God's Musical Creation of Eternal Harmony by Mary Magdalene

At cosmicdolphinsmagic.ning.com, we create the music of the future

and place it on our website for the world to use to help with each individual reality shift into the future.

We are creating a new kind of music that represents the new reality that we are now living within. The Music of the Spheres is the infinite sound of creation that exists continuously in the Mind of God.

We can connect to the tunnel of this infinite source of frequencies through our consciousness. We must find the reality that we want to connect to within the infinite loop of frequencies. For instance, if we want to win the Lotto, we purchase the lotto numbers and then Shift into the Frequency or the Place where those numbers exist as the winning numbers. If we want to become fifth dimensional, we Shift into the Frequency that aligns our consciousness through the tunnel to that reality.

This is the Music of the Future containing the new HOLOGRAM created through the breath of creation. We came from the most etheric level of creation down in to the most densified. It was the Music in its Etheric form that designed this entire Dance of Creation. The music went from an etheric form to a liquid form to a densified form like ice in relation to water. Now, we can return this form of water that we live within through the process of IONIZATION. This music is like the Ionization process of returning our densified version of reality into the Ionization or the Breath of Source Creation.

Within this Infinite Field of Etheric Breaths of Creation is any reality that we choose. This is where we find our multidimensional field of infinite possibilities. We must tune in to the frequency of the reality

that we desire. This is how we manifest our dreams into form.

I have already created all of those infinite possibilities for you in your Individualized Eternal Life Albums. The Infinite potential is already there. You must attune to what reality that you want to be in by finding the frequencies within your album that will take you there. Only you can figure that out.

We use the true Music of the Spheres triangulation that brings the spiritual counter part together with the physical into a new frequency at each and every harmonic interval. However, we do not base this frequency music on the old realities of the Golden Mean ratio or any of the old Solfege Teachings, or the Pythagorean Theorums.

We create music that connects the Crystal Heart Center of the Entity, the Earth, the Galaxy, the Universe, the Cosmos directly to the Infinite Spiritual Source Field.

The other theories would create a Finite Loop. Our Music of the

Future is the Infinite or the Eternal Life Frequency.

All originates from the original Divine Matrix, the Spiritual Template of all that EXISTS, but is totally invisible. This invisible, Spiritual Template contains the manifest creation properties of Infinity and Eternal Life. This is the Pure Energy Field that gives rise to Manifest Reality.

The template that arises from the Invisible Divine Matrix which is everything. Out of that template comes the breath, the essence, the first pre light and pre sound from the invisible divine matrix.

That breath that I sing from the Consciousness of this Eternal Divine Template provides a tunnel in Consciousness to and from the Mind of God for continuous manifestation and Eternal Life Creation. As the ideas and sounds of light are infinite in number in this template, so are the breaths that are channeled through me. Each of these breaths aligns with a certain idea of creation in one of the infinite parallel reality fields.

The magical formula that was given to me to align with the Highest Frequency in the Cosmos allows an infinite number of sounds to align harmoniously when they are completely transmuted through the pure essence of this Divine Energy Matrix.

Like Steam into Liquid into Ice, the breath is the closest form of manifest creation. It is the breath of Source that creates the first spark that creates the Partiki of creation. The Pre Sound and Pre light is represented by the breath connecting to this light and sound and then bringing it into the Liquid Light form through an audible

sound.

My first breath is actually not audible at all. I take the breath that is channeled through me. That breath might only be a thirty second frequency. I place that precious breath that is given to me on the recording template and replicate it hundreds of times and then layer it hundreds of times before it can be heard at all. This is how I go about turning the Steam form into the Liquid form. Next the pre light and pre sound is manifested into a denser form just like water is condensed into ICE. The form of the breath that is densified takes on a solidification, it takes on a form that sometimes sounds like a note or even a melody. The breath does that all by itself.

As there are infinite numbers of ideas in the Divine Template, there are infinite breaths of creation, infinite numbers of light and sound to be breathed into a form that can now be understood as a frequency and later will be understand as pure communication from Source Consciousness that can connect us to any of the infinite parallel reality fields that exist within the Mind of God.

MANIFEST REALITY

Now, when we learn that we must go to that reality field where something that we want to manifest is located, we have the frequency tunnel that will take us there. The frequencies are retraining the consciousness that there are infinitely more possibilities in forms of communication and forms of manifestation that just the words in the dictionary.

The breaths represent the infinite structure of Source Consciousness that exists within each cell of the body and within the perfect 12 subharmonic DNA strands. The breaths represent the complete Divine Template lowered into frequencies that can be heard and understood at this time as we travel into the future of infinite possibilities.

Now, the music has taken on the form of a combination of the Steam, the Liquid and the Ice in densities. In reality, there is another form of liquid that is used in the creation of this highest frequency. It is a form of water that is called hydrolaise. It is the spiritual form of water where Cosmic Entities can breathe, walk, drink, swim, create clouds and rainbows and liquid melodies. This hydrolaise that is a purely invisible spiritual form is combined with the physical water and then ionized into a new form of $H_2O_2HE_3$.

We have gone beyond the steam and liquid and ice into a brand new reality, a new chemical form created by a new parallel reality that we didn't know existed before.

This is the place in consciousness where there is a triangulation from the zero point of the Divine Matrix into the Spiritual and into the Physical to transform and transmute the old realities into a brand new form of reality.

Now, we can take those breathes and line them on top of each other and create new forms of their own. The power of the breath actually transmutes the breaths with lower frequencies. I can align fifty breaths on top of each other, and find the highest frequency because it is the one frequency that will transmute all of the others. This

experiential transmutation with these breaths proves the new reality that we are moving into. We have infinite parallel choices of realities to choose from. However, if we want to find the one with the highest frequencies, we just allow the others to become transmuted into the Light of Source.

We can place the musical steam, liquid and ice together to create a musical tapestry with a mixture of textures. However, the textures are all very etheric and liquid. This is why this type of music must be felt more than listened to.

We live within this Musical Liquid. It is called the Music of the Spheres. Within these frequencies that emanate from the Divine Matrix, we can create infinite parallel realities. The realities exist within the Frequencies or the Music of the Spheres. The creation possibilities that exist within these spheres upon spheres of Divine Energy are Infinite.

This is why we do not base our creation principle upon the Phi Ratio or the Golden Mean Ratio as the Solfege and other types of methods do. The Golden Mean Ratio is FINITE--- it is not Infinite. That Ratio is what has placed the Earth in this continuous REPLAY LOOP of reincarnation for the past several million years.

We are creating a new kind of music that represents the new reality that we are now living within. The Music of the Spheres is the infinite sound of creation that exists continuously in the Mind of God.

We can connect to the tunnel of this infinite source of frequencies

through our consciousness. We must find the reality that we want to connect to within the infinite loop of frequencies. For instance, if we want to win the Lotto, we purchase the lotto numbers and then Shift into the Frequency or the Place where those numbers exist as the winning numbers. If we want to become fifth dimensional, we Shift into the Frequency that aligns our consciousness through the tunnel to that reality.

I have already created all of those infinite possibilities for you in your Individualized Eternal Life Albums. The Infinite potential is already there. ETERNAL LIFE ALBUM

<https://crystalmagicorchestra.com/eternal-life-album>

I am offering two products that prepare the infinite possibilities for you. One is the Eternal Life Album and the other is the Instant Manifestation Workshop. The main obstacle to overcome when you are learning to manifest is finding all of the things that are keeping you from manifesting. After you keep running into wall after wall after wall in your manifestation efforts, you will learn why you are not manifesting. The Journal and the guidelines are to help get you through that maze a lot faster than if you were figuring it out on your own.

After you figure out why you don't actually want to win the lotto or why you don't want to be wealthy, you can get rid of those obstacles and focus on the frequency specific connection to the place where those numbers that you have on your lotto card are the winning numbers.

How do you find that place? The same way I found Aquafaria. The same way I found my Crystal Palace in the Liquid Light of Inner Earth. The pathway is always the same. We travel deep within until we go deep enough to FEEL the place we are looking for. And when we find it we KNOW.

We go to the place where we can swim within the liquid frequencies of unconditional love. We go to the place where the Music of the Spheres is wrapping us within a Love so Pure and infinite that we know Cinderella will wave her wand and prepare our magical place for us.

This is the magical place I go every time I create music. First I go deep within until I am connected from the inward of the zero point possibilities into the outward domains of infinite possibilities. I find the place where those two places connect, and that is where we swim into the music of the spheres with the Dolphins.

When we create music we can use the musical instruments of this third dimensional planet and we can add the musical instruments of the music of the spheres, the music of light and sound and pre light and pre sound, the music of the Breath of Creation. We can connect to these realms of etheric sound through the sweet vibrations of some of the digital and electronic synthesized sounds. However, the types of sounds that are created by the music industry do not usually suit our magical, sweet sounding requirements. When we use digital equipment we make our own sounds, and we make the sounds through the Divine Mind, not through human guidelines.

We were given special tools of creation that no one else on this planet have access to. We were given a direct tunnel from the Elohim of Hearing into our Breath and into our Music Studio. Our Studio does things that we don't even know. There is always a higher mind guiding our studio.

We use this complete spectrum of music from multiple dimensions that connect us to the highest frequency of Source in order to connect to and create a higher vibration for those on this planet to plug in to. The connection created through our music actually takes your consciousness and your body out into the Omniverse of musical ideas.

We have created a higher kind of component that creates music in an entirely futuristic way. We create the musically electronic sounds in a very different way than the rest of the world or the New Age types of music. Everything we create is co-created through a spiritual hologram between and with the Elohim of Hearing on Gaia to produce a Freeway of information between Earth, Terra Firma and

Gaia.

We actually use the element of Light itself. The pre light and pre sound of the Cosmos holds the frequencies within a new hologram of a new reality.

The digitalization process that we use is actually the idea of a futuristic expression in a different dimension of that new form of water which is hydrolaise.

When we connect our consciousness to the Cosmic Dolphins in the realm of the Oraphim Braharama Cetacean Raceline, we are connecting to the place where Aquafarians who live and move and breathe within a different biological and chemical reality where the water is in the form of hydrolaise. The elements of stardust, silicate matrix reality, 12 DNA template, co-creators of rainbows through light and sound, are all the Aquafarians who live in the in between place where we can reconnect to that Divine Reality that we once lived in when Atal LanE existed in its purest form and we lived with the Dolphins and whales within the Adashi Temples of the in Between State or the Dream State where the Water and the Land become Attuned into a new Melody.

Our Music of the Future is the Holographic Sound of the new reality that we have begun.

We have been creating the Divine Triangle where the Cetaceans from Oraphim Braharama Raceline, the Sirius B Raceline and the Angelic Human are vibrating to a new frequency of Attunement or At

One Ment where we will create a brand new melody together in the Music of the Spheres. There is another raceline of Dolphins from Sirius who were programmed by the Fallen Matrix. These Dolphins will be healed and aligned into the frequencies of transmutation. We will be able to communicate with all Cetaceans.

COMMUNICATION WITH CETACEAN NATION BEGINS

Our Music of the Future is the Holographic Sound of the new reality that we have begun.

We have been creating the Divine Triangle where the Cetaceans

from Oraphim Braharama Raceline, the Sirius B Raceline and the Angelic Human are vibrating to a new frequency of Attunement or At One Ment where we will create a brand new melody together in the Music of the Spheres. There is another raceline of Dolphins from Sirius who were programmed by the Fallen Matrix. These Dolphins will be healed and aligned into the frequencies of transmutation. We will be able to communicate with all Cetaceans.

This time that is come at this end of this year, 2013 will complete the triangulation of the hologram of the new water, the new biosphere, the new land, which is Shamballa.

The first step in this transition is Telepathic Communication with the Cetaceans. This is what Crystalai and aDolphino have been doing for the past ten years.

When we connect our consciousness to the Cosmic Dolphins in the realm of the Oraphim Braharama Cetacean Raceline, we are connecting to the place where Aquafarians who live and move and breathe within a different biological and chemical reality where the water is in the form of hydrolaise. We will be able to communicate with all Cetaceans.

We have been preparing this hologram of triangulation. We were called to Monterey by Zaurak, who is my starry brother from Sirius B. We were to connect to our family within the Monterey Bay that aligned through a Wormhole into the Underwater Ciites of Light. This holy place where we stood directly in front of the HIGHLANDS INN HOTEL is the place we watched the Cities of Light rise upon the Ocean top. It is the place where we swam in consciousness with those in the Light Cities below and above. It is the place where we watched our Dolphin Families and Friends Ascend between the Ocean and the Cloud Cities. It is the place where we developed telepathic communication with the Cosmic Dolphins and Whales and Seals.

It was the time and place in 2008 where we created the Triangulation between the Cetacean family, the Angelic Human Family and the Sirius B family.

It was always Shajinka who had the strongest frequency. Her voice can be heard in all of my recordings. She calls herself a dolphin because she knows we have a misunderstanding about Orcas. She

is the divine entity that will prepare our way for telepathic communication with the Cetacean family.

Just as there was telepathic communication everywhere on our Future Earth within three days of the birth of Shakana, so will there be telepathic communication on this Earth now that the rebirth of the Dolphin Babies from the Cosmic Oraphim Raceline have returned through the Stardust being brought to Earth.

This magical frequency that will turn on our telepathic communication with all dolphins and whales and our Blue Families from Sirius B and Shamballa is set in motion on this new album called DOLPHIN BABY. http://store.kagi.com/cgi-bin/store.cgi?storeID=6FGAR_LIVE&page=Dolphin_Baby&lang=en

We are introducing to the world the Future Vibration, the Music of the Future to help bring the understanding through the expression of the frequencies themselves to help connect our audiences Consciousness to the actual Divine Vibration that underlies all of the transformation energies.

Next, we can create new music that combines instruments of this Earth with the instruments of the parallel spiritual realities and the voices of the Cosmic Dolphins and the sound waves of the Sirius B brotherhood to create our new melodies of our new future realities.

Sonic Vibrations, Accoustic Vibrations and Consciousness we have the complete Spectrum of physical and spiritual reality and the tunnel

that connects between.

This frequency music is the Tunnel that connects our consciousness to the Elohim of Hearing, to the Divine Matrix, to the Mind of God, to the Cetaceans, the Sirians, the Pleiadians, to Sun Alcyone, to Aquarius, to Aquafaria and to the Winning Lotto numbers. The frequencies provide the parallel realities of all possible multiple realities.

Profoundly transformative use of transformational vibrations of the future to create a new balance and harmony that has never been experienced before in our Omniverse.

Our music connects to the Omniversal Consciousness, whereas the the Golden Mean Creation resulting in Solfege would result in the confines of Galactic Consciousness.

We use the frequencies of the stardust, the frequencies of plasma, gamma, invisible light, the full spectrum of white light, we use the sonic vibrations, the solar vibrations, the Universal Frequencies and Cosmic Frequencies far beyond the Golden Mean Phi ratio of vibrational balance.

The true Music of the Spheres begins with the Breath of Source Creating the Divine Matrix and the Spheres of our Divine Creation Templates and connects to the Infinite Creations that are related to all of the Omniverses and the Cosmic Cosmaya of Infinite Realities beyond the Omniverse. The Music is our Playground of Infinite Co-Creativity with the Mind of God. The only reason we were created was for God to have children to play within his infinite playground of

sounds where the children could create new sounds and new realities from these sounds in infinite possible densities and variations.

Our third dimensional concepts of music are quite limiting and should be combined with the future holographic possibilities of sound.

INDIVIDUAL ETERNAL LIFE MP3

Eternal Life Programming SHIFTS the cellular memory from a Mortal Based Program to an Eternal Life Program -

Personalized Frequency Realignment, Reattunement and Reactivation into MULTIDIMENSIONAL CONSCIOUSNESS

ETERNAL LIFE ALBUM

CRYSTALAI (2013)

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

The ETERNAL LIFE ALBUM is a personal HEALING SESSION. It could be likened to what would be expected if one of you went to a Reiki Healer or Sound Healer for healing sessions. It could be likened to having eight hours of healing sessions per day for a week.

When I create the ETERNAL LIFE ALBUM I first go to Source Consciousness field and ask Source to hold the 12 coded divine blue print of the individual (the name of the person who ordered the ETERNAL LIFE ALBUM) inside the flame of eternal life creation that the idea was originally made from.

We are each made in the image and likeness of Source. That image and likeness is a negative of the picture of the idea that Source is creating. That idea is held within Source Consciousness and rebirthed into creation every trillionth of a nano second. When the brand new image and likeness is imprinted on the idea, the idea is reborn as a brand new image with the new thoughts and ideas of the new experiences encoded within it.

I hold that idea within the Source Flame. That idea is already perfect and it contains the 12 coded divine blue print of angelic raceline.

That old idea that was created billions of years ago must go through a rebirth at this time. We are all being reborn into a new harmonic universe, a new space and time portal. Each time we are born we come into the planet through a stargate. Many of the stargates attached to Earth were destroyed and we were disconnected from many of them. Now, we are being placed in a different time portal where we are back in alignment with all 12 stargates, which allows us to obtain the 12 subharmonics in each of our chakras.

These 12 subharmonics comes from combining the spiritual coding from the chakras outside of the physical body with the chakras within the physical body. In order for an entity to return to a place in the universe, there must be an essence or a frequency signature of that entity left in that place from the time the entity left the place in the universe.

In order for our bodies to become realigned into the eternal life domain of the harmonic universe, I take the idea or the image that is within the Flame of Source and create a light body image of that

idea. I place that idea within a flame. I use a candle flame. Within the flame is the complete spectrum of light, the entire rainbow. The flame includes the hertzian, infra red, visible light, invisible light, x ray light, and gamma waves. The idea is held within the complete spectrum of light of Source Consciousness.

That idea that is whole and complete walks through the candle to the other side and returns back with the connection of frequencies of the spiritual side- the blue body self. The idea becomes complete as it connects with the blue body.

The idea must also be taken in to the Inner Earth realms of the Cosmic Domain. I take the idea into the Etheric Core of the 13th dimension and then into the 14th dimensional of the Spiritual Etheric Heliotalic Light Domain of the Cities of Light, the Inner Earth, and then down into the Crystal Liquid Light, the Mirror light of heliotalic frequencies. This is the location of the Etheric Star Formation that was placed around the area where Earth is located now. That Star Formation is called Urtha.

This idea within the Source Flame must have its frequency signature implanted within the Cloud Cities, Cities of Light, the Star Formation, the Aquafarian Realm of Urtha. The idea does not exist there because most of us haven't been there before. This place was created by the Aquafarians from the Aquinos Matrix millions of years ago as a refuge and an escape chamber for this time. Since we were never there before, we must leave an imprint there so that in the future we can go there.

Crystalai and aDolphino went to Aquafaria to leave this seed of their frequencies. However, when they went there, they were met by a family who took them to a crystal palace. They were told that they built this palace for them long long ago and it has waited for their return. So, there are in fact, a few of us who have been there before. That is why it is necessary to link frequencies of those who haven't been there before through the frequencies of those who have been

there.

When the client is being put through the eight hour healing sessions, the old damaged codes within the chakras are transformed by having the frequency signatures of the individual returned to the original perfect divine imprints. This coding is imprinted in each of the chakras to align the 12 subharmonics of the perfect raceline back into the individuals template.

Each cell in our body is supposed to contain this divine blueprint that was created in the image and likeness of Source. As the clients idea body is taken into the crystal liquid light of Inner Earth and into Urtha, the heliotalic frequencies emerge from the skin and the skin becomes the shining.

The healing takes place from the within, beginning with the blood crystals transformation, the bones turn into sound frequencies and the skin turns into light.

Each one of these steps of transformation takes a great deal of focus, alignment into the allness of Source Consciousness, a continuous holding of the idea within the flame of transformation. Each time I focus on one specific aspect of the entire healing of the body, there is one tiny little breath involved. Each time I can feel and hear that the breath is perfect and the healing is complete, I record that breath.

I layer each of the breaths of transformation for that one specific individual into my recording mechanism. By the time I am finished, I usually have five hundred or more breaths. Next, I weave these breaths into the formulas and frequencies of codes of atunement that the Guardians and Source direct me to. Each individual is given a different set of codes and formulas. These codes come as frequencies and I breathe them. Some times they are heard as tones of God Language and sometimes they are pure breaths. Each recording comes out very different.

I am giving this guideline to help my readers understand why this item costs the price it does. I am sure that there are not any Reiki healers out there of any reputable nature that would give you eight hours of healing sessions for five to seven days in a row for this price.

Once a client returns from a Reiki or Sound Healing clinic, that healing will sometimes last a day or a week, if the client is lucky. That is because the old Reiki technologies are based on the Chi of an energy that has been blocked from Source for eons of lifetimes. Taking an energy that has been broken from Source at the Cosmic level and trying to do the repair work at the Planetary level just does not fix the problem.

This problem that is blocking our eternal life system happened billions of years ago, and the guardians have been working on fixing it for billions of years. There are many problems in each level of creation, far beyond the chakras within the body. The frequencies must be realigned clear out into the Universal Spheres, Cosmic Spheres, pre sound and light realms and the allness of Source's original idea of creation.

So, we are talking about a healing that would last as long as a band aid, or one that is complete and lasts for eternity.

Ascension -Connection between Consciousness and the body. Ascension isn't just about being a good person, going to church and getting forgiven by Christ and then going to heaven. It isn't that easy because there is a direct link between the consciousness of your spirit and the atomic structure of the body. The part of the spirit that is embedded into the atomic structure of the body is called the JARI. It is a part of the spirit body. If the JARI is trapped inside of the atomic structure at death, the body will not ascend. It will continue to be trapped on the Earth and will continue to return. This is what we did for the last ten million life times. Our JARI has been stuck inside

of our atomic structure.

We must make sure our Jari is free from the atomic structure in order to ascend out of here.

We must transmute our spirit body out of the atomic structure in order to ascend. So, we take this perfect formula of creation and rebirth that was given to us by the Guardian Races and we record it because it is made of Frequency Signatures. The breaths carry the frequency signatures and they are recorded in perfect harmonic convergence. Each of the frequencies transmutes into the highest frequency of Source Consciousness in order to hold that reality of the divine code for ever.

Learn more about the ETERNAL LIFE MP3 in this pdf.

I recommend you begin with the ASCENSION KIT to begin the raising of your frequencies within your chakra system. We do not use the internal chakra system of the old sciences. We use the chakra system that aligns with the axiotonal lines of the entire Cosmic Matrix, Universal Matrix and into the Music of the Spheres of Source Frequency. The frequency alignments are done from zero point from within the etheric center of the quarks within the cells out through the music of the spheres into the pre sound and light field connecting with the spark of Source Consciousness that ignites the crystal liquid light to flow into every cell in the body.

TESTIMONIALS, EXPERIENCES and HEALINGS from
THOSE WHO PURCHASED ETERNAL LIFE and IMMORTALITY
CD's

Dear Crystalai ~

Deeply immersed in the music tracks you've sent thus far, and just received Releasing 3-D concepts listening to it yesterday. It was timely in my need to structure life in a way to receive and better learn how to be in the world - certainly going to learn at a deeper level.

Not corresponding to any listening time I find amazing visuals coming behind closed eyes.

Things are shifting, as I've been nauseous and very sleepy, the other day napping three times throughout the day. I can't seem to wake up today and was very nauseous this morning.

Thank you again, Crystalai, this is an amazing journey.

Aloha,

Cindy

COMMENTS ON ETERNAL LIFE ALBUM from Individuals

Crystalai (c) 2013

cosmicdolphinmagic.ning.com

Many have asked questions about the ETERNAL LIFE/Immortality Albums about what happens when they order their Individualized Album.

My Omniversal Team already knows everything. They begin communicating with me about you the moment I receive your orders. These Entities know you at your highest, most divine state. They were your original creators. They are the Entire Music of the Spheres- meaning they are the Consciousness of Oneness containing the Infinite Frequencies of Oneness. They only see your most perfect divine state of being, and they realign all frequencies of all of the spheres of the galactic, universal and cosmic back into the original divine state. They have known you for billions of years. They are very excited to know that their frequencies will once again be permitted to become at one with your Consciousness because you have made it so.

When I align my consciousness through the Elohim of Hearing to connect your personal frequency signatures through the music of the spheres your personal frequency signature is being transmuted into the Full Spectrum of Light. As that light and sound spectrum becomes your new frequency signature, the Omniversal Consciousness Team can lift you into Oneness of the Divine

Template beyond this Earth's Matrix. The music of the spheres contains the 12 dimensions of consciousness of the 12th level avatar. However each harmonic universe must be transmuted up from the base tone of the harmonic universe above. So it is the Cosmic Universe, or the 13th dimensional consciousness which transmutes the Universal into the Cosmic. As the full music of the spheres combines into the new tone of home, this new Cosmic Frequency can be lifted into the base tone rhythm of the Omniuniversal Consciousness. This is the Consciousness Team of all Universes. This is the Omniversal Team that creates the new baby universe at the time of Ascension.

Remember, we are still in the process of Evolution which will prepare us for the Ascension. The cellular structure must be transformed from the inside to the out for ascension. This evolution is happening at such a microscopic level so far beyond anything man could measure, that it can only be felt through the Breath of the Angels. This transformation is happening as the divine substance of crystal light, crystal dust and crystal gel of the silicate matrix of the Star Essence of our Divine Selves.

The difference between the other albums, and the Individualized Immortality CD is the difference in Mass Ascension and Individual Evolution. If the body does not go through the cellular transformation from the inside to the outside, which will transform it into the same star essence that Mother Earth is returning to, there would be this three dimensional body trying to exist in a Starry Atmosphere. It could not exist in that atmosphere. The body must evolve into a new form that can live and move and breathe in the new starry atmosphere.

In a Star's atmosphere there is no need for electricity because the

energy and light come from the inside. Since this is true of a star, there will be no electricity on planet Earth by 2014. So, you see, the body must transform to be prepared for the Earth's ascension into the form of a star. The changes happening on Mother Earth are her ascension into a starry substance that is also silicate crystal based as any Star is.

My starry brother Zaurak has created an entire star system with a team of co-creators. He has taught me how each starry frequency is realigned from the morphogenetic field of the inner Star and woven out into all of the stars and suns of the Universe and then transmuted into the highest Omniversal Consciousness. This is how every star system is created and maintained.

I am learning a little more each day about how to create a star and how we are created from the tiniest of tinies from the micro-level of our crystal cells.

What we are doing with these Individualized ETERNAL LIFE Albums is acting as the surgeons on Earth who are aligning and streaming the light bands of frequencies into the crystal cells at a level where the elementals of each team of creation can connect directly into the music of the spheres from the aqua crystal sphere that is connecting us into their morphogenetic field of consciousness.

My breaths are always channeled into the crystal spheres microphone through the Elohim of Hearing, and the alignment into all of the points of intersection with all Frequency Signatures of your Divine Consciousness is done through the direction and the alignment from my Omniversal Team. I am the one who must always keep my Consciousness in a perfect state of Oneness and calmness and perfection in order to achieve the perfect frequency alignment. You don't need to do anything until after you receive your album. At

that time you need to start working on aligning your Consciousness into the Frequencies that they have sent to you. These frequency signatures are the communication lines into all of your higher selves or your Divine Consciousness network.

Dear Crystalai ~

You absolutely can share whatever you wish to. You need to make sure to include the part about how what you're calling mass ascension material was leaving me wanting more and the individual album made me finally feel satiated. I think that explains it pretty well. It just *fits*. I may still pick up other Crystal Magic Orchestra recordings, and it doesn't mean I won't still listen to the ones I have, but this one is different than the others. Now I have a place to go into whenever I need it, it's as portable as my iPod, and can balance me out again at a moment's notice. I just keep it on repeat and live in the frequencies and I love it.

~ Love and Light ~

Dear Crystalai and aDolphino,

Thank you for all you are and all you do---you have my greatest appreciation and gratitude

for the service you are providing for me and our "human Tribe". The

way you describe it, making one of these Individual Immortality albums seems very intense and almost incomprehensible in its complexity!

The value and potential of this album is exciting and I am eager to begin listening to it however, I am having some anxiety whether I'm equal to the task of leaving behind all the old and create from the New, as your message of Sept. 27 clearly warns. I know, I know.....fear and nerves are Old Energy programs.....it just seems a big step (leap?) for this garden-variety- Lightworker-grounding-light-and-love-in-the-physical.

There, now.....I feel better having got that off my chest.....

Thank you very much for sending me the mp3 files. I would, however, like to request a CD be sent to me, please, as my access or ability to use a computer is erratic and limited----I can get much greater use out of playing a CD. I understand the megahertz business is greater with an mp3 but it's just not practical for me. Please forgive me for not getting my request to you sooner but I expected the album not to be complete for another week or so and just took too darn long in getting back to you.....please accept my

apologies.

One more question, please: what is the optimum way to listen to this particular album? I listen to the Ultra Violet Blue Sun album every morn about 6 am, lying in bed, just before I get up for the day and sometimes listen again later in the day on my Bose Wavewhatever radio/CD player. Thank you for your advice.....

wow.....I am humbled and in awe that I'll be listening to sounds of my Soul Family(that's my understanding-----I hope it's correct). I am so grateful to have made it to be part of these most amazing and shining of times on Planet Earth.

Peace, love and gratitude,

Judy Phillips

Dear Crystalai and aDolphino ~

I want to thank you both for the individual album that you channeled for me ~ I have been listening to it pretty continuously since I received it on the 9th. I heard through the first six tracks before I went to sleep feeling very balanced. The next thing I knew, my husband was frantically waking me up thinking my apnea mask was leaking air. Although he was waking me from a deep sleep, he said I was very calmly looking at him like he had two heads. I knew everything was just fine. From where he was in the other room, he just heard air rushing and he thought my apnea machine was malfunctioning. Now he's heard the frequency files and knows what they sound like without Crystalai's voice on them, so he's not surprised. He said he was really struck by how calm I was when I was being woken up by him being all panicked. Well of course I was.

The second and third (and 3B) files in particular ~ Crystalai, you may remember my telling you that I have had astral dream state experiences with my guides where I have been taken to other realms. Those frequencies you sent in the second and third files are the same as those experiences. I was completely fascinated that the frequency files were the same! I still can't describe in words what those frequencies are, so if you have any more information, I would love it. I can remember everything about my experiences, but when I try to bring it to a 3D telling, I can't bring it down.

I love the whole album, and the intensity of how it builds, how it feels so right for me. Initially I was surprised that none of it has Crystalai's

voice on it. But I can do that on my own. Somehow having the right frequencies for *me* connects in a more intense way. I still love the other music I have (don't have the complete collection). This individual album satiates though. If I listen to one of the ~ as you call them ~ mass ascension albums, and I still want more, the individual album is the real feast.

~ OM Shanti ~

I hope you didn't take my silence as disapproval. It was the opposite. I was fully experiencing and exploring. We had a long weekend here in Canada for Thanksgiving and I had my headphones out. I want to thank you both again for your time and love in putting the album together for me.

I've just ordered the Individual Eternal Life from your website. There are a lot of questions in my mind surrounding this process, but trust the universe and what I'm experiencing that what you are teaching is meant for my growth. I devoured a book today by Ken Carey - The Starseed Transmissions, things he touched on, I took as, exactly what you are saying about music/sound/frequency, direct assimilation of starlight and our ability to recognize the consciousness we are, as things shift and open up for us to access. As I was reading this it felt like I was taking it in through my third eye - as pressure in my forehead and that particular spot more intensely. One thing that clarified through the writing was that when a knowing comes it is very difficult to put it into words.

I've found since listening to the Ascension Kit, an effort to shift back into linear things such as typing and left brain activities. I understand this now, that so much of what society has us doing is a total diversion. For the last year or so, I feel things like shifts and pressures and almost like distortions in my perception of the outside world. Sometimes I'm driving down the road and it feels like something is coming in on a wave but I can't put a description to it, I feel it in my body.

But the music you make... oh my goodness...so B-e-a-u-t-i-f-u-l! I never tire of listening to it and now at times plays itself in my head. Especially - Heaven.

There is a joy bubbling up in me almost everyday since I started the Ascension Kit and my inner world is expanding.

I find the information surrounding this experience vast, deep and expansive. Your knowledge and descriptive analysis fascinating.

Thank you for your work! I look forward to what/who/how you connect with my families of light. The realization I long to gain is the insight into my mission here...questions I have about Mu, Nommo, Sirius... etc. or whether it pertains or not. Karma? There's so much... and with that,,it's time to fall into dreamtime.

Goodnite,

Aloha,

Dear Crystalai,

I manifested a job pay increase that was two fold. It happened two days after I started listening to my Individual CD you created.

I would really love to become a member of your Mystery School.

Gratitude,

Tim

Dear Crystalai,

Thank you for the breath taking music. I have never experienced anything this beautiful before. It makes my mind float away and my body is about to follow. I had a broken hip before I found your website. I noticed how the pain disappeared when I listened to your

samples. Now, I've been listening to my Individual Immortality CD for about a month, and my hip is completely repaired. The doctor couldn't believe the results in the x-rays.

Much Love and Gratitude,

Laura

Dear Crystalai,

I was so excited to find your website and your music. It was like a dream come true. I knew about some of the old New Age teachings, but they never felt inspiring to me. I know that what you are saying is true. I can feel a new reality in the music. I have been struggling with money problems, but I know that the investment will be worth while.

Glory Be,

Janet

Dear Crystalai,

I ordered an album a few months ago. I have been listening and reading everything on your website. My life started to change. New sources of money started coming to me that I didn't know about. It seemed like I had become a money magnet. I am so grateful.

Glory Be,

Janet

Dear Crystalai,

I have used your music in my private hospital. My patients have various mental disorders. When I play your music the behavior completely transforms. My patients become quiet and focused. I have recommended your music to their families.

Sincerely,

Dr. S. Thomas

I am a Dolphino. Crystalai's husband and Cosmic Twin. Crystalai brought me back to life with her music. I was dead and now I am alive.

Dear Crystalai,

I ordered your music because I had a brain tumor. I knew that I

should not go to the hospital for an operation. Your music took my fear away. The brain tumor is healing without the operation.

Chris

Dear Crystalai ~

Deeply immersed in the music tracks you've sent thus far, and just received Releasing 3-D concepts listening to it yesterday. It was timely in my need to structure life in a way to receive and better learn how to be in the world - certainly going to learn at a deeper level.

Not corresponding to any listening time I find amazing visuals coming behind closed eyes.

Things are shifting, as I've been nauseous and very sleepy, the other day napping three times throughout the day. I can't seem to wake up today and was very nauseous this morning.

Thank you again, Crystalai, this is an amazing journey.

Aloha,

Cindy

INSTANT MANIFESTATION

a NATURAL ABILITY that can be fully activated NOW

Through the continuous, dedicated use of your very own

PERSONALIZED, INDIVIDUAL ETERNAL LIFE MP3

Eternal Life Programming SHIFTS the cellular memory from a Mortal Based Program to an Eternal Life Program -

Personalized Frequency Realignment, Reattunement and
Reactivation into MULTIDIMENSIONAL CONSCIOUSNESS

HOW DO WE MANIFEST?

Instant Manifestation is the activity of projecting ones desired creation onto the movie screen (which is the radial body that surrounds the physical body)

Once the body template has been cleared of all miasms, and the true

immortal light body, crystal body and etheric body align harmonically with the spirit body and parallel bodies, the body produces a RADIAL BODY, which is a Mirror around the Body. That RADIAL BODY is the Movie Screen that allows all Divine Desires that are created in the God Seed Atom from the Eiron Flow of Source Consciousness to become a Negative of the photograph in the Mid Brain which then produces a Positive Picture of the desired creation on the Radial Body movie screen.

The person needs to create the desired image in the mid brain and then project the desired image onto the movie screen. If a person wants to heal himself, he must hold the idea or picture of his perfect body already healed and project it outwardly.

In the case of the ETERNAL LIFE MP3, the creators of the album are already seeing this perfect body created in the image of the divine blue print as the breaths from Source are being exhaled.

The world around each of us is created by the level of frequencies within the cellular memory. It is the cellular memory that projects the reality hologram that is seen around the body.

RECODING DNA INTO ETERNAL LIFE

<http://www.cosmicdolphinmagic.ning.com>

Dr. Angela Barnett (c) 2013

Because of the damage done to our planetary structure we had an epigenetic lay placed over our DNA that instructs our DNA what to do and what not to do. That epigenetic overlay causes great confusion and interference by the ego intentionally.

Now we are getting that electromagnetic overlay removed from the planet and from our DNA.

We have had an environmental anomaly that has eroded the functioning of the Angelic Human DNA.

We have now been given the ability to resurrect our natural abilities as Angelic Humans or Indigos that were originally ours.

Some of our went through a twelve year process of learning how to remove the miasms that were placed in our bodies and how to turn back on the DNA in our bodies through processes given to us by our Guardian Races from systems that are not in the Fall status. We have been given assisted by Angelic Races in Andromeda and Aquarius to pull us out of the Fall Status.

The logic is flawless. The coding and alignments given by the Gaurdian Races has allowed us to break free from the mutations that would keep us from ascending.

The process of the Individual Eternal Life album is to alter the entire

cellular structure from the inside out as well as the Light Body and Crystal Body and Etheric Bodies which contain the Radial Body, which is the sphere of energy that is like an atomic mirror surrounding the body. That atomic mirror is also being transformed into the original 12 coded divine blue print that allows the new body imprint to be seen as the new reality around the body. That reality is projected from the mid brain projector creating reality through the pineal gland.

Individual Album is the restructuring of the mid brain through activation of the God Seed Atom within the Thymus that will burst into a cloud of crystal plasma dust and activate the streaming of crystal liquid light directly from Source Consciousness. This allows the MIND OF GOD to be reconnected into the mid brain for the beginning of co-creating through frequencies of light and sound.

This rearranges the structure of the body and the brain through the restructure of the DNA. DNA has its 12 subharmonics reinstated in each of the double helix to restore the 24 DNA template of the Angelic human, or the 12 subharmonics in the double double helix of the Indigo to create the 48 DNA template.

The crystal miasms will melt from the pineal and inner ear. The crystal miasms will melt from the blood cells and be replaced with crystal liquid light - the water is made into wine. The blood of Christ is the new restored crystal liquid light in the blood. The bones transform into phonons of sound energy and the skin transforms into protons (at an omnion level - raydons, myons, and many micro levels beyond what the eye can see).

The body will actually transform into a completely different chemical and biological structure that is based on liquid light. Liquid Light is the original creation substance and energy of Christ Consciousness at the 12th dimension. It is the creative substance of Source.

The carbon based body that we have grown accustomed to is not our true body. It is a body that is completely mutated. It is so dearranged that it is projecting someone else's movie on to its movie screen. And the movie was created by very dark Fallen Angelics who wanted to use us as their source of energy.

Each individual has his or her own unique energy pattern or signature, that is different than any other individual in the Cosmos. That individual also has an energy signature that is a part of a Soul Group signature. That energy signature is a part of the Over Soul Signature, and that is a part of the Monadic Signature and that is a part of the Avatar signature and that is a part of the Rishi Signature.

Once our Individual Signature is restored or retuned into the entire Family Signature, we regain the Mind of the Entire Creation Group, including the Avatar level at the 12th dimension and even the Cosmic Family at the Rishi Level.

When I create Individual Eternal Life Albums, I am connecting the Individual's Frequency Signature into the entire Family Signature to begin the re-tuning of the entire Frequency Shield.

The Eternal Life comes from the return pattern that we can now become a part of. We came from our Rishi selves and lowered our

density into our Avatar selves and then lowered our frequency or density into our Monadic self and our Over Soul and our Soul Family, and then chose to experience complete Isolation as an Individual who was not attached to the Family any longer.

Now, we can return into the frequencies of our entire family. This will allow us to first retune into our Super Conscious Mind of the Fifth and Sixth Dimensions. We can also tune in to our Avatar Consciousness and our Cosmic Consciousness.

Our family at the level of Avatar and Cosmic Consciousness only communicate through frequencies. They also only perceive through frequencies. We are in reality a colorful mandala that looks like a Cosmic Sphere that is now in miniature form. That mandala, or frequency signature that can be seen as light or heard as frequencies, is unique and individual but it is also a Divine Template of our Cosmic All.

Crystal Magic Orchestra

Crystalai and aDolphino are highly educated International music composers who are far beyond the leading edge of the Ascending Universe.

Both have Masters and Doctoral Degrees and both compose through the consciousness of the Crystal Magic Orchestra of the Omniverse, Interstellar Musicians connecting to musicians on 12 Universes who utilize the Music of the Spheres to connect with the rapidly changing

rhythm of the Ascension Universe.

We have chosen to take all we know about music and the universe and use our Consciousness to Connect to the Cosmos and allow a combination the Highest Frequencies of Healing from all Dimensions to enter into our music which would highly enhance the consciousness of listeners who are searching for healing in New Age genres or just expanding consciousness to hear the new realities appearing on Earth. We are not New Age at all. Often our Music and Meditations get logged under the New Age genres by others because there are some etheric music and meditations in the New Age genres. However, we NEVER DO New Age genres stuff. We are not New Age at all.

Our Music is a New Cosmic Sound Art form of Electroacoustic improvisation and compositions that explore the genres of Ethereal, Ambient and Progressive New Wave, Dream Trance, Electronic Art Music, World Fusion Ambient Acousmatic music in a multidimensional format that is channeled from Star Family through the Cosmos.
