

MAGICAL SUBSTANCE OF MANIFESTATION

Dr. Angela Barnett

There is a magical substance in our universe that allows us to impress our thought upon it and create anything our heart desires. It is the same magical substance the Bible called prana or bread of life. It is a Christic Substance from the 12th dimension through the mirror of the 24th dimension. It is stardust- crystal light, crystal dust, crystal gel- the Divine Substance from what all is created from. It is this formless substance that we can place our thought in which produces the thing that is imaged by the thought.

We can now bring this magical substance into our presence. The stardust frequency can be obtained by connecting two helium rings at the point of the spark of source in the crystal heart and spin the helium rings at the speed of light to connect to the 24th dimension of stardust. At the same time spin the merkaba body down into the crystal heart of Mother Earth. Saturate the Earth's Matrix

of 15 dimensions and Mother Earth with this frequency along with your merkaba body and your light body.

Bring this stardust frequency into your life by keeping your island of light saturated with it. Fill your physical body, your light body, your hova bodies and your merkaba body with this essence. Now you have an island of light to begin creating your kingdom of heaven on Earth.

Those who knew the FREQUENCY OF GOD could walk on stars.

We must connect our Consciousness into the Highest Frequency on Earth in order to ascend to the realm of Gaia.

We connect to the Frequency of God by riding the stargate into the Milky Way, absorbing all of the breaths of the Elohim angels and changing our standing wave pattern into the rhythmic pattern that contains no gravitational pull.

We shift into a parallel reality of higher frequencies when we raise our frequencies into the realms of angelic consciousness. When we shift to this higher station of frequency through the process of transmutation, all of the frequencies that contain a lower resonance can no longer enter into our consciousness. This is true freedom that provides true IMMORTALITY DNA ACTIVATION.

Higher states of intelligence merge into oneness with our minds and become our activators of our Subconscious, as

we allow the solar and stellar waves to penetrate our cells as we listen to these Cosmic Wave DNA Activation Files. **Connecting our coding of our DNA from our cellular molecular and atomic structures into Cosmic Consciousness** requires a very clear focused mental activity and a consciousness that oscillates high into dimensions of light and sound beyond the holograms of **this matrix**. It isn't a state of sleepy imagination. It requires a state of absorbing and resonating with so many high, ultra light, sparkling, shining, sweet frequencies of the highest angelic consciousness that the body begins to transmute or transform into a more etheric essence and the atmosphere around the body transforms into a magical environment.

All of these great entities are working in conjunction with the Cosmic operators on Earth who are willing to accept the refined program of synchronizing and attuning frequencies into the Master Plan of the Great Cosmic Consciousness.

Those who are willing to seek nothing of greater importance than to flow in direct union with the rhythm and the Cosmic frequency of this grand transmutation are working in conjunction with the Galactic Consciousness, Cosmic Consciousness to orchestrate the Omniversal Music of the Spheres.

Those who are not willing to accept this grand refinement of their density into the New alignment with Cosmic Consciousness will have a much more difficult transmutation.

Why not just merge and melt into the magical plan? Why not just allow the Divine plan to swallow you into the Great cosmic Consciousness? The Cosmic Plan is not made up of multitudes of conflicting paths. [Those on a Cosmic path are willing to melt and blend and harmonize into the grand music of the spheres.](#)

The state of perfection transforms the physical structure into the vibratory frequency of your higher being, as an entity of spiritual service. This highest frequency of consciousness allows us to blend into oneness with the infinite. This frequency replaces the limitations of matter with the continuous manifestation principle of Divine Love and impersonal service.

The vibratory energetic codes that our society, culture and evolution have planted into us must be re-dimensionalized in order to allow us to participate in our galactic form of being. We must become harmonized and unified with all civilizations of the universe.

As we become familiar with the feeling of the Cosmic Consciousness, we will desire to align with it more and more frequently until our desire to remain in that frequency is much greater than the desire to remain in the third dimensional frequency.

You will find that some of the frequencies may be too difficult for your cellular structure to absorb at this time. There are many levels of frequencies that may be

absorbed and activated to prepare the physical structure to transmute in this higher revelation.

Feel the breaths penetrate deeply into the cellular, atomic and molecular structure to wake up the tiniest invisible aspects of our selves that have been dissolved into oblivion until this time when they may once again awaken and reappear.

Feel how the frequencies raise and merge your consciousness into the frequency of your higher self where the limitations of matter become replaced by the co-creative manifestation Consciousness.

Call on Crystal Light Energy. Ask a stream of energy to be formed from Co-Creative Consciousness through the crown chakra. Create a movie screen in your third eye area and allow a movie to stream down from the Cosmic co-creators magical movie screen. See the idea you desire being formed onto this movie screen. Exhale this desire into the stardust island of light that you have created to live inside.
