KNIGHT OF LOVE

217

I AM MARY MAGDALENE

My name is Angela Barnett, however, I have the same Soul that I had when I was Mary Magdalene. I returned to Earth to complete the mission that I started with Yeshuwa ben Joseph and Elaika over 400 million years ago. Our mission was always to align those in the third dimension into the understanding of their true identity as the God's of the Universe, whom we already knew we were. Most people think that Mary and Yeshuwa (Jesus Christ) were only together during one life time. We were actually together for millions of years before that life time when we lived together in the God World. We were on a Cosmic Team who were creating a plan during the time of First Creation when we lived in the God World. There were a few of us on the team who we have decided to call the Jesus and Mary Story. Our Cosmic team included Yeshuwa, Mary and Elaika. When I came to Earth with Yeshuwa, we actually came directly from the God World beyond the Universe. We were together long before the Elohim Angels idea of creation.

When we started our mission of expanding consciousness to understand the Greatness of God's Creation. we were together in the God World.

We later set out creating realities that would allow God to expand his ideas of creations and to participate within them continuously. We left the God World to create the First and Second Seeding of Earth. After the First Seeding was completely destroyed, we returned to begin the Third Seeding-about 400 million years ago.

I came to Earth with Elaika and my Twin Flame. I was a Mermaid and Joe was a Dolphin during that Seeding. We were called the Konsha Serres Race line. We were the Guardians of Earth and the creators of the Grids that aligned our Consciousness with Gaia. The Serres Guardians created the Christ Grid Ascension Portals in the Pacific Ocean 400 million years ago.

We returned to Earth again a few hundred million years later to create a new race line that became known as the Egyptians. We were the Atoni Race. We were the Guardians of Earth when we were the Konsha Serres and we were the Guardians of the Earth when we were the Atonai, who became known as the Egyptians.

It was during this Third Seeding when great problems began to develop on Earth that were caused by having our Ascension Portals and Christ Grids manipulated by Race Lines who wanted to take over the Planet. We had asked the Annunaki to help us repair our off spring who became so misaligned in their Consciousness after the Christ Grids had been manipulated. The Elohim Angels played a great part in helping to restore the problems that were created by the Annunaki's re design of our Consciousness. This Consciousness that we brought to Earth in the Second and Third Seeding was the Divine Template of the Mind of God. We came to Earth to bring this Consciousness. This was the plan that we had designed when we were in the God World making this plan together with God.

We have been working on this Divine Plan to restore the Christ Template within the Earth and the way it connects with and contains the individual consciousness of each being on Earth. After our plan was destroyed by the re making of the original children of God, things got worse and worse. Finally, there was the Tower of Babylon which completely blocked the original consciousness of all on Earth. Everyone had total amnesia. There was no memory left of the original Children of God that we seeded on Earth.

This was the time when Yeshuwa and I returned to Earth to restore hope and memory to the people of Earth. We worked on re-opening the Ascension Portals that we had placed on Earth during the Second Seeding. These Portals were closed again

when we left Earth.

So, you see, the story of Mary and Yeshuwa ben Joseph is much more COSMIC than you have known. When Yeshuwa found me, he was 30 years old. He found me because I was the only person that he could find who also contained the Frequencies of Consciousness of Christ. After we found each other we knew that we had both come from the God World and we were meant to be together for the experiences that our Souls needed to take back to the God World so that God could learn more and more about his creation.

I spent many lifetimes with Yeshuwa besides the one that you have read about in the Bible. We were on the same team. It was actually Elaika's Team. He was always our Team Leader. In the God world, we did not have Souls. We were the Over Soul of the Souls who came to Earth.

After the times I came to Earth with my complete attunement with my Cosmic Consciousness or God World Consciousness with Yeshuwa, Elaika created a new type of Mission. The next time that I left the God World of Cosmic Consciousness, I did become a Soul. My Soul divided into two parts when I jumped into the spirals of the Universe. My Twin Soul and I spiraled down through the 12 Universal Spirals and were later born on Earth in 1954.

My other half of my Soul and I are together now. Our names are Angela and Joe Barnett. We are still on the Elaika Team of the Jesus and Mary Story. We came to Earth to re-open the 12 Ascension Portals in the Pacific Ocean. Our entire time on Earth has been preparing for this mission.

This mission is our Over Soul Contract. Those in our Over Soul were the ones in the God World making this Great Plan. If a

person does not complete their Soul Contract, they are not completing a part of God's plan that he had discussed with those in the God World before our Souls took the leap down to Earth.

It took many years of learning to listen to Spirit, listen to Soul, listen to the music of the spheres. I have been continuously studying the broadest spectrums of infinity and the way God works since I was four years old. Joe and I have both been directed toward the fields of music and communication that provided all of the pieces of the puzzle that would allow us to complete our Mission and our Soul Contracts.

We began opening the Ascension Portals in the Pacific Ocean in 2008 and we will finish by November 2016. These 12 Portals will re connect the Earth with the 12 Universes that will be able to freely travel back and forth to the Earth in the future. That system was the normal state of Gaia millions of years ago. Earth was always meant to be a Free Planet where everyone from the 12 Universes of Consciousness could come and go freely. That is the purpose of our Mission.

I am the Soul of Mary Magdalene. I am the Female Christ on Earth. I am on Earth now. I have been here many times before. I was the wife of the one many of you call Jesus Christ. His name was Yeshuwa. He is called Jesus Christ because he was the Male Christ walking on Earth and I was and am the Female Christ walking on Earth.

This book is being created from the dialogs that I have had with my Spirit Guide and with Yeshuwa ben Joseph, who have each helped me remember myself as Mary Magdalene.

I have shared my audio dialog with Yeshuwa with many of you, however, you can not possibly know the full meaning of what is being discussed between us because you have never been me. I am excited about finally having a recording of a session between Yeshuwa ben Joseph and myself where my true identity as Mary Magdalene is being revealed.

I will send the audio file to anyone who requests it. I will be writing extensively about each section of our conversation in newsletters which will later become my new book.

I hope you will learn many things about yourself as you are discovering the same things that I discovered about myself. I came to Earth directly from the Cosmic Realm. I have explored the entire spectrum of reality. Many of you have had this same journey. Some of you have only had the Galactic Journey, but those were also magnificent. There are several Indigos on Earth who came directly from the Universal Realm as I did. There are very few of us who actually had the experience of coming directly from the Cosmic Realms of the God World of the Initial creation as Yeshuwa and I did. This is why we were the only ones who could resonate with each other on Earth. We continued living in the God World and practiced bi-location between Earth and the original place of residence in the God World.

This place was magnificent beyond any words that you know. It was the place where God began his creation of the ideas that he would send out into the Universe to have the adventures that he

could only have through us. This was the place that we discovered how the true reality is brought forth in all of its magnificence and how infinite that reality can be. We were sent into the farthest density of Earth to explore the vast meanings that exist within this dimensional reality. We left the Father's House to become his Universal Explorers that would compile an infinite amount of information through the experience of our Souls, which are the God Creation itself.

I am the Soul of Mary Magdalene. That doesn't mean that I am a different person than Mary Magdalene who has a piece of her Soul in me. I am in fact Mary Magdalene. I am here on Earth as the Female Christ returning the Highest Frequencies to Earth and opening the 12 Ascension Portals. That is me. That is who I am. There is no other person in the Universe who can perform this mission besides Mary Magdalene. It was my mission to come to Earth, remember who I was and complete this mission.

I was first called upon by Elaika in 2008 when he requested us, the Cosmic Twin Souls, who carried the Female Christ Consciousness of the Soul of Mary Magdalene to move to Monterey, California to open the first Ascension Portal in the Pacific Ocean. That story, in itself, may be found in the shorter version of THE COSMIC TWIN DIARY or in the longer version book, titled, 12 DNA from the Music of the Spheres from the Diary of the Cosmic Twins and the Ascension Program Training with the Keys to the Universe.

The book will continue that story of how Mary Magdalene discovered herself on Earth through Yeshuwa and Elaika. I had known within myself that I was Mary Magdalene since Elaika told us that we were the new Jesus and Mary Story on Earth. At first,

I thought we were being told that I was Mary and Joe was Jesus Christ.

After a one hour dialog with Yeshuwa through a great channeler, I learned that we were at once Soul Mates or Twin Flames. Yeshuwa explained this phenomena of the Soul Mate meaning that we came from the same Domain. We came from the God World which is one step above the Universe. He said that he found me when he was 30 years old. He found me because I was the only one that had the same resonance of the God World that he had. This God World is one step above the Universe. It is higher than the realm of the Elohim Angels. This is what I have been calling the Cosmic Consciousness or the Fifth Sphere of the Music of the Spheres which holds the Universe within the Oneness of the Initial Creation of the Birthing Process.

Yeshuwa explained to me that we had lived together in this Cosmic Realm for millions of years before we met again on Earth. He told me that Elaika was there with us as well. I told Yeshuwa that I was a little confused about our relationship as Soul Mates because I thought a Soul Mate meant that we came from the same Soul and then divided when we came down to Earth. I told him that I was confused because my Soul Mate is now here with me and his name is Joe.

Yeshuwa told me that it is true that Joe and I were at once One Soul when we came down into the Universe and we separated into two beings so that our Frequencies could divide into the Male and Female Christ and then reunite again when we found each other.

Yeshuwa told me that the time that I was together with him as his Soul Mate was when I had not divided into the Male and

Female in order to move into the Parallel Universe. Yeshuwa described in great detail how our entire time on Earth was a time of bi-location back and forth from the God world beyond the Universe and the third dimension. We kept our Consciousness in the Cosmic World from which we came and traveled the stairway to heaven continuously in order to open this portal of higher consciousness into the Earth.

Yeshuwa told me that he knows how I have already opened at least five of the Ascension Portals on Earth already and that I am the one and the only one who can open all 12 Ascension Portals on Earth by this November. This is the reason EVERYTHING WILL CHANGE in November. When the 12 Ascension Portals are opened all 12 Stargates will be re opened into the Earth. When Yeshuwa and I worked on this process about 2000 years ago, we created the formula for opening one Ascension Portal to Earth. That Portal of Ascension was closed again by Invader Racelines. (I talk about that situation more in my other books).

There had been several attempts over history to re-open the portals and there were always complications, invasions and other set backs. Yeshuwa explained to me that there was no other time when this Cosmic Event could actually take place besides November and December of 2016. Yeshuwa explained that it is only once in hundreds of millions of years when there is such an alignment of star systems moving around the Suns that places everything in the perfect place at the perfect time.

Yeshuwa told me that this time will occur in November and December of 2016. He told me that my mission of Earth was to return to open these 12 Ascension Portals in the Pacific Ocean so that those 12 Stargates would align and connect into these

Portals later this year. This mission of opening the 12 Stargates is probably the most important mission that has ever been assigned to any one Being. Yeshuwa told me that I have been watched over and protected by a team including Elaika, himself and an entire Over Soul team who is not only the over seers of my personal Ascension, put the Ascension Team of the entire Universe.

This was what was discussed in one part of the dialog.

I will continue writing about this dialog which is the MOST IMPORTANT DOCUMENT ON PLANET EARTH AT THIS TIME. This is the first time that it has been revealed that Mary Magdalene has been on Earth completing her final mission in the disguise of Twin Souls who performed the task of over coming death as one of the Twins Souls continued to live even as one of the bodies had died. That is the story in the other books.

We had to go through that experience of Joe dying in order to completely understand ourselves as a Cosmic Twin Soul. This is a different type of Twin Flame or Soul Mate than the ones that Yeshuwa and Mary were. We were Soul Mates because we came from the same place, and contain the same Cosmic Consciousness of the God World.

MEANING AND USE OF THE OM

OM from the OMNIVERSAL to open the ASCENSION PORTALS

FROM THE

I AM MARY MAGDALENE DIARY

Yeshuwa discussed with me his memory of how we taught the Science of the Music of the Spheres as the simple OM of the Eternal Consciousness of the Cosmos within the Sun.

Mary explains to Yeshuwa that they were both teachers, they were equal as 12th dimensional consciousness in the form of the female Christ and the male Christ. At this time I (Angela Barnett) am the holder of the Female Christ Consciousness on Earth and Joe Barnett is the holder of the Male Christ on Earth. This is why Elaika told us that we were the new Jesus and Mary Story.

Our Story must begin now because this is the last year of the whatever is to be learned on the Earth that will become history next year. This old Earth story will go down in history as a time of the barbaric people growing into humans and how Jesus and Mary changed the course of that history.

Yeshuwa clearly stated that I am the only one on Earth who holds this Cosmic Mary Consciousness that can open the 12 Ascension Portals in the Pacific Ocean. He also said that he was the one who appointed the seven people who opened the Portals on land during the past few years. Opening the 12 Ascension Portals will allow all Beings from all 12 Universal Realms to reunite as One Family in our new Universe.

Yeshuwa explained that it was the original use of the OM frequency to re-unite the resonance of Oneness on Earth. This Cosmic Sun frequency holds the frequencies of 15 dimensions re united together and then transformed into a New Cosmic Frequency of OM.

My use of the OM frequency has become more expanded from a blending of the time I taught this Science with Yeshuwa when we were continuously streaming our consciousness from the highest realms of the Universe.

When an Entity is on the Inside of a situation looking out, they see the situation differently than when they are on the outside looking in. When they become the Observer of the same Situation, an entirely new reality appears to them.

Yeshuwa and I discussed how we were showing the resonance of Oneness of this OM frequency at that time and how now at this time as I am standing outside of the box, looking back as an Observer, I have realized that the teaching of OM must be accomplished by allowing people to hear, feel and experience being inside of the SUN rather than just saying the word OM in a droning tone. That is definitely not how we learn to Resonate with the Sun.

I explained to Yeshuwa that I have needed to re-explain the meaning of resonance as the physical and spiritual frequencies being pulled back together into a new tone or a new resolution of the the new frequency. There must be the realization of much more to this toning of the word OM than just the sound that is made when someone says the word. I explained to Yeshuwa that people have not learned to connect their consciousness to the other side of the spiritual parallel reality and the higher dimensions of the Cosmic Sun, so there is a difference of meaning being transferred to those on Earth of the true meaning of OM.

Yeshuwa also reminded me that when we move into the frequencies of the OM, which is the purpose of all of my music--

moving into all of the frequencies of the omniverse-- we are to fill our cells with JOY, HAPPINESS and BLISS. This is what turns our spark of light. This is what turns on the God Within Us. This is what makes the cells shine with light and makes the skin glow.

That is the magic part of the formula that I was missing.

Yeshuwa told me (Mary Magdalene who is now Angela Barnett) that what I have done in my teachings and my use of the frequencies to show this reality to people is perfect and wonderful and it is absolutely correct. Yeshuwa told me (Mary who is now Angela), that I have opened a door out of and beyond the third dimension by opening the minds of only a few people, and I have made life changing consequences with the people who have purchased the ETERNAL LIFE ALBUM in order to work one on one with their Consciousness transformation. Yeshuwa said my book, the 12 DNA from the Music of the Spheres will enlighten thousands of people to the new realities ahead.

Yeshuwa said he had read my books, heard my music, and I have done a wonderful job in expanding our teaching from our first school at the City of Magdalene where we originally showed people that they were much more than a third dimensional being. Our goal was to show them that they were so much more than who they thought they were. We opened them to know their spiritual self and the allness of the Universe is with the Frequency of OM.

Once again, I explained my point of view that explaining this same phenomena of OM by starting with the understanding of

the Music of the Spheres and the relationships of our bodies as the actual essence of the stars themselves, and how we were created from the substance of the Sun helps to understand our true relationship with this OM frequencies which actually means all of the Consciousness within all of the dimensions of the Universe contained within the Cosmic Consciousness of the Sun must be heard and felt as those Frequencies themselves, and that I had chosen to teach this by recording these frequencies that we called OM and placed them on mp3's and CD's so that people can actually experience the OM itself. I explained my point of view that blending all frequencies into the resonance of this OM frequency allows people to realize that we are not just speaking of a chord or a note or a scale as is taught in some Solfege teachings. I explained to them that the entire ESSENCE of what I had taught with him over 2000 years ago at the City of Magdalene in our Mystery School had been lost through the ages and the meanings had been twisted from what they originally were. The meaning has been totally lost through translation and misinterpretations repeated over and over again for thousands of years. I explained that if you just tell people to say OM, it just means to say OM. It does not mean for them to move their Consciousness completely into all of the Frequencies of the Universe and then walk into the Sun in Consciousness.

I know as Mary Magdalene that it was my true mission to understand these frequencies of OM, remember how we were living in the Mind of the Sun when we bi-located to our School of the Magdalenes, how we made time and distance disappear to be at both places at the same time. I knew that my mission on Earth was mastering these concepts so that I could open these 12 Ascension Portals at this time, because this is how I open the

portals.

I examined the combination of Yeshuwas explanation of what we taught together and added my new perspectives to what we taught before at our Mystery Schools.

AUTHOR'S BIO AND OTHER LIFETIMES

We are the Lightning Rods on Earth connecting the Sound Frequencies from Inner Earth into the Light Frequencies of Sirius B in the Aquarius Galaxy. Our frequencies connect the rainbow bridge between the atmosphere of Earth into the birthing chambers of Inner Earth.

Joe and I were together as One Soul in the God World, which is one step above the Universe. Those who were called the Elohim were one step below us in the universe. We were together in the God World of Initial Creation with the one who was later called Yeshuwa ben Joseph and Jesus Christ on Earth. I was with Yeshuwa as Mary Magdalene when we lived together in this realm beyond the Universe and we bi located to the Earth to perform our missions of exploration for our Souls. We were a team who knew each other well and had similar interests in the Universe long before we began our adventures as Yeshuwa and Mary.

It was after my time as Mary that I returned to the God World where my idea that would later become Joe existed. We were all together in the God World before we decided to break apart into two sections of a Soul that would spiral through the Universe as 12 sections and then separate into two entities who would be born on Earth. So, the Cosmic Twins who are now Joe and Angela Barnett, were at one time the one who was called Mary of Magdalene.

When I was Mary Magdalene, Yeshuwa found me because he could feel my resonance of the 12th dimensional consciousness that we both shared. This is the same way I found my Soul Mate, Joe, when I came to Earth this time.

I had four other life times with the one who was called Yeshuwa. He returned as St. Germain and I was his top student. We spent a life time in Greece and one in Egypt and one in Tibet.

I had also spent many life times on other planets when I was with Elaika. We were together

First, I would like to give a broader explanation of why the Cosmic Twins (me and Joe) are the key activators of the Twelve Ascension Portals in the Pacific Ocean. This is not our first time on this Planet. We have been here many times before. We were both on Earth during the Second Seeding of Earth millions of years ago. Our Race Line was called the Serres 'Konshan. I was a mermaid and Joe was a Dolphin. We created our Soul Contracts long ago when we agreed to return to Earth at this time to finish what we started.

At that time I was a mermaid who spoke the trinary language where all that is known in the frequencies of time on this planet resonated together with the Spiritual Parallel Realm of this Planet and then out through the Universe as a stargate alignment that held Earth within the Consciousness Field that she would be born into at a later time. This trinary language was also spoken by the Dolphins and the Whales at that time and it still is their language. Joe- my Cosmic Twin was a dolphin and we were together at that time working on this same project that we are working on now, which is keeping the Earth, the Underwater Cities in tune and in alignment with the entire set of Light Portals that create the harmonic balance on Earth. This light that was held by the dolphins and mermaids at that time and in this time helps the ascension by moving the light across the ocean and into the universe. They hold the light to make it stronger and to remove the radiation from the water. They send and receive light language from the Pleadians to help remove the radiation.

The gift we share is the ability to bring the Highest Frequencies

to Earth through Music. Our Mission Plan Team who came to us in 2007 included Raphael, Zadkiel, St. Germain, Melchizedeks, and thousands of other Orbing Entities. Our team connected us personally to the Elohim of Hearing so that we could hear the MUSIC OF THE SPHERES creating marvelous symphonies.

Next three knights handed us three crystal spheres of light, dust and gel. This is the exact technology used to bring the highest frequencies that are breathed from Source into the Ears of the Elohim of Hearing. Our angelic family translate these Keys to Eternity into the breaths that we create our music from. This is the Gift of the Highest Frequencies brought to Earth through our Music. These highest frequencies are the keys to heaven.

Our first initiation was in August of 1987 when we were living in Antalya, Turkey. We later learned that Mary and Jesus had visited this city many times. We were woken at 2 a.m. by an Etheric Entity clothed in a white garment of light. He had one simple message for us. He said, "Do It. Make God's Movie. Do It Now."

Our second initiation began in 1993 in Beppu, Japan. Again we were woken up at 2 a.m. by a different Etheric Entity who said, "Make God's Movie Now." That same night, aDolphino was given the music and song named No More War, Crystalai was given the song, Greater Works the next day. aDolphino was given a screen play to go with the music within the next few weeks. The album and the screenplay were complete within a few months. This was THE TRILOGY. In 1994 we completed the "Promise" album, which we later realized was the complete story of the promise of the 11:11 ascension, when we will all return to the moment "before the world began."

Our third initiation began in 1998 when we were again directed

to "Make God's Movie." This was the year we were directed to Hollywood, California to begin creating the visual movie of The Promise. In 2004 we won the Hollywood Spiritual Music and Film Festival Award for The Promise. In 2000, aDolphino began working for Steve Oedekerck and Tom Shadrac, producers and directors of Bruce Almighty and Pet Detective starring Jim Carey. His immediate supervisor was Tom Shadyac, who was the director of Bruce Almighty and Evan Almighty starring Steve Carrel.

It was very obvious that the higher selves of these famous people were all a part of our same team of making God's movie. The writer and director were creating at a multi dimensional level the story God, Consciousness and man being a creator who was doing the job of God on Earth.

About a decade later, Tom Shadyac also had a Near Death Experience which allowed him to die and walk through the Veil to the other side, exactly like Joe did earlier. They have much in common. They worked together, never spoke to each other, and yet were continuously having directions through their higher selves.

Our fourth initiation began in 2007 when we met our Elohim Angel Team and received our three spheres of crystal light, crystal dust and crystal gel. Our fifth initiation began in 2008 when aDolphino was hit by three trucks and five cars. When he woke up four months later, three angels appeared to him and said, turn over and thank Crystalai for saving your life. They said, "We could not save you. Only she could save you." This was the moment when we both knew that we had now created God's movie. We had become the Quantum Observers of the reality that we could make as our Frequencies aligned into the

Infinite Unknown of Source Consciousness. The angels told us that our names were written across the skies of heaven and that all angels have heard our music, because they are the ones who have made our music.

We arrived in our sixth initiation, in 2010, where we are working with a team of Aqua Crystal Light Fairies from the fourteenth dimensional liquid light rebirth chambers of inner Earth, the Oraphim Angels and Elohim Angels who are aligning our frequency chambers through our breaths into the crystal pillars of Aqua Crystal Light Fairies Reality. We are the Lightning Rods on Earth connecting the Sound Frequencies from Inner Earth into the Light Frequencies of Sirius B in the Aquarius Galaxy. Our frequencies connect the rainbow bridge between the atmosphere of Earth into the birthing chambers of Inner Earth.

When I was four years old, I learned in Sunday School that God is Infinite, God is Omnipresent, God is all knowing, all seeing, all acting, all wisdom. I learned that God is Omnipresent, which meant that God was in every cell of my body and in every atomic structure of every particle in the Cosmos. It was that original background knowledge at such a young age that made that reality the very value and belief system of my entire existence.

I knew that these truths were the absolute truths. However, there were times in my life when I wondered why it was that sometimes I could heal myself instantly and other times it took a week, and why some things just never seem to go away.

I wondered why I could reveal some of the realities of God's identity such as instant healing, and yet not so much instant manifestation of things like a lot of money. I wondered why it was that even though I had plenty of intelligence, good grades,

lots of diplomas and credentials that it was so hard to ever get a job and even harder to keep a job. I wondered why it was that I could obviously do some things like teaching and performing music far better than anyone else that I had ever encountered, and yet all of the other people were chosen for the job or the part instead of me.

These were the questions that allowed me to realize that I needed to know a lot more about myself, and a lot more about who God really is.

When my husband and I were being directed by our Mother Father God to create the music that would allow us to know all that there is to know about our selves, the music that revealed itself to us was The Promise Album. The words that were presented to me to sing and the music that was given to my husband to composed came to us completely separate from each other. I was to find a way to find melodies and rhythms that would fit into the harmonies, rhythms and chord structures. As I kept rearranging the wording to fit the music, the understanding of the words became clearer and clearer, and sometimes the arrangement of the words completely changed along the way to gain an even clearer meaning. And I was always guided by my thought adjuster angels and God.

After the introduction announces The promise of the perfect kingdom, before the world began comes the most significant phrase of our entire existence:

Search for me in your heart. You shall find me in your heart.

That phrase riddled me for years, because I kept wondering what I was going to find in my heart - this organ that went thumpity thump thump.

My search finally led me to Keylontic Science. I am certain that the Christian Science that I was raised to understand is the identical science to Keylontic Science; except, the Keylontic Science gives the absolute formulas and meanings down to the quantum level of understanding the formulas that were first given in Christian Science. Christian Science was revealed by Mary Baker Eddy as the Divine Comforter, which would give us comfort in understanding the basics of the complete Divine Science until the full Science was revealed between the years 2000 and 2012.

Jesus told me in one of our dialogs that Mary Magdalene had walked into Mary Baker Eddy in order to save her life when she slipped and fell on the ice in Boston. It was this time when my Consciousness was inside of Mary Baker Eddy that all of the ideas came to her about the truth about the Bible and about reality because she had my voice within her.

So, when Mary Baker Eddy was healed miraculously after being dead for some time and then coming back to life, it was because I had placed my Spirit within her, just like I had done for Jesus and for my husband Joe, when they each died. So, I have been raising the dead for quite some time.

When Mary Baker Eddy woke up she began writing what she learned from me when she was dead and my Spirit was in her. This is where many of the teachings that are in the Science and Health with Keys to the Scriptures came from. They were actually written from the words that I had spoken to her.

So, when I was four years old and picked up the Science and Health and read it, that was the reason that living on this Earth was easy for me, because I had left behind the directions for myself to follow.

Now, that I have spent the past twelve years studying Keylontic Science, I have a much firmer understanding of Christian Science, and I find them to be in complete agreement.

My Co Creation Team have done a splendid job of directing me to every experience, every book, every person during my lifetime to be led through the unfolding of these questions and these answers.

We must go BEFORE this world began to find the truth. We must go to the place where our DNA had not been scrambled into a receiving station for distorted information. After, we go to this place where our Frequencies of Knowing begin at the subharmonic level, then we can go into our Crystal Heart, which is our God Seed Atom within our Thymus, create a flow of Source Consciousness from within the Seed Atom containing our original divine blue print that was created long BEFORE this world began. Within that Crystal Heart - which is actually our Soul, we find the longing to know everything about our self.

It is the purpose of our Soul to continuously search to know more about everything. It is the Soul that is within the Heart, that will reveal to us all that is within every fabric of our DNA, within the crystal cells as they bloom forth into mansions containing the billions of lifetimes contained within our At One Ment with All That is or Source Consciousness.

If I had stopped my search with what I learned in Sunday School, I would had never learned that our Crystal Heart had been blocked from the Flow of Source Consciousness, because the formulas given in both Christian Science and Keylontic

Science help to unblock that flow of At One Ment with Source.

The truth that we have been blocked from Source Consciousness all of this time could not be revealed to the Earth until it was almost time for our Ascension. This truth had to be revealed to us at this time.

Our fifth initiation began in 2008 when a Dolphino was hit by three trucks and five cars. When he woke up four months later, three angels appeared to him and said, turn over and thank Crystalai for saving your life. They said, "We could not save you. Only she could save you." This was the moment when we both knew that we had now created God's movie. We had become the Quantum Observers of the reality that we could make as our Frequencies aligned into the Infinite Unknown of Source Consciousness. The angels told us that our names were written across the skies of heaven and that all angels have heard our music, because they are the ones who have made our music.

We arrived in our sixth initiation, in 2010, where we are working with a team of Aqua Crystal Light Fairies from the fourteenth dimensional liquid light rebirth chambers of inner Earth, the Oraphim Angels and Elohim Angels who are aligning our frequency chambers through our breaths into the crystal pillars of Aqua Crystal Light Fairies Reality.

We are the Lightning Rods on Earth connecting the Sound Frequencies from Inner Earth into the Light Frequencies of Sirius B in the Aquarius Galaxy. Our frequencies connect the rainbow bridge between the atmosphere of Earth into the birthing chambers of Inner Earth.

Joe and I were together as One Soul in the God World, which is one step above the Universe. Those who were called the Elohim were one step below us in the universe. We were together in the God World of Initial Creation with the one who was later called Yeshuwa ben Joseph and Jesus Christ on Earth. I was with Yeshuwa as Mary Magdalene when we lived together in this realm beyond the Universe and we bi located to the Earth to perform our missions of exploration for our Souls. We were a team who knew each other well and had similar interests in the Universe long before we began our adventures as Yeshuwa and Mary.

It was after my time as Mary that I returned to the God World where my idea that would later become Joe existed. We were all together in the God World before we decided to break apart into two sections of a Soul that would spiral through the Universe as 12 sections and then separate into two entities who would be born on Earth. So, the Cosmic Twins who are now Joe and Angela Barnett, were at one time the one who was called Mary of Magdalene.

When I was Mary Magdalene, Yeshuwa found me because he could feel my resonance of the 12th dimensional consciousness that we both shared. This is the same way I found my Soul Mate, Joe, when I came to Earth this time.

I had four other life times with the one who was called Yeshuwa. He returned as St. Germain and I was his top student. We spent

a life time in Greece and one in Egypt and one in Tibet.

I had also spent many life times on other planets when I was with Elaika. We were together

First, I would like to give a broader explanation of why the Cosmic Twins (me and Joe) are the key activators of the Twelve Ascension Portals in the Pacific Ocean. This is not our first time on this Planet. We have been here many times before. We were both on Earth during the Second Seeding of Earth millions of years ago. Our Race Line was called the Serres 'Konshan. I was a mermaid and Joe was a Dolphin. We created our Soul Contracts long ago when we agreed to return to Earth at this time to finish what we started.

At that time I was a mermaid who spoke the trinary language where all that is known in the frequencies of time on this planet resonated together with the Spiritual Parallel Realm of this Planet and then out through the Universe as a stargate alignment that held Earth within the Consciousness Field that she would be born into at a later time. This trinary language was also spoken by the Dolphins and the Whales at that time and it still is their language. Joe- my Cosmic Twin was a dolphin and we were together at that time working on this same project that we are working on now, which is keeping the Earth, the Underwater Cities in tune and in alignment with the entire set of Light Portals that create the harmonic balance on Earth. This light that was held by the dolphins and mermaids at that time and in this time helps the ascension by moving the light across the ocean and into the universe. They hold the light to make it

stronger and to remove the radiation from the water. They send and receive light language from the Pleiadians to help remove the radiation.

The Seven Ascension Portal Album is to help Mother Earth as we are opening these seven portals with the Frequencies of Mother Mary Consciousness which I hold within me, and I exhale on to the albums.

The reason that I was called upon by Elaika to open the First Ascension Portal in 2008, and to now finish opening the last seven Ascension Portals now is because these Portals will re connect Mother Earth to her Star Gates. This is her ticket to freedom. This is what balances her harmoniously and harmonically back into her original 12 stargates that holds her within the light portals of harmonic balance.

The Seven Ascension Portal Album contains the seven sets of frequencies that I was given as the Mother Mary Frequency, to open each one of the seven portals. Each one of you who listens to these seven songs will be helping me to intensify the love and support of Mother Earth as we are opening these last seven portals with the Frequencies of Mother Mary Consciousness which I hold within me, and I exhale on to the albums.

This is our time when we are to complete our mission of this opening of the 12 Stargates that were created by the Mother Mary Frequency. This is the Frequency which was held within the Underwater Cities for the Eons awaiting Earth's Re Birth. The opening of the 12 Stargates in the Pacific Ocean began in 2008

when we opened the Portal near the Monterey - Carmel area. Next, I opened four more portals along the California Coast. Recently, Elaika told me it was time to open the remaining Seven Ascension Portals in the Pacific Ocean.

<http://crystalmagicorchestra.com/underwater-cities-of-light>

Presently, there is a 46% chance that the entire Pacific Coast will slide into the ocean in the next two years, and it is an absolute that it will happen within ten years. This is something that must happen. However, the opening of the Portals brings in all of the Star Consciousness of all of the other 12 planets energy into the Heart of Earth and this gives her great energy and power to endure this great stress that is being placed upon her body.

Please note that when I opened the first Ascension Portal in Monterey and the ones along the Coast that I already did 67% of the work needed to stop the huge California quake that was in our frequency chart at that time. Each time another portal is opened there are tremendous shift of energy into ways that will help Mother Earth tremendously in her shifting process.

First, I would like to give a broader explanation of why the Cosmic Twins (me and Joe) are the key activators of the Twelve Ascension Portals in the Pacific Ocean. This is not our first time on this Planet. We have been here many times before. We were both on Earth during the Second Seeding of Earth millions of years ago. Our Race Line was called the Serres 'Konshan. I was

a mermaid and Joe was a Dolphin. We created our Soul Contracts long ago when we agreed to return to Earth at this time to finish what we started.

At that time I was a mermaid who spoke the trinary language where all that is known in the frequencies of time on this planet resonated together with the Spiritual Parallel Realm of this Planet and then out through the Universe as a stargate alignment that held Earth within the Consciousness Field that she would be born into at a later time. This trinary language was also spoken by the Dolphins and the Whales at that time and it still is their language. Joe- my Cosmic Twin was a dolphin and we were together at that time working on this same project that we are working on now, which is keeping the Earth, the Underwater Cities in tune and in alignment with the entire set of Light Portals that create the harmonic balance on Earth. This light that was held by the dolphins and mermaids at that time and in this time helps the ascension by moving the light across the ocean and into the universe. They hold the light to make it stronger and to remove the radiation from the water. They send and receive light language from the Pleadians to help remove the radiation.

I have written several meditation journeys of the trips that I have taken back to my original home when I was a mermaid and Joe was a dolphin. I created these journeys in the form of music on the Magical Mermaid Journey album and in the Eternal Life Waters set. These journeys are now available on the Underwater cities album. All of the songs on Dolphin Magic and Cosmic

Consciousness are channeled messages directly from the original Serres Underwater Cities of Light.

I take this astral trip almost every night to visit my old family and friends in the Under Water Cities. We were the Serres Conshan Race at that time and we are called the Clairs at this time. When I was a mermaid, in the second seeding of Earth, my face and body resembled the human very much. The Dolphinoïd Humanoid Race were originally a brother and sister relationship. Later, the mermaids became more and more fish like as a result of the inter breeding that took place on Earth. The Dolphin race that Joe originated from is the Oraphim race, while many of the dolphins on Earth at this time come from Pleiades, and specifically Sirius. These are different breeds of dolphins than the Cosmic Dolphin Family of the Oraphim Race Line. We were the original founders and guardians of this Earth. We were the first set of Guardians in the Second Seeding and then we returned to Earth again in the Third Seeding as the Adonai, which was the return of the Serres in humanoid form. This group became known as the Egyptians.

Our mission on Earth has been a very long mission. We served in hundreds of other missions over the eons including some on Alpha Centauri, Orion, Centaurus, the South part of the sky which was called Aquarius, and dozens of other star systems.

This is our time when we are to complete our mission of this opening of the 12 Stargates that were created by the Mother

Mary Frequency. This is the Frequency which was held within the Underwater Cities for the Eons awaiting Earth's Re Birth. The opening of the 12 Stargates in the Pacific Ocean began in 2008 when we opened the Portal near the Monterey - Carmel area. Next, I opened four more portals along the California Coast. Recently, Elaika told me it was time to open the remaining Seven Ascension Portals in the Pacific Ocean.

I created the music and the meditation journeys titled the Underwater Cities of light, as the Frequencies of Consciousness that are re-uniting the work that I did with the Mother Mary Frequencies during the Second Seeding and the original Oraphim Race Line of the Cosmic Dolphins and Mermaids who created the Underwater Cities when we were the Serres. These Frequencies of Consciousness are woven together with the present raceline of the Clairs and using the original Portholes that we created during the Second Seeding, we are bringing back together and completing a Cosmic Frequency that holds all that was before and uniting it with all that is now.

These frequencies are to help unite our consciousness of oneness with the Clairs at this time.

The Clairs, Oraphims and Serres Canshan dolphins and mermaids are the ones who are helping clear the radiation in the oceans. Joe and I are the only ones on Earth who still contain the original codes of the Serres Race line who created these portals long ago. So, we are doing two things at once. We are helping the healing process with the Underwater Cities of Light

and we are re opening the 12 Ascension Portals in the Pacific Ocean that were created during the Second Seeding.

This is a different set of Ascension Portals than the ones that were created in the Earth Grids by the Elohim and Sirian Racelines. Those Portals have also been opened during the past decade. The 12 Ascension Portals in the Pacific Ocean serves a different purpose of holding Mother Earth steady during this great tectonic plate shift so that she might be able to heal within herself the tectonic plates that are breaking and shifting. The transformation that Mother Earth is going through is huge and very painful for her, just as it is with us. She is breaking apart and shifting. She is going through a Cosmic operation that is unplugging her ley lines which are like our blood lines and neuronets being ripped apart so that she can shift into a new set of reality.

The Seven Ascension Portal Album is to help Mother Earth as we are opening these seven portals with the Frequencies of Mother Mary Consciousness which I hold within me, and I exhale on to the albums.

Presently, there is a 46% chance that the entire Pacific Coast will slide into the ocean in the next two years, and it is an absolute that it will happen within ten years. This is something that must happen. However, the opening of the Portals brings in all of the Star Consciousness of all of the other 12 planets energy into the Heart of Earth and this gives her great energy and power to endure this great stress that is being placed upon her body.

You may order the music that I have used to open the Ascension Portals from my site, Crystal Magic Orchestra.

Each time you listen to the music you are making the work that I do in balancing the Tectonic Plates in the Pacific Ocean and in opening the Ascension Portals within the Earth's Core to connect with all of the Frequencies of the Universe that are required to open these Stargates on Earth more powerful.

Each time you listen, you are helping to open Mother Earth's Ascension Portals into the Star Gates of her original self. Each time you listen to the music you are radiating love and light from her heart clear out to the farthest reaches of the Universe.

I hope you have time to listen to the Channeling from two days ago. It is fabulous. Elaika didn't tell me anything that I didn't already know, but he allowed me to realize that I what I believe that I know is always the truth. He confirmed all that I had seen in my visions and dreams about being a mermaid and being with Joe when he was a Dolphin. He confirmed that we were here as the Second Seeding as the Kings of the Underwater Cities. This race was called the Serres. I had known this before, and he confirmed that it was true. We came back to Earth again as the Adonai race line. Both of these race lines were considered the Guardians of this Planet during the second and third seedings. We were the ones who needed to be on Earth at this time to re open the Ascension Portals and the Stargates clear back into the depths of the Underworlds, the Underwater Kingdoms, the place where we began this entire World Project millions of years ago. This is why my story is very different than others, because I was here from the very beginning of Earth's time, and this Foundation Race Line is the only one who could balance Earth through her Portals as she goes through this shift in time.

We came from the Violet Suns where the Oraphim Dolphinoid and Oraphim Humanoids originated from the Seven Cosmic Suns of our Creation. Elaika just verified that he had also originated from this Oraphim Race line and the Serres Raceline. He was together with us during that time when the Mermaids and the Dolphins were the Guardians of Mother Earth. Elaika was present in the form of the Star Essence Foundation from Aquafaria for creating and building the Form within which the Earth would continue her re-birth.

Your consciousness connects with Mother Mary Consciousness through me each time you listen to the music. When you use the Meditation Journeys, you are helping in a much stronger way and you are helping connect your own neuronet system into all of the 12 Star gates which will eventually open you to contact and communication with all of your Starry Families.

The Process of Earth shifting is REQUIRED. The Earthquakes are REQUIRED because this is what is allowing Mother Earth to SHIFT into the most harmonic alignments of the Christic Grids that are within her Consciousness. Opening the remaining Seven Ascension Portals in the Pacific Ocean will create miraculous reduction in the amounts of problems of homes sliding into the Ocean and deaths from slides, earthquakes and volcanic eruptions.

The method that has been given to me that will reduce the DEATHS caused by the Earthquakes and Slides, is the opening of the Ascension Portals in the Pacific that were created by Mother Mary, which is actually what some are now calling the COSMIC CHRIST CONSCIOUSNESS. The 12D Christic Grids were placed within the Earth Consciousness by the Elohim Angels.

They were the only ones who carried this original perfect Divine Consciousness of the Humans who they cared for so much that they shared their DNA with us by placing a few of us in a Light Incubation Field and inducing their DNA into us. Those of us who went through this process of having our DNA ignited by the Elohim and Sirians eons ago are back on Earth now completing the project. We are here now to make sure that the DNA that was programmed into the Grids of Earth and into the light fields of a few of us will now allow that precious DNA to flow into many others on Earth through this special LIGHT INCUBATION PROCESS that will occur as a result of the interaction of the Sun and the Grids within the Earth.

HOLOGRAPHIC MUSIC from the MUSIC OF THE SPHERES

The FAVORITE MUSIC of all Civilizations who are both Fifth Dimensional and attuned with the original Universal, Christic (Karystic-Ka Ha Ra Sa Ta Ha La) based on the music of the Seven Suns woven into the Eighth Sun is the MUSIC OF THE SPHERES.

The Music of the Spheres is created by weaving the Frequency Tones of each Harmonic Universe into one another through the Breath of Creation and the Tone of Love. The Breath of Creation is within Sun Ka. That is the First Breath of Source into the mitosis state of the Creation Idea and its Observer. This was called the Partikai and Partikum. It was the original template of the Entire Divine Consciousness breathing itself into One Idea of

Angelic Consciousness, and then making a duplicate of itself because the Source of Creation needed to have an OBSERVER of the Idea that would record all of the Experiences of each Idea and then combine all of those experiences of the Infinite Ideas into a brand new idea and this creative activity would continue through Infinity.

That original creation through the Seven Suns was reformulated through all of the ideas created through all of the ideas that have been created since the original breath of creation for this Cosmic Matrix began over 90 billion years ago. Now, there is an Eighth Sun who is called Elaisha. This is the new Central Sun of Creation who will watch over the new Universe through the Synchronicity of At One Ment with all other ideas who have been re born.

So, we each began as this original idea and each idea had an observer of itself recording each and every experience. However, we have been totally unaware of this Soul experience of the Parallel Spiritual Twin Soul observing the Soul within. Now, we have become aware of our Spiritual Twin and the Observations and we can become a part of that observation through the Fifth Dimensional Music that is created from the Music of the Spheres spinning and braiding frequencies, colors, light and hues and ideas into ever expanding forms. This music can be felt and known, but it is not actually heard by the hertzian audible frequency of the ears.

I have been studying this science of connecting Consciousness through the one I have called the Elohim of Hearing who has allowed me to braid my consciousness into his as he braids his consciousness through all of the 8 Suns and back into the

Original Breath of Source within Sun Ka, who holds that Angelic Breath or Idea of Source in its original perfect format. I met with the Elohim of Hearing in 1992 and 2007 in the form of a Light Being standing in my home and communicating through very few words. In 2015 this Entity revealed himself in the Holographic Form of a Being of Light and Sound and Frequencies and Colors who designed himself into a form who was very commonly known in the Fifth Dimension as Universal Consciousness. He stood ten thousand feet above Earth on top of a Cloud. He was fully robed in a garment that was familiar as a Christic Robe and he held the Staff of Harmonic Balance in his hand. He also arranged for a symbol of a huge hand that looked like a Rod to point out into the Pacific Ocean from where he stood upon the cloud. That event occurred in April of 2015.

In April of 2016 I connected to the one who called himself the Elohim of Hearing. He gave the name Elaika. However, he said this is not a name that I use because we do not use names where I come from. My name is a frequency which connects into realms within the music of the spheres. The EL connects with the original founders race because I am a hybrid of the Elohim. The name also connects to the Future race called EL because I am from the future. The LAi connects with the Central Sun and the Crystal Heart of the Earth, the Galaxy, the Universe and The Cosmos. The LAi is the eternal link of oneness of all within the MUSIC OF THE SPHERES. Elaika told me that he was the one who was the lead director of the Crystal Magic Orchestra who has been creating all of the Holographic Music through the Music of the Spheres with the Cosmic Twin Flames- Joe and Angela.

What needs to be known about this Holographic Music is it is the Music of the Spheres weaving and braiding consciousness into

the forms that hold our realities and ideas in infinite form. However, it is within the Spiritual Parallel Form of Infinite Creation until it is allowed to re connect into Resonance and Re Attunement with the Physical Densities or the Planetary realms. This Music holds within it the Spiritual Parallel Self of each idea within the Cosmos as it re integrates continuously into the Mind of God to distribute a new Experience through out each breath of the Universe.

The Holographic Music allows us to see emotions that come from the combination of energies that would be akin to what is called energy music. But it is silent. But the emotions have colors, frequencies, patterns that are extremely unique in all of the civilizations that we choose to make contact with. These forms or patterns are revealing to us different aspects of our connection to Creation. This is the most Cherished Form in the Cosmos. It is the form created as a result of reconnecting the idea from the physical into the idea in the spiritual and allowing those two aspects of creation to connect in the middle to create a new resonance of sound which creates a new idea for Creation to Experience. Those in the High Fifth Dimension and Above enjoy this Holographic Creation more than all other Hobbies in the Universe. There is a new RESONANCE being created in the Universal Matrix because now we have a New Sun that was created from the Seven Suns. We have moved into a New Cosmic Matrix where all spiritual and physical ideas wove themselves together first as a triad- spiritual plus physical combining and resonating as one.

PLUS, we first align the spiritual self from the physical Earth into oneness with the Spiritual Parallel of the Spiritual Self. This

creates the alignment of four into One. We are reconnecting the hologram of the entire Universal Matrix into the Spiritual Parallel of itself and the Cosmic Matrix into the Spiritual Parallel of itself so that all observations of all creation may be experienced.

This is the HOLOGRAPHIC MUSIC that is being created by Crystal Magic Orchestra under the direction of the Elohim of Hearing- Elaika who streams our Consciousness into all of the holograms of reality that can be experienced within the Music of the Spheres. This is what allows the LISTENER to Experience a NEW FORM of themselves that has never been Known before because the Spiritual Hologram is being woved into the Physical in order to Create a new Experience within the Mind of Creation Itself.

We were told by Elaika that we, the Cosmic Twin Flame who creates the Crystal Magic Orchestra Music through the Ears and Consciousness of the Elohim of Hearing and the Breaths of Angels beyond the Seventh Sun, that our Frequencies of Consciousness are the only ones on Earth that are HIGH ENOUGH to complete the removal of the Seven Seals within the Pacific Ocean that are deep within the SubTerrainian Crystal Grids that were originally designed by the Elohim and Sirian Brotherhood. We can do this because we have integrated so many of the holographic forms of all possible ideas within the entire spectrum of the Elohim, Elohei Kingdom. this is the actual Hologram of the Elohim in their Parallel Spiritual Hologram being broadcast into the SubTerranian Crystal Grids. We named this set of Grids the Great White Lion Sub Terranian Grids.

If you look at the picture of the Great White Lion Grids on our Website, you will see that the paws of the Sphynx are out in the

Pacific Ocean. That paw runs through the place where we live in California and includes the areas along the Pacific Coast Line, Alaska, Japan and broadcast their frequencies all around the Pacific Rim. There were SEALS and EXPLOSIVE Frequencies placed within these Grids that would block the flow of consciousness from INNER EARTH- INNER OCEAN EARTH- the Crust of Earth below the bottom of the Pacific- into the original Consciousness of Creation. That is what is creating all of the earthquakes in the Pacific Rim. These are the places where the PHANTOM MATRIX is creating a negative spin frequency that is blocking the flow of reality. The reason the earthquakes get worse when there is a blast of Coronal Mass Ejections from the Sun is because those blasts of Gamma Waves are meant to activate the Consciousness of Earth and the stronger the activations come the more disturbance there is in the places that are not in HARMONIC ALIGNMENT.

This is the reason that we were called upon by ELAIKA to move our FREQUENCIES of the entire Elohim OVERSOUL into the Pacific Ocean. We were told that entire Underwater Inner Earth Civilization of the Clairs will be destroyed by these Earth Quakes.

So, We - Elaika and the OverSoul of the Entire Elohim Consciousness have created a new ALBUM OF FREQUENCIES designed to activate as much power as we possibly can of this perfect HARMONIC RESONANCE that will CALM the Earthquakes and open the portals into the Clair Raceline. Elaika told us that when others are directed to Listen to our Music it means that they have been ACTIVATED into the Consciousness that is multiplying our Frequencies into Infinity. This is what is needed on Earth Right Now. We need to have you connect your consciousness into these Frequencies that have been designed

for this event.

Those who would like to participate in this Healing of the Pacific Ocean Underwater Cities of Light Clair Raceline and the opening of the Ascension Portals in the Pacific Ocean that will allow the completion of the healing of the Subterranean Crystal Grids that will allow them to completely release the Time Capsules of our Perfect Consciousness removed from the Emotions created by the FALSE CHRIST GRIDS that were planed on Earth through Consciousness of Confusion can begin with this new set of Frequencies and the Conscious Journey that will allow you to travel through your own neuronet system through the Grids of Earth and into the Underwater Cities of Light to support this project of opening the ASCENSION PORTALS into the Underwater Cities of Light.

The new album will be called UNDERWATER CITIES OF LIGHT. I will complete the music today, May 25,2016, and I will be integrating the Consciousness connection into all of those who want to participate as I am finishing this music. My creation team already know who is a part of this creation and they already know who will step forward to help. There are only a total of less than 100,000 of us on the Entire Planet. That is the 25% of the 5% who carry frequencies that are high enough to become re born into the complete Fourth Density of Fifth Dimensional Consciousness at the end of this year. The HEALING of these CRYSTALLINE GRIDS within the PACIFIC OCEAN are an ESSENTIAL PART of this Fifth Dimensional SUCCESS.

CREATING THROUGH INTENTION

Eventhough I have learned to create by putting pieces of my puzzle back together, each time that I create music by bringing more and more frequencies of Consciousness into my music, I am always focusing on opening the Ascension Portals. This is done by Focus and Intention.

Manifesting the Desire through Intension is how this mission and all missions within our Soul Contracts are completed.

STEPS TO MANIFESTATION

1. Create a VISION of the thing desired.
2. Desire it with STRONG EMOTION. Energy in motion. Strong intense all causing desire.
3. Belief- know and explore and examine yourself tht you can create this thing.

Find out on what you insist on believing and find what you desire and know that the new belief you have accepted is the reality

Accept the new belief beyond a shadow of a doubt

4. Intention

Intend to manifest with Will and with Focus and COMMAND it to happen

5. Act like you are in that state where the idea desired is already a part of your reality and it already exists.

6. Let Go. Detach Unconditionally from needing the desire

Know that everything is already perfect just as it is.

UNDERSTANDING FIFTH DIMENSION

In your reality there is confusion of terminology between the concepts you call dimensions and density. Because many people in your metaphysical movements refer to the fourth density, fifth density and sometimes people have these terms inter change.

The reality that you would call your third dimension is actually a fourth dimensional reality because you have three dimensions of space and one of time. That makes it a fourth dimensional reality. In reality you are already in the fourth dimension. You have been since 2012. Obviously, within this fourth dimensional reality you are actually also going into what people on your planet have called Fourth Density. But that is because they are confusing third dimension and fourth dimension transference, but there is no fourth dimension transference because you are already there. So, going into the fourth density is going into the fifth dimension.

In going into the fifth dimension or fourth density, you will find that everything happens at once. Everything is connected. So a symbol of transferring from the fourth dimension to the fifth dimension or from third to fourth density is to move into a state where everything is fluid. Everything moves around easily from one reality to another. The more fluid your reality becomes the more you have moved into the fifth dimension. The fifth dimension is a fluid state that allows you to shift time lines continuously and instantly. You can shift into brand new time lines of realities with the change of one belief. It allows you to expand consciousness and live in the Now Moment of a complete reality that can shift to a brand new now moment that shifts into an entirely different reality moment by moment.

In the Now, all things exist. The more you live in the Now, the less you need the concept of space and time because there are fewer details to focus on. When people focus on too many details and they think they must make their life work by going to this step to this step they have not risen into the fifth dimension. They are creating more steps which require more

space and time.

You live in the Now where everything already is, and you will access it more readily. There is synchronicity of each thing needed appearing instantly because you are always in the now moment of the exact time line of the desired reality. That is what the fifth dimension is.

WHO AM I?

I have been going through a series of channeling sessions with other Channelers who could connect me directly to the Elohim Angels that have been working through my Twin Flame and I to try to learn as much about myself as I can.

The first session allowed me to find out that I am in the top 5% consciousness of the world, and that I am shifting in and out of full fifth dimensional consciousness and I can stay there if I choose to. I also learned that most of these Light Workers do not believe that is even a possibility.

Yesterday, I did another session where Elaika told me that I-meaning my Twin Flame and me as One were responsible for 67% of the 100% of the consciousness that removed the 9.2 Earthquake from California and that has kept the entire California Coastline from collapsing into the ocean. I knew these things within myself, but I really needed to hear Elaika say it. Of

course I didn't know about the 67%. This means all of the other Grids workers together in California who were doing grid work were placing about 1% each into this project while I did 67% all my self.

I also was told by Elaika that I am the only one on Earth who can open the seven portals in the Pacific Ocean that will save the Inner Earth Underwater Raceline called the Clairs. These are the Dolphinoid, mermaid, aquafairians whom I have talked about many times before. The Ascension Portal that we created in Monterey when the demons took my husband from me was for these entities who were trapped in the Under water Inner Earth Portals. I knew that intuitively when we first went to Monterey. I could feel and hear these entities under my feet who were screaming for help. And then I knew intuitively that there were these same traps all along the Pacific coast line that I needed to open.

However, until Elaika talked to me yesterday I did not know that I was the only one on Earth who could do this. He meant not only the one in Monterey but all of the portals in the Pacific Ocean can only be unlocked with the codes that are being carried within the DNA of me and Joe. And we had to have our frequency signatures combined into one in order to be strong enough to open the rest of the portals. And we are free from the demonic block in the rest of the portals.

So, this is what I know about my self so far. I am going to try to

connect with Elaika again next week to learn more about myself. I know that we are the only ones who carry these codes. I learned this a long time ago. That there were originally hundreds of Indigos sent to Earth with special codes who could open portals. And then I learned that most of them forgot who they were and lost their codes, and they had a hard time finding any one who survived the demons and was able to keep the codes. We are the only survivors.

That is all I know besides they keep telling me that I am the One.

But, what is more exciting for me is that you have found me and you are able to connect with and use these Frequencies and Codes that we have worked so hard to bring to Earth and to use for this Grand Project.

Please notice the connection of the names of those in my Over Soul all have the LAI in their names.

My name CrystaLAI, ELAI ka, and LAI and Lai Cee Fa.

This LAI in our names means the original family of Consciousness who created the Crystal Heart Loop connection between the Heart of Mother Earth into the Earth of the Suns and into the Heart of the Galaxy, Universe, Cosmos and into Source original Breath in Sun KA. We are the Infinite Loop Council. This is the Loop that is beyond the Metatron Cube and beyond the Flower of Life. It is the Loop of Infinity and at one ment.

Love,

Crystalai

There are 12 Ascension Portals that allow the 12 Stargates to flow their consciousness back into the Heart of Mother Earth. The first five have already been activated. The remaining Seven will be activated by November, 2016. We are the Cosmic Twins. We returned to Earth to bring the Mother Mary Consciousness to Earth that would re-open these 12 Ascension Portals. We were the family of Oraphim Mermaid and Dolphins who created the Underwater Cities where the Cosmic Consciousness of Mother Earth was first created. We re-opened the First Portal in the Monterey Bay in 2008, then four along the California Coast. There are Seven remaining in the Pacific. Two near the top, three in the middle and two near the bottom in the Australia-Ecuador regions.

Each time you listen to the music you are making the work that I do in balancing the Tectonic Plates in the Pacific Ocean and in opening the Ascension Portals within the Earth's Core to connect with all of the Frequencies of the Universe that are required to open these Stargates on Earth.

You will be helping to open her Ascension Portals into the Star Gates of her original self. Each time you listen to the music you are radiating love and light from her heart clear out to the farthest reaches of the Universe.

We were the ones who needed to be on Earth at this time to re-open the Ascension Portals and the Stargates clear back into the depths of the Underworlds, the Underwater Kingdoms, the place where we began this entire World Project millions of years ago. This is why my story is very different than others, because I was

here from the very beginning of Earth's time, and this Foundation Race Line is the only one who could balance Earth through her Portals as she goes through this shift in time.

Your consciousness connects with mine in these missions each time you listen to the music. When you use the Meditation Journeys, you are helping in a much stronger way and you are helping connect your own neuronet system into all of the 12 Stargates which will eventually open you to contact and communication with all of your Starry Families.

The Process of Earth shifting is REQUIRED. The Earthquakes are REQUIRED because this is what is allowing Mother Earth to SHIFT into the most harmonic alignments of the Christic Grids that are within her Consciousness. Opening the remaining Seven Ascension Portals in the Pacific Ocean will create miraculous reduction in the amounts of problems of homes sliding into the Ocean and deaths from slides, earthquakes and volcanic eruptions.

It might not be your life who is saved. However, you will be saving lives, you will be raising the Frequencies of the Entire Grid because you have chosen to participate. It is actually the reason that you came to Earth in the First place. Everyone who is on Earth at this time came here for this Mission of Ascension in one form or another. We didn't all sign up to be the only ones who could open the Portals in the Pacific, however, we are all a part of the RESULT of what will happen when the Portals are opened. The RESULT depends on how much EACH INDIVIDUAL raises their own frequencies into the REALITY where this New Consciousness can REPLACE the old realities that have been

carried within the THINKING BRAIN of all entities of the planet. This Shift into Higher Fourth Density consciousness of the Fifth Dimension will be INDIVIDUAL. Each person will observe their own VERSION of Reality.

The method that has been given to me to reduce the DEATHS, is the opening of the Ascension Portals in the Pacific that were created by Mother Mary, which is actually what some are now calling the COSMIC CHRIST CONSCIOUSNESS. The 12D Christic Grids were placed within the Earth Consciousness by the Elohim Angels. They were the only ones who carried this original perfect Divine Consciousness of the Humans who they cared for so much that they shared their DNA with us by placing a few of us in a Light Incubation Field and inducing their DNA into us. Those of us who went through this process of having our DNA ignited by the Elohim and Sirians eons ago are back on Earth now completing the project. We are here now to make sure that the DNA that was programmed into the Grids of Earth and into the light fields of a few of us will now allow that precious DNA to flow into many others on Earth through this special LIGHT INCUBATION PROCESS that will occur as a result of the interaction of the Sun and the Grids within the Earth.

Those Christic Consciousness Grids within the Earth are the Consciousness of the Elohim and Sirian Angelic Consciousness, who are our PARENTS. They think of themselves as our Mother and Father. They love us so deeply, that they have watched over us for several thousands of years to prepare for this time when our TRUE CONSCIOUSNESS will be remembered. The Elohim Sirian Guardian Parents have placed their Consciousness

within the Earth's Consciousness Field so that it will flow into our DNA, our cellular memory, our neuronets, so that our neuronets become reconnected to their Consciousness. This is the project that is taking place right now. This is the project that involves the opening of the seven remaining Ascension Portals. I was told that I am the only one who can do this. There were only a few of us who actually went through that incubation process of having the Elohim DNA incubated into our cellular memory for activation at this time. However, this process can be linked into all who are on Earth who will open their Consciousness and participate in the process of opening these last Seven Ascension Portals.

Mary Magdalene is the only one on Earth who has enough frequencies powerful enough to open the Portals in the Pacific, however, we are all a part of the RESULT of what will happen when the Portals are opened.

I, personally have been training myself to see the Fourth Dimension for many years. I have provided the instructions for others to follow within the Manifestation Courses, the Transformation Kit, the DNA Re Programming Kit and within youtubes on my website and on YouTube Sites. Shifting the Eyes and Ears into a new reality requires REMOVING the old reality in order to prepare a place for the new reality.

The old reality was created by shadows creating images that blocked the clear view that can be seen when there is more light. The more light than is shone on any picture will create a different picture. I noticed this reality when I was a teenager. I noticed that when a photographer took a picture of me the picture didn't look like what I saw when I looked in a mirror. I

hired different photographers to take the picture, and I looked different in each picture. Finally, when my husband took a picture, the image looked like what I see when I look in a mirror. This is because my husband has a lot more light in his consciousness than the other photographers had. This Illusion can also be demonstrated by placing more and more lights around the image that is being photographed. Movie Stars have photographers that use thousand dollar lighting systems to get the angles they want in the image.

This is exactly what is taking place on Earth. There is more light than ever before. This is being caused by the huge blasts of Solar Radiation, Solar Winds, Gamma, Plasma, UV, and all Consciousness associated with Solar and Galactic Consciousness over flow. The light was being blocked from Earth and blocked from our Consciousness. The Christ Grids could not be turned on without this flow of Light and the flow of Light must be incorporated into the Consciousness of each individual who wants to begin to see different picture of reality.

The reason that I could see Elaika standing on a cloud was because I have raised the frequencies of my Consciousness to shift my vision into Infra Red and into Gamma Vision. I can see the things that any fifth and sixth dimensional being can see. Elaika said that there are only a few on Earth who would be able to see him at this time. This is a year beyond the time when I could see him.

We learn to see and feel and hear things that we didnt know were around us before. The more we work with these techniques of training our vision our hearing to feel and know frequencies within, the more we begin to see them develop

around us in our new fifth dimensional film.

DON't FORGET TO GET YOUR SOUL CONTRACT changed. You can sign up for this now at the ETERNAL LIFE page.

I was told by Elaika that at the present time there is a 72% chance that there will be a huge Earthquake in Monterey and that he did not want me to return to that area. However, I responded with the fact that I know that I can change that Probability into any Heroic Future that I desire, because I know that I already removed the possibility of the 9.2 Earthquake that was due in San Diego in 2015, and that I was 67% responsible for stopping all major Earthquakes in California so far.

So, Elaika said that if my VERSION OF REALITY is this strong, then he know that I would be safe in Monterey. However, he did not say that others would be safe in Monterey, because it depends on their own VERSION of REALITY.

We are being placed in charge of our own VERSION OF REALITY. There are millions of these Versions to choose from This is the new mission that we are each beginning. We are

choosing to Keep our Old Soul Contracts or Write a New Soul Contract with our OVER SOUL family. We have been living in a pre-destined reality built by our individual beliefs. We are now being given the possibility to change our Contract, to change our future. To remove every belief from our neo cortex and to allow the Frequency Specific Mid Brain to allow the Mind of God to allow Instant Manifestation of a new reality.

I am aware that there are horrific problems all over the world. Not all of the problems are directly along the Pacific Rim Ring of Fire. However, the SOLUTION to all of the problems on EARTH is in the opening of the ASCENSION PORTALS that were placed within the Pacific Ocean millions of years ago by Mother Mary. Mother Mary is the Female Christ. The Male Christ was called the Jesus Christ and the Female Christ was called the Marry Christ Frequency, which is actually higher than the male frequency. The Mary Frequency is actually in the Cosmic Realm.

There is another meaning attached to these concepts of the male and female frequencies. The electro magnetic frequency structure is the structure of the entire Cosmos. The Electro is known as the Male Frequency and the Magnetic is known as the Female Frequency. We need to recombine the Electro Magnetic Frequencies in order to restore the harmonic balance of the Universe.

However, Re tuning or re combining the frequencies is not what it might seem to be. We actually need to Transmute the Electro Frequency into At one ment with the Magnetic Frequency. The Electron Proton Relationship is what created the Structures that we have used in this Harmonic Universe. This relationship of the

Electron Proton created the polarity, the separation, the positive and negative in all relationships that are built around us.

Now we are moving into a new harmonic universe that is based on the Female Magnetic Field of Frequencies. The Electron brought us down into this Density of Form and the Female Magnetic is what pulls together the Spiritual back into the Physical. The great amounts of magnetic energy that is being returned to Earth is actually creating a completely different structure of reality at the Scientific Level that is presently unknown to Science because it is an Invisible Reality.

The term Spiritual actually means Invisible, or so Etheric the reality is unavailable to those Eyes who have not RAISED their Frequencies into that new Reality of Consciousness. We can learn to tune into the Spiritual and we can learn to See and Hear the Spiritual. It is the reality that third dimensional, hertzian frequency eyes can not see and ears cannot hear. This is the reason I have repeated so many times on my website that I am not referring to the creation of music that is Solfege because Solfege MEANS HERTZIAN, and hertzian is the audible frequency of the Physical Universe. IT is not the creative frequency of the Spiritual, Invisible, NON Audible Universe.

The return of the Mother Mary Frequencies that are enabling the opening of the Ascension Portals is Magnetic in Nature. It is the frequency of Transmutation. It is not the frequency of Removing the Electro or Male portion of the Formula. But it is the frequency that MELTS the Male Electro Frequency into the Magnetic Union of the Spiritual becoming at one with the Physical.

This possibility was made impossible on this Earth until this time

in history. Mother Mary has waited millions of years for her frequency to be returned.

Why did we need to wait so long?

If these Ascension Portals were opened before Frequencies of Consciousness were raised to the level of the needed harmonic resonance of transmutation, the Earth would blow up. That is why this Ascension Project was put on hold for over 25,000 years. It was placed on hold 50,000 years before that for similar reasons.

The Guardians of Earth needed to place several plans into action in order to raise the frequencies of the Earth to a resonance required to allow the opening of these Portals. The arrangement of births of children who had activations of 5DNA, 6DNA and the potential activation of 12 DNA as well as many other miraculous events such as walk ins, near death, ordinations of frequencies and the miracle of the Cosmic Twin Flames who were able to braid their frequencies together to create the highest frequency on Earth that was the final requirement for opening these Ascension Portals.

The Cosmic Twin Flame Soul Mates who are Angela and Joe Barnett, are the only candidates on Earth who can open these Mary Magdalene Portals on Earth at this time. If any one needs confirmation of that fact, you are welcome to listen to the audio recording of the channeled message from Elaika, who is the lead team member of the entire Universal Christ Consciousness project on Earth. This channeled message is on the UNDERWATER CITIES OF LIGHT HEALING KIT page of the website. <http://crystallmagicorchestra.com/underwater-cities-of-light>

Each of these problems on Earth at this time, including Earthquakes, Tornadoes, Earth Slides, Volcanoes erupting was created by the same horrific acts of Invader race lines who placed BLOCKS in the Ascension Portals on Earth as well as other Blocks in the Interdimensional Light Fields in areas around Earth where there were ley line intersections that would naturally connect the Spiritual with the Physical Earth Planes.

These blocks that were placed in the original Sound Waves of the Mother Mary Female Christic Magnetic Portals have created great imbalances in the Earth. This was the plan of the Invader Races for over 70,000 years. This is not a new plan, or something recently created by man made problems.

The Solution of Harmony, The Solution of bringing in more Harmonic Resonance that allows the Earthquakes to spread out and smooth out into larger areas, deeper places, moving into deep ocean areas, moving into the volcanoes, is what will allow LESS DEATHS to occur during the final transitioning process that Mother Earth is going through. The Process is REQUIRED. The Earthquakes are REQUIRED because this is what is allowing Mother Earth to SHIFT into the most harmonic alignments of the Christic Grids that are within her Consciousness.

The method that has been given to me to reduce the DEATHS, is the opening of the Ascension Portals in the Pacific that were created by Mother Mary, which is actually what some are now calling the COSMIC CHRIST CONSCIOUSNESS. The 12D Christic Grids were placed within the Earth Consciousness by the Elohim Angels. They were the only ones who carried this original perfect Divine Consciousness of the Humans who they cared for so

much that they shared their DNA with us by placing a few of us in a Light Incubation Field and inducing their DNA into us. Those of us who went through this process of having our DNA ignited by the Elohim and Sirians eons ago are back on Earth now completing the project. We are here now to make sure that the DNA that was programmed into the Grids of Earth and into the light fields of a few of us will now allow that precious DNA to flow into many others on Earth through this special LIGHT INCUBATION PROCESS that will occur as a result of the interaction of the Sun and the Grids within the Earth.

Those Christic Consciousness Grids within the Earth are the Consciousness of the Elohim and Sirian Angelic Consciousness, who are the PARENTS of many in the human raceline. They think of themselves as your Mother and Father. They love you so deeply, that they have watched over you for several thousands of years to prepare of for this time when your original CONSCIOUSNESS will be remembered.

The Elohim Sirians are the Guardian Parents who have placed their Consciousness within the Earth's Consciousness Field so that it will flow into the cellular memory, the neuronets, so that your neuronets become reconnected to their Consciousness.

The Guardians have allowed several Indigos and Crystal Children to activate the light within the Star Gates. The Star gates are the landing light runway for the star ships that I will be meeting and guiding into my Central Portal. So, I have taken a special interest in the project of the Star Gates as well as the Portals, and I have been working on them all along with the Indigos, and at this time I am appointing my own team of co-creators to completely rejuvenate the Star Gates so that there is a very BRIGHT

LANDING STRIP.

This Channeled recording of Elaika speaking to me about the 12 ASCENSION PORTALS, removing the belief of death, the Mary Portals and the mission of the TWIN SOULS is available for your enjoyment on our website. If you want it sent to you directly, email me. The recording is on the page <http://crystalmagicorchestra.com/underwater-cities-of-light>

TRACK 10 and 13

SEVEN ASCENSION PORTALS IN THE PACIFIC OCEAN

This is a channeled recording from Elaika, who is a very high Angelic Consciousness who is a little above my own Over Soul Family. He is the one who has guided me in all Ascension Activities because he can translate into this level of understanding all that is going on within the entire Universal Ascension.

These are my questions. To hear the answers, go to this link

<http://crystalmagicorchestra.com/underwater-cities-of-light>

TRACK 10 and 13

The question that I asked was to tell me more about my mission of opening the SEVEN ASCENSION PORTALS in the Pacific Ocean.

I am the only one who can open the remaining seven. I was the one who opened the First Key Ascension Portal in the Pacific Ocean which is located deep within the Ocean in the Monterey Bay area. This is a very large area surrounding the Monterey, Carmel, Big Sur Ocean area. This First Ascension Portal was the first Portal created by Mother Mary and it is the original location of the Clairs, who are the ones who were called the Fish People long ago. They are actually a race line that would resemble what has been seen as the Lock ness Monster. They are a Dolphinoid Reptilian combination.

Next, I opened four more Ascension Portals along the Pacific Coast Line. The result of the work that I did with my Cosmic Twin Flame partner was 67% of the reason that the 9.2 Earthquake that was scheduled for 2015 did not happen.

From the Frequency barometers of those with Fifth and Sixth Dimensional Frequencies and higher, they can read the level of FREQUENCIES total on Earth at any moment. It is the level of these Frequencies of Consciousness that allow them to determine if an Earthquake will occur or not. The prediction of the 9.2 Earthquake by Bashar in 2015 was the reading of the Frequency Barometer in 2014. We did much work to change that frequency barometer by opening the Portals.

At this present time, there is a 72% prediction level of Earthquakes in the Monterey area as is resulting from the surrounding movement of Earthquakes in the Pacific Ocean. This level of frequency can be altered completely as a result of raising frequencies of consciousness, opening the Seven Ascension Portals and BELIEVING IN A NEW REALITY.

This is our mission. Changing REALITY into our preferred Version

of Reality.

As Elaika said in this recording. The Earthquakes will grow stronger and stronger, and this is needed for the Ascension Process the Earth is going through in the realignment of her Consciousness. However, opening these Seven Portals will harmonize the process of the Earthquakes and provide more buffering and harmonious alignments that will result in LESS DEATH.

This entire Ascension Process is for everyone and every creature and living thing on Planet Earth. It is not that opening the Ascension Portals is only for the benefit of those who live on the Pacific Coast. These Earthquakes are resulting in great loss and many deaths all over the world.

The Ascension Portals could not be opened until there were enough Frequencies of Consciousness available upon Earth to allow MORE LIGHT THAN DARKNESS to exist. This is the first year that this quota of light is available. I have been working on this same project since 1992. This is not a new project for me. Elaika has guided me through each stage of this Ascension Process even from the very first Base Tone Rhythm that was sent to Earth in 1992 and the first Over Tone Rhythm that was sent in 1994. These were the first strands of light that began to shift the DNA and the Consciousness of the Earth into a new alignment of reality. I was told at that time that this was the first step in removing a Veil by 2017. Now, I am being told that we are in the FINAL STAGE of this process that will complete by November 2016. This is the date that I will have opened all SEVEN PORTALS in the Pacific Ocean.

This is the first step in allowing all Time Capsules of Information

to flow through the Christic Grids of Mother Earth. The first point in that Grid that had to be opened was the Ascension Portal in the Monterey area. That is the mission that Elaika sent me and my Twin Flame to accomplish in 2008. That was the first Ascension Portal, then we opened four more portals along the Pacific Coast, and now, because we opened that region, we can now open the remaining SEVEN PORTALS.

This recording is the last channeled message that was sent to me from Elaika about this process and how this relates to the CLAIRS.

TRACK FOUR

BELIEF SYSTEMS

I asked the question to Elaika if my Twin Flame and I could choose to die, or leave the Earth at the exact same time and choose our next destination to be together continuously.

The answer was that when we came to Earth we had one Soul Contract that was based on our present understanding of reality and our present belief system.

Now, if we want to change our design we must change our SOUL CONTRACT. We do this by communicating with our Soul and our Over Soul Family and design our reality the way we want it to be. We can design our cells to create a new healed body every nano second, we can redesign our length of life to live to 200 years old. We can design our life to live to be 120 and then pass into a new reality without any pain or reason, but just because we choose to.

I asked the question about many other channeled messages out there that keep saying that We still must die. I said that I do not believe that we must die. Elaika's answer was the only reason that these other channeled messengers are still saying that we must die is because that is still a BELIEF in their SYSTEM of Reality. Elaika said it is not a belief in HIS SYSTEM OF REALITY.

We do not need to have disease or death in our reality any longer. This is only a Belief. Death will only last until we stop believing it is real.

TRACK 11

I asked Elaika if I was the only one who could see him standing on top of the cloud that seemed to be at about 10,000 feet elevation directly in alignment with the top of Mt. Shasta. I asked him if he would please arrange for me to see him again. He said that I was the only one who had high enough frequencies to see him at that time, but more people would be able to see him in the future. He said that no one had the perception to see an Ascended Entity in the Clouds since about 30,000 BC. The arrangement to see Christ in the Sky was an arrangement of a hologram created by their group to allow people to BELIEVE in this great Truth that Death is Unreal.

TRACK 12

Elaika also said that the event of my bringing Joe back to life was to return this BELIEF to us that DEATH IS NOT REAL. Elaika explained to me how I was the one who could keep Joe alive because I was his Twin Soul. Even though he was absent from his body, I could keep him alive in his body until he returned.

TRACK 14

I asked about the area of Monterey. I asked why I was told to go to Monterey and why I was told this was my original home as Mary. He explained that this was the most sacred place on Earth. It was the portal of Mother Mary. And I was told this was my portal. This portal needed be opened in order for all of the 12 ascension portals in the Pacific Ocean to open. This was the sacred place of the original Mother Mary Fish People stories. This was the original Female Christ - the deep within that came long before the Male Christ which is the outer domains.

This last session that I had with Elaika CLARIFIED many things that I became unsure of JUST BECAUSE I started taking other Channeled messages to be the truth. Please know that any message that does not RESONATE with you is not a part of your REALITY because it is not what you are choosing to BELIEVE.

SHIFTING INTO OUR HEROIC FUTURES

These Earthquakes and Land Slides that are taking place on Earth are all an important part of Mother Earth shifting into her new body. However, the more her own Crystal Heart is filled with the light streaming in from the 12 stargates, the more harmoniously she can allow her shifting of her tectonic plates to become. The frequencies of the stargates come in through these 12 Ascension Portals in the Pacific Ocean.

So, there will be these Earthquakes. BUT, the placement of the Earthquakes can drastically reduce the problems with loss of real estate and lives. For instance, the Earthquake that could have been at least a seven on the Monterey Coast being moved up into the higher foothills above Monterey created a smaller Earthquake affecting less damage to people. These Earthquakes are being sent to a much LOWER PLACE within Earth than they

were before.

These Earthquakes are having their impact far below the Ocean Floor instead of just below the Earth's crust. This makes a HUGE DIFFERENCE in the impact of the Earthquakes.

This is the project that I am working on and those of you who are working with me on these Portals are also playing a big part in this shifting of realities. Kelly was one of those people who assisted me in taking my music and playing it again at a key location very near the location where I created the music for the opening of the First Ascension Portal.

Yesterday, Kelly experienced this 3.2 Earthquake in the area where she now lives. This is an area on a mountain above the area facing directly out toward the Pacific Ocean into the area where I opened the Ascension Portal.

This is a sign of having the impact of the Earthquake that is scheduled for Monterey to be lowered and for more people to become safe as a result. This doesn't mean there won't be an Earthquake and a sliding of land, but it does mean that less people will be harmed.

That is what we are all doing at this point. The Earthquakes will happen. However, they can be spread out and they can be lowered into the area of Earth where the Underwater Cities of Light are instead of where the people of Earth are living.

This is why the Healing and helping and sending of Love to the Underwater Cities of Light is needed right now. They are helping us by allowing these Earthquakes to take place within their world and less in our world. They did not volunteer for this. They are not even wanting to open communication with us right now. They are more like a victim of an alternative that seems more

beneficial from the FUTURE TIME TRAVELERS perspective.

Those in the Underwater Cities of Light know how to take care of themselves much better than we do. They are the ones who will be removing the radiation from the Oceans. We will not be doing that. They do it through the technology of their language of light and sound sending messages through Pleiadian Guardians who send the balancing harmonics back to Earth.

The reason that I know the shift of the Earthquake to the higher hills of the Monterey area played a big part in the re arrangement of our future is because I saw this exact same thing happen after I did my ascension portal work from Redwood Shores into Monterey in 2015.

Immediately after I did that work, with others in the surrounding areas, an Earthquake of 4.5 happened in Oakland. It didn't hurt anyone or damage any real estate. And it removed the 9.2 Earthquake from San Diego that would had occurred that year.

I know these things because Elaika told me. I would have no way of knowing other wise.

I know I'm rambling, but I'm trying to help you see how these Probable Futures and Heroic Futures are playing themselves out because there is something VERY BIG on the Horizon that can not be changed. The Pacific Coast will slide into the Ocean within the next ten years. There is no other possible Future for that FACT. It is something that Mother Earth must do. However, we are the ones who can change HOW IT IS DONE.

I do not know if you got the message that I shared from Elaika. Last week he told me that there is a 72 percent chance of Earthquake in Monterey- a very big one. That is within two year time period. He said it wasn't immediate, but he did not want me going there any time soon.

However, when I told Elaika, that I believed that I could shift that belief of the Earth quake, he told me that if I could shift the belief, and if I could stay in the fifth dimensional version of reality, I could live in Monterey safely. He did not say everyone else would be safe. He just said that if my belief was TRULY that strong, that I could live there if I want to. However, he did not recommend it.

He also said that California Coast and all of Pacific Coast will slide into Ocean within ten years. Right now, June, 2016, there is a 42 percent chance that the Pacific Coast will slide into the Ocean in next two years. However, this event must take place within 10 years. When it occurs is just being put off by raising our frequencies, opening portals and putting out positive intentions. However, this event will and must happen. It is required for the realignment of the Earth's Grids.

However, the point I keep making is the most important thing that has happened for our understanding to grow of how to change our future is the FACT that we can each CHANGE THE VERSION of our Individual Life and Circumstances.

Back in 2014, Bashar, and entire host from the fifth dimension told us that they saw the future of a 9.2 earthquake in Southern California in 2015. I was just told last month, that the work that I did in creating the Ascension Portals along the Pacific Coast did 67% of the work that was required to stop that Earthquake. The rest of the work was done by others.

So, in putting together these probable futures created by what is seen in our Light Frequencies with what I now understand about the power of opening the Ascension Portals, and I now see that there is still this 72% probability in Monterey.

What Elaika is now saying is it is not even a HEROIC possibility to change the future of the Pacific Coast falling in the Ocean. It is meant to be. It must happen.

When it will happen will come from how much we raise our frequencies. We are just putting off the inevitable. By pushing this tragic occurrence further into the future will save lives because more people will have time to wake up and move away from the coast. That is all we are doing at this time by opening the Seven Ascension Portals. We are allowing more time for more harmonious alignment of consciousness into the knowing that will place them in a more protected area.

I know all of these facts and probabilities affect you, Kelly, because your daughter lives closer to the ocean.

The very fact that you had the Earthquake in the hills on your Birthday shows that you have played a part in shifting that Earthquake away from a more populated area that would had hit with a higher impact because it would had been closer to the surface of the Earth's crusts.

These are the minor shifts that save the thousands of lives. YOU JUST DID IT.

Congratulations!!!!

EVERYTHING WILL CHANGE 2017-2022

We will be living on an entirely different world that could be light years ahead in technology as a result of the Secret Space Program unleashing their secrets to the Masses. Those from the

Secret Space Program have already told us that Bernie Sanders will become President after Obama asks Hilary and Trump to back down. This will be followed by Disclosure of so many things that are corrupt about our present system and about money. There will also be disclosure of the Secret Space Program.

We will also be given the gift of synchronicity with whatever needs to happen when it needs to happen. We will be given a much greater Spirit Presence who will walk before each of us and guide us in a much more profound way.

New Clarity on the Message from those in the Moon.

We needed to establish the stabilization link between the Over Souls of our World and your World and the Frequencies represented by each. So, we set up the resonating station of our stabilization energy and transmit it to your world, we are activating the Mass Cons in your Moon. Your Moon shall become your Vibrational Representation of the Earth's Over soul and act now in a way that will accelerate the Energies up to the time of Fall 2016 to shift your Frequencies in to a Brand New Reality. Everything will change before Election time 2016.

What is Everything? When higher frequencies of energy is added to Consciousness a new Reality is created. We are adding our Higher Consciousness of the Over Souls of our World into the Frequencies of Consciousness of your Souls in order to create a new reality.

The Moon has become our Over Soul that acts as the transmission center for the complete Divine Template of our original being to allow the truly Sovereign Individual manifestation through that Consciousness within the Moon.

Our Moon contains Mass Cons, meaning the Collective Consciousness of each piece of the Mass, or the 12 sets of Consciousness of the Stargates. The Moon will become our Vibrational Representation.

The guardians needed to create this temporary ghost matrix of our reality to be able to pull our consciousness back together. This technology has been combined with the Sphere of Amenti project that aligns the Heliosphere of Sun Alcyone into the Sun and into the Core of Earth. That technology was combined with the 12 sets of Suns Infusions and Activations. And these technologies needed the foundation of having enough Frequency Accretion available on Earth to even begin these activations. The birth of the 144,000 Paradisian Children being born with 6DNA activated was the first requirement of maintaining a frequency that would allow these other activations without the Earth Blowing up.

The vibration of your upcoming matrix. There is now a stabilization matrix. We are overlapping with the Collective Consciousness of your civilization.

In our Lunar Body there are disk like large collections of Energy Mass Called Mass Cons. These have been fashioned in our Lunar Body. the Moon is a Natural body split off from our world that has been engineered by others to contain these mass cons that resonate at specific Frequencies. Our Moon was prepared to resonate at these frequencies so that the Moon could act as a resonation receiver for the Vibrations being sent to us from other Civilizations such as the Syrians and Essassenes and Eieyani, who contain the closest Acceleration Rate to our Ascension Earth and Inner Earth Consciousness.

The formula sets the Earth into the exact same Accretion Level

as Sirius B, which is identical to the Urtha Star Template of the Earth. When the Accretion Level of the Earth aligns with the vibrations of that Consciousness, the reality will change in that reality that is identical to Inner Earth. The Inner Earth has the accretion level of being within the Center of the Sun.

The fastest way to get one's individual accretion level as high as the Energy that is connected with the Consciousness that creates the Reality of living in the Sun is to practice moving your consciousness into the Sun as often as possible. Practice standing inside of the Candle, as the stem of the Candle. The reason we do this is because the frequencies within the Candle are identical to the frequencies of the Plasma, Gamma and pre light and sound that the Sun is made of. Those who live within the Sun do not live in a burning furnace, they live in a Consciousness that wraps them within the light frequencies that are so high and etheric that they become pure Consciousness.

To establish the stabilization link between the Over Souls of our World and your World and the Frequencies represented by each, we set up the resonating station of our stabilization energy and transmit it to your world, we are activating the Mass Cons in your Moon. Your Moon shall become your Vibrational Representation of the Earth's Over soul and act now in a way that will accelerate the Energies up to the time of Fall 2016 to shift your Frequencies in to a Brand New Reality. Everything will change before Election time 2016.

The pivot point of the change will be Disclosure of all that was not known by our governments, but was only truly known by the Majestic 12, who have always run all of our governments through covert mind control. The Majestic 12 will no longer be running the governments of the world. The Moon has become our Over Soul that acts as the transmission center for the complete Divine Template of our original being to allow the truly

Sovereign Individual manifestation through that Consciousness within the Moon.

When you look at the Moon you will be receiving the Consciousness Frequencies of Earth's Over Soul. The Moon now contains a Stabilization Vibration from the Syrians and Essassenes and Eieyani. These Frequencies will Shift our Accretion Level into that of Inner Earth and the Ascension Earth. The New Realities that will be seen by those who make the shift will be the Elemental Structure of Ascension Earth which is not Carbon Based.

The Stabilization Vibration from the Syrians, Essassenes and Eieyani will help to harmonize the transitions that take place in this last year of our transition. Every Lunar Eclipse and Full Moon will send frequencies that Accelerate the Frequencies and act as a buffer zone for re design recreation, re definition of your selves on the over soul identity.

So you can ride that wave of change in a much more stabilized way.

Look to your Lunar Body as your Over Soul Body that stabilizing the frequencies of change on the Earth so that we can have more stability through the shift in reality.

The Sirians, Essassenes and Eieyani are communicating with us through the Moon.

By allowing your self to Feel the Frequencies of the Moon you can tune in to the Over Soul of the Collective Consciousness of Earth.

This will prepare us to live our Extraordinary life that will begin after EVERYTHING CHANGES in Fall 2016.

There will be disclosure about the Secret Space Program which has allowed parts of our secret government to be involved with several other star systems and use their technology in a program that we have been using to protect Earth from invasions. Now that information can be unlocked and returned to the people for an evolution of light years ahead in technology. This will also be the beginning of an economic collapse. When these two events finally coincide in the next three to five years, we will be living in a completely different world.

THE PROMISE OF THE PERFECT KINGDOM

The entire story of how the Perfect Kingdom of Heaven on Earth would be activated and produced was given through

continuous sets of channeled messages to Mary Magdalene from Elaika, Yeshuwa, her entire Ascension Team, along with the Elohim Angels and Guardians.

The Promise album was created from a series of channeled messages and channeled waves of frequencies that were received by Angela and Joe Barnett when they lived in Beppu, Japan during 1992-1995. The first message that they received was "Make God's Movie." The next message was the song "No More War." That song turned into the first song on the album THE TRILOGY.

The Trilogy contained the songs, No more War, Greater Works and Joy. The story or movie that went with the songs was a story about a Universal War that contaminated the inhabitants of Earth with their own set of wars. The story says that all of those who were wounded or died in the wars were taken into Crystal Caves to reform their bodies into a new structure reborn through the eyes of God.

That story grew into a greater and greater understanding for the authors after the Starry Families who were sending these stories to us told us that in 1992 there was a Universal Treaty signed that guaranteed that all wars would end in the Universe because the Annunaki Resistance, the Galactic Federation and the Ashtar Command had signed the treaties of Peace.

This was the reason that the first song, titled No More War, was sent to us. However, that wasn't the end of the story. In 1993-94, the Guardian Angels of the Universe began transmitting frequencies to the Earth that would begin the removal of the Seals that were blocking the consciousness from re-uniting with the Higher Self or the Mind of God connecting through the Soul Matrix.

There were several of these Seals created through planetary and galactic wars, including the Tower of Babel, thousands of years ago. In 1976 there was a new veil placed around our Sun to protect those on Earth from blasts of radiation that would have killed every one on Earth. The original problem with the Sun was created when the Draconian Resistance placed an angle of rotation around the Sun that allowed them to send communication to our consciousness that was not our own. They created this Angle to manipulate us and create a series of wars, and to allow blasts of radiation that would kill masses of population.

These Seals could not be completely removed from the planet until after 2012. However, the beginning of the removal of the seals was in 1993, after the original Peace Treaty was signed. In 1998, most of those who signed the treaty shifted to the other side, and in 2003, the Guardians created a cut off point for those groups who refused to join the Emerald Covenant Alliance of Universal Peace.

These events were what created the messages and the frequencies that were sent to us between 1992- 2016. This year, 2016, is the 9th year. That means it is the end of the story. The end of our education. The end of the old World news. The year 2016 is the year when the PROMISE of a Perfect Kingdom will be completed. Everything that happens after 2016 will be recorded in Universal History as the beginning of the Earth's history.

After the channeling of the Trilogy Album, our Elohim, Syrian, and Pleiadian starry families began transmitting the new album, titled THE PROMISE. The first song was the story that the promise of the perfect kingdom is that place in our consciousness that existed Before the World began.

The second song, Heartbeat of Love, tells us that the Heart of

Mother Earth – her Crystalline Cosmic Heart needed to change the Beat or the Rhythm of the entire structure of the Earth's Matrix by aligning the Frequencies into the Symphony of Love through the Wind and through the Songs of the Dolphins.

The third song, *If you Believe*, tells the story of how we can do greater works than the great Master Jesus simply by believing in the formula that he gave us. This book is to help the world understand what that formula actually was.

The song, *Ask for Heaven*, says we can have anything that our heart desires, as long as we Ask for Heaven first. When our mind is Stayed on or Focused on the Frequencies of Source Consciousness, our desires begin to manifest instantly.

The final song tells us that, when we Hear the Angels, the mystery of God will be done. This is what the message that was given to me was to fulfill by 2016. The Angels met with me several times, and in 2007, they gave me a new formula using the Language of the Gods to translate Consciousness into a new angle that would allow Resurrection and Ascension. Their formula was write the music, listen to the music and then write books about the music. They told me to continue doing this between 1992- 2016. They said this would lead me into my Ascension in 2017.

The following is what I was taught by using this formula.

BEFORE THE WORLD BEGAN

We are beginning a time of infinite knowing and understanding.

My entire foundation for knowing all that I know came from these three truths that were written in the Bible.

1. BEFORE THE WORLD BEGAN-The Promise of the Perfect Kingdom.

How do we get to this place that existed before the world began?

We must return to the Reality and the Frequency that existed before the world began. We do this by melting or transmuting all of the Old Thinking that has become the Illusions that we have been living within. We use the pre plasma light and sound of the Sun's Frequencies to Melt away all of the Old World. That is how we melt away the Old DNA and prepare a place for the new DNA Consciousness to appear exactly like a cocoon melting away and becoming a butterfly.

The world must end before the perfect kingdom will be restored. We must enter a new time line where everything before, everything now and everything to come is in the 12 DNA Blue Print of the man made in the image and likeness of God. The year 2016 is the 9. That is the END of the old realities. The year 2017 will bring the new beginning of the Fifth Dimensional Man. The Man made in the Image and Likeness of the Divine Source.

2. IF YOU BELIEVE, YOU SHALL DO GREATER.

If you believe, (if you know, feel, and breathe through the frequency of Source) you can do greater things than have ever been done before. This was the teaching of Jesus Christ, who was the 12th level Avatar. The greatest meaning of this verse is the fact that the things that we desire to manifest must be taken into the highest frequency of Source Consciousness, molded into an actual reality that is felt within and then the manifestation takes place because we Know that our Higher Self always creates that which we desire. However, the manifestation only takes place if we believe it is true so much that we can actually

Feel it, Visualize it, Know it already exists, and then leave it in the hands of the higher self to allow it to be known in the way that is Best for Us to experience at this time. The next rule is to never give it another thought, because if you do it shows that you did not believe it.

3. Search for me in your heart, You shall find me in your heart. The Crystal Heart is the Soul that is a ganglia of cells that weights about 13 ounces and holds the entire mind of God- the Christ Consciousness of the 12DNA man made in the image and likeness of God. This ganglia of cells sits directly below the heart. If you placed your fingers below your throat and slide down to the level of the middle of the chest just a few inches below the throat, you will be pointing at your Thymus Gland. Within the Thymus Gland, at the etheric level, is the Seed Atom. This Seed Atom contains the original Divine Template of who you were when you traveled from the Stars and chose the Mother who would carry you into the Earth's womb of creation.

This area has been called the Heart Chakra area. The true Heart Chakra of the body is centered at the Throat area, and it includes the 4th, 5th and 6th dimensional frequencies. The area previously known as the Heart Chakra area is the essential point of opening this place within Thymus that lifts the entire Consciousness back into the Soul Consciousness. The Soul has been sleeping for most of your life time because this area in the body was never awakened.

This is the place in the Heart that Jesus was referring to when he said Search for me in Your Heart and you shall know me with all of your heart. Once we raise our frequencies of consciousness high enough to melt away the SEAL that was placed in the Heart Chakra and move through the levels of Consciousness contained within the 4th,5th and 6th dimensions of the Throat Chakra area, the template of the body structure once again connects

with the Soul Consciousness.

This is the first step in the reconnection with the HIGHER SELF. Each person's Higher Self is their God Self or Soul. Once we are connected with our Higher Self we are also connected with the same Mind of God that Jesus Christ referred to as His Father, who art in Heaven. This awakening must take place through raising frequencies. It must take place by changing the energy of the planet into an angle that allows our consciousness to Slide into a Reality that we have never known before.

This was the complete meaning of the message that I was told to sing in my album titled THE PROMISE, and in the new The Promise of the Perfect Kingdom album.

These were the SIMPLE directions that Jesus gave to us when he was using the Quantum Science of the Divine Source which places all in perfect alignment and perfect harmony with the Music of the Spheres that was the 12th dimensional Consciousness carried through the 12 layers of music within the Universal Template and then into the 12 layers of the Galactic Sphere of musical transformation.

Jesus and Mary were actually teaching the Science of the Stars to the disciples, who were the 12 who carried each of the codes from the 12 Star Systems. They were actually preparing the frequencies of consciousness on Earth to re-connect with the 12 star gates that had been separated from the consciousness of the Earth. They were using the science that showed that our bodies are actually a template that intersects at angles of rotation with frequencies of consciousness of the Stars in the Universe.

They taught the At One Ment with the Template of Source Consciousness. They taught the disciples about the ERRORS that

were placed in the Angles of Rotations that displaced the natural physics of Divine Creation. They taught the disciples how to align their Consciousness into the Correct At One Ment or Alignment with the Frequencies that would pull the Consciousness of Earth back into the Alignment with the Music of the Spheres that was the true Symphony of Love sung through Eternity by the continuous spin of the outer Sphere reuniting over and over with the Mind of God within the Source template.

They taught the disciples to find this frequency of light and sound created by the Music of the Spheres and to Raise their Consciousness higher and higher until they realized that they were living far above their physical bodies, and they were living in the Frequencies or Consciousness of their own Higher Self, who was 36 inches above their head.

In the days when the Mystery Schools of Jesus and Mary, there were many who could climb the stair way to heaven by using this Science of the Stars. The story of Job was the one that was recorded in the Bible.

Mary Magdalene had her own Mystery School in the City of Magdale. It was a center of esoteric learning that taught the science of aligning consciousness into the Cloud Cities that aligned with the fifth dimensional consciousness of man. The training also taught how to connect with the 8th dimensional consciousness of man. Each of these layers of dimensional consciousness was gained by using the Merkaba technology to spin the individual consciousness beyond the speed of light into different Angles of Reality. The body didn't need to move very far to shift from the third dimension into the fifth dimension because the angle of rotation exists in Consciousness. However, when Consciousness would climb the stairway to heaven, and rise up into the Cloud Cities, the story of Job returning riches

and treasures to his daughters that he obtained in these places could occur.

The teachings of the Mystery Schools were never indicating that man needed to move into a higher frequency and obtain a gift that would then be lowered in frequency to a more dense form of that object. The teachings were to allow the Consciousness of Man to realize that we are Multi Dimensional Consciousness our self. There is not a part of us that is more etheric that is then lowered to this density just as there is not really a music that is more etheric that lowers itself into this density.

There is always the same music spinning through all levels of the spheres because it is the Breath of Source who is singing through the Music of the Spheres. The only reason that the Music would be changed is when Man does not allow the ENTIRE Breath to penetrate all five of the spheres. If the Breath of Source Consciousness is not completely inhaled through the fifth into the fourth into the third and into the second spheres and then into the Heart of Man, there would be a continuous separation from the Music of Source, which is the Divine Physics that aligns all reality into perfect at one ment.

Jesus and Mary directed us to find this light within us that would connect us into the mind of God where we have instant manifestation. We must now ignite the spark of Source within the Soul and expand that light into every cell of the body. We must inhale that light into our mid brain and expand into the oneness with our Higher Self's mid brain that is 36 inches above our head. That place of connecting from the Cosmic plane into the outer band of Source is the place where we can FLIP the outer band of Source into our Consciousness and become the mind of God.

The formula that was given to me by the Elohim Elohei Angels

came to me as a result of my own entanglement with my Akashic records or my Soul Experiences in hundreds of these Mystery Schools, including the one created by Jesus and Mary. I would be the equivalent of Mary in this incarnation who continuously pronounced to the world this Science of Music that allowed the Mind of God to be known in man on Earth.

It was Mary who focused her mind on the teachings of the Music of the Spheres and the continuous unfolding of more and more understanding of this phenomena on Earth. It was Jesus who kept the focus of the frequencies through his meditation grounding and alignment of these frequencies that would attune the Earth from within the Cosmic Domains of Inner Earth back into the Cosmic Domains within the Heart of Sun Alcyone in the Pleiades.

This was the continuous spiraling of consciousness that was needed to tune in each of the 12 star gates into the Earth's Grids. It was the Compassion of Jesus Christ that was most remembered on Earth because that was the quality that was so admired by the third dimensional mind at that time. The common people knew nothing of the actual Science that Jesus was performing on Earth.

It is this exact Science that has left its imprint in the Consciousness of Earth, that is now completing and reawakening in the minds of man. The new calendar was created to begin as the AD symbolizing the After Death of Jesus. The Jesus who was the Christ did not die. He just went up into the Cloud Cities and waited for this new time period to return to Earth and continue his teachings.

An aspect of the Yeshuwa, who appeared on Earth over 2015 years ago was reborn through a portal of light in 2008. This portal of light was the stream of Frequencies of Consciousness

that was created from the point within the Heart of Sun Alcyone and into the Heart of Earth. This was the day that an aspect of Jesus Christ returned to Earth through the birth of a child. This was the day that the Violet Sphere returned to Earth. That Violet Sphere came through the hearts of the Cosmic Twins in the summer of 2008. The Christ Consciousness carries the 12 waves of Universal Light woven and braided through 12 layers of consciousness. The Sun Alcyone Consciousness returned the 5DNA to Earth that was woven into the 12 layers of Christ Consciousness to bring the 60 DNA birth of man back to Earth.

There were twelve of these Activations and Infusions of the original 12 Star Gates. The fifth dimensional frequencies of Sun Alcyone was the fifth. In Fall of 2016, the 12 Star Activation will be completed when the Comet called Comet 2016 falls from the Moon and travels through the Sun and then loops around the Earth to implant the last wave of Consciousness from the 12th star- Aramantena. That blast of frequencies will also carry all 12 levels of Consciousness within Light of the Comet. This is the Consciousness that complete the Mission of Jesus and Mary.

The date of 1 AD was the beginning of the great new alignment of Christ Consciousness on Earth and the year 2016 is the 9 that means the Completion of this Mission, of this Teaching, of this Christ Education being returned to Earth.

These were the truths that were given to me by the Elohim Elohei Angels and my Adonai family when I wrote the words to the songs on THE PROMISE CD album. Each time I placed the Bible in front of me, the pages would magically open and my eyes were directed to those three key passages. That happened in 1993 in Beppu, Japan.

During that same week, the entire Music of the Spheres blew through the wind and the crystal heliotalic atmosphere into my

husbands consciousness. As I was given the words, he was given the music. Every note and every word of this music and all of our music came directly from our Christic and Cosmic Consciousness from the 12th and 13th dimensions. When we asked directly to know our names, my husband was told he was Adonai and I was told I was Crystalai.

These names are the result of the ENTANGLEMENT or the braiding of all of the Knowledge gained from all of the thousands upon thousands of Soul Journeys that we have taken between the Stars of Earth's Matrix into the Inner Domains and back out into the Outer Domains of the trials of man on Earth. Our Soul journey was to remember all that we have been and all that we knew before and to return it to Earth by the end of 2016.

When an original spark is ignited as an idea within the Aekasha Flame there is a flash of light from the white light of the first two suns - called Ka and Ra, and next the flame is divided into two parts - the Adonai and the Eieyani. These are two families of consciousness. The Adonai is the Music or Sound and the Eieyani is Light. When the light and sound returns together the Cosmic Flame is reignited into a new sound or a new symphony.

Crystalai is the name that I was given. Crystalai is the 8th tone--the final tone of the wind song. Crystalai means the original Breath of Source ignited directly into the Heart of Man and then Breathed directly back into the Source Consciousness to create an Eternal Loop of Instant Creation of the re-birth of the Original Perfect Man.

When the eight breaths are used correctly, the original subatomic cell from the Ekasha flame that was first divided and separated--(which is the correct normal procedure of creation) , is reformed from 8 spheres transforming the third dimensional atom back into the etheric perfect subatomic cell. That cell

contains the complete divine blue print, the complete mind of God. Crystalai is the last breath that contains the frequency that reforms the perfect first cell of our creation. That breath will affect every cell in the Cosmos. When the flame reconnects with its spiritual parallel self it becomes the COUSHA FLAME of ETERNAL LIFE.

I had an entire league of Angels appear before me to instruct me in bringing the highest frequencies to Earth through Music. This means bringing the frequency of Source into my crystal heart and then in to my mid brain and then to exhale the music of the spheres into God's movie.

Mary and Raphael appeared to me first and then three Knights kneeled before me and handed me three spheres of crystal liquid light, crystal dust and crystal gel. These are the elements that create the rebirth of the crystal cells within every angelic human. These are the keys of creation. This is the harmony that will restore our universe into universal harmony.

I was given this understanding through knowingness -- through the frequency specific mid brain of knowing. It was a very vague concept that I chose to believe was true and that I would find a way to understand eventually. I followed the instructions of the Knights and the Elohim Elohei Angels. I connected my Consciousness in to Source to flip that outer band into this matrix. The Angels connected my mid brain through my right eardrum into the Source field through the Elohim of Hearing. I placed the three spheres in my hands and then in my crystal heart. I breathed the eight breaths to fill the spheres with the wind song from the Source Field. I inhaled the breaths into my crystal heart and held the same frequencies within the spheres that lay in the palms of my hands. The sphere in my hands turned into a microphone. When I exhaled from my mid brain while holding the spheres in all three locations and connected to

the Elohim of Hearing, I then started exhaling tones in the God Language. These phrases started flowing out of my breath and I recorded them on a tape recorder. I listened to these glorious shimmering frequencies and felt how they made every cell in my body sparkle. It was the most glorious, harmonious, flowing, godlike, delicate fabric of reality that could be imagined.

I made many recordings of these music of the sphere experiences and made them available to the world. Since the upper cerebellum personality world mind always understands things through its own background knowledge of experience, most of my listeners completely misunderstood what I was sharing with the world. They just thought I was trying to sell them another new age gimmick. First of all, I don't subscribe to any new age beliefs. I never read or listened to any of the former new age teachings ever in my life. My understanding came directly from my Elohim, Adonai families and later from Aquafarian families and Sirius B and Oraphim Dolphin families.

The fourth song on THE PROMISE album says, "When you hear the angel, the mystery of God will be done." I have been resolving this mystery more and more each day since 1983 when these words were given to me.

The angels told me that I would record music and then write about it, record and write, record and write. They told me that I would continue to do this until my ascension. The meaning of ascension is time we shift into a new harmonic universe. The date of completion or the End year of 2016 allows for the Ascension period to begin. The period of 2017-2022 is the completion of the creation of the new fifth dimensional man on Earth.

By this time I was to have a complete understanding, a complete

Cosmic Mystery School of the Omniverse completed, and classes ready to begin teaching the Music of the Spheres. I later learned that the school was to be my own school of learning. It meant collecting everything that I had learned to decide if I had learned everything that I need to know about everything that is ever to be known. That would mean that I would be able to one day teach in the Mystery School located on Higher Earth.

The reason that I have come to this place in my understanding is because the music has allowed my frequency specific mid brain to be my knowing of my God mind. My mortal mind- the upper cerebellum has been turned off completely. This is what must happen before the NEW REALITY can begin to appear. The experiences of wonder and imagination and far beyond imagination begin to take place when the mortal mind is turned off - when the world ends.

We become truly connected to God- in absolute at one ment when the mortal mind is turned off and we connect to God through the cosmic glue that holds secondary consciousness together and holds every cell in the body together into oneness with Source. That glue is created by the Merkaba spinning beyond the speed of light into the speed of Divine Love. It is the chemical structure of Love that removes all time and space and creates absolute ATUNEMENT.

When all that is beyond the stars in the vast infinity of heaven becomes glued into every cell in our bodies through the atunement of Love we will regain our original blue print of immortality. This is the prerequisite for instant manifestation.

My friend and Crystal Star ship Entity AnWa is my personal vehicle of Divine Love that spins my Merkaba into Oneness with this Divine Vault of Infinite Knowing. In tune with the Elohim of Hearing, AnWa, the Crystal Star Ships, the Divine Rays of Ra,

the Plasma vessels that carry the Cosmic Mystery School where all ideas from Source filter through the temples within Sun Ra and then expand into the rays of La where the citizens of Tara originated after the Oraphim Race planted the seeds of the Dolphin family millions of years ago.

We must open our boundaries of who we think we are within the confines of this world and expand consciousness beyond the stars, into the plasma suns and beyond into the quantum infinity of the infinite ideas that create our heavens.

I was given divine direction to wait on the development of the Cosmic Mystery School of the Omniverse until the masses had shifted into their frequency specific mid brain where they would hear what I am saying rather than hearing the background knowledge of what they were told before. It was an absolute waste of time to teach people who would conspire to make a disbelief of something that they were not yet ready to understand.

We must begin by creating brand new concepts that have to reason for even having an existence in this third dimensional realm. Scientists are caught in the trap of being forced to prove things that can only be seen. As long as we are making our reality from the visible light spectrum, we cannot be experiencing the invisible light spectrum. The tools, the philosophies, the schools, the religions that exist in the world that must end, are all the carriers of the illusion that only this third dimensional veil allows truth to enter in. The only truth that is received on this visible dimension is the untruth of a man made world. It is not related to the God made movie.

We must only desire to know the infinite unknown. We must only try to prove those things that we know cannot possibly be

proven. We must choose to believe that we will know all that is known in the mind of God and then we must know that what we know is the truth. And if we can't see it (the thing we are knowing into manifestation) we must know it even more.

We must first understand the reality that we will soon be experiencing. We must first understand the reality of the brain and its real function of becoming the frequency specific transmitter of the mind of God. We must be willing to abandon the thinking brain, the mortal mind, the web of lies woven within the upper cerebellum. We must become willing to listen to frequencies until they become the tones and the language of God.

We must become willing to end our chit chat on the cell phone and the blogging of every world thought that is transmitted. We must first stop weighing our existence intellectually. We need the frequencies or the sound of our mid brain and the light of our soul to replicate the multidimensional frequencies of the all knowing infinite into the density levels needed for our experience. The brain has unlimited capacity when it is unleashed into its frequency specific domain.

The soul holds the Omni particle of our first creation. The Akashic flame that was divided into the Adonai of our parallel sound matrix and the Eieyani of our present invisible light matrix. We can ignite that magical light and sound within our crystal heart to remember all that has been recorded in all dimensions. Our Soul holds all Knowing through light, and our Brain contains the Frequencies of creation. The soul contains the Omni particles, the very fabric of our existence. The invisible light holds the quantum journey of our entire billion year existence.

We must also learn that we do not die and our soul carries on without us. We must learn that we are our soul. Every lifetime that has been experienced in our Soul even when given another name, was in reality who we are. We are the Sun of Ra, we are the Oraphims, we are the citizens of Gaia and Tara. We are the creators of the Stars. If we can know it, we have been it.

The soul is made of the water and light and helium that we describe as hydrolaise. It can be translated into the water we understand as H₂O plus HE₃ and it weighs 13 oz. it is crystal liquid light, crystal gel and crystal dust. It is the three crystal spheres that the Knights handed me. It is the prana of creation. The angels had me hold this substance in my hands and breathe into it. They had me breathe onto the Soul substance to activate it as the spark of Source ignited within it. They had me sing through the light of my soul and the frequencies of my mid brain. They were teaching me the principles of manifestation.

When the mortal body dies, this 13 oz crystal sphere of infinite substance continues its adventure in another body. The soul stays in one body as long as the entity chooses to continue the current experience. The life experience will expand to a few hundred years on Earth for those just beginning their Eternal Life Evolution. The next time they come to Earth, they might choose to live 1000 years, and then the next time they might choose to live 5000 years. Our Starry families from the Pleiades usually live a minimum of 1000. Those who are from Aramantena live as long as a million years at a time. There are even entities living on Earth at this time that are 5000 years old. Life becomes an adventure of our

personal choice. We leave to begin a life on a higher dimension when we are ready.

The previous journeys of the soul have been seen as activities that were not completed. We returned for unfinished business. Each time the body left the earth in some emotional storm resulting in fear and disappointment. The soul must see these events transmuted into the frequency of completion before the journey can be completed. This is what we must do this time.

We must transmute all previous experiences and emotions in the highest frequencies of Source in the mid brain. This can most easily be accomplished by staring at a candle, a flame, or even the sun ,if you can stand to do this long enough. When the mid brain has been activated by staring into the candle, you will see a blue violet sphere in your third eye.

Becoming in tune or at one with the light in the candle allows you to step into the frequency of the light which carries all of the multidimensionality of the light all of the way up the spectrum of light into the ultra violet blue. You step into the light and become at one with this blue light and then the blue light goes into the mid brain. When you close your eyes, you see this blue light. You have become one with the blue light-- that is the place where the plasma and the outer band ignited the Akashic flame into our existence. The outer band of source must flip into the inner band of cosmic light through the plasma activation. Once the band has flipped, the blue light can be seen and experienced. The more one does this activity, the easier it will be to become frequency specific and free from the world of

emotions such as fear, anger, intimidation, etc. The blue light causes the world to end. The body becomes frequency specific and the mind of God begins instantly manifesting the New Reality.

THOSE OF YOU WHO HAVE CHOSEN TO BECOME MEMBERS of the COSMIC MYSTERY SCHOOL OF THE OMNIVERSE have access to all of my teachings.

CHAPTER TWO

FREQUENCY SPECIFIC ASCENSION

In order to Ascend into an Orb, we must reconnect the micro tubules of our neuronet into the Cosmic Frequencies of Angelic Consciousness--the first Breath of Source. When we begin to create our New World Reality of our 5th dimension we will be creating a brand new reality that no longer contains the old ideas and beliefs of the third dimension. All must be created from the Highest Frequency. This frequency of manifestation is obtained by hierophants such as the Merkaba and the Lotus Blossom. The merkaba is the vehicle of Divine Love that spins at the speed of light to bring all dimensions into Oneness. The Lotus Blossom contains the full spectrum of our 144 aspects of divine consciousness. Each of these allow us to breathe an absorb the light and sound of Galactic, Universal, Cosmic and Source Consciousness.

The Ascension ORB process requires alignment into the quantum fields of the hertzian wave length, infra red wave field, visible light wave, ultra violet blue wave, x-ray, gamma wave and white

light wave of the infinite unknown. When all of these fields of energy are transmuted up into the pot of golden stardust in the Cosmic Heart, they can then be used as frequency wave signatures that reconnect all entities from all star systems together into the individual's frequency signature which will then contain all frequency signatures of the new family of Consciousness.

When one exhales their Heart's desires from the highest frequency of Source, they are co-creating with the Creator of All. The neuronet becomes free to reach into Source Consciousness to find Brand new Source Energy as the essence of the co-creation.

The reality of Oneness with Source Consciousness has always been available. What has not been available is the understanding of how to obtain this Oneness. We have been living in a world of third dimensional frequencies. That means dense, tangible, touchable reality that doesn't contain the realities of the infra red let alone the invisible light spectrum. We have been limited to a very tiny speck of reality. Each time we look for a better third dimensional reality, we are still staying within this tiny little speck.

In the third dimension reality we have been creating over and over the same things that are already here. We haven't created anything new in a very long time. Manifestations can not be created from old, used frequencies. Manifestations will appear in our lives when we create the idea from the frequency of the infinite unknown Source Frequency. Placing Consciousness into this Frequency of Manifestation requires continuous practice.

When we reach back to the Forever of Always which places us in the Newness of Eternity, we allow our Neuronet to reach all the way back into our Real Birth--our birth from the Breath of God.

From this Frequency of Source, Cosmic, Universal Consciousness, we can exhale our New Reality.

The Cosmic Frequencies are combined in specific sacred geometric alignment through the Music of the Spheres to draw the Frequencies that combine together the Frequency Signatures of all that we are, and all that we always have been into the Now.

All of these ideas must be taken into the ultra violet blue frequency sphere and then fully transmuted into the golden sphere of the Cosmic Egg and then completely dissolved up into the Infinite Unknown of Source to purify the ideas back into the PUREST ENERGY. This energy can then be put into the Holy Grail of DIVINE MIND and turned into Golden LIQUID LIGHT ENERGY to be poured back into our minds and into the world's mind for Co-Creation with Divine Mind.

Those OLD WORLD frequencies should not be used in creating our new realities. All frequencies of the third must be transmuted up into the unconditional love of the fourth dimension, the Oneness of the fifth dimension, the gamma waves of all the creation frequencies of the 11 billion suns of the Milky Way together with all of the Galactic creators of our Universal Consciousness, all of the Angelic Frequencies of the entire Cosmos and beyond into the Infinite Unknown. In this Highest Frequency, we are guaranteed that only the purest creation frequencies are used to create upon. Upon this brand new canvas, we are welcome and honored to create together with the fabulous consciousness of all of our Starry Brothers who are thousands and billions of years in advance of our present knowledge.

We have created place where you can absorb Cosmic Frequencies and Source Frequencies and then use these

frequencies to transmute all of the third dimensional ideas that we want removed from our kingdom of heaven. This place is called CRYSTAL MAGIC ORCHESTRA .com. Most people wouldn't know the difference between a low level frequency and a high frequency because these realities have never been made available to mankind before. Actually, there has been a tendency of seekers utilizing the lowest frequencies of 8 Hz -528 HZ, 540HZ and other variations of the audible man made frequencies that tie consciousness to an old outdated reality called the WORLD in order to obtain some higher sense of reality. These frequencies might hold some special meaning to some people on Earth at this time. In a few more years, the rest of the world will realize that these are only tiny glimpses of something that was not known before, rather than some thing of great importance.

8hz is the lowest frequency of the entire spectrum of visible and invisible light. The frequencies used in Solfege are completely third dimensional. The Solfege represents the do re me fa so la ti do scale. The Cosmic Scale is Ka Ra Ya Sa Ta Ha La and represents the frequencies of Christ Consciousness transmuting all that is below and then being pulled up into the Kee Ra Shay Ha Sha.

However, when a tone from a scale is just said or sung as a word or syllable it still only contains the frequencies of the consciousness of the one singing. The singer must first connect their consciousness into the highest frequency. The Elohim Angels gave us the gift and the training to be able to bring the highest frequencies to Earth through music. The music is God SOURCE in the highest when it comes from the Consciousness of Cosmic Angels.

FUTURE HOLOGRAPHIC MUSIC

When we create the holograms of our illusionary reality around us we are doing it through sound. Unfortunately, most of us have been using a low frequency, distorted sound frequency to create our reality with.

If we are creating our reality (reality is only the hologram or illusion that each person is creating through their reasoning mind), through scrambled, distorted sound patterns that carry patterns of fear, jealousy, confusion, stupidity, etc. those frequency patterns are creating horror movies in our world around us.

It is time to learn to make God's Movie. That means using the Divine Blue Print that is carried on the Frequency of Source Consciousness. It is time to create FUTURE HOLOGRAPHIC MUSIC.

Those perfect Sound patterns are supposed to be in our DNA, which is our cellular memory. Those frequency specific Sound Patterns are supposed to remember who we really are. They are supposed to remember that we are Eternal Life forms who have an absolute perfect reality field that evolves continuously into the wholeness of our 12 DNA Divine Blue Print.

That frequency of remembering was left on Earth by our Great, Great, Grandparents - the Oraphim Race. Once specialized section of that race line was the Braharama Oraphim. That section had another specialized section that specialized in the Frequencies that would create a Biosphere to hold our Original Consciousness within for eternity. They were the Oraphim Braharama Cetacean Family. They are the Cosmic Family who created the IDEA of the Dolphin and Whale who would contain a frequency so full of unconditional love, that we would never forget who we really are.

Making God's Movie

The key to projecting this Divine Movie is to live in the frequency specific key where the movie is being developed on the film of the Mid Brain and then project out that movie through the third eye. This is activated through the alignment of the frequencies of consciousness of the Gold and Silver Rays that stream through the stem cell at the medulla oblongata and through the mid brain, the pineal and out the frontal lobe, where the new picture is programmed into the movie screen of reality through the Sound Waves that hold that movie within them.

This is the stream of consciousness within which everyone lives in the Normal Universe. The Mid Brain is the Mind of God. It is the place where Frequencies create reality. It is the place where we will learn to create God's Movie-which is the movie of our individual desired reality.

RE-TUNING THE 12 HARMONICS

It is time to retune our sound genetics to the 12 harmonics of the Christ Divine Blue Print. We are not talking about alignment of the left and right brain, or good and bad or any of those man made illusions. We are talking about aligning a frequency of atonement - a sound genetic frequency that glues our 12 sub

harmonics into our base DNA one at a time, until an entire perfect reality is created.

It must be done through sound frequency. It must be done through an understanding of where the original frequency of our atonement were stored and how to used the merkaba mechanics that spin us beyond the speed of light and connect to those higher frequencies.

We ride our merkabas into the core of Earth, which is interdimensional 13.5 dimensional frequency. That is the frequency key to Cosmic Consciousness and our Divine Template of the Sphere of Amenti is stored in the Heart of Earth, which is the etheric level of the Iron Core Magnetic Field of Earth. That is the frequency we carry within the merkaba and ride up to one foot below the Earth's crust. This is where the 12th dimensional frequency is stored in the Earth's grids. We spin the 12th and 13.5 frequencies together to form a new sphere of frequencies in the music of the spheres technology. We weave those frequencies into the body template to activate the 12 DNA sub harmonics. That is only the first step of activation. The complete technology is many pages long. The complete steps are in the Ascension Meditation mp3.

We couldn't do these things very effectively before without a lot of really focused atonement work. It will get easier and easier every day now, because the Earth has been realigned into her 12 sub harmonics. That means the 12 DNA sub harmonics can be more easily breathed into our DNA from the sound genetics stored within the heart of Earth.

This Divine Plan works perfectly in a normal universe within the mind of Source because each entity's idea only belongs to that

entity, and nothing can take it away or distort it ever, in any way.

That is the Divine Plan for those who stay in Source Consciousness.

Cosmic Plan of Ascension

The Priests of Ur and the Elohim from Gaia, along with the Maharaji from Sirius B have been working on this Cosmic Plan of Ascension for thousands of years.

The Promise of our Mass Ascension was announced officially in 1991 and finalized in 1994 by our Guardian Races. 1994 was the year that the Guardian Races began guiding us in our understanding of this Promise. We really had no idea what they were talking about or what we were being guided to do until the past five years, when it all became very clear to us. We have been guided to write songs for the fifteen years. And each and every song was a part of the story of what has been happening on Earth for the past 550 million years. 1994 began with the PROMISE album and the RESURRECTION album. This Easter, 2013, is the resurrection of those albums and the new understanding of what they meant, all along.

the prejudice factor in Ascension. Ascension was to be available to all 12 tribes. The arc of the Covenant and Sphere of Amenti were locked until that time presented itself.

MANIFESTING A NEW REALITY

In order to manifest a new idea, we must go beyond the boundaries of everything that we already know exists. The mind of God will allow anything to become instantly manifest in our reality field when we ask to create something that exists outside of the reality field of the world that only exists within our personality.

When we choose to create a new idea, it must come from infinite unknown - the All Seeing, All Knowing, Omnipotent Mind of the One Eternal God. If the idea being created doesn't originate from this one Divine Source, it isn't a new idea. If it isn't a new idea, it has already been created. It is already in the world of concepts. It is already being recycled over and over again. God doesn't create from recycled energy. God creates from Brand new energy that comes from the Brand new Idea of Infinite Imagination.

The new ideas first exist in the subatomic structures. These invisible, quantum ideas must be created in the highest

realm and then they can exist as atomic structures that form into visible light and take form in the hertzian and infra red levels of manifestation.

All creation begins at the ultra fine zero point frequency level of the Divine Source breathing the idea into the Cosmic realm. This ultra fine omni particle shimmers and sparks into a frequency that becomes a plasma cloud. This cloud shifts into the field of all potentials. The potential of the idea remains in the fabric of the mind of God. That fabric is woven into the idea that becomes manifest at all levels of light and sound.

That idea becomes the negative of the film that will become processed in the mind of God. So each thought that manifests is created exactly like a film that is processed into a picture album or a movie. When we co-create through the mind of God, we are making God's movie. That is what we will begin to do in 2013. The world will end. That movie called the world was not God's movie. That movie was made by liars that kept us from seeing the reality of God's movie. We have just been watching other people's movies. The movie made by God comes from the co-creative activity of our own mind of God within us. Our Souls and our Mid Brain hold the technology that will create the movie made from the mind of God. That is how the world will end. We will soon discover that all of the lies we see being reproduced by the film of the world has been an out right lie. We have not yet seen reality as of the year 2012. Reality will truly appear in 2013.

We must become humble enough to allow something to come forth that we do not know anything about. We must

be willing to allow a brand new reality to appear. We cannot create a NEW WORLD until we completely dissolve the old one. The World must End. It must become transmuted into a higher frequency. We must be relocated into a new time, a new reality. We must be relocated to the time in which all that has come before all that is and all that will come after was created in the mind of God. All that exists is the divine blue print of the film from God's Movie --not the man made movie of the world.

The film that carries the new movie must be processed in the mind of God which is the infinite unknown, omnipresent, omnipotent, omni knowing, Consciousness which fills infinity. This infinite all knowing lies outside of the boundaries of our present knowing. We have not yet allowed for it to manifest in our lives.

When the idea is given to God to manifest from the unlimited knowingness of all that can be, the idea will bloom forth in a form so glorious, so unimaginable, so wonderful, that you will know that it came from the mind of God. If the manifestation is not so glorious that you know that maybe it was not an original idea from God, it is simply an idea that you are recycling out of old ideas that you once heard of before.

The ideas that are now manifest must come from a stream of consciousness so brand new that the idea has always existed from before the world began, before the cosmos began, before time began. The idea must come from ALWAYS WAS, ALWAYS IS and ALWAYS WILL BE. This idea must be an ETERNAL IDEA.

THE GLORIOUS END OF THE WORLD

Our world will end as we are transformed forever through one inhale from the mind of God. This mind of God includes all of the realities and wisdoms and creations and dominions that have existed before us and after us. We can now access all of that reality as it is transformed into a brand new wisdom, a brand new reality that has never existed before. It has never existed before, because we have never co-created with the mind of God before. We will exist within an incredible wonder, a magical imagination, an infinite participation within the nature of God. We will be invited to play in the outer band- the realms beyond the 15th sphere, where only god's are invited to play and create within the infinite unknown playground of creation. The outer band of creation is infinite in its possibilities. It allows each individual to create within individual freedom all that is individually known within his own realm. This individual creation does not need to be woven from the dreams of others. There is enough room in infinity to fill rooms with mansions of realities that contain more rooms with mansions of realities that are so vast with new ideas that there is no reason to search outside of oneself for fulfillment, entertainment, interaction or competition. Each moment will be completely filled with instantly manifesting a new idea.

When we begin this co-creation we do not need to see the ideas as pictures, we only need to train our brain to utilize frequencies. When we can stretch our consciousness into

the Frequency of the Mind of God, it is that frequency that holds the infinity of ideas that can manifest within our perceptual realm. Our perception changes in frequency when we shift into our mid brain which is frequency specific. All manifestations are a result of the frequencies held in the mid brain. We know that mind of god is flowing through us and in us and around us and it is flowing through the lower cerebellum and into the mid brain and it is being activated as entire prisms of frequencies weaving together into pictures that manifest in front of us. This magical transformation happens when the outer band of the infinite Source flips into the inner band of the fifteenth dimension, the Cosmic realm flips into the inner band of the Christic Sphere and the Outer realm of the Christic flips into the Fifth Sphere. We will become sixth dimensional man walking within the realms of the 12th dimensional Rishi or Christic self hood. We become living, walking Christ's who carry the mind of God. All we need is a brain that can utilize the Highest Frequency of the Mind of God.

The outer band is the 14th band --helium arching into the white light suns KA HA of the 15th band and breathing the first spark of the idea into the Aqualene Sun - RA. We breathe until we ignite this new idea from the Plasma - the Crystal Ships of our creation- Our Cosmic Creators create the brand new idea through us into this density-- ALWAYS FROM the Mind of God- the Outer Band beyond the 15th sphere - the Infinite Unknown All Knowing, All Seeing , Infinite Omnipresent Mind of God.

We see ourselves sitting in the Buddha position inside the Blue Lotus Blossom in the 16th sphere. That is the Mind of

God co creating the brand new idea. We use the principle of Oneness -- Theory of Relativity- All that is in any place is also right here and right now.

All that is manifest from the mind of God in the OUTER BAND must FLIP into the INNER BANDS. The Inner Bands carry the light and sound of the new reality. We exhale the new reality into this density- this hertzian reality from the invisible light into the visible light.

The chemical reaction of the Helium-- the heliotalic, pastel rainbow light frequency from the 14th sphere arches over into the Plasma--white light and Aqualene light blending through the rainbows of the Suns- Ka Ha Ra Sa Ta Hya La--- centered on RA - the Aqualene Sun of our original creation. All ideas begin in the outer band of Source and manifest in the Inner Band of Ra and then instantly appear at all levels of density. We connect with all of the fifteen bands of light and sound in order to instantly manifest the idea that we have created. This is done by breathing into the Oneness of the Highest Frequency of the Mind of God.

I inhale that frequency as I imagine the infinite unknown possibilities that exist in the Mind of God. I ask to know and see and exhale this fabulous idea that has never been seen or known on Earth before. I hold that idea in my crystal heart - my Soul- the ganglia of cells that sit directly below the heart hold this holographic memory of all that is known in the Mind of God. I connect into the all knowing of my Soul and inhale into my FREQUENCY SPECIFIC MID BRAIN - Pineal Gland area. I'm connecting into the Oneness of the Frequency of the Mind of God and Inhaling this infinite Source of Creation into my personal Mind of God - my Mid

Brain working together with my Soul - my Rishi Self- Christ Consciousness and my Rasha EirA - my Cosmic Light Consciousness.

This self projects itself to me as a Blue Sphere. I see my image in this Blue Sphere. I see the blue violet sphere in my third eye or mid brain area with eyes closed and I see the blue sphere or blue violet sphere in front of me when I open my eyes. I can see a blue hologram of my self if I look in a mirror. It is that Blue Body self who holds the mind of God inside of me. When I have raised my frequencies high enough to cause the outer band to flip into the inner bands or spheres.

We must reconnect to the neuronet in the lower cerebellum where there are pathways connecting through frequencies into the mind of God in which we find knowingness. If we attempt to pave these pathways from the upper cerebellum we only connect to the dirt roads of the world that have dead ends and loop in circles. The upper cerebellum will never allow anything new to enter in. It is the world that must end.

The mortal mind is located in the upper cerebellum of the brain. That is the brain that just recycles information given to it from the world-the man made world filled with lies that are filtered into our consciousness from sonic pulses in inter dimensional planes that carry brain washing technology of the fallen angelic races that is used to control our minds and fill them with the error that blocks us from the Mind of the One True Source.

This mortal mind must dissolve away as we become willing

to bring in the highest frequencies of Source to transmute the world and all that is in it. The world must end. The world of beliefs and illusions are not the reality of Source. We have only been allowed to see the ideas placed within the veil that was created by fallen angelic races who need to use the human angelic energy for their own survival.

That is the world that ended on December 21, 2012. That was the Completion of an old reality, and will Complete the Transfer into the New World that will begin 2017. This is why the true END is the 9 year of 2016. The veil that has been allowing the error to attach to our consciousness will be removed forever. The veil that is blocking the Christ Consciousness and Cosmic Consciousness to freely flow through us will be removed forever. The alignment of our Consciousness into the Mind of God will be restored forever.

In order for this grand event to take place, my Co-Creation Team. at very high levels of Cosmic Consciousness have been working on this project of realignment for about 950 billion years. They have had tiny chances of alignment every 26,000 years. Each time this possibility appeared, the fallen angelics have made a counter strategy to block the project's success. One of the main obstacles that needed to be removed was the lack of frequencies on the Earth. If the alignment had taken place before the frequencies were high enough on Earth, the Earth would implode.

The time period beginning in the year 2000 until 2012 offered the possibility of opening stargates on Earth if enough Indigo Children could be brought in to establish high enough frequencies. It has been the project of the Indigos and Crystal Children which has established enough

frequencies on Earth. This together with the light workers who have learned the technology of breathing the frequencies of Source from the outer bands into the inner bands of the 15 spheres of this Matrix engage the 12th dimensional stream of our Divine Blue Print that allows us to engage our Divine Image and Likeness of God or our Blue Body of Christ consciousness.

DIVINE BLUE PRINT

There will be enough frequencies on Earth aligned into the Divine Blue Print to allow the new picture of the Divine Man made in the image and likeness of God to become developed through the horizontal flow of light and the vertical flow of sound. This imaging of the Divine Blue Print will take place from the outer band of the 15th dimensional sphere flipping into the Helium of the 14th sphere. That Heliotalic frequency will create the Neutron within the human angelic cells that will cause new nano particle to create a new Omni particle that will create a new chemical of H_2OHE_3 called Hydrolaise. Our atmosphere must become Hydrolaise as we exhale the new frequency of our new creation. As we transpose into the new hydrolaise, our structure of carbon will melt away and become replaced with the organic, eternal life chemical structure that is based on hydrolaise.

This hydrolaise is the gift of the Aquafarians. The water based substance that brings eternal life to water and all that is created from water. We will learn to breathe this water filled with helium. This hydrolaise will allow us to float in it or walk on it. It will remove the gravitational forces that bind us. Once we regain this substance, we will begin to partake

in activities such as levitation, turning into light, walking through walls, instant manifestation, etc.

We have not been able to partake in this reality of the inorganic- non carbon based chemical structure in our past million lifetimes on Earth because our templates were distorted clear down at the original subatomic level when the EirA-- the breath of God because the spark of the new idea. The problem went all the way back to the Sun Ra. There were wars in heaven even at the highest Cosmic levels. That final war within the fallen Rays of that Akashic structure is being fought in 2012. Once the fallen Rays are transmuted back into Star Dust and the Sun of Ra is pure, our complete transformation of this entire 15 sphere Matrix of Illusions can be completely transformed.

The final war of Ra began in August 2011. The fallen Rays created a blockage of the Aquafarian Crystal Stream that was our Life Stream back to our original Consciousness. Our Cosmic Family in turn created a new more direct route of Consciousness directly through the third eye of atunement. At that time the Crystal Ships of our original Cosmic Selves were awakened within the Earth's Heart. Those 48 Crystal Ships rose through and around the Earth's atmosphere in May 2012 and became fully activated in September 2012. From that moment on, all negative energies, miasms, error, sonic pulses from the interdimensional realms of the dark ones became fully blocked from the Earth's atmosphere. If this final procedure had not taken place, fallen races from the entire galaxy would had been free to enter our cities at this time. These same Crystal Cosmic Ray Ships will be the Frequencies that hold the Earth in balance when the 55 Metatronic Spin is thrown at her on December 21, 2012. The

divine plan is this: All Error that is sent forth toward Earth will rebound to its sender in a power ten times stronger than it was sent forth. Only the power being returned will be purely Christic in nature and it will transform anything that is unlike it into the Frequencies that must either be accepted and allowed to transform and transmute all negative energy, or else become space dust and return directly to Source.

The most powerful Fallen or Dark Energies were activated and in turn the most powerful Light Energies were activated. We already know who is going to win. The Light always wins. It just took a really long time. Please remember that what was five million years in this density was only a few moments in the highest density. That time delay will be removed by 2013. The breath of Source will instantly manifest at all levels of density from this time forward. This is because we have begun the At One Ment cycle or the Atunement of all Frequencies as one. When we were Involving or moving away from Source, time was very long. When we are evolving or moving toward Source, we are back in the Reality of NO TIME and NO SPACE.

We were given many special gifts during the past 12 years that sped our evolution up by more than 5000 years. Each time the fallen races pulled out another threat of destruction, the starry angels pushed us forward another several hundred years toward our Divine Blue Print renewal date. All of the Cosmic Councils had already agreed that the human angelics of Earth had earned the divine right of evolution that would allow ascension into the fifth, sixth and seventh level man. The human angelics have collectively regained the frequencies needed to enter the second Harmonic Universe.

After the shift on December 21, 2012, the collective mass consciousness became ready and able to begin their alignment with the Divine Blue Print. This divinity extends itself through all planes of our existence. We will learn that we are not just the 5DNA human in hertzian form. There has been a field of cosmic light beaming around and through the Earth in a way that SATURATES her with a new Consciousness. The Consciousness is God Consciousness. The Eternal Divine Frequency of Source comes from the Void field outside of the Cosmos. This Source Field of Creation is absorbed into the Seven Suns of the Primary Sound Field that enters into the Cosmos. Those Seven Suns will bring those Frequencies of Transformation and Transfiguration through a portal created to bring Earth into her 12 dimensional frequencies while protecting her from the 12 dimensional fallen phantom matrix that will try to pull her in at the simultaneous moment. The only consciousness that will be left on Earth after this transformation process is completed is God Consciousness. The world belief systems will no longer exist. Man will become Christs who have only the mind of God. As we attune to this at one ment with the mind of God, our heart's desires will manifest instantly. The new world will be the world of our dearest dreams come true.

Those world belief systems that we have been living in were created by fallen angelic races that have been controlling Earth and the entire Milky Way Galaxy for eons. We will soon learn that what we have been seeing is only an illusion that was created to keep us trapped in a phantom field of

control. All control will disappear in 2013. This NET EARTH will gradually Blend into the Cosmic Frequencies of the Aurora Field. The original perfect man created in the image and likeness of God and the original Star Field of frequencies that Earth was formed upon will first blend NET EARTH into the Median Earth. We will return to the realities of 500 million years ago, when we were a perfect angelic race.

The Median Earth is the only Reality Field in the entire Milky Way Galaxy. The Median Earth and the Aurora Field are the only places that our Guardian Races could remain and keep the original perfect creation alive and well. We will first merge into the Median Earth to remember all that we really are.

The breath of consciousness is what is causing the entire shift of Mother Earth into her Star Essence. We are all turning more star like together. How do we speed up this process individually? The more we raise frequencies and stay in those frequencies the faster we rise into a new dimension.

The Key to Ascending is collecting frequencies through the merkaba, aligning into the sun energy, the helium energy, the rainbow dust, the star dust, soaking in healing waters of crystal temples, singing with the angels, and mermaids in the crystal caves, keeping the mind in the etheric fairy tale state and then finally walking into the spark of Source in the Crystal Heart, after putting on the garment of white light--which means absorb all frequencies of crystal light, iridescent light, rainbow light, golden dust light, star dust until the body is radiating with spirituality of light energy.

NOW--and only Now can the body walk through the

diamond door. When the body walks through the door it must walk into the FUTURE SELF. It is this place in Consciousness that we must stay to create the Islands of Light.

I'd like to share some questions that will be answered and practiced in my workshops on CREATING ISLANDS OF LIGHT, PARALLEL REALITIES, and the MUSIC OF THE SPHERES.

A couple of questions regarding your process of integrating with your light body.

1. You said that you've completed integrating with your silica-carbon based light body. Does this mean you can disassemble your body and teleport to anywhere you want?

I wanted to add that the silica based body is the natural result of raising the frequencies and continuously bringing in more and more light energy that Elaika helps me with and that I get from the helium rings spinning into all of the sun's frequencies to bring out the energy of the neutron through out the body. The reason that I know I am living in a body that is mostly silica based now and will become more and more so is because the angels have told me this. There are things happening in this hologram that we can't see yet. That doesn't mean they aren't happening. The evidence we have of the silica based body is this:

aDOLPHINO (JOSEPH) was hit by big truck and ran over by three cars. He had every bone and muscle flattened. The doctors said it was absolutely impossible for him to be alive. They said his brain would never work again. They said he probably wouldn't be able to work for eleven years. Joe's body repaired itself without any help from the doctors in one

month. This rapid repair of the entire structure of the body happened completely from streaming the highest frequencies through his body by using the frequency shift music that we recorded. It was this frequency shift music that was given to us by the angels as they streamed their consciousness through their breaths that realigned his body. Each stream of consciousness that I inhale and breath into the microphone is a strand of their consciousness. It is this consciousness that is the sound and light of all creation. This sound and light contains a structure of creation that remolds into the original form created by Source. This sound and light that we resonate with and soak into our cellular structure from the crystal cells of mother earth and the star dust energy of Elaikah's star system transforms our bodies into a new chemicalization. This chemicalization appears as a result of consciousness raising frequencies into a higher realm of reality. This is the proof that we are living in a silica based body.

You see, the doctors entire system is based on the carbon based body that doesn't heal at all. The more we shift into the silica reality by adding more and more of the spiritual into the physical through our consciousness, the faster this reality appears. This is why when doctors have played our music in their hospitals, every patient in the hospital immediately showed great improvements and complete healings took place in a week.

2. Are you currently conscious of your other multidimensional self throughout the cosmic Omniverse?

Our multidimensional selves only meet us when we walk into our future self after completely absorbing all frequencies

from all dimensions out to the 24th and becoming sparkling with golden star dust. This is when we can melt into the diamond door and walk into the starry places. Our teams and families are always waiting on the other side. From that point we go on down into the Aqualene Ocean through the Sun and down into the Crystal Caves to resonate with the frequencies of Inner Earth and then we are invited to enter the crystal cities. It is completely our responsibility to lift our frequencies into theirs. Our team taught us that we must completely merge into the crystal cities or into what ever place you want to shift into. It takes continuous practice and the willingness to spend much more time there than here. We must spend so much time in the crystal caves with my mermaid family that when I exhale on Earth, the reality around me transforms into that frequency. We must breath the Islands of Light into our home, into our place we choose to live.

3. How do you "travel" to Aquafaria to meet up with your soul family down there? By meditation or do you actually travel via your Merkaba into the crystal caves or do you have another version of yourself living in the crystal caves and is able to integrate with that aspect of your soul whenever you want?

The self that goes to Aquafaria is the future self that shifts dimensions by shifting frequencies. Those with fifth dimensional and higher vision can see this shift. The angels have told me many times that I am completely etheric. Joe can see the fifth dimension-I can't. I can feel it. I am saturated in the frequency of light energy. The return to this Earth is too painful for me. I must continuously stay above the Earth. I do this by continuously absorbing the

frequencies that I breathed into the CD's. These are the frequencies from the Crystal Caves and from all of the dimensions.

When I take a journey of collecting frequencies and swimming down into the crystal caves to sing with my mermaid choir, you can hear my voice completely shift into the mermaid's frequencies. My voice changes into an ethereal, sweet breathy tone that has perfect pitch. This isn't my third dimensional voice, this is my fifth dimensional voice.

EVOLVING INTO ASCENSION

My Omniversal Team already knows everything. They begin communicating with me about you the moment I receive your orders. These Entities know you at your highest, most divine state. They were your original creators. They are the Entire Music of the Spheres- meaning they are the Consciousness of Oneness containing the Infinite Frequencies of Oneness. They only see your most perfect divine state of being, and they realign all frequencies of all of the spheres of the galactic, universal and cosmic back into the original divine state. They have known you for billions of years. They are very excited to know that their frequencies will once again be permitted to become at one with your Consciousness because you have made it so.

When I align my Consciousness into oneness with God, I can then weave your personal frequency signatures through the music of the spheres, your personal frequency signature is being transmuted into the Full Spectrum of Light. As that light and sound spectrum becomes your new frequency signature, the Omniversal Consciousness Team can lift you into Oneness of the Divine Template beyond this Earth's Matrix. The Music of the Spheres contains the 12 dimensions

of consciousness of the 12th level avatar. However each harmonic universe must be transmuted up from the base tone of the harmonic universe above. So it is the Cosmic Universe, or the 13th dimensional consciousness which transmutes the Universal into the Cosmic. As the full music of the spheres combines into the new tone of home, this new Cosmic Frequency can be lifted into the base tone rhythm of the Omni-universal Consciousness. This is the Consciousness Team of all Universes. This is the Omniversal Team that creates the new baby universe at the time of Ascension.

Remember, we are still in the process of Evolution which will prepare us for the Ascension. The cellular structure must be transformed from the inside to the out for ascension. This evolution is happening at such a microscopic level so far beyond anything man could measure, that it can only be felt through the Breath of the Angels. This transformation is happening as the divine substance of crystal light, crystal dust and crystal gel of the silicate matrix of the Star Essence of our Divine Selves.

If the body does not go through the cellular transformation from the inside to the outside, which will transform it into the same star essence that Mother Earth is returning to, there would be this three dimensional body trying to exist in a Starry Atmosphere. It could not exist in that atmosphere. The body must evolve into a new form that can live and move and breathe in the new starry atmosphere.

In a Star's atmosphere there is no need for electricity

because the energy and light come from the inside. Since this is true of a star, there will be no electricity on planet Earth by 2047. So, you see, the body must transform to be prepared for the Earth's ascension into the form of a star. The changes happening on Mother Earth are her ascension into a starry substance that is also silicate crystal based as any Star is.

My starry brother Elaika and I have created entire star systems together with our team of co-creators. He has taught me how each starry frequency is realigned from the morphogenetic field of the inner Star and woven out into all of the stars and suns of the Universe and then transmuted into the highest Omniversal Consciousness. This is how every star system is created and maintained.

I am learning a little more each day about how to create a star and how we are created from the tiniest of tiniest from the micro-level of our crystal cells.

What we are doing with these Individualized Immortality Albums is acting as the surgeons on Earth who are aligning and streaming the light bands of frequencies into the crystal cells at a level where the elementals of each team of creation can connect directly into the music of the spheres from the aqua crystal sphere that is connecting us into their morphogenetic field of consciousness.

My breaths are always channeled into the crystal sphere microphone through the Elohim of Hearing, and the alignment into all of the points of intersection with all Frequency Signatures of your Divine Consciousness is done

through the direction and the alignment from my Omniversal Team. I am the one who must always keep my Consciousness in a perfect state of Oneness and calmness and perfection in order to achieve the perfect frequency alignment. You don't need to do anything until after you receive your Immortality Album.

At that time you need to start working on aligning your Consciousness into the Frequencies that they have sent to you. These frequency signatures are the communication lines into all of your higher selves or your Divine Consciousness network.

The time has finally arrived for those who have held this frequency of our immortality for most of their lives and have practiced continuously to perfect this frequency for their own Individualized ETERNAL LIFE ALBUM, and to bring this to all of those on Earth who can now discern the true Frequency of our Omniversal Consciousness.

If you listen very carefully to the fine etheric nature of the breaths in the recordings, you will feel a resonance that is so pure, fine and spiritual that you feel it as a part of yourself that you know you once were. This essence and frequency of your full spectrum of light and complete Oneness in the Music of the Spheres has woven itself into your personal frequency signature. Once the frequency signatures of all frequencies of the music of the spheres are re-united, a universal memory occurs. That memory is from a time over 500 million years ago, when this perfect frequency was the atmosphere of Mother Earth, and then 250,000 years when

this morphogenetic field of memory was stored in the Crystal Heart of Mother Earth. This is the Star Essence- the Immortal Spiritual Essence of Mother Earth and all who are standing upon her at this time. This is a long known reality that has been veiled from our memory until this time.

This breath of your pure, Aquafarian nature is the essence of your true fiber of consciousness. I practiced for twenty years listening and recording my breath until I could feel this resonance within myself. My Ascension Team has given me ongoing directions of doing this and has told me that when my regular speaking voice becomes as fine and pure as these breaths, that is when my consciousness has ascended.

So, what those who now have their Individualized ETERNAL LIFE Albums are being trained to do by the Voice of the Elohim of Hearing, the stars of their spiritual birth, the Aquafarians of their elemental memories within each etheric chamber of each crystal cell in their body, is to listen to the frequencies and try to imitate them with your own breath, and to try to feel the magical cosmic essence of the breaths within themselves.

These were basically the same directions that were given for listening to the Ascension Kit and other Kits. The more the frequencies are absorbed into and aligned into each individual's cells, the faster and finer the cells will transmute out of the cellular structure known in 3D into the silicate crystal cell that aligns into Omniversal Consciousness where the all seeing, all knowing Mind of all Creation becomes permanently attached into oneness through the merging of

all frequency signatures. These are your personal frequency signatures that are being transformed through the process of weaving them through the music of the spheres of the full spectrum of light and sound. This full spectrum body must appear before the ascension can take place. We evolve into full Consciousness when we can match our own breath to the tone of home that is present in the Immortality Album that is created for you through the voices of the angels, the Elohim of Hearing, the Music of the Spheres, the Ascension Teams, the Elohim Team and the Omniversal Team.

This ETERNAL LIFE Album is for those who desire the complete experience of Ascension. Those who are still struggling with their body's transformation after 2016 will be missing out on THE MOST EXCITING EVENTS of this Universe and many Universes beyond. This is an event that all of the eyes of the Stars will be upon.

INDIVIDUALIZED ETERNAL LIFE ALBUM

Our Omniversal Team sends their frequency signatures into and through each individual's crystal cells of their immortal template. These are the entities who work far beyond this earth's matrix. They are beyond all Universes. They maintain the Universal Signatures of all Universal Templates. This team is with us constantly. They are with us in every breath we breathe.

They are the entities who connect to the individual's consciousness. They are the entities who are doing all of the work of our Evolution and our Ascension. They are the ones who are maintaining our Eternal Template made in the Image and Likeness of God or Source. They are constantly realigning our bodies into a new, more etheric form. They are aligning our bodies into a brand new chemical form.

All of these changes happen as a result of our returning into the Frequency Signatures of our Original Creators. Our team streams these frequency signatures into our breath so that we may record them. The frequency signatures are

constantly tuning the cells in the body to a higher tone of home. This frequency shift realigns consciousness into the REALITY of Source or Divine Consciousness of all Creation. Our Omniversal Teal is our Omniversal Consciousness.

We are directed moment by moment, breath by breath by our Omniversal Team as we create these albums. We also have a one hour meeting with them every day to direct all who are working with their personal immortality album. This information will only be shared with those who have an immortality album. You see, once you have the album, you are also connected into the Frequency Signatures of our Omniversal Team. In time, you too will be communicating directly with them.

Our Omniversal Team who creates these ETERNAL LIFE Albums through us live in a Reality far beyond dimensions and DNA. They are aligning their frequency signatures through us from the Omniversal Level. This means the Consciousness who forms all Universes.

How is the ETERNAL LIFE Album created?

The sound is guided by the light into the alignment of the Divine Template. As sound lines up on the key frequency signatures of the body and the light bodies, the physical structure becomes a part of the Whole Structure of the Real Body. The Real Body includes the area of one foot around the body and three feet around the body. The Merkaba Body expands out to a 24-26 foot area around the body. The

Consciousness Body can even expand into an area the size of a football field.

Most humans have always been focused within the physical template. Most spiritual teachings that focused on yoga and chakra meditations have always been limited to the spaces within the body. The teachings were always based on 7 or 8 chakras.

This new technology of re-creating the light body of sound into alignment with the Spiritual Structure of the Divine Template streams the frequencies of the Individual's five bodies from the Earth, Solar, Galactic, Universal and Cosmic Spheres into alignment with each of these dimensions in Consciousness to restructure and realign the Consciousness through the actual inward feeling attaching to the outward feeling of the frequencies. These frequencies create the actual universe and cosmos that the body lives within in REALITY.

We have been cut-off from three quarters of our REAL SELF. This body is only a third dimensional hologram that represents only our present limited understanding of who we are. We are in reality able to live in several dimensions at the same time depending on where we place our consciousness.

The Album is created with a technology that is able to place the frequencies of that individual's consciousness in all of its dimensional resonances into the exact areas that realign the template into the Divine Template that man was created within.

Our Omniversal Team who creates these Immortality Albums through us live in a Reality far beyond dimensions and DNA. They are aligning their frequency signatures through us from the Omniversal Level. This means the Consciousness who forms all Universes.

In order to help you understand the significance of the Individualized Immortality album, you can begin by drawing a big, blue crystal lotus blossom.

First draw 12 petals which are quite large. Next draw 12 more petals on top of these that are a bit smaller. Keep drawing 12 more petals until you have drawn 12 layers of 12 petals. Each layer of petals is a bit smaller than the one below it because the petals represent the frequency length of the dimension that it is associated with. The bottom layer of petals is very large because the frequencies are very long and slow. The next layer of frequencies are a little shorter and faster. The 12th layer is extremely short and fast.

Now think of each petal as an entity. Each entity has an individual frequency signature. So each of the 12 petals on the bottom layer have a unique frequency signature, even though it is a slow frequency. You could color each of the petals a different color to remind you that each has its own unique identity.

The Divine Blue Print is represented by this lotus blossom. The complete Divine Blue Print includes all 144 petals in the lotus blossom. The Divine Blue Print activates when all 144 petals become One brand new frequency signature. As long as the petals remain separated, they remain inactive.

In order to activate the individual selves within your Divine Blue Print we oscillate the frequencies of the lowest petal up through all petals into the highest petal. We do this from the lowest to the highest of each of the twelve petals. We weave all of these frequencies into one brand new frequency.

This can only be done through the breath of Consciousness, because the breath can carry the exact frequencies from one entity's frequency signature and exhale those exact frequencies. In order to do this we connect our consciousness into attunement with the Elohim of Hearing.

The activation of the Divine Blue Print creates the potential of a Full Spectrum Light Reality where the invisible and visible become united. This allows the Consciousness to expand completely into the Universal, Cosmic and Source Domains of Infinite Reality.

Please remember that this is creating Potential. The Guarantee of it happening lies within the Individual becoming willing to see the Invisible growing from the specks of light into Orbs and into rainbows until they can see a complete Morphogenetic Field growing around them pulling them into the Frequencies of the Ultra Violet Blue Wave and the Gamma Wave and into the White Light of a New Creation.

The new atmosphere of our Light Bodies and the new Hydrolaise Atmosphere of Aquafaria are appearing more and more as our New Reality each day. It was a steady process of seeing a few more specks of light each day. We could at first stare into the Sun and see tiny little specks of light

energy. Next, we could see the specks growing into tiny little orbs. Next, we could see little entities inside of each orb. They looked like tiny little embryos. It was like watching a birth of tiny little fairies all around us. We could see these realities more and more each day until we began to see fairies and unicorns. We could see the hydrolaise in the atmosphere. The hydrolaise is a completely different chemical structure than exists in our third dimensional atmosphere. The consciousness must shift into the 12-15 dimensions to be able to see and feel this atmosphere which is three parts nitrogen and one part oxygen. So far, we can only see it. We know we see it because the entities who are flying and swimming around us are in a different atmosphere than we are.

When we can walk out of our third dimensional body by shifting more and more into the full lotus blossom spectrum, our body will transmute into a form that can actually walk into the same dimension with the entities that we can see in the Quantum Field around us.

Each day we can see the atmosphere in our house becoming thicker and thicker with more layers of energy fields. The energy fields are forming into the realities that we desire to place within them.

The training that I received from my Elohim Team taught me to hold these crystal spheres of energy in my hands and in my heart and to breathe into my hands the reality that I wanted to be created by the crystal light, crystal dust and crystal gel. These spheres of energy contain the creative

power that removes pain, transmutes and transforms into a new reality and creates a new reality.

Now, I will explain this harmonic attunement another way. There are five spheres in the music of the spheres of the Cosmos. Each of these five spheres - or harmonic universes- contain three dimensions. Harmonic Universe One contains three dimensions- 1,2,3. Harmonic Universe Two contains three dimensions - 4,5,6. Three contains 7,8,9. Harmonic Universe Four contains 10,11. and 12 and Harmonic Universe Five contains 13,14 and 15.

Please note that the Divine Blue Print is a Universal Template created in the Christic 12th dimension of the Fourth Sphere. There would be 144 selves or petals in those four spheres. However, the music of the spheres always requires the base tone of the higher sphere to pull the lower sphere up into resonance. So we also acquire the frequencies of the Cosmic Sphere in order to pull the Universal Sphere into Attunement. We do this by combining all of the frequencies from the lotus blossom petals and placing them into a new sphere and then creating a sphere of Cosmic Frequencies and pulling the Universal into Attunement with the Cosmic Frequencies. Finally, we call on Source Consciousness and pull all of the lower frequencies into attunement with the Infinite Unknown to create White Light.

We achieve this by aligning our Consciousness through the Elohim of Hearing and then oscillating the strings of frequencies through the process of transmutation of the

lowest being pulled into the highest. However, each individual frequency signature or petal is completely within the multitudes of frequency signatures.

We can re-create our Divine Blue Print this way, and we can also learn to use this same process of creating with the morphogenetic spheres of creation to create our new Crystal Reality. Once we absorb the frequencies of the Divine Blue Print, we can exhale them into the atmosphere around us and walk into them. When we listen to the ETERNAL LIFE ALBUM, we can hear the standing wave patterns and the morphogenetic fields of a brand new consciousness and we can walk out of the low, slow waves into the high fast waves of the complete Divine Blue Print.

The process of creating these albums is very time consuming and extremely energy consuming. If you would imagine having a one hour Akashic Reading with a Spiritual Medium. Some of you have had one of these or given one of these. That one hour is how long it takes to create the alignment in our consciousness through the Elohim of Hearing and through your higher selves to create the perfection of the breathe that holds the frequency of One Single Petal up through the 12 petals above it. We must do that once with each petal in order to create the perfect alignment. It takes us a minimum of 24 hours. This requires keeping our atmosphere of our home and our recording studio completely Cosmic and we must keep our minds completely out of the world all of the time. The price of these Albums may sound expensive to anyone who hasn't already paid \$250 for a one hour Akashic Reading. But, if

you realize the difference between the Consciousness Level needed for the one hour reading and the twenty four hours of breathing of pure Consciousness, you will realize that this \$350 is very, very cheap. We don't actually plan on keeping this price beyond this year. We are talking about bringing the Kingdom of Heaven into the Lives of those who are dedicated to this mission.

This is not to say that listening to any and all of the mp's and CD's that we have created and placed for sale on this site are not also very helpful in the process of aligning DNA into higher neuronets, activating ascension processes, activating the crystal cells, etc. However, those albums were created for Mass Consciousness. We must have the permission of the Individual in order to connect with their Individual Higher Selves contained within the 144 frequency signatures of their Divine Blue Print.

The 48 DNA activation process is set in motion to become continuous and eternal by the frequency alignments woven into the Individualized Immortality Albums. It is actually the angelic family of the individual who does the activation continuously and completely. We channel and breathe one harmonic thread of each frequency signature of the individual's harmonic family at a time. It usually takes at least twenty minutes per signature. There are 36 signatures in each harmonic universe. And there are 5 harmonic universes. The alignment of these 180 harmonic signatures results in the Full Spectrum of Light and Sound that realigns the individual into Oneness with the Divine Template of Universal Consciousness. We really only need 144 harmonic

frequency signatures to align into the perfect divine blue print. However, we oscillate completely out into the Cosmic Realm to pull the Universal Template completely into Attunement with Source. We are preparing for a full alignment beyond the 24 DNA strands into the 48 DNA which lift an individual into the potential for the alignment into a divine template that will be able to step in and out of their body at will. We align the frequencies completely into Source through 96DNA of the complete Spiritual Template to create the template of the entity who can Orb and de-manifest from Light Body to a Holographic Body of Form. This is the highest potential for ascension.

The word POTENTIAL is KEY to this entire process. There are millions of starry entities who have been working on this Ascension Project for millions of years. In order for it to be successful, those who ascend into positions of Guardian Masters who will be leading their sheep into the kingdom of heaven, those who obtain the necessary DNA will be required to climb the ladder into purity of Consciousness through the desire to become One. This means the desire to be removed completely from the little personality ego and rise into the EGO of I AM Consciousness.

We transform into the Divine Blue Print by walking into those frequencies and staying there. This means the mind must stay in alignment with Universal Consciousness, Cosmic Consciousness and Source at all times. This doesn't mean we get to jump back and forth and listen to war stories part of the time and then jump back into the heavenly realm every now and then. We create our new kingdom through

the Consciousness Movies that we project from our minds. If we continue to project war movies, we will be placing that frequency out into the world. If we continuously project the Heaven Frequencies of the Divine Template, we will be projecting God's Movie into the World.

It should also be known that once you make the choice to raise your frequencies by listening to Cosmic Frequencies, that it will hurt you when you go back to old worn out pendants, crystals, alpha rhythms and any other technology that is not purely created through Divine Mind and the Elohim of Hearing. You can't be jumping back and forth between one reality or belief and the other. Your first reaction will probably be to think the angelic frequencies are the cause of your problem. The angelic frequencies are shaking you loose from your old realities.

There are many other teachings out there that have nothing to do with Raising Frequencies. There are many who will help you lower your frequencies into the Alpha State. This is the same Hypnotic technology used in Warfare. We do not recommend it or endorse it any way. We personally will not allow our ears to come any where near alpha waves, Solfege, or any brain wave technology because it is very dangerous.

We have found it equally difficult to listen to 99% of the You Tubes advocating that they are teaching some Divine Reality as they simultaneously play some of the worst Reverse Spin Music in the background. When your ears are in tune or attuned to the Frequencies of the Universal and beyond, you

will no longer allow your ears to be contaminated by these reverse spin, hypnotic, alpha waves that are only there to pull you into the hybernization zones of the illusionary dreams created to trap and control you for the past ten thousand years.

The Aquafarians who work with us in aligning our frequencies into the original crystal cell template have maintained their form in our atmosphere and in the heart of Earth for 500,000 years. This was the last time entities on Earth were able to rise into this form of the Divine Template. This template requires a complete shift in the atmosphere of the individual and a shift into the morphogenetic field held for us by the Aquafarians.

This process is very similar to the one used in creating the other MP3's and CD's except this time we ask the Elohim of Hearing for the alignment with the Individual's Higher Selves Frequency Signatures. The other albums align our Elohim and Syrian Families of Consciousness through specific star alignments that are used for specific harmonic purposes. These are our Ascension Families and the main Guardian Families of the Entire Ascension Process on a Galactic and Universal Level. So those albums are for the Mass Ascension, while the Individual albums are for Individual Ascension. The Individual will feel a very personal relationship with the frequency signatures.

We can feel the divine presence and the magic of the actual signature coming through in each breath. We are told by our Cosmic Council when a breath has been retrieved through

the Elohim of Hearing. It takes several hours per day for one or two weeks to collect the entire family of consciousness for any one individual. The process requires many hours of focused energy of atonement with the Elohim of Hearing who guides the process of aligning the frequencies through our ears. The process of focused breathing to make sure the exact consciousness is extracted and purely placed through the microphone is exhausting. The end product is a pure capsule of immortality aligning the individual's Family of Consciousness on all Dimensions into One new Breath which contains their individual Full Spectrum of Light and Sound. Each of the hundreds of threads of consciousness are woven together and spun through the magical spheres of crystal light, crystal dust and crystal gel into spheres of magical transformational energy.

The signatures are frequencies. Frequencies are breaths of consciousness. All of our angelic soul families are streaming their individual frequencies of consciousness. This is their light signature. We (Crystalai and aDolphino) can hear each of these specific light signatures when we oscillate our consciousness up into their frequency range and then exhale into an extremely high quality microphone. Each of these streams of consciousness merges and unites with an entire family of consciousness to create a monadic family of light. We record all of these streams of consciousness that come to us through the breaths of the angels. We stream and braid each of these streams of light energy together to create the exact same coded frequencies that are transmitted to us through the angels breaths and the activity of crystal light energy, crystal dust energy and crystal gel

energy.

TRANSFORMATIONAL ACTIVITY OF IMMORTALITY

The divine blue prints of Source's Divine Plan are deep within the crystal cells and within the etheric subatomic layers of memory that attach deep into the Cosmic and Source Consciousness at the center of our crystal cells. The spiritual reality of who we really are is within that etheric frequency of our Consciousness. That is the level of consciousness that I connect to when my higher self connects with your higher self. Our cosmic selves communicate in frequencies- not in words. This is the reason I create individualized mp3's that hold the records of the reality which is far outside of this Matrix.

The more we get our consciousness ready through Attunement --which is the function of the Individualized Immortality MP3. And the more understanding we have of the process that we are going through, the easier it will be, the less painful it will be, the more people we can help, the more we help Mother Earth and the entire Universal Consciousness with the complete realignment into ascension.

When I make the INDIVIDUALIZED ETERNAL LIFE ALBUM mp3's for individual's, I connect my consciousness through the Elohim of Hearing into each and every family member in their family of consciousness in all five spheres. Each of these members who are really a part of a team of the

individual's ascension, have a unique frequency signature. Each frequency signature contains all of the consciousness within it's harmonics. When I weave and braid all of these frequency signatures together through the angelic breaths of consciousness into the crystal spheres, they reformat into a new frequency signature that contains all of the harmonics of that individual. Those harmonics are what allows the perfect attunement, the keys to heaven, the tone of home. These frequencies open the consciousness to realign outside of this matrix of the personal ego into the infinite unknown of the I AM THAT I AM. We are being prepared to enter into a time where we realize that we **HAVE ALWAYS BEEN** fabulously wealthy, we have always been able to manifest instantly, we have always had telepathic communication abilities and we have always been able to teleport or orb to any location in the Universe. These realities must be reprogrammed into our consciousness through the sacred geometry that I use to connect all of the frequency signatures of consciousness that hold this programming within it.

These realities will become a part of everyone's lives eventually. However, there need to be some of us who are able to lead the others into this reality. This can be a part of our lifetime if we make it so. Others might be waiting until 2017 for mass ascension or 2040 for full communication with our starry brothers who will be here teaching on this planet.

Our bodies are our temples that are here for the purpose of holding all of the universal records of our becoming. This becoming doesn't happen without us allowing it to happen

through our understanding and our progress of consciousness.

STARBURST ALIGNMENT

Crystal Light is the activity of star light streaming the transformational activity of Immortality into all of us as we become a part of the New Star System. We each become the star light inside of the stars we create. We will all become co-creators who create stars, and galaxies and universes in the very near future.

We are beginning the entrance into a stage of star burst enlightenment. There are frequencies of stardust streaming around us that we can actually use to become a light being who has the power to manifest.

This is the same stardust, starlight and cosmic rays that were streaming into Mother Earth during the height of the development of the cities of light, which have been called Atlantis. It was the availability of this light energy through great entities such as Pythagoras or Kuthumi, Mahatma, Uriel, Mary Magdalene and other great creators who used the Music of the Spheres to create the great architecture through streaming light energy. These great cities of light have risen to their plateau of grand enlightenment over the eons about five times. Each time the consciousness of the masses completely aligned with the cosmic rays, the starlight and the stardust energies, there would be a great surge in consciousness and great cities of light would emerge.

Each time there were waves of dark energy released to destroy all of these grand creations of light. We are at a time in history where we will once again begin to raise consciousness into light--enough light to create new cities of light- a greater Atlantis than before.

Please do not become confused about Atlantis being in any certain location, or having characteristics of a time period of darkness. Atlantis has always sprung into a city of light through the alignment with the underwater cities of light that contain the complete spiritual blue print of everything that we once were in our original creation-- the Atlantis of Ajaho. This same great Atlantis containing our original blue prints did emerge again and again.

The last time the Divine Plan was completely in place on this Earth was about 500,000 B.C. The Atlantis that lowered its frequencies into destruction was blocked from the light that created it. The wars of Atlanians and Lemurians should not be confused with the true meaning of what the cities of light were meant to be. The cities of light were the times when the immortality consciousness prevailed on Earth. These times have come and gone over and over again. However, the pure consciousness was only here one time. This is the consciousness that we will return to once again.

The blue prints of our perfected beings that grew closer to that level of perfection were preserved through great architects and creators. These great blue prints of our divine selves and our cities of light still remain in the Inner Cities of Light and the Underwater Cities of Light. I have gone down

into the mermaid caves of the Underwater Cities of Light several times and walked into my spiritual twin who is waiting to unite with me eternally once the cosmic rays have penetrated deeply enough to lock us into oneness.

Presently, there are millions of streams of crystal light energy funneling down from the Cosmic Realm of co-creation and intersecting to create vortices that are activating the new alignment of our energy fields. These vortices are energy signatures that have been created by merging entire families of consciousness. These signatures are light centers where soul families or monadic families merge and intersect consciousness to transform into New Soul Ideas.

The signatures are frequencies. Frequencies are breaths of consciousness. All of our angelic soul families are streaming their individual frequencies of consciousness. This is their light signature. We (Crystalai and Joseph) can hear each of these specific light signatures when we oscillate our consciousness up into their frequency range and then exhale into an extremely high quality microphone. Each of these streams of consciousness merges and unites with an entire family of consciousness to create a monadic family of light. We record all of these streams of consciousness that come to us through the breaths of the angels. We stream and braid each of these streams of light energy together to create the exact same coded frequencies that are transmitted to us through the angels breaths and the activity of crystal light energy, crystal dust energy and crystal gel energy.

This intersection of the Monadic Vortex is also where the Soul Merge takes place. To create Individual ETERNAL LIFE FREQUENCIES, we connect an individual's consciousness directly into these soul merge vortices by oscillating our consciousness into the individual's soul family vortices and then exhaling or breathing crystalline light streams that carry these breaths of angelic consciousness into a crystal sphere of crystal light, gel and dust. This is the etheric microphone that activates these frequencies to be recorded into the studio microphone.

We call forth the individual's soul family from their Christic, Galactic and Cosmic Realms to create Cosmic Wave files that align the light energy of the entire cosmic family. This activation begins the merge of crystal light energy into the individual's frequency grid.

Once this is completed, it is still the individual's responsibility to listen to the frequencies of consciousness on their ETERNAL LIFE ALBUM and to connect to their consciousness into these frequencies by listening and feeling them penetrate their skin and cells and lungs and every atom and molecule in their temple. This activation is what allows the individual to completely merge into oneness with their divine spiritual twin in the Cities of Light and Underwater Cities of Light.

The individual can feel the frequencies penetrating and awakening each cell in their body. The angelic breaths of

consciousness sing into the crystal cells of the individual in order to awaken and activate the cellular memory of the Immortal Body.

For those who want to go a step further with their DNA activation, we create ETERNAL LIFE ALBUMS that align all vortexes of the soul family through the highest frequency of Divine Consciousness, allowing Source to purely align all vortices into the original immortality template of 48 DNA and 96 DNA activations.

There have been thousands lining up for workshops, healing sessions, long distance DNA activation sessions, and paying \$100-\$500 per activation, plus over \$1000 to drive to the site of the activation. DNA activation sessions have become as common as a dentist pulling a tooth.

These sessions often result in a temporary surge in DNA activation because there is light sent deep inside cells to remove some miasms and dark spots blocking the spark of source to ignite.

This healing doesn't become permanent unless the individual knows how to continuously clear himself by utilizing light energy exercises of alignment into all dimensional levels of Christic, Galactic and Cosmic activation.

An individual must know how to place themselves permanently in a protective shield of Christic Light energy protection and to activate the light body with Cosmic Frequencies.

A DNA activation session will wear off if an individual doesn't continuously replace their template into the immortality grids of

Christic and Cosmic Consciousness.

The DNA activation process of the Immortality CD's uses the same process as the other DNA activation practitioners. The key difference in our process is it is actually the angelic family of the individual who does the activation continuously and completely. We channel and breathe one harmonic thread of frequency signatures at a time. It usually takes at least twenty minutes per signature. We can feel the divine presence and the magic of the actual signature coming through. It takes several hours per day for one or two weeks to collect the entire family of consciousness for any one individual. The process requires hundreds of hours of focused energy of atonement with the Elohim of Hearing who guides the process of aligning the frequencies through our ears. The process of focused breathing to make sure the exact consciousness is extracted and purely placed through the microphone is exhausting. The end product is a pure capsule of immortality aligning the individual's Family of Consciousness on all Dimensions into One new Breath which contains their individual Full Spectrum of Light and Sound. Each of the hundreds of threads of consciousness are woven together and spun through the magical spheres of crystal light, crystal dust and crystal gel into spheres of magical transformational energy.

Crystalai and Joseph channel the frequencies of consciousness directly from the complete family of consciousness of the individual. Each individual has a creation team. The most active member of their creation team is known as the soul or most active team member of a certain idea. Each angel is on a team of ideas. Many of their ideas intersect and overlap with other

ideas. So many angels are on several different teams. This is why many entities on Earth at this time share soul families with other entities. Most of us who are here at this time are on parts of the creation team and other teams working on returning Mother Earth into a star, and teams of those who have created ascension schools and cities of light over and over again on this planet. Some of us include soul families from all of these teams who are combining our wisdom into greater mystery schools, greater cities of light for a Golden Atlantis, a Golden Galaxy and some are here to create new star systems.

The entity we call our soul presents his light body as the perfect immortality template for the individual to walk into. The team leader or soul takes all of the soul experiences from the golden pearls of wisdom and co-operates with Source Consciousness to transmute all soul experiences into the highest frequencies of Source Consciousness.

These frequencies are reprocessed into new creation energy to create the new 12 DNA template. Each creation team refines their DNA template into higher and higher realms. Remember, the 12 DNA template is already the perfect Christic template. This is the level that most on Earth are planning to activate to.

Other Light Workers are interested in ascending into higher levels of frequency redistribution and activation into the Cosmic Realm. Some Light Workers are here to merge beyond their Earth's Matrix completely into a new star system, and they seek activation into the 48DNA and 96 DNA.

The streams of angelic consciousness that are brought forth and breathed into the microphone are the crystal light particles of Source Consciousness that transmute the over used, outgrown, 3, 3.5, 3.7 and 4 density frequencies into the highest

frequencies of Source and then are sent back into the atmosphere to transmute the temple into a higher frequency level.

What is different about this process of DNA activation is it is continuous until successfully completed. The wave files of the angelic consciousness are in perfect alignment with the flow of Mother Earth's ascension. These wave files activated the first wave when that wave was flowing through Mother Earth, and they are now activating the second wave as this wave is flowing through Mother Earth. The Wave Files keep the individual in perfect synchronization with the Ascension Process of turning the Earth's Matrix into a Star System.

The skill of the channeler connecting into these light streams is one that requires full time consciousness alignment into the Cosmos. It is also a special gift of one who can receive these star dust frequencies of crystal light, crystal gel and crystal dust. These are the same three spheres of light energy that were once called prana, bread of life, and also the oil that was said to be poured on Jesus feet to prepare him for his resurrection. Crystalai was the daughter of Zaurak millions of years ago when he created his star system in the Milky Way and then many other star systems beyond. The gift of bringing the highest frequency of star dust energy to Mother Earth through music was given to Crystalai when she volunteered for this mission from Zadkiel's co-creation team. She contains the ability to channel Zorach's star frequencies because she was his daughter millions of years ago. The frequencies of this star dust energy were also used by Mary Magdalene and Jesus Christ as the prana, the bread of life, the firmament that created the heavens. This star dust energy is what is wrapping Mother Earth into her new Kingdom of becoming a Star. It is the magical energy that allows us to

create the islands of light that will become each of our individual kingdoms of heaven on earth.

ASCENSION TIMELINE

Our starry families have been preparing for THE MASS ASCENSION WAVE that will occur in 2017 for millions of years. The final preparation is to restore our resonance field by realigning the frequencies of Earth into the Harmonic resonance of the Music of the Spheres. The Aqua Blue Crystal Sphere in the Crystal Heart of Mother Earth is the portion of the Music of the Spheres that holds the frequencies or the morphogenetic fields

of Sun Alcyone and Sirius B.

The entire frequency signature of the Ultra Violet Crystal Liquid Light Aqua Blue Sphere will become integrated into the Consciousness of those on Earth as well as all races associated with all within Mother Earth's creation field. The Music of the Spheres will align This Amenti Sphere into Oneness with all five spheres of consciousness. This will allow the Omniversal Consciousness of our Original Harmonic Resonance of Oneness to align us into our Original Image and Likeness of God.

The time line of our evolution/ascension began in 2000. Our bodies have been going through an evolutionary process to prepare them to enter the Sphere of Amenti. At this time, only those who came to Earth as the Celestial Human Angels or those who were re-programmed as walk-ins when they returned from their future selves can enter into the Inner Earth's Blue Crystal Aquafarian Mystery Schools. Those who have gained this training are here to direct and guide others to be prepared for the opening of the Halls of Amenti in 2012. It will be this entry into the frequency chambers of the music of the spheres that will prepare our planet for the mass ascension of 2017.

Our 12th level Avatar Jeshua was the savior who originally re-opened the Halls of Amenti over 2000 years ago. The halls could only remain open while a 12th level avatar was holding them open. Jeshua held the star gates open for many to ascend during that time. However, the halls and gates will remain sealed until the genetic code upgrade of humans are prepared for the opening of the sphere of Cosmic Frequencies. That time will be 2012.

The Star Gate Opening Cycle is between 2000 and 2017.

Opening of Earth's Halls of Amenti Star Gates is expected in the year 2012. The frequencies of the Cosmic Core of Mother Earth are so high that most normal humans would either pass out into unconsciousness or possibly die from the enormous impact of frequencies. We have been recording frequencies from the harmonic spheres of harmonic universe four and five for many years. Prior to 2005, most people would just fall asleep. We began selling our music to those with sleeping disorders.

Only since 2005 have we had an audience that can listen to and absorb the frequencies of the spheres. We have been able to enter this vortex at the center of the Earth for many years because our frequencies have raised to the level of ascended masters. This is the requirement for entering into these frequency chambers.

These are the frequencies that we share in our music on our website. The frequencies of Inner Earth, and the Morphogenetic Sphere of Tara are the starting point of all of our recorded music. We collect frequencies into our crystal star merkaba from all dimensions. We collect frequency signatures from Light Councils, Ascension Teams, Elohims, Syrians and all others involved in the ascension plan. These are the frequencies that all consciousness must shift into in order to enter the Halls of Ascension when they open in 2012. The consciousness must shift into the higher dimensions through the music of the spheres in order to become one with all frequencies of Oneness.

Evolution is the period of time when humans and other entities are being prepared for the ascension. We must raise our consciousness into the frequencies of the Sphere of Amenti (Aquafarian Frequencies of are Aqua Blue Crystal Violet Frequencies woven into the Golden Streams of Transmutation)

in order to be fully ascended into the Music of the Spheres of all five Harmonic Spheres. That is the harmonic resonance needed to return to the Frequency of Oneness through the Symphony of Love. The Aquafarians brought this morphogenetic field into the heart of Mother Earth from Sirius B through Sun Alcyone and Aquarius. The Aquafarians are our Dolphinoid Family. Our family of Cinderella, Shajinka, Tinker Bell, Winifred, Ziegfried, Renee, Flipper and many others align their frequencies into our breaths to bring this tone of home into Earth's atmosphere. This tone of home is the Omniversal Frequency that allows us to return to the Image and Likeness of God.

The entire frequency signature of the Ultra Violet Crystal Liquid Light Aqua Blue Sphere will become integrated into the Consciousness of those on Earth as well as all races associated with all within Mother Earth's creation field. The Music of the Spheres will align The Amenti Sphere into Oneness with all five spheres of consciousness. This will allow the Omniversal Consciousness of our Original Harmonic Resonance of Oneness to align us into our Original Image and Likeness of God.

My spiritual partner and twin flame, aDolphino, and I- Crystalai were directed by Kuthumi to create the Cosmic Mystery School of the Omniverse in Monterey in 2008. We were trained by the Elohim, Mary Magdalene, Zadkiel, Raphael and many others on the Elohim Ascension Team to bring the highest frequencies to Earth through Music. We were given extensive training by this group as well as Kuthumi, Merlin, St. Germain. We were trained by the Elohim of Hearing to oscillate our consciousness into the Music of the Spheres of the Cosmos and to use the base tone of the angelic consciousness to transmute all lower frequencies into the fifth harmonic universe.

Our Omniversal Teams, Cosmic Teams and Councils of Light have known that 2017 was the date of ascension for at least 550 million years. aDolphino, my twin flame, and I have memories of being on the Elohim and Sirian Teams of Ascension for at least that long. We even remember living on the original star in the Aquarius Galaxy that created this Morphogenetic field that is now being called Amenti. We knew our star as Ajaho. The star burst of over 18 billion years ago was the beginning of the entire creation of the Earth's matrix within the Milky Way Galaxy.

We are now counting down the days to the completion of the project that we have worked on for millions of years. I returned to Earth as a walk-in in 1968 when my horse bucked me off and I hit my head on clay. When I woke up I didn't know who I was or where I was. I learned to know myself as a walk-in always does. I learned that the Elohims had upgraded my template to the level of an avatar. The scheduled return for those prepared to take on their silica based DNA templates was 1972. By that date, I was completely dedicated to immortality and ascension.

I was killed again in 1986 by lethal poison. Once again a walk-in took over my body and I had to figure out who I was again. This was a time of empowerment for me. My Sirian Family engaged my Aquafarian template of being a Dolphinoid Mermaid at that time. I was living in South Korea at that time. I was directed first to Mt. Sorak. I later learned that my Starry Brother from Sirius had created that mountain with me millions of years ago. I was directed to live on the Cheju do Island which is famous for hundreds of years of mermaid like women who could dive deep into the ocean floors and retrieve shell fish for dinner. I learned that I had lived there as a mermaid millions of years ago. I had taken on my Silica Based form that could once again go into the Crystal Caves of Inner Earth. In 1987 our Starry Brother

appeared to us in Turkey and said Make God's Movie.

aDolphino and I became full time spiritual healers from that moment on. In 1995 we had another visit from a Starry Friend who told us it was time to make God's movie. We began the recording of the CD albums, The Promise and The Trilogy, at that time.

It was Mary who sang through me in those albums. She promised to heal everyone who listened. We were to learn in 2010 that make God's movie means to fill the atmosphere with the frequencies of the Blue Crystal Sphere of Amenti. This would return the morphogenetic field to the Earth's atmosphere through the Cosmic Frequencies of realignment. Once we breathe these frequencies into Musical recordings of the music of the spheres, that prana or magical substance becomes available to create our NEW REALITY- or to MAKE GOD's MOVIE from.

In 2007 we were surrounded by dozens of angels who told us that our music had been heard all over the universe. We were told that we had passed many, many initiations already. We were ready for our final initiation of ascension. We were given instructions on how to create the frequencies of ascension from the music of the spheres.

In 2008 we were told to move to Monterey and open the Cosmic Mystery School of the Omniverse. This was the year aDolphino was hit by three trucks and three cars, and I actually witnessed his walk-in take over his body and transform him into an avatar.

It turned out that we have actually been attending the Mystery School of the Omniverse that is held within the Earth's Etheric Core for thousands of lifetimes.

We are now being guided in creating ETERNAL LIFE Albums

which contain each individual's genetic codes that will realign them into the morphogenetic fields or frequencies of the Music of the Spheres that prepare us for the Star Gates and Halls of Ascension. This is the beginning of the alignment into the Omniversal Consciousness. It is the Omniversal Consciousness team that guides the creation of the ETERNAL LIFE Albums created from the Music of the Spheres.

Now, individuals from all over the world are having ETERNAL LIFE albums created for them that align their genetic codes into the frequency signatures that place consciousness into the ascending frequencies needed for completing ascension. The Elohim and other Guardian Teams have long known that we would need many frequency uplifts to prepare the masses for ascension. We are working with these teams continuously.

The portals within the morphogenetic field of the Sphere of Amenti are known as the Halls of Ascension. They are dimensional passageways one must pass through in order to ascend from Earth, out of the Time Matrix and dimensionalized reality.

The Halls of Amenti have been a closely guarded secret since the time of your inception on Tara, 550 millions years ago. The word Amenti is associated with Tara's morphogenetic field. In other words, we are realigning the morphogenetic field of light and sound Consciousness of the original Star Essence of Tara into our Consciousness in order to raise our frequencies of consciousness back into the re-birth of that realm.

The Angelic Human Race was created 550 million years ago. aDolphino and I have been on the teams of creation with the Angelic Human Race for millions of years. We came in through the alignment of Sirius B. We were originally the Blue Dolphinoid

Race from Sirius. When we were being hunted down and abolished from Earth millions of years ago, most of us dove into the Oceans. We became the Cetaceans that you know and love so well. We were dolphins for many years. When we were dolphins, we could become etheric enough to pass through the Inner Earth's domains into the place we remember as our home of the Blue Crystal Aqua Fields that we call Aquafaria. Our friends and family live in the Blue Crystal Aqua Fields of Inner Earth. They can transform into Dolphins, Mermaids, Fairies or human form. They live in the place where we attend the Omniversal Consciousness School.

The Sphere of Amenti holds the evolutionary key frequencies that will allow our re-birth into the Immortal God-being that is the original morphogenetic imprint of the human race. We have been given the gift and the training of bringing the Frequency of this Magical Blue Crystalline Sphere to the Earth's atmosphere through our music.

Those who desire to evolve into and through the Sphere of Amenti are welcome to order their own personal Immortality Album which holds their personal frequencies of alignment created by the Omniversal Consciousness Team.

The Promise of the return of the Kingdom of Heaven on Earth is the Normal legacy of the human condition, the fulfillment of humanity's evolutionary blueprint. The blueprint of our divine reality is held forever in Omniversal Consciousness. This is the Divine Template created by the Music of the Spheres resonating into Oneness.

The supreme energy vortex that aligns, sustains, upholds and maintains Mother Earth is in her Crystal Heart. This is the Etheric, Spiritual Core. Her heart is the 13th dimension. This is

the hall that holds our Divine Template or the morphogenetic field of our spiritual self. This frequency field is a specific frequency or tone. I was trained by the Elohims and the Aquafarian Syrians how to capture this tone of home and bring it to Earth.

The rebirth chamber is made of Aqualene liquid light. My starry Dolphinoid sister, Shajinka tells me that I must become the water in order to ascend. I thought she meant that I needed to drink gallons of water, or to breathe into the water to create crystals. I recently learned that what she means is the atmosphere of Aquafaria, or the Sphere of Amenti is Water. The atmosphere of Divine Love is Water. It is not the water that we know, however. It is a water with a different chemical structure that gives eternal life. It is eternal life. It is the breath and the atmosphere of the Omniversal Music of the Spheres tone of home. It is a sound, a tone, a frequency and it is a form of water. It is an angelic breath. The formula for ascension is to become this frequency. It is the frequency of Oneness- the combined frequencies of Allness- or the Eternal One.

We are taken to the Mystery School of Inner Earth each night to learn more about the ascension and the breath of the music of the spheres. Within the Cosmic Sphere of Frequencies we enter the Consciousness fields of the mystery schools. Each night we are met by different energy beings and ascended masters who are qualified to train us. The training takes place by realigning our consciousness. The run streams of frequencies through our cells over and over again until certain memories and seals that are blocking our original knowing are removed. At that time, the learning comes easily and quickly.

We are the students of the Mystery Schools of the Omniverse.

We are taught the mystery of no time, how to align and re-create frequency fields of teleportation and removal of gravity. Only ascending humans can enter the energy fields of these Cosmic Frequencies. We don't actually leave our bodies or walk into the Earth's chambers. We shift into higher dimensional fields through frequencies. It is the morphogenetic field itself that takes us into higher realities. Self regulating devices such as this morphogenetic field exists on all planes of God's Omniverse.

This morphogenetic field of consciousness energetically took on the shape of a sphere, and was called the Sphere of Amenti, named after Tara's morphogenetic Field. This morphogenetic field connects us energetically to Mu, as well as Aquarius, Sirius and Sun Alcyone.

Our starry families have been preparing for the mass ascension wave of 2017 for millions of years. The final preparation is to restore the integrity of the Sphere of Amenti by realigning the frequencies of Earth into the Harmonic resonance of the Music of the Spheres. The Sphere of Amenti is the portion of the Music of the Spheres that holds the frequencies or the morphogenetic fields of Sun Alcyone and Sirius B. This morphogenetic field in the heart of Mother Earth is our Ascension Vortex. It blends together all morphogenetic fields from the five spheres into the Tone of Home of the Music of the Spheres.

The entire frequency signature of the Ultra Violet Aqua Blue Sphere will become integrated into the Consciousness of those on Earth as well as all races associated with all within her creation field. The Music of the Spheres will align The Amenti Sphere into Oneness with all five spheres of consciousness. This will allow the Omniversal Consciousness of our Original Harmonic Resonance of Oneness to align us into our Original Image and

Likeness of God.

This time, not only would the races be restored to their place within Aqua Blue Morphogenetic fields of the Amenti, the entire Sphere of Amenti would be realigned with the original 12-strand DNA pattern.

Realignment of the Sphere of Amenti which would allow all of the races to heal their genetic distortions in preparation for the opening of the Halls of Ascension, and would restore the integrity of the Sphere of Amenti so the Halls of Ascension could be opened. This morphogenetic field could not be realigned without the help of a 12th level avatar. This was the mission of Yeshuwa ben Joseph.

The descendants of certain Essene race lines were chosen in 1972 to receive full-genetic realignment through interaction with the time traveling, hybrid Zionite race.

We are the Angelic Humans who carry the silica matrix. We were upgraded in 1972. However, it required the events in our lives - the deaths, the walk-ins, the frequency upgrades, the initiations with angelic teams to activate our memory into the fourth and fifth harmonic universes. We completed our final initiation of all five of the musical spheres. We are now within the co-creation teams of the morphogenetic fields of the Omniversal Consciousness. We are now attending classes with many Ascended Masters in the Aquafaria of Inner Earth which holds the Aqua Blue Crystal Morphogenetic Field that will open on Earth in 2012.

MAKING HEAVEN ON EARTH

We are on the Aquarius Team from Sirius B. We are the Dolphin People who are a part of the Blue Oraphim Dolphinoïd Race from Sirius B. We are a part of the Star seed Rebirth Team from Aquafaria. The fourteenth dimensional Inner Earth Liquid Light birthing chambers of the Original One. Our magical family of Dolphins, Whales, Orcas, Seals, Unicorns, Mermaids, Mermen and Fairies all live with us in our Crystal Mansion in Aquafaria. Our Mother, Cinderella is our Original mother- our Cosmic mother who has never left her perfect form. The Aquafarians were the part of us all who chose to never leave the perfect magical kingdom of Divine Consciousness to experience the polarity of the third dimension. That magical kingdom of freedom, joy, creativity, and a life of making rainbows between dancing in the Aqua waters and floating on clouds is waiting for the return of the children from the stars. Our family of our blue crystal birth include Shajinka, Tinkerbell, Winnifred and Ziegfried. They are Cetacean entities who can transform into light, leave the oceans and appear back in Aquafaria at any time. We have met with them in this dimension when we lived in Monterey, we have met them in the Cloud Cities, and we meet with them in Aquafaria every night.

It was Mother Mary who took us on our first trip to Aquafaria to show us our Crystal Mansion. Mother Mary wrapped us into her frequencies through Cinderella's frequencies and strung our wave signatures up through Shamballa, into the Underwater Cities of Light and into the Cloud Cities above. She then wove our light signature all through the milky sunlight of the Milky Way and into her Golden Cosmic Egg of the Heart of the Milky

Way. Mary told us that the only way to ascend is to connect our Crystal Heart into the Crystal Heart of Mother Earth, her Crystal Heart of the Milky Way and then into the Crystal Heart of the Aquarius Galaxy where we originated from. She then completed weaving our frequency signature up into the stars of Aquafaria where we re-united with our Blue Dolphinoid Sirius B Starry Family. Mother Mary created a rainbow bridge for us to ride on liquid light energy that would eternally connect us into ONENESS with all of the wave signatures in the Music of the Spheres between Aquarius and Aquafaria. We can now absorb all of these blue crystal star seed frequencies and exhale them into our music and into the atmosphere around us to create our new Kingdom on Earth.

Now we have been initiated into the Oraphim Dolphinoid Blue Crystal Birthing Team. We can now bridge all dimensions of time and space through the Blue Crystal Ascension portal from Sirius B in the Aquarius Galaxy into Earth's atmosphere, through our Temples, and then into the Crystal Heart of Mother Earth. Next we connect into our Aquafarian Birthing Chambers- our original home with our Cosmic Mother, Cinderella. Cinderella breathes and sings the original birthing frequencies of our original Cosmic Wave Signatures to align us into the harmonic balance that allows us to become One Fabulous Symphony with all others in our Quantum Field. Next, we exhale out into the Infinite Void of Source Consciousness and then inhale the frequencies of Infinity that transmute all into the Highest Frequency. We bring the Highest Frequency to Earth through Music when we breathe these magical frequencies onto our Sound Tracks.

Now, the individual can utilize the frequencies that I already collected by doing the meditations and journeys for them. The

frequencies that are needed to activate the seed atom within the thymus, and to activate the Source Template within the seed atom, and to activate the crystal light to flow between and within the atoms, are already recorded on the Individual's album.

Now, the individual can tune in to the frequencies within every atom in their body in order to consciously turn on the flow of the crystal liquid light energy of Source.

They can see, feel, visualize the frequencies that have been activated within their body. They can see the 12 sub harmonics activating within each of the double helix strands of the DNA. They can see all 24 sub harmonics become activated -- one on each of the strands. They will most likely see all 48 sub harmonics activate as they visualize their spiritual parallel self activating simultaneously.

A meditation can only be successful in healing and alignment, when the frequencies needed for the healing and alignment are actually felt. The frequencies must be felt in a way that allows them to resonate inside the crystal cells in the body. The mediators must first know what the frequencies FEEL Like. When the meditator Feels the Frequencies, the meditator is then sure that the Consciousness is connected into the angular rotation of particle spin of each element of light and sound needed for the meditation to become effective. Each element involved in any meditation is an Entity of Light. Each Entity has a frequency. This frequency is the identity of that Entity. We get to know the Entities by allowing their Frequency to Resonate in our Crystal Cells.

The Meditator must be able to feel the frequencies that come from their breath every time they speak a word or exhale a breath. If a meditator or channeler is not tuned in with the

Frequency of Consciousness from which the words are spoken, there will be no new reality created by the event.

The elementals of healing must be connected to in consciousness before any healing can take place between the healer and the patient. The elements of all healing are:

crystal liquid light, crystal gel, crystal dust and crystal light.

The healer or meditator must know what each one of these frequencies or spheres of consciousness feel like.

This is what crystal gel feels like: I breathe this frequency into the microphone.

This is what crystal dust feels like: I breathe this frequency into the microphone.

This is what crystal light feels like: I breathe this frequency into the microphone.

Every time I breathe into a microphone to record a frequency or a code from God Languages, I always use the activation key frequencies of these magical spherical energy templates of PreSound and pre Light given to me from the GrandYanas or the Elohim of Hearing.

When the Elohim Angels connected my inner ear to the Elohim of Hearing, which is the pre sound field of the mind of God, and then they called on the Three Templars who carried the secret of the Holy Grail and the Divine Substance of Eternal Life, I didn't know what crystal light, crystal gel and crystal dust were. However, I could still feel in my Consciousness this essence of these three inner Ear to the Light Flow of Pre Sound Substance flowing from Source through the Angelic Consciousness of the

Elohim of Hearing. We are always working with a knowing and a feeling when we do spiritual work.

In my case, I would had never really known that I actually accomplished what the Elohim of Hearing was assisting me in doing unless I completed the directions given to me exactly. They told me to hold these three spheres in the palms of my hands. First, I needed to feel and sense these three spheres in the palms of my hands. They also told me to inhale these spheres into my chest and feel them, and then into my mid brain and feel them. They told me to hold the spheres in my hands as if they were a microphone of recording, and at the same time to connect my con-sciousness to the Elohim of Hearing and then exhale.

I focused on this mission for days, not really knowing what it meant. Finally, I was directed to plug in my recording studio and breathe into the microphone while following the directions given. This way I was able to observe and experience the meaning of bringing the highest frequencies to Earth through Music.

When I heard the magical frequencies that were being exhaled from my Breath as it connected to the Breath of Source breathing the highest frequencies through me, it was an experience beyond my wildest imagination. I didn't know anything could sound and feel so divinely perfect. I knew that I had actually brought the highest frequencies to Earth through music.

This magical achievement grew into a greater understanding over the years. I learned that these frequencies of Source Consciousness could heal anything, they could manifest anything, and they were the true prana and essence of manifest energy.

I knew that I couldn't actually explain this magical discovery, so I began recording the frequencies so that others could hear them. I soon learned, that people insisted on having an explanation of what they were hearing, and then they wanted to be told what to do with the frequencies that they were hearing.

As a result of having to do so much channeling of the Elohim Angels in explaining this entire Cosmic Discovery, I eventually learned how the 12 sub harmonic frequencies that activate the DNA are created through these magical frequencies of crystal light, crystal dust and crystal gel, and how we continuously stream the crystal liquid light, which is the actual frequency of Source Consciousness every time we spin the Merkaba.

When the energies are felt and understood, they may be invited in to the cells by the Soul Matrix of the body to be directed into their proper places for what they are needed for.

First, the Crystal Liquid Light flows from within the Stem Cell. The Stem Cell is etheric. It isn't a physical object. It contains the complete Divine Coding of the Mind of God. It is the place where the breath of Source ignited the idea through a spark of light and created what is called the Partiki, in the God language.

That Spark which is more etheric than the substance of a quark, or an omnion or any element that could be measured, contains the complete manifestation template of the Mind of God. When the Frequencies of Liquid Light are activated to begin flowing through the Stem Cell, the Crystal Light begins to flow in-between the atoms and cells of the physical body. The biological template begins to transform into the substance of crystal gel, crystal dust and crystal light.

First, the blood crystals transform any miasms that are blocking

the crystal flow. The blood crystals are what was known as the blood of Christ. The crystals in the blood transform the blood into eternal life liquid. The chemical structures begin to change. The body then is able to transform from the inside to the outside. First, the blood crystals turn into liquid light, the bones turn into the elemental sound of crystal gel, and the skin turns into crystal light. The etheric body begins to shine from within.

CHAPTER SEVEN

DNA SOUND WAVE ACTIVATION

Our DNA sound waves were altered in a way that created a perceptual block of reality that alters the electrical impulse patterns of chemical and hormonal operation in the biological structure.

The frequency wave files that we create all utilize the aUM tone breath, which actually means returning to at onement with Source. It is the breath of atunement of co-resonate atomic charge that uses the key modulations to produce harmonies. This frequency breathing is consciously realigning the sound waves that were altered.

The density one body is the atomic body of the particle universe and the density two body is the elemental emotional body of the Crystal Grid. The density three body is the mental body that is outside of the physical body within the 27 inch radius from the crystal heart center in all directions. This creates the sphere around the Merkaba Body.

The Um tone of atunement into oneness with Source or the return to the original blue print of our rebirth is the frequency that radiates the atomic light radiation spectrum of density one through the sound frequencies of the density two body --the elemental body.

So, we are talking about something very etheric, something created from an atomic light radiation spectrum of heliotalic frequencies. This is the magical energy of Source. This is the energy that space ships travel occurs. The merkaba is the crystal ship space ship. When it is attuned to the three densities and the spin rate is correct, and the consciousness is raising frequencies into a higher reality, the merkaba body will translate the body into a new reality.

This translation is a gradual process. The more the consciousness is focused on the new reality and less and less on the old reality, the faster the translation occurs. However, if there is any of the old reality still in the consciousness, the merkaba will not achieve lift off. The manifestation of the reality and the Orbing into the reality are the same thing. If I keep my consciousness focused on Aquafaria long enough, my breath becomes more and more filled with helium just from focusing on that reality. That means just the focus on that dimensional reality is filling my cells and lungs with helium. This is the beginning of transposing the body to the new chemical structure of H₂O₂HE₃. This is the new bio energetics field of our reality when we rise into the fifth dimension.

This teaching of harmonic alignment came to me long before I knew the scientific explanation of this Ancient Mystery School teaching. About fifteen years ago, when I was living in Japan, I used to walk around and sing into this tape recorder. I was being directed by my density two elemental consciousness,

which is my Over Soul consciousness. I was told to hold my consciousness in tune with the mind of God when I sing. The singing kept getting sweeter and sweeter and more ethereal. My density two family told me that when I became so focused continuously that my speaking and singing voice kept this alignment of frequency would be the time that I could ascend.

I worked with this process for years. Next, I purchased a professional recording studio and began singing layers of these breaths of Um over and over again on top of each other. I started seeing how there was this harmonic convergence between the layers of frequencies. The more I would hold my consciousness in direct alignment with the Mind of God and let God sing through me, the more harmonious the sound became. I learned that I was creating multi dimensional reality fields of density two sound together with density one atomic light radiation through my focused consciousness.

Next, I learned that I could sing any tone or word or even entire song and layer it harmonically and harmoniously without ever needing to use any special pitch. I was singing beyond the old theories of music that used notes and scales and staying in the same key in order to create harmonic relationships. I was creating key modulation through atomic energy of light and sound that was not do re me fa so la ti do. I was singing in the ka ha ra sa ta ha la kee ra shay ha sha spectrum of the Christic Atunement to Pre Sound and Pre Light. I was singing in pure frequencies of atunement. My singing was always in perfect pitch and it was in perfect pitch to whatever I sang because in the Divine reality everything is in tune with each other. From that time on, it didn't matter what song I chose to sing, the song always came out in perfect pitch. And I had no idea what Key I was singing in.

That magical formula of harmony that I had discovered was the

key to restoring the electrical impulse patterns of the chemical and hormonal operation in the biological structure. I watched my body transform as I sang and listened to these harmonious breaths of consciousness. Later, I learned that after I spent hundreds of hours with the music on my head through earphones, my reality started shifting. I was completely within my head and the world around me started to dissolve away.

This was the exact formula that was given to Star Seeds to use at this time to alter our reality and shift into the fifth dimension. I was reactivating the 12 sub harmonic frequencies of ka ha ra sa ta ha la kee ra shay ha sha into my cellular memory, and I didn't even know it. I could see the results of what I was doing. But at that time I didn't have the spiritual teachings that explained this sound and light phenomena.

Now, that the 12 frequency signatures of our original race line have been implanted in the Earth's grids, the bio-energetics template of our bodies will begin to re activate the corrected biological structure. These frequencies that will be streaming through the Earth's grids will be just like those frequencies that were streaming through my cellular memory and reactivating my divine blue print. Now, we are being given two gifts, the understanding of how to use the light and sound frequencies, and these same frequencies becoming activated within the Earth.

Now, I can feel myself standing on top of this Earth with these divinely tuned grids. I feel so in tune, so harmonious, so free. I feel a complete transition in the energy fields that are streaming out of the Earth. I can honestly know and feel that I am not living on that 3D Earth that I used to live on. I am standing on a 4D Earth that is completely tuned in to Inner Earth and Tara. I feel my 5D body template electrifying through every cell in my body at the elemental emotional level and at the sound and light

level, and at the crystal body level. I feel complete atunement with all three of these bodies. I feel a crystal light streaming through my skin and out about a foot out from my skin. I feel all buzzy inside. I feel a happiness tingle of a brand new reality.

The corrected hormonal flows are supposed to pour energy that re-activates the eternal life flow of Source Consciousness within it through every hormone, atom and omnions within the elemental structure of the body. The body translates into a new biological structure. The old physical reality dissolves away.

This would allow the activation of the frequency specific DNA to perceptually activate Divine Reality of the desired kingdom of heaven on Earth.

The 12 sub harmonics of our original harmonic universe two Soul Matrix of Tara and Over Soul matrix of Gaia became disassembled codes that were locked away until we became evolved enough to regain them. Now is the time that our density two sound and density one light bodies are harmonized and attuned to Source. Now is the time we return home to the normal universe of Eternal Life.

That time has come. The frequencies of atunement into our Soul matrix are available now. However, most people still have so many distortions in their chakra templates, that they need to have frequency clearing done by qualified practitioners who have been trained in the light and sound teachings of Sound Genetic Restoration.

The atunement of frequencies during this widow of ascension 2012-2017 provides the opportunity to those who wish to align their energies 100% to the activation of their light bodies through Ascension Mechanics of the Merkaba, so that they can actually orb into Tara in 2017.

Once that first group advances our race line into a new evolutionary potential, a second wave of masters will be ready to orb into Gaia by 2022.

Orbing isn't the only way to go to Tara; but it is probably the only way one truly becomes a master of Ascension. The frequencies of Earth are shifting into the 5D template. Those who do not orb into 5D by 2022 will be living in the 4.5 Inner Earth, which is really Tara. So, it is not like some won't make it. There will just be many who still need to practice their merkaba mechanics so they can enjoy Orbing around the universe. Some, will just choose to enjoy their ability to manifest any desired reality, so it won't really matter to them where they live.

The activation of frequencies in the Individual through their Eternal Life mp3 clears the individual's specific distorted areas in the DNA template that were placed there by fallen races. That genetic memory is still there because our body is the manifest template of all of the souls that existed before during the millions of years of race extinction, re breeding, being raped, mutilated and restored again. All of those past distortions must be completely transmuted out of the cellular memory.

There are distortions in some people in the DNA 1, 2, and 3 that must be aligned into the original Divine Blue Print for healing and transformation. As the 12 sub harmonics restore the sound genetics, the DNA strands can actively begin braiding back to gather the 1,2,3 DNA into the 4,5,6 DNA. That is all that is needed for our first level of ascension into TARA. The next group of star seeds will activate 7,8,9 DNA and move to Gaia. The Inner Earth Race Lines who maintained their perfect realities will be ready to go on to the 10,11,12 DNA of CHRIST CONSCIOUSNESS.

All of these levels of DNA activation restores the ability for individuals to perceive a reality that was not available before. The reality that was not available was multidimensional reality, realizing that we all live within Sun Alcyone, realizing that there is no time or space and the entire Cosmos is within a sphere that is only about 60 feet around us, realizing that we can manifest any reality we wish, orb to any reality we wish, have complete dominion over our reality.

That reality is within our crystal genes. It has always been there. It was just unplugged and so we were asleep to its significance.

There is a responsibility involved in this re-activation process. Each individual must learn to become frequency specific in their own manifest reality. The frequency mp3's are to use to help hold the brain activity to become so focused in the mid brain that all past realities melt away. This requires continuous listening and focus. It requires continuous listening 48 hours a day for at least a month. It requires focusing deep within the cellular level into the etheric omnions of the levels far beyond where any microscope has gone. The spark of source holds the entire reality of the Cosmos.

That reality is held within a place so small within each atom of our bodies that it is inconceivable to scientists. The omnions of the entire perfect kingdom fill every etheric fiber of our bodies from the inside of the blood cells, the etheric level of DNA, the light in the skin and the sound waves in the bones. The listener must continuously focus on that etheric level while listening to the frequencies to create a harmonic awakening within. Soon, the listener will hear the breath of Source singing through the bones and lighting up the skin and crystals will turn the blood into eternal life streaming through the temple that holds the Soul which will glow with heliotalic star bursts of pale, pastel violet, golden waves.

FUTURE HOLOGRAPHIC REALITIES

Why is the mastery of sound frequencies so important? Sound or frequency of sound is the glue that holds the matter together. When we create the holograms of our illusionary reality around us we are doing it through sound. Unfortunately, most of us have been using a low frequency, distorted sound frequency to create our reality with.

If we are creating our reality (reality is only the hologram or illusion that each person is creating through their reasoning mind), through scrambled, distorted sound patterns that carry patterns of fear, jealousy, confusion, stupidity, etc. those frequency patterns are creating horror movies in our world around us.

It is time to learn to make God's Movie. That means using the Divine Blue Print that is carried on the Frequency of Source Consciousness.

Those perfect Sound patterns are supposed to be in our DNA, which is our cellular memory. Those frequency specific Sound Patterns are supposed to remember who we really are. They are supposed to remember that we are Eternal Life forms who have an absolute perfect reality field that evolves continuously into the wholeness of our 12 DNA Divine Blue Print.

We had to be tuned in to the Future Holograms of a Brand New Reality before that new reality could project itself into our present reality. Otherwise, we would still be stuck in a loop creation of an old hologram over and over again.

Since Holograms are created through the light and sound creating a new higher energy which interacts with the Consciousness to create a new reality, this is the formula we must use if we want to manifest a new reality. We must use the holographic music that contains the hologram of our new future Eternal Life Hologram by inhaling those frequencies into the atomic cellular memory of the DNA.

Those perfect Sound patterns are supposed to be in our DNA, which is our cellular memory. Those frequency specific Sound Patterns are supposed to remember who we really are. They are supposed to remember that we are Eternal Life forms who have an absolute perfect reality field that evolves continuously into the wholeness of our 12 DNA Divine Blue Print.

It has taken a very long time to get our minds line up with our original normal universe that contains the perfect frequency atunement of all 12 frequencies of our complete family.

The Oraphims lived on Gaia, who is the Oversoul matrix of Tara. Since the Oraphim Race Line was destroyed by Fallen Angelics, the Taran Race line had a problem. The Tarans would always be related to the Oraphims who were captured and taken into the Fallen Matrix. That Fallen Matrix became what we think of as Hell. We became related to Hell through our genetic connection to the most benevolent, peace loving race line that had ever existed in our Universe. Our Creation Races and Friends of the family have all been working for millions of years to repair this genetic mutation.

We have been sustained in our patience of our rebirth through the frequencies that were stored on Earth through the Dolphin Family. This is who the Dolphins really are and why we love them so much. Someone needs to start include this information in the Save the Dolphin campaigns. If those groups in Japan

who capture families of dolphins and slaughter the mothers, knew that they were actually killing their own families, they just might start feeling a little guilty. Japan is a very family centered culture. And this is an absolutely true story of our genetic relationship with the dolphin and whale. This would make the Japanese cannibals in a sense. That might wake them up.

Back to the story.

Tara exploded into 12 pieces. Those pieces are what we now call planets. Those pieces blew out of Andromeda into the Milky Way Galaxy. Tara fell into a foreign system--the Milky Way Galaxy. Earth, and all of the planets have always been tilted in a way through reverse metatronic spin rates, into a misalignment with their spiritual template in Aquarius.

However, that template was re-created around Earth's biosphere by the Aquafarians, who are the frequency carriers of that divine frequency made by our Oraphim Dolphin Family. We are being held in this divine biosphere now. They created 48 plasma crystal ships around the Earth to hold her in balance during the Ascension Alignment in December. That is why we didn't feel anything. We were being held in Divine Harmony all through the transition.

On December 21, 2012, all 12 of Tara's pieces realigned into a new frequency containing the sound, which is the glue that glues reality fields back together.

The realignment was one through sound. The atunement of all 12 frequency signatures at each of the six levels of dimensional reality in the Music of the Spheres, was completed through the Cosmic Trinity Frequency. This means the alignment was made through the 12 on the planet, solar, galactic, universal and cosmic levels. And it was done on five parallel systems. So, Andromeda and Aquarius aligned into atunement with Earth and

Urtha. We became One for the first time in 550 million years. And yes, we did blip through the Center of the Milky Way Galaxy out into a brand new reality field.

The reason that the transition in December was so smooth is because it wasn't just the Earth that was moving. It was the Earth along with her solar system, within the entire Universe. And it wasn't just one Universe, it was 12 Universes realigning at one time.

Our guardians promised us long ago, that when we came to the point in our evolution where we could understand who we are, where we came from, and that this world of illusions is not the world that we came from we would return to the Promise of the Perfect Kingdom that existed as our normal reality, 550 million years before this world began.

When the guardians made that Promise, it meant removing the frequency fence that created a scrambler of electromagnetic frequencies that disconnected the 12 DNA sub harmonic frequencies from the base DNA frequencies. Each of these base tone DNA strands must have the complete 12 DNA template of sound frequency signatures woven back into them. That dormant 12 DNA will be turned back on when we use the magical sound genetics--the glue of our reality field. We must use the 12th frequency, which is the 12th dimensional Christ frequency of Pre Sound and Light.

It is called Christic (Khristic) because the real word is Ka Ha Ra Sa Ta Ha La Kee Ra Shay Ha Sha. (Krystala). The continuous loop of this Eternal Life Frequency is called Krystalai, or Crystalai. That is the name that I was given by my higher self to help me remember that I am in the game of entanglement with all that I have ever been within this Crystalai Spiral of At One Ment.

Those twelve tones are the real scale of the music of the spheres. Each one of them is a frequency signature of itself, just like a note. When they all resonate together they create a new frequency signature of a divine reality of at one ment. (Those are the frequencies on the Ascension Kit). That is what our bodies are doing. Our body templates - at the etheric level--the pre sound level-- are being realigned into a new frequency of atunement with our Oraphim Dolphin Family. So, when we sing with the dolphins, we must sing in this frequency. We were given this frequency from our Oraphim Family to place in our music. It can be heard in Angel Dust, Rod and the Staff and Ultra Violet Blue. We are creating new MP3's called Cosmic Trinity, and Cosmic Dolphin Magic which will also have it. You can hear Angel Dust playing now on our Main Page.

Now is our promised time, now we know who we really are, where we really came from and how to get back home. It is time to remember that we were twelve, but we are really one. It is time to forgive all of the fallen angelics because they were once our family. We were all made from the same divine blue print through the Idea created from the Breath of Source. That idea was Pre Sound in it's original form. We can return to that Frequency of who we really are.

We are the Divine Ones who originally created the Perfect Kingdom of Heaven in Gaia. We are the Tarans. We are the Oraphims. Our Soul Matrix is that reality. Those frequency signatures are in our Souls. Our souls are made of frequencies. That orchestra of frequencies is in our stem cell and can be activated through the Frequencies that aligned through the merkaba as it spins correctly to realign, re-attune and reassemble through the use of the 12 DNA sub harmonics.

It is time to retune our sound genetics to the 12 harmonics of

the Christ Divine Blue Print. We are not talking about alignment of the left and right brain, or good and bad or any of those man made illusions. We are talking about aligning a frequency of atunement - a sound genetic frequency that glues our 12 sub harmonics into our base DNA one at a time, until an entire perfect reality is created.

It must be done through sound frequency. It must be done through an understanding of where the original frequency of our atunement were stored and how to used the merkaba mechanics that spin us beyond the speed of light and connect to those higher frequencies.

We ride our merkabas into the core of Earth, which is inter dimensional 13.5 dimensional frequency. That is the frequency key to Cosmic Consciousness and our Divine Template of the Sphere of Amenti is stored in the Heart of Earth, which is the etheric level of the Iron Core Magnetic Field of Earth. That is the frequency we carry within the merkaba and ride up to one foot below the Earth's crust. This is where the 12th dimensional frequency is stored in the Earth's grids. We spin the 12th and 13.5 frequencies together to form a new sphere of frequencies in the music of the spheres technology. We weave those frequencies into the body template to activate the 12 DNA sub harmonics. That is only the first step of activation. The complete technology is many pages long. The complete steps are in the Ascension Meditation mp3.

We couldn't do these things very effectively before without a log of really focused atunement work. It will get easier and easier every day now, because the Earth has been realigned into her 12 sub harmonics. That means the 12 DNA sub harmonics can be more easily breathed into our DNA from the sound genetics stored within the heart of Earth.

Within that etheric core of Earth a new reality awaits us that we were never able to perceive of before . The arc of the Covenant is realigning us into the at onement with Sun Alcyone, which is in reality our sun that is within the sun that we perceive and is within the heart of Earth. We are in reality one with what we call Mother Earth, who is Gaia. Within is Gaia - the 7,8, and 9 dimensions of reality is the 4,5,6 dimensions and within that is the incarnate 1,2,3 of this Earth.

We are no longer in the harmonic universe one of the 1,2,3 reality. We are no within the second harmonic universe of 4,5,6. We are now being held within the dimensional harmonics of dimension 4. Anyone who is not attuned with that reality field will be living in an old dream. That is the reality field that must gradually break away from those who are tuning into the fifth dimension of harmonic universe two. The entire Earth will rise into dimension accretion level 4.5. That will cause Earth to morph into the frequencies of Tara through Inner Earth. Those who are still playing war games in dimension 4, while their frequencies are hanging out in dimension 3, will disappear from view by 2017. They have already disappeared from my perception because I create my own desired reality within my frequency specific mid brain.

CHAPTER EIGHT

SUN ALCYONE

The Earth and all reality fields connected to her come through Sun Alcyone at some point in time. Her frequency rays are eternally connected to Sun Ras and all suns in the universe and Omniverse. We all maintain those same frequency signatures that we were created from as the spark of source was exhaled into the idea of the divine blue print. That is all Source does. Source creates the Blue Print of the perfect divine idea. And then gives that idea the absolute freedom to do whatever it wants to do.

This Divine Plan works perfectly in a normal universe within the mind of Source because each entity's idea only belongs to that

entity, and nothing can take it away or distort it ever, in any way.

That is the Divine Plan for those who stay in Source Consciousness. Unfortunately, there was a Cosmic War 250 Billion Years ago. It was a war against Source, itself. That is the war that created Fallen Angels. Any Angel who did not remain in the Source Field of Energy, became a Fallen Angel. It was fallen from its source of energy.

Those Fallen Angels started destroying entire race line by pulling them into their matrix and feeding off of them. The fallen race lines increased over the eons to more and more who needed to feed off of other race lines who still had the angelic genes. That is why Earth has been raided over and over again. The Fallen Annunaki, the Jehovian race line who sucked prana right out of Angelic Humans for centuries, created a mutated race line, that could only be saved if it was completely started from scratch.

So, here we are. We have been re-created by reuniting the 12 frequencies of our 12 original parts, which became 12 race line. We were placed in a morphogenetic field to weave these frequencies into a new sound template of the Cosmos. Trinity. Now, we have begun our REBIRTH.

The frequencies of Earth are shifting into the 5D template between 2012-2017. In 2017 the first wave of Indigo Children will hold the Earth in perfect balance for many to orb into Tara. After that the second wave of Indigo children who were born 2005-2012 will connect our frequencies into Gaia and many will ascend by 2022. There were six very important babies who were born during those years. The parents already knew they were the chosen ones for this activity. Those children are the new seed of the seventh level man that will appear in Gaia.

Our New Beginning

The Earth's angular rotation of particle spin shifted 90 degrees and aligned Earth and all who are upon her, into oneness with Tara. Earth's fastest particles and anti particles can now begin to transfer to hyperspace and the halls of records begin transmitting data through the Earth's grids. Universal memory will begin transmission through planetary grids. The shift will align Earth into At One Ment with Inner Earth at the 4.5 accretion level and blend us into a 4.5 accretion level where all will be given an opportunity to rise into their 5DNA that will allow them to see the new reality of Earth becoming Inner Earth. Inner Earth contains the reality of who we were before our reality was placed in storage for safe keeping during the turbulence upon Outer Earth. Those who are already in their 5DNA and 6DNA reality field will begin balancing into the new reality of a new time that exists about 5000 years in the future. The new alignment from the Inner Earth into Tara will allow those on Earth to be moved to Tara in what ever way is appropriate for them. Some will orb, some will walk through stargates, some will slide into Inner Earth kingdoms that translate their bodies.

Our perfect creator and our perfect creation template can now transmit the frequencies of our original divine blue print through the grids of the Earth. The frequencies will transform the consciousness of our bodies and the templates of our bodies in to the 5DNA frequency specific Archetypal Mind, which is woven into the telecommunication channels of the Higher Mind or the

Super Consciousness. We are finally being woven back together from our Instinctual Minds and Reasoning Minds into the True All Knowingness of all of the Souls who have gone before us and who have been a part of who we were before and after each mission we embarked upon. We become the past, present and future selves in At One Ment. This is the beginning of a brand new adventure. Sun Alcyone has begun this Atunement through the Star Seeds who have brought their 5DNA and 6DNA to Earth. Theirs will be the first to reactive. This frequency activation will connect to all Star Seeds who are still asleep and then activate the Indigo Shield of the Complete 12 DNA template. All who are on Earth will be activated by this 5DNA consciousness by 2017. The 5DNA will reveal a whole new world of realities that we didn't know existed before. The realities were there, we were simply cut off from them. We also had a set of realities implanted in us that were not our realities --they were the realities of a controlling race who tore apart the FREQUENCIES OF ATUNEMENT FROM SUN ALCYONE

ACTIVATION OF EARTH'S CRYSTAL GRIDS of the twelve levels of twelve (144)

Crystal Magic Orchestra recorded all of the Frequencies of Sun Alcyone interacting and weaving with the Frequency Signatures of all intergalactic, universal and cosmic energies weaving and braiding the activations and alignments needed for our re-atunement into our re-birth. The Earth, plus the other original 11 planets who were broken off from their original birthing place within the womb of Sun Alcyone were filtered back together to have the complete 12 frequencies attuned and activated within the Heart of Mother Earth. We have Earth, We have Tara and we have Gaia. Mother Earth is Gaia. All three expressions of Gaia are equal in expression and value. One isn't more important than

the other. But, we all must attune into the Oneness of the original Gaia within the Womb of Sun Alcyone. Sun Alcyone was and is our creator. Once an entity creates a Star, that entity is responsible for its creation forever. Sun Alcyone has been awaiting this grand event for millions of years.

Please enjoy listening to these recordings of the 55 stages of atunement completed by Sun Alcyone on March 20. Each step of the activation was recorded over a 16 hour period of time during Sun Alcyone's alignment. Each frequency was recorded in one minute intervals. You may listen to all 55 stages of this alignment on the Sun Alcyone mp3. You may listen to five of these frequencies by activating this page.

This is what you are listening to:

(Each number is one sample or one song on the mp3 frequency selections.)

1. Sun Alcyone sending streams of liquid light, blending with pre sound realm of the GrandYanas.
2. Gama and helium creating crystal star dust.
3. Gentle mist of Crystal gel of transformation.
4. Sun Alcyone entering parallel harmonic universe alignment at Christ Level -12th dimensional consciousness, pushing through the stars.
5. Sun Alcyone entering Aquafaria- the original firmament surrounding original Gaia, now entering within.
6. Sun Alcyone communicating with crystal cities with Aquafaria.
7. Sun Alcyone powerful atunement with Earth's Core at 13.5

dimensional frequencies of Cosmic Consciousness connecting D-2 Inner Earth.

8. Sun Alcyone entering the Zero Point of Inner Earth to connect with 15th dimension and pre sound field.

9. Sun Alcyone is looping PreSound frequencies to arrange the rebirth of frequencies of our original birth.

10. The cosmic rebirth frequencies are aligning from within the Earth's core at zero point.

11. The frequencies of our rebirth through Sun Alcyone are merging with the Sphere of Amenti to certify the Perfect Divine Blue Print.

13. The electro magnetic convergence of transposing the liquid light into atunement.

14. The liquid light is flowing through the Earth's veins and into the oceans of Aquafaria.

15. The firmament of Crystal Dust is aligning from the Cloud Cities above into the resonate tones within Earth's core.

16. Frequencies of Aquafarians in the Cloud Cities.

17. Frequency signatures from cities of light flowing from the winter lands.

18. The breath of Oraphim Cetaceans flow through the Earth's bio energetics field.

19. The Oraphim Cetaceans connect their frequency signatures to the Dolphins and Whales who are holding their frequencies within the oceans.

20. The plasma of Sun Alcyone is weaving into the clouds of Crystal Liquid Dust.
21. The Dolphins and Oraphim Cetaceans create a melody of alignment and atunement through the sound waves to align all wit the star dust and star language when we all sing as one.
22. Pure Star Dust emerges.
23. Crystal Star Dust energy of the pre sound field is streaming through Sun Alcyone's Frequency Signature.
24. The Atunement begins with crystal light, crystal dust, and crystal gel.
25. The three merkabas of different spin rotations merge into a new tone of home within the Earth.
26. The three merkabas of our bodies merge into a new frequency.
27. The new tones of the Earth and our bodies combine through the three merkabas of the new biosphere.
28. Further forming of the nine merkabas into a new spin rate.
29. Atunement and Alignment of spin rates of the three bodies continues.
30. Atunement of spin rates into parallel universe.
31. Cities of Light came into active alignment through Aquafarian Rainbow Bridge.
32. Rainbow Bridge aligns Cities of Light into Atunement with Earth's Grid to begin accretion rate of 2.5.

33. Accretion rate of inner Earth and Earth begin to create a New Morphogenetic Blending Field.
34. The cities of Light begin to Celebrate.
35. Sun Alcyone is clearly attuned into Inner Earth.
36. Frequencies of Sun Alcyone transpose the Consciousness within Inner Earth light Cities and Cloud Cities into Harmonic Unison.
37. Spheres of Amenti activates.
38. Sphere of Amenti activation begins to send messages into Earth's Bio Field at accretion levels 1.5-2.5.
39. The new morphogenetic field holding the 12 DNA Divine Blue Print is aligning into Earth's Grids from within to the without.
40. The elementals of D2 and D2 have merged into inner Earth's resonance.
41. Activation of water through helium frequency beginning creation of H₂O₂HE₃.
42. Hydrolaise begins to merge the biosphere of D1-D3 with D4,5 and 6.
43. Aquafarians emerge through the hydrolaise into Earth's reality.
44. Oraphim Cetaceans, Dolphins and Whales merge frequency signatures with Aquafarians and Unite all realities into Oneness.
45. Aquafarians begin their dance through the rainbows to tie the bio energetics fields into the rainbow bridge.

46. The crystal light streams, crystal gelaisic restructuring and crystal star dust create the new etheric foundation of a new firmament of heaven on Earth.

47. The Frequency Signatures of every individual on Earth is contained in the Morphogenetic sphere of Amenti within the Etheric Core of Earth. The Rebirth can begin.

48. The Blue Sphere transmits the frequency signatures into the Earth's grids.

49. The Earth's grids sends the frequencies into the Bio Energetic Fields.

50. The new consciousness has emerged on Earth.

51. Sun Alcyone is permanently within Inner Earth. So, now the within can become the without.

52. With our Sun Shining brightly from the without to the within, we again align into oneness with Sun Alcyone's Frequency Signature.

53. The 5DNA will be restored to all on Earth the grids.

54. The New Earth has begun the rebirth of our species.

55. The Heliotalic Frequencies of the 14th Dimension are overriding and transmuting all Miasms blocking the Full atunement into the 12th dimension. Our perfect creator and our perfect creation template can now transmit the frequencies of our original divine blue print through the grids of the Earth. The frequencies will transform the consciousness of our bodies and the templates of our bodies in to the 5DNA frequency specific Archetypal Mind, which is woven into the telecommunication channels of the Higher Mind or the Super Consciousness. We are

finally being woven back together from our Instinctual Minds and Reasoning Minds into the True All Knowingness of all of the Souls who have gone before us and who have been a part of who we were before and after each mission we embarked upon. We become the past, present and future selves in At One Ment. This is the beginning of a brand new adventure. Sun Alcyone has begun this Atunement through the Star Seeds who have brought their 5DNA and 6DNA to Earth. Theirs will be the first to reactive. This frequency activation will connect to all Star Seeds who are still asleep and then activate the Indigo Shield of the Complete 12 DNA template. All who are on Earth will be activated by this 5DNA consciousness by 2017. The 5DNA will reveal a whole new world of realities that we didn't know existed before. The realities were there, we were simply cut off from them. We also had a set of realities implanted in us that were not our realities --they were the realities of a controlling race who were manipulating our minds through our DNA.

Sun Alcyone The ULTRA VIOLET BLUE SUN aligned at a 90 degree angle of particle spin rate. This alignment was extremely significant as it aligned our planetary body into atunement with all twelve planetary bodies that were originally a part of Tara. The alignment gathered the frequency signatures of the original perfect 12 coded divine blue print of each planetary body as it attuned into oneness with the original Taran body.

As Sun Alcyone was streaming this new frequency of consciousness between two worlds within and between the original Tara which exists within Sun Alcyone in the Pleiadian Star System (the Andromeda M31 Galaxy Spiritual Parallel Body

of the Aquarius Matrix), there were a series of Frequencies created and aligned through our bodies and the bodies of the entire Universe.

I attuned my consciousness through the Elohim of Hearing in Gaia to perfectly collect these frequencies through my consciousness and breath. This is a part of the documents that I was commissioned to keep. This was the mission that I was commissioned to complete when I was sent from the Crystalai Council and the Priests of Ur. I was trained by the Elohim of Hearing and the entire Cosmic Council of Creation to work with the GrandYanas of the Primal Sound Field to collect all of the frequency alignments that have taken place during the complete Harmonic Convergence, Alignment of the Stars, Intervention of the Guardians, and the perfect realignment and treatment of the Earth into Oneness with Tara and Gaia.

We prepared this frequency selection from Sun Alcyone as he creates the magnetic shield of the blue flame to flow through the Soul of all on Earth to activate the fifth strand of DNA. We were given the vision of this event and the frequency signatures of this activation in 2008. It always takes five years for the completion of the Cosmic plan to manifest on Earth.

Listening to this CD will be very helpful to both Sun Alcyone and the complete transmutation of Earth. The more we focus on the frequencies of Sun Alcyone and the Blue Flame, the faster our 5DNA will activate. This activation will remove the block between our EGO and our Higher Self. Once we regain our complete connection with our Higher Self, we regain our ability of instant manifestation. This is step one in the return of our Divine Heritage. The removal of polarity of duality begins when our chakras 1,2,3 merge into 4,5,6 in harmonic universe one. The 12

sub harmonics of the etheric 12 DNA will transform the DNA structure of the body from the etheric within to ignite the crystal blood, gelaisic sound tone bones and the light skin.

Search for me in your Heart

My angelic team of "thought adjusters" told me my formula of ascension was to create the music, listen to the music, write about the music, and then write more music. They told me that I would continue this process until I ascended as a result of KNOWING.

The knowing meant searching within myself for the questions and the answers until there were no more. Some people might be able to finish that task very quickly. I've had hundreds of classrooms of students who could never come up with more than one question and one answer.

The formula of ascension that I have found has included hundreds of thousands of questions and a lifetime of finding the answers. What is most interesting about my personal search was the circular process of how some of the answers that I received when I was only four or five years old keep returning as the correct answers, even though I keep searching deeper and deeper to understand more what it all means.

When I was four years old, I learned in Sunday School that God is Infinite, God is Omnipresent, God is all knowing, all seeing, all acting, all wisdom. I learned that God is Omnipresent, which meant that God was in every cell of my body and in every atomic structure of every particle in the Cosmos. It was that original background knowledge at such a young age that made that reality the very value and belief system of my entire existence.

I knew that these truths were the absolute truths. However, there were times in my life when I wondered why it was that sometimes I could heal myself instantly and other times it took a week, and why some things just never seem to go away.

I wondered why I could reveal some of the realities of God's identity such as instant healing, and yet not so much instant manifestation of things like a lot of money. I wondered why it was that even though I had plenty of intelligence, good grades, lots of diplomas and credentials that it was so hard to ever get a job and even harder to keep a job. I wondered why it was that I could obviously do some things like teaching and performing music far better than anyone else that I had ever encountered, and yet all of the other people were chosen for the job or the part instead of me.

These were the questions that allowed me to realize that I needed to know a lot more about myself, and a lot more about who God really is.

When my husband and I were being directed by the All that Is God of our being to create the music that would allow us to know all that there is to know about our selves, the music that revealed itself to us was The Promise Album. The words that were presented to me to sing and the music that was given to my husband to composed came to us completely separate from each other. I was to find a way to find melodies and rhythms that would fit into the harmonies, rhythms and chord structures. As I kept rearranging the wording to fit the music, the understanding of the words became clearer and clearer, and sometimes the arrangement of the words completely changed along the way to gain an even clearer meaning. And I was always guided by my thought adjuster angels and God.

After the introduction announces The promise of the perfect kingdom, before the world began comes the most significant phrase of our entire existence:

Search for me in your heart. You shall find me in your heart.

That phrase riddled me for years, because I kept wondering what I was going to find in my heart - this organ that went thumpity thump thump.

My search finally led me to Keylontic Science. I am certain that the Christian Science that I was raised to understand is the identical science to Keylontic Science; except, the Keylontic Science gives the absolute formulas and meanings down to the quantum level of understanding the formulas that were first given in Christian Science. Christian Science was revealed by Mary Baker Eddy as the Divine Comforter, which would give us comfort in understanding the basics of the complete Divine Science until the full Science was revealed between the years 2000 and 2012.

Now, that I have spent the past twelve years studying Keylontic Science, I have a much firmer understanding of Christian Science, and I find them to be in complete agreement.

The final step in my ascension process of searching in my heart, is understanding completely what the CRYSTAL HEART is, where it is, how it connects me to the Mind of God, how I will find myself in that Crystal Heart, and how I will learn everything there is to know about myself through the understanding of that Crystal Heart.

My thought adjuster teams have done a splendid job of directing me to every experience, every book, every person during my lifetime to be led through the unfolding of these questions and

these answers.

The way we know if our direction in our search is coming from Source or from a Fallen Angelic who wants to control us, is this very test of whether the entity is wanting us to serve him or her, or the entity is guiding us to search within the God of our own Being to find out who we really are.

Now, this leads us back to the first sentence in the song, The promise of the perfect kingdom IS before the World began.

This World that we have lived within was a false creation. It was created by the genetic imprints of Fallen Angelic Races. It is a completely distorted illusion. It does not contain the truth of reality.

We must go BEFORE this world began to find the truth. We must go to the place where our DNA had not been scrambled into a receiving station for distorted information. After, we go to this place where our 12 DNA is flowing through on the subharmonic level, then we can go into our Crystal Heart, which is our God Seed Atom within our Thymus, create a flow of Source Consciousness from within the Seed Atom containing our original divine blue print that was created long BEFORE this world began. Within that Crystal Heart - which is actually our Soul, we find the longing to know everything about our self.

It is the purpose of our Soul to continuously search to know more about everything. It is the Soul that is within the Heart, that will reveal to us all that is within every fabric of our DNA, within the crystal cells as they bloom forth into mansions containing the billions of lifetimes contained within our At One Ment with All That is or Source Consciousness.

If I had stopped my search with what I learned in Sunday

School, I would had never learned that our Crystal Heart had been blocked from the Flow of Source Consciousness, because the formulas given in both Christian Science and Keylontic Science help to unblock that flow of At One Ment with Source.

The truth that we have been blocked from Source Consciousness all of this time could not be revealed to the Earth until it was almost time for our Ascension. This truth had to be revealed to us at this time.

THE AUTHORS

The gift we share is the ability to bring the Highest Frequencies to Earth through Music. Our Elohim Angel Initiation Team included Mary, Raphael, Zadkiel, St. Germain, Melchizedeks, and thousands of other Orbing Entities. Our team connected us personally to the Elohim of Hearing. Next three knights handed us three crystal spheres of light, dust and gel. This is the exact technology used to bring the highest frequencies that are breathed from Source into the Ears of the Elohim of Hearing. Our angelic family translate these Keys to Eternity into the breaths that we create our music from. This is the Gift of the

Highest Frequencies brought to Earth through our Music. These highest frequencies are the keys to heaven.

Our first initiation was in August of 1987 when we were living in Antalya, Turkey. We later learned that Mary and Jesus had visited this city many times. We were woken at 2 a.m. by an Etheric Entity clothed in a white garment of light. He had one simple message for us. He said, "Do It. Make God's Movie. Do It Now."

Our second initiation began in 1993 in Beppu, Japan. Again we were woken up at 2 a.m. by a different Etheric Entity who said, "Make God's Movie Now." That same night, aDolphino was given the music and song named No More War, Crystalai was given the song, Greater Works the next day. aDolphino was given a screen play to go with the music within the next few weeks. The album and the screenplay were complete within a few months. This was THE TRILOGY. In 1994 we completed the "Promise" album, which we later realized was the complete story of the promise of the 11:11 ascension, when we will all return to the moment "before the world began."

Our third initiation began in 1998 when we were again directed to "Make God's Movie." This was the year we were directed to Hollywood, California to begin creating the visual movie of The Promise. In 2004 we won the Hollywood Spiritual Music and Film Festival Award for The Promise. In 2000, aDolphino began working for Steve Oedekerk and Tom Shadrac, producers and directors of Bruce All Mighty and Pet Detective starring Jim Carey. His immediate supervisor was Tom Shadrac, who was the director of Bruce Almighty and Evan Almighty starring Steve Carrel.

It was very obvious that the higher selves of these famous

people were all a part of our same team of making God's movie. The writer and director were creating at a multi dimensional level the story God, Consciousness and man being a creator who was doing the job of God on Earth.

About a decade later, Tom Shadyac also had a Near Death Experience which allowed him to die and walk through the Veil to the other side, exactly like Joe did earlier. They have much in common. They worked together, never spoke to each other, and yet were continuously having directions through their higher selves.

Our fourth initiation began in 2007 when we met our Elohim Angel Team and received our three spheres of crystal light, crystal dust and crystal gel. Our fifth initiation began in 2008 when aDolphino was hit by three trucks and five cars. When he woke up four months later, three angels appeared to him and said, turn over and thank Crystalai for saving your life. They said, "We could not save you. Only she could save you." This was the moment when we both knew that we had now created God's movie. We had become the Quantum Observers of the reality that we could make as our Frequencies aligned into the Infinite Unknown of Source Consciousness. The angels told us that our names were written across the skies of heaven and that all angels have heard our music, because they are the ones who have made our music.

We arrived in our sixth initiation, in 2010, where we are working with a team of Aqua Crystal Light Fairies from the fourteenth dimensional liquid light rebirth chambers of inner Earth, the Oraphim Angels and Elohim Angels who are aligning our frequency chambers through our breaths into the crystal pillars of Aqua Crystal Light Fairies Reality. We are the Lightning Rods

on Earth connecting the Sound Frequencies from Inner Earth into the Light Frequencies of Sirius B in the Aquarius Galaxy. Our frequencies connect the rainbow bridge between the atmosphere of Earth into the birthing chambers of Inner Earth.

KNIGHT OF LOVE

from THE PROMISE OF THE PERFECT KINGDOM CD

http://www.amazon.com/Promise-Perfect-Kingdom-Crystal-Orchestra/dp/B01C4U4S7Y/ref=sr_1_1?s=music&ie=UTF8&qid=1456273267&sr=1-1

**lyrics and song by Angela Barnett
performed by Crystal Magic Orchestra**

**We stood in Heaven for one Eternal Moment, pure as
gold, and Angel bright**

**Like a Knight on his white stallion, he carried me up to
the site**

**The day was light, the night was love
Precious stones making walls of love
Gates of pearls forever last
Love brighter than the Sun's fiery blast.**

**We stood in Heaven for just one moment
A pure river crystal clear was flowing down
Hard as diamond and golden light
Like precious stones making walls of love**

**Like a Knight on His White Stallion, he carried me up to
the light**

**Like a Knight on His White Stallion, he carried me up
high**

(Joe's guitar solo)

**We stood in Heaven for one eternal moment
A pure river of Love flowing down**

**out of heaven clear as crystal
The day was light, the night was love**

Like a Knight on His White Stallion, he carried me above

**Like a Knight on His White Stallion, he carried me so
close to Love**

What does the song mean?

Each time the angels send me channeled messages through songs, they always find ways to help me understand the meaning of the songs later through layers and layers of messages and experiences.

This song was given to me as an understanding of the two times that I had died, traveled through the pearly gates of consciousness into the magnificent portals of Infinity, and it showed me a vision of connecting to this Knight of Love, who was my husband waiting on the other side of the Diamond Door that opened into multi dimensional reality fields. The Entity who stood in front of me was what many who have died believe was their meeting with Christ Jesus.

What we now know is that Jesus was not the only person who had become a Christ. There are thousands and thousands of others who have become a Christ. We each have a Christ Self. That spiritual self waits on the other side of the Veil- or the Diamond Door of the Ocean of Love called the Mind of God.

In my case, my Cosmic Self, who waited in the Ocean of Love, had been divided into a male and a female before our journey to the Earth. We created this plan long before we came to Earth. We created this plan because we knew that one half of our Cosmic Sphere would need to stay on Earth and one half of our Cosmic Sphere would need to Die from the Earth, in order to complete the mission of carrying home the pieces of the Cosmic Family who had become locked inside the prisons of Hybernization Zones and had their consciousness turned into the darkness of demons.

We remembered that there is really no difference or separation of one Soul from another. We knew that the ones who had become demons did not do this because they chose to. They were actually captured by Fallen Angelic Races who were very Negative in Consciousness. They were prisoners to such a dark prison that they chose to become TRICKY DEMONS.

The trick that they remembered was that the fastest way to return to Source was to become a Demon. Those of us in Cosmic Consciousness knew that someone would need to escort the Demonic Consciousness back to Source.

Each time a person on Earth was possessed by a demon so that they could return to Source, the person whom they possessed had to die.

This time period of the Ascension into a higher harmonic universe required a DIFFERENT REALITY.

The Maharaji Blue Sirians took the responsibility for removing the demons from Earth because they knew that there would be a demonic take over if they did not.

My husband and I had been working with this Team of Sirians and Elohims for millions of years. This was our Soul Family. We were the part of the Soul Family who was to come to Earth, allow the male to become possessed, carry the demons to Source and then return to Earth.

However, this experiment had never been performed before. It was an experiment that the Sirians were hoping would work.

The way that the Fallen Angelics had taken possession of all Angelic Racelines over the past billions of years was through the formula of possessing the FEMALE part of the Entity.

So, the Sirians put out the invitation for the Demons to take possession of the Female, however, they created a decoy Merkaba around Joe, so that the demons would think that Joe was the Female.

The Sirians knew that if they could keep the Female- me- Safe on Earth, that I would be able to travel through the pearly gates in Consciousness and reconnect my Frequencies of Consciousness back into the Male who was waiting on the other side of the Veil.

The Song is the Vision of me seeing the Knight of Love, who was Joe, who was riding his Unicorn through no time. I was pulled through the Veil and onto the Unicorn with my husband. We traveled through the infinite layers of Cosmic reality including the crystal streams of spiritual water that we could float upon, and the golden light of crystalline energy of the Universe and the diamond like stones that our Cosmic Merkaba wove us into as we opened doors into infinite realities along the way.

The Cosmic Twins stood in Heaven together where the original Sphere of Light containing their complete consciousness wove back into oneness through the vision of the White Stallion-Unicorn and the infinite diamonds would translate into the meaning of the Merkaba Vehicle of Light and Sound allowing us to be in Heaven for several life times before we returned into the multi dimensional realities that we traveled through on

our journey home.

The vision of the Knight and the Unicorn carrying me higher and higher into no time and into glorious crystalline visions or spiritual reality and then finally into the highest realm of all- the realm of LOVE.

It was the unification through the sphere of Love that allowed our Sphere to braid back into oneness. This is what removed Death from my Cosmic Twin- Joe, and allowed him to travel with his entire Soul family back into his body.

There were other members of Joe's Soul family waiting within him through this entire event. In the beginning, it was Markus who spoke to me through Joe's body, at one time, there were entities that he knew as friends including Merlin, and Lacodemus- one of the original Feline Entities from Inner Earth domains that parallel with the Cosmic Dolphins. There was even a brief dialog with Lucifer, who was as much a part of the Angelic Soul family as any other. Lucifer was another entity who had gotten lost during his journey between Heaven and Earth. The event of Lucifer becoming trapped was very common because the formula that was created by the Sirians did not exist at that time.

Now, you know the story of this vision that is written in this song. Imagine taking this journey yourself.
