There has been a continuous discussion about the end of the world, and will it really end, and what does that mean. At the same time there is this continuous revelation of how Mother Earth all who are in her sphere will transform into a New Consciousness.

Both of these opposite realities are true and will take place simultaneously. On December 21, 2012 the Death Star, Nibiru will be headed through our solar system aiming at the heart of Mother Earth. Jehovah and his Raceline will be guiding his Star, as he does every 26,000 years, back to the Earth from the Black Hole of the Milky Way Galaxy. He will be planning to cause the Earth to

Flip and destroy most of what is upon her.

Simultaneously, there will be a blast of Cosmic Consciousness - not just from one Cosmos, but from 12 Cosmos. This group of 12 Cosmos is the Cosmaya Template containing the complete creation of one of Source's ideas. You can think of it as a huge Christmas Ornament full of light and designs of all of Source's creations within this One Sector of Infinity dangling in the Infinite Void.

The Void is where the Breath of Source will come from to breathe into the Cosmaya a brand new potential of a brand new creation that will contain the essence of all 12 Cosmic ideas wrapped in one big bundle of ultra violet blue essence. With one great breath after another, that huge Cosmic Flame that already contains all of the Suns's frequencies from all of the Galaxies within all of the universes within all 12 Cosmos. All of the Suns Frequencies will stream together into Sun Alcyone and then into Sirius and then into Solaria and then into our Sun Vesta. All of that Cosmic Consciousness will be brought to Earth through Gamma Waves or Solar Flares in one great blast after another. Each one of those blasts will be melting away the veils of separation between our soul selves of our entire Cosmic Family of Consciousness until our Consciousness is as full of the Light and Wisdom of the entire Cosmaya.

When the Death Star comes headed for the Earth at

speeds unfathomable, the light of our Consciousness and the light of the entire solar system will be so high and so powerful with Cosmic Frequencies, that a veil will form around the Earth's atmosphere that will make the Death Star actually bounce back where it came from 12 times faster than it came.

At that same moment our Consciousness will be transformed into a new likeness that resembles the entire mind of God. By Christmas, 2012, Christ will be born on Earth once more. That Christ man will be us.

There may be a few bumps on this ride through Cosmic Consciousness because there will be continuous shifts in the Earth as the magnetic fields of the Solar Flares and the Plasma from the Death Star.

Our Cosmic Families are creating a veil that is so seamless and so etheric and yet so powerful from the within of the nano particle into the without of our new etheric density. This new transformation will transpose our atmosphere, the texture of the planet, our chemical and biological make up, and our Consciousness will see things like it has never seen before.

This change is not simply people becoming kinder and more generous, and few children with bigger IQ's. This is a change that allows our tiny little piece of our real self to connect into oneness with our galactic monadic selves and our entire Cosmic Family. We will regain consciousness of

the ability to create star systems and suns and we will remember when we were once a sun. We will have the ability to travel all over the universe.

And we can be forever grateful to Jehovah for motivating such a large family of Cosmic Consciousness to come forward to create this veil of protection and shift in frequencies for us to evolve at an accelerated rate. Of course the acceleration is to make up for all of the time that was lost while we were trapped in this veil of lies. We will be governed by the Lords of Freedom and Peace and Christic Love. We will learn to walk on Earth as a Christ. We will have a truly MAGICAL CHRISTMAS in 2012.

In 2012 all of the potentials of God Source will be exhaled into our sun to create a New Higher Reality consisting of all of the wisdom of the 12 cosmic creations. That new potential of Reality is breathed into the Fiber of the Cosmaya Template. That Cosmaya Flame is ignited by the Breath of Source.

The flame is sending the highest potential into the gamma waves of the Sun of our original creation- the Sun Alcyone. That sun is connecting into all of the suns frequencies from all 12 Cosmos in the Collective Consciousness.

That Frequency of the Cosmaya Flame of all potential wisdom and reality is breathed into our Solar Sun and into our local sun. The suns connection to the earth is

always through her heart. The frequencies sent from the sun into the heart of earth permeate the essence of earth from the within to the without. That frequency is a Breath of Source igniting the new Cosmic reality within every layer of the Earth.

These frequencies of ultra violet light and the Cosmaya template of the 12 Cosmos are preparing a Cocoon to wrap around the atmosphere of the Earth. This Frequency template that is exhaled from the breath of Source is so powerful and so complete that it will saturate the entire lining of our solar system and our galaxy and our universe with the fabric of Source Consciousness and the power of the ultra violet flame of transformation.

Meanwhile, the death star Nibiru is on its way from the Black Hole of the Milky Way. it will be coming from so far and so fast that only the Cosmic web of the Cosmic Flame can stop it.

The frequencies from the 12 Cosmos will be penetrating our Consciousness to melt away layer after layer of the veils separating our own Monadic Self Cluster. We each contain this Cosmic 12 template that contains all of the galaxies and universe and all of the consciousness and wisdom within. This Cosmic Cluster of Divine Consciousness can be as large as what you imagine 12 Cosmic Systems to be or it could be the size of one nano particle which contains the Divine Infinity of Source. All

that is within is also without.

As the Solar Flares and CME's flow into our atmosphere, they will melt away the veils that separate us from all of our other selves- beginning with the 144 selves of our monadic selves and 144,000 selves of our Cosmic Family. As all of the Karma that is separating us from all of ourselves dissolves away as a result of the flames coming in, we become In Tune with the Frequencies of all of our selves.

As everyone on earth grows more and more in tune with this grand Cosmic Flame that is having the infinite void of all possible potential blown through it , we harmonize and stabilize the Earth to the extent that when the Death Star, Nibiru, flies toward the earth at speeds incomprehensible, the cocoon of frequencies that has grown around the Earth as a result of our own Cosmic Frequencies of In Tune Ment, the death star will Bounce off of the Cocoon layer and never touch the Earth.

If the death star was allowed to hit the earth, the earth would flip and everything on her would be destroyed. That is not going to happen because we are being protected by the frequencies of all of our Cosmic Families.

Instead the poles of the Earth will stand upright into alignment with the suns and stars of her birth. This great shift in the Earth will create a great shift in consciousness that allows us to become the greatest gods the galaxies

have ever known. The peace and love and freedom that results from this even in December 2012 will saturate our universe with a brand new frequency of consciousness - brand new, unknown to all but the great void of Source Consciousness- Infinite Unknown.

What we do know is that the new Christ Child will be born on Earth December 25, 2012 and that child will be you and your family and everyone you see in your neighborhood, and all of those you see on T.V. and in the news. All of them will transmute into this new reality. In order to become a Christ, we must see the totality of the great unknown Source within each and every one of them. That is what a true Christ is.
