In order to remove Polarity of the particle and anti particle- or the DNA that is seen as physical reality and the subharmonic that is not seen as spiritual reality, we are required to raise our frequencies into the spiritual level of light and sound. These are the frequencies that remove the seals that block the attunement of the particles and anti particles- the physical and the spiritual.

The Cosmic Consciousness of our Cetacean Family streams the Music of the Spheres through our DNA and the Fifth Dimensional Dolphins tune us in to their

Dimensional Reality.

This is how we gain ascension into the Realms of Reality where our Dolphin Families live. They live within the Vision of no time or space. They live where the darkness is removed. They do not have the separation between the Universal Realm of their star families.

This Vision of our NEW MANIFEST REALITY is accomplished by creating the connection into the Consciousness Realm- the Frequency Signatures of the Guardian Races who created our Divine Templates and activate our Divine Structure through the Music of the Spheres Technology.

The Consciousness Engineer uses the Pre Light and Sound beyond the fifteen spheres of the Music of the Spheres to activate the Re-Birth or Ascension into a higher Dimensional Reality Field. The Cetacean Nation of Dolphins, Whales and other Beings have been working on keeping this planet In Tune with entire Earth's Matrix of the Five Spheres through the Music of the Spheres

Technology.

The Cosmic Dolphins within the Etheric Dimensions of Inner Earth are 14 dimensional beings who have been here holding the Frequencies of the Cosmic Form on which the entire layered reality of the Earth's Domain has been built.

The Dolphins in our Seas are Fifth Dimensional Beings. They have been holding the Earth in alignment within the Music of the Spheres until this time when the Earth will finally become able to stabilize into the proper alignment within the Spheres of Music.

The Whales are the Over Soul of the Dolphin. The Dolphin is a Soul in itself. The Dolphin's Soul Matrix has been holding our Soul Matrix in place within the Aquafarian Elemental Reality Field.

The Aquafarian Dolphins live within. They are Etheric Water Substance beings in Reality. We see Dolphins as third dimensional because they allow that to happen. These same dolphins are swimming in our DNA subharmonics. It is the activation of the elementals

swimming in Joyful Bliss within the omnionic subharmonics of our DNA that activates the Synaptic Clef to Fire or Project a NEW REALITY on to our Movie Screen - our Reality Field - our Holographic Reality that we create around ourselves.

I have surpassed the expectations of the Guardians for this time schedule. I was told that I have pushed the Probable Future Time line forward by at least ten years simply by creating these albums. I have broken the barrier of communication between human angelics, Sirians and Cetacean Nation Entities. The Complete Music of the Spheres of creating new melodies with the Dolphins is accomplished, complete, understood and demonstrated.

After one night of listening to Heavenly Dolphin Therapy you will begin to live in the Ocean of Bliss, which is required for manifestation to begin.

After one night of listening to Magic Dolphin Therapy you will begin levitation. You will feel so High and Blissful

that it will be hard to keep your feet on the ground.

After you become saturated with the FREQUENCIES OF CONSCIOUSNESS in first two albums and then spend the third night listening to Cosmic Dolphin Therapy, a new level of 144 subharmonics will be singing within your omnions and singing with the Plasma waves that are ready to turn on the Lotus Blossoms in each of the Chakra Areas and preparing to pop off the Seventh Seal on the top of your head.

The Kit was created to be listened to in the three stages. Those who go straight to the third album might experience extreme pain when the ultra sonic tones turn on the electromagnetic language channels that run between the ears through the mid brain.

The three albums are designed to first allow consciousness to float into the Frequency Waves of the Dolphins, next to combine the language of the Fifth Dimensional Dolphins on Earth with their Higher Selves

in the Cloud Cities and Inner Earth. The second Album concentrates on the Music of the Spheres technology combining the Base Tones that are heard from Dolphins and Whales, Activation Tones like High Tones, splashes and Tail Clapping. These Tones and Frequency Signals are used by the Dolphins and Whales of the 'Oraphim Raceline' to pull the New Earth into perfect harmonic alignment with the Music of the Spheres Technology. The Electromagnetic Signals are also held in the Moon. The Moon is actually a hologram created by the Founders Races of the Maharaji Race line to connect the energy signals from Earth into the Universal and Cosmic Realms of Consciousness.

The Dolphin is already HIGHER Dimensional. This means there is no Space and Time in their Vision. That means they already realize that they are within the Universal Starry Realm, which is only a three foot sphere around them. They are always bouncing their waves of telepathic communication directly into the entire musical concert of the spheres within spheres within spheres. The Dolphins work as a symphony. Some are working on the Base tones while others are working on the Resolute tones that connect our Planet to the Cosmos. And then the Dolphins work together on maintaining the AUM tone of Zero Point with Source Consciousness. The tones collected

through the sonic resonance result in new Resonant Twins of the spiritual and physical sound systems attuning into a new Symphony where we may now sing our melodies in tune with the Dolphins. The Dolphins and Whales are the Masters of the Music of the Spheres technology.

All of these things are going on every time we hear the Dolphins and Whales; and, of course, other Cetaceans, singing and playing.

The Whale holds a larger responsibility. The Whale is actually the OverSoul of the Dolphin in the Cosmic Realm of reality. The Oraphim Whale People were a Cosmic Race who created the other Cetacean race lines together with the Sirians. The Dolphin is always connecting messages of electromagnetic frequencies of light and sound into and through their Higher Self- the Whale. The Whale holds the entire creation matrix of the Galaxy within his or her body. The Dolphin holds the harmonic universe two of Tara and the Whale holds the harmonic universe three of Gaia.

Soon, we will be meeting the Blue Maharaji from Sirius B. The more we learn to communicate with the Cetacean Nation who already lives on our planet, the better we will be prepared both energetically and telepathically to communicate with the Sirians and Eiyani and other relatives of our Founders Race line.

It is our time to join this harmonic fold. As we rise into our fifth dimensional consciousness, the Dolphin becomes free to rise higher as well.

What are the 144 subharmonics?

Each DNA strand has a double helix. That means two strands woven together. At a deeper level, there seems to be the invisible 12 subharmonics. In addition to the 12 subharmonics in the Angelic Human harp strings that are called DNA, there are 12 more subharmonics on the other double helix as well on the INDIGO DNA. The Indigo Template of the Etheric subharmonics that attaches to

the physical realm and the 12 subharmonics that attach to parallel spiritual realm.

These realities did not exist on Earth over one hundred years ago. The Indigos began to be born on Earth one hundred years ago to begin preparing the Planet for this Ascension Period. The presence of these new double set of subharmonics is what is removing the POLARITY from the Planet.

Polarity has been misrepresented in most New Age teachings. It is not referring to good or bad, happy and sad or even left brain right brain realities. Polarity simply means removing the SEALS that separate the physical from the spiritual. And that is done at the Etheric Level.

The dolphin is removing those Seals every time they breathe their specialized attunement electromagnetic signals into and through the entire music of the spheres and creating a brand new reality in each breath.

It is that brand new reality that is being given to us constantly by the dolphins, whales and Indigos. Over the past 15 years, there has been a more specialized Indigo born on Earth who is born with the sixth DNA strand already activated. And that sixth DNA does carry the complete 24 subharmonics - 12 on each of the double helix. That is the Indigo with the 144 subharmonics that is now combining with the Dolphin with the 5 DNA completely attuned to all 24 subharmonics in each DNA and the Whale who is attuned to the complete set of subharmonics in 8 DNA. These are the set of Entities who are Tuning us in to the Higher Set of Frequencies that are now on Earth and in Earth.

You see Earth will become a Star by the 2040's. Those who call themselves starseeds are supposed to be tuning into the same light and sound frequencies as the Earth, in order to become a star with her.

COSMICDOLPHINMAGIC.NING.COM is the Home of Recordings, Writings, Techniques and Tools that assist in ascension into the FIFTH DIMENSION, or any other

Parallel Reality System that is desired.

When we were living in Monterey, California, we were given the divine mission assisting and watching the Dolphins rise into the Clouds. During the time of this ascension activity the Dolphins, who are members of my Cosmic Family sang the songs through me that I have included in these albums.

I had a chat with Mother Earth and the one who sometimes called Mother God, Mother Mary or more recently being referred to as Sophia. The Entity that was communicating with me at that time told me that she did not know of any other way to Ascend except through the Crystal Heart of Mother Earth. She said that is the way Ascension has always been done over the past billions of years that she had been around. She said, of course you can create a new way of ascension if you want to.

So, this is when I was taught the importance of always connecting my Crystal Heart with the Crystal Heart of Mother Earth in order to Raise my Frequencies to this

place in the Inner Cities of Liquid Light and into the Cloud Cities of Liquid Light Sound to Align and Raise my Frequencies into the Complete Music of the Spheres of all multidimensional realities and then to Breathe this new Frequency into my Reality. The body must first tune consciousness into the higher realm and then the body will follow.

That is why I have created every album of Frequency Collections. I have been following the directions of the Divine Goddess Frequencies within Mother Earth that contain the complete Music of the Spheres of this Cosmos and the connection to all other Cosmos.

The time of this Divine Conception of the Birth of Mother Earth into a Star began as I connected my Crystal Heart into hers. I saw her become a Star, and she said thank you. That experience was recorded in the Mother Earth's Heart beat of Love Album. There has been this series of albums that have been created as I watched this phenomena of the stage after stage of Earth becoming a star as we become star seeds. I recorded the phenomena of Sun Alcyone appearing in 2008 through my Cosmic Eyes.

The Sun Alcyone that appeared to the rest of the world five years later was recorded on the Parallel Universe Album.

These albums contain the Dolphins melodies and frequencies that activate the Music of the Spheres and contains the voices of angelic dolphins, the dolphins who are the lords of our water, the aquafarian dolphins and the Oraphim Braharama Cetacean voices. These dolphin voices and frequencies woven into the magical god language of our Starry Families from Sirius to create the triangulation required for beginning telepathic communication with Dolphins.
