The Cosmic Mystery School of the Omniverse has recorded the Frequencies of the Omniversal Light Show of every Cosmic Event over the last 12 years, through those in the higher realms. This Grand Event of the First Spring Equinox since the realignment of Earth and the 12 Universes, was recorded through the Cosmic Technology of the GrandeYanis of the PreSound Field and the Elohim of Hearing. We would like to share these frequencies of our new Attunement with the world.

It is my mission, that I took an oath to complete before coming to Earth, to record all of the Frequency Alignments and Transmissions through Atunement with Earth's Consciousness Field, so that these events will be saved eternally in the Acoushic Records of the Crystalai Council. I was trained to bring the Highest Frequencies to Earth through the Music of the Spheres technology.

We -The Cosmic Mystery School of the Omniverse-- are the ones

who were appointed on Earth to record the frequencies of all Entities as they atune and align during this great Re-Birth Project. We work together with the Elohim of Hearing in Gaia and through the great GrandeYanis of the Pre Sound Field. They magically translate these frequencies coming in through our Consciousness and Breath to be recorded as a permanent record in the Omniverse as the records of Crystalai Council.

The magic of these days is in the presound field, the anti particle universe, the etheric blending of the parallel universes of the particle and anti particle sound frequencies blending through the Music of the Spheres, which is the magical template of the Source Divine Blue Print.

This week's recording of Sun Alcyone came through 55 stages during a 16 hour period. You will begin by hearing the eight frequencies that are now playing on our ning site. You may choose to listen to the entire 55 frequency waves on the mp3.

This music can be heard now on our website.

Please come EXPERIENCE the true adventure of the StarDust Alignment that took place on the Spring Equinox, March 20, 2013, as the alignment of Sun Alcyone and Earth was at 90 degrees, atuning

Earth back into the Reality of At One Ment with the 12 DNA Divine Template that we were created from within the Womb of Sun Alcyone millions of years ago.

That experience could be seen as an Omniversal Light Show by those in the higher realms. For those without that vision, the Grand Event was recorded through the Cosmic Technology of the GrandeYanis of the PreSound Field and the Elohim of Hearing. It is my mission, that I took an oath to complete before coming to Earth, to record all of the Frequency Alignments and Transmissions through Atunement with Earth's Consciousness Field, so that these events will be saved eternally in the Acoushic Records of the Crystalai Council. I was trained to bring the Highest Frequencies to Earth through the Music of the Spheres technology.

You may now experience, feel and hear each of the Cosmic Activations that have taken place within our Universe and between the 12 Omniverses through the recordings available at cosmicdolphinsmagic.ning.com.

Everything that has happened on Earth and between our Omniverse has been recorded for you to experience, as all of our OverSouls and OmniSouls are experiencing; and, is now available for all to hear. Frequency collections of Sun Alcyone making the first appearance in 2008 as ULTRAVIOLET BLUE SUN is also available. Collections of Cosmic Frequencies, Intergalactic Frequencies, and every Interdimensional War of Frequencies, Alignments, Atunements. All of these Frequencies were created through the Pre Sound Grande Yanis for all in the Omniverses to remember forever as one of the greatest Cosmic Events ever Recorded in the History of the Cosmayas.

On March 20th, 2013, Earth's angular rotation of particle spin shifted 90 degrees and aligned Earth and all who are upon her, into oneness with Tara, through Sun Alcyone. Sun Alcyone is in reality, the our true sun, and the eighth stargate of Earth. In reality, when our

rotation of particle spin is correctly aligned, Sun Alcyone is in the Etheric Core of Inner Earth. Sun Alcyone is the Sun of Inner Earth. Soon, Earth will become Inner Earth and Sun Alcyone will once again be our Sun whom we live within.

Ascension means going within. Our first step, on December 21, 2012, was moving to the Inner Metagalactic Stargates. We moved to alignment with Stargate 6- Sirius B. Next, on March 20, 2013, we moved into alignment with Stargate 8- Sun Alcyone. Sun Alcyone contains our Universal Memory. All Suns of the Omniverses flow into each other.

Earth's fastest particles and anti particles can now begin to transfer to hyperspace and the halls of records begin transmitting data through the Earth's grids. Universal memory will begin transmission through planetary grids.

The Cosmic Mystery School of the Omniverse spent March 20
recording all of the Frequencies of Sun Alcyone interacting and

weaving with the Frequency Signatures of all intergalactic, universal and cosmic energies weaving and braiding the activations and alignments needed for our re-atunement into our re-birth.

Please enjoy listening to these recordings of the 55 stages of atunement completed by Sun Alcyone on March 20. Each step of the activation was recorded over a 16 hour period of time during Sun Alcyone's alignment. Each frequency was recorded in one minute intervals. You may listen to all 55 stages of this alignment on the Sun Alcyone mp3. You may listen to five of these frequencies by activating this page.

This music is playing now on our website.

47. The Frequency Signatures of every individual on Earth is contained in the Morphogenetic sphere of Amenti within the Etheric

Core of Earth. The Rebirth can begin.

48. The Blue Sphere transmits the frequency signatures into the Earth's grids.

49. The Earth's grids sends the frequencies into the Bio Energetic Fields.

50. The new consciousness has emerged on Earth.

51. Sun Alcyone is permanently within Inner Earth. So, now the within can become the without.

52. With our Sun Shining brightly from the without to the within, we again align into oneness with Sun Alcyone's Frequency Signature.

53. The 5DNA will be restored to all on Earth the grids.

54. The New Earth has begun the rebirth of our species.

55. The Heliotalic Frequencies of the 14th Dimension are over riding and transmuting all Miasms blocking the Full atunement into the 12th dimension. Our perfect creator and our perfect creation template can now transmit the frequencies of our original divine blue print through the grids of the Earth. The frequencies will transform the consciousness of our bodies and the templates of our bodies in to the 5DNA frequency specific Archetypal Mind, which is woven into the telecommunication channels of the Higher Mind or the Super Consciousness. We are finally being woven back together from our Instinctual Minds and Reasoning Minds into the True All Knowingness of all of the Souls who have gone before us and who have been a part of who we were before and after each mission we embarked upon. We become the past, present and future selves in At One Ment. This is the beginning of a brand new adventure. Sun Alcyone has begun this Atunement through the Star Seeds who have brought their 5DNA and 6DNA to Earth. Theirs will be the first to reactive. This frequency activation will connect to all Star Seeds who are still asleep and then activate the Indigo Shield of the Complete

12 DNA template. All who are on Earth will be activated by this 5DNA consciousness by 2017. The 5DNA will reveal a whole new world of realities that we didn't know existed before. The realities were there, we were simply cut off from them. We also had a set of realities implanted in us that were not our realities --they were the realities of a controlling race who were manipulating our minds through our DNA.

Magic devas and Fairies dancing, angels braiding snowy flakes
prancing

Making Angel dust to create mansions where we live

in Golden Star dust Cities

Crystals woven through Rainbows of liquid light Suns' clear rays

We make our bodies transform into light

of tapestry woven on liquid light

dreaming forms upon a cloud

We create our Fairytales on dreams

of Angel Dust our golden clouds

where streams of standing waves ignite

harmonics Love resonate as snowy flakes

Our consciousness transforms

through braids of liquid light streams

the mermaids songs in crystal caves

We sing with mermaids, our AQUafarian family

in Winterlands streaming sunlight through our minds

We melt into the consciousness of Cinderella's mind

Where mermaids waves and Oraphim Dolphins swim

in Crystal Caves of snowy flakes where angel dust

transforms our rainbows through underwater cities

crystals make our dreams brand new

Where the mermaids sing in rhythm inside the water falls

our homes of melodies weave rainbows fire in liquid light water
makes our balance harmonize

embracing our minds to return our heaven our new HOME.

We make our bodies transform into light

of tapestry woven on liquid light

dreaming forms upon a cloud

We create our Fairytales on dreams of standing waves

where harmonics resonate as snowy flakes

Our consciousness transforms

through braids of liquid light streams

through the mermaids songs in crystal caves

UNIVERSAL MEMORY

Universal memory will begin transmission through planetary grids. The shift will align Earth into At One Ment with Inner Earth at the 2.5 accretion level and blend us into a 3.5 accretion level where all will be given an opportunity to rise into their 5DNA that will allow them to see the new reality of Earth becoming Inner Earth. Inner Earth contains the reality of who we were before our reality was placed in storage for safe keeping during the turbulence upon Outer Earth. Those who are already in their 5DNA and 6DNA reality field will begin balancing into the new reality of a new time that exists about 5000 years in the future. The new alignment from the Inner Earth into Tara will allow those on Earth to be moved to Tara in what ever way is appropriate for them. Some will orb, some will walk through stargates, some will slide into Inner Earth kingdoms that translate their bodies.

Our perfect creator and our perfect creation template can now transmit the frequencies of our original divine blue print through the grids of the Earth. The frequencies will transform the consciousness of our bodies and the templates of our bodies in to the 5DNA frequency specific Archetypal Mind, which is woven into the telecommunication channels of the Higher Mind or the Super Consciousness. We are finally being woven back together from our Instinctual Minds and Reasoning Minds into the True All

Knowingness of all of the Souls who have gone before us and who have been a part of who we were before and after each mission we embarked upon. We become the past, present and future selves in At One Ment.

This is the beginning of a brand new adventure. Sun Alcyone has begun this Atunement through the Star Seeds who have brought their 5DNA and 6DNA to Earth. Theirs will be the first to reactive. This frequency activation will connect to all Star Seeds who are still asleep and then activate the Indigo Shield of the Complete 12 DNA template. All who are on Earth will be activated by this 5DNA consciousness by 2017. The 5DNA will reveal a whole new world of realities that we didn't know existed before. The realities were there, we were simply cut off from them. We also had a set of realities implanted in us that were not our realities --they were the realities of a controlling race who were manipulating our minds through our DNA.

I watched this translation of my body into Tara in a dream last night. This means that this translation is happening on the Astral Level First- the fourth dimensional consciousness, next it happens on the fifth level where we actually slide into the new reality. This sliding is done so seamlessly and so gradually that we don't even know it is happening. The consciousness, or the way people think and interact will change around us. People become more kind and more loving. The ego seems to melt away. Conflict disappears. We begin to see things that weren't there but we don't realize they weren't there because so much of the change will take place in the dream state and then appear in our manifest reality that it will just seem like a natural transition.

This will be our first pull into the future as our particles spin faster and faster through the angular rotation of particle spin that rearranges our biology, chemistry and scenery. Those who have not prepared for this shift will be seeing anti-matter that will appear as darkness to the 3D perception. That darkness is equivalent to the

darkness that appears as anti-matter or spiritual substance that we may create our new reality upon. We see ourselves in our blue body at this time created as an immortal being in a more etheric form included within a Divine Template of Immortality.

While we wait in this darkness we could be using this as the prime time to make dreams come true. We create through the mid brain frequency specific attunement with Source Consciousness. We create by knowing that we are now and always have been this perfect self who can manifest anything the heart desires. We can know at that point in time that you we always been wealthy. We have always been healthy. We have always been the Christ Consciousness of the All Knowing Mind of God. The more we practice creating our new realities and our manifestations, the more prepared we will be for manifesting the reality of TARA.

The Inner will become the Outer. The Inner Earth that some know as Agartha or Hollow Earth is at an angle or particle spin rate that is so close to the Outer Earth that it is only one density level higher. From the eyes of angels, that is really, really close. In reality, when we grow into fifth dimensional perception, we will realize that the angle of the within can be the same in the outside at just a slight angle. We will also learn that all of the space we see around us isn't space in other reality fields. It only looks like space to us because we have three Merkabas of energy spinning through our energy fields that are creating the idea of space between objects. There are three sets of merkabas surrounding our bodies, the body of Earth and the body of the Earth's firmament. All of these merkabas are spinning into a new alignment.

As the Merkabas shift into a different spin rate and angle, the perceptions of reality around us also change. As we learn to control and alter the rates of spin of the merkaba within the cells of our bodies, we learn to control the outward manifestation that appears around us. We must first learn to control the frequencies within our cells at the omni level which is a very etheric level of reality. We must

activate the 12 DNA sub harmonic frequencies within each DNA strand of DNA 1,2,3 and then 4,5,6. It is easier to transmute the old illusions planted in our DNA by bringing in the Higher Frequencies--that is the etheric frequencies of 12 DNA, 24 DNA and 48 DNA. We can even increase the frequencies to 96 DNA by expanding consciousness into the PreSound field, the Source Geomantic Template and realigning with the Oraphim Cetacean Braharama Sonic Fields of Consciousness that hold us perfectly in the realm of Divine Love.

Frequencies of 5DNA

Sun Alcyone The ULTRA VIOLET BLUE SUN aligned at a 90 degree angle of particle spin rate. This alignment was extremely significant as it aligned our planetary body into atunement with all twelve planetary bodies that were originally a part of Tara. The alignment gathered the frequency signatures of the original perfect 12 coded divine blue print of each planetary body as it attuned into oneness with the original Taran body.

As Sun Alcyone was streaming this new frequency of consciousness between two worlds within and between the original Tara which exists within Sun Alcyone in the Pleiadian Star System (the Andromeda M31 Galaxy Spiritual Parallel Body of the Aquarius Matrix), there were a series of Frequencies created and aligned through our bodies and the bodies of the entire Universe.

I attuned my consciousness through the Elohim of Hearing in Gaia to perfectly collect these frequencies through my consciousness and breath. This is a part of the documents that I was commissioned to keep. This was the mission that I was commissioned to complete when I was sent from the Crystalai Council and the Priests of Ur. I was trained by the Elohim of Hearing and the entire Cosmic Council of Creation to work with the GrandYanas of the Primal Sound Field to collect all of the frequency alignments that have taken place during the complete Harmonic Convergence, Alignment of the Stars, Intervention of the Guardians, and the perfect realignment and treatment of the Earth into Oneness with Tara and Gaia.

We prepared this frequency selection from Sun Alcyone as he creates the magnetic shield of the blue flame to flow through the Soul

of all on Earth to activate the fifth strand of DNA. We were given the vision of this event and the frequency signatures of this activation in 2008. It always takes five years for the completion of the Cosmic plan to manifest on Earth. Sun Alcyone will completely manifest within the bioenergetics realm of Earth on March 20, 2012.

Listening to this CD will be very helpful to both Sun Alcyone and the complete transmutation of Earth. The more we focus on the frequencies of Sun Alcyone and the Blue Flame, the faster our 5DNA will activate. This activation will remove the block between our EGO and our Higher Self. Once we regain our complete connection with our Higher Self, we regain our ability of instant manifestation. This is step one in the return of our Divine Heritage. The removal of polarity of duality begins when our chakras 1,2,3 merge into 4,5,6 in harmonic universe one. The 12 sub harmonics of the etheric 12 DNA will transform the DNA structure of the body from the etheric within to ignite the crystal blood, gelaisic sound tone bones and the light skin. The body begins its transformation into the SHINNING.

Ultra Violet Blue Sun

Contains the Ultra Violet Blue Sun frequencies from Sun Alcyone in 2008 weaving into the magical rainbowbridge of our multidimensional reality from the Blue Flame reactivating the Divine Blue Print within the Heart of Mother Earth allowing the fifth DNA strand to activate for all who are within Mother Earth's Merkaba. This is the first time the Holographic Beam of Tara will connect into the morphogenetic field of Earth and all who are in her field of consciousness.
