What is happening at this time is a harmonic shift that completely rearranges the atomic structure of our bodies. Our bodies have been transformed into a much more etheric, silica based system that aligns with the changes in Mother Earth's body. She will allow us to remove the gravitational pull as soon as our Consciousness chooses to assimilate the standing wave pattern that allows this transformation. Mother Earth is creating gravity for us because we believe it is necessary. Everything Mother Earth prepares for us is something that our cellular beliefs has created as a need. When we decide that we are the IMMORTAL BODIES that have been prepared and waiting for us in Mother Earth's Heart, we will spend more time in that standing wave pattern than in the one that feels a third dimensional gravitational pull, and a limited perspective on our true Immortal Selfhood.

Our bodies will begin to remember to create through the energy of Prana. Our original manifestation templates will be restored to merge into Oneness with the Divine Plan of creation. Our bodies will remember that they don't get sick and that they never die. Mother Earth will begin creating all of the energy sources we need as our cellular memory activates along with hers. The present electrical systems will no longer work on this Star. The Telsa system will be remembered once again as soon as our veil is removed. The electrical system was a part of the reverse spin technology, as was the HARP station, after our government reversed the technology to control us. These devices of control will no longer have any power over us as we choose to align our consciousness into the highest frequencies of light.

We can each collect and distribute the fine, sweet, pure angelic frequencies that transform us into our silica based chemical structure that bends and moves and flies and streams and braids light and sound into angelic frequencies.

Each of the Suns in each Galaxy of the entire Universe have merged their Frequencies into a much grander, more powerful frequency of ONENESS than ever before.

Mother

Earth has received all of these Stellar Wave Infusions plus Eight Dimensional Frequencies of the Sun's Parallel Matrix, plus the Frequencies of the Photon Belt of the Fifth Dimensional Frequencies, which are the HOME

Frequencies, plus the
Galactic Frequencies of the Parallel Matrix of the Original
Aquarius Matrix.

Those who have been working in alignment with Mother Earth have gone through several ascensions with her over the past several months. Mother Earth has completed her Ascension and we are now entering alignment with her. She has completed her Ascension into the Third, Fourth and Fifth Spheres. We may not be able to perceive of this reality yet, but we can certainly feel it. We feel it through the FREQUENCIES OF CONSCIOUSNESS. These are breaths of the angels and all entities of all five spheres. We can feel their presence when we align into their breaths of consciousness.

Those who are standing on Mother Earth are also a part of Mother Earth's Body. We are in the same Sphere. We contain the same Frequencies. Mother Earth's Frequencies are our frequencies. Mother Earth also has a Sun deep inside of her Core. Her Sun is deep inside the Etheric Chambers, the Liquid Light Mantels. Mother Earth has braided and woven her Sun's Frequencies up through her body and into three spheres to connect with and unite with all of the other Suns in the Third Sphere or the Galactic Sphere. We are also uniting with the Universal Sphere of Christ Consciousness and the Cosmic Sphere of our Angelic and Co-Creative Consciousness. Mother Earth is also having her Veil

removed as these Frequencies of Star Systems and Source Consciousness melt this shadow with their Light.

As our bodies stand on the Earth's Surface, we are conduits of all of this Aqualene Sun's Frequency streaming up out of Mother Earth from below and from the Galactic Suns streaming down from above. Mother Earth needs us to become a part of this process. She needs us to be ascending with her. As we flow together Mother Earth is very happy to feel all of her family rising with her.

How do we live in the third dimension while our consciousness is actually in the 7th, 12th or 15th dimension? We don't. We are truly no longer in the third dimension. What we have always seen was a grand illusion. The illusion was created by miasms placed in us to shadow the light of our true home of the fifth dimension. There will be many who stay in the third dimensional dream because they choose to prolong that dream. It is still a dream.

What is happening at this time is a harmonic shift that completely rearranges the atomic structure of our bodies. Our bodies have been transformed into a much more etheric, silica based system that aligns with the changes in Mother Earth's body. She will allow us to remove the gravitational pull as soon as our Consciousness chooses to

assimilate the standing wave pattern that allows this transformation. Mother Earth is creating gravity for us because we believe it is necessary. Everything Mother Earth prepares for us is something that our cellular beliefs has created as a need. When we decide that we are the IMMORTAL BODIES that have been prepared and waiting for us in Mother Earth's Heart, we will spend more time in that standing wave pattern than in the one that feels a third dimensional gravitational pull, and a limited perspective on our true Immortal Selfhood.

We can each collect and distribute the fine, sweet, pure angelic frequencies that transform us into our silica based chemical structure that bends and moves and flies and streams and braids light and sound into angelic frequencies.

We can absorb frequencies from Mother Earth's Crust where the Divine Christ Consciousness is stored. We can also absorb frequencies of Divine Love, Unconditional Love, Intelligence and many more Divine Qualities from her Crust.

When we travel down into Mother Earth's Core we can absorb qualities of Divine Creativity, Divine Substance, Divine Principle. We can ask AnWa to send the Crystal Star Merkaba down into the Heart of Mother Earth to collect all of these Frequencies of our Divine Substance- our Divine Essence--our Divine Plan-- all of the Divine Consciousness that we share with and reflect through Mother Earth.

We can send our physical bodies down deep into the Earth's Core and beyond into the Liquid Light Chambers and absorb our original Complete Body. This etheric dust body contains all of the keys and codes or remembering all that we really are. We can journey down and collect this irradescant spiritual body.

As we combine our physical body with this irradescant crystalline silica based body, we can then allow the Suns' energies to remove all that is unlike the original self hood from our physical body and become one with our true Divine Self Hood.

When the physical and spiritual unite into Oneness this is Zero point energy of Oneness. We must unite into Mother Earth's Body and Frequencies to return into this Oneness.

This process of obtaining Oneness with the original Divine Self will happen naturally when there is enough light frequency brought into the body as the body absorbs the Sun's Aqualene Frequencies of the Galactic Suns and Mother Earth's Ultra Violet Blue Suns frequencies.

Once these two bodies become one, then the crystal cells

that contain the eternal
memory of the Immortal Self Hood Cells are the Crystal
Dust Silica Based
Cells of our Original selfhood.

Mother Earth shares the same planetary body that we do.
We share the same
Merkaba Body with mother Earth. We are both in the
Earth's Matrix of Five Spheres.
These are the spheres of the Planetary, Solar System,
Galactic, Universal and
Cosmic.

We must merge our Frequencies into the earth. The
Earth's Core contains our
Divine Principle, our substance, and deep inside the
Earth's Etheric Core is our
spiritual Body. There are also grids of Love,
Unconditional Love, Atmosphere Divine,
Truth, Intelligence and the streams of Divine Alignment
from our Etheric Twin Matrix.

All of these energies of Source Consciousness are woven
into the Earth from above.
The original Fifth Dimensional Essence of the Mother
Earth's Body is where our
Scientists have placed the Photon Belt in our Science
Books. This photon contains
the frequency that shifts our entire matrix into the home
frequency or the fifth
frequency. The original Etheric Galactic home of Aquarius

is contained where the
Van Allen Belt as been drawn in our science textbooks.
This Etheric Galactic home
has remained in this location as the Urtha of our Mother
Earth. Urtha contains the
Divine Image and Likeness of Mother Earth, just as our
Crystal Dust Spiritual Body
in the Earth's Core contains our Divine Image and
Likeness.

As Mother Earth returns into her Divine Selfhood, so do
we return with her.

The Cosmic and Galactic Entities of Light have been
streaming Stellar Wave
infusions into the Earth's plane to raise her frequencies
back into these etheric
realms of Consciousness. The photon belt contains fifth
dimensional home
frequencies of transformation to be drawn into Mother
Earth.

When Mother Earth rises into the Van Allen Belt of
frequencies, she will completely
be one with her Urtha, her Original selfhood. She will
then be at the Zero G level of
transforming into the Golden Galaxy. This is the moment
Mother Earth will return to becoming a STAR.

It is the Divine Responsibility of those Entities who came
to Earth for this Grand Project of returning Mother Earth
to her grand essence of a Star. We have referred to Earth

as a planet because a planet is an Entity created in a Galaxy who is moving away from Source. A planet that is spinning toward Source is no longer a planet- it is a Star. Mother Earth has officially become a Star. She will spin closer and closer and faster and faster toward her Oneness with the Highest Frequency of Source every day now.

You can assist in this project of increasing the flow of energy toward Source and thus assist in the complete Star Project and Golden Galaxy Project. We align and stream frequencies through the sacred geometry of the music of the spheres each time our angelic team asks us to record the grand moments of sacred alignment.

Become an active participant in the New Reality of Creating a Star System that is spinning at the speed of light toward Source.

As one listens and breathes the FREQUENCIES that Stream through our Consciousness into Oneness through the Breaths of the Elohim Angels, the Co-Creative Consciousness, the Cosmic Consciousness and Source Consciousness, one may feel and experience the power, the love the etheric star dust, the angelic breaths, the crystal light streams, the dust of Solar Energy aligning and braiding consciousness into the grand network of Cosmic Consciousness.

The feeling is magical. There is a feeling sparkling dewdrops bursting through every crystal cell in the body and feeling of rays of sunlight energy streaming through

the veins, crystal light awakening the third eye, the entire body structure realigns into the more etheric chemical structure that allows us to spin forward with Mother Earth. This is what happens to those who participate in the weekly Frequency collection and alignment through the Sacred Geometry of the plan of Kuthumi's Music of the Spheres.

Learn more about this weekly Frequency Activation and Alignment. It's time to assist in and to actively become a participant in the grandest show in all of the Galaxies. There is nothing grander than becoming a STAR. As we allow the Highest Frequencies of Consciousness- which are the breaths of angels and other higher entities to weave and braid and stream their light and sound through our Consciousness and into all of those who choose to participate.

When you listen and feel the Cosmic Energies streaming through your cells, awakening your Mind, you become more in tune with the Grand Light Energy that Frees you from the 3D Hologram. The weekly CD's are groups who desire to be woven into the an Island of Light of a Brand New Consciousness of Freedom, activated by Sun Alcyone and the Stars of the Third Octave. Each week of participation will spin the Consciousness faster and closer to the Highest Frequency on Earth, which is required to pull us into our true Essence of Becoming Immortal and becoming a Star System.

We are all responsible for creating this Harmonic Convergence, this new Key to our Kingdom, this new Tone

of Home. Each Breath of Consciousness is a grand part of the Music of the Spheres. However, only those who choose to participate will feel and enjoy the resonance of this grand symphony where the melodies of our galaxies stream together into a Golden Galaxy of Omniversal Frequencies.

Learn how to become an active participant who feels, breaths, accumulates and activates the frequencies of our sacred geometry of the Music of the Spheres that is shifting Mother Earth into her Grand Essence of a Star.

CONNECTING WITH MOTHER EARTH'S HEART

Mother Earth's Sun, deep inside of her Core Domain is also streaming energy upward through pillars into her Crust. This liquid light energy flows up as the stellar and Aqualene Energies flow inward. Mother Earth's Heart must align with our Crystal Heart in all five spheres to pull our Crystal Spheres into the Grand Harmony of the Music of the Spheres.

This Liquid Light cleansing of Mother Earth and our bodies is transforming us together to rise into our original Divine Tone of Home. We help raise our frequencies together with the help of the Sun's Energy Streams, through the Earth and through our Crystal Hearts. We spin our Merkaba from our Crystal Heart down into the Earth's Core. Go deep down inside where the Earth's Sun resides.

Collect this energy, Walk into the Earths Sun and absorb the Frequencies.

Bring those frequencies into the Crystal Heart. Now ride the Merkaba to the 8th and collect the Sun's Energy. Ride up to the 14th and Collect all Etheric Frequencies and all Galactic Sun Frequencies. Bring them into Crystal Heart. Become one with all Suns Energies.

When we absorb the Frequencies of Mother Earth into our Crystal Cells, we awaken

our Crystal Dust memory, - the Crystal Dust Memory of all that we really are.

These records of our Eternal Being is stored in our Crystal Cells in our Spiritual Body.

Our Spiritual Body is in the Etheric Core of Mother Earth which is in at onement with our Crystal Heart. We bring in the essence of our immortal body into our Crystal Heart to ignite our Immortal Being of Oneness.

When our spiritual Body is aligned into our Physical Body our memory will be restored.

Before we can slide back and forth between Earth and Aquafaria we will be pulled through a funnel into the Ashtar Command Star Ships of co-creativity. We will be completely transformed into our 12 Original Blue Print of

our original Divine
Selfhood. At this time we can live on Earth and sleep in
Aquafaria. We have already
committed to living on Earth for doing the Cosmic
Mystery School of the Omniverse.
We made the commitment for this assignment. This is our
mission. We are firmly
convicted to this mission.

Meta Blende Sunu Ake means I state and affirm with
unshakable conviction the will
to be the Christ Star Body in the Christed Transcended
State option of returning as
fully Christed Being.

We each have this option now available. We must state
this desire with unshakable
conviction. To become the fully Christed Being we must
take a slightly different path
to the New Earth. We must first go to Andromeda to
receive full retrieval of Akashic
Records which allows us to return to Source before our
return to New Earth. This
path can be taken on our way to New Earth this time or
sometime later. Most of
those who have gone to or originated in the Aquafarion
Frequencies of the New
Earth have never left for thousands of years. They
couldn't imagine wanting more
than this. There is a much larger path associated with the
Christed Being. It is a
personal choice.

MOTHER EARTH is happy to announce her re-connection of her Sun to all of the Suns' of her galaxy and all other galaxies. This complete merging of the Suns' energy hasn't been possible for millions of years.

There is a grand celebration going on in the Earth's atmosphere of the Cloud Cities. All of the entities of the fifth dimension that have lived in the Inner Earth Cities of light have now completely merged with the Cities of Light in the Earth's Aura.

The Cloud Cities, the Aquafarian Cities, the Winterland Cities of Light and the Inner Earth Cities of Light are all connected together and they are having one grand celebration. These Islands of Light are Now creating Zones where those who are still in the third and fourth can be pulled into the Islands of Light at a little lower resonance. The Islands of Light are being formed by those who already have the Christ Vision of the Fifth Dimension. We already took the trip to Source through Andromeda. The fifth dimensional frequencies can no transmute those who are lower into the tone of home at various different frequencies.

The completion of the tonal alignment and the electrical

Circuitry for the New Light

Energy of our New Home base has been prepared for us.

THE CHRIST 12th dimension is the leading tone that pulls and connects the fourth sphere into the fifth. This is the connection to the Lost Chord. the final harmonic connection. the 12th dimension is in the fourth sphere. The Galactic Suns have completed their unity in the third sphere. This means the fourth harmonic convergence has been completed. From the Cosmic level looking down, the four diamond doors are complete. From Mother Earth looking up two harmonic convergences--the first sphere has been pulled into the second the second sphere pulled into the third sphere.

Once all of the suns of the galaxies connect their Frequencies into one grand new galactic frequency, this new rhythmic resonance permeates everything below it--the fourth sphere - the third and second and first sphere all resonate with this new tone of home.

The Earth's Sun also braids into and combines into the Oneness or allness of the Sun's of her galaxy of all galaxies. This harmonic

resonance of unity and oneness of
all we once were in the Aquarian Galaxy has now been
woven together through
bonds or wave lengths of sound and light streaming and
braiding through every
dimension, every entity in every dimension, every
elemental in every dimension.

This stream of crystal light energy braids the electric
circuit completely into Christ
Consciousness. The 12th dimensional Christ Grid is one
foot below the Earth's crust
and it is the leading tone or over tone into the fifth
dimension which pulls into the
completion of the five spheres the harmony of the music of
the spheres.

Source Consciousness is the Music of the Spheres.

All that originated from the spark of source placed in our
crystal hearts can now
grow into a flame. This flame is the Amorea Flame of
violet, gold and blue. These
colors grow into a rainbow of colors not yet seen by eyes
lower than the fifth
dimension.

When the crystal heart becomes fully ignited with the
light and sound of all
dimensions including the Christ Consciousness, the flame
will grow into the pure of
heart that allows the eyes to see the miraculous of the

fifth dimension.

The miraculous is the harmonious alignment of the music of the spheres allowing a new earth a new creation, a new song for God to sing. We become the pure in heart by resonating our crystal heart into the light and sound of the frequencies of all dimensions by weaving and braiding together into one grand frequency of harmonic alignment.

First, understand what and where the crystal heart is.

The crystal heart has been called the azure, the Luxor point- the zero point of where our original spark of light was placed.

This spark of light is God. It contains all that is in Source Consciousness. This spark is ignited by breathing into it the memory the feeling the frequencies of all of the spheres of Divine Consciousness.

The 12th dimension leads to and connects to through a harmonic convergence. This means a raising of frequencies.

What is a frequency? It is the rate of the vibration It means we are oscillating our consciousness faster and closer to the source consciousness.

How do we connect our Light Bodies into that harmonic resonance in the Earth's crust--or in the 12th dimension or in the suns of the galaxies including Mother earth's Sun?

We connect tot this through the crystal Heart. There is no other way to connect to Christ Consciousness except through the crystal Heart. The crystal heart must have its frequencies raised into the five spheres. The crystal heart must be connected into the crystal heart of the second sphere, third sphere 4th and 5th sphere.

Only those who are pure of heart may enter the kingdom of heaven.

The kingdom of heaven is the tone of home, the harmonic convergence. The resonance of the crystal cells of the body into all of the grids of earth including the Christ grid the love grid the unconditional grid intelligence substance eternal life, principle mind.

We become one with source or all that God is by becoming one with all frequencies in all five spheres. The final stage of the alignment awaits the pure of heart.

It will be the pure of heart whom join the fifth dimensional island of light.

As the crystal heart absorbs more and more frequencies of all spheres and aligns into all crystal hearts as one crystal heart, the heart grows in purity.

When complete resonance of oneness is established the crystal heart rings in purity. This causes the new language, the frequency of oneness. multidimensional communication.

This purity of heart creates the cells of the heart, the head the entire crystal cell structure of the body to sing in resonance with the spirit body.

The etheric body is deep within the earth's core inside the etheric liquid light of the parallel spiritual matrix. These two matrixes are blending together or resonating together into oneness of the physical and spiritual. This results in the pure of heart singing the tone of home where we can see the miraculous new 4D home.
