual Half and Spiritual Teams.

The reformation of our body and Mother Earth's Body is done from the inside out. The crystal cell structure of our temples is

becoming more and more etheric as the carbon energies of the physical form are transforming into crystalline based properties.

The entire elemental chart of 144 elements of structure are being replaced and transformed as each dense form changes into thousands of new silica based forms of etheric energy.

All of crust that has been covering our cells and glands are dissolving now. The miasms that were planted inside of our cells are now being totally ignited into the spark of Source where we glow from the inside out into the Immortal Body that we are. This is happening to those who choose to REMEMBER who they really are.

This is the first step. To truly desire to remember who we really are. We are the spark, the light, the sound, the foundation of the Divine Mind. As we reconnect our minds into oneness with this divine belief system, the third eye, the rishi eye, the eye of Divine Mind opens into its full connection and alignment with the eye of the spiritual self that contains all that is in Divine Mother.

We are gods and we can also change things in a moment as well. It does not matter about the past or how long something has been going on. We have the power to make radical change in our lives this very moment.

By doing so, you will start to see, know and experience the immortal god that you are.

Your eyes can only see energy in the physical light system. The colors we see are only an infinitesimal fraction of the energy in the sound and light spectrum that actually exists. The same is true with sound and smell. We have only been experiencing a small aspect of the hertzian level frequency which is the lowest frequency of the full spectrum of light which includes hertzian, infra red, visible light, invisible light, x-ray, gamma ray, plasma and pink white light.

When someone asks what color to you like or what color do you attune to, they are just informing you that they are only talking about

the third dimension.

When I talk about the Blue Flame and Violet Flame, I am talking about light energy from the full spectrum of light that has come into my fifth dimensional multidimensional reality perception. I can see infra red, which is what the digital camera can also see.

When we tune into the ultra violet blue light we have gone through the tunnel into the white light, into the God Room. This is where we go when we die. If we go to this white light full spectrum now, walk in, turn around and walk back out-- we see the blue hue. That hue only exists at the moment of re-birth.

We can practice that rebirth over and over again now so that when the time of death comes--or doesn't come, we know what to do. We know that we just walk into the light, turn around go through a flash of blue and return.

The more we practice this, the more we get in tune with our Soul staying with us. If the Soul stays with you at the time of death, then your body just vapourizes and your body turns into your light body or the crystal body.

Now, we exist in this narrow band of perception where we think only five senses exist and only what can be measured in this low context three dimensional reality field is real. There are seven more senses that we were disconnected from. We must learn to tune in to those seven senses of the super mind. The seven senses are knowing, being, realizing freedom, being tuned in to the electro tonal frequencies of the Universal Neuro Net where we are allowed to know everything and have everything.

Now we are in a place where something as simple as thinking clearly is impossible because everything is changing every nano second. We are in a state of flux. We are connecting our tiny little five sense knowing into the seven senses of the All Knowing All Seeing, All Acting, All Wise Mind of God- or the Mind of the Cosmos. We can know everything that everyone else in the cosmos knows.

I would like to share this question that I received from a member. The reason that I want to share it, is I am assuming that many of you are actually followers of Solfege, and you just assume that my music is also Solfege--which it certainly IS NOT.

The Solfege technology is based on Hertzian Frequencies. The reason it is based on Hertzian Frequencies is because that is the highest level of audible hearing known in the 3D real of the five senses.

The teachings on this website are for 5D people who are not using their 5 senses, but are now removing the duality between physical and spiritual, five senses and the other seven senses of KNOWING in the Super Consciousness of the Mind of God.

It would be very valuable to you all to realize that I cannot just keep posting old news over and over again on my newsletters for new members because there are old members that will have to read this news again also.

That is why I have provided hundreds of BOOKS and pdfs and E Books that I have written to answer all of your questions. This information is in the Cosmic Mystery School of the Omniverse for students, and it can be purchased by others at Crystal Magic Orchestra.com.

I have answered all of the questions in my books already. The blogs

are supposed to be to arouse your interest so that you will go read more in my books. You will find those books in the Reading section and in the Purchase Section. One book that you all need to read is this one.

There are many others that will fill in all of your gaps of understanding.

I am also creating audible books-- the first set was Return to our Divine State and Portal to New Reality, DNA Re-Programming, Love Journey, Filling Cells with Light, and many more.

Whatever your question is, the answer is already in one of the books (forms of books include pdfs, audio files, you tubes, DVD's and e-books).

QUANTUM SCIENCE of INSTANT MANIFESTATION and the

PROCESS of ASCENSION

READ THE BOOK The Answers are in the BOOK

How high are the frequencies of your music? (I know they're very high, maybe incalculable?)

There seems a debate over whether 440 hz is better or mid-500 range hz is better.

My music has nothing to do with that hertzian frequency. That is the hertzian frequency that is used to tune instruments and to get the orchestra in tune with each other.

I inhale my frequencies from the Elohim of Hearing in Gaia. That means my frequencies are coming from far beyond the realm of the hertzian wave.

We can move so far beyond the hertzian wave that we rise into a new standing wave pattern that contains no gravity. That is how we learn to levitate and begin the process of learning to orb into other harmonic universes.

This science that I am using to create the music is not found in any

science books on Earth. It was found in the Science book of Jesus Christ 12 in 24 B.C. The Science that was taught was about the Spiritual Man who has a Fifth Dimensional Crystal Body. The Crystal Body would be what a 3d scientist would call the DNA which contains the gene programming of a persons body.

However, Christ's Science was about an entirely different body. That body had Errors placed in it by Fallen Angelics. Those Errors broke apart the 12 subharmonic base tones and overtones within each of the two strands in the double helix. There was a crystal seal that monitored the activation of the DNA Strands in this Crystal Body.

The genetics of this Crystal Body containing the correct 12 strand harmonics of base tones and overtones is created from harpstrings that play music. When the music of the electro tonal frequencies are in harmony, the Crystal Body continues in its perfect Eternal Life Formula.

While the genetic plan of the 3D scientist is studying DNA with a double helix that they use to tell the color of eyes, the body height and weight, and all things that are tangible to the third dimensional senses-- the five senses; it is the Crystal Body DNA that contains the genetic programming of a body that remains 33 forever, continuously learns and explores the universe and all galactical families within it. The Fifth Level Being with the Crystal Body has Eternal Life.

It is this Crystal Body that is being brought back to life by the music that I create. When the music of the spheres is used in the way that Jesus Christ 12 used it, we align all that is tune with the physical strings into all that is in resonance with the spiritual strings of the harpstrings of the mind.

Those harpstrings were put out of tune when the fallen angeic races placed errors that created strings that played out of tune and in continuous disharmony with each other.

When the Crystal Seals are reactivated, they actual activate the DNA as they melt away. As they are melting away, they allow a release of etheric crystalline substance that crystalizes the blood into a new chemical.

You aren't going to find any of these facts in your science books. So, why do we continue with an education that leads to certain death when we could be studying the Christ Science of Eternal Life?

The 12D Science is based on 24 harpstrings playing in perfect harmony. It is based on Frequency Signatures from all five harmonic universes including the universal and cosmic. It is based on the etheric base tones and overtones and resonances at an etheric level.

That Crystal Body is coming back to life. The Crystal Body is the Fifth Level Body that must be activated by the Sixth Level Merkaba. The Crystal Body encompasses 12 levels of multidimensional frequencies and light codes. These perfect frequencies that are woven through the light of sound can be used to heal and reactivate the Crystal Body of Eternal Life. That is what is being done in the Crystal Magic Orchestra Experimental Lab.

This week we explored the resonances and sounds used to create the harmonic wave patterns that would lift us into the anti gravity wave pattern. We began creating the LEVITATION album that captured the frequencies of this anti gravity wave pattern.

During the creation of this album, we realized that the art of levitation needs to begin at a more etheric essence of ecstasy. This ecstasy of a transcending consciousness allows one to RISE ABOVE what is in the Five Senses out into a Realm of Knowingness. As we rise higher and higher into this realm we find the ZERO POINT of alignment in the Source Field where we touch on the ALLNESS of God.

When we touch Zero Point we end up in the place called BLISS. We enter a state where we no longer care about anything going on in the world of the five senses. We stop worrying or caring about the world because we have become so in tune with the Infinity of Source, and we find ourselves so much inside the BLUE SPHERE, that nothing outside of it matters any longer.

This is the state of Ecstasy, Joy, Freedom and Bliss that is needed for the Seventh Step of Manifestation to Occur. It is the state of Joy and Ecstasy of knowing that we have already won. When we enter

that state where we feel that we have all that is within the Sphere, we know that we have won. It is the state of Gratitude of knowing that we have already won that gives us that Ecstasy of being in Zero Point.

This would had all just been words to me six years ago; but, every day I have been given one more piece of the puzzle that helps me realize that I'm already in the Blue Sphere. That Zero Point Place where we touch on the fringes of the VOID of Source and the HUE of BLUE appears. At that moment, reality changes. We begin living in those other seven senses of knowing all that is to be known, and we no longer care about the five senses of a limited reality that cuts us off from instant manifestation of anything we can imagine.

The new album ECSTAZEE takes the listener on a journey into that Bliss and Freedom of the Anti Gravity that allows our body to Shimmer as it translates into the Crystal Body that allows us to Orb to any Galaxy we choose.

I have a new album called DOLPHIN DNA that I will be releasing in a few days. The Dolphin DNA album contains the fifth dimensional frequencies of the Dolphins and eighth dimensional frequencies of the Whales who are here for the purpose of activating our DNA. They are as important as the SIX AVATAR CHILDREN.

COSMIC SYMPHONY of EVOLUTION

We must start transmuting our frequencies into our grand new Cosmic symphony. We must begin to return to the Perfect Man in accordance with the parameters of cosmic evolution. We must live in a state of harmony and balance and beauty--but not from the Earthly

standpoint. The state of harmony and balance and beauty comes from the alignment of our breaths of consciousness into the music of the spheres. Once we spend more time aligning our frequencies into that orchestra and less into the rock and roll band of the Earth's definitions, we become lifted into a vibrational frequency of our Higher Being who continuously and perfectly directs and guides and magnetizes harmony, balance and beauty. This causes the entire physical body to transform and merge into the higher frequency of love and abundance.

The music of the spheres has aligned into a brand new harmonic conversion allowing us to Raise Frequencies to a level where you become a harmonic convergence into the grand Aquarian motif. We sing the cosmic symphony of evolution through our breaths of consciousness. As we harmonically align with the Cosmic Breaths of Consciousness our entire cellular structure sings in harmony, and becomes completely transmuted into this Cosmic Symphony. We each contain a melody of fraternal essence and our angelic co-creative consciousness.

VIOLET FLAME of FREQUENCY SPECIFIC MID BRAIN

The ability to tune in to the frequencies of the higher dimensions and the full spectrum of light of Source Consciousness is a direct manifestation of being tuned in to your Mid Brain. This means that deep within your genetic memory, you are free from the veils that most on Earth still have. The veil would prevent them from ever accessing their Frequency Specific Mid Brain. Even though we are in

a time now when the Seals can melt away from the Pineal Gland faster than ever before, there will be billions of people who never allow that to happen.

Those are the people who listen to my music and then tell me that they don't feel anything, or it just sounds like a lot of noise. Those are the people who will never buy my music. It will only be the tiny little one percent of the one percent who even perceives a reality outside of the third dimension.

The thinking brain is the area where all of the ideas and images from the world beliefs and all of the worlds before this one are stored. The mid brain, containing the pineal gland and the pituitary gland, functions through Frequencies only. It hears and feels the frequencies of the Mind of God and all of the dimensional realities in between, if it is turned on.

Those who are still only using the Thinking Brain and have not yet turned on their Mid Brain, cannot possibly hear my music, because it is totally frequency music. It is created far beyond the HERTZIAN SPECTRUM. Hertzian means sound that can be heard. That means it is only in the Thinking Brain. Hertzian Music, which is what Solfege is all about, can only be heard by the thinking brain.

There is a reason why so few people want to go beyond the science of the Solfege, which is actually just the same science that is taught in all Music Schools. It is the physics of music, which says each note has a name or a tone and it resonates at such and such a vibration. Anyone who has ever played in a band knows that we always use the 440 Hz resonance to tune up the band into a harmonious resonance. So, we are talking music theory and music physics.

More recently, sound healers say that using the Music tuned to 432 Hz harmonizes with the speed of light, the human light body, the Earth's rotation and the size and movement of other celestial bodies. I say this is just another rationalization of the Thinking Brain that wants to be able to Hear something. And the only reality it understands is hertzian frequencies. How in the world, might I ask, is Hertzian going to harmonize with the speed of light? That can only happen if we use the Merkaba Mechanics where the animating

principle of Love that spins ten thousand times faster than the speed of light unites our physical particle Universe into attunement with our anti particle or Spiritual Parallel Universe. There are so many generalizations in this old Sound Healing technology that I find it laughable. There were just a group of people who got together and decided that what they were feeling was the speed of light?

The Scientists do indeed say there is a relationship to the present physical healing technology and the Music tuned to 432 HZ. Guess what? The 3Dscience and the 3D Music use the same range of the five senses to deduct their conclusions.

They haven't gone into the Ultra Violet Blue Frequencies beyond their visibility and beyond their ear's hearing to find a Sound that comes from the Mind of God. That Highest Frequency brought to Earth through Music was given to me by the Elohim of Hearing, the original Preists of Ur in Terra, and a group of Guardians called the Grand Yanas from the Pre Light and Pre Sound Fields of the Cosmic Universe.

This is what Music of the Spheres Technology is. The music of the spheres is the made from the sounds that are not heard. The light and sound that is light years beyond the hertzian sound fields. It can only be tuned in to in Consciousness. And the Consciousness that connects into the field of infinite energy that is ten thousand times the speed of light is called Love.

When we use the Animating Principle of Love, we can spin our Merkabas, which are held within the Sphere or band of Energy called the Mind of God and become ATTUNED to the At One Ment with the Frequencies of Source Consciousness. This is how my music is created. The Crystal Star Light Vehicle Merkaba can be ridden into any dimensional field of reality in our Universe. The distance is very close when we travel ten thousand times the speed of light and when we learn that the entire Mind of God is smaller than the tip of our finger nail. These realities are very close to us, when we learn the new Ascension Science of Manifestation and Transformation. Now, when we try to move in to the mid brain where the Frequencies can be heard and felt as the alignment into the higher dimensions, there is actually a guard at the gate between the mid brain and the

upper cerebellum.

HIGHEST FREQUENCY

2010-2015 has been the window of time created for us to remove all negativity from our lives (our cellular memory template) to prepare the way for a new reality to be programmed within us. The plan has always been to have enough of our negativity burned out of us through the modulation of the Sun's Frequencies transmuting the old karma that has been locked within us through the seals, miasms and other errors that were placed in our programming.

The five year plan was to prepare our consciousness for this time in 2015 when the MASSES would finally believe that Extraterrestrials are real and they are with us now.

It is now the time that we must fine tune the high frequency vibrations. This is what I have done with the Over the Rainbow and Emerald City Albums. There will be more and more of these albums with the FINE TUNING that is now needed in our ascension process. Now, more than ever, as you upgrade your frequency, the SLIGHTEST DEVIATION, or the slightest thing that is not in alignment with the HIGHEST FREQUENCY will cause the entire mechanism to grind to a halt. You are becoming so highly refined that you can not now continue to go back and forth from the highest frequencies back to the slightest deviation of that frequency. Even the smallest misalignment of one particle will cause the entire thing to come crashing down. Each time you deviate from the FAST PATH, you will have to start over. You will get faster at starting over. You now have these tools to place on your ears, tune in to the frequencies and get back on the path again.

I was trained by the Elohim of Hearing to bring the HIGHEST FREQUENCY to Earth through this music. The more you stay in Tune with this Frequency, the faster you will obtain the Freedom of Ascension beyond the Five Senses into the Immortal Knowing of All. But, each time a NEGATIVE Idea enters in and lowers the frequency, the entire mechanism stops. We must maintain this Frequency Constantly in order to remain in the Mind of God continuously.

It is virtually impossible to remain in the Highest Frequency at all times without keeping this music on your ears at all times. The new album, OVER THE RAINBOW will keep you in that frequency. The Portal to the New REality and the REturn to the Divine State will explain to you how this process takes place and will provide you with the meditations and journies that you need.

The NEw Sets of OVER THE RAIN BOW, Portal to New REality and Return to the Divine State are the newest and latest versions of what began as the Complete Ascension Kit seven years ago.

The preparation for this time was done by the raising of frequencies

by raising the accretion level of matter or what would be seen in science as removing polarity or duality of the matter and ante matter, the physical and the spiritual. The physical is simply what we have been programmed to believe through the five senses. The spiritual is that which has not yet been seen by the five senses. Now is the time when we must learn to know and believe that what we have not yet seen, touched, felt, heard or smelled is just as real as that which we have experienced with the five senses. Now is the time when the FULL SPECTRUM of Light and Sound is being revealed to us.

THE BIG QUESTION IS THIS? How many of you actually CARE?

Do you really care enough about the greatest gift that has ever been bestowed upon you, and the human race in the past million eons? Do you really care?

It doesn't appear to me that very many of you care at all. The way you care is by getting involved in the process. The way you get involved in the process is by raising your frequencies beyond your old 3D hearing and seeing and allow your senses to expand into the 5D Full spectrum of light and sound.

I have given you the opportunity to experience this reality simply by listening to the frequency music that I prepare. There are over four hundred members on my website who claim they are here because they want to learn. However, only 2-5% of those members ever purchase music or teachings that will allow them to experience this grandest of times.

There are still masses of the young SEEKERS for a new reality reading every blog they can get their eyes on; however, there are only the CHOSEN FEW who have learned how to DISCERN. Most of them are just reading the same old news that has been rewritten over and over again for the past twenty years, and thinking it is new just because they have never seen it before.

What you will find on this website IS, IN FACT BRAND NEW. The other news you are hearing is very very old.

The Frequencies on the latest album OVER THE RAINBOW are the NEWEST FREQUENCIES that exists in the UNIVERSE. Those who are TUNING in to the NEW REALITY will be desiring to TUNE IN to the NEWEST FREQUENCIES. Those who are true Indigos and Crystal Children are having their codes awakened which is turning them on to wanting to know who they are. This is the wake up call for many young people. They will need help in discernment.

I have been reading the non sense in the New Age Movement for many years, and I have never seen them reveal any new reality about anything. What I see are con artists who know how to re write the same news over and over again, never saying anything new to an audience who truly believes that they are saying something new in each message. It is very disturbing to me that so many will continue to choose old worn out stories about a time that has already come and gone, when there is this brand new reality moving us beyond time and space right in front of our eyes.

The OVER THE RAINBOW album contains a verbal detailed explanation of what is happening at this time and the frequencies follow that contain the information as frequencies.

The news is available. I created it for you.

If you don't want the truth, you really shouldn't be at my website. I will be making a very dramatic shift between paid members and non paid members in the near future. Paid members are now receiving mp3's of my teachings on my webinars. I am creating webinars that will answer the questions directly for paid members only.

A brand new world is unfolding in front of you. It is your responsibility to learn how to see and hear this reality. There are several groups on earth who have been providing tools that will help raise frequencies and tune in to the voices of your Soul Family, Higher Self and Guides

of your Ascension. The frequency music I created is a proven tool that does prepare you for this new reality.

The Dolphin DNA album contains the fifth dimensional frequencies of the Dolphins and eighth dimensional frequencies of the Whales who are here for the purpose of activating our DNA. They are as important as the SIX AVATAR CHILDREN.

QUANTUM DNA TRANSFORMATION

The DNA contains the sound frequencies around which the Light particles wish to align harmonically with. This is true even if there are only two or three DNA strands. It is the etheric level of the DNA strands that contain the liquid light, the crystal dust, the crystal gel and the crystal light that prepare the DNA for transformation. These etheric elementals actually play the harp strings of the micro tubules of the crystal, etheric organizational strands to allow them to realign into the full spectrum of light by expanding consciousness into Source Consciousness of the vast omnipresence of the infinite.

There are billions of entities with Divine Templates who each have a frequency signature that braids through these frequency waves harmonically. Those who don't weave through harmonically are not held within the Divine Template because they have chosen to remain outside of the Divine Template. They have chosen to be creators without a co-creator-Source.

All of the stories of wars in heaven are really about sound and light weaving together harmonically or outside of harmony. The tones and frequencies that are in harmonic alignment with the original Divine Template of Source always align harmonically. We always have the choice to align our Consciousness into this harmonic alignment, or not.

Those who wish to weave their consciousness into a template with distortions in it have been given the freedom to do so until recently. The new rule is that all lower frequencies will be transmuted into higher frequencies. Once all third and fourth dimensional frequencies are completely pulled into fifth dimensional frequencies, the invisible light spectrum will begin to translate the visible and invisible into a brand new spectrum of light.

When DNA is placed together with these invisible light waves, the DNA raises or aligns its sound frequencies into harmonic alignment with the light waves. So, if the consciousness of an ultra violet blue light particle is placed next to a DNA sample, the sound frequencies of the DNA will attune with the light frequencies.

These light waves are the essence of the etheric substance that our collective consciousness uses in co-creation. It is the substance of things hoped for -the evidence of things not yet seen.

Scientists learned that when the photons --the light particles were in the container by themselves, they collected in an un-orderly fashion. However, when the DNA samples were placed inside the container with the photons, these light particles tuned into the light waves that ordered themselves into forms that aligned with the consciousness of the DNA.

This un-orderly fashion that photons collect into when there is no DNA template to attach to is what has caused disorder in the Earth's Matrix. As higher light particles attach to the DNA, the DNA takes on a completely different form and translates into a brand new template. That template will be the Divine Template that the light particles of higher wave lengths or frequencies naturally hold.

So, when the light waves are cut off from or disconnected from the sound waves, the light waves become confused and have a disorderly alignment. This is what happened to the light waves of our universal matrix. The light was cut off from the sound. There was actually a veil placed in our heavens that would not allow the light energy of our suns to enter into the Earth.

The Sound Frequencies of Mother Earth are deep within her Core. The liquid light frequencies of the Aquafarian Realm combines with the Sun of Inner Earth and the Crystal Chambers of Inner Earth to hold the Aquafarian Frequencies of the Oraphim Angels and Elohim Angels. These Angelic Frequencies have been held inside of the Crystal Chambers of Mother Earth for Eons waiting for the return of the Light Waves.

Recently NASA has actually photographed the veils breaking apart that were blocking the sun's light from entering into the Earth's atmosphere. The photon belt of gamma rays of our Universal Consciousness are now streaming into the Crystal Heart of Mother Earth and braiding through the Christic Grids, Liquid Light chambers, connecting into Oneness with the Sun of Inner Earth and into the Cosmic Consciousness deep within the Heart of Mother Earth.

This is the alignment of Light and Sound needed for Mother Earth and all who are on her and in her to re-align into the Music of the Spheres that will allow our Ascension and will allow Earth to become a Star.

The Music of the Spheres was the Theoretical Model that was used to help all Angelic Humans remember how to align their consciousness into the light and sound that returns us into Oneness and allows us to create a new Frequency Signature that allows us to write our names in Heaven in Fire Letters. Those who have written their names in heaven are the Ascended Ones who have left us the lines of communication that we might now connect into for guidance in our alignment into the harmonious oneness of our universe.

When we send the light waves of our consciousness into the brainwaves of another entity's consciousness to ask a question (for example sending our ultra violet blue wave into the gamma wave of

an Elohim Angel such as Uriel or Raphael), the answer will be received through the higher light wave of the gamma. We cannot lower that answer that is given on the gamma wave. However, we can allow the gamma wave to raise our own frequencies when we connect our consciousness to it.

The angelic light wave frequencies will never lower themselves into the wave bands of the consciousness reaching into them. However, the consciousness of the entity reaching into the angelic consciousness of another for information can capture the raised frequencies of consciousness from that angelic entity and exhale these frequencies through their breath of consciousness.

When we exhale higher consciousness through our breath, we become co-creators. When Source formed our Divine Matrix of Consciousness, this grand entity, known as our Creator, breathed the Particles of Light into the form of Angelic Consciousness. These Particles of Consciousness were the light particles combining with the sound particles of Angelic thought. This is how all is formed. However, if the Source is sending streams of Light Energy and there is no Sound to connect to, the particles of photon have nothing to connect to and become randomly scattered--as was shown by the scientists.

I connect through these spheres that allow the cosmic frequencies to be placed into a protective chamber--much like the scientists container. The frequencies are collected from the highest frequencies of light and sound and returned to me through the light wave and given to me as light particles that I exhale as the breath of creation. This is how the sound is added to the light. This is the mission of the Humanoids and Dolphinoids from Sirius B working together once again on Earth at this time. We bring the sound into the light and exhale to create our magical Aquafaria into our living space. This is how we have been guided to bring the fifth and sixth dimensional Earth into our Consciousness so that we may live continuously in this Magical Realm on the new Earth- the Earth that will reform into a star and return to Aquarius.

HOW IS DNA ACTIVATED?

DNA is activated through the MUSIC OF THE SPHERES. Many

people believe that music has much to do with healing. That is very true; but, the music that actually heals is the music of the spheres- not the traditional audible music. It is the actual activity of connecting consciousness to the harmonic spheres within spheres of all dimensions that completely activates DNA.

If we think in terms of Dimensions and raising frequencies into the Consciousness of each Dimension, we are actually talking about spheres within spheres within spheres. Each harmonic universe has an octave between it. However, that octave is not what is defined in the music class. That octave is a resonance field of translation into a new set of realities. It is an actual shifting out of one harmonic universe of realities into a new harmonic universe of realities.

We have just shifted from Harmonic Universe One into Harmonic Universe Two. However, most people are still playing their old tunes, their old realities, their old movies from the old Earth reality.

The spheres within spheres spin together to lift us higher and higher in consciousness. When we use the spheres to lift us, we feel disconnected from the old reality and we feel shifted into the new reality. This is what the music created at Crystal Magic Orchestra does. url. <http://crystalmagicorchestra.com>

This music is created through the MUSIC OF THE SPHERES, that folds one harmonic universe into another. The folding within continues until all of the spheres of the music of the spheres are folded back into at one ment with the Mind of God which is the outer sphere spinning at ten thousand times the speed of light and holding us together as One Template of Cosmic Music.

We have been living in the Lowest Music of this system. The music that we have created in this sphere of reality needs to be tune in to the Etheric Realms of music. These spheres can be translated into sound waves. The Hertzian Sound is the audible sound that is heard on Earth. Tuning our ears into the Second Harmonic Universe requires moving beyond the audible hertzian into the pre light and pre sound. We must move our ears into a realm that is not heard as much as Felt and Known. We can tune up our ears to be able to actually hear these Sound Waves that are Plasma and Pre Plasma

Frequencies when the spheres spins the light waves into the sound waves to create the Cosmic Soup of an infinite Liquid Light Ocean of Consciousness.

This Cosmic Light Ocean is the most glorious sound that can be created. A sound beyond the imagination of most. When we die, we move through a Veil into a Kingdom that is made of Symphonies of Light and Sound. Everything is musical in the Kingdom of Heaven. This is the Kingdom that we are now bringing to Earth. It is a Kingdom where everything is done through Dance, and Joy and Musical resonances.

The music of the spheres is created by Light and Sound. It is the Light in different levels including hertzian, infra red, visible, invisible, gamma, x-ray and pink white light spinning together with the Sound Waves of those same wave lengths or lower wave lengths in order to create a higher reality field in the DNA.

The DNA is the Sound Wave factor of the equation. The Light of the Universe spins into the DNA of the body. However, the body that we think is our body is only a piece of the body that is actually Cosmic. When we move into Quantum Realities of the things that we can not yet see there are multiple merkaba fields spinning around our body and holding us within the Music of the Mind of God. Our DNA within our Body is supposed to be singing in harmony with the DNA in our Galactic, Universal and Cosmic Body because all of those bodies are one in the same.

The music of the spheres expands our consciousness beyond the confines of a physical structure out into a universal light structure and a plasma ball of light. What we look like to entities in higher dimensions is a ball of magnificent hues in a plasma ball. Our race line looks like a mandala made up of billions of these plasma balls structured together in a wonderful Cosmic Painting of pre light and sound.

The **ULTIMATE HEALING DNA ACTIVATION TRAINING** was designed to help you bring your body and your consciousness flow into this new field of reality that appears and expands into your new consciousness. In this activation, your body is being held within the

light fields of all of the Merkabas that contain the light and sound of all five harmonic universes spinning around the body into order to activate the DNA beyond the physical into the Cosmic and Universal as well as all multi dimensional fields of consciousness.

The Music of the Spheres is the electro magnetic particle spin created through Light and Sound. When the light, called photon energy and the sound, called phonon energy comes together into the DNA, this is what activates DNA. The 8th dimensional plasma activates the fifth dimensional DNA to begin growing and expanding the double helix beyond the body out into the quantum fields of the Universe. The Universal Merkaba brings the 12th dimensional frequencies of the Stars pre plasma into the DNA to extend the helix out into the Universal Realms and the 15th dimensional frequencies of the outer Merkaba allow the DNA to grow clear out into the Cosmic Consciousness.

We must stop thinking of DNA as the double helix strand that appears extremely limited according to Science into the real DNA that is entirely invisible because it is QUANTUM. DNA is Spiritual. It is the Spiritual neurotransmitter of Consciousness into the Multi Dimensional Realm of all beings in the Galaxy and the Universe.

Each chord, scale and sound is activated through the Music of the Spheres and connects the spiritual side of the Veil into the at one ment with the Physical side of the Veil to create a complete transmutation of the physical body into a new less dense version of the body that aligns as much with the invisible spiritual realm of infinite eternal life possibilities, as it does with the tangible physical reality of limited possibilities. The physical domain remains, however the structure of the physical domain changes completely. It changes in elemental form. That means the entire elemental chart of our structure changes.

When the Light (photons) of the 8th dimension come into the 5th dimensional 4,5 and 6 chakras, the dimensional DNA Sound (phonons) experience an activation which dissolves the old emotional records and allows light to shine into the DNA. This begins the initial activation of the DNA. All DNA are activated in the same way. The process of the photons of the Light connecting with the Sound Waves

(phonons) of the DNA creates the Neutron Body. The neutron body is less dense and exists in a standing wave pattern that is much more removed from gravity.

The transmutation of all of the emotional memory records of the Soul containing the multi dimensional selves, turns on the Light Connection into the Multi Dimensional Consciousness of each person on Earth.

Where is the Fifth Dimension? It is your Soul. Your Soul has descended from all dimensional levels including Cosmic, Universe, Galactic, Solar and Planetary. All of those dimensional realities are already programmed into the Soul. Now is the time that we are transmuting all of the emotional records that the Soul has accumulated in all dimensions and turning them into LIGHT. The Grids of the Earth contain all of the Akashic Emotions of everyone on the planet and all of their souls from the past 5.5 million years. All of those emotions are now being turned into Light. However, it is the Individual who must turn their own emotions into Light by transmuting them into the Plasma energy of the Sun.

The activations that take place through the music of the spheres connect each chakra within the body to the etheric chakras outside of the body. The DNA works in the same manner. The seven chakras in the body connect into the frequencies of the eight chakras outside of the body to create 15 chakras, which correspond with the 15 spheres of the music of the spheres. The old meanings of chakras, DNA, cells and neuronets must all be altered in order to understand the true function of our body as the template of the Living God.

Our DNA is our connection to Eternal Life, to the all knowing genius, to the unstoppable energy, to the instantly manifested realities of a new kingdom on Earth that becomes visible to those who transmute the old DNA through the light and sound process to allow it to grow into the flower that it dreams to be.

Most of the activation of the DNA take place outside of the body at the spiritual anti particle level, This activates the 12 subharmonics with each chakra as it is attuned through the Crystalline Grids of the Earth's Crust and the Christic Field of Consciousness that lays across

the clouds in the sky. So, think of your body as having its neuronets that look like tiny antennas connection from your body clear into the grids of the Earth and out into the Cloud Cities. From that point the neuronets also connect clear out into the Universe and connect to each Star just like a telephone would connect to an outside line in another country. The telephone lines are not made for chatting however, The etheric frequency lines connect all Consciousness through a KNOWING. We no longer need to think about anything because we will already KNOW what to do.

First, we need to know that DNA is made from sub harmonics. Sub harmonics are the spiritual or etheric substance of creation. That is the substance that is invisible to the five senses. But, that doesn't mean it isn't real. The sub harmonics are created from over tones, which are the electro tonal frequencies of the Spiritual Cloister Races, and the Base Tones, which are the magnetic tonal frequencies of the Root Races, who are the original Angelic Race Lines of Earth.

Each of the double helix of the DNA is made from 12 sub harmonics. So there are 24 sub harmonics per DNA, and there are 12 DNA in the Normal Human Strand Template. That is the template of a Human Angelic.

However, the template for the INDIGO is a little different because they represent the spiritual cloister of the over tones. They have a 48 DNA template. We need that template to activate the 24 DNA template.

Scientists think that they can perceive of the 12 strands between the

double helix as what they call the junk DNA. This isn't quite true. The sub harmonics are actually on top of each of the two helix. There are 12 sub harmonics on each helix. The template that the scientists think they see, would be the braiding of the over tones and the base tones of the sub harmonics. However, it is not possible that they can see this because the tonal strands were broken apart.

The separation of our DNA was created by separating the OVERTONES of the Spiritual Cloister Race from the BASE TONES of the Original Root Race. The Indigos and Avatars represent the Sub harmonics that were missing from our DNA.

Those entities were required to be born on Earth in order to re-open our Ascension Portals back to Tara. Their frequencies were planted into the Earth's Inner Core of Morphogenetic Consciousness in order to re-establish the correct frequencies that will re-activate our DNA correctly.

Those frequencies can be placed into our DNA through the activity of connecting our consciousness into those dimensional fields of consciousness and into the Morphogenetic Core to activate the braiding of the over tones and base tones of the sub harmonics of the DNA.

Those of us who are Doctors in the field of Multi Dimensional Braiding of Consciousness to activate the DNA Over tones and Base tones to sing together in harmony have gained a complete attunement with each of the 15 Spheres of the Music of the Spheres and the realignment of each and every spiritual over tone through the Center Harmonic and into the corresponding base tone of the etheric Root Race Frequency Signatures.

This attunement is a Cosmic Orchestration that weaves all frequency signatures together into a Grand New Symphony of Love. It required the re-birth of 12 Universes into a new Cosmic Sun and the creation of a new Cosmos beyond the 13 Cosmos who created the 12 Universes. This is a brand new orchestration by the Cosmic Musicians who sing through the Mind of God.

The Immortal Beings, that we once were, contained a complete

Divine Blue Print which included the Spiritual and Physical as one. That means there is an etheric substance and a physical substance in creation. The most etheric substance is in the Cosmic Harmonic Universe, then the Universal Harmonic Universe is a little less etheric, and then the Galactic becomes more dense and less etheric, the Solar is much more dense, and the Planetary is the most dense. However, the Planetary was never supposed to be completely separated from the etheric substance that it is made from.

We are now returning to more and more of that etheric substance that we were in the Universal and Cosmic Harmonic Universes. We are being braided back together with our etheric spiritual substance. The braiding goes on in the DNA. The overtones of the spiritual cloister races must be braided into the base tones of the Consciousness of the Root Races.

This project is taking place through various means at the present time. It has been a very long project that has taken millions of years. The most important part of the project was the arrangement of having babies born on Earth that actually came from the Spiritual Parallel Cloister Races so that our Over Tones could return to Earth. We also needed the births of babies who contained the original perfect codes of the Root Races who were originally seeded on Earth 5.5 million years ago.

We needed the Frequencies of these Indigo Children and Avatar Children to be planted into the Consciousness of the Earth before our DNA Activation could begin.

Our race line has completed a very long period of time when the over tones of our spiritual parallel reality have been separated from our base tones of our physical reality. There were many reasons for this happening. Most of the reasons were because of Invader Races and Fallen Angelic Races implanting Mutations in the pure genetics of our race line, and then our Guardians and Family of Tara needing to lock us out of Tara until our Consciousness became purified once again.

Our Guardians have always been very sorry that this has happened and they have been doing everything possible in the Cosmic All Knowing to bring us home. They have designed many plans to purify

and activate our DNA at this time.

Each of these DNA ACTIVATION PROTOCOLS is and has been specific attunements and alignments Frequencies of Consciousness from our Parallel Spiritual Cloister Races who have maintained their pure and perfect DNA into the Root Races that are identical pairs of the Spiritual Overtones. The Root Races carry the Base Tones and the Cloister Races carry the Overtones.

There have been a series of activations of this Consciousness from the Spiritual Cloister Races into the Root Races of this Planet. We have been activated by the Paradisian Spiritual Consciousness as a result of the Indigo children who were born with the ability to activate five and six DNA strands at birth We have been activated by Six Avatar Children who restored each one of the Seals that were placed in our Chakras that were created to lock us out of Tara until our Consciousness was purified.

The Consciousness Activations are done through the Breaths of Consciousness connecting, streaming and braiding the Overtones into the Base tones of all of the broken sub harmonic strands in each of the DNA.

When I create an Individual's ETERNAL LIFE ALBUM, I am connecting my Consciousness into the All Knowing Mind of God through the Elohim of Hearing in Gaia who knows exactly what needs to be done to correct, restore and activate each Individual's DNA. Through this all knowing Consciousness who has making this plan of accelerated Ascension for the Human Angelic Race Line for millions of years, it is known what Race lines the individual has been connected to through all their past millions of life times, and it is known which Seals were placed on each individual because of certain implantations from Invader Races, and it is known if the individual has already spent life times in Sun Alcyone repairing many of the Seals, and it is known if the individual is ready to wake up from the amnesia of 5000 years.

HOW IS DNA CONNECTED TO THE SOUL?

When the Light (photons) of the 8th dimension comes into the 5th dimensional 4,5,6th dimensional DNA Sound (phonons) there is an activation which dissolves the old emotional records and allows light to shine into the DNA. This begins the initial activation of the DNA. All DNA are activated in the same way. The process of the photons of the Light connecting with the Sound Waves (phonons) of the DNA creates the Neutron Body. The neutron body is less dense and exists in a standing wave pattern that is much more removed from gravity.

The transmutation of all of the emotional memory records of the Soul containing the multi dimensional selves, turns on the Light Connection into the Multi Dimensional Consciousness of each person on Earth.

Where is the Fifth Dimension? It is your Soul. Your Soul has descended from all dimensional levels including Cosmic, Universe, Galactic, Solar and Planetary. All of those dimensional realities are already programmed into the Soul. Now is the time that we are transmuting all of the emotional records that the Soul has accumulated in all dimensions and turning them into LIGHT. The Grids of the Earth contain all of the Akashic Emotions of everyone on the planet and all of their souls from the past 5.5 million years. All of those emotions are now being turned into Light. However, it is the Individual who must turn their own emotions into Light by transmuting them into the Plasma energy of the Sun.

HOW DOES DNA ACTIVATION CREATE ETERNAL LIFE?

Five million years ago the genetic mutation was placed in DNA strand 1 to cause blockage of physical and etheric bodies.

The sixth activation code (over tone) of the first DNA strand was removed, causing mutations in 1,2, and three DNA. It manifested in blockages of bodies particles and anti particles of the spiritual body of the parallel universe.

That seal removed the humanities ability to have an Immortal body. It removed bodily transmutation and ability to pass into our Divine Blue Print.

Seals were also placed in the sixth overtone of the sub harmonics in DNA strand 2 and 3.

This became known as the 6-6-6 Death Seal.

Eight thousand years earlier the D4 Seal of Palaidor – a genetic mutation caused blockages between second and third chakras division between 2, 3, and four levels of auric field and separation of emotional, mental and astral identity levels.

The fifth Strand of DNA begins activation for the masses. Earths Grids intersect with Tara's. The Blue Crystal Prana comes through the grids. When the halls of Amenti (the blue sphere holding our divine blue prints) merge Tara and Earth together, those who have assembled the fifth strand and are eligible for ascension to Tara will be guided to inter dimensional transportation locations to Tara. Those who have sixth and seventh strands may be transported to Gaia. There may be others who will be transported to Aquarius, Aquafaria and a few who will go play in the heavens with the gods. This time is coming very soon.

Angelic Humans and the races of Earth will soon be prepared for visits from the Inner Earth Eieyani, Sirius B Maharaji, Azurite, Aethien and Serres Emerald Covenant Races. They will make contact through our Founders Races and will invite Earth races to join the

Emerald Covenant. The physical mass contact of the Emerald Covenant Nations is scheduled for 2017. The first contacts will be made individually and privately. First, we will meet with Eieyani races because they look the most like us – only they are blue. After we become familiar with the Eieyani, we will be met by Azurites and Maharaji. The Fallen Angelics and Illuminati races will be escorted to quarantined healing facilities in the Sirius star system. – Remaining Angelic Humans and Indigos will progress in their 12 Code activation and DNA blue print activation.

Once the D 5 flame holder holds the frequencies of Sun Alcyone and pulls the frequencies into her Flame Keepers fourth heart chakra an intense infusion of harmonic universe two frequencies spread through the Amenti morphogenetic field and through the Earths Grid. This will allow rapid acceleration of fifth and sixth DNA strand assembly to occur throughout the populations. The seventh strand will begin assembly in those who already hold fifth and sixth. This activation will create a huge multidimensional awareness to occur on Earth.

When the halls of Amenti (the blue sphere holding our divine blue prints) merge Tara and Earth together, those who have assembled the fifth strand and are eligible for ascension to Tara will be guided to inter dimensional transportation locations to Tara. Those who have sixth and seventh strands may be transported to Gaia. There may be others who will be transported to Aquarius, Aquafaria and a few who will go play in the heavens with the gods. This time is coming very soon.

First, we will shift into a different chemical make up. We will leave behind our carbon based bodies. We will become less dense. Our bodies and our environment will change. Those who move on to Tara will have an entirely different type of body than those who stay in Inner Earth. Those who move on to Gaia are almost invisible. Those who are of higher densities can see the lower densities; but those who remain 3D will not be able to see any of the new realities. It might seem like things are disappearing because the higher particle shifts will pull some in one direction and the lower will pull those in

another direction. There are infinite density levels.

The three primary flame holders will activate the opening of the Etheric Level Dimensions within Earth's core. This will allow prana to begin to flow through our atmosphere. At that time our universal memory comes on line and we will regain memory of our Akashic Records for anyone who has activated 4th strand memory.

Earth's angular rotation of particle spin shifts 45 degrees and aligns into oneness with Inner Earth and Tara. Earth's fastest particles begin to transfer to hyperspace and the halls of records begin transmitting data through the Earth's grids. Universal memory will begin transmission through planetary grids. That shift will move us through time about 4000 years. The shift will then balance out to about 23 degrees and then we will begin balancing into the new reality of a new time of about 2000 years. It will be the first pull into the future that will appear as darkness to the 3D perception. That darkness is equivalent to the darkness that appears as antimatter or spiritual substance that we may create our new reality upon. We see ourselves in our blue body at this time created as an immortal being in a more etheric form included within a Divine Template of Immortality. The darkness is the prime time to make dreams come true. You create through the mid brain frequency specific atunement with Source Consciousness. You create by knowing that you are now and always have been this perfect self who can manifest anything the heart desires. You can know at that point in time that you have always been wealthy. You have always been healthy. You have always been the Christ Consciousness of the All Knowing Mind of God.

Earth's elemental particle base will rise to 5 and the Earth's atmospheric particle base will rise to 6. This accretion level will allow the atmosphere and elementals from Inner Earth to appear on Earth. This will be our first vision of our New Earth. We will begin to see the atmosphere of Inner Earth forming around us and then we will notice more and more new species and inner earth gardens will appear. All of the animals and plants in Inner Earth sing continuously. We will

notice this difference in Earth immediately.

Angelic Humans and the races of Earth will soon be prepared for visits from the Inner Earth Eieyani, Sirius B Maharaji, Azurite, Aethien and Serres Emerald Covenant Races. They will make contact through our Founders Races and will invite Earth races to join the Emerald Covenant. The physical mass contact of the Emerald Covenant Nations is scheduled for 2017. The first contacts will be made individually and privately. First, we will meet with Eieyani races because they look the most like us – only they are blue. After we become familiar with the Eieyani, we will be met by Azurites and Maharaji. The Fallen Angelics and Illuminati races will be escorted to quarantined healing facilities in the Sirius star system. – Remaining Angelic Humans and Indigos will progress in their 12 Code activation and DNA blue print activation.

First it is important to understand the ORIGINAL design and how things are SUPPOSED to work when the Earth's grids and the DNA is operating properly. The original Angelic Human DNA is designed with a 12 strand double helix energetic DNA blueprint. What this means is that each human with a 12 strand template has the potential to EMBODY 12 dimensions of consciousness. If there weren't any blockages, distortions, or unnatural seals in the Earth and in the human DNA, this is the way it would work:

- 1) You would be born with a 12 strand DNA template. 3 of those strands would be active at birth which means you could embody 3 dimensions of consciousness. Physical, Emotional, and Mental Bodies. These correspond to chakras 1, 2, and 3 (root, sacral, and solar plexus). Dimensions 1, 2, and 3 correspond to your Incarnate Self spiritual identity.
- 2) From age 12 until 22 you would activate strands 4, 5, and 6 naturally by accreting light into your morphogenetic field simply by the inter dimensional frequency coming into the Earth's auric field and thus your own auric field. Once you activate strand 6, you are a fully embodied Soul Identity and can draw and hold frequency from

Harmonic Universe 2 (dimensions 4, 5, and 6). You are living completely IN LINE with your mission and make all of your free will choices in line with Source-will.

3) From age 22 until 33 you would activate strands 7, 8, and 9 and embody your Over soul spiritual identity. So you can draw and hold frequency from Harmonic Universe 3 (dimensions 7, 8, and 9). Your consciousness expands even more as you are activating more fire letters on your spiral back up to becoming AT-ONE-WITH Source/God.

4) From age 33 until 44 you would activate strands 10, 11, and 12 and embody your Christos Avatar Self spiritual identity. At this point you are a walking Avatar on Earth and can de manifest your physical body and turn it into light (ascend). This is what is called biological transmutation and is built into the original human DNA design. So instead of leaving a body behind you transmute it into a less dense form (from carbon based matter to silica based and then etheric, and then eventually liquid light).

So this is how the original DNA is supposed to work and also completely explains the basic process of spiritual evolution. Spiritual evolution does not happen without DNA activation.

HOW DO WE RAISE OUR FREQUENCIES TO ACTIVATE DNA?

There are many pieces to the process of Ascension. Each one of the pieces is a part of how we learn to tune out of the Five Senses and into the other Seven Senses.

We have been told that we must RAISE OUR FREQUENCIES. Most people don't know how to do that so we created Music that does it for you. The frequencies are created by taking Consciousness into the higher Harmonics Universes and blending them together in a certain way that creates Frequencies that allow us to Transmute our Bodies and our Realities beyond the Third Dimensional Five Senses.

We are learning that there are many more realities beyond the ones that we behold with the Five senses. That perception is only a very small part of the Full Spectrum of Light and Sound.

So, we created the Music to allow you to connect your consciousness into the Christic Consciousness of the 12th Dimension and the Cosmic Consciousness of the 14th Dimension, and then also out into the Pre Light and Sound Fields beyond those and then clear out into the NEW COSMAYA of the 13 Cosmos which connect to the Infinity of other Cosmos in the Source Field.

Now, you can begin enjoying the feeling of all of those other sound fields besides the Hertzian range of Audible Hearing. This means that this teaching does not come from the Solfege teachings. It comes from the Cosmic Mystery School of the Omniverse, which is beyond the Earth's Matrix and even beyond our old Cosmic Matrix. The Frequencies of this teaching come from the Grand Yanas of the Pre Light and Pre Sound creating a new reality from the Source Field of

Infinite Consciousness.

We have also prepared for you a Candle Technique you tube on our website. This is a Visual of a Candle burning for one hour. As you look into the candle, you learn that the hertzian level of the Light Frequency is the lowest. It is actually where the stem of the candle is, because that is the spectrum that is tangible to all of the five senses. We can see the stem, touch the stem, smell the stem, taste the stem. We are actually living in that tangible frequency that is DENSE-it is SOLID- it is the physical reality that we conceive of.

The candle allows us to recognize that there are other levels of light and sound. Just above the stem there is infra red light. That is the light spectrum that the digital camera can see, but most of us haven't learned to see like the camera sees. The next level is the Visible Light that we think we are seeing. Above that is the Invisible Light where another reality lives within right here within the Visible Realm. And above that there is the x-ray field of light and then the Gamma, Plasma and Pink White Light.

When we use the diagrams that show the spectrum of light frequencies and where those frequencies are heard and felt in the brain area, we begin to realize that we haven't been using the part of the brain that tunes in to the Pink White Light of the Mind of God or even the Blue Frequency in the Mid Brain.

We can easily tune in to the Blue Frequency by walking into the Candle because the Blue Hue is the result of absorbing the full spectrum of Light. We can feel that frequency filling the Mid Brain and when that happens the old THINKING BRAIN stops analyzing all of the old ideas that have been placed in it over the past millions of years. The Mid Brain turns off the Thinking Brain and allows the Mind of God to take over the thought process.

When the Mind of God gets plugged in to the area at the top of the back bone and the bottom of the skull there is a frequency connection into the Seed Atom of our original creation and into the Vegas Nerve which controls all of the nerve centers in the body. So, you see, we can, in fact plug our bodies back into the Mind of God.

And when we achieve that Frequency connection in our bodies we gain the Eternal Life where the sixth level elementals are continuously re-programming the nano second rebirth of every cell in our body and transmitting correct information for the constant rebirth of all of the neuro structures of the body.

I go through that process in great detail in the ETERNAL LIFE WATERS SET.

Now, that we are being given this gift of the Fifth Dimension, we will need to learn how to TUNE IN TO IT. We must raise our frequencies of hearing and seeing. The Frequency Music itself does this. It actually tunes you in to the Blue Hue which also tunes you in to fields of light that are in the Invisible Light Spectrum that you have never seen before.

You can build on this new ability of going beyond the Veil of the Senses by doing the Candle Process that is described in the CANDLE LEVITATION DVD.

You can practice by using the Meditations that are in the MANIFESTATION MERKABA set. There are many tools, meditations, journeys in all of the Sets created in 2014. The MANIFESTATION MERKABA SET is a GREAT DEAL because it contains the CODES that were in the original ASCENSION KIT along with the most important MEDITATIONS that were in the COMPLETE ASCENSION PROCESS KIT.

I have explained that my music is not Solfege because Solfege is simply another use of the Hertzian Frequency Range. That range of frequencies is a part of the five senses.

In order to raise our frequencies beyond the third dimension, we must raise our frequencies beyond the Hertzian.

That means we must claim our senses that do not rely on the eyes to see or the ears to hear.

We must tune in to our Soul Consciousness and our Intuition. If we tune in to our Soul Consciousness, we can learn to hear without our

ears and we can learn to see without our eyes.

We can learn to see what is in a room while blind folded simply by sitting in a dark room with blindfolds on for long periods of time.

We can also learn to tune our ears into a higher set of frequencies by tuning out of the third dimensional hertzian range of listening and tuning in to the frequencies that you feel deep within your omni particles and the buzzing frequencies within your head. When you tune in to the Frequency music, you are learning to tune in to a reality that is beyond the five senses.

You can practice feeling the frequency music creating a reality of consciousness around the body and flowing into the body. The frequencies are actually the frequencies of the Cosmic Plasma and the Crystal Liquid Light Vapor that is even deep within the Cosmic Plasma. So, when you are tuning in to these Cosmic Frequencies, you are tuning in to your Rishi Self Consciousness rather than your Earth Self Consciousness. The Cosmic Self is completely tuned in to the Mind of God of instant co-creativity and Eternal Life. This is the reality we want to stay plugged in to.

If we practice long periods of being blindfolded, we can begin to see the realities that exist within our realm around our body. We learn to see this New Ascension Earth and the Inner Earth becoming a reality around us.

When we practice listening to the Frequency Music from the Eternal Life Water album we practice being in and tuning the body into the Cosmic Frequencies of our New reality of the new Cosmos that has just been born.

We have tuned in to a new Spiritual Parallel Universe in the PARALLEL UNIVERSE SET and now we have tuned in to a Brand new Cosmos. The Thirteen Cosmos of the Cosmaya has given birth to a brand new Cosmos within the Eighth Sun in the SYMPHONY OF LOVE ALBUM.

As the new reality was born, a new set of frequencies was born. The more we tune in to these new realities of the new Cosmos

Frequencies, the Parallel Universe Frequencies, the Symphony of Love, when the new Frequency of Creation was Born, the Mother Ship Frequencies of the Cosmaya Ship activating the Blanket of Love around the Earth. The Dolphin DNA Frequencies of the Cetacean Raceline activating their DNA bio-regenesis program into our biology.

Each one of these events is a wave of frequencies, which means a wave of Consciousness that contains a part of the consciousness that was taken away from us 5000 years ago, and the consciousness that was taken away 5.5. million years ago. The birth of the SIX AVATAR children each brought a unique Stream of Consciousness that is healing the miasms and seals placed in our DNA. Those Frequency Signatures are in the COMPLETE PERFECT DNA INFUSION album.

I've noticed that more people buy that album than any of the others. Of course it is an extremely important event – the Birth of these Children and the fact that they prepared ascension portals for the race lines that would be locked in the Earth's Matrix forever. However, don't forget about the Frequencies of the UNIVERSAL LIFE FORCE CURRENT who prepared the Stellar Wave Activations and Infusions that are in the Parallel Universe Kit. And don't forget about the work that the Cetacean Raceline did in their Bio-Re genesis Project of keeping the link between the Earth and the Oraphim Suns. And the final ingredients of the ETERNAL LIFE WATER of the Vapor Essence within the Plasma which is the Consciousness Field that allows us to Vaporize into the Spiritual Water of Aquafaria in the Inner Earth. This is the Ascension Vehicle into the Ascension Earth.

Each of these pieces of the formula of the Ascension are crucial to the complete Mass Process. And then each Individual has a unique Frequency Signature and complete Portal of Starry Families, Souls, Avatars, and Rishi Selves that must be Tuned in to in order to begin the attunement into the Cosmic Telephone lines.

This is the last piece of the puzzle that is needed. We must remove the TOWER OF BABEL. That means we will no longer speak different languages. We will all speak one language. We must first tune in to the Frequencies of the Cosmos and our Cosmic Families and most of all the Cetacean Race Line, because they are the only E.T.'s living on Earth right now.

The DNA is being reconnected and reactivated through these Streams of Consciousness that are being Born into the Atmosphere, the Biosphere, the Morphogenetic Fields of Consciousness of the Earth's Core and Crust and the Christ Shields within Earth's Crust.

TUNE IN AT THIS LINK

<http://crystalmagicorchestra.com/dna-activation>

We need to tune in to each aspect of this Morphogenetic Consciousness.

When we tune in, the Ascension Teams of each morphogenetic wave of transmutation begin working on plugging in another neuronet of your physical template into the Soul Template, the Over Soul Template, the Avatar Template and the Rishi Template.

Our bodies must be reactivated at all levels. We must be completely re-tuned into the complete Omnipresence of Source.

Those of us who have followed the Metaphysical Studies of Goldsmith and Eddy have been tuned in to these realities. However, now that the complete Science of this higher consciousness has been revealed through Keylontic Science, it is much easier to actualize the reality.

Normally, the human being can only actualize something that has been placed in their back ground knowledge of knowing. It is difficult to place the realities of Spiritual Consciousness into the third dimensional background knowledge because it is beyond the third dimensional back ground of things that can be rationalized with the senses.

We must be willing to go beyond the senses in to the invisible spiritual reality and then learn to visualize it. Our Soul Consciousness actually takes over and gives us the complete inner vision and the complete inner hearing when we tune in to that level of Frequency.

The Reality of Inner Earth appearing as Earth will only be a reality to those who begin practicing seeing that which cannot be seen. That

reality is not going to morph into the lower frequencies of Earth. Instead, we must raise our frequencies beyond the five senses into the realities that can be seen with the eyes closed and the ears tuned in to the inaudible sounds that I have tuned in to.

The more we tune in to those higher frequencies, the more they tune in to us.

HOW DOES SINGING God Language ACTIVATE THE DNA?

This advanced formula of DNA Activation contains the most basic God Language Codes for DNA Activation sung in CHRISTMAS MELODIES, plus all levels of Frequencies involved in the infusion of stellar light, Indigo and Avatar Consciousness and Music of the Spheres to perfectly activate DNA sub harmonics of the 12, 24, and 48 in each DNA STRAND. This magic is in the album titled ADVANCED DNA ACTIVATION. Get it for Christmas.

Each of the songs in this album contain specific God Language and Frequency Codes that correct and activate the streaming relationship of the particles and anti-particles within the sub harmonics of the DNA. The formula of Consciousness Alignment into the entire Cosmic Matrix through the direction of the Elohim of Hearing and the Cosmic Ascension Teams is the Musical Formula used in creating this music.

Crystalai channels the frequencies from the Magical Orchestrations within the Music of the Spheres and infuses the sub harmonic overtones and base tones of the DNA to activate each of the physical (particles) and spiritual (anti-particles) into the photonic (morphogenetic consciousness) of the brand new Angelic Raceline Consciousness Field from within the Earth's Cosmic Core.

This Consciousness from within the Crystal Heart of Mother Earth is reconnected through the Listener's Crystal Heart into the Parallel

Spiritual Matrix of Mother Earth and into the original Photon Belt of the 8th Sun of our Creation. This is the formula that is used to correct and align the 12 sub harmonic harp strings into each of the double helix of the DNA. This DNA activation combines the 24 sub harmonics of the physical and spiritual of this Universe and the 24 sub harmonics of the physical and spiritual of the Spiritual Parallel Universe of to insure the full 48 activation in each of the DNA. This album contains the magical transformation formulas from many of the previous Crystal Magic Orchestra albums and combines them into specific activations needed at this time of our Ascension.

The Frequency Fence that was created to post pone our ascension until this time is what has created the illusion of the FIVE SENSES. Unlocking the potential of the DNA through the photons of the particles and anti particles spinning into higher frequencies of Reality will set us free to see all of the magical realities that exist within Light and Sound itself.

The breaths of consciousness that line these songs can not be heard by the Five Senses, they must be heard by the Seven Senses of Super Consciousness.

It will be natural for many to think that they can't understand the words because the songs are sung in the God Language. There are thousands of layers of words and frequencies and breaths that you will not be able to hear until your DNA becomes activated at the 5 DNA level.

Why do we need to IGNITE OUR CRYSTAL HEART?

Because our Soul went to sleep about 5000 years ago and now we are waking him up.

We haven't been a fully ignited 5th dimensional being for a very long time.

Why do we need all of the frequencies of the entire Universe and Cosmos to Wake up our Soul?

Because our DNA sub harmonic strands were disconnected from the third strand to the 12th strand. The great hero that most New Agers

call Thoth was an 11th dimensional being who made a deal with the Annunaki Fallen Race Line that allowed them to only allow Ascension to those who had the Annunaki Blood Line.

That same Formula that was used to make sure the other race line- including the Human Angelics from Tara would never be able to Ascend out of this Fallen Matrix.

This was an entirely different REALITY SYSTEM than the one Based on the Eternal Life Energy of Source. That system was the Matrix of the 12 Coded Raceline who could walk through all 12 Stargates of the Entire Universe and into the Cosmos of ETERNAL LIFE.

This is the COSMIC ETERNAL LIFE SYSTEM. The one based on the FULL SPECTRUM OF LIGHT within the complete COSMAYA BLANKET of the 13 Cosmos who are creating our NEW ASCENSION EARTH MATRIX.

That is a very different Matrix than our old NET EARTH that the Invader Races locked us into.

Please look at this diagram with two different VERSIONS OF REALITY.

The diagram on the left shows the TRUE COSMIC SPIN from the Crystalai Center- the Crystal Heart of the entire Cosmic Structure linking directly from the Inner most level of the lowest density DIRECTLY to the Point of SOURCE meeting the tip of the Cosmos.

In that version of reality, there is never a disconnection from our Crystal Heart and the Crystal Heart of Earth and the Crystal Heart of the Cosmic Sun. We are connected in ONENESS with all Dimensions. This is called Multi Dimensional Reality.

We were disconnected from that Multi Dimensional Reality.

Look at the diagram on the Right.

You see that is the Formula of the teachings of Thoth to lock those undesirable ones into the prison of the Milky Way Galaxy. The

formula claims that the circle of life is within the Galaxy. It is a trick. It is the trick that has been used by the Invader Races to lock us in to the GALACTIC PRISON.

The Guardians moved us out of the Milky Way Prison into a new time and space that didn't exist prior to 2012. We are in a place where the rips in the Merkaba that were created by the Zetas could not lock us into the prison of the One World Order run by the Draconians.

We are already free. We just need to learn how to rise out of the Five Senses and into the Invisible, intuition, imagination of the infinite unknown. The more DNA is activated, the more of the reality that exists beyond the five senses we will see.

The fact is the DNA was separated through the separation of the spiritual parallel reality and the physical reality. This is supposed to be one reality. What we don't see is just as real as what we see, and soon we will learn to see it all.

Ascending as a Galaxy is not possible. It is a LIE.

We Ascend as a Cosmos. We Ascend through the ENTIRE FULL SPECTRUM OF LIGHT AND SOUND of all of the Music of the Spheres.

If we do not connect our Consciousness through the entire spectrum of Sound through the Frequencies of the Cosmos and the Full Spectrum of Light of all of the Light Fields in the pyramid diagram, we would just be continuing in the MORTALITY.

What is Mortality? That is when your body gets really tired and old and sick and says I really don't want to be here any more, and then the Soul looks at the body and decides that there is no New Experience to be had in this body, so the Soul leaves and the body stays in the Illusion of the Third Dimension and in the Illusion of Death.

Immortality is when the body tells the Soul I'm ready for a new adventure. I'm ready for a Multi Dimensional Adventure where I can turn my body into light and travel all over the Universe to meet all of

the other Stars in the Sky.

Then the Soul says This is Exciting --I will show you how.

The Flower of Life system was created by Annunaki Pharaohs and Kings to suck the Cellesma out of the fifth dimensional beings on Earth so that they could give their Soul another experience. Their Soul is not connected to Source. Their Soul is a Demonic Structure that feeds off of others. Not all Annunaki are Fallen Angels. There are Angelic Annunaki whom we will meet on day in the future – about 2044.

First, we are going to meet our own Soul Families who are the Sirian Eieyani, the Eieyani Lemurians, the Azurites and later the Essassenes, who were created from the Angelic Human Seed and the Zetas.

Most race lines in our Universe are Hybrid races because the original race line of the Oraphims were almost completely destroyed. The Sirian B Consciousness was used to create a Hybrid form of the original Oraphim Raceline that we came from.

I am related to the Syrians, as most of us are. I am also related to the Oraphims, as most of us are. I remember life at a much more distant time than most others do.

I remember living in the same place with the Oraphim Braharama Cetacean Raceline from the Sun of Ha and the Oraphim Humanoids from Sun La.

The reason that I remember the Sun of Ha La as one Sun and the Sun of Ka Ha as the original Sun that is now called Ka is because I was created from the in between band of light. That would be the connection of the 2 from 1,2,3 and the 5 from 4,5,6 and the 8 from 7,8,9 and the 12 from 10,11, 12 and the 14 from 13,14,15.

There is this inner band of light and sound that resonates with me. It is the in-between band of light and sound where all of the Symphonies are made in the Music of the Spheres.

I am from the Breneau Race Line in the 14th Dimension. That is the angle of reality that I see all reality from. It is the in between Heliotalic Frequency that blends with the Sun's Plasma to create the Neutron Body of Eternal Life. It is the Crystalai Particle that is within our most Inner Crystal Heart that connects with the 14.5 of the Brand new Creation.

That is what the Diagram on the Left Side is representing.

That is the Eternal Life that is made of the Symphonies that unite all 15 Spheres in to the NEW SYMPHONY OF LOVE where Source Breathes a New Reality.

This time, our new reality is being created at the Cosmic Level. This is the place where there is not one tiny particle of light and sound that is not Eternal. It is the Consciousness of Eternal Life being breathed into this Matrix every Nano Second.

This is where I live now. Anyone can join me by listening to my music.

The Crystal Magic Orchestra is Breath of Source, the Structure of the Cosmic Light and the Sound of the Music of the Spheres spinning the Breaths of Creation in to new perfect alignment every nano second.

WHY DO I NEED TO TRANCE OUT TO ACTIVATE DNA?

Your Physical Body reflects all that your Spiritual Hologram is. This is causing your physical body to transform, as the light frequencies turn on the photons in the body as they interact with the phonons in the DNA.

The more you connect into Oneness with your Hologram in the Candle, the more this Light Energy will penetrate your DNA and transform your body.

Practicing this Process of seeing your hologram in the Candle and seeing your Spiritual Self three feet in front of the mirror. This should be practiced at least three times a day. This process is shifting your Consciousness to remain in the Mid Brain continuously.

The process should be practiced until your Thinking Brain is placed in the state of a Trance or the state of hypnosis. We must remove the Thinking Brain Completely.

The only place that pain or disease can be created is in the Thinking Brain. That brain needs to be paralyzed and disconnected from your reality.

Moving into Anti Matter- the Mind of God

The process of walking through the mirror should be practiced until there is no light because you have moved consciousness into anti matter or dark matter, which is Spiritual Substance that the Mind of God is made of.

Practicing the process with the Candle helps you achieve this state of the Dark Room a little faster because you have a Light to work with. The light of the Candle should be the only light that is in the room. Everything else should turn black. This means you are in the Mind of God. You are in the Dark Room of Creation.

When you achieve this state of anti matter, your thinking brain should be totally silenced.

USING THE CANDLE TECHNIQUE

Now, we are going to draw a new diagram. Look at your Candle. Please use the video of the candle that is on the crystallmagicorchestra.com home page. Also use the diagram of the pyramid of light energy.

Draw a candle and then draw a triangle around it. The top of the triangle is the top of the candle. If you look at the pyramid of light frequencies, you will notice that the top of the candle has pink silver light frequencies. That is the frequency of the 14.5 dimension of heliotalic pastel energy. It is an energy that contains helium, gamma, plasma, x-ray, invisible light, and all of the other lower light frequencies. **THE HIGHEST FREQUENCY ALWAYS TRANSMUTES**

ALL LOWER FREQUENCIES INTO IT.

That top point of the triangle, and the top point of the candle show us the place where the Cosmos-- the fifth sphere touches the Mind of God-- or the Source Field of Infinite Unknown potentials of REALITY. When the Merkaba spins together all of the five fields of energy within the Outer Sphere, it is doing the same thing that you see the Candle doing. The Merkaba holds together all of those Frequencies of Light together and molds them into a form of reality. In this case the form is the Candle. The form can also be the Mental Light Body that is three feet around the Physical Body, or it can be the entire Cosmos around the body.

So, we see all of those light frequencies within the candle, and we see them within the upper part of the Merkaba.

Now, what did I tell you that you would need to do to begin to see the Candle Turn BLUE?

I said you must absorb all of the light frequencies of the candle into your body-- especially into your Mid Brain to make your brain become frequency specific.

Why do we do this?

The first step to returning to immortality is to turn off the thinking brain because it will just keep telling you that you are going to die. When we move to the Mid Brain, it is frequency specific. It does not speak in languages. It speaks in the language of KNOWING. And you will not find Death in the Knowing.

So, that is why we are focusing on Melting the Brain away. We don't want to hear the thinking brain's opinions about death, disease, age, religions, or any of those piles of lies that have been accumulated into the cellular memory.

Now, you might have noticed that there is only the upper portion of the Merkaba drawn over the candle. The base of the triangle will be drawn through the stem of the Candle.

The Stem of the Candle is Hertzian. It is the third dimensional realm of the Five Senses that can be seen, touched and heard. That is much like our physical body.

So, now draw an image of your body as the stem of the candle. And think of the base of the triangle going through the heart chakra area, just like in the previous merkaba drawing.

Why do we only have the upper part of the merkaba? The upper part of the merkaba is the electro-- the Light Frequencies-- the Anti Particle.

Next, draw the body that is standing on the Earth, and find out where that bottom triangle would intersect the Crystal Heart area of the body that is now the stem of the candle.

The bottom part of the Merkaba is the Magnetic. It is the part of the energy spectrum that pulls the anti-particle LIGHT ENERGY- the Spiritual into the Physical.

And where does the intersection always happen?- At the Fifth Dimension. In the Soul-- in that 4,5,6 chakra area.

We learned how to walk into the candle, absorb the frequencies and see the candle turn blue.

When we see the candle turn blue, it means we have activated the Mid Brain-- the Frequency Specific Brain-- the Blue Brain.

We must do that first, or the Thinking brain will just continue to take center stage and tell you that you are going to die some day.

Now, go back to seeing the entire Cosmic Merkaba spinning around the entire candle and clear into the Cosmic Core Domain of the Earth, and see your body standing in the stem of the candle.

We must spin the electro-upper into the magnetic -lower part of the merkaba to turn the Hertzian Body-- our physical body (the one that only sees and believes the five senses) - into the Blue Body, that

blasts out of the prison of the FIVE SENSES into the Infinite Unknowns of all possibilities.

That Infinite Unknown comes from the KNOWINGNESS in all of those spheres. Those Spheres contain the Consciousness of all of our Plasma Families in the Cosmos, and the Starry Families of the Universes and all of the Galaxies in all of the Omniverses.

When we become the Fifth Dimensional Blue Body, we can tune in to all of those frequency channels of all of the information that has ever been known and that will ever be known. The Fifth Dimension is the HUB of all that is. It is the place where we can still be experiencing our creations in a tangible form that still has some density, but also contains all of the etheric density that must be created from the Intuition, the Knowing, the Imagination. It is the Invisible realities that we create in our Dreams.

What is different about this teaching of using the imagination and creating dreams, is that when the THINKING BRAIN IS TURNED OFF and the Frequency Specific Brain is turned on, we will realize that the DREAMS are the Reality and the Thinking brain is the ILLUSION.

The inner sphere would be the sphere that is around your fourth and fifth and sixth chakra area. That SOUL area now contains all of the Information that is contained in all of those other spheres of Consciousness. We have created a new Morphogenetic Field of Consciousness that contains all of the Light and Sound of the entire Cosmos, Universe, Galaxy into our NEW SOLAR REALITY. We now know that we hold this vast information that is flowing into the Frontal Lobe and into the Mid Brain and into the Lower Cerebellum and Medulla Oblongata in the back of the brain. The Mind of God connects from that point in the brain which also connects to the Soul Center out into that point at the top of the Candle and the top point of the Merkaba, That point connects to the Infinite Source of Energy and Information-- the Mind of God.

When we use the CANDLE LEVITATION DVD, we are learning how to FLIP OUR BODY INTO IMMORTALITY. We are learning to walk into the Full Spectrum of Light- which is Source. We go completely

into the Source Field, and then our body flips into a new reality. The new reality is the BLUE BODY. That is the Fifth Dimension. The Fifth Dimension means Multi Dimensionality. It means you are not within the Infinite Possibilities of Manifesting through the Mind of God and living in an Immortal Body inside of the Source Field.

When we continue to use the light in the candle, we are practicing walking through the full spectrum of light, which means the white room of the Mind of God. Once we walk through that diamond door into the White Room and then turn around, our body becomes the blue body. Once we are in the Blue Body we can practice levitating because we actually move our bodies into a higher dimension that allows our body to be in a new standing wave pattern that does not contain gravity. Gravity is just an illusion or a part of the hologram that we think we are living in.

We can also practice moving beyond the hertzian frequencies where we hear physical words and tones into the infra red spectrum where we hear and see a reality that has actually turned into a NEGATIVE of the picture that we are developing in God's Mind. When we practice becoming the Digital Camera we begin seeing the Blue Hue around everything in our world and then we begin seeing the Violet Sphere that allows us to remove space and time and walk into it.

We can also practice activities such as looking at a card and learning to see the back of the card actually rise up behind the card to allow us to See what numbers are on the back of the card. This would be Infra Red Vision.

After than we move from the Visible Light Spectrum into the Invisible Light Spectrum in order to begin seeing the Inner Earth and the Cloud Cities and Earth all morphing into one new Ascension Earth.

The Light Spectrum is held together by the Divine Love Frequencies spinning us into At One Ment with the Full Spectrum of Light of God. It is the outer band in the outer sphere of the Five Spheres of Dimensional Reality that holds the entire Cosmic Matrix together, and holds our body in attunement within that reality field.

When we breathe the frequencies that spin the Universal Band into

attunement with the Cosmic outer Band, we have breathed together all of the frequencies together so that they will rise up into the Source Frequencies.

When we bring together all of the Spheres of Dimensional Frequencies together through proper breathing and spinning of the Merkabas it makes the spheres Flip into the Mind of God. The Infinite Unknown is then flowing inside of you, and the rest of the physical body becomes DISSOLVED or TRANSMUTED into the Mind of God. The outer band is the Holy Spirit. It is the Zero point that is flowing toward you and then into you and into every particle in you. You dissolve into the Mind of God when you dissolve into the Full Spectrum of Light of the Candle.

When you dissolve, you emerge as a HUE of Light. A BLUE HUE. You become the Ultra Violet Blue. Your old self has disappeared- dissolved- transmuted into the Mind of God to be re-born as the Fifth Dimensional Self which is the Multi Dimensional Self of all Dimensional Realities. This is the Self that will be allowed to travel through all Universes, create Star Systems, return home to Source, or just sleep in the Mind of God forever.

HOW DO WE USE ACCELERATION CODES OF THE DNA?

Now, that we have a better understanding of the Candle Light and how it relates to the Music, it is important to know that there is a Spectrum of Light behind or below the Candle that is the Spiritual Hologram or Spiritual Universe being reflected in the Physical Universe.

When we look at our DNA we learn that it is the Acceleration Codes of the DNA that hold the Overtones from the Electro and the Magnetic Codes of the DNA that hold the Base Tones of the Electro Magnetic.

We can't just have the candle flame without joining it with its anti particle double that we see as that Blue Hologram above and below it.

Our body also has a spiritual anti-particle double. When we walk into the full spectrum of light and sound we tune in to the blue body. We see the blue sphere.

The Blue Body activates within the Crystal Heart because the Soul is the Fifth Dimensional SELF made of anti matter.

That Fifth Dimension within us has always been there. We just never ignited it with the Breath of Source and the Full Spectrum of Light that we gain when we Spin the Merkabas to ACTIVATE each of the Dimensional Fields of Reality.

If we don't ignite the flame in our Crystal Heart that attunes us into the Love of the entire Cosmos and beyond into Infinity, we stay locked inside of the Heart that is disconnected from the Mind of God.

Once we activate our Crystal Heart, we also need to activate the Blue Frequency Specific Mid Brain. That is what the Frequency Music created by the Crystal Magic Orchestra of Cosmic Consciousness provides.

The Frequency Specific Music keeps you out of the Yellow Thinking Brain and in the Mid Brain where only Frequency Specific Consciousness Communicates.

In other words, the only words are the Frequencies.

The teaching of Keylontic Science provided an In Between State where we use the God Language to activate the Frequency Language.

I do use this God Language in some of my music. It is definitely a language that allows much more harmonization than words from any other cultural group.

However, I got to a level of creation where the words were getting in the way of blending the breath of Source into all of the multi dimensional fields of Consciousness.

The ignition of the flame or the frequency should be what activates the question and then the answer is given to the body through tiny little buzzy sounds that we translate when our Crystal Heart is activated.

I had all of these layers of Frequencies-- millions of layers. The God Language would not layer. That is a problem because the language used before the Tower of Babel was completely telepathic – NO WORDS.

My mission on Earth is to remove the tower of Babel, and that can't be done until we move into the pink silver part of the brain- the lower cerebellum and the medulla oblongata and begin to allow the true Mind of God to RUN OUR BODIES COMPLETELY.

No talking allowed. Just the FEELING of the frequencies streaming into the inner most omni particles of the cells and flowing around the cells in the crystal liquid light energy of omni creation.

HOW DO WE MOVE INTO THE FIFTH DIMENSION?

We use the candle to help us visualize moving out of the third dimension and into the fifth. We must also use the diagram of the Pyramid showing us where the different light spectrums are in the Candle. We can also see these light spectrums as they relate to the brain.

The yellow spectrum in the brain corresponds to the VISIBLE LIGHT. This means everything that can be Seen with the FIVE SENSES.

Now, remember that the Five Senses and the other Seven Senses of the Cosmos were separated. They were separated by separating the sub harmonics in the DNA. The Over tones of the Electronic were separated from the Base tones of the Magnetic.

The only reason that we believe what we see is TRUTH is because our sub harmonics in our DNA are disconnected.

When they are re-connected we see the reality that is in the Blue Spectrum of Invisible Light. We can learn to see what is invisible to us right now.

We experience this reality by walking into the candle in consciousness to collect the full spectrum of light. Now, you can see something that you didn't see before. You can see the blue sphere.

Next, you continue to move into the candle in consciousness until the room goes black around you. This means you are seeing from the area in the brain that is in the pink silver light spectrum. The Mind of God is the Dark Room. This is the place where you see anti-matter.

You are seeing another reality field that you never saw before.

You just thought this was darkness. It is the place where all new ideas are created before they come down into multi dimensional versions of light.

This is not the same kind of dark that comes from absence of light.

This is the kind of dark that comes with your eyes wide open using the back of your brain and seeing through your mid brain into another reality field.

We get to this place by remaining in the Frequency Specific Music for very long periods of time. You can also practice moving to that part of the brain by keeping earphones for several days at a time or walking around blindfolded until you can learn to see through the eyes of God.

Just as I came to Earth this time to remove the Tower of Babel, there are people on Earth who came with the purpose of returning to the Mind of God. So, they planned to be born blind. Many people who are born blind planned it that way. Beethoven was one of those people. He could hear the Music of the Spheres and play what he heard on the piano. He was painting the music that was being made by the

Universe at that time. There were beautiful parts of the Universe and there were parts that minor and dis harmonic in nature.

Albert Einstein also said that he learned the formula to create his discoveries from music. I am sure he meant from listening to the directions from the Music of the Spheres. Everything in our Universe is created from the Music of the Spheres. This means the frequencies from the spiritual harmonic universe are being woven into the more dense dimensions and in the parallel physical domains to create new realities. These realities manifest as different forms of energy-like electricity.

The density also manifests as different forms of supply and food.

When we move into the standing wave pattern of the fifth and sixth dimensions we will tune into the hydrolaise of the spiritual parallel and the trypolaise of the new Cosmos. That spiritual water is a vaporous form of plasma that is used to translate our bio-sphere. In the normal reality systems, a child would be born for the purpose of absorbing enough hydrolaise into his structure that would transpose his body into the plasma vehicle that could travel through the Universe by age 33.

The Avatar Children who were born on Earth between 1996-2012 will be able to do that. They will learn to transpose their body into an orb and ride in their flame vehicle through all twelve stargates. Those of us who have been trained how to create our orb bodies will also learn to do this in this life time.

The orb bodies are created through the activation of the Music of the Spheres. Electricity was created through the formula Consciousness plus Energy equals Reality.

When we raise our consciousness by accreting more Energy of Higher Frequencies, we can move into a new standing wave pattern of energy. We can move into the Standing Wave Pattern that does not include Gravity.

Gravity is a creation of Reverse Spin Technology. Reverse Spin Technology is that formula used in the Flower of Life teachings. Look at the diagram on the RIGHT.

That form of energy is blocked from the Full Spectrum of Light. That form of energy will never give the energy to the body that is needed to create the Orb Body.

The orb body is created by spinning the merkabas together correctly to activate the DNA.

Now, let's go back to the Merkaba and the Candle.

We drew the diagram of the Merkabas around the Flame.

Now we know that there is another half of the Merkaba. The top pyramid is the electro and the bottom pyramid is the magnetic.

So, we need to draw another pyramid that intersects the top pyramid at that place in the Crystal Heart.

The top electro and the bottom magnetic must spin together to reconnect the overtones and the base tones of the DNA. When the DNA is reconnected, then the entire Reality Spectrum is reconnected.

We begin to use Super Consciousness. That is the other Seven Senses beyond the Five Senses of Seeing and Hearing those things that can be touched and felt.

We must use our ears to hear the part of the music that is the whisper, the breath, the feeling, the knowing that we are actually sitting inside of the Star that the Frequencies came from and we are actually living inside of the Sun that we are made from.

We must visualize ourselves as the Pure Plasma Body that we are. We, in reality live inside of the Sun.

In reality, there is no space or time.

All Distance is created by the obstacle illusion created by the Spin Rate of the Merkabas.

Each Merkaba spins us into a higher Harmonic Universe. It is called a

"Harmonic Universe because it has a different Harmony. It has a different Frequency and a different rhythm.

Each Harmonic Universe is 45 degrees in angular rotation away from the next one.

So, reality is all within this Sphere.

If we draw a clock and we see that 12 o'clock is 45 degrees from 3 o'clock. That would be 45 degrees. When we spin our merkaba faster, we remove the 45 degrees.

The distance that we see between Earth and the Stars would be 45 degrees to the Galactic and another 45 degrees to the Universal. That means we are 90 degrees from the Stars. If we want to fly to the Stars, we just get in the spin rate of the Universal Merkaba and that erases the time and space between those reality fields.

When we finally learn how to orb out of the gravity standing wave pattern, we will realize that we don't actually go any where.

We just remove the ILLUSION of space and time.

In God's Reality there is no space and time. It is an illusion created by the Eyes. The Eyes are the Illusion created by the disconnection of the sub harmonics in the DNA.

The Music of the Spheres that I'm tuning in to is this New Music of this New Cosmos that doesn't even contain major music. All of the music is a breath coming from God and weaving into symphonies that are beyond the beauty heard by the ears. I am the only one who gets to hear the complete beauty. I'm trying my best to translate that into sound that others can hear. It is almost impossible unless the listener is using the same technology that I'm using. That means listening with the same Sony Stereo and the same earphones. Most versions of technology will distort the sound, and many distort it into reverse spin technology.

We are working on moving out of the Yellow part of the Brain – that is the VISIBLE LIGHT SPECTRUM in the Pyramid and the Upper

Cerebellum part of the Brain.

That is the part of the Brain that THINKS. And all it thinks about is old memories that have been planted in it by the WORLD.

We are working on removing the OLD WORLD.

First, we must DE-Manifest the Old World, before we can Manifest the New Ascension Earth.

The reason that I create the Frequency Music and the Eternal Life Albums is to help you REMAIN FOCUSED in the FREQUENCY SPECIFIC MID BRAIN..

When we move into that part of the Brain Continuously for hours, for the day, for the night, and then finally 24 hours a day. That is when REALITY really begins to SHIFT.

The World actually falls away. It doesn't have any effect on your emotions any more. You have moved out of the Emotions of Feelings and Ideas and Memories, and Fear just doesn't exist in the Mid Brain.

That is where we want to stay.

If you leave your earphones on for 48 hours and then take them off, you will experience what it feels like to be in the Frequency Specific Mid Brain and then move back to the Yellow Thinking Brain of the World. It is like night and day. The Frequency Specific Experience feels like you are always riding on your shoulders and you are 12 inches above your head, and sometimes you are 36 inches above your head. You will realize that you are looking down at your body and you are not in it.

That is what the Frequency Music does. That is what it feels like to stay in the Frequency Specific Brain.

Using the Candle is to help you realize that this Shifting in Dimensional Realities is going on Visually and Audibly.

You are seeing something that the FIVE SENSES of the Third

Dimension never sees, and you are hearing something that FIVE SENSES of the Third Dimension never hears.

You have moved TEMPORARILY into the Fifth Dimension,

It is a wonderful place that has a Blue Hue around everything.

The Blue Hue is only created one way. It is created as a result of going through the Full Spectrum of Light and Sound and into the Mind of God.

When you walk down the hall of white light when you die, that is where you go. You are walking into the Full Spectrum of Light. You are walking back into God's Movie Projector.

When you walk down that white tunnel during the Death Scenario, you are becoming so full of the anti-particles of Spiritual Light, that your Body shifts into the Blue Hue. When you go into the WHITE ROOM of the Mind of God at Death, you become transformed into Light Energy.

Well, guess what. We never did need to die to do this. We can move our bodies into the Blue Hue and into the Mind of God during this life time. We can readjust our Light Spectrum now.

We can fill our bodies full of the Universal and Cosmic Frequencies of Transformation now.

I came to Earth with this mission. I had this information coded in my cellular memory before I came to Earth. My team had to wake me up and keep reminding me of my mission many, many times. I have died three times and I came back. My husband died, and I brought him back.

What we keep hearing about in these End Times is this NEAR DEATH experience that so many people have. There is no such thing as a Near Death Experience. We died, went to the Mind of God, had our bodies developed into the Blue Hue and then came back as a re-processed body. The mind becomes transformed into a higher awareness. There are many memories processed just like the

memories that are processed when a person goes into the light at Death.

In the good old days – Prior to 2014 before we evolved completely beyond the Phantom Matrix, we would die, watch all of those old movies that come out of our cellular memory, and then decide that we wanted to go back to the place in time where one of those old movies took place so that we could do it again.

That is why we kept coming back to the third dimensional Earth. Some of us did that at least 1.5 million times. Some more. Some less. We were stuck in that reality because there was no one here to tell us what we were supposed to do when we die.

We were supposed to pick a new movie – not keep returning to the old movies.

Now, we have been taught that we must make the movie that we want to go to before we die, and then we don't have to die. We just get processed in the Dark Room of the Mind of God and pop into the new movie.

That is how it has always been done for the past 90 billion years. That's as far as I can remember back. That is how it is done in the MIND OF GOD.

That is not how it is done in the mind of MAN. But, that is how it is done in NORMAL REALITY.

We are moving back to NORMAL REALITY for the first time in 5.5 million years.

We did have pieces of our Normal Reality returned to us a few times before in history. But, it was always taken away from us again by Invader Races. This time, there was a complete Cosmic War that removed every tiny aspect of our Dysfunctional Memory of how our PERFECT REALITY is supposed to appear and how it will begin to appear to those who choose to MOVE TO THE FREQUENCY SPECIFIC blue area in the brain.

When we move into that reality, our problems disappear. It is like that dream that those live in who do drugs for their recreational activity. That is why we hear these rumors that this new age will be like the 60's with the Hippies, and the Flower Children, and the Drugs.

It will actually be MUCH MUCH better than that. We can live in the Frequencies that shift our Brain into the FREEDOM and the VISUALIZATION of the realities beyond the third dimension. We can do that with FREQUENCY SPECIFIC MUSIC instead of with Drugs that will always lead to a Bad Place in the End.

The fact is, the Kings and Pharaohs of Atlantis used to create this substance called CELLESMA – a blue powdery essence --JUST LIKE IN THE SMURFS 2.

That blue powdery essence was the LSD in those days. LSD was patterned after that substance.

Where did they get that substance. They got it from torturing the Race lines who had fifth and sixth dimensional frequencies-- there was the Human Angelic Race Line and there was the Leviathan Race Line. These were the only ones who had fifth dimensional coding based on the 12 CODE – 12 sub harmonics in each DNA strand.

The Kings and Pharaohs were not from this ANGELIC RACE LINE that had the 12 codes that would open the 12 STARGATES.

The Invader Races were always coveting the ability of gaining access to all 12 stargates.

Again, please take a look at SMURFS 2. The Blue Smurfs were the carriers of the Cellesma that comes from the Celestiline in the blood crystals of a Fifth Dimensional Being with 12 coded harmonics.

Gargamyle needed that ESSENCE to give him the power and immortality that he wanted.

The Kings and Pharaohs of Atlantis would lock the Leviathans in these Cages and torture them. AS they were leaving their bodies and turning into Blue Dust, the Kings would scrape that essence into a

bottle or a tube – just like in the Smurfs 2 movie.

The reason I'm telling this story, is to help you realize the significance of this Blue Hue that you are beginning to visualize as a result of going into the Full Spectrum of Light and moving into the Frequency Specific Mid Brain.

These are the first stages of activating this Blue Essence. It is a product of Melting the Crystal Seals between the DNA. When the Crystal Seals melt they create a new form of Blood Crystals in the body that is made of the essence of stardust which is this celestiline substance.

When the fifth dimensional soul body in the Crystal Heart is ignited through the full spectrum of light, the Blue Body gets turned on. The Hue of Ultra Violet Blue becomes ignited in the Mind of God. That Hue penetrates the entire Light Spectrum and goes into the Mid Brain and Crystal Heart.

So, the way we turn the Candle on is the same way we turn the Blue Body on or awaken our Soul from amnesia.

We must have the Full Spectrum to do this. The Spectrum of the Hertzian contains the Visible Coors that can be seen with the Five Senses. These Visible Colors must be brought to life through the Electro Magnetic Field of Energy.

Electro is the Male Spin of the upper merkaba. It spins $331/3$ Clockwise and the Bottom Merkaba is the Female and it spins $112/3$ Counter Clockwise.

The place where all of the merkabas meets is the fifth dimension in the Crystal Heart.

All merkabas meet in the crystal heart The All of the frequencies of the Merkabas are Grounded in the Fifth.

To activate the Blue- the fifth dimensional crystal heart, we had to activate all that is above-- the full spectrum of light in the candle all of the light in the candle.

The Blue Heart intersects into the Ultra Violet Blue that connects it all together.

The full spectrum of light must spin that removes polarity male and female must spin together.

This all of fifteen dimensions are in the male merkaba and all 15 are in the female merkaba

The stem didn't ignite with just the infra red section or just the invisible light or just the gamma. It required the full spectrum of light to ignite it.

When we strike the match to ignite the stem of the candle the entire light of the candle was required to ignite that hertzian stem.

X ray to see into the anti matter
Beyond the cosmos infinite beyond change our dictionary

We are plugging our neuronet back into our complete self.

The hertzian level consciousness is five senses

The fifth dimensional consciousness is all senses plus the seven more than five

The infra red spectrum has been something we could not see
The visible spectrum allows us to see but only the hertzian level.

Where is the fifth dimension.

The fifth used to be in the harmonic universe above the third.
But, now we are in the fifth and the fifth awakened within us.

The fifth dimension is in the Crystal Heart – what was called the Heart Chakra area. –

The Fifth Dimension is the Density Two level of the Body.

The Density One Level is the Physical Body.

The Density Three Body is the Mental Body at the Cosmic Level..

When we Ignite the Blue Hue within the Full Spectrum it turns on the Mid Brain Frequency Specific Brain and the Blue Body. It turns on the Fifth Dimensional Self, which is the Soul. It awakens the Soul from amnesia.

After we awaken the Soul through the Mid Brain, we can awaken the complete Multi Dimensional Self into the Mind of God through igniting the Silver Pink Light into the Lower Cerebellum where the Medulla Oblongata meets the Thymus and within the Thymus is the Seed Atom of our original Soul, that activates the Soul that is within the Crystal Heart area – directly below the heart. This entire area becomes activated and then activates the Vegas Nerve which controls all of the Neuronets and Glands in the Body. –

Now the correct programming from the Mind of God is running the Immortal Body. The body is reborn every nano second through the Breath of God.

When we continue to use the light in the candle, we are practicing walking through the full spectrum of light, which means the white room of the Mind of God. Once we walk through that diamond door in to the White Room and then turn around, our body becomes the blue body. Once we are in the Blue Body we can practice levitating because we actually move our bodies into a higher dimension that allows our body to be in a new standing wave pattern that does not contain gravity. Gravity is just an illusion or a part of the hologram that we think we are living in.

We can also practice moving beyond the hertzian frequencies where we hear physical words and tones into the infra red spectrum where we hear and see a reality that has actually turned into a NEGATIVE of the picture that we are developing in God's Mind. When we practice becoming the Digital Camera we begin seeing the Blue Hue around everything in our world and then we begin seeing the Violet Sphere that allows us to remove space and time and walk into it. We can also practice activities such as looking at a card and learning to see the back of the card actually rise up behind the card to allow us to See what numbers are on the back of the card. This would be Infra Red Vision.

After than we move from the Visible Light Spectrum into the Invisible Light Spectrum in order to begin seeing the Inner Earth and the Cloud Cities and Earth all morphing into one new Ascension Earth.

The Light Spectrum is held together by the Divine Love Frequencies spinning us into At One Ment with the Full Spectrum of Light of God. It is the outer band in the outer sphere of the Five Spheres of Dimensional Reality that holds the entire Cosmic Matrix together, and holds our body in attunement within that reality field.

When we breathe the frequencies that spin the Universal Band into attunement with the Cosmic outer Band, we have breathed together all of the frequencies together so that they will rise up into the Source Frequencies.

When we bring together all of the Spheres of Dimensional

Frequencies together through proper breathing and spinning of the Merkabas it makes the spheres Flip into the Mind of God. The Infinite Unknown is then flowing inside of you, and the rest of the physical body becomes DISOLVED or TRANSMUTED into the Mind of God. The outer band is the Holy Spirit. It is the Zero point that is flowing toward you and then into you and into every particle in you. You dissolve into the Mind of God when you dissolve into the Full Spectrum of Light of the Candle.

When you dissolve, you emerge as a HUE of Light. A BLUE HUE. You become the Ultra Violet Blue. Your old self has disappeared- dissolved- transmuted into the Mind of God to be re-born as the Fifth Dimensional Self which is the Multi Dimensional Self of all Dimensional Realities. This is the Self that will be allowed to travel through all Universes, create Star Systems, return home to Source, or just sleep in the Mind of God forever.

We access this God through this very specific process of transmuting into the Omni Particles of the Infinite Allness of the Source Field Energy. We open our boundaries into other infinite unknown. We learn to walk into the Void of Infinite Possibilities where we can create things that we have never imagined before.

There are many pieces to the process of Ascension. Each one of the pieces is a part of how we learn to tune out of the Five Senses and into the other Seven Senses.

We have been told that we must RAISE OUR FREQUENCIES. Most people don't know how to do that so we created Music that does it for you. The frequencies are created by taking Consciousness into the higher Harmonics Universes and blending them together in a certain way that creates Frequencies that allow us to Transmute our Bodies and our Realities beyond the Third Dimensional Five Senses.

We are learning that there are many more realities beyond the ones that we behold with the Five senses. That perception is only a very small part of the Full Spectrum of Light and Sound.

So, we created the Music to allow you to connect your consciousness into the Christic Consciousness of the 12th Dimension and the

Cosmic Consciousness of the 14th Dimension, and then also out into the Pre Light and Sound Fields beyond those and then clear out into the NEW COSMAYA of the 13 Cosmos which connect to the Infinity of other Cosmos in the Source Field.

Now, you can begin enjoying the feeling of all of those other sound fields besides the Hertzian range of Audible Hearing. This means that this teaching does not come from the Solfege teachings. It comes from the Cosmic Mystery School of the Omniverse, which is beyond the Earth's Matrix and even beyond our old Cosmic Matrix. The Frequencies of this teaching come from the Grand Yanas of the Pre Light and Pre Sound creating a new reality from the Source Field of Infinite Consciousness.

The candle allows us to recognize that there are other levels of light and sound. Just above the stem there is infra red light. That is the light spectrum that the digital camera can see, but most of us haven't learned to see like the camera sees. The next level is the Visible Light that we think we are seeing. Above that is the Invisible Light where another reality lives within right here within the Visible Realm. And above that there is the x-ray field of light and then the Gamma, Plasma and Pink White Light.

When we use the diagrams that show the spectrum of light frequencies and where those frequencies are heard and felt in the brain area, we begin to realize that we haven't been using the part of the brain that tunes in to the Pink White Light of the Mind of God or even the Blue Frequency in the Mid Brain.

We can easily tune in to the Blue Frequency by walking into the Candle because the Blue Hue is the result of absorbing the full spectrum of Light. We can feel that frequency filling the Mid Brain and when that happens the old THINKING BRAIN stops analyzing all of the old ideas that have been placed in it over the past millions of years. The Mid Brain turns off the Thinking Brain and allows the Mind of God to take over the thought process.

When the Mind of God gets plugged in to the area at the top of the back bone and the bottom of the skull there is a frequency connection into the Seed Atom of our original creation and into the Vegas Nerve

which controls all of the nerve centers in the body. So, you see, we can, in fact plug our bodies back into the Mind of God.

And when we achieve that Frequency connection in our bodies we gain the Eternal Life where the sixth level elementals are continuously re-programming the nano second rebirth of every cell in our body and transmitting correct information for the constant rebirth of all of the neuro structures of the body.

I go through that process in great detail in the ETERNAL LIFE WATERS SET.

Now, that we are being given this gift of the Fifth Dimension, we will need to learn how to TUNE IN TO IT. We must raise our frequencies of hearing and seeing. The Frequency Music itself does this. It actually tunes you in to the Blue Hue which also tunes you in to fields of light that are in the Invisible Light Spectrum that you have never seen before.

You can build on this new ability of going beyond the Veil of the Senses by doing the Candle Process that is described in the CANDLE LEVITATION DVD.

The Candle will help you realize what a small aspect of the ALLNESS of God the Hertzian Frequency is. The Hertzian is the stem of the Candle. It is not even a part of the light.

When we only use our five senses, we are only the stem of the candle.

Hertzian means things you can see and hear. We must move into the full spectrum of what we can hear and see.

I have explained that my music is not Solfege because Solfege is simply another use of the Hertzian Frequency Range. That range of frequencies is a part of the five senses.

In order to raise our frequencies beyond the third dimension, we must raise our frequencies beyond the Hertzian.

That means we must claim our senses that do not rely on the eyes to

see or the ears to hear.

We must tune in to our Soul Consciousness and our Intuition. If we tune in to our Soul Consciousness, we can learn to hear without our ears and we can learn to see without our eyes.

We can learn to see what is in a room while blind folded simply by sitting in a dark room with blindfolds on for long periods of time.

We can also learn to tune our ears into a higher set of frequencies by tuning out of the third dimensional hertzian range of listening and tuning in to the frequencies that you feel deep within your omni particles and the buzzing frequencies within your head. When you tune in to the Frequency music, you are learning to tune in to a reality that is beyond the five senses.

You can practice feeling the frequency music creating a reality of consciousness around the body and flowing into the body. The frequencies are actually the frequencies of the Cosmic Plasma and the Crystal Liquid Light Vapor that is even deep within the Cosmic Plasma. So, when you are tuning in to these Cosmic Frequencies, you are tuning in to your Rishi Self Consciousness rather than your Earth Self Consciousness. The Cosmic Self is completely tuned in to the Mind of God of instant co-creativity and Eternal Life. This is the reality we want to stay plugged in to.

If we practice long periods of being blindfolded, we can begin to see the realities that exist within our realm around our body. We learn to see this New Ascension Earth and the Inner Earth becoming a reality around us.

When we practice listening to the Frequency Music from the Eternal Life Water album we practice being in and tuning the body into the Cosmic Frequencies of our New reality of the new Cosmos that has just been born.

We have tuned in to a new Spiritual Parallel Universe in the PARALLEL UNIVERSE SET and now we have tuned in to a Brand new Cosmos. The Thirteen Cosmos of the Cosmaya has given birth to a brand new Cosmos within the Eighth Sun in the SYMPHONY OF

LOVE ALBUM.

As the new reality was born, a new set of frequencies was born. The more we tune in to these new realities of the new Cosmos Frequencies, the Parallel Universe Frequencies, the Symphony of Love, when the new Frequency of Creation was Born, the Mother Ship Frequencies of the Cosmaya Ship activating the Blanket of Love around the Earth. The Dolphin DNA Frequencies of the Cetacean Raceline activating their DNA bio-regenesis program into our biology.

Each one of these events is a wave of frequencies, which means a wave of Consciousness that contains a part of the consciousness that was taken away from us 5000 years ago, and the consciousness that was taken away 5.5. million years ago. The birth of the SIX AVATAR children each brought a unique Stream of Consciousness that is healing the miasms and seals placed in our DNA. Those Frequency Signatures are in the COMPLETE PERFECT DNA INFUSION album.

I've noticed that more people buy that album than any of the others. Of course it is an extremely important event – the Birth of these Children and the fact that they prepared ascension portals for the race lines that would be locked in the Earth's Matrix forever. However, don't forget about the Frequencies of the UNIVERSAL LIFE FORCE CURRENT who prepared the Stellar Wave Activations and Infusions that are in the Parallel Universe Kit. And don't forget about the work that the Cetacean Raceline did in their Bio-Re genesis Project of keeping the link between the Earth and the Oraphim Suns. And the final ingredients of the ETERNAL LIFE WATER of the Vapor Essence within the Plasma which is the Consciousness Field that allows us to Vaporize into the Spiritual Water of Aquafaria in the Inner Earth. This is the Ascension Vehicle into the Ascension Earth.

Each of these pieces of the formula of the Ascension are crucial to the complete Mass Process. And then each Individual has a unique Frequency Signature and complete Portal of Starry Families, Souls, Avatars, and Rishi Selves that must be Tuned in to in order to begin the attunement into the Cosmic Telephone lines.

This is the last piece of the puzzle that is needed. We must remove the TOWER OF BABEL. That means we will no longer speak different

languages. We will all speak one language. We must first tune in to the Frequencies of the Cosmos and our Cosmic Families and most of all the Cetacean Race Line, because they are the only E.T.'s living on Earth right now.

The DNA is being reconnected and reactivated through these Streams of Consciousness that are being Born into the Atmosphere, the Biosphere, the Morphogenetic Fields of Consciousness of the Earth's Core and Crust and the Christ Shields within Earth's Crust.

TUNE IN AT THIS LINK

<http://crystalmagicorchestra.com/dna-activation>

We need to tune in to each aspect of this Morphogenetic Consciousness.

When we tune in, the Ascension Teams of each morphogenetic wave of transmutation begin working on plugging in another neuronet of your physical template into the Soul Template, the Over Soul Template, the Avatar Template and the Rishi Template.

Our bodies must be reactivated at all levels. We must be completely re-tuned into the complete Omnipresence of Source.

Those of us who have followed the Metaphysical Studies of Goldsmith and Eddy have been tuned in to these realities. However, now that the complete Science of this higher consciousness has been revealed through Keylontic Science, it is much easier to actualize the reality.

Normally, the human being can only actualize something that has been placed in their back ground knowledge of knowing. It is difficult to place the realities of Spiritual Consciousness into the third dimensional background knowledge because it is beyond the third dimensional back ground of things that can be rationalized with the senses.

We must be willing to go beyond the senses in to the invisible spiritual reality and then learn to visualize it. Our Soul Consciousness actually takes over and gives us the complete inner vision and the

complete inner hearing when we tune in to that level of Frequency.

The Reality of Inner Earth appearing as Earth will only be a reality to those who begin practicing seeing that which cannot be seen. That reality is not going to morph into the lower frequencies of Earth. Instead, we must raise our frequencies beyond the five senses into the realities that can be seen with the eyes closed and the ears tuned in to the inaudible sounds that I have tuned in to.

The more we tune in to those higher frequencies, the more they tune in to us.

HOW DOES DNA CREATE A NEW VERSION OF OURSELVES?

Those who have taken the Manifestation Workshop know that the process of the Journal was to learn to take a step back from your normal concept of reality and look at you past, present and future in a new way. You were learning that every thought, idea and experience that you have placed in your past projects into your present. You learned that your present thoughts and beliefs will project into your future reality.

So, let's look at this formula again. Are the things that you are believing today what you really want to manifest into your life tomorrow and next week and even in 2017 when we have the opportunity to have a brand new reality manifest before us?

Do you really want to continue believing that you can get sick or die? Do you really want to continue to believe that you are not capable of becoming everything that Jesus Christ became? Do you really want to continue to believe that you have any enemies? Do you want to believe that you don't have enough supply and that you have to keep working for it?

If you have any of those beliefs now, they will just re-manifest again tomorrow and the next day and next week and next year.

We must create a NEW VERSION of ourselves in order for that new version to manifest into our reality.

By the Love of God Alone will all my Bills be Paid.

That is a fact. It has always been a fact. However, we have been creating a different version of that reality.

We haven't been believing that God Alone will Pay all of our Bills.

We have been living in a different VERSION of our selves. We have been living in the Version that believes we have to go out and make money to pay our bills.

So, that is the Version that we keep living in.

When a Spiritual Healer performs a healing for a client, they can only heal the client if they bring that client into the VERSION of himself where he is already made in the image and likeness of God. That was the Melchizedek Version of the Spiritual Man in Genesis One of the Bible. In Genesis Two there is a different VERSION of Man who is created by mortal parents. That version of man would suffer and die.

Now, is the time that we begin to live in the Version of Man who is made in the image and likeness of God. The perfect immortal man

who has Eternal Life. And that Eternal Life is not the Soul leaving the Body to begin a new life. That Eternal Life is the Soul continuing into a NEW EXPERIENCE or a NEW VERSION of the same person.

However, there is a trick to this. The SOUL demands a new experience. If you just keep repeating the same old third dimensional belief system the Soul will leave your body, because the Soul DEMANDS a NEW EXPERIENCE. And the Soul demands that you are GRATEFUL for the NEW EXPERIENCE. So grateful that you are in BLISS.

That is the great mystery to eternal life.

When I create Frequency Music for an Individual, the Music is the Frequency of the Frequency Signatures of the Eternal Life Code of that Individual, the Frequency Signatures of the Soul, Over Soul, Avatar and Rishi Levels of Consciousness of that Individual, the Perfect Divine Morphogenetic Field that holds the VERSION of the Human Angelic who was originally the Oraphim Cosmic Angel of each creation template.

We must return to that VERSION of ourselves to bring forth the Future of ETERNAL LIFE.

I cannot heal anyone by telling them about their past Akashic Records, or by reading the Astrology Charts that are a part of the Milky Way Galaxy. Those Past Realities are from A Fallen System that contains so many ERRORS that the Version of the Melchizedek Cloister Version of Reality had to be returned to the Earth through a Portal of Reality created by Jesus Christ 12.

During the past years of 1996-2012 there were more of these Portals of the Original VERSION OF THE PERFECT MAN CREATED IN THE IMAGE AND LIKENESS OF GOD created by the Six Avatar Children who were born with the Templates that did not contain those Seals that were placed in the Race Creation Template. So, just as we connected our consciousness into the Morphogenetic FREQUENCIES of Jesus Christ in order to RAISE our Frequencies into the REALITY that does not include the past, present and future realities that we create through our belief systems, we must now connect our Versions of our new reality in the Six Avatars as well as the thousands of Indigo Children who were born to raise our

frequencies of consciousness. We must also include in our new Version the Stellar Wave Infusions provided by our Universal Consciousness Team and the 12 Star gates provided by our Ascension Teams.

Each of these ITEMS are created from FREQUENCIES. The Frequencies are now within the Sphere of Amenti Morphogenetic Field within the Crystal Heart of Earth. And those frequencies are flowing through the Earths Grids into our Consciousness – IF WE TUNE IN TO THAT VERSION OF REALITY.

All of the music that is created by CRYSTAL MAGIC ORCHESTRA is to help the LISTENER move into the VERSION of his or her reality that will give them the DESIRED MANIFESTATION.

The individual must tune their consciousness in to the music and then realize what the music is tuning them in to. They are being tuned in to the VERSION of themselves that is the Man made in the image and likeness of God-- the ETERNAL MAN.

Now, there is something a little different from that old Bible Story. We have always believed that there was this Spiritual Perfect man called Jesus Christ and that he was the only one who could be perfect. The only reason that he was the only perfect one on Earth at that time was because the VERSION of the original Man had been distorted by the distortions placed in his template.

Now, we are having those distortions removed from our Divine Template. Now our Race Line is being Re Born with the Divine Imprint that Jesus Christ was born with. Now, we can tune in to that VERSION of who our Race Line always was in the Spiritual Universe that did not contain any of the ERRORS that were placed in the Physical Universe.

The Physical and Spiritual can become ONE. The rule is the HIGHER FREQUENCY will always TRANSMUTE the lower Frequency. So, now we know that the Spiritual Frequency is the Higher Frequency that can transmute all that is in the Physical VERSION of the Individual.

HOW DID OUR DNA GET DIS-CONNECTED?

by Dr. Angela Barnett.

<http://crystalmagicorchestra.com>

<http://crystalmagicorchestra.com/purchase-1>

Our race line has completed a very long period of time when the over tones of our spiritual parallel reality have been separated from our base tones of our physical reality. There were many reasons for this happening. Most of the reasons were because of Invader Races and Fallen Angelic Races implanting Mutations in the pure genetics of our race line, and then our Guardians and Family of Tara needing to lock us out of Tara until our Consciousness became purified once again.

Our Guardians have always been very sorry that this has happened and they have been doing everything possible in the Cosmic All Knowing to bring us home. They have designed many plans to purify and activate our DNA at this time.

Each of these DNA ACTIVATION PROTOCOLS is and has been specific attunements and alignments Frequencies of Consciousness from our Parallel Spiritual Cloister Races who have maintained their pure and perfect DNA into the Root Races that are identical pairs of the Spiritual Overtones. The Root Races carry the Base Tones and the Cloister Races carry the Overtones.

There have been a series of activations of this Consciousness from the Spiritual Cloister Races into the Root Races of this Planet. We have been activated by the Paradisian Spiritual Consciousness as a result of the Indigo children who were born with the ability to activate five and six DNA strands at birth We have been activated by Six Avatar Children who restored each one of the Seals that were placed in our Chakras that were created to lock us out of Tara until our Consciousness was purified.

The Consciousness Activations are done through the Breaths of

Consciousness connecting, streaming and braiding the Overtones into the Base tones of all of the broken sub harmonic strands in each of the DNA.

When I create an Individual's ETERNAL LIFE ALBUM, I am connecting my Consciousness into the All Knowing Mind of God through the Elohim of Hearing in Gaia who knows exactly what needs to be done to correct, restore and activate each Individual's DNA. Through this all knowing Consciousness who has making this plan of accelerated Ascension for the Human Angelic Race Line for millions of years, it is known what Race lines the individual has been connected to through all their past millions of life times, and it is known which Seals were placed on each individual because of certain implantations from Invader Races, and it is known if the individual has already spent life times in Sun Alcyone repairing many of the Seals, and it is known if the individual is ready to wake up from the amnesia of 5000 years.

HOW DOES THIS FREQUENCY MUSIC ACTIVATE DNA?

by Dr. Angela Barnett.

<http://crystalmagicorchestra.com>

<http://crystalmagicorchestra.com/purchase-1>

The newest set of Frequencies of Consciousness that I have been recording over the past few weeks combine everything that I just explained. Many of those albums already had hundreds of layers of breaths lain over another hundred. The newest album ADVANCED DNA ACTIVATION and 12DNA ACTIVATION both include the God Language that was given to activate the 12 sub harmonics in the 12 strand human angelic, the activation within the cellular memory of the spiritual Coushas transmuting the old AEKASHIC records, the Illumination of the AEKASHA- 12th dimensional consciousness into the pineal gland, and the names of the music of the spheres for the

fifth sphere. This God Language is mostly what your ears will still hear, because it is the closest thing to your old five senses understanding of should be heard.

In all of the other albums, I have been working on one specific piece of this DNA healing and activation process. The Ascension Kit focus is on the use of GOD LANGUAGE as the actual codes that were given by the Guardians to heal and activate the DNA. In the Cosmic Consciousness Kit the focus is on the messages sung directly from the Aquafarians who hold many of the Over Tones that need to be woven into our Base Tones. The Family kit connects consciousness into all of the Families of Consciousness of all Five Spheres. The Super Consciousness connects consciousness into the Universal and Cosmic Spheres of our creation at the Plasma and Pre Plasma Level.

These albums were created before 2012. During those years before 2012, many of us were working together to bring in those specific Overtones into alignment with the Base Tones that were stored within the Earth's golden crystal core domain, where our original base tones of the Root Races that we were originally born from.

We have been going through a period of time when Angels from many Universes have been actively participating in restoring the Human Angelic Raceline. I have been working with these Ascension Teams for twenty years.

The picture of my Violet sphere and my connection with the Six and Seven Suns also shows my relationship to the Violet Flame of Gaia, and that I am the Violet Flame Holder who completed the activation of the Syrians Star Gate into Earth. This project or mission was a part of the larger mission of the Cosmic Twins who cleared the complete Star Gate passage for the Braharama Oraphims and Oraphim Humanoid Race lines.

These star gates are opened when the Seals of the Race lines connected to them are Cleared. The picture of me holding the violet sphere and tuning it clear through all of the dimensions and into the Sun and into Sun Alcyone and into the other 7 Suns was all completed through the Frequencies of Consciousness that I was

taught how to breathe from the Elohim of Hearing into my Crystal Heart and then exhale into the Crystal Spheres in my hands. This created the attunement of the Over tones and the Base Tones of the Sirian Race Line and Pleiadian Race Line.

This one specific Frequency of Attunement, which is a part of the Ascension Protocol is the Frequency that is one the Violet Flame Album. The Frequencies of this event of watching the Dolphins and Whales ascend into the Cloud Cities is recorded on the Cosmic Consciousness and Magic Dolphin Albums.

Another part of the Ascension Protocol was to create 6 Stellar Wave Infusions and 6 Stellar Wave Activations. Each of these was for the purpose of infusing and then activating the DNA. The event that took place in the Video of my Violet Flame was the alignment of one of those six Stellar Wave infusions. That was the Violet Wave Infusion into Earth. That was the opening of that portal of aligning the Over tones and Base Tones of this race line.

The Frequencies of all of the Stellar Wave infusions and activations are recorded on the Parallel Universe Set.

After we moved through the alignments prior to 2013, we began a new set of DNA activations and alignments into our new reality. After Earth was set free from the Phantom Matrix in December, 2012, the Earth was still the Net Earth, but not longer attached to the Phantom Matrix. The Earth became FREE.

The period of 2013-2014 has been the time when the Net Earth and Ascension Earth became one. We are actually within each other. The Earth is going to sit in this accretion level of the Net Earth until 2043. Those who choose to merge their Consciousness into the Ascension Earth can do this now.

The Over the Rainbow album and Emerald Cities album were created to give the frequencies that allow our Consciousness to rise back up into the Cloud Cities which are at the same angle of rotation as Agartha. This is how we begin our DNA activation that opens Consciousness to see beyond the five senses. These albums carry consciousness into the magical unknown realities that we can choose

to see in the very near future.

The Symphony of Love album was created when the Frequency alignment was completed between the Overtones of the Inner Earth Aquafarian Consciousness, through my Consciousness and then connecting into the complete Plasma Reality of the Seven Suns, my Violet Sun, Sun Alcyone and into the Crystal Core Domain of the 8th Sun, which is the new reality of all of the Suns. That Frequency of Love aligned us into a new rebirth, a new story of reality.

The Eternal Life Waters continues the same journey that I took in the Symphony of Love album, but the focus is on the Highest Primal Life Force Current of the SPIRITUAL WATER from the Healing Aquifers of Aquafaria and the Spiritual Cosmic Water from the Crystal Core Domain of the Cosmic Suns. The focus of this album requires the meditations and journeys that allow you to soak in the hydrolaise – spiritual water- $H_2O_2He_3$ until it turns on your personal plasma body. Filling the body with the highest frequencies of light and sound is exactly what activates the DNA.

What is the DNA activated to do?

Questions-- krystalaimagic@gmail.com

What is the DNA activated to do? It is being activated to see the new reality that we have been disconnected from-- the reality that EYES cannot see and EARS cannot hear. It is the spiritual reality that is invisible to us as long as our sub harmonics are unplugged between the base tones and over tones.

What are the base tones and over tones? The connection of our Consciousness into the Inner Earth and Aquafaria, into Sirius B, into Sun Alcyone, into the Aquarius Matrix, into the Cosmic Blanket of the Cosmaya, and into the Mind of God.

The newest set of Frequencies of Consciousness that I have been recording over the past few weeks combine everything that I just explained. Many of those albums already had hundreds of layers of breaths lain over another hundred. The newest album ADVANCED DNA ACTIVATION and 12DNA ACTIVATION both include the God

Language that was given to activate the 12 sub harmonics in the 12 strand human angelic, the activation within the cellular memory of the spiritual Coushas transmuting the old AEKASHIC records, the Illumination of the AEKASHA- 12th dimensional consciousness into the pineal gland, and the names of the music of the spheres for the fifth sphere. This God Language is mostly what your ears will still hear, because it is the closest thing to your old five senses understanding of should be heard.

WHY DO WE NEED GOD LANGUAGE TO ACTIVATE DNA?

The reason that we were given the God Language was because we needed something that was familiar to the five senses. We also need to go beyond those words into the underlying FREQUENCIES OF CONSCIOUSNESS that actually do the streaming and braiding of the overtones into the base tones of each of the 12 sub harmonics. Those frequencies of consciousness from all of the alignments and activations that have taken place since 2000 are within and under and aligned into those words. Most of my breaths are not audible at all. Sometimes I don't even use my breath. Sometimes I just place the microphone next to my Brain – in the Mind of God area of the Brain. I record those frequencies. That consciousness is very powerful and real even though it might not be real to the five senses.

My music is designed to force your consciousness into searching for the frequencies deep within because the Over Tones that are braiding into the Base Tones are very etheric, invisible and can only be felt and known by your consciousness.

The more each individual practices listening deep within, the more easily the over tones will braid into the base tones and the rapidly the

DNA seals will melt and the DNA strands will braid back together into the harmonic unity that they used to be 5 million years ago.

It is up to each individual to use the music to help them visualize the merkaba spinning their field of reality beyond the third, beyond the fourth, beyond the fifth dimensions and into the multidimensional reality of the Cosmos.

I prepared the Candle Technique to use to help you understand what these frequencies of sound and light are. That is only to give you a glimpse of the understanding. There is much more to learn about the Candle Technique and how that relates to the Merkaba and how the Merkaba braids together the overtones and base tones from the upper realms of the Suns, and then there is a Magnetic Side of the Merkaba that would spin the overtones from the higher spiritual realms of the Inner Earth, Aquafarian realms.

I always take my consciousness into Aquafaria and ride the merkaba up into Sun Alcyone, the Universes and the Cosmos to collect the frequencies that will correct, infuse and activate the DNA.

This ASCENSION KIT simply lays the FOUNDATION for that Reality to Occur and for that reality to occur much more harmoniously for those who are In Tune with that Reality. Most will miss that Reality Completely because they are not In Tune with the Frequencies of that Reality.

Our Ascension Team from Sirius and Aquarius are helping us in this upgrade from 12DNA into 24 DNA and 48 DNA at this time. The formulas and frequencies for these upgrades are in this music. The Elohim of Hearing stood before me and placed a golden pillar in my ear that would connect my inner hearing into his frequency alignment. Mary and Raphael assisted in bringing in three crystal spheres which are the morphogenetic fields that hold the divine atmosphere that translates our breath and crystal cells into the magical frequencies of our Star Sirius, our Sun Alcyone and our home of Aquarius.

The 48 DNA activation process is set in motion to become continuous

and eternal by the frequency alignments woven into the Immortality MP3's. It is actually the angelic family of the individual who does the activation continuously and completely. We channel and breathe one harmonic thread of each frequency signature of the individual's harmonic family at a time. It usually takes at least twenty minutes per signature. There are 36 signatures in each harmonic universe. And there are 5 harmonic universes. The alignment of these 180 harmonic signatures results in the Full Spectrum of Light and Sound that realigns the individual into Oneness with the Divine Template of Universal Consciousness. We really only need 144 harmonic frequency signatures to align into the perfect divine blue print. However, we oscillate completely out into the Cosmic Realm to pull the Universal Template completely into Atunement with Source. We are preparing for a full alignment beyond the 24 DNA strands into the 48 DNA which lift an individual into the potential for the alignment into a divine template that will be able to step in and out of their body at will. We align the frequencies completely into Source through 96DNA of the complete Spiritual Template to create the template of the entity who can Orb and de-manifest from Light Body to a Holographic Body of Form. This is the highest potential for ascension.

The Aquafarians who work with us in aligning these frequencies into the original crystal cell template have maintained their form in our atmosphere and in the heart of Earth for 500,000 years. This was the last time entities on Earth were able to rise into this form. This template requires a complete shift in the atmosphere of the individual and a shift into the morphogenetic field held for us by the Aquafarians.

This process is very similar to the one used in creating the other MP3's and CD's except this time we ask the Elohim of Hearing for the alignment with the Individual's Higher Selves Frequency Signatures. The other albums align our Elohim and Sirian Families of Consciousness through specific star alignments that are used for specific harmonic purposes. These are our Ascension Families and the main Guardian Families of the Entire Ascension Process on a Galactic and Universal Level. So those albums are for the Mass Ascension, while the Individual albums are for Individual Ascension. The Individual will feel a very personal relationship with the frequency signatures.

We can feel the divine presence and the magic of the actual signature coming through in each breath. We are told by our Cosmic Council when a breath has been retrieved through the Elohim of Hearing. It takes several hours per day for one or two weeks to collect the entire family of consciousness for any one individual. The process requires many hours of focused energy of atonement with the Elohim of Hearing who guides the process of aligning the frequencies through our ears. The process of focused breathing to make sure the exact consciousness is extracted and purely placed through the microphone is exhausting. The end product is a pure capsule of immortality aligning the individual's Family of Consciousness on all Dimensions into One new Breath which contains their individual Full Spectrum of Light and Sound. Each of the hundreds of threads of consciousness are woven together and spun through the magical spheres of crystal light, crystal dust and crystal gel into spheres of magical transformational energy.

The signatures are frequencies. Frequencies are breaths of consciousness. All of our angelic soul families are streaming their individual frequencies of consciousness. This is their light signature. We (Crystalai and aDolphino) can hear each of these specific light signatures when we oscillate our consciousness up into their frequency range and then exhale into an extremely high quality microphone. Each of these streams of consciousness merges and unites with an entire family of consciousness to create a monadic family of light. We record all of these streams of consciousness that come to us through the breaths of the angels. We stream and braid each of these streams of light energy together to create the exact same coded frequencies that are transmitted to us through the angels breaths and the activity of crystal light energy, crystal dust energy and crystal gel energy.

HOW DO WE ACTIVATE ALIGNMENT INTO 48 DNA ?

We have prepared a free listening booth for you to come and absorb these frequencies of transmutation.

<http://crystalmagicorchestra.com/music-listening>

Collect all of these frequencies into your cells to activate the cellular memory of your original divine self – your immortal self that has the ability to live for ever, create the hearts desires and heal instantly. Next connect consciousness to ride through the star gate on the golden star dust into the Milky Way and absorb into the crystal cells all of the Star Dust and Solar Frequencies. Feel these frequencies aligning into the body through the angelic frequencies.

Ride into the heart of the Milky Way and then zoom clear out into the Aquarius Galaxy to connect consciousness with the original family of consciousness of our Galactic Home. This alignment will lift the consciousness into the 24 DNA and 48-- the realignment through Christic and Galactic and Source Consciousness. The Consciousness is prepared to return through the Diamond door of the Aquarius Galaxy.

The frequencies of angelic consciousness align the listener's consciousness into the realms of the 12DNA-48DNA. That is where their consciousness resides. When we connect consciousness to another frequency signature, we are invited into to become all that is within that higher resonance. We can never alter or lower another frequencies. However, we can be raised into it.

In order for a listener's DNA to complete a SHIFT into that DNA, the listener must spend MORE time in that Frequency Standing Wave Pattern than he or she spends in the third dimensional hologram.

There are other factors involved in the complete shift of DNA. The shift into the fifth dimension is already possible for those who are dedicating themselves into spending more time in these frequencies. The individual is always shifting along with Mother Earth and the entire Cosmos. However, an individual can only shift to the frequency that he or she is most in tune with. In order for an individual to become more in tune with the fifth dimensional frequency than the third dimensional frequency, they must allow every cell in their body to become absorbed in that higher frequency. This doesn't

just mean be nice more often or think good thoughts. It actually means shifting ones standing wave pattern completely into a new morphogenetic field of frequencies. The field of frequencies that we are shifting into for our ascension is the field of frequencies held by the Aquarius Galaxy, Sirius Stars and Sun Alcyone. These frequencies are also held in the Crystal Heart of Mother Earth and in the atmosphere about 10,000 feet above.

We spend all of our time in those frequencies of consciousness and absorbing them into our consciousness with the direction of the Elohim of Hearing, our Ascension Team and many Light Councils. We have been given the gift and guidance that allows us to breathe in these frequencies through the alignment and oscillation of sacred geometry and the music of the spheres. We were personally trained by Elohim Angelics and Syrians to do this. We do not use any of the old formulas that were left in old Atlantis teachings. The angels stood before us and gave us a new formula.

Since everyone on the Earth will have shifted by 2012, it will be much easier to shift DNA at this time. However, individuals can shift consciousness faster than the masses can shift. The present reality contains the ability to shift into the immortal template that allows us to manifest our heart's desires instantly, heal instantly and to live eternally.

This ASCENSION KIT simply lays the FOUNDATION for that Reality to Occur and for that reality to occur much more harmoniously for those who are In Tune with that Reality. Most will miss that Reality Completely because they are not In Tune with the Frequencies of that Reality.

Our Ascension Team from Sirius and Aquarius are helping us in this upgrade from 12DNA into 24 DNA and 48 DNA at this time. The formulas and frequencies for these upgrades are in this music. The Elohim of Hearing stood before me and placed a golden pillar in my ear that would connect my inner hearing into his frequency alignment. Mary and Raphael assisted in bringing in three crystal spheres which are the morphogenetic fields that hold the divine atmosphere that translates our breath and crystal cells into the magical frequencies of our Star Sirius, our Sun Alcyone and our home of Aquarius.

The 48 DNA activation process is set in motion to become continuous and eternal by the frequency alignments woven into the Immortality MP3's. It is actually the angelic family of the individual who does the activation continuously and completely. We channel and breathe one harmonic thread of each frequency signature of the individual's harmonic family at a time. It usually takes at least twenty minutes per signature. There are 36 signatures in each harmonic universe. And there are 5 harmonic universes. The alignment of these 180 harmonic signatures results in the Full Spectrum of Light and Sound that realigns the individual into Oneness with the Divine Template of Universal Consciousness.

We really only need 144 harmonic frequency signatures to align into the perfect divine blue print. However, we oscillate completely out into the Cosmic Realm to pull the Universal Template completely into Atunement with Source. We are preparing for a full alignment beyond the 24 DNA strands into the 48 DNA which lift an individual into the potential for the alignment into a divine template that will be able to step in and out of their body at will. We align the frequencies completely into Source through 96DNA of the complete Spiritual Template to create the template of the entity who can Orb and de-manifest from Light Body to a Holographic Body of Form. This is the highest potential for ascension.

(Teachings of the Cosmic Mystery School of the Omniverse)

Let me begin by saying that I will be using analogies and symbolism of substance that exist within the present background knowledge of the 3D mind in order to try to convey the meaning of the new magical realms that are creating their own new bio energetic fields of reality around us through etheric level substances that we have no words for in our dictionaries. The term Negative Ion is something that exists in our scientific analogy as a symbol for something much more etheric and magical in the Cosmic level of creation. It would truly be what is termed crystal light, crystal liquid light, crystal dust and crystal gel by the Angelic Kingdom. These are etheric substances which science would term endoplasmic and ectoplasm, but they are actually even more etheric in composition than those terms would imply.

The spiritual substance of Consciousness is always made of the particles of pre light and pre sound which are created at the original Breath of Source Consciousness and then broken down into particles of pre substance that becomes densified as it is transformed from the invisible light spectrums of crystal and plasma and crystal light energies down into the visible light spectrum of blue light, infra red light and the spectrum we presently believe is the only reality-- hertzian frequencies.

It is now time to open our minds to all of the realities that exist outside of the tiny little world of hertzian frequencies. Even our digital cameras are able to visualize the world of infra red frequencies. We must expand our consciousness out into the invisible worlds of the invisible celestiline energies, the liquid light of krystic creation, the hydrolaise that the angels and water fairies dance and sing within. It is time to enter the world of the spiritualization of the term negative ion, which is the term used to represent the splashing of a waterfall, the morning dew, the mist from a hot spring, the fog rising from an ocean that has tides beating on the rocks, and even the feeling of a hot morning shower. We aren't really talking about the splashing

water. These are just a metaphoric representation of the true, etheric substance of a higher reality that we can't see until we have developed our 5th dimensional perception (which many of us have).

These water images are the analogical translations of the higher realities that we must begin to tune into in order to achieve the atunement with the frequencies of the ascension window of 2012 to 2022. The new scientific translation of the misty water as it is understood in the new bio energetic fields of the New Earth is the hydrolaise which could be translated as three parts helium added to the old H₂O to create the NEW WATER of our new reality. So, our new translation of the analogy presented in negative ions is H³H₂O. These will be the new bio energetic sent up through the Earth's grids from her etheric core, where the Consciousness Energy Sphere holding our 12 DNA templates has been firmly transplanted and activated on December 21, 2012.

We must become willing to open the windows of our minds into the possibility that the reality of spiritual creation is a template containing 12 DNA, and that reality exists now as it did at the moment of our creation. That DNA is not within the realm of understanding of scientists because they have not figured out how to calculate realities outside of the hertzian field of reality. The double helix that present day scientists believe is the structure of our DNA, is the structure created by the false matrix that was imposed upon this Earth by Fallen Angelic races who have been controlling our reality fields through implanting illusions in our DNA. The true DNA is the 12DNA template which contains 12 sub harmonic frequency bands on each of the double helix. One set of 12 sub harmonics are over tones and the other set of sub harmonics are base tones. So, there are actually 24 sub harmonic frequency bands within and between the visible double helix.

That reality has been programmed out of our consciousness through the very DNA that was implanted in our bodies. The fallen angelics removed, twisted, rearranged our DNA in order to stream their own consciousness into it. Our DNA is supposed to be the

electromagnetic receiving station for the consciousness of our Soul Families- our Soul Matrix in all dimensions – including Cosmic and beyond. Our consciousness was cut off from that reality and plugged into a distorted, sometimes horrific structure of twisted mind channels. Our 12 DNA template was plugged into race lines that only had 10 DNA templates or less. Our DNA was plugged into the Controllers. The control was created through the sub harmonic frequencies at the etheric level of reality. And the problem must be healed through the etheric level of reality – not through the visible two DNA reality.

The remedy for the problem is in the Cosmic Consciousness spectrum of crystal light, crystal liquid light, crystal dust, crystal gel. When we create the manifestation of this frequency level of reality and hold it within three spheres of Cosmic Consciousness, inhale those frequencies, breathe those frequencies, and then breathe those frequencies into every chakra in the body, we begin to make a connection to our real divine template, we begin to activate the divine blue print which holds the 12 DNA template of the divine manifestation held within the original breath of Source interacting with the crystalline realities of Cosmic Consciousness.

We (The Cosmic Mystery School of the Omniverse) have worked with these crystalline forms of consciousness to connect more and more to the Krystic and Cosmic Fields of Consciousness in the dimensions 12 -14 and out into the parallel universe beyond the 15 the dimension of the Earth's matrix. We engage the breaths of this new reality from the Elohim-Elohei Angels in Gaia who hold the complete template of our Human Angelic and Taran Raceline divine blueprint. When we connect our consciousness into theirs, they breathe these frequencies into our breath. This allows us to engage the original Source of eternal light from the Mind of God. Once we activate this reality of the eternal crystal liquid light stream flowing through our breath into our quarks in our atoms, we can translate our DNA back into their original divine template.

The spark of Source exists at a point within our body that we will call

our crystal heart. It is deep within the thymus connecting to the medulla oblongata. The MO is the point where the breath of Source can inhale and exhale directly into the crystal heart, the eternal life breath of instant manifestation. That instant manifestation creates a brand new body in every nano second. It creates a brand new reality every nano second. However, the reality that is created is completely up to you. It is the individual's divine right and divine responsibility to co-create with the Mind of God, the reality that is chosen to manifest within the body and within the parameters of the reality field of that body.

It has always been our DNA which creates the realities or illusions we see around us. What we have been seeing in these past lifetimes are illusions that were intentionally implanted within us by fallen angelic races – the dark ones- to control us and gain access to our energy fields. That is the reason we have been living in the prisons of other entities mind fields rather than creating our own.

We can make up stories about how wonderful everything around us is, and how beautiful the flowers and birds and trees are. But, that is just helping to keep the old illusions alive within the DNA. We must take responsibility to create pictures of our own flowers and birds and trees, implant them in our mid brain and in our crystal heart and breathe the frequencies of Source into that reality that is yours and only yours. The flowers and trees of your creation will manifest as the new pictures have been developed upon your DNA. You can create the reality fields of being extremely wealthy, healthy, young, ingenious, or anything you wish to program in to your DNA.

The formula for manifestation must always include that reality having always been a part of your reality since the moment of your creation, the reality exists now, and the reality will always exist. This is necessary because we always live in three time zones simultaneously -past, present and future. If you only change the present, the past realities that are already planted in your cellular memory will continue to manifest in the present. If you don't change the future your present manifestation will change into the future

manifestation which is also already programmed into your cellular memory. The only one who can change your reality is you.

Unfortunately, most people on Earth are intentionally choosing to plug their consciousness into those very Dark Ones who manipulated their DNA to create the illusionary reality field that they now live in. Since those who distorted the DNA to plug into the ultrasonic brainwaves of those whom they wish to manipulate and control, are the same fallen angelics that are channeling information to those receiving messages that seem to be very correct and feel so lofty and angelic, most New Agers, Light workers and Religionists are continuing to be the very puppets that manifest the reality of the Dark Ones. Of course they are good at fooling you. Of course they can create feelings of exalting, spiritual ecstacism. They are the ones that created the program that is running your DNA and cellular memory.

How do we tell the difference between frequencies and information coming from the controllers and that coming from our own Divine Soul Matrix – our Family and Guardian Races? The true frequencies feel like the negative ions – the water mist that the water fairies dance within. It sometimes feels deep and powerful and yet etheric and lifting. It most often sends tinkling harp strings up the backbone and within the mid brain. It feels like it is transposing the DNA into the divine blue print from the inside out. The information coming from our true Guardians and Families is usually very direct and full of heuristic information rather than the fluffy, oh, my beloved dear ones, everything is so wonderful today. They don't do that. The correct information doesn't sound like the same repeated fluff over and over again in each weekly message. Finally, they always give pieces of information and allow the individual to put the pieces of the puzzle together because they know that we have the minds of the masters who can do this. We can master our own reality. Most importantly, they don't channel information. They stream information through the crystal heart from the etheric light streams of sound particles into the DNA. Unfortunately, most people haven't learn to discern the difference between those two realities.

The good news is that we are getting a lot of help with this new reality transformation issue within the next five years.

From the teachings of THE COSMIC MYSTERY SCHOOL OF THE OMNIVERSE – the place where the sound and light of Source manifest into ultra violet blue and flow into the music of the spheres from the harp strings of our minds to create the highest frequencies through music. Creating the template of our New Reality with the Music Fairies and Water Fairies to sing and swim and dance through the liquid light water falls into the new H3H2O where we will live and breath and sing together as we weave and braid the magical sound tones of the mandala of our new kingdom of heaven on Earth.

HOW DOES FREQUENCY MUSIC ACTIVATE THE ANTENNAS OF THE DNA?

Cosmic Frequency Wave Files activate the PYRAMID ANTENNAS around the DNA strands. These pyramid tower antennas are the receivers and transmitters of Cosmic Consciousness. Cosmic Consciousness consists of the angelic breaths of Source Consciousness. So, the pyramid towers are the direct link to Divine Mind. This Divine Mind connects through our Starry Brothers who live in the Star Factory ignited from Ursa Major. Zaurak has created the Star Gate between Mother Earth and the Aquarius Galaxy through the Frequency Chambers of Sirius Star System for us to glide through. All Universal Consciousness is filtered through this Star Factory or Soul Factory. When we connect our pyramid tower antennas into the Cosmic Wave Files, we are connecting through the Divine Intelligence of our Galactic Family in the Star Factory. We are also connecting into the Christic Consciousness of the twelfth dimensional Universal Consciousness and into the Co-Creative Cosmic Consciousness. All of these frequencies are recorded into the 12 DNA

template through the antenna.

Listen to the entire Ascension Kit to activate the 12 DNA template.

We need 12 DNA to be aligned into our Christic Immortal Template of Divine Instant Manifestation and Instant Healing and Eternal Life. However, in order to be connected to the 12 DNA movie channel, the pyramid tower antenna must also be connected through channels 24, 36, 48 and 96. The antenna is connected through these channels through the Music of the Spheres contained in the Super Frequency Kit. The Music of the Spheres contains frequencies from each of the Five Spheres and the Cosmic Kit contains angelic consciousness resonating in harmony to create the Magical Cosmic Movie Projector.

Listen to the Cosmic Kit and the Super Frequencies Kit to activate Pyramid Antennas.

Each student needs to have his/her 12 DNA aligned to their own Christic Immortal Template which gives them Divine Instant Manifestation, Instant Healing, and Eternal Life. They can align their 12 DNA through their pyramid tower antenna connected through all of the right places through Listening, resonating, breathing and feeling the Music of the Spheres that resonates with Angelic Consciousness that is on our Cosmic Wave File recordings, So, to do this, they need to listen to our Cosmic Wave File recordings, which helps to align the activation of all of the above for them.

So, Listening, resonating, breathing and feeling the Music of the Spheres that are on our recordings will set and develop their:

- Christic Immortal Template
- Divine Instant Manifestation, Instant Healing, and Eternal Life
- Connect and Activate their 12 DNA
- Resonation with their Angelic Consciousness
- Cosmic Intelligence of Ascension

- When our pyramid tower antennas are receiving this Highest Frequency, our body does become the Home or Temple of God.

The Cosmic Intelligence of Ascension is received through these pyramids or antennas that receive frequency signals. Our DNA is coded to receive these Galactic Christic and Cosmic signals. However, the codes cannot be activated without the Intelligence or Consciousness streaming into the pyramid antennas.

Our starry brothers have left many symbols on Earth to help us remember other symbols that would connect us back to the Divine Intelligence of Cosmic Consciousness.

Listen to the FAMILY KIT to activate Cosmic Signals.

The two most obvious symbols throughout the ages have been the pine cone which represents the pineal gland, and the pyramid which represents the pyramid tower around every crystal cell and DNA strand in the body template. This is why the body was referred to as the tower or temple of God.

In Angelic Consciousness, the word God actually represents a Frequency of Consciousness. This is the HIGHEST FREQUENCY. When our pyramid tower antennas are receiving this Highest Frequency, our body does become the Home or Temple of God. When this Frequency is obtained by tuning the pyramid tower antennas to the channels 12,24,36, 48 and 96, the body has been woven into the braids and streams of light and sound of the entire Music of the Spheres.

The Cosmic Frequencies received and recorded as Cosmic Wave Files are the encyclopedia of intelligence from our Cosmic Family. They have been sending the Intelligence of Divine Mind or the Music of the Spheres through their light and sound frequencies.

These frequencies can only be heard and understood on the radio station that they are being transmitted through. The frequencies of their transmission can be received through the antennas of the

pyramids that surround the DNA strands, the crystal cells, the pineal gland, the amygdale gland, the medulla oblongata gland, and the pituitary glands.

The Cosmic Wave Files have already received the Cosmic Intelligence from the antennas and re-transmitted this information onto our Cosmic Wave File CD's for others to use in the activation and alignment of their antennas into their DNA.

These are the steps we take in turning on our Magical Cosmic Movie Camera. The camera won't work unless the frequencies of consciousness are on the same channel as the Cosmic Frequencies.

The pyramid antennas are programmed to receive and transmit the Cosmic Channel of Consciousness which is the Breath of Source creating the original idea of Immortal Man. The spark of Source is the Heart of Mother God. This spark of Source is also present in our Crystal Heart. Our Crystal Heart is located behind the thymus gland. The thymus gland has a huge pyramid tower antenna around it.

- Divine Instant Manifestation, Instant Healing, and Eternal Life)

When we ask Crystal Light Energy from the Suns of all of the Galaxies to stream through this antenna into our Crystal Heart we are connecting our Crystal Heart into the Channel of the God Frequency. When we place our Heart's Desire onto this Crystal Heart and then exhale that Frequency through our Breath – we are breathing the God Movie or the magical Cosmic Movie onto the Movie Screen of our Light Bodies and our Merkaba Movie Screen. –

(MEDITATION – very specific meditation that goes through what needs to be done for the above Paragraph)

The Crystal Heart must be connected into Oneness with the Crystal Heart of Mother Earth, which connects into the Heart of the Milky

Way where our Star Factory is. Once these three Crystal Hearts are connected through the Divine Frequency of Light and Sound, we can then create our Hearts Desire. The Hearts Desire must be visualized on the movie screen of the third eye or pineal gland. This is also done through the connection of the pyramid tower antennas into Universal Consciousness. When the Heart's Desire is Visualized and projected out through the pituitary glands into the Merkaba Consciousness Field, the Heart's Desire is also Exhaled from the Breath of Consciousness from the Spark of Source.

The Merkaba must first be filled with the Golden Stardust Frequencies of Prana. This is the Consciousness of our Starry Brothers, Angelic Families and Source Consciousness. This etheric Golden Stardust Movie Screen must be lined with the Breath of Consciousness of the Star Factory. This Star Factory contains all knowledge of all of our previous episodes in God's Movie. This is the Consciousness Factory where our Souls have merged and perfected just like a diamond. All of our Galactic Families have merged into Oneness of new Harmonic Orchestration.

HOW WILL THE DIVINE BLUE PRINT BE RETURNED?

The Promise of the PERFECT KINGDOM has already arrived. The Divine Blue Print of the Perfect Man created in the image and likeness of God has already arrived. The 12 DNA template of the

original Taran, Oraphim, Aquafarian, Paradisian Race Line has been reinstated into the Sphere of Amenti within the Earth's Etheric Core. The Sphere of Amenti is the Morphogenetic Field (Consciousness created by the interweaving of Sound and Light Particles of the Complete Soul Matrix of all Races on Earth).

The Perfect Kingdom of the Divine Blue Print of the planetary body and human body made in the image and likeness of God is exactly that. It is a template with a programmed blue print like a piece of film in a camera. The picture of the divine creation was placed on the film through the Mind of God, first as a negative, which is like a negative ion. Next, the negative is flashed into the Consciousness of the Idea created on the negative and developed into a picture or a positive ion. Unfortunately, when a picture becomes developed in the outer domains of the five spheres of Consciousness, it can be manipulated, distorted and completely damaged by outside sources. This could be likened to what can be done to characters on the movie screen who are morphed into new images by the film editor. That is basically what happened to God's original movie. It got morphed into a completely distorted illusion.

Now, we are re-making God's movie. Now, the original negative of the picture of the man made in God's image and likeness is being put back in the movie camera. Now, that new movie will be played through the restored Earth's Khristiac Grid. The frequencies of the divine blue print, which would be the negative of the picture, or the negative ions, will be dispersed from the Sphere of Amenti (the camera holding the corrected ionized film with the divine blue print imprinted upon it). Now that camera, holding the corrected movie pictures will flow into the Earth's grids and then into the biosphere of the human angelic template. That bio-energetic field will be filled with the negative ion holding the divine blue print created in the Cosmic Consciousness pre sound and pre light field. This is the point in creation when Source breathes the Divine Idea onto the Heliotalic Plasma, Silver, Pink, Purple, Gold Pastel Frequency Grid of the

Negative Ion that comes down from heaven as the Purple Rain of the rebirth of the Divine Consciousness and then translates to the Positive Ion that is Visible Light of Ultra Violet BLUE. This Blue Film develops into the Blue Body and the Light Body and the Crystal Body of the Divine Man made in the image and likeness of God.

NOTE- NOW THAT THE DESCRIPTION OF THE SCIENTIFIC UNDERSTANDING OF NEGATIVE IONS HAS BEEN TOUCHED UPON, and the negative ion can be explained as moving water particles, we would like to change the meaning of this term for the New Earth, this new time, this new reality to be termed SPIRITUAL IONS, which are the moving water particles of Liquid Light Crystal Water Falls pouring down the Purple Rain from Cosmic Consciousness. This Purple Rain turns into Ultra Violet Blue as it becomes visible. We can begin to interact with the Water Fairies within this new bio energetic field of liquid light energy as we raise our frequency of visible light into the blue light. We will call the $HE3H2O$ liquid light energy SPIRITUAL IONS. This term will be the new understanding for all students of the COSMIC MYSTERY SCHOOL OF THE OMNIVERSE. Crystalai

The 12 DNA template is the original IDEA in the Mind of God. This is the negative of the film that will be developed into a picture that can be seen or perceived within the visible light spectrum when it becomes the positive. The negative ion is the purple rain coming down as the heliotalic frequency, and the positive is the visible blue light. This interaction of the negative ion as the flow of liquid light energy flowing through the plasma to create a rainbow where the letters in the light can be viewed as hydrolaise. This can also be viewed as the heliotalic frequency of the fourteenth dimension weaving into the plasma of the eighth dimension and then becoming visible as it reaches the visible light spectrum in the fifth dimension. When this happens we have achieved another very important phenomena on Earth which allows the bio energetic fields to carry a new chemistry.

The new biology and chemistry begins when the water changes from

H₂O into HE₃ H₂O, which is the formula of three parts helium into two parts hydrogen into one part oxygen. This is the new bio energetic field of energy that Earth will breathe through her grids from the Sphere of Amenti into the Earth's atmosphere and into the templates of the human biology. This magical substance is called hydrolaise. Crystalai and aDolphino introduced their students to Hydrolaise in 2008 when they interacted with this substance in Monterey. It is easy to mistake this magical substance with the negative ions that are seen and felt when water particles separate in the activity of the water fall, or the tidal waves splashing against the crystal structures, or the mist in the air allowing rainbow streams to manufacture before you very eyes.

This hydrolaise that was seen through the kaleidoscope eyes of Crystalai in 2008 and progressively more and more each day until 2012, when the hydrolaise actually began to carry upon it her very own fire letters of her divine creation. This is the ultimate in hydrolaise activity. Our fire letters are the sub harmonic frequencies – the 12 missing frequency bands between each DNA strand. As I watched these fire letters streaming through the hydrolaise as it interacted with the plasma in the Sun's rays, those very fire letters were braiding within my own DNA strands. This etheric 12 strand template is always created from the divine blue print which always begins with the 12 codes. The 12 codes begin as fire letters which are the most etheric level of Consciousness, which can only be seen with 5th dimensional vision. This divine template is what activates the 12 DNA to become reactivated from within the Earth's biosphere and then She breathes this hydrolaise out into our DNA template so that our fire letters begin weaving our 12 sub harmonic frequencies or fire letters back into our DNA template.

The template is the etheric level of the DNA. The DNA is always the 12DNA template because there are 12 etheric bands of sub harmonic frequencies which create the celestiline bands of transformation within each DNA strand. To the scientific visible light spectrum, the only visible DNA that has been considered is the double helix DNA template. That template is the primary structure of the distorted film

placed in the outer domains destruction of the original movie made in the image and likeness of God photography lab.

The true movie made in the Mind of God photography lab was always a 12 DNA template holding the Divine Blue Print of the Complete IDEA that was to be created first as a Cosmic Film of Heliotalic substance, next as Liquid Light Energy from the Universal Sphere, transferred into the x-ray vision that allows the film to flip over into the visible spectrum within the second sphere of Galactic Consciousness. The visible spectrum is within the second morphogenetic field or the second sphere of dimensions 4, 5 and 6. That is the template where our Taran Race line of the immortal man who never dies, never gets sick and never speaks a negative word to anyone lives.

When we receive the new breathe of fresh bio energetic frequencies that hold the new morphogenetic field of consciousness, our bio energetic field becomes saturated with that new reality. This is a glorious process of making God's movie the way it was supposed to be made. The movie will be made in the image and likeness of God, or with the divine blue print of Divine Perfection within every atomic structure of the body as 12 sub harmonic bands within the first, second and third DNA strands braid together and activate as they create celestiline (the magical blue dust powder of immortality) causing the DNA to braid together causing Ascension into the Second Morphogenetic Field.

Our Divine Guardian Families and Friends have created on Earth the absolute formula for this Divine Miracle to take place upon this Earth between 2012 and 2017. The five year window has already begun. It began that divine moment of December 21, 2012. It was that moment that the frequencies of Consciousness of all 12 Universes aligned into at one ment or Atunement as the Music of the Spheres sang a brand new song through the Cosmos. This alignment had to be completed at a Cosmic level where 13 Cosmos created the Cosmaya Frequency to activate the alignment of the 12 Universes. This alignment was inhaled into the New Negative in the Breath of Source to create a brand new Negative of the picture or the new movie that would be

created. This new movie created on the same divine template of the 12 DNA Divine Coded Template was EXHALED into the entire new Cosmos on December 21, 2012.

There is no time in Divine Reality. That means the reality of the new 12 DNA Divine Man made in the image and likeness of God was created on this day. However, the 5DNA negative of that creation also needed to be implanted into the Sphere of Amenti, in order for the Angelic Human to enjoy the Visible Light aspect of the 12DNA template. The second morphogenetic field holds the visible light aspect of the perfect man. This is the field of consciousness where God's Movie can most easily be enjoyed. When we rise into the third morphogenetic field of 7,8, and 9 dimensions, we begin playing in a field of light that is so etheric that it is like a shield of light with a silhouette of forms in it. Beyond that, the spheres of reality become less and less dense until we become pure consciousness with no form at all. Now, that we have redeveloped into the 12 DNA template, we can enjoy all of those morphogenetic fields of Consciousness. We can become invisible light long enough to orb into those other dimensions of reality. It is our new biological chemical structure of the HE3H2O that develops us into the negative ions that allow us to flash into light as our Consciousness becomes trained to activate these states of light by raising our frequencies through our own activity of Consciousness and Breath alignment with the Mind of God.

Back to the Fairy Magic. I was told that my new mission on Earth during this window of five years is to see and communicate with Water Fairies or the Aquafarians. The ability to do this requires what I have explained in the preceding article. My Higher Self has reconnected me to this understanding of the Hydrolaise and the HE3H2O or the Spiritual Ionization, as being the first step in creating the morphogenetic field of reality where I can go into and invite Water Fairies into my Consciousness to see them and communicate with them. Fairies cannot live within the distorted water fields that have existed on this Earth. The fairies that some have seen and channeled are those that have been caught within the same messed up movie screen that the rest of us have been living within. We are now

responsible for setting those Fairies free as we help them to translate the bio energetic fields into the spiritual ionization needed for real fairies to live in.

WHAT IS AN ASCENSION PROTOCOL?

The time of our Ascension has come. However, there are certain Protocol that has been set by the Emerald Covenant and the Guardian Alliance that must be followed during the time of Ascension.

The human race line has been completely mutilated over and over again during the past eons. Humpty Dumpty fell out of the Star System created by Sun Alcyone into the Milky Way and was broken into many pieces. Each of these pieces of the original Star had to have its consciousness put back together again before it can ascend back to its home of original creation.

This is the process that we are going through now as we prepare to Ascend back to Tara and Gaia, which are not in the Milky Way Galaxy.

The template of the original human must be restored. We must repair a minimum of 5DNA before we can return to Tara.

The plan of the restoration of our 5DNA was planned by the Guardian Alliance. The plan included the births of 144,000 Indigo Children during the 100 years before 2000 and then another 5500 after 2003. There were also many walk-ins given DNA

transfusions and several Flame Holders born on Earth. And most important, we were given Six Avatar Children, who were born for the specific purpose of clearing each of the Seals placed in the Chakras.

For instance there is a seal or error placed in the third chakra. It is an error because it is an error in programming and an error in harmonic structure. Everything is harmonic and musical in the Mind of God. The harmonics of the third chakra have the 7-12 base tones missing and the 7-9 overtones missing.

We can restore this error by breathing in the corrected over tones and base tones into the third chakra. We can also correct that chakra by connecting consciousness to the 9th Level Avatar's Frequency Signatures. Each Avatar Child has the ability to Initiate Activations of certain DNA strands. Once the Initiation is performed on a person, that person can perform the initiation on another person.

I perform initiations of the DNA when I create the Eternal Life Albums for specific individuals.

We can also tune into the Frequencies of the Six Avatar Children by using the new COMPLETE PERFECT DNA INFUSION. Once you tune in to their frequency signatures you can also tune in to the Initiations of the DNA activation yourself.

These Six Avatars are here for the same purpose Jesus Christ 9 and 12 came to Earth. They are here to clear the seals from all of the race lines that are a part of the original human angelic race line. This is the Protocol that must be followed for an Ascension to take place.

Plugging in to these valuable Frequencies can be a very effective way to speed up your DNA initiations.

MATHEMATICAL FORMULA OF CHRIST CONSCIOUSNESS

(Teachings of the Cosmic Mystery School of the Omniverse)

Christ Consciousness is the Mind of God that sees everything before it is breathed into existence at this level.

Christ Consciousness is the mathematical code which is continuously creating the Divine Blue Print of the perfect image and likeness or mirror image of the entire Mind of God or Omnipotent Divine Consciousness. That divine blue print is a 12 dimensional code containing within it the Divine Manifestations of the Eternal Life, Continuous Omnipresent Love that continuously spins the electromagnetic frequencies of $331/3$ electro clockwise and $112/3$ magnetic counterclockwise within the sphere of clockwise rotation. That frequency Radiates into the at oneness with a parallel field of electromagnetic frequencies spinning the same way, but in a parallel anti particle reality field. Each of the particle and anti particle reality fields spin 45 degrees to equal 90 degrees in a vertical reality field. Another set of mathematical radiation particles spin together to create the horizontal reality field. Together they create 180 degree field of reality. That field of reality is then broken down into faster moving fields of diagonal spinning fields of electromagnetic particles creating

radiation fields of plasma, gamma, x ray, invisible light, visible light, infra red and hertzian light energy into a sphere of light 360 degrees.

Everything in Divine Consciousness Creativity is made of spheres of light that spin at this perfect ratio to create layers of 45 degree angles of rotation. The creation energy is always radiation energy. We must be radiating this high frequency energy at the fastest rate of spin in the 12 dimensional radiation level to maintain our complete reality in the Christ Coded blue print. Simultaneously that 12 dimensional divine blue print can express itself in parallel reality fields that manifest as 5 dimensional and 6 dimensional realities. These would contain the 12 sub harmonics of the Christ Consciousness mathematical formula in each of the 5 DNA strands or 6 DNA strands. The reality would appear different because it would be less dense or more dense. There is no density in the 12 DNA reality field. It is completely etheric in nature. However, that etheric reality is always a part of everything even if it only has 3DNA or 4 DNA. The perfect mathematical principle of all creation is always the 12 DNA coded divine blue print.

IN reality that Divine Blue Print of Christ Consciousness has Always Existed, Does Exist and Always will Exist in every human angelic being and every star seed on Earth. The reason that this reality doesn't seem to appear to us when we look at people and situations is because there was a Miasm placed between the vortexes where the light energy and frequencies created by the spin ratio of the $331/3$ and $11\ 2/3$ merkaba spin rate within the particle and anti particle universe. The problem was actually placed in the anti particle universe that was parallel to ours so that we could never align correctly into the harmony of that blended rate of spin that would create the 90 degree and 180 degree and perfect 360 degree spheres of light and sound that are NORMAL to any God Made reality field.

Those Miasms are frozen Light Energy that is unable to spin and move and freely manifest. Those miasms can be melted out of the old frozen DNA that is creating the illusion of this Frozen Density of

Consciousness. Our Guardian Races have placed our original Divine Blue Print into our 12 DNA strands already. That gift has already been established on Earth.

HOW DO STARSEEDS ACTIVATE OUR DNA?

<http://crystalmagicorchestra.com>

The Star Seeds that were born on Earth over the past 12 years all had much to do with this realignment. The children born during the past five years brought the completed 5DNA-12DNA back to Earth. That reality was presented to the Earth once before about 2000 years ago when the 12th Level Avatar and the 9th Level Avatar, that our Bible Stories call Jesus Christ was brought to Earth by Guardian Groups.

This time the Guardians brought in 144,000 times more Christ Consciousness to Earth through the frequencies of the Star seeds. The Earth required a certain level of Frequencies in order to make its shift into the new Meta galactic 8 alignment with the past present and future 12 DNA coded reality system.

These 12 coded frequencies contain the divine blue print of the Eternal Life, Love, Mind, Principle, Substance, Intelligence, Supply, Truth, Soul, Spirit, Man, Manifestation Template, Design that is contained within the Music of the Spheres Light and Sound Technology.

Mary Baker Eddy explained this same Divine Formula of Creation of Man made in the Image and Likeness of God, and clearly stated that they only thing that is separating man from that likeness is Error. She said when error is removed, then the Christ Consciousness will appear. Eddy also spoke of the synonyms of God being Life, Truth, Love, etc (listed above already). She always painted the picture of the mortal and immortal man and how there really couldn't be a mortal man, because that man wasn't made by God. She always said the

real man is immortal and that seeming mortal man was only created by error.

"Furthermore, the time comet of which Jesus spoke, when he declared that in the resurrection there should be no more marrying nor giving in marriage, but man would be as the angels. Then white robed purity will unite in one person masculine wisdom and feminine love, spiritual understanding and perpetual peace."(Eddy, S&H pp64)

This was always my favorite passage in the S&H, since I was ten years old. I always felt and knew within myself that this reality would happen in my lifetime. Now I know it will happen within the next ten years.

This is the time when Sixth Level Man will reappear as we rise into harmonic universe 2- dimensions 4,5,6. And then Seventh Level Man will reappear on Gaia- dimensions 7,8,9. We are already in harmonic universe 2. We must now raise our frequencies in consciousness and attune into the reality that already exists within the heart of Earth and the reality of the past, present and future 12 DNA divine blue print which has not been damaged by frozen light.

The Guardians have explained the Seventh Level Man who used to live in Gaia to be this man who MBE spoke of. We are going through the resurrection when we will be robed in the white light purity of the pure attunement as we rebirth into the 5th dimension through the 12 the dimensional consciousness. This will happen in 2017, and we will prepare for this reality between 2013 and 2017. We have entered the resurrection leading to that reality. Eddy always spoke of how important it was to Understand this Divine Science, which I believe is the precursor to the Keylontic Science that was brought to earth early in the twenty first century. That truth that MBE tuned into during her Near Death Experience is the same truth that many are tuning into at this present time in history through the Maharaja Consciousness Templates that come to us through our Frequency Specific Mid Brain when we tune into the Future Self, as is done in a Near Death Experience.

That reality of the Seventh Level Man on Gaia has always existed. We were just taken off line from that reality when our light was frozen in Miasms or Error, blocking our true reality. We are now entering the Mass Ascension of Man, which Jesus called the resurrection, in which "there should be no more marrying nor giving in marriage, but man would be as the angels. Then white robed purity will unite in one person masculine wisdom and feminine love, spiritual understanding and perpetual peace." (Science and Health, page 64)

We now know through Keylontic Science (the Language of the Stars) that error is Frozen Light. We now know what the mathematical formula of Christ Consciousness is. We now know how we were blocked from our Divine Blue Print through reverse spin technologies. We now know that we are made from the radiation technologies of light and sound that can project us in millions of different density levels. MB Eddy also spoke of a time when man would no longer be given in marriage and child birth would no longer exist.

Eddy was speaking of the reality we used to live in when Seventh Level man lived on Tara and Gaia. This was the time when a child could be manifested from the light of the Consciousness or the manifestation template that each immortal man actually has in reality. The true immortal man has always been able to instantly manifest anything, including children. That act can be performed by an individual, a couple or a group consciousness to create an entity who carries many unique traits in the reality of the NORMAL kingdom that we will soon return to.

The act of creation is always performed instantly in Divine Mind through the perfect 12 DNA template of the immortal man who has eternal life, never dies, never gets sick, has infinite intelligence, etc. The references to immortal man that Eddy talked about in her Science and Health with Keys to the Scriptures are described as an absolute science by the Guardians in the new Keylontic Science and Kathara Healing Technologies.

The difference was that the teachings of the Star Language came in

the frequencies that man was able to understand at the time. These two sets of teachings have something in common with the teachings of the original 12th Level Avatar Jesus. They are exactly the same teachings, and the audience and students of the teachings are very small, because only those with the genetic coding of the star seeds and some human angelics are able to comprehend these teachings.

ETERNAL LIFE

We always have been and always will be made of this divine technology of Eternal Life. When we were created by the Christ Code Pre Sound and Light Technology, we contained the ability to Live Forever, to Create our own Galaxies, to Manifest Instantly our Hearts desires. That is the reality. That is the reality we must tune into as the only reality that exists in the past, present and future.

If we continue to tune in to the lower frequencies that were distorted realities caused by the frozen light (miasm or error), we will continue to manifest that reality that locked us into the continuous 3D illusion of reality where we could only see, feel, touch, hear, taste a series of events that were planted into our DNA by Entities who only wanted to freeze us out of our Reality.

That (frozen light Error or Miasm) was how they created the Phantom Matrix and how they planned to lock us into it. That probability no longer exists. We must align our consciousness to the new reality which is the old reality of the ETERNAL LIFE Blue Print. That 12 DNA divine blue print is the only creation that God knows how to make. That reality is made through the pre light and sound fields of Khristiac Technology containing the 12 coded divine blue print. We always were made, always are made and always will be made by that divine blue print which is perfect and eternal. We must realign our DNA

templates to the sub harmonics of the 12 DNA template and begin to know that is the only reality that we have ever been and ever will be made a part of.

It is the knowing and the feeling of the frequencies of the 12 sub harmonics that has been blocked from our world view. We were made to believe that only 5 senses contain reality. When actually those 5 senses were only for us to enjoy the reality that we create through our Higher Sensory Perception of our 12 dimensional self who knows and feels and creates through the imagination. That is the reality that we have been forced out of by world propaganda beginning with parents telling their children that their imagination isn't real. That propaganda is a part of the Frozen Light imprinted into our DNA.

We have been set free from this prison. We were given the reality of our 12 DNA and its codes. That reality was planted in the Heart of the Earth and it will flow through the grids of the Earth. It is still up to us to Tune into the Frequencies and spin rate of that reality, especially by creating in Consciousness everyday the reality that we have always been, always are.

SHIFTING INTO OUR TIME OF MANIFESTATION

Dr. Angela Barnett

Cosmic Mystery School of the Omniverse.com

During 2015-2017, the entire universe will shift forward into a new time matrix, a new Cosmic Template, a new Omniversal Reality. Earth's pulsation speed of particle base will be raised into higher dimensional time cycles.

This time period also offers the greatest opportunity for the return of our ability of Instant Manifestation because the portals will all align into the zero point of creation where the three primal sound fields break through the outer Cosmic Band and into the White Light of

Source Consciousness.

Manifestation happens each moment-each nano second. With each breath we take, we can each design any complete new reality that we wish. After the new reality is created, the creator must inhale that reality back through the outer band of primary sound and into the Cosmic Creation fields. At that moment, an explosion of a new reality manifests. First, as the white light interacts with the blue light of the fifteenth dimension, it creates a sphere that explodes into rays and sparks like fireworks. This new sphere of creation frequency weaves itself into the golden and violet flames of the fourteenth and thirteenth dimensions.

The idea that is created in Source Consciousness becomes a manifest form in Cosmic Consciousness. That manifestation that was made of white light that is completely invisible becomes a more tangible idea in Cosmic Consciousness which begins to manifest in visible forms after passing through the gamma waves and infra red spectrum. The manifest reality becomes visible in the hertzian fields of the three dimensional form. When each sphere has a higher or lower frequency, the spheres are separated. But, during this special moment of harmonic unison that allows our entire Cosmos to sing together a new song and begin the creation of a new reality. That new song or new frequency, aligns the spheres into a new time vector. This time vector will only include the perfect Angelic Races. The Fallen Angelics and the problems they have created will not exist in this new reality.

All creations come into manifestation from the highest frequency. Once the individual creates the idea that he desires to have manifest as a frequency form – a morphogenetic imprint – an idea. That idea is created by the electrical coding placed into the morphogenetic frequency field. This idea is coated in the frequency specific mid brain. This idea can be aligned directly to the Source Field of Creation where Source makes this encoded idea become a manifest able reality. Next, the individual must inhale that morphogenetic field that is encoded through the primal sound fields of crystal liquid light,

crystal dust and crystal gel. This idea is held within these three spheres of creation energy holding the morphogenetic frequency field. Those three spheres are held in the crystal heart until they are felt and known. Next, the individual must inhale the three spheres into the mid brain and allow some time for the movie or idea that is being created or developed to form. Next the idea can be exhaled back out into the three crystal spheres of morphogenetic creation energy. That exhale is the breath that holds the music of the spheres. That is the frequency that allows the forms that have been created on other dimensions to become manifest in this density. This is the creation formula that I was given personally from my family of Elohim-Elohi Angels.

This is the formula that they taught me to use to create music that brings the highest frequency to Earth and to create the frequencies that raise transmute the cellular structure of an individual to prepare for the transfiguration process that allows ascension into higher dimensions.

Once the breaths are formed onto the morphogenetic imprint of the crystal spheres the tones of the breaths transform into a frequency of transfiguration. The blueprint of the new reality now exists within the breath of creation. The Breath must be created as the frequency specific mid brain connects its dream stream directly into the Source Field of creation. This dream stream is the Mind of God that brings the creation into the template of the manifestation.

The idea will never manifest unless the dream stream into the frequencies of Source is continuously maintained. We have been directed by our Creation Team at the Cosmic Mystery School of the Omniverse to create the Individual's Dream Stream through the frequencies placed on the Individual ETERNAL LIFE ALBUM at crystalmagicorchestra.com.

These frequencies that we collect through the directions of the Elohei-Elohim Angels, of the Individual are aligned into Source Consciousness to create the Dream Stream which will allow the

individual to become saturated with these frequencies of creation continuously. This is how our Oraphim Angelic families created Universes.

SHIFT INTO MULTI -DIMENSIONALITY

As we rise up into our Multi Dimensional Consciousness between 2015-2017, what has seemed to be the only reality in this third dimensional dream will become only a speck of the possible realities that will become realized. Most of what has seemed to be the only reality on Earth was created by metatronic frequencies performed through reverse spin technology of fallen angelics. The perception of those on Earth has been blocked from the creations of higher frequency manifestations through veils, seals, misalignment's, Metatronics and a long list of demonic technology. The realities that have place in the upper cerebellum of the brain must become dissolved and replaced through the frequency specific mid brain technology that allows direct and continuous communication and manifestation through the Mind of God. The present reality fields that are being recycled as one looks around himself and keeps creating the same old reality over and over again will become dissolved into higher and higher realities.

These new realities that will become manifest by those who learn to use the Divine Technology in their brain will come from other dimensions. We can manifest any part of any other reality that has ever existed. We can manifest the most wonderful culture based on the Lyran Sirian perfect model. We can manifest becoming the original Oraphim Race who spent their time dreaming new realities. We can collect all of our favorite realities from each and every Universal System in our Race Lines. We can combine creations of advanced technology of the most advanced systems and the sweetness of the Aquafarians and Oraphim Dolphins. We get to make individual and collective utopias. We can create the most magical, fabulous reality systems that we can dream up.

First, we must learn how to create the dream stream through this

alignment into the highest frequency of Source Consciousness. There will be no creations manifesting that are not created through the Mind of God. Only Fallen Angelics create through methods that require the use of energy from other entities. For millions of years, the human race has been used as a source of energy for Fallen Angelic groups. We have not even experienced a normal reality system.

The present consciousness of this world has been locked inside a narrow little spectrum of reality. We see this man made world and we think that we can only re-create things that look like what they looked like in the day before. We think that making an improvement within the present reality is some type of achievement. In the normal kingdoms, an entity can create any new reality that has never been seen the day before. In multi dimensional consciousness we can form our days on what we saw on another star in another advanced civilization. We can combine all ideas from all other reality systems into new ideas that have never been created before. This Angelic Human Race was once the Oraphim Race who were the greatest creators in the Universe. This is what we will begin to become once again.

We can now create, manifest, possess all of the qualities, attributes, abilities, intelligence of any and all of any previous idea that existed any time in the past or any time in the future. All time is available to be manifested in the present. All present realities are created from the past. All future realities are seen from the present. We actually have multiple selves that go into the past and into the future time and space realities. We have imprints of our selves in all other dimensions. We have friends and family in all other dimensions. We have had a veil put over our consciousness that has caused us to forget who we really are. We have been governed by fallen angelics for a very long time.

Stellar Wave Infusions bring areas of the brain out of dormancy. We will have six of these stellar wave infusions on December 21, 2012. Our mid brain, which is frequency specific will begin to absorb all of the frequencies from all of the other dimensions in our Cosmic Matrix.

The frequency specific brain will become the movie camera of the new realities that will form around each individual reality field. The pituitary will blossom and become the movie projector for the Mind of God to make God's Movie.

During our Involution away from Source Consciousness, our brain has been recycling old information over and over again. When we begin our Evolution toward Source, we gain more and more frequencies of higher consciousness each and every day. These frequencies allow us to create more new realities as we are able to see them manifest in our mid brain through the direct dream stream of Source Frequencies through our Higher Self. We learn to bring our higher self down into our body to allow this luminary body to guide and direct us through the Mind of God. Our new luminary body will allow us to do things that we couldn't do in three dimensions.

Our time vector is connected into the present past and future vectors. We can choose the most joyous perfect future to manifest by aligning consciousness into the highest frequency of Source while creating the new reality that you form in your consciousness as always existing in the present past and future. The heroic future that is being created for us is the Christos realignments of humanity into the 12 strand angelic freedom and joy and the Lyran -Sirian perfect cultural model which is already manifest in the future vector, which allows this reality to manifest in this present vector. So, the future Earth can be any reality that we choose to manifest it to be. We manifest every reality in to our own present time vector in the same way.

We can connect and realign our present into any desirable future of the past or future time vectors. We can align into the perfect Oraphim Primal Sound Field of our original Angelic Race who could manifest through dream streams the most wonderful creations of our universe. We can connect and realign our present into the already manifest 12DNA or 48DNA that exists in past time vectors. We can manifest the joy and freedom that exists in the future time vectors and the wonderful cultural models created by the Lyran -Syrian's past time vector. We can pull the realities out of any of the time vectors of any

of the harmonic universes of our galactic, universal or cosmic spheres.

Our Creation Family are the Wizards who would like to teach us all how to be the grand new creators in this new universe. The Cosmic Mystery School of the Omniverse was formed to allow the teachings of our Cosmic Creation Families to teach us co-creation techniques as they show us how their original creation of the most supreme Angelic Human was meant to be. We are moving into Omniversal Consciousness, where all 12 Star Gates are connecting our consciousness into the Omniversal Consciousness of our new Utopia.

The third dimensional mind can only conceive of the visible realm. When many of us transfigure into the light bodies that transpose us into the fifth and sixth dimensions. Now we will shift our consciousness into realms that have been unknown and invisible to us before. We will be able to see our Guardian and Creator Races who have been our families for millions of years.

The invisible will become as real as the visible, as the Earth's fastest particles begin to transfer to hyperspace and our Universal memory is transmitted through the Earth's grids. We will be regaining our Divine Blue Print that makes us able to manifest anything we want, any time we want. We will become the race who creates light and energy through their own bio fields. We will become creators of new realities such as apple trees that grow lemon pies – or any idea we come up with.

How will this shift take place? We will spin through multiple reality fields that will remain invisible to one another, as we break free from old illusions planted in harmonic universe one through metatronic frequencies. As we shed the metatronic frequencies that have been locking our Consciousness into a narrow visible spectrum, we will unfold into a New Earth that contains a multi dimensional spectrum of invisible and visible realities.

As we move onto Future Earth, our bodies will go through a light

transfiguration process that will transform our atomic structure. This change will happen instantly – not gradually. This means every nano second we transform again and again and again until we are completely transformed. Since we only know what we see at the moment, we will never be aware of the transformations. However, you can make your self aware by watching, listening and knowing what to be looking for. The carbon based structure of the mortal body will be changed into the crystal based eternal life chemical and biological forms. This will be our first pull into the future, as our particles spin faster and faster through the angular rotation of particle spin that rearranges our biology, chemistry and scenery.

Our pituitary gland will blossom and open our third eye to gain the spiritual vision of the Mind of God when we raise our frequencies to transmute the lower into the higher frequencies of Source. We will create a continuous dream stream between what we desire to create in our dreams to blossom into full manifestation in any of the multidimensional reality fields.

Please join us to learn how the highest frequencies retrieved from the Primal Sound Fields of Source can transform your body into the Light Vehicle of Transfiguration and Instant Manifestation. This is the first step needed to enter the Cosmic Mystery School of the Omniverse, which will bring the teachings of our Creation Families to Earth.

DNA IS ACTIVATED BY THE MUSIC OF THE SPHERES

Dr. Angela Barnett

Crystal Magic Orchestra.com

URL. <http://crystalmagicorchestra.com>

DNA is activated through the MUSIC OF THE SPHERES. Many people believe that music has much to do with healing. That is very true; but, the music that actually heals is the music of the spheres- not the traditional audible music. It is the actual activity of connecting consciousness to the harmonic spheres within spheres of all

dimensions that completely activates DNA.

If we think in terms of Dimensions and raising frequencies into the Consciousness of each Dimension, we are actually talking about spheres within spheres within spheres. Each harmonic universe has an octave between it. However, that octave is not what is defined in the music class. That octave is a resonance field of translation into a new set of realities. It is an actual shifting out of one harmonic universe of realities into a new harmonic universe of realities.

We have just shifted from Harmonic Universe One into Harmonic Universe Two. However, most people are still playing their old tunes, their old realities, their old movies from the old Harmonic Universe ONE Earth reality.

The spheres within spheres spin together to lift us higher and higher in consciousness. When we use the spheres to lift us, we feel disconnected from the old reality and we feel shifted into the new reality. This is what the music created at Crystal Magic Orchestra does. URL. <http://crystallmagicorchestra.com>

This music is created through the MUSIC OF THE SPHERES, that folds one harmonic universe into another. The enforcement continues until all of the spheres of the music of the spheres are folded back into at one ment with the Mind of God which is the outer sphere spinning at ten thousand times the speed of light and holding us together as One Template of Cosmic Music.

We have been living in the Lowest Music of this system. The music that we have created in this sphere of reality needs to be tune in to the Etheric Realms of music. These spheres can be translated into sound waves. The Hertzian Sound is the audible sound that is heard on Earth. Tuning our ears into the Second Harmonic Universe requires moving beyond the audible hertzian into the pre light and pre sound. We must move our ears into a realm that is not heard as much as Felt and Known. We can tune up our ears to be able to actually hear these Sound Waves that are Plasma and Pre Plasma Frequencies when the spheres spins the light waves into the sound waves to create the Cosmic Soup of an infinite Liquid Light Ocean of Consciousness.

This Cosmic Light Ocean is the most glorious sound that can be created. A sound beyond the imagination of most. When we die, we move through a Veil into a Kingdom that is made of Symphonies of Light and Sound. Everything is musical in the Kingdom of Heaven. This is the Kingdom that we are now bringing to Earth. It is a Kingdom where everything is done through Dance, and Joy and Musical resonances.

The music of the spheres is created by Light and Sound. It is the Light in different levels including hertzian, infra red, visible, invisible, gamma, x-ray and pink white light spinning together with the Sound Waves of those same wave lengths or lower wave lengths in order to create a higher reality field in the DNA.

The DNA is the Sound Wave factor of the equation. The Light of the Universe spins into the DNA of the body. However, the body that we think is our body is only a piece of the body that is actually Cosmic. When we move into Quantum Realities of the things that we can not yet see there are multiple merkaba fields spinning around our body and holding us within the Music of the Mind of God. Our DNA within our Body is supposed to be singing in harmony with the DNA in our Galactic, Universal and Cosmic Body because all of those bodies are one in the same.

The music of the spheres expands our consciousness beyond the confines of a physical structure out into a universal light structure and a plasma ball of light. What we look like to entities in higher dimensions is a ball of magnificent hues in a plasma ball. Our race line looks like a mandala made up of billions of these plasma balls structured together in a wonderful Cosmic Painting of pre light and sound.

The **ULTIMATE HEALING DNA ACTIVATION TRAINING** was designed to help you bring your body and your consciousness flow into this new field of reality that appears and expands into your new consciousness. In this activation, your body is being held within the light fields of all of the Merkabas that contain the light and sound of all five harmonic universes spinning around the body into order to activate the DNA beyond the physical into the Cosmic and Universal

as well as all multi dimensional fields of consciousness.

The Music of the Spheres is the electro magnetic particle spin created through Light and Sound. When the light, called photon energy and the sound, called phonon energy comes together into the DNA, this is what activates DNA. The 8th dimensional plasma activates the fifth dimensional DNA to begin growing and expanding the double helix beyond the body out into the quantum fields of the Universe. The Universal Merkaba brings the 12th dimensional frequencies of the Stars pre plasma into the DNA to extend the helix out into the Universal Realms and the 15th dimensional frequencies of the outer Merkaba allow the DNA to grow clear out into the Cosmic Consciousness.

We must stop thinking of DNA as the double helix strand that appears extremely limited according to Science into the real DNA that is entirely invisible because it is QUANTUM. DNA is Spiritual. It is the Spiritual neurotransmitter of Consciousness into the Multi Dimensional Realm of all beings in the Galaxy and the Universe.

Each chord, scale and sound is activated through the Music of the Spheres and connects the spiritual side of the Veil into the at one ment with the Physical side of the Veil to create a complete transmutation of the physical body into a new less dense version of the body that aligns as much with the invisible spiritual realm of infinite eternal life possibilities, as it does with the tangible physical reality of limited possibilities. The physical domain remains, however the structure of the physical domain changes completely. It changes in elemental form. That means the entire elemental chart of our structure changes.

When the Light (photons) of the 8th dimension come into the 5th dimensional 4,5 and 6 chakras, the dimensional DNA Sound (phonons) experience an activation which dissolves the old emotional records and allows light to shine into the DNA. This begins the initial activation of the DNA. All DNA are activated in the same way. The process of the photons of the Light connecting with the Sound Waves (phonons) of the DNA creates the Neutron Body. The neutron body is less dense and exists in a standing wave pattern that is much more removed from gravity.

The transmutation of all of the emotional memory records of the Soul containing the multi dimensional selves, turns on the Light Connection into the Multi Dimensional Consciousness of each person on Earth.

Where is the Fifth Dimension? It is your Soul. Your Soul has descended from all dimensional levels including Cosmic, Universe, Galactic, Solar and Planetary. All of those dimensional realities are already programmed into the Soul. Now is the time that we are transmuting all of the emotional records that the Soul has accumulated in all dimensions and turning them into LIGHT. The Grids of the Earth contain all of the Akashic Emotions of everyone on the planet and all of their souls from the past 5.5 million years. All of those emotions are now being turned into Light. However, it is the Individual who must turn their own emotions into Light by transmuting them into the Plasma energy of the Sun.

The activations that take place through the music of the spheres connect each chakra within the body to the etheric chakras outside of the body. The DNA works in the same manner. The seven chakras in the body connect into the frequencies of the eight chakras outside of the body to create 15 chakras, which correspond with the 15 spheres of the music of the spheres. The old meanings of chakras, DNA, cells and neuronets must all be altered in order to understand the true function of our body as the template of the Living God.

Our DNA is our connection to Eternal Life, to the all knowing genius, to the unstoppable energy, to the instantly manifested realities of a new kingdom on Earth that becomes visible to those who transmute the old DNA through the light and sound process to allow it to grow into the flower that it dreams to be.

Most of the activation of the DNA take place outside of the body at the spiritual anti particle level, This activates the 12 subharmonics with each chakra as it is tuned through the Crystalline Grids of the Earth's Crust and the Christic Field of Consciousness that lays across the clouds in the sky. So, think of your body as having its neuronets that look like tiny antennas connection from your body clear into the grids of the Earth and out into the Cloud Cities. From that point the

neuronets also connect clear out into the Universe and connect to each Star just like a telephone would connect to an outside line in another country. The telephone lines are not made for chatting however, The etheric frequency lines connect all Consciousness through a KNOWING. We no longer need to think about anything because we will already KNOW what to do.

The fact is the DNA was separated through the separation of the spiritual parallel reality and the physical reality. This is supposed to be one reality. What we don't see is just as real as what we see, and soon we will learn to see it all.

Ascending as a Galaxy is not possible. It is a LIE.

We Ascend as a Cosmos. We Ascend through the ENTIRE FULL SPECTRUM OF LIGHT AND SOUND of all of the Music of the Spheres.

If we do not connect our Consciousness through the entire spectrum of Sound through the Frequencies of the Cosmos and the Full Spectrum of Light of all of the Light Fields in the pyramid diagram, we would just be continuing in the MORTALITY.

What is Mortality? That is when your body gets really tired and old and sick and says I really don't want to be here any more, and then the Soul looks at the body and decides that there is no New Experience to be had in this body, so the Soul leaves and the body stays in the Illusion of the Third Dimension and in the Illusion of Death.

Immortality is when the body tells the Soul I'm ready for a new adventure. I'm ready for a Multi Dimensional Adventure where I can turn my body into light and travel all over the Universe to meet all of the other Stars in the Sky.

Then the Soul says This is Exciting --I will show you how.

The Flower of Life system was created by Annunaki Pharaohs and Kings to suck the Cellesma out of the fifth dimensional beings on Earth so that they could give their Soul another experience. Their Soul is not connected to Source. Their Soul is a Demonic Structure that feeds off of others. Not all Annunaki are Fallen Angels. There are Angelic Annunaki whom we will meet on day in the future – about 2044.

First, we are going to meet our own Soul Families who are the Sirian Eiyani, the Eiayani Lemurians, the Azurites and later the Essassenes, who were created from the Angelic Human Seed and the Zetas.

Most racelines in our Universe are Hybrid races because the original race line of the Oraphims were almost completely destroyed. The Sirian B Consciousness was used to create a Hybrid form of the original Oraphim Raceline that we came from.

I am related to the Syrians, as most of us are. I am also related to the Oraphims, as most of us are. I remember life at a much more distant time than most others do.

I remember living in the same place with the Oraphim Braharama Cetacean Raceline from the Sun of Ha and the Oraphim Humanoids from Sun La.

The reason that I remember the Sun of Ha La as one Sun and the Sun of Ka Ha as the original Sun that is now called Ka is because I was created from the in between band of light. That would be the connection of the 2 from 1,2,3 and the 5 from 4,5,6 and the 8 from 7,8,9 and the 12 from 10,11, 12 and the 14 from 13,14,15.

There is this inner band of light and sound that resonates with me. It is the in between band of light and sound where all of the Symphonies are made in the Music of the Spheres.

I am from the Breneau Race Line in the 14th Dimension. That is the angle of reality that I see all reality from. It is the in between Heliotalic Frequency that blends with the Sun's Plasma to create the Neutron Body of Eternal Life. It is the Crystalai Particle that is within our most

Inner Crystal Heart that connects with the 14.5 of the Brand new Creation.

This time, our new reality is being created at the Cosmic Level. This is the place where there is not one tiny particle of light and sound that is not Eternal. It is the Consciousness of Eternal Life being breathed into this Matrix every Nano Second.

This is where I live now. Anyone can join me by listening to my music. All of the music that is created by CRYSTAL MAGIC ORCHESTRA is to help the LISTENER move into the VERSION of his or her reality that will give them the DESIRED MANIFESTATION.

The individual must tune their consciousness in to the music and then realize what the music is tuning them in to. They are being tuned in to the VERSION of themselves that is the Man made in the image and likeness of God-- the ETERNAL MAN.

Now, there is something a little different from that old Bible Story. We have always believed that there was this Spiritual Perfect man called Jesus Christ and that he was the only one who could be perfect. The only reason that he was the only perfect one on Earth at that time was because the VERSION of the original Man had been distorted by the distortions placed in his template.

Now, we are having those distortions removed from our Divine Template. Now our Race Line is being Re Born with the Divine Imprint that Jesus Christ was born with. Now, we can tune in to that VERSION of who our Race Line always was in the Spiritual Universe that did not contain any of the ERRORS that were placed in the Physical Universe.

The Physical and Spiritual can become ONE. The rule is the HIGHER FREQUENCY will always TRANSMUTE the lower Frequency. So, now we know that the Spiritual Frequency is the Higher Frequency that can transmute all that is in the Physical VERSION of the Individual.

What do I need to do?

Everybody needs to listen to the music in the same order.

Begin with the Ascension Kit. Listen in this order:

1. Ascension Vortal, 2. Ascension Vortex, 3. Ascension Portal, 4. Magic Vortal.

The breaths of the angels were collected in an order that first activated the 12 DNA, then the 24 DNA, 36 DNA and 48 DNA in that order. This doesn't mean that someone will receive 12 DNA just by listening to the music one time. This means the listener must collect the 12 DNA from the Christic Consciousness that is being streamed through the angelic consciousness in the music. This is done by absorbing the frequencies into the cells, the skin, the lungs. When the body becomes completely saturated with these frequencies, the listener may exhale these frequencies out into their own atmosphere and back into their own consciousness. It is always the breath of consciousness that activates. When the breath of consciousness matches that breath of consciousness on the CD, that is when the DNA begins to activate to that level.

When the 12DNA begins activation the listener will begin experiencing their voice changing to sound more like the breaths of the angels. There will also be signs such as healing very quickly, not getting sick.

The same process will be required to activate the 24 DNA, 36 DNA and 48 DNA.

Of course activating the higher level DNA strands into more Source Consciousness, more co-creative consciousness, more Suns of Aquarius, and especially connecting to ones own starry brothers will accelerate the process of activating the 12 DNA.

This kit contains the breaths of consciousness of the Elohim Angels streaming through the golden pillar created by the Elohim of Hearing. The language used has been called the bird language, the dolphin language and the god language. These were the breaths that were translated into streams of light creating vortices, vortals and portals through the seed atoms of the body and aligning them into the original spark of source to restore the original spark of ignition and alignment into the immortality template.

The points of these activations that begin the forward spin of the consciousness into immortality are the tip of the tail bone, the area above the stomach, the crystal heart area below the thymus gland, the pineal gland and the amygdala gland in the brain and the medulla oblongata at the base of the skull.

All of the music in the Ascension Kit places focus on the complete activation of spinning the breaths of angelic consciousness through every seed atom in the body with specific activation on these key areas through the use of crystal light energy.

When the tail bone is connected into oneness with the pineal gland, we may begin to manifest. When the amygdala gland is connected to co-creative consciousness and atonement with the higher self we may begin to communicate, create and manifest. When the crystal

light energy activates the medulla oblongata we will be reconnected to our original immortal self and our divine connection to Source Consciousness. When the point above the stomach area- the solar plexus connects with the fifth chakra in the throat we shift into fifth dimensional line of consciousness. When the spark of source is ignited in the crystal heart we become in tune with the music of the spheres creating the harmonic convergence into perfect Oneness. This creates the opportunity for the Spiritual Self, the Divine Mind, the Source to walk into the temple and begin co-creativity.

Now, imagine the responsibility of becoming a co-creator of our next universe. This is not a responsibility that will be given to anyone who does not have their consciousness completely aligned into Source Consciousness. Manifestation is co-creation. When we begin creating our heart's desires, they must be in alignment with the entire Divine Plan. We must remember that our purpose of creating must not invade the freedom of another. This is why the template of co-creativity must be completely realigned into all of the streams of light energy of angelic consciousness, crystal light, crystal dust and crystal gel before manifestation can begin.

The Ascension Kit's main point of focus is on alignment of the body template into the streams of light energy of Elohim angelic consciousness through the music of the spheres.

The Ascension Vortal focuses on the 12 DNA which lays the foundation for all other activations. The Ascension Vortex aligns the crystal cells of the body through the crystal core of Mother Earth to activate the 24 DNA through the Christ Grid in Mother Earth down through the white light pillar into the Core of Mother Earth where our Divine Consciousness of Immortality was stored. The Ascension Portal aligns consciousness into the Universal Consciousness and to the point of Cosmic Consciousness. This point is also needed to

completely activate the 12 DNA from the 12th Dimension of Christic Consciousness. Finally the Magic Vortal streams light energy of angelic breaths and completes the music of the spheres into the fifth sphere. When the co-creative consciousness and the Source connect at the original spark and breath of creation, the return into the new creation has begun. This is the point of activation needed to return to the spark of source and become immortal.

ULTIMATE DNA ACTIVATION, *The CD album ADVANCED DNA ACTIVATION, and 12DNA ACTIVATION mp3 album both include the God Language that was given to activate the 12 sub harmonics in the 12 strand human angelic, the activation within the cellular memory of the spiritual Coushas transmuting the old AEKASHIC records, the Illumination of the AEKASHA- 12th dimensional consciousness into the pineal gland, and the names of the music of the spheres for the fifth sphere. This God Language is mostly what your ears will still hear, because it is the closest thing to your old five senses understanding of should be heard.* The Ascension Kit streams actual words through the golden pillar from the Elohim of Hearing from specific angels. These angels are singing in harmony with the Oraphim angels in the underwater cities of light in the Liquid Core of Mother Earth. These are the angelic consciousness streaming the DNA of the 36 and 48 DNA templates of etheric immortal selfhood. This is pure consciousness with a translation down a step to visualize the beauty of the standing wave patterns of these parallel universes.

The Magical Mermaid Journey into the Crystal Caves focus is on alignment of the body template into the streams of light energy of Oraphim angelic consciousness in the crystal heart of Mother Earth, in the Aquafaria where our perfect immortal Oraphim family lives in the underwater cities of light. The breaths of consciousness align into the 36 and 48 DNA strand of angelic consciousness.

Please remember that the 36 and 48 strands of DNA represent the level that the angelic consciousness is at. Those levels of DNA are recorded on the music frequency kits. This isn't a magical breath that transforms the listener. The listener must take the responsibility to align himself completely into these frequencies and become at one with these standing wave patterns of a parallel reality.

DNA activation occurs as the breaths of angelic consciousness enter into the crystal cells of our bodies. The angelic breaths are the Cosmic Rays of light and sound sent from the highest frequencies of God. Crystalai was given the formulas of sacred geometry to oscillate crystalline energy from the Cosmic Consciousness of the Co-Creative Angels in the fifteenth dimension

These entities stood before me and created a golden pillar in my left ear to connect me to the highest frequencies of the Elohim Angels. They called forth three Knights who kneeled before me and handed me three spheres of crystal light, crystal dust and crystal gel. They taught me how to connect my consciousness through oscillation into the highest realm as they provide the orchestration of the streaming consciousness portals, and they arranged agreements with all Angels in the Cosmos to offer their breath for this creation. Each time I am directed to record, five to fifty new angels who up and sometimes stream melodies, sometimes words and sometimes breaths.

The more we connect our consciousness into these light streams, which are the breaths of angels, the more we become attuned to the ascension through the music of the spheres. Our entire cellular structure is aligned into the cosmic streams of consciousness that unite us with the movie screen of co-creation. The co-creators on the fifteenth dimension are streaming their magical movies into Earth waiting for those who are in tune to turn on their channel.

The meaning of that God Language Code is anything or anyone who is not Christic can not enter my field of reality. It means that I am in the fabric of my Christic Reality that has been activated by Cosmic Consciousness. In order create this field of protection that I place in the music through my Consciousness, I use this formula:

First, I activate the Christ Star 12 dimensional Merkaba 12 inches above my head and then inhale that into my mid brain to create the Oneness Attunement of my body and my Christic Body. Next I exhale that merkaba down into the Crystal Core Domain of the 13.5 Cosmic Level of Inner Earth and collect the Cosmic Activation Frequencies and then Inhale up to 12 inches below the Earth's Crust to connect to the Christic Frequencies.

Next, I spin the Cosmic and Christ Frequencies together in the Merkaba, which creates a Plasma Sphere, and then I exhale that sphere of Consciousness up through my body and around my body.

That Maharic Shield around my body connects me to the D-12 Christic Blue Print. Next, that connects me with my 1728 Angelic human Versions of myself in Time Vectors speed across time and we all share the same 12 strand DNA template. When activated, the 12 strands of the 12 strand DNA template serve as electro magnetic windows or internal stargates that merge all 1728 selves together to create an Eternal Christos Avatar Identity that manifests simultaneously in versions of my reality across all time.

When we spin more and more of the frequencies of the spiritual, etheric, breath like, and yet powerful Consciousness into the Merkaba activation, the DNA becomes filled with a different reality. The reality expands from only knowing the five senses as reality into knowing that there are many other realities beyond the five senses.

What is the DNA activated to do? It is being activated to see the new reality that we have been disconnected from-- the reality that EYES cannot see and EARS cannot hear. It is the spiritual reality that is invisible to us as long as our sub harmonics are unplugged between the base tones and over tones.

What are the base tones and over tones? The connection of our

Consciousness into the Inner Earth and Aquafaria, into Sirius B, into Sun Alcyone, into the Aquarius Matrix, into the Cosmic Blanket of the Cosmaya, and into the Mind of God. How do we connect the base tones and over tones? We breathe together the anti particle spiritual over tones into the particle universe physical base tones and spin and braid them together. We are, in fact, connecting our Consciousness, which is the Primal Life Force Current that is in all dimensional levels or density levels of that original perfect reality.

The newest set of Frequencies of Consciousness that I have been recording over the past few weeks combine everything that I just explained. Many of those albums already had hundreds of layers of breaths lain over another hundred.

The CD album ADVANCED DNA ACTIVATION, and 12DNA ACTIVATION mp3 album both include the God Language that was given to activate the 12 sub harmonics in the 12 strand human angelic, the activation within the cellular memory of the spiritual Coushas transmuting the old AEKASHIC records, the Illumination of the AEKASHA- 12th dimensional consciousness into the pineal gland, and the names of the music of the spheres for the fifth sphere. This God Language is mostly what your ears will still hear, because it is the closest thing to your old five senses understanding of should be heard.

THE BIRTH OF NEW DNA ACTIVATION OF THE MUSIC OF THE SPHERES

**Dr. Angela Barnett

(Teachings from the Cosmic Mystery School of the Omniverse)

The Immortal DNA contains the image of Christ Consciousness. It is the DNA that allows the highest frequency from the Music of the Spheres to melt away all of the Electrons within the cellular memory and replace the electrons with the Infinite Unknown Mind of God.

The spheres within spheres in this diagram are the harp strings. The diagram on the bottom of page

<http://crystalmagicorchestra.com/DNA-infusion>

shows these same light and sound frequencies in the shape of a harp or pyramid, and then the diagram below it shows that the same harp strings are the Music of the Spheres- spheres within spheres of FREQUENCIES.

The way that we spin these spheres together to bring all of the frequencies from the highest string or sphere into the body is to breathe with Intent with the focus on the outer sphere. The Breath needs to spin the sphere Clockwise.

As the outer sphere spins clockwise it will intersect with the next sphere within it and melt the higher frequencies into that sphere and then it will melt into the next sphere and then the next and the next until all of the spheres of the harp strings are transposed into the highest frequency of the Pink White Violet Light transposing all of the Light and Sound into the Highest Frequency of the Music of the Spheres.

The movement of spinning the outer sphere clockwise is the same technology that is created by using the Merkaba to spin the Spheres.

The highest harp string is the Pink White Violet Light string. That violet string is actually the 15th dimensional consciousness of the Cosmos that contains the heliotalic and gamma pre light and sound frequencies that transform the skeleton of the neutron body into the Christ.

This transposition occurs again at the Seventh harp string which is Violet. This Violet harp string begins the transposition because all of the DNA was cut off from the 12 DNA at the 7th dimension. So, when the Violet string is activated with all of the higher frequencies within the 15 dimensions, that 7th dimensional Seal which was locked will open into the complete Consciousness of the Infinite Intelligence.

This is all done by breathing and spinning the outer band or sphere clockwise and with intent to melt all of the lower frequencies into the harp string of the 15th dimensional pink white light heliotalic frequency of transformation.

This is the process that takes place when we move beyond the frequencies of the Electron and out into the pre light and pre sound spectrum of energy that is beyond electricity.

The etheric structure of the DNA re-connects into this pink white violet 15th dimensional string in the Cosmic Sphere of the Music of the Spheres, and this transforms the old DNA into the Christ Consciousness.

That harp string that resonates at the highest frequency has Zero Electrons. The polarization becomes dissolved when the sphere that has zero electrons sings through the other spheres. The removal of the polarization is what allows us to become Christ Consciousness.

In order to become a Christ, we must learn to play the Harp like the Angels do. The Angelic Consciousness in the Cosmic Sphere of the Music of the Spheres is played by the Breaths of the Highest Angels.

The Elohim Angels taught me how to play this Cosmic Harp that would activate the Christ Consciousness. When we breathe to connect our Consciousness into the Cosmic Sphere of the 15th dimension, we activate all of the lower strings on the Harp. The Highest Frequency Sends the highest resonance of Cosmic Consciousness into all of the Lower Strings on the Harp.

These harp strings actually exist deep within the Soma of our Atoms. The Soma looks like a sphere that is surrounded by a mote of water, just like a castle wall. Inside of the Soma there are these tiny little hair like fabrics that look like a harp string. These strings actually appear to be tiny little spheres sitting on top of each other inside of the DNA. They are separated by electrons. The Fewer the Electrons the more positive the charge is. So the More electrons, the more negative the charge is. So there is a Polarization of the positive and the negative charges in the nucleus of the Mortal Cell Structure. However there is absolutely no polarization of positive and negative charges in the Immortal DNA.

That harp string that resonates at the highest frequency has Zero Electrons. We must move into this Zero Point to become Christs. The polarization becomes dissolved when the sphere that has zero electrons sings through the other spheres. The removal of the polarization is what allows us to become Christ Consciousness.

When the electrons become dissolved, there is no more polarization. When there is no more polarization in one DNA, the entire body transforms.

The removal of polarization means the removal between matter and the anti matter, the physical and the spiritual. When Polarization is removed, we become Christ. We become Super Human.

The Elohim Angels taught me how to connect my DNA into the Cosmic DNA of the Outer Sphere. I use the gift and the formula that they taught me over several years to create the Eternal Life Album. It was the same formula that I used to create the Eternal Life Album that brought my husband back to life after being gone from his body for several days and declared dead in the hospital. The Angels taught me this transformational process of bringing the Highest Frequencies into the DNA to reconnect the Eternal Life of the Super Human- the Christ Consciousness in Man.

They taught me how to use Crystal Light, Crystal Gel and Crystal Dust to remove the polarity of the negative and positive electrons. It is the pre light and sound Frequencies within the Liquid Light or Vapor of the pre plasma of the Gamma that is contained within the three Crystal Spheres that I connect my consciousness through to TRANSFORM THE SOUND. The Transformation of Sound actually means unplugging from the polarized Mortal Mind and plugging in to the Immortal Mind of Christ Consciousness. This can only be done in the Pink White Violet String or the 15th Sphere of the Music of the Spheres. This is the highest frequency that removes the polarization of Electrons.

AQUAFARIAN TRANSFORMATION

In our Quantum Level Biology lab we are working with minute organisms called Elementals. We work specifically with Minute, Microscopic Entities who call themselves the Aquafarians. The Aquafarians have showed me in my dreams this display of Electrons within the Soma of my DNA. This would be impossible to see with normal Scientific Technology.

In my dreams at the Cosmic Mystery School of the Omniverse, where the Aquafarians are my teachers, I was shown this layering of these tiny little spheres upon spheres upon spheres within the Soma of the DNA. To a regular scientists, these would look like a layer of stones, however, at the etheric level of vision they are more like the spheres of the music of the spheres.

Scientists call these protein atoms. Each of these tiny atoms have electrons spinning in and out and around them. The nucleus of atoms have negative and positive charges. The Fewer the Electrons the more positive the charge is. So the More electrons, the more negative the charge is. So there is a Polarization of the positive and the negative charges in the nucleus in the Mortal DNA.

The free flowing electrons between the stack of atoms do not belong to any one atom because they are swimming in and out of the stack of tiny protein atoms. So these atoms could become polarized into negative or positive at any time.

Since we have these electrons dancing back and forth between positive and negative charges, we are working with Elementals who are receptive to Frequencies. The Aquafarians are the Angels who Sing the Frequencies into the Harp strings of the DNA at the Quantum Level.

The carbules are like strings on the harp. They are the Aquafarians harp strings. When the Aquafarians Strum or sing the highest string on the harp, the highest frequency of the violet light and sound of the 14th dimension. When that String is played, it Transforms our Reality.

When the Violet String is Heard through the other Harp Strings, the lower strings begin their Evolution. They begin to transform into a new Multi Dimensional Choir or Realities.

Inside of the neuron nerve fiber there are six other bodies within its skeletal structure. What holds it in its three dimensional mass is the harmonics of the fabric receptors at the Quantum Level. The electrons that flow in and out of the protein atom grid of the fiber itself create the resonate vibration that holds the hologram of matter together.

The etheric spheres or strings in the harp that go beyond the light body do not have electrons. Electrons are given visible birth because they constitute polarity.

Some carbules have an electron cloud because those carbules are connected from the light body down. So this cell can glow. It can glow from the inside out because if you strum the carbules of its body it will glow. However if you strum the blue body this will appear like a negative. Your network of webs become visible.

Lets say this nerve neuron has reached its capacity in your brain. It is finished with its life. So this belonged to the Human Brain nerve strata and it was created exclusively for HUMANS. But now we want to become something else. We are done being Humans. We are finished being Mortals.

To become something else we need to move into this Frequency of the Pink White Violet Sphere and allow the transformation to happen in the etheric levels of the DNA. We must play the harp strings of the DNA through the highest frequency which causes all of the lower strings to melt into the resonation of the highest string.

This causes all of the strings in the DNA to melt away or dissolve. This is the transformation that is required before the Christ can appear. The new harp strings are connected into the Mind of God through the transformation of the violet string.

The being has a dream in the deep sleep of becoming a new life in a different reality. That dream is within a completely different reality- a different frequency – a new place and time. The being must dream this dream into his being by placing it in the etheric web of the strings in the DNA within the neurotransmitters.

The being visualizes the dream after moving into the highest frequency of the violet string. The being falls asleep because the frequencies are so high that they have slow, long waves that are pulling consciousness into the Cosmos. It is a very long distance, so the waves are very slow. The waves are not low frequency. The waves are an extremely high frequency which causes a long, slow wave to pull the consciousness far, far away into the transformational chambers of the 14th dimension of Cosmic Consciousness.

Since the dream of the NEW REALITY does not exist in the old DNA, the neuronet fires, but can not find the reality. So, the soma becomes agitated while searching for a new reality. This causes the nerves to light up and fire a new reality into the etheric fiber of the DNA. This firing deep within the nerves causes the interconnecting nerves to pierce the soma and begin to Fire simultaneously. That causes a digging a hole into the heart of the soma to search for a new reality. The new reality must be created in a new set of harp strings, in a new set of DNA.

An electrocution takes place in the soma and it creates a wonderful new quality in the entire cellular memory. It causes a vibration to occur in the cell. That vibration comes from the fabric like etheric substance which look just like the five spheres (the Music of the Spheres)it is the skeleton inside of the body of the atom. The reason the etheric fabric does this is because the dream of the humans potential exists in a mind that is superhuman. The mind that is super human does not live in the mortal DNA, but, it does live within the immortal DNA – in the harp strings of the super human Christ Consciousness.

So this superior mind strums the image, sings the image. The harmonic fibers vibrate in a harmonic movement. The skeleton of the body of the DNA dissolves. It erases itself. Only the soma and the fabric of Christ Consciousness remains and it imprints itself on the new DNA. The new DNA cannot appear until the old DNA becomes dissolved.

It turns into a Thick GEL. It becomes a Cocoon ready to give birth to a Butterfly. The Soma has dreamed the super human into existence just like the cocoon dreams the butterfly into existence.

Hormones do not work in the new reality. The synaptic Cleft has replaced the hormones. Hormones were the creators of the Mortal Man. Now we are creating the Immortal Man- the Super Man.

We evolve to this through the Quality of Consciousness by absorbing New Knowledge of a New Reality. This becomes a building block for a new reality to be dreamed into a new you. The microscopic fabric within the soma of the neurotransmitters dissolve the entire mass of the DNA. Those old realities in the old DNA must be dissolved before a new reality can be dreamed. So, I breathe the new frequency of the violet string into your DNA in Consciousness to melt away the old realities and allow a new reality to be formed on your new DNA. Your Eternal Life Album plays the harp strings within the DNA to prepare your Consciousness to sing a new song of Love Transformation into the Christ Consciousness.

The harp strings vibrate all the way from the infinite unknown neurotransmitters that have no electrons. The song becomes frequency. A very high sweet frequency. The voice becomes transformed into this new frequency of etheric sweetness. And that song sings through the DNA until the old DNA melts away.

That new song sung through the breaths of Angels effects the entire fiber core net work of the cell, the neuronet, the DNA. Only one cell in the body needs to become transformed before the entire body transforms into the Christ body.

The new breath of creation sung from the violet sphere transmutes all of the lower spheres. The Cosmic transforms the Universal and the Galactic and the Solar and the Planetary Consciousness. The spheres within the DNA transform all the way down into the density of visible light. The invisible light becomes the blue hue to the mind who is beginning this transformation. Those of you who have followed my Candle Technique and used the Full Spectrum of Light Energy just like we use this harp string. Each of the strings on the harp string are the same as the light spectrum in the candle flame.

When we take the body completely into the candle flame of the full light spectrum of the Mind of God, we are transforming the tiny little harp strings within the soma of the neuronet. We are allowing the highest frequency to strum the harp strings of our minds. We are reconnecting to the Mind of God.

The light of transformation is coming from the new frequencies sent from the Suns of the 5th -12th dimensions. Each stellar wave infusion that was brought to Earth from the seven Suns brought more of this transformational energy that is needed to activate the Super Human Consciousness of the Christ.

All of those frequencies needed to be combined into the highest frequencies through the Music of the Spheres. This is why the Elohim Angels handed me the three Crystal Spheres of Crystal Liquid Light, Crystal Gel and Crystal Dust. They told me to weave these sets of crystalline energy that all of the suns and stars are created from into one Crystal Sphere and hold it above my head – 36 inches in order for the activation of the Music of the Spheres through the Violet String on the Harp strings. They had me begin by taking the spheres up to 24 inches above my head into the Universal or Christic Sphere of the 12 dimensional Consciousness and connect to the Consciousness of the Elohim of Hearing, which means the Christ Consciousness.

However, the Christ Consciousness must be activated through the Transformational Consciousness of the Cosmic Consciousness which is the original breath of the Mind of God. That transformational Frequency is 36 inches above the head.

These locations of frequencies of Consciousness is created through the Merkaba Spheres that spin energy of consciousness at different rhythmic spin rates. The Cosmic Merkaba placed around the body is represented through the bottom point of the triangle of the bottom merkaba placed within the etheric 13th dimensional Core of Earth and the top point of the Merkaba triangle facing upward touching the 14.5 dimensional Consciousness within the Sphere of the Divine Love Consciousness which holds the Cosmos within the Mind of God.

When the body is placed within this Cosmic Merkaba, the heart of the body becomes in tune with or in the exact same rhythmic frequency as the heart of Mother Earth, the heart of the Universe and the Cosmos. The term heart and heart beat mean at the place where the upper triangle of the merkaba and the lower triangle of the merkaba intersect through a spinning of all that is in the Consciousness within spinning into the Consciousness of all that is in the Consciousness of the Outer. When the body is returned to that spin rate of the Cosmic Sphere, the Electrons disappear. Polarity disappears. There is no more positive and negative charge of electrons creating density. There is only pure consciousness.

The electrons redefine themselves. The skeleton that appears is a Christ. It reformulates its neuro mass to fit the control of the Mind of God. The brain has changed to become the facilitator of the super human.

Our bodies will go into a deep sleep, like a hybernization. The change will be through chrysalis. As the Celestiline enters into our bodies from the waves of stardust and prana, it causes a light to flash and create a new reality in flash.

Our brains must go into a deep level of sleep as we are pulled back into Oneness with the original creation point of Source, the Idea, the Thought, the Intention and the Manifestation of the New Idea.

The body will always be held in tact within the field of God Source. However, at the same time, we will disappear for nano seconds at a time to realign in the new idea.

God creates each idea within a sphere of Hydroplasm. There is a cloud of hydrolaise which is first frozen and then warmed into various chemical structures of light and sound. The blue print of the idea is simultaneously created at all levels of manifestation from hertzian, to infra red, to visible, invisible light, x ray and gamma wave. This means the invisible, etheric reality of the thought of God is manifest at the same instant that the new body flashes on in the dimension that will be in our new perception.

During this very rapid transition, the body goes into lucid dreaming, psychedelic sleep. When we awaken, we will first notice something different about our bodies, the way we feel and look, our hopes and desires will have completely changed. We will know we are Christ. We will know we have become the mind of God manifest. We will open our eyes on to a new reality because our perception will have been completely translated.

The window for this transition will spark open November, 2016. Whatever dreams that we have placed in our new DNA will be the reality that appears before us.

The skeletal structure of each cell will be dissolved and then a new imprint will replace it. The old DNA will still exist – but with a new imprint placed upon it by the mind of God. The new imprint will manifest as a new body. The body is made from a chip of light or the breath of God breathed to create a spark. This creates a hologram or a dot matrix body. The hydro plasma and hydrolaise and hydrogelaisic chemical interactions with light and sound create a new form in space. That new form is imprinted upon the tissue of the body. The carbules in the soma of each DNA begin to fire a new reality from the synaptic cleft.

The entire lightning effect of the carbules in their vibrating change imprint the DNA with the new living status. The new program exactly like a caterpillar becoming a cocoon becoming a butterfly. The cocoon uses the light of the Sun to create a gelaisic chrysalis of crystal light crystal dust and crystal gel of light frequency and utilizes the gelaisic transformational substance of 14th dimensional heliotalic violet silver pink wave frequency.

The cocoon is the consciousness that is taken into the transformational factory of the 14th dimension. The violet harp strings where the electrons are removed.

The form holding substance is removed to a new dream.

The cocoon becomes transparent, invisible, transforms. Exactly the same process takes place in the transformation of the DNA all of the old programming of density of the body dissolves into a new consciousness a Christ Consciousness of a form that is being played into existence through the harp strings- the cosmic harp strings of the violet transform the invisible light into the blue hue- a new reality is born.

The Frequency specific feeling takes place in consciousness to transpose the DNA to be strummed by the Mind of God. The violet string becomes the conductor of the human plan.

The caterpillar knows how to use the quality of light of the sun.

The caterpillar goes to sleep. Hybernization is done through the autonomic neurons system that is connected to the Mid Brain section of the brain. The nervous system controls body function of the heat and temperature and blood pressure, controls appetite and simple bio process of elimination.

Caterpillar goes to sleep through frequency specific mid brain.

Its autonomic system moves it into slow hybernization. we can do this by using the candle to teach us to move into the blue hue in the brain and stay there for several hours.

The heartbeat slows down biology slows down in psychedelic sleep, lucid dreaming is a state of hybernization when we move into the Cosmic Sphere of Consciousness. This happens when we use the Candle Technique to move into the Full Spectrum of Light which transforms the invisible into the visible. The caterpillar still has the memory in its DNA telling it how to turn in to a butterfly and humans had that program removed from their DNA. We must remember how to use the DNA programming that the caterpillar remembers.

He visualizes himself becoming a butterfly. We must visualize ourselves becoming super human. The Christ- the etheric harp strings in us must be reconnected into the mind of God through the process of the violet string or sphere of cosmic energy. We must sing ourselves into our Christ hood.

We first create the list of who we want to become. The list might contain these ideas and many more.

The image and likeness of God the Eternal Life Body

The Christ Consciousness Realized The Enlightened One, the Blue Body, The Immortal, Fearless, Super, Heroic, Teleported, Walk through Walls, Remote Viewer, Body 20 years younger, vital, energetic, perfect self.

Write it, draw it, visualize it, dream it into being.

We must paint that reality on to our harp strings of our DNA.

We must sing that dream onto the harp strings. The highest frequency must strum the other harp strings into the etheric frequency that removes the electrons, that removes polarization, that removes space between spiritual physical, removes time and space.

You know this has happened when you feel like you have disappeared.

You strum your harp strings into the infinite unknown Mind of God.

The Mid Brain has psychic abilities. Sub Conscious Mind of God is star dust. It reaches into all time and space and removes all time and space. All that is known is within the Mind of God.

What will happen?

You will be the same you but your DNA will be reprogrammed

The old DNA will melt away and become transmuted into your subconscious-the mind of God.

The Christ that was created by God will be written upon your dot matrix body- your divine blue print of the Idea of God.

You will align into the consciousness of Source and your mind will become empty.

Your last contract with Source will end and a new one will begin.

You will rise into harmonic universe two as you are lifted above the earth.

You will melt into the frequencies of the sun and you will disappear.

When you wake up, you will be changed. You will be brand new.

The first step is visualizing this transformation and understanding it. The Eternal Life Album is created by taking your body through this process for you, however, it is much better if you take your body through this process of transformation while you are listening to your Eternal Life Album.

It is much more helpful if you visualize the tiny little harp strings within your atoms and visualize a tiny little angel in your atoms strumming the highest string – the violet string and see that breath transform the strings below into that most etheric sound that is heard in the highest frequency.

You will find a new liberty as you become the god of your body. You will be able to manifest any thing you desire instantly if and when your Consciousness is actually within this new Frequency. When you hold your consciousness in the Violet String or the Violet Sphere of Cosmic Consciousness. Your Consciousness must be in the 14.5 Transformational Light Center before you can Magnetize the Frequencies of the Vision into your DNA. The vision of your desired manifestation must be felt as a frequency. You can then Strum that Frequency with the Violet Frequency to manufacture it in the transformational center. Only then, can the Mind of God manufacture the idea from the negative idea into the positive manifest EXPERIENCE.

When someone Magnetizes something to themselves through frequencies, the process of creation is used. The idea can only manifest if it is created through the Mind of God and then created as an Experience in Holographic Form.

When a person says they are Magnetizing Form by raising their frequencies it means they are raising their Consciousness into the Energy of the Cosmic Sphere where the Mind of God transforms old ideas into brand new fields of reality.

Otherwise, there are just old life forms being recycled over and over again.

We will be moved into a new time and a new space when we become saturated with the highest frequencies of Source. We will first become one with the Frequencies of Middle Earth – the magical place where our angelic families have lived for eons waiting for us to return.

Remember the reality is always in a frequency. The Earth's frequencies are actually being raised into the frequencies of Inner Earth and the Cloud Cities above us. This is the first step in our Ascension. Those who transmute their DNA into the vision of this new reality will see it and those who do not will not see it.

The new body and the new reality will become completely activated by a Star burst which creates the Celestiline – the magical substance that sets the metamorphosis into activation.

Once our DNA is reactivated, our bodies will go through a very fast transition in a matter of a nano second.

Our bodies will go into a deep sleep, like a hybernization. The change will be through chrysalis. As the Celestiline enters into our bodies from the waves of star burst and prana, it causes a light to flash and create a new reality. Our brains will go into a deep level of sleep as we are pulled back into Oneness with the original creation point of Source, the Idea, the Thought, the Intention and the Manifestation of the New Idea.

The body will always be held in tact within the field of God Source. However, at the same time, we will disappear for nano seconds at a time to realign in the new idea.

God creates each idea within a sphere of Hydroplasm. The body becomes the Christ when the H₂O of the body becomes H₂O₂HE₃. We achieve this by consciously translating the water that we drink into Spiritual Water through the Conscious activity of using the Three Crystal Spheres of Transformation.

We do this by taking the water we drink into the Crystal Spheres and holding it in consciousness 36 inches above the head and visualizing its transformation into the crystallization of H₂O₂HE₃ – Spiritual Water – hydrolaise.

There is a cloud of hydrolaise which is first frozen and then warmed into various chemical structures of vapor through light and sound. The blue print of the idea is simultaneously created at all levels of manifestation from hertzian, to infra red, to visible, invisible light, x ray and gamma wave. This means the invisible, etheric reality of the thought of God is manifest at the same instant that the new body flashes on in the dimension that will be in our new perception.

During this very rapid transition, the body goes into lucid dreaming, psychedelic sleep, the body shuts down the desire to eat and the bowel and urinary functions are shut down. There is a prolonged chemical change in the body.

When we awaken, we will first notice something different about our bodies, the way we feel and look, our hopes and desires will have completely changed. We will know we are Christ. We will know we have become the mind of God manifest. We will open our eyes on to a new reality because our perception will have been completely translated.

The skeletal structure of each cell will be dissolved and then a new imprint will replace it. The old DNA will still exist – but with a new imprint placed upon it by the mind of God. The new imprint will manifest as a new body. The body is made from a chip of light or the breath of God breathed to create a spark. This creates a hologram or a dot matrix body. The hydro plasma and hydrolaise and hydrogelaisic chemical interactions with light and sound create a new form in space. That new form is imprinted upon the tissue of the body. The carbules in the soma of each DNA begin to fire a new reality from the synaptic cleft.

LINKING INTO ALL THAT YOU ARE

Dr. Angela Barnett

Crystal Magic Orchestra

Your DNA is the Circuitry that links you into all higher dimensional planes and all higher evolutionary paths. You are created this way. You are connected to all multi dimensional aspects of yourself where all imagination is reality.

Each time you go to sleep you dream in other dimensions. Each of those dreams contains the you that exists in that dimension.

It is a very REAL experience. It is just as Real as anything that happens to you after you wake up.

What we are supposed to be doing now that we are in this Fifth Dimension of Multi Dimensionality is to explore ourselves who exist in all of the other Densities that are higher and lower, in the future and in the past of the version of our self that we are most focused on during the day time.

The more we practice remembering our experiences in our dreams, the more we are learning about who we are, who we have been and who we will be. We pave a rainbow bridge between dimensional realities when we are dreaming. When we practice remembering these dreams and bringing them into our normal experience, we are expanding into the Fifth Dimension which allows us to Slide in and out of these densities or Versions of who we are.

If we do not pave these rainbow bridges while we sleep, we will not expand our awareness of our multi dimensional self hood. We must connect to all of our selves who are us. Those we call our higher selves are all a part of who we are now. They are not separate entities living a separate life. We are all combining our experiences as one Galactic Life form.

Leaving the body to move into higher dimensional planes will bring back many experiences and it will bring you forward in the evolution of your own consciousness.

Each night before you go to bed, while you are playing your music, relax, focus on your frequency specific brain, tune in to unconditional love and say I wish to connect to my self during sleep and I will bring all experiences back consciously.

Realize that you will go into a dream state that will allow you to remember and bring back the experiences. You will have Lucid

Dreams because they are real experiences. They are just as real as anything you do in the day time.

Your own ability to jump through each density as you evolve up the ladder of density will allow you to slide into these realities more and more when you are awake. It will be easy to remember the fourth and fifth density experiences. It will take more time to built your bridge or ladder into the higher densities. The more you learn to slide on up to the seventh and eighth densites, the more you will learn to become one with your Plasma Body and your Twin Soul.

After you pave the rainbow bridge in your DNA through your dreams, you can repeat these experiences in the day time by going back into the trance state and re calling the experience to take place while you are awake.

We can also practice this same process of climbing the ladder of evolution or sliding through the densities by using the guidelines on each of the songs on the Atomic Mirror. This process that takes your consciousness into the Cosmic Densities prepares the rainbow bridge in the DNA to allow you to travel to these places in your dreams. What you experience in your dreams is true.

The experiential journeys down into the Cosmic Heart of Mother Earth is connecting your consciousness into the Star Dust and Plasma of the Plasma Ships that are now wrapping the Earth in their arms. The Plasma Ships created the Atomic Mirror that locks the Earth in a protective blanket where the Sun's Radiation cannot hurt us and yet at the same time the Consciousness of the Atomic Radiation is morphing into our atmosphere and into our DNA.

When we are connecting with our TWIN SOUL, who is our Host, in the Atomic Mirror we are actually creating a Portal from where we stand on Earth up to ten thousand feet above in the Clouds.

That is the place where the Vortex of the Christ Grids intersects the Christ Grids in the Earth's Crust. When we align into the Portal within the Cosmic Core and connect clear up to Point Zero of the Mind of God, we have entered into the Full Spectrum of Frequencies that Shift us into the Perception of a New Reality.

When I saw Zaurak standing on a Cloud, he was ten thousand feet up and in the exact angle of the Atomic Mirror. Zaurak is one of the members of the Plasma Star Ship who have created this Plasma Blanket around us. We have been told that when we connect with our Twin Soul in the Plasma Blanket we are within the Land of Wa where we can actually board a space ship through our Twin Soul's assistance. This Cosmic Blanket was named the Ashtar Command in earlier channels. All of these entities are connected because they are all a part of our Over Soul.

This experience connecting with my Host and being invited on to a space ship already happened to me. I didn't realize that I was actually having an Experiential Course on using the Atomic Mirror to become at one with my Twin Soul so that I could board a space craft until last night.

I had written this in my book, 12 DNA MUSIC OF THE SPHERES-ASCENSION PROGRAM from the COSMIC TWINS DIARY. It is in chapter four. I had been talking to my Twin Soul and all of my higher selves for the past few weeks about clarifying who the man in the clouds was. The pieces of the puzzle started coming to me as they always do when my higher selves communicate. They directed me to a website where there was a picture that looked identical to the man standing on the cloud with the same clothes, the same stance--it was identical.

The picture was of a Templar Knight Guardian. The picture was to remind me of everything that happened the first time the angels appeared to me. There were three Templar Knights who

bowed before me and handed me three crystal spheres. Those three spheres are what I talk about in all of my writings of how the music was created.

The message was two fold. It was to remind me of the Knights who bowed before me because they were handing over the kingdom to the new guardians. The message was to remember that WE ARE THE GUARDIANS. Yes, I remembered that. We are the new Guardians. We are the re-birth of the Priests of Ur. The entities from Tara who created this plan of our re-birth. So, I said, is this a picture of me? And then the final answer came. I was led to pick up my book--which I never have done before--and open it to a page where I began to read.

The message that I was to find was the Atomic Mirror is created by the Plasma Ships. That answered everything for me. The Atomic Mirror is much more than just a method that trains you to morph into a mirror. It is actually the structure created by the heliosphere allowing this Radiation to come to Earth. What my Twin Soul was showing me was the completion of the mission that we began in Monterey when we created the Ascension Portal, brought in the Violet Sphere connected it through the Clouds into the heart of Earth. This was the preparation for the Plasma Ships to circumfrance the Earth in 2012. The Knight in the Cloud was showing me that our mission was complete and the atomic mirror is available.

This radiation was required for our ascension. The Guardians knew that if this was done 26,000 years ago when our Ascension was scheduled to take place it would had blown up the Earth. Later, in 1972, a group tried to open the merkaba that would allow this automic radiation to come through. The Guardians blocked it because at that time the radiation would had killed most of the population.

Finally, the Guardians rose us into the Clouds. We each have a Plasma Body. This is our Twin Soul. There were 144,000 incarnates created by our Over Soul. Now, there are 144,000 twin souls who are plasma bodies. Each of us has a twin soul. That twin soul is watching over us, guiding us, connecting us to best version of reality every moment of the day. Our Twin Souls are also the Plasma bodies who created the Plasma Ships around the Earth to protect us.

This was the piece of information that was missing from my book. I knew there was something missing because after I had given a lecture on my book in San Mateo in April, it was that evening as we were driving home that Zaurak stood on the cloud for about three hours. After several dreams that linked me to densities where I could see more of what is going on, I was given the remaining part of my story. Yes, Zaurak is my starry brother from Sirius B, but he is also my Twin Soul. He is my Plasma Body. He is my higher self of that realm. We don't just have one higher self. We have a secondary consciousness that connects us to all of our higher selves. Our higher self and our Twin Soul that we merge with when we walk through the atomic mirror into the plasma vapor is the one who can invite you to ride on their space ship.

From the beginning, the Elohim angels told me to make the music and then write about it. When they have me write about the music that I create, they are actually explaining to me what I actually created when I was making the music. The Atomic Mirror Album was creating the portal into the Cloud Cities where I can get on the space ship.

This story was confirmed again when I had a channeled communication with Treb through Rob Gauthier. He confirmed that many of us will be taking space ship rides after we merge with our Twin Soul Family in the Cloud Cities.

(TEACHINGS OF THE COSMIC MYSTERY SCHOOL OF THE OMNIVERSE)

We have just completed the most difficult stages of our Evolution and preparation for Ascension. 2014 will be the year that is remembered as the turning point in the Human Angelic Raceline Journey to prepare for the return to the 12 Coded Christic Emerald Covenant of the Perfect Universe. 2017 will be the year when the race lines who have been our actual ancestors, soul family and friends from around the Universe will join us on Earth. We will first meet the Inner Earth Eieyani and then the Sirius B Majoraji, and then later, the Azurites and Seres. Many of us will remember our lives as the second seeding of the Seres race line, who were known as the Egyptians, some will begin to remember more and more of the bits and pieces of their past ten million life times as the complete consciousness that was broken in half by the Quarantine Fence weaves back together through the Stellar Wave Infusions and Activations.

In the near future, human beings will be taking classes in orbining, levitating, walking through walls, telecommunication with entities all over the planet, galaxy, universe and solar system. Of course, many of us have already been taking these classes for over a decade.

All of these activities require learning how to turn the body into the light body, which is the essence of what our atomic structure really is. This requires becoming One with the Spiritual Self. This requires absorbing all of the dimensional frequencies of all five harmonic universes in order to leave the time matrix that these harmonic universes are within.

The process of healing and activating DNA requires the understanding of the complete process of how the human angelic race line was originally created from the ULTIMATE DNA ARCHETYPE, which means the original 12 DNA template made in the image and likeness of God.

That template is replicated in every thing in our Omniverse. That template is within each atom of our body, in each molecule of each elemental, in every breath we take. That template is like a tiny microchip of perfect Divine Consciousness containing the Intelligence, Supply, Truth, Substance, Life, Love, Mind and Soul of all of God's ideas being manifest in every dimensional form.

That perfect template was tampered with by Invader races over and over again during the past 5.5 million years. The original template of the archetypal man had the form of the immortal man removed from it over five million years ago. This amount of time is still no time at all in the True Mind of God. This reality didn't really ever exist in the Mind of God.

We are now being shown how to regain our Oneness with the Mind of God as it was before our templates were tampered with.

First, we need to know that our archetypal template of our body is the same template of our original Star. Our original Star was created by Sun Alcyone in the Andromeda Galaxy. That Star was blown apart and scattered outside of our original Galaxy and into the Milky Way Galaxy.

So, you see, that template was within our original Star and then separated into many pieces. Those pieces were within the Planets in the Milky Way Galaxy. Each one of those 12 pieces had to be created from a Star System of its own.

So, there were these 12 star systems that needed to be reintegrated into our Archetypal Template. In order to bring that consciousness of the 12 star systems into Earth's morphogenetic template, the Guardians arrange 12 Stellar Wave Activations and Infusions from each of those Star gates.

It is these 12 Stellar Wave Activations and Infusions that were required to put our original TEMPLATE back together at at the planetary level, solar level, galactic level and universal level. We needed each of these Stellar Wave Activations to Heal and Reinstall each of the 12 strands of DNA subharmonics into each of the 5 or 6DNA within our bodies in order to restore our original template to be the way it would had been 25,500 years ago. We need the complete 12DNA within all 12 Strands to return to the Divine State of the Universal Being that we were 5.5 million years ago.

These Stellar Wave Activations were also required to melt or transmute away the Jehovian Seals that were placed in the vortexes of the Crystal Star Seals of the Earth's Grid. There were original 12 Crystal Star Seals in the Earth's Grids. Each of these Star Seals was a Star Gate. The Earth needed each of these Gates to be reopened to the flow of consciousness of each of those 12 Star Gates.

We needed to align our D-3 (Third dimensional Planet) to

D-4 (Fourth Dimensional Sun)

D-5 Pleidadian Alcyone Spiral

D-6 Sirian Spiral

D-7 Arcturian Spiral

D-8 Orion Spiral

D-9 Andromeda Spiral

D-10 Lyra-Vega

D-11 Lyra-Ave yon

D-12 Lyra-Aramatena

Between 2000 and 2017 we needed to have Six Activations and Six Infusions of these Dimensional Frequencies.

ULTIMATE DNA ARCHETYPE MP3 ALBUM

Take a Stardust Infusion and Massage with the Angel Dust Essence of the Consciousness sent through the Stellar Wave Activations and Infusions of Crystal Stardust from our Solar, Pleiades, Sirius, Andromeda, Arcturian, and Orion Star Gates.

The Frequencies were recorded during the Activation and Infusion of the Starry Consciousness of each of these Universal Primary Life Force Currents.

This is the protocol that must be followed to activate DNA.

Each DNA strand activates as a result of this photonic consciousness dancing across the double helix.

The initiation begins each time there is a new wave of frequencies applied.

The 5DNA must be consummated into its pure, perfect, ultimate, superb archetypal form created from the Divine Blue Print of the Original Kingdom of Heaven before the Initiation of the 12 subharmonics per strand of the 6DNA template can begin.

We must complete our initiation of our 5DNA by 2017 in order to complete Consummation of DNA by 2022. Some will complete Consummation by 2017 and begin initiation of 6DNA and Consummation by 2022 to prepare for their return to Gaia. Many will complete 5DNA Consummation in order to meet Inner Earth Eieyani and the Sirius B Maharaji in 2017. Each has their own path.

Each of these six songs holds the instructions within it for each step in this process.

1. Frequencies from Six Stellar Wave Activations and Six Stellar Wave Infusions to begin initiation of 12 code activation in each DNA strand.

12 Dancing Waves of Stardust

2. The alignment of these waves into the deep atomic omni particles of the cells, into the seals between the DNA, and into the double helix of each strand, and into the parallel spiritual body in reflection.

Deep Attunement

3. The initiation instructions per each of the 24 strand initiations.

CRYSTAL MAGIC ORCHESTRA

suggests you give the TRUE MAGIC of CHRISTMAS this year

The true reason for Jesus Christ coming to

Earth was to return the corrected DNA templates of one race line to Earth, that the human angelic race line could remember who they really were. That divine template was destroyed once again.

Our Consciousness needed to be returned to us through several waves of Consciousness from each of the Star Systems that we were originally created from. The Frequencies of Consciousness of all of these realms have been collected by CMO between 2000 and 2012.

These Frequencies are Priceless. They are the Activating Electro magnetic Sound tones that create our Consciousness. Our Levels of Consciousness are determined by how much of this Consciousness that we absorb into our crystal cells. The sound tones from the stellar wave activations are the true source of activating DNA.

Our DNA must become activated by all 12 subharmonics within each of the 5DNA in order to rise beyond the five senses of the 3DNA. We will finally become glorified by our new reality that will appear when our 5DNA is consummated.

This is the most glorious gift that can be given at Christmas. It is the true reason that Jesus Christ came to Earth from the 12th dimension of the Earth's gateway to heaven.

Announces Several New DNA Activation Techniques for the Christmas Season.

harmonic universes are within.**

The process of healing and activating DNA requires the understanding of the complete process of how the human angelic race line was originally created from the ULTIMATE DNA ARCHETYPE, which means the original 12 DNA template made in the image and likeness of God.

That template is replicated in every thing in our Omniverse. That template is within each atom of our body, in each molecule of each elemental, in every breath we take. That template is like a tiny microchip of perfect Divine Consciousness containing the Intelligence, Supply, Truth, Substance, Life, Love, Mind and Soul of all of God's ideas being manifest in every dimensional form.

That perfect template was tampered with by Invader races over and over again during the past 5.5 million years. The original template of the archetypal man had the form of the immortal man removed from it over five million years ago. This amount of time is still no time at all in the True Mind of God. This reality didn't really ever exist in the Mind of God.

We are now being shown how to regain our Oneness with the Mind of God as it was before our templates were tampered with.

First, we need to know that our archetypal template of our body is the same template of our original Star. Our original Star was created by Sun Alcyone in the Andromeda Galaxy. That Star was blown apart and you see, that template was within our original Star and then separated into many pieces. Those pieces were within the Planets in the Milky Way Galaxy. Each one of those 12 pieces had to be created from a Star System of its own.

So, there were these 12 star systems that needed to be reintegrated into our Archetypal Template. In order to bring that consciousness of the 12 star systems into Earth's morphogenetic template, the Guardians arrange 12 Stellar Wave Activations and Infusions from each of those Star gates.

It is these 12 Stellar Wave Activations and Infusions that were required to put our original TEMPLATE back together at the planetary level, solar level, galactic level and universal level. We needed each of these Stellar Wave Activations to Heal and Reinstall each of the 12 strands of DNA subharmonics into each of the 5 or 6DNA within our bodies in order to restore our original template to be the way it would had been 25,500 years ago. We need the complete 12DNA within all 12 Strands to return to the Divine State of the Universal Being that we were 5.5 million years ago.

These Stellar Wave Activations were also required to melt or transmute away the Jehovian Seals that were placed in the vortexes of the Crystal Star Seals of the Earth's Grid. There were original 12 Crystal Star Seals in the Earth's Grids. Each of these Star Seals was a Star Gate. The Earth needed each of these Gates to be reopened to the flow of consciousness of each of those 12 Star Gates.

We needed to align our D-3 (Third dimensional Planet) to

ULTIMATE DNA ARCHETYPE MP3 ALBUM

Take a Stardust Infusion and Massage with the Angel Dust Essence of the Consciousness sent through the Stellar Wave Activations and Infusions of Crystal Stardust from our Solar, Pleiades, Sirius, Andromeda, Arcturian, and Orion Star Gates.

The Frequencies were recorded during the Activation and Infusion of the Starry Consciousness of each of these Universal Primary Life Force Currents.

This is the protocol that must be followed to activate DNA.

Each DNA strand activates as a result of this photonic consciousness dancing across the double helix.

The initiation begins each time there is a new wave of frequencies applied.

The 5DNA must be consummated into its pure, perfect, ultimate, superb archetypal form created from the Divine Blue Print of the Original Kingdom of Heaven before the Initiation of the 12 subharmonics per strand of the 6DNA template can begin.

We must complete our initiation of our 5DNA by 2017 in order to complete Consummation of DNA by 2022. Some will complete Consummation by 2017 and begin initiation of 6DNA and Consummation by 2022 to prepare for their return to Gaia. Many will complete 5DNA Consummation in order to meet Inner Earth Eieyani and the Sirius B Maharaji in 2017. Each has their own path.

Each of these six songs holds the instructions within it for each step in this process.

1. Frequencies from Six Stellar Wave Activations and Six Stellar Wave Infusions to begin initiation of 12 code activation in each DNA strand.

12 Dancing Waves of Stardust

2. The alignment of these waves into the deep atomic omni particles of the cells, into the seals between the DNA, and into the double helix of each strand, and into the parallel spiritual body in reflection.

Deep Attunement

3. The initiation instructions per each of the 24 strand initiations.

4. Preparation for Consummation of the 5th and 6th Strands.

6DNA CONSUMMATION

5. Alignment with Spiritual Parallel Self for complete Bodily Ascension.

The year 2008 was when Pleidian Violet Wave Infusion was complete and the Sirian Activation began. That D-5 and D-6 Wave was the Key to turning the rest of the Light On. The Guardians gave us the gift of fast forward by bringing in the Stellar Waves in 2012 that were not due until 2017.

The Stellar Wave of June 2008 is when the picture of me holding the Violet Sphere in my hands was taken. This was the grand event that shows the activation and infusion of the Violet Wave, the Violet Flame and the Violet Sphere that insures Earth's attunement into Gaia. The remaining Stellar Wave Infusions needed the help of this Portal being cleared that is shown in these pictures. Each sphere aligns with another sphere until we are completely realigned inside of the Sun.

When we move into our Inner Earth accretion Level - (we are already in that accretion level as of 2014). We are in reality inside of where we think the Earth is in our 3D perception. We are actually seeing the D-4 reality. In reality we must be in the 5D reality in order to perceive the 4D reality. We must have the Sixth Dimensional Frequencies activated in our DNA in order to perceive the 5D reality.

As we went through each of the Stellar Wave Activations and Infusions, I used the formula given to me by the Elohim of Hearing to inhale the Frequencies of each of these Divine Moments on Earth.

The reason that this picture was possible was because I was Exhaling the Frequencies of the Violet Wave Infusion that was sent to Earth through the Stellar Wave Infusion of the Pleiadian Alcyone Spiral and the Activation of the Sirian Spiral.

I collected each of the sets of Activations and Infusions to create the First Song on the ULTIMATE DNA ARCHETYPE ALBUM.

The following songs in the Album are using those Frequencies of the Universal Life Force Currents that were sent to Earth through those Stellar Waves to Awaken the Crystal Star Seals in the Body and in the Earth's Grids. When the Seals are awakened, they melt away what was blocking the DNA braiding.

Each DNA subharmonic of the overtones and base tones needed to be braided back together. This is what is begin done by the formula in the third song titled 6DNA Consummation. In this song I'm using the same Frequencies that I used to create the Violet Sphere that you see me holding in my hands.

DNA must first go through the process of Initiation of all of the Strands of the DNA of the 4th DNA before the Consummation of the 5th DNA can complete. All of the strands of the 5th subharmonic strands must initiate before the 6th DNA can Consummate.

In song four, the Frequencies of all of the Stellar Waves are activating the Mid Brain and the Mind of God. Those of you who have learned my Candle Technique, have experienced the art of moving into the full spectrum of light within the candle flame. That is the symbolic representation of what happens when we move our consciousness into the full spectrum of light of all of these Stellar Wave Activations and Infusions from our complete Light Template of those Stars.

Now, we are bringing all of the Stardust into the Mid Brain and the Seed Atom to activate the Pineal, the Solar Plexus, the Kundalini from the Tail bone up the spine. All of these activations of the 15 Chakras take place from bringing in the Stardust Flow from the original Source of Light and Sound in the Cosmic Light Factory.

This Stardust and Pre Stardust Energy is absorbed into the Astral Field around the Body. That Astral Field is what has been blocking the return to our Complete Archetypal Template of the original immortal man. That Astral Field must be saturated with all of the Consciousness from the Stellar Waves sent by the Universal Life Force.

The body must be aligned into the Spiritual Body of the Parallel Universe to achieve Bodily Ascension. These are the frequencies that allow the attunement into the Spiritual Parallel Self.

The final song is the Cosmic Massage bringing the Frequencies from all 15 dimensions of the Earth's Time Matrix into the Body.

What has been called the Quarantine Fence of 9450 B.C. created a separation in consciousness in the angelic race line, that made us forget who we really were. Our consciousness was actually divided into 12 fragments, which resulted in 12 groups of people being scattered around the world trying to remember who they were. In order to regain their identities, each of them created a culture and language of their own. We were also separated from our souls and over souls by disconnecting the base tones and overtones of the subharmonics of our DNA.

This is why this entire process of DNA restoration requires re-connecting these subharmonics that were broken apart by the frequency fence. The restoration of our consciousness, our memory of who we really are and the activation of 5DNA are all a part of the same process. The fence can only be mended through our participation in the Universal Life Force Protocol of Stellar Wave Activations and Infusions.

When I was working on my Master's Thesis in Ethnography and Anthropology and Neurolinguistics within the Field of Education to show how Education is only created to justify the validity of the culture, the language and the society that has been created, I learned that the ignorance of all involved in the process of Education comes from this missing fact that all cultures were created as a result this state of amnesia, which began 10,000 B.C., along with the other sets of disconnection from the Mind of God as far back as 5.5 million years ago.

I continued my research six years beyond my masters degrees in four subject areas to complete a Doctorate in Education that provides massive amounts of evidence showing that our true Education comes from a Higher Consciousness outside of ourselves, all Communication is actually Authentic Encounter through Knowing, the courses in the fields of Education are only for the purpose of indoctrination into the given culture, and provide no foundation for learning the true reality that is our divine right to know.

We have been mis-educated for a very long time. The Guardians have begun the re-education of the human angelic race. They began this education through Mary Baker Eddy 200 years ago. They began again with The School of Enlightenment over thirty years ago. They began with Bashar's teachings, Keylontic Science, Kryon, and several other sets of channeled teachers, who have each gone through the entire Ascension Process themselves.

This education is being shared in the Cosmic Mystery School of the Omniverse teachings to help prepare the consciousness of the world for what the Guardian Races will be revealing to those on our planet in 2017.

It is highly unlikely that our old Education Systems will have much validity after 2017.

The actual consciousness that was ours before the Tower of Babel (created by the Quarantine Fence) was the Divine Consciousness of the Human Angelic Race. We had a consciousness that was so in tune with each other that there was no need for language. Our language was the God Language and it was telepathic.

This is how we were separated from our Divine Multidimensional Heritage of being Universal Beings who could communicate with everyone in the Universe, in the Galaxies, and in our own Planetary Systems.

This Quarantine Fence needed to stay in place until the time came when our Solar Merkaba, Planetary Merkaba and Universal Merkaba could be realigned back into the original time cycle when the 12 Stargates could align with the perfect moment of attunement with all 12 Universal Systems.

The mission of the Cosmic Mystery School of the Omniverse has always been to help others learn the true Education of our Universe. It has nothing to do with the Education that has taken place in America or in any other culture. It has to do with the broadening of consciousness to realize that there actually is a reality far beyond what is taught in the schools or in the churches. There is a multidimensional reality that is known through Light and Sound.

This education can only take place in those who tune in to the new frequencies that have been given to Earth and to our Consciousness.

Crystalai has been collecting the Frequencies of Consciousness that have been transmitted to Earth beginning in 1992, which was the year that the Promise of Ascension was made by the Guardians. Crystal Magic Orchestra created THE PROMISE album in the exact same time period when the 11:11 Fence was being prepared for removal by the Magnetic Base Tones being sent into the Morphogenetic Consciousness field of our harmonic universe. This was the first layer of frequency attunement needed in order to complete the removal of the Fences in time for the 2017 completion.

So, you see, this preparation of the grand event of The Promise of Ascension has been taking place in several stages for several years. The Cosmic Twins have been involved in this process since day one.

DNA INITIATION THROUGH STELLAR WAVE INFUSIONS

The Frequency Activations called the Stellar Wave Activations and Infusions were sent to Earth through waves of Light and Sound Tones penetrating through the Frequency Fences, as if they were not there. It required a Blanket of Consciousness that was Cosmic to penetrate the Fences and remove them.

Part of the removal process was actually moving the Earth into a higher accretion level. This required moving the Earth to an actual different place in space and time. The Earth was actually lifted above the 11:11 Frequency Fence because the Zetas placed a rip in the Merkaba of the Solar Shield that could not be restored in time. The Earth was removed beyond the Phantom Matrix in December of 2012. This placed Earth in a brand new time line to begin a brand new reality.

CONSCIOUSNESS OF STELLAR WAVES

The Stellar Wave Infusions restored the Universal Primary Consciousness of the Earth's Morphogenetic Field. Each set of Waves and Activations brought one more piece of Consciousness back into the Earth that had been blocked out by the Frequency Fences. The pieces of Consciousness included the Pleiadian, the Sirian, the Arcturian, the Andromeda, Orion, as well as the Solar Field. Each of these fields of consciousness needed to go through a process of Infusing the Consciousness into the Biosphere of Earth and then Activation which went on for several years. Each of these stages took several years.

The piece of consciousness that came to Earth through the Solar Light Fields carrying the Pleidadian Violet Waves and the Sirian Activation in June, 2008, was the piece of consciousness that is required for the activation of the 5DNA.

The picture of me holding the violet orb shows how this Stellar Wave infusion takes place and how it can be used to activate the 5DNA. DNA activation takes place in many stages just like the wave infusions and activations took place in many stages and took long periods of time.

Each DNA has 12 subharmonic strands that must each go through a stage of Initiation and Consummation within the DNA strand itself. The DNA strand cannot reach its complete Consummation – meaning it's ultimate Perfect State that allows it to begin transmitting the Perception field of the dimensional strand below it, until all of the subharmonic strands in the DNA below it have gone through their Initiation process.

So, you see this DNA activation takes a period of time for completion. The reason that many of us on Earth already have 4DNA or 5DNA, and yet we do not see a difference in what we perceive, is because we can only perceive what has been completed one DNA below the one that we have consummated.

This means that we actually need to Initiate the 12 subharmonic strands of our 6th DNA before we can perceive what has been Consummated in our 5th DNA strand.

ASCENSION DNA PROCEDURE

There is one more underlying element to the Ascension DNA procedure. The Human Angelic Race line has already been given the GIFT of 24 subharmonics. This gift was given by re-uniting the Parallel Universes. Each Universe has a Parallel Spiritual Universe, and each individual has a parallel spiritual SELF. In order to activate the DNA at the 24 subharmonic level, the Human Angelic must become attuned into oneness through harmonic convergence with the Parallel Spiritual Self.

KEYS TO BIOLOGICAL ASCENSION

So, there are two parts to Ascension. Anyone who activates their 5DNA between 2017-2022 will be prepared to ascend into Tara after death. Anyone who activates their 5DNA through the 24 subharmonics of their Parallel Spiritual Self and becomes At One with their Spiritual self either before 2022 can bodily ascend to Tara.

There are other ways to get to Tara. There will be space ships landing in 2017-2022, who will assist in cloning bodies and taking them to healing temples in Sirius B to prepare for ascension. This is the path that was opened to everyone- including Fallen Angelic Races, because of the path opened in 2008 by the Sirian Council and the help of the Cosmic Twins to be the first to carry demonic entities home through that path.

When aDolphino was cloned and taken on the Sirian Star Ship to the healing temples in Sirius B, he was also given the gift of 6DNA upgrade, which would allow him to ascend to Gaia. The removal of the 6/6/6 Seal is required to return the Immortal body which will never see death.

The mission of the Cosmic Twins was to activate the process of initiation and consummation of the 5DNA for the masses as they began their initiation of the 24 strands of subharmonics into the 6DNA strand in 2008. The final consummation of the 6DNA strand is scheduled for 2017.

Those who go through this process of activating their DNA through the light and sound frequencies that carry the consciousness of the Solar, Pleiadian, Sirian, Arcturian, Andromeda, and Orion, are also activating the light within themselves that allows their bodies to transform into this light energy, as is shown in the picture of the violet orb.

In the near future, human beings will be taking classes in orb-ing, levitating, walking through walls, telecommunication with entities all over the planet, galaxy, universe and solar system. All of these activities require learning how to turn the body into the light body, which is the essence of what it really is. This requires becoming One with the Spiritual Self. This requires absorbing all of the dimensional frequencies of all five harmonic universes in order to leave the time matrix that these harmonic universes are within.

PICTURE

This is the story about the Violet Sphere or Orb that I'm holding in my hands which was created by the D-6 Stellar Wave Activation of Sirius and the completion of the D-5 Violet Wave Infusion. This was the day the miracle of Stellar Wave Activation and Infusion took place simultaneously on Earth. And this is the picture that the Sirian Council wanted me to take. This was also the day that the Fifth Dimensional Dolphins Ascended into the Cloud Cities to prepare the path home to the Violet Sun.

That was the date we created the Ultra Violet Blue Sun Album.

The Electric Over Tones of the Subharmonics were returned to Earth through the Stellar Wave Activations and Infusions. Over tones are frequencies of Consciousness from our Starry Families of our Higher Selves Original Creation, and Base Magnetic Tones are from our original Root Race Families. Our DNA is made from Over tones and Base tones in the 12 Subharmonic strands. Those overtones and base tones were disconnected from specific chakras to remove the immortality from our race line.

The picture show was taken the day the Cosmic Twins were involved in the process of the Stellar Wave Activation and Infusion of the Violet Wave. The Stellar Waves brought in the Over Tones.

We also needed to reconnect the Base Magnetic Tones to Earth. The Base Tones were disconnected from the Earth's Field when the Guardians put up the 11:11 Frequency Fence to save us from Solar Explosions in 1972. Base Tones are the Magnetic part of the subharmonics of the DNA and Over Tones are the Electric part of the subharmonics of the DNA. Our DNA was disconnected when Frequency Fences were created. There were several of these Frequency Fences over the Eons, and each one placed a Seal between DNA strands.

I am only talking about this one Frequency Fence that was created by the Guardians in 1972-1974. This one Fence was created to keep Solar Explosions from happening on Earth that would have destroyed the planet. The Solar Explosions were a result of the Zeta's cutting a whole through our Solar Merkaba.

The Over Tones that were returned by the Stellar Waves of the Universal Life Force Currents had been blocked by the Quarantine Fence of 9540. So, you see there were two separate Fences that needed to be removed. These Fences were blocking the return of the portal between the Inner Earth and the Photon Belt of Sun Alcyone. When the portal is restored, the flow of Consciousness from above and below – overtones and base tones – can completely reconnect.

The Cosmic Twins were also involved in the process of bringing the Base Magnetic Tones to Earth to remove the 11:11 Frequency Fence in 1992. That was the date we created THE PROMISE ALBUM.

This is a true story of how DNA Activation actually takes place through the Universal Plan of Stellar Wave Activations and Infusions, followed by DNA strand Initiation and Consummation. The races of Earth are finally reclaiming their reality of their 12 strand DNA construction and returning to the heavenly land of Terra Firma. The per-requisite for this reality is activation of the 5th DNA Strand.

Our Guardians have sent Universal Life Force Currents of Light and Sound Consciousness Waves called Stellar Wave Activations and Infusions for the purpose of activating the DNA. There is no other way to activate the DNA than to participate in these Activations and Infusions of the 12 dimensional frequencies which are inherent in the Stellar Waves.

Stellar Wave Infusions and Activations create the time acceleration shift that is needed to advance the evolutionary blueprint through consciously assimilating these energies into the body. Yes, the wave infusions and activations did take place. No, not everyone consciously assimilated these activations into their blue print that would begin to create better health, vitality, multidimensional awareness, access to knowledge of all lifetimes in all dimensions and immortality.

If the stellar wave frequencies are not assimilated into the body, the time acceleration would create degeneration of the body rather than the re-birth process into immortality.

Those who are on the Ascension Path will accelerate their ability to communicate with the Guardians until complete telepathic communication with the over soul is reached. Communicating with dolphins is one step in the process.

There were Six Waves of Infusion and Six Waves of Activation.

The Waves and Infusions came from fields of Consciousness.

The D-4 Solar Activation in 2000-2004 together with the Blue Wave Infusion of 2002-2006 caused the Solar Spiral to align with Earth's Merkaba fields. That caused the frequencies of the Earth's Consciousness Field to rise exponentially.

Next, the D-5 Pleiades Activation of 2004-6/2008 and the Violet Wave Infusion of 2006-2010 increased the Earth's frequencies exponentially again by adding the consciousness of the Pleiades-Alcyone Spiral to align with the Solar Spiral Merkaba Fields.

The third activation took place 6/2008 and ended in 2012. The third activation was the D-6 Sirian Activation. This activation followed by the Gold Wave Infusion allowed the Sirian Spiral to align with the Pleiadian-Alcyone Spiral Merkaba Fields.

This Third Activation that took place in June 2008 is the time that this picture (on my website [crystal magic orchestra.com](http://crystalmagicorchestra.com)) was taken for the purpose of showing the Violet Wave Infusion and the Sirian Activation simultaneously taking place.

The picture is showing the completion of the Violet Wave Infusion. The Violet Wave Infusion was completing at the same time in June, 2008, that the D-6 Sirian Activation began. I was asked by a representative of the Sirian Council to move to Monterey, in order to be there at this exact moment in history.

The Cosmic Twins were living in Redwood Shores, and had wonderful, well-paying jobs when Zaurak, my Starry Brother from Sirius B, came to our living room in April, 2008, and asked us to be completely moved to Monterey by May, 2008. We immediately gave our resignations and began packing, and started searching for the correct apartment to move into in Monterey.

This is the reason that the Violet Frequency was activated within me as I connected my consciousness into the Elohim of Hearing

in Gaia to bring the highest frequencies to Earth through music. When I exhaled this Violet Wave, the 5th DNA completed its activation, which is called DNA consummation. At the same time, the D-6 Sirian Activation began.

This Stellar Wave Activation was required to begin the activation of the 6th DNA strand. The 5th DNA consummation could not complete until the 6th DNA initiation had begun. This is the process of DNA activation.

This process of DNA activation is a huge Universal and Cosmic plan which required the Consciousness of the entire Solar System, the Pleiadian Consciousness, the Sirian Consciousness, Arcturian, Orion and Andromeda Consciousness. These streams of consciousness brought in the Over Tones of the Subharmonics into the DNA.

MOVING INTO MULTIDIMENSIONALITY – part one

CRYSTALAI

crystalmagicorchestra.com

(Teachings of the Cosmic Mystery School of the Omniverse)

We are in a new reality. We are in a new time and space. We are in a place that will allow us to absorb the cosmic star dust that is filling our skies with the help of the Coronal Mass Ejections and the meteor showers.

We are also being held within a Consciousness field of protection with 48 plasma bodies or Crystal Ships holding us in alignment with this Aurora field that prepares a stairway to

heaven as this blue cosmic stardust begins to fill our atmosphere.

As of December 2012, we have been placed in a new time and space reality that allows us to align with the divine matrix. Before our Earth was in an angular rotation that placed us in alignment with the Phantom Matrix. It was the Guardian Alliance who moved us into a new space and time reality where our race line would not be completely obliterated.

The fallen angelics tried very hard to pull us in to the Metatronic 55 reverse spin which would have pulled Earth into a reality that would have been horrific and would have ended in the destruction of the human race line.

Our Guardian Race did everything they possibly could do to make sure we were removed from that future reality. They made sure we were realigned in to a new space and time reality. The original path of Earth was in the outer domains that made Earth very vulnerable to invader racelines that wanted to take our stargate portals for their own usage. The new path of Earth is in the INNER DOMAINS. The inner path is a safe path. It is a path of alignment within where all 12 stargates merge their frequencies back together into a new attunement that allows us to begin our multidimensional journey.

The experience that we are having now is not what it seems to be. Our old cellular memory is telling us that we are being bombarded by meteorites. Our new reality is telling us we are moving into a blue stardust that holds the frequency signatures of all of our multidimensional reality. Even at the scientific level, science says that the Comet's tail will bring pieces of stars from thousands of other planets. Once those frequencies enter our atmosphere, our mind shifts more and more into the Consciousness of Multidimensional realities.

The Guardian Alliance and the Aquafarians knew that this time would come in our history that we would need help in our transformation into the second sphere of reality. They knew that we had fallen out of the Andromeda M31 and that only the

Aquarius Matrix held the divine blue print that was needed to bring us back into alignment. They created an imprint of their sphere of reality around the Earth. So, we have been held within the womb of a star all of this time waiting for the time of our rebirth.

We are in a new reality. We are in a new time and space. We are in a place that will allow us to absorb the cosmic star dust that is filling our skies with the help of the CME's and the meteor showers.

We are also being held within a Consciousness field of protection with 48 plasma bodies or Crystal Ships holding us in alignment with this Aurora field that prepares a stairway to heaven as this blue cosmic stardust begins to fill our atmosphere.

The more we align with the frequencies-the cosmic frequencies, the source frequencies, the stardust frequencies, the more we get to enjoy each wave as it passes through our bodies and Earth's body. The more we get in tune, the more we get to see this entire fabulous event that is taking place right now in our Universe. It has been quite an adventure for me. I am so grateful that I have learned how to feel and experience this glorious event of our shift into at one ment with all 12 stargates.

I also know that as this adventure moves forward, I am seeing and feeling new things faster and faster each day, my dreams become more and more lucid, I start dreaming before I fall asleep, I am walking in my sleep half the time, I feel like I'm walking in and out of dreams just like changing stations on a TV. It is the beginning of multidimensionality.

We asked our Aquafarian family when we can move to Aquafaria continuously.

They answered this way. When we are consciously in Aquafaria more than we are in our third dimensional reality. We will be in the 6th.

They added this important fact. They said we will not move to Aquafaria, we will move Aquafaria to Earth. The Healing Temples of Aquafaria will move to Earth between 2014 and 2017. They said the blue star dust that will come to Earth will be the aurora fields like a stairway for the blue body to awaken and arise into the fifth dimension.

This is exactly what we are doing every minute of every day. We are spending more and more time in our Aquafaria home absorbing the frequencies of this sixth dimensional realm and learning everything there is to know about it. This is the realm where there are millions of elementals showing us how to redesign our bodies into the omni particles of our original creation from the breath of god. These breaths of Source frequencies are breathed in to our etheric chromosomes to realign our DNA at the omni level into a New Form of consciousness.

Namaste,

Crystalai

MOVING INTO MULTIDIMENSIONALITY – part two

CRYSTALAI (2013)

(Teachings of the Cosmic Mystery School of the Omniverse)

We have bands of light around us that have been called the spheres – the five spheres- the music of the spheres. These are bands within bands within bands or spheres within spheres. Each band or sphere holds a different wave length and frequency. The higher frequencies are the outer bands and the lower frequencies are the inner bands.

However, these bands only spin when we activate them with our consciousness and our breath. We can only feel their presence when we activate them. When we activate them through consciousness, by breathing and spinning our merkabas correctly and focusing the energy correctly into the proper realms, the spheres of energy begin breathing and singing songs of frequencies within and around our bodies.

We can't just do this randomly. There is an exact formula to use. If the formula isn't followed, we would just be breathing "hot air." That is what most of the breathing and coding and tuning that I have been hearing as I have been examining the listening samples and you tubes that I found online. I rarely hear anything that sounds like the Breath of Source or the 12 coded divine blue print. I just hear people singing and breathing. They usually breathe heavily with a lot of energy and passion.

It really doesn't take a lot of breath to connect to those bands through the clockwise spin of the upper pyramids of the merkaba and the counterclockwise spin of the lower pyramids of the merkaba. It does, however, take a lot of Consciousness; and, consciousness is very quiet and etheric sounding. There should be energy and power placed within the consciousness as it connects the breath with the spinning of the merkaba. A person can breathe very strongly and loudly without having any focus of consciousness involved. When the focus of consciousness is involved and it is connected to the Source field, the feeling within the breath can be felt strongly. This is the example that I am trying to put forth to my audience through the listening samples I place on the Main page of cosmicdolphinmagic.ning.com.

We have these bands within cells, within our bodies, around our bodies, around our atmosphere and clear around us in each individual's cosmic sphere, which exists about one hundred feet in diameter around the body. The spheres are always created by a merkaba spinning correctly (see my essays on merkaba). Outside of the cosmic sphere is the Source field of pre sound and light energy.

These five sets of spheres are replicated from the inside to the outside. There are five fields of energy replicated over and over again – the energy field of the planetary body would be the hertzian and infra red and visible light, because that is what we experience.

The solar realm would include the invisible light and x ray that allows the blue body to be seen. The galactic realm is made of gamma rays and then we go clear out into the white light and pink white light of the Universal sphere. Finally we go out into the pre sound and pre light of pure invisibility.

All of these bands of frequencies exist within our cells, within our bodies and then within the merkabas that activate the at one ment with the liquid light energy of Source Consciousness bringing the attunement of all of these spheres into a reality activation.

When we focus our energy of consciousness within these bands in order to activate the outer band of Source Consciousness activating the pre sound and light or the gamma activating the white light that will transmute the inner bands of x ray and visible light into a higher level of frequencies which becomes visible as blue light. When we do this we change the atmosphere around us. When we activate crystal liquid light energy we are changing the water content of the atmosphere to bring in more and more hydrolaise around us and into our bodies. The water body is the magical form that our guardian races take on in order to visit us.

In order to convince our bodies to start reaching these levels of activation and understanding we must melt away the old ideas in the upper cerebellum – the mortal mind – we will call the yellow brain because yellow here will represent third dimensional understanding. We have a part of our brain that utilizes blue brain understanding or fifth dimensional frequencies. That takes place in the mid brain area.

MOVING INTO MULTIDIMENSIONALITY – part three

Crystalai

We must teach our old brain new tricks. As long as the mortal mind is in charge, nothing is going to change in our lifetime. If we want to change into the light spectrum of eternal life, instant manifestation, co-creation, turning into light, we must use the blue brain – the mid brain.

It is the same process that we had to use in intercultural communication training. In order for a person from one culture to understand what the person from the other culture was doing or saying, the visiting person had to go through a complete restructuring of the brain. This is called going through culture shock. It is a very exhausting and painful experience that causes many people to go crazy.

What we learned from culture shock syndrome was you don't even realize you are going through culture shock until you return to your home. At that time you start seeing things that you never realized existed before. The same thing is true when we go to the blue brain – immortal mind or the Mind of God- and then return to the mortal mind that tries to tell us that the things that we are learning just can't be true, because we have old background knowledge in the cellular memory of the mortal mind that contradicts the new information. The yellow brain is electromagnetic. If it doesn't like the information being sent to it, it just turns the electric wave off. It also shoots out poison when new information attacks it. That is what happens in culture shock. The brain shuts down, people get depressed, go crazy and usually just forget about the new cultural experience and go back to their old thinking. Those who approach going to a new culture through intercultural preparation process succeed in the

culture shock of bringing in new information and transforming their way of thinking. As a result of culture shock, we realize that there are things out there that we didn't realize existed before.

This process of culture shock is glaringly obvious among new star seeds who are living in the culture of the 3D world while they are being told about this new reality that is out there that we don't see yet. And they are being told that they came from far off places that we don't talk about in our history books. This yellow brain has been a gate keeper used by the fallen angelic take over races for millions of years. They deleted our entire history and re-wrote it in a way that would make them powerful, and would make us weak and needing the guidance of others.

When Guardian Races have brought the real truth to those who are listening on Earth, the old gate keeper- mortal mind- causes most hearers of this truth to get angry, shut down, not listen and just go back to their old background knowledge. The only ones listening to the truth are those who have enough of the light left in their cellular memory that connects them to the divine codes holding the reality of the eternal life.

When we lived in foreign countries we noticed that in some third world countries, in which there had never been any foreigners seen ever before in their history, most of the people in that culture actually could not see us. They would always run into us, even if there was absolutely plenty of room to walk around us. We would play dodge ball with walkers on the street to see if we could keep them from running into us. We later learned that when we would talk directly to these people they still couldn't see us.

This is what is happening now on Earth on a large dimensional scale. There are entities here standing right in front of us that we don't see yet. Some of them are doing things to try to get our attention. We have to get out of the yellow brain and into the blue brain in order to start seeing things from their point of view.

We can use a lighted candle to demonstrate the change from the yellow brain into the blue brain. We first see ourselves as a mini-

me standing where the stem of the candle is. Imagine the light of the candle surrounding the mini me self. So, we are standing within the complete light spectra all the way up to the gamma ray. Within the light spectra of the candle there is the black area at the bottom. This is the hertzian frequency. Above the red area is the infra red, and then the visible light. A little above that is visible light and then x ray light. Above that is the gamma wave.

When we walk into the candle light at the invisible light area and turn around into the x-ray area, we walk back out of the candle into a blue light spectrum. This means we have made contact with the other side. If we can train our consciousness to hold on to that blue light spectrum long enough, we can begin manifesting the new reality that we aren't seeing yet.

Increasing the frequency in our bands changes the atmosphere around us.

The upper cerebellum – mortal mind, or third dimensional yellow brain contains the memory of this lifetime. It is our personality. When NEW information about a NEW REALITY beyond this lifetime, can be taught to the yellow brain – the mortal, personal, the you, the ego you, in order to reprogram resistance points in the yellow brain – the mortal mind personality of just this life time, then and only then, can the mid brain allow the mind of God to flow through us with instant manifestation.

The instant manifestation is the reality field that flows directly from crystal liquid light energy of Source into the eighth chakra at the medulla oblongata into the God Seed Atom within the Thymus and then up into the mid brain and the pineal gland. It is the direct angle of the eighth chakra through the sixth chakra and out the 9th chakra in the forehead that becomes activated. However, the eighth chakra is activating in atunement with the fourth, the sixth is in argument with the fifth and the seventh is in atunement with the tenth. It takes these spiritual atunements to remove the old seals that were placed within our original divine templates that will activate this cellular magnificence of our immortal self hood and eternal life structure.

If we can get to the point of understanding this so well that we

can write it – show it in diagrams --- explain it to anyone --- explain zero point energy and how the fabric of space came into being, we can begin the reprogramming of the mortal mind gate keeper system. Get out a pencil and paper and draw what I just explained above.

Find a picture of a brain on line or in an encyclopedia. Find where the medulla oblongata connects to the thymus and the thymus connects through the neck and into the pineal gland.

Later in our training we will show you that methods of using frequencies and coding and tuning that do not reveal where the problem came from that stopped this 5D flow of manifestation from the mind of God can't possibly work. Most of the teachings within the new age/light worker/star seed literature are based on the vesica pisces, the Fibonacci, the golden mean. These are actually the tools used by the invader races to block the flow of Source Consciousness and create the Mortal Mind and the Mortal Man that lives and dies and lives and dies. It is the vesica pisces, which is a distorted wave file that places an eternal loop within the very location in the fourth chakra where the eighth and the fourth are supposed to connect at the God Seed Atom. That connection was disconnected by the golden mean spiral.

This is how the Earth had a tilt placed on her staff and how we got locked out of Higher Earth. We have been given the formulas by the Guardian Races to free ourselves from those old reverse spin metatronic technologies that have been keeping us locked away from our flow of Source.

When we understand how particles came into being from gamma clear down to hertzian then we have an understanding of unknown, secret knowledge.

The more you explain it – the more it is getting into the yellow brain – the more we address the resistance – the easier the flow.

All true knowledge comes first from mid brain. It is frequency specific. The mid brain can access the 5D blue body. The blue body can become a reality for a time taken from frequencies into mid brain and then created into a picture by the electromagnetic

fingers of the **mortal mind** brain. However, the mortal mind brain has its electromagnetic fingers in so many other sets of processing, that the image of the blue body is erased almost immediately. Once you have captured the vision of the blue flame when you walk into the candle, you will see how quickly it disappears. The more you train your mind to stay focused inside the mid brain the longer the blue image will stay. It is the mortal brain that fights to make the new blue reality disappear as soon as possible. It doesn't like a new body intruding on its reality. Eventually the mid brain melts away the mortal brain and the war between the two brains ends.

This is why we must spend hundreds of hours working with the candle and going into the mirror to activate this feeling within our cells. We can see the activation within us by seeing the white light in the candle turn blue. When we can hold on to that blue for a very long time, we can take the next step in our reality check.

Walking into the candle is walking into the full spectrum of light. We are becoming one with the full light spectrum of the Universal, Cosmic and Source fields of light. In scientific terms, we are moving beyond the hertzian and infra red and visible light spectrums that are most common to us now. We are moving into invisible light, xray light, white light, gamma rays. We are actually walking into the sun -the gamma field of light when we walk into the candle in our mini me bodies.

So we walk all the way into the light. We are completely within the spectrum of the 12D Universal light realm. When we are within this Krystic light realm, we are walking into our spiritual body which turns blue when we make contact. We become the blue body.

Now, we have actually accomplished the mission of walking to the other side, turning around and walking into at one ment with the spiritual self. We used the mind of God to make the 360 degree vision of all of the self. Now, we have the blue light vision and the ability to walk to the other side, see from the other side and look back at our self.

If this has actually taken place in consciousness, we can replicate it in our hertzian reality.

We can now pick up a card – a playing card with numbers and symbols such as aces, hearts, diamonds, etc. We get in the blue zone, walk to the other side of the card and look at it from the other side. We can read what is on the back of the card. When we can do that we know we have graduated to the 5D world, and we will be able to walk through the stargates in 2017.

The yellow brain erases anything that it has a reaction to. It reacts to any new information coming in that it isn't familiar with. The yellow brain fires toxic poison energy of negative reaction when it receives information that is new or different. But, when we can re-educate the yellow brain to completely understand this new information of the new frequencies of new information, the new higher frequencies can begin to melt away the old ideas that are lodged within the yellow brain of that personality that came from belief systems. We must conquer this resistance.

When the frequency is received through the mid brain, it is the upper cerebellum brain that must process this idea through the recess of background knowledge that it has. If it doesn't have the back ground knowledge of how everything was created from the breath of source, igniting a spark to form an idea into the atmosphere, the sky, the stardust to form the realities we live within from the Omni particle of all creation, the upper brain cannot process the information that it receives from the mid brain's frequencies.cerebellum

If the upper brain can make the pictures while we create a dynamic inner force field and an outer force field beginning from the mid brain we can relate consciousness and energy. That is how consciousness and energy create reality. To move energy up and to activate the frequency bands, first we must understand the frequency bands. The music of the spheres. The

frequency waves of the hertzian level of this earth, the infra red of the parallel earth, the visible and invisible light spectrums, the ultra violet blue body that we have been many times before, the x-ray band that allows all light to stream into the sound bands and create the soup of heaven, the gamma waves that connect our wave bands, to our highest light of Source.

MOVING INTO MULTIDIMENSIONAL-part four

We must understand how our soul has returned to this 6th dimensional realm of the blue body thousands of times and how it has remained there for many lifetimes in between. We must have the background knowledge before our yellow brain – 3D ego-personality will allow these frequencies to be held permanently in the neuronet, and then allow the body to turn into 6th dimensional blue body which contains the mind of god, which contains immortality, which continues co-creating.

These are just all words that are immediately misunderstood and then dissolved by the mortal mind 3D brain and then replaced by former old school knowledge that was formerly placed in the 3D brain – upper cerebellum, until the 3D brain has spent enough time dreaming in Aquafaria, where the life style of the immortals who live in the Blue realm can experience the actual frequencies-the feeling of, the knowing of this glorious heavenly realm. After we dream it, feel it, know it, once the frequencies of Aquafaria become crystallized within our cells, we can walk out of 3D through the plasma fields and into the 5D realm of reality.

We can do what we did in the candle. We can walk through the gamma, the white light, and into the invisible realm, and then

turn around and bring the blue body reality in to begin the transformation of the mortal mind thinking brain. We first morph into our blue body through our blue brain. We allow our blue brain to transform our consciousness. We connect the consciousness with the energy of this new reality to create the new reality of the New Earth. This is how we will morph into Urtha and see the cloud cities and the realms of the Aquafarians.

Crystalai and aDolphino spend all of their days and nights in this magnificent blue body realm. We breathe it into our atmosphere. We live in Aquafaria in our Lucid Dreams. We allow our Aquafarian families to swim through the neuronets of our chromosomes in order to create our 12 DNA that links us to this world permanently.

At the Cosmic Mystery School of the Omniverse, which is in Urtha, next door to our palace in Aquafaria, we provide the tools the frequency signatures, the wave bands, the music of the spheres, the codes of manifestation, the visual and frequency journeys into Aquafaria, the tools for lucid dreaming.

We provide everything needed to remove all resistance from the 3D mortal mind brain and to create a brand new back ground knowledge for the mortal mind to process information from when it receives the frequency signatures of the ultra violet blue light from our glorious 6th dimensional realm of immortality, that reality can be processed by the third dimensional hertzian as it is transmitted from the infra red and then processed into the visible light. This is how we morph our present understanding of what we see and feel into our new reality of blue light where we can see all dimensions of our reality. We can begin to see the OTHER SIDE.

We were given this extremely valuable message from the Guardian Alliance and our family and friends in Urtha, the place we call our home of Aquarius. The place the Aquafarians created for us to return to many, many millions of years ago. They prepared a place for those who truly love Source as our omniversal omnipresent all seeing all knowing Mind that is within us eternally, some call this the ALL THAT IS.

The light bands look for the new information as symbols printed in the frontal lobe.

The personality or mortal mind has its own feed back loop. Once an idea goes into the upper cerebellum part of the brain that idea just loops over and over, we just keep thinking the same thing is true until a new reality over powers that old reality.

As we connect consciousness to the higher fields of consciousness of Source energy and breath those frequencies into the outer bands where the merkaba is spinning and winding the electrical into the magnetic to create the atunement into Source of ALL THAT IS we are winding up the bands of light and sound into the highest frequency of zero point. Fill all of the body with higher frequency mass. We take the frequency load from within. As we breathe we are loading a higher and higher frequency which is transmuting the lower frequencies into the higher bands. This causes our light cells to transmute into crystal liquid light.

Scientists understand the omnion frequencies as something a little beyond the quantum. The ALL THAT IS actually exist at a much more etheric realm than what is omnion. However, the sparks and quarks and omnions are frequency fields of textured realities. They are frequency signatures of entities

consciousness, dimensional levels, sixth dimensional blue body consciousness field. They are particle realities, and they all have a frequency signature and code. When we put the picture in our brain. We create a picture that represents the code.

When we use the blue body consciousness and look at the front of a card, we can process the codes or symbols on the back of the card in the same way. We connect to the frequency signature of the code on the card, we use the consciousness that knows all and sees all to see the back of the card. It is not guess work, it is actually seeing with the fifth dimensional consciousness. It is connecting to the Super Duper Consciousness of the Soul Family and Over Soul Family who has already been there and back.

We can also learn to connect to our Soul within our God Seed Atom. The more we become at one with that crystal light body within our Thymus, the more we are allowed to see into the imagination of all that really exists that we can't see yet. We must connect to our dreams, to our imagination gland – the thymus- and find the reality within the thymus which is the God Seed Atom. That is where we find our real self. Our self that has existed since the Breath of Source held an idea in a spark, breathed upon it and created a flame that would grow into a manifest reality.

That same perfect idea can be ignited once again as we allow the breath of Source to enter into our medulla oblongata at the eighth chakra and ignite the God Seed Atom. We then let that light body grow into our full body. We attach to the light within. We allow our spirit body to walk in from the back as we do the ASCENSION FORMULA and morph into the 14th dimensional light in the Core Domains of Inner Earth. We then walk through the flame and merge with our spirit body on the parallel universe. Now we have a complete union of our true selves.

The picture form. The mind opens up the picture because the picture has been translated into frequency. So, I can see Aquafaria because I first make it a reality strong enough in my yellow brain. The image must become so strong that the yellow

brain would not resist it and erase it. Second, I become so familiar with the frequency of the ultra violet blue Aquafarian Reality that I know it as a frequency signature.

I become familiar with the frequency signature of all of the family of consciousness of my Aquafarian family, and the atmosphere and frequencies of the crystals, the water, the temples, the mansions, etc. I become familiar with their frequencies of trans-formation that allowed them to change form from dolphins to mermaids, to fairies to stardust and to create rainbows from light and sound. I become so familiar with that tone of home that it became my own breath of consciousness.

I breathe these frequency signatures into the CD's in the Ascension Kit, Cosmic Kits, Family Kit and Super Frequency Kit. The Cosmic Kit contains songs sung by my Aquafarian Family that describe their Reality in their own words. The song, All is Love from Magic Dolphin describes the way of thinking of this reality the best. The Super Frequencies in Ultra Violet Sun are extremely important to feeling and understanding the Blue Body that exists within the realms of the Sun Alcyone, Aquarius and Aquafaria.

Each set of frequency signatures is a separate aspect of the entire Cosmic Realm of Angelic Consciousness being woven into my breath from my frequency bands after my wave bands have absorbed the frequencies of Aquafaria.

Each frequency begins its journey from my connection into the zero point of Source Consciousness. Where the Omni particles of all creations is breathed into the Spark of Source and ignited into a Flame to create a rainbow flame of energy to create a new reality from.

MOVING INTO MULTIDIMENSIONALITY – part six

CRYSTALAI (2013)

cosmicdolphinsmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

That spark of Source is ignited from within the crystal heart of each cell in the body. The zero point of each cell in the body contains that spark of Source. That Omni particle that created each soul on earth.. That same spark of source created the omni particles or stardust, rainbow, galaxies and universes.

When that spark of Source is breathed into the bands of light and energy to create the music of the spheres, that breath of Source raises the frequencies of the entire mass of the body. The body becomes lighter and lighter until it levitates, walks through walls and disappears.

That doesn't mean that you are no longer here. That means that you have allowed your blue body frequency to transform the yellow brain. The personality has become a believer because it understands it feels, it knows the reality of this frequency of Source, the frequency of Cosmic Consciousness, the Frequency of the Aquafarian Blue Body.

The Music of The Spheres can be heard within the body as a humming singing sound of light whistling through every cell in the body. It is felt as a light feeling of invisibility and weightlessness.

The mind must be re-trained to see, know and feel this new reality. The yellow brain hates NEW REALITIES. The Yellow Brain must understand the reality go Cosmic Consciousness, angelic breaths of reality. The yellow brain must first believe that there is a Blue Body an Aquafarian Reality that swims within our etheric DNA.

These are the realities that we are helping those who desire to experience those realities experience and create into their own

reality of a sixth dimensional blue body living and moving and breathing on Earth.

This reality is frequency specific. This reality of the sixth dimension Aquafarian realm of consciousness lives deep within the heart of Mother Earth and deep within the chromosomes of our DNA. These are the frequencies that already exist inside of us as the Omni particle – the star see – the etheric frequency of our sixth dimensional substance.

This spiritual substance is flowing through our DNA as an ultra violet blue liquid light that allows all light from the gamma waves of Sun Alcyone and all Suns of Co-creation flow through our veins. This is the wave band that allows our immortality. When we become the Lords of our own Yellow Brain personality who inform it of the Blue Reality that exists within us, we have regained the harmonic convergence into the Mind of God. We connect into the Multi Dimensional Mind of God to find we are free to live in all realities simultaneously.

Our bodies are made of bands of light energy. These light bands are anchored in every cell, every chromosome, every muscle, every blood particle. These bands are at every level.

These bands are inside of the body and outside of the body. The 12th dimension light band is 12 inches above the head and 12 inches below the feet. This Christ Consciousness band or grid connects us into the Christ Consciousness of Mother Earth. This Christ Grid is also out in our atmosphere. When we connect our consciousness into this Christ Grid that is a band love light and wave frequency we can wrap our bodies in this 12th dimensional zone of protection and immortality.

We can also create a mini-me of the same reality by placing a mini me of your self inside of your Soul. The soul is a sphere of crystal light nervy that sets right next to and behind the physical heart area. We call this the crystal heart area to remove confusion from what many think of as the soul. The soul is a sphere that weighs 13 ounces and sits inside of the body. The soul has made many journeys to the 6th dimensional blue realm

where it goes through a light review of all light experiences it has in the body each journey before leaving the body at death.

The Soul together with the Mid Brain to record all experiences as frequencies. All experiences are either higher frequencies of contractions from the high frequencies.

It is the Souls greatest desire to remove all contractions from its light review.

This is what is taking place in the wonderful realm of Aquafaria. The sixth dimensional realm where the Soul returns to after death is continuously trying to implant this glorious perfect realm where there are no contractions from the high frequency bands. When all of the contractions are removed which were caused by the yellow brain personality, who continuously experiences the third dimensional belief systems, then and only then can the soul feel it has completed its journey.

This life time on Earth the soul is being given the opportunity to connect its light and bands into Aquafaria while in the body and clear all of the contractions out of ties frequency signature so as to enjoy this sixth dimensional blue body inside of and throughout the body.

The body would transform into the blue body of the Aquafarian frequency signature.

Crystalai

This delightful, joyful, creative realm of frequency signatures

that are woven into the highest realms of angelic consciousness through the neuronets of this body raise the consciousness fields of the body into a new light body connected fully into the physical body to create a new immortal template for the blue body.

The inner band is a result of all that has made us into a community of signatures presence made from within to without. When we put this picture up here in the frontal lobe that is all we need to do. The sub consciousness – the observer, holds it, can translate the picture into frequency.

Putting the knowledge and the image into the frontal lobe while the seals are intact energy is stationed in the lower seals are defining the personality and the tour de force of the yellow brain are equal. The sensual areas in which the brain defines all that is placed in the body includes what food is, how to digest it, what qualities it has. This same yellow brain that is defining our life and telling our body what will make it well or what will kill it, how our days are numbered, that yellow brain. The areas of absolute polarity who you are in a personality. If you place a picture of Blue Body in your frontal lobe. That picture will be eaten up by the yellow brain only tolerating it for so long yellow brain must be transmuted and dissolved into higher frequency waves. The human is divine, but is only being allowed to work upon the old karma of emotion that was never brought to wisdom.cattered outside of our original Galaxy and into the Milky Way Galaxy.

So,

That is why the Soul returned to Earth because the old karma was never given the wisdom that would allow it to connect to the Blue Body, Aquafaria and never given the knowledge to connect to the multi dimension mind of god.

The soul must be able to process this wisdom while in this body. to remove the death sentence that is given to it by the yellow brain of carnal knowledge, the knowledge given to it by the world.

How does the brain use this great power of frequency?

A mechanism in which to apply to disturb to erupt and make volatile. This energy so that it is a displacement that creates a disconnect in the brain itself.

Rituals are repatriations of daily procedure Daily structures how your day will be produced. How you get up

The breath is the closest most sensual tangible form that represents the will of God. it is the manifest code of the will the creation desire of God to Create a new reality from.

God made an atom from his breath and formed an Omni particle and created this body and breathed into flesh and the flesh was made man.

The breath of god must be made in an absolute focus. In order for our light bands to do something we must interrupt the connection of the mid brain to the yellow brain. The mind is the cohesiveness between the frequency and the brain has to first turn its attention to a focus where it is at once protected and yet changed by the consciousness intent of reality that is being brought in to it. The first thing is the consciousness awareness that we have put away our body and we are sitting up right from the spinal column. By pass the part of the body that digests food. We must use the nervous system through the back of spine to by pass interference of yellow brain.
