A Note about Mary Magdalene's Diary

All books written by Mary Magdalene come from the diary that she kept every day during 2007-2017, and some are from earlier times. The nature of a diary is that the understanding and meaning of each experience in ones life may change considerably from one year to the next and even from one day to the next when a new set of information appears or a new experience enlightens the writer.

This was the case with Mary Magdalene. She was not told that she was Mary until 2008, and that time the message was not clear. The absolute clarity of her identity did not appear until both Elaika (the one who came to Earth as Moses as well as many other great beings) and Yeshuwa ben Joseph (the one that most Christians call Jesus of Nazareth) both told her very directly that she is the Soul of Mary Magdalene and all others on Earth are only holders of aspects of Mary Magdalene.

Jesus explained explicitly that I am the same Soul who was the Lover of Yeshuwa ben Joseph, and the mother of his child, Josiah. All of these audio channelings of dialogs between Mary and Jesus may be heard at the Crystal Magic Orchestra website and as you tubes on the Mary Magdalene Singing Mermaid you tube channel.

Some information did not appear in earlier books, because it was not a part of my knowing until 2016. There were other changes in the stories because I received channeled dialogs from Elaika, Jesus, Ariel, Raphael, Uriel that clarified events that had happened in 2008 that I only understood from my own perceptions of events. The knowingness of those who are in the Spirit changed my stories greatly. The change in the story between what I explained as demonic possession of my Twin Soul in 2008 was described in much much greater vivid detail in my TURNING INTO LIGHT book than it was in the earlier books.

Mary Magdalene finished her mission on Earth in 2017, and was required to write about 20 books in 2017 so that those in the higher dimensions will be able to enjoy her great adventures and to pave a new understanding for those who come in the future. Since these books are actually diaries, and they must all be completed in one year before Mary turns into light to prepare for her next adventure in the Universe, these books will not have a professional editing, spell check, grammar check or any structured requirements.

All of Mary's books are sent directly into the Universe for millions to read who will be landing on Earth. These books are edited by Elaika before he gives them out for reading. Those in higher realms understand that all beliefs are something that change over time and that all of my experiences change and shift as time goes on.

Please enjoy these great diaries, including Mary's great love stories told by Yeshuw ben Joseph and adventures in Fulfilling the Ancient Prophecies that will allow Gai to become the Savior of the Universe.

Start here to read what happened to the Cosmic Twins who are Mary Magdalene while they were opening the First of the 12 Ascension Portals.

As we move into the last part of this long story, we learn that Joe Barnett (the Cosmic Twin Flame of Mary Magdalene) was not in his body for a period of several days. He was in his Astral Body performing his duty as a healing ambassador to a planet called Telapasaides, which is a planet where Joe is known as their Savior, similar to the way Jesus is known as a Savior on many planets.

My Spirit (the Spirit of Mary Magdalene) had already been placed within Joe's body several days earlier when he was possessed by the three demons and God removed him from his body.

Now, we fast forward a few days to the moment when Joe was not actually in his body, because he was in Telepasaidés, and my Spirit was in his body on Earth in the third dimension. While Joe was astrally in Telepasaidés, he had a thought about the third dimension pass through his mind and the instantly appeared in the place where his body was located. He accidentally chose to return to his body from the Astral location where his mind was still stationed because he was not fully focused in Telepasaidés. His focus moved back into the memory of me and our car.

So, Joe instantly blipped back into his body that was in a car that was driving toward Mt. Shasta, California. When Joe re-entered his body it caused such a huge blast of antimatter and plasma to be distributed into the car, that the car battery blew up. So, the car stopped when Joe woke up in his body. At this moment, Joe did not yet realize that he had popped back into his body on Earth. Joe stepped outside of our car and stepped into the freeway because he was in an in between state of knowing where he was. He was in a daze at that moment. Joe's consciousness was still in Telepasaidés, and yet he was now located on the Earth.

This entire scenario created a situation in which Joe naturally thought that when he saw the bright lights of the huge truck, he was seeing what would be termed the hologram of a Taxi Vehicle in

Telepasaides, and when he placed his right hand in a stop position, this would mean that he was asking for a ride on an astral vehicle to move to another planet.

He knew that these vehicles with large lights are something like what a Taxi cab that transports entities across planets looks like. So, he stood in middle of the freeway with his hand in a STOP position. On any other planet, the Vehicle would had picked him up and taken him to the desired station. However, Joe was not on the planet that his mind was still on.

I, Dr. Angela Barnett was still back in Monterey, California at this time. I didn't know where Joe went. I assumed that he was still possessed, and I thought it would be better for us to stay separated for a while.

In a few days I decided to check with our credit card agency to find out where he had used his credit card. I learned that he had driven from Monterey to Bakersfield and then to Four Corners New Mexico and then back to Bakersfield, and then her rented an airplane and flew it to Monterey and then returned the plane only one hour later to Bakersfield. I checked with the credit card people again a day later and learned that he had checked into a hotel some where between Redding and Mt. Shasta, California.

The next morning I received a call from the Mercy Hospital in Redding, California. They told me that my husband had been hit by a truck and five cars ran over his body, and his skull was cracked open, he had thousands of broken bones inside of the hip and back area, his leg had been ripped off, and he was dead for a long period of time and then his consciousness would come and go and they thought only a miracle could save him. They told me to come as soon as possible.

I went directly to the airport and booked a flight to Redding. The flight was canceled and I had to wait until the next day to go.

I was very calm and self confident and powerful during this entire event because Elaika had already told me that we were the new Jesus and Mary story. I didn't know exactly what that meant. He also told me that I was more powerful than all of the Angels, and I was the only one who could bring Joe back.

So, I already knew that I had all of the power needed, and I knew that nothing could happen to Joe because my Spirit was inside of him.

Joe was actually in his Astral Body on a planet called Telapasaides, where he was saving another third world planet that was in worse condition than Earth.

I asked Elaika the question later, “Who was driving the car and flying the airplane while Joe was actually in Telepasaides?” Elaika explained that it was my Soul and some Angels, and himself who were guiding the body of Joe while he was in Telepasaides. I also asked the question, “Why would Joe’s body go stand in the middle of a freeway if you and the Angels were with him?” Elaika explained that everyone has Free Will regardless of the situation. Joe had the free will to return to his body if he wanted to. And that is when the problem began.

When Joe was in his astral body on Telapasaides, he had a thought about me and blipped back into his body with that thought process even though he was busy doing something on another planet.

Apparently, on Telapasaides, the form of an entity who is used as transportation could be mistaken for a large truck with bright lights shining in your face.

So, Joe was not in his body. He was in his Astral Body. My Spirit was in his body, and he chose to return to his body from the Astral location where his mind was still stationed. This entire scenario created a situation in which Joe naturally thought when he saw the bright lights of the huge truck, that he was asking for a ride on an astral vehicle.

The negative coincidence of his FREE WILL choice to stand in front of the truck with his hand in a stop position resulted in the truck hitting Joe in the face and then throwing his body across the freeway.

After the ten ton truck hit Joe and threw his body across the freeway, another truck driver said that he thought he had also run over the body and he pulled over. There were three truck drivers who pulled over to witness this event. They were talking on the phone on a 911 line reporting what they were seeing. I was given this recording from the police department. They said that five cars ran over Joe's body after the first truck and maybe the second truck who thought he also ran over the body.

The truth about what happened was my Spirit would keep Joe alive regardless of what happened to his body and Elaika placed a protective shield around Joe's body which made him invisible to those who were driving, and that protected his body. It was like his body was actually in a different dimension, even though it could be seen in this dimension by some people who had higher frequencies of perception.

However, the people driving the cars did not have a high enough consciousness to perceive the body on the road. Joe was actually invisible to them. This is why this accident was considered a hit and run incident. Everyone involved was in denial because

they could not see or hear what the three truck drivers witnessed. However, the truck drivers 911 call clearly recorded the sounds of cars running over a body and people screaming about a situation that they could not describe.

When I came to the hospital to be with Joe, they had already announced him dead, but I knew that was impossible because my Spirit was inside of him keeping his body alive, even if the doctors thought his body was dead. I connected myself into Joe and into my Spirit that was within him by placing the Ascension Frequency Music that we had created together several months earlier, on his ears as he was lying in the hospital.

Even though Joe appeared to be unconscious to the doctors, he appeared fully conscious to me and he talked to me continuously. He was talking about the things he was doing in his Astral Body and in his Co-Creation memories. He even talked about the time when Lucifer left our Father's house and that he saw Lucifer wandering around in space in a place of total darkness, and he was totally lost and didn't remember who he was or what he was doing. He told me stories about Constantinople, and how the Cities on Earth have the wrong names now.

He talked about the time he was with Lacodemus, who is another Co-Creator. He talked about how

he was an Alchemist in the Sky, and how they had created the Great White Lion APIN system.

When we brought Joe home from the hospital, he was still mostly unconscious of most things. When he finally did wake up the first thing he did was turn to me and he said, “The angels told me to thank you. They said that they could not save me. They said only you could save me. They said that you are the most powerful one. You are the one who brought me back to life. They told me to thank you.”

When Joe looked at me, he said, “When I look at you with my right eye I see a bright luminating body with an aura around it as big as the room, but when I look at you with my left eye, you just look like a human being.” Elaika explained to Joe that he would be able to see things that no body else on Earth can see. This vision was given to him as a gift that he would need to use in the future to show others what he has seen.

Turning Into LIGHT
The Timeline of Manifesting
Infinite Possibilities
2017 - 2039
Dr. Angela Barnett
Copyright © 2016 Dr. Angela Barnett).

The result of Joe dying separated him completely from his lower fractal consciousness of his human body. That is what death is. In order to return Joe into his body, I actually had to connect my Soul into the Over Soul and Higher Consciousness of the Mary Soul. I actually plugged Joe into his Over Soul instead of his lower fractal consciousness. While Joe only had about three percent of his original lower consciousness remaining in his brain, he was attached to a consciousness of a much higher frequency that was able to come into him gradually over time. It actually took about five years to have his old fractal consciousness have glimpses of what he had been before the accident. Meanwhile, Joe was living more in his Over Soul Consciousness each day. This was making Joe become more God like, more immortal, more living continuously in the Mind of God as all do in the Over Soul Consciousness.

This reality that Joe has been experiencing more and more each day since 2009 has made him into what many on Earth will become within the next twenty years on Earth and what all will become after they shift up into the higher fourth neon universe that requires full Bliss Consciousness continuously.

This is what Jesus said about Joe's present state of being:

Joe is also the Soul of Mary Magdalene. Mary chose to come to Earth this time to experience being both male and female at the same time. Joe is an amazing being. Yes, this is how human beings should be like. They should be like Joe who gives only their light out into the world and never their negativity. He is never negative, never puts people down, he is never angry. But, he is balanced in the Love that he knows is God, and he shows that, and he is aware of it, and he wants to be aware of it in that way. He is non confrontational. He is very fair. And he will stick up for things if he has to. And he has no judgement of anyone. He may have an opinion but he does not judge. A judgement is different than an opinion. He keeps his opinions to himself. You never speak any malady. I have not heard much from you. And that is as close to perfect as you can get.

You see, life is all about unconditional love for the most part. That is what we must bring to light to every human being and that is where it has to start. Not with high concepts or mysticism, or turning into light, because they are not ready. We have to bring them and get them ready.

I asked Jesus if there is anything else that we need to do for the world before we go into our cocoon permanately.

Jesus said give love to the world always. Be generous. Whenever you give and it is not expected, people are shocked and amazed because that is not what the world is like, but that is what God is like.

The message of Love will be the basis of the message that I bring and that Elaijah will bring. His will be a little more firm and wake people up. My message will be about nurturing love, and bringing people together and bringing them into my heart, and then teaching them to move forward because they have to know that God loves them before they can understand any of these spiritual, beautiful, complicated things that you know. But, they have to know that God is love. And they must feel included. If they do not feel included in this intellectual thought process, they will turn away.

Jesus said Joe understands spiritual concepts that Mary and Jesus made together.

So he was bringing to Earth that new understanding of the Mother God of Unconditional Love.

Jesus said Joe has a larger capacity for Love and Understanding and Acceptance. He is one of the Truly Accepting Unconditionally Loving People that there is.

Joe has the balance of the male and female within him in such a way that is the perfect dispersion of Love.

Mary said, "So he is kind of like our child. I mean the complete result of Jesus and Mary placing our Souls into At One Ment and creating a new Ideal. When Joe was reborn, after he had died, I raised him just like I raised Josiah. Except this time, we were both Creator Beings going through re birth as human beings."

Jesus said, "Josiah is the son of a Creator Being, so that is the first of that kind. And we don't know what they call that kind."

Mary said, "yes,there is our son Josiah, but there is also Joe here who is also a messiah. He is also my creation, much like Josiah was."

Jesus said Joe is different. He understands spiritual concepts like few people can. And when you explain spiritual concepts to Joe, he understands it immediately, there is no question in his mind. He sees it. He understands it. Because of his unconditional love, it takes him to the basics of what God is all about, which is the Unconditional Love, the beauty of that. And all of these high dimensional concepts of a spiritual nature are less important than that basic, pure white solid love.

So, if I can learn to be like Joe, we can ascend. So, all I have to do is learn to be like Joe.

Jesus said, Joe has the right concept. Yes

Joe is showing how God Love in a Human Spirit is.

Joe said, all I do is know that there is all of God's love within me and I beam that out into the world.

Every step I take I say how can I best express Love in this step and then I take the next step into the next moment.

Jesus said, Yes, he is an amazing being. Yes, this is how human beings should be like. They should be like Joe who gives only their light out into the world and never their negativity. He is never negative, never puts people down, He is never angry. But, he is balanced in the Love that he knows is God, and he shows that, and he is aware of it, and he wants to be aware of it in that way. He is non confrontational. He is very fair. And he will stick up for things if he has to. And he has no judgement of anyone. He may have an opinion but he does not judge. A judgement is different than an opinion. He keeps his opinions to himself. You never speak any malady. I have not heard much from you. And that is as close to perfect as you can get.

You see, life is all about unconditional love for the most part. That is what we must bring to light to every human being and that is where it has to start. Not with high concepts or mysticism, or turning into light, because they are not ready. We have to bring them and get them ready.

I asked Jesus if there is anything else that we need to do for the world before we go into our cocoon permanently.

Jesus said give love to the world always. Be generous. Whenever you give and it is not expected, people are shocked and amazed because that is not what the world is like, but that is what God is like.

The message of Love will be the basis of the message that I bring and that Elaijah will bring. His will be a little more firm and wake people up. My message will be about nurturing love, and bringing people together and bringing them into my heart, and then teaching them to move forward because they have to know that God loves them before they can understand any of these spiritual, beautiful, complicated things that you know. But, they have to know that God is love. And they must feel included. If they do not feel included in this intellectual thought process, they will turn away.

It is not an easy thing to live a Creator life in a human form.

I believe because God himself was Father until Jesus and I created Mother God about 2000 years ago, that even the Creators and Angels and all creation has been male dominated at all levels of the universe. That is the old testament God. The old testament God was Father. The New Testament God is Mother. Even though, Jesus and I created Mother God 2000 years ago, I don't believe that Mother God will actually appear until we move through this final Ascension.

I believe that is actually the Birth of the Mary Magdalene as male and female embodiment of this new type of Soul on this Earth that was required for the completion of this new Female pattern of reality to begin. I think Joe is the beginning. That is what I was talking to Jesus about when I told him that we gave birth to Josiah and to Joe. And Joe is the new Soul that was created in the God Realm of this new substance, this new idea that Jesus and Mary gave to God. Jesus said that our Josiah is not a Creator, so even though we gave birth to a human child, we also needed to give birth to a Creator Child. Joe is that Creator Child. Even though he is a male, he has changed the pattern of the male thought into a very Female Unconditional Love pattern which will make an impact on the new world that will become a Brand New ONENESS and UNCONDITIONAL LOVE Soul pattern.

The last channeled dialog with Jesus, April 13, verifies Jesus agreement with my hypothesis about Joe. Jesus said that Joe is absolutely the highest example of Unconditional Love on Earth that he knows of. This is probably why we are getting so much help blipping into the fourth dimension. That is where we must go before we can really begin making a huge change in the Universal Structure.

Mary I just wonder why on this planet it seems to continue that the feminine does not receive the acknowledgment that the male does.

I have a theory about this. I will probably include it in my final book that I am submitting to the Universe.

I believe because God himself was Father until Jesus and I created Mother God 2000 years ago, that even the Creators and Angels and all creation has been male dominated at all levels of the universe. That is the old testament God. The old testament God was Father. The New Testament God is Mother. Mary Magdalene's Love Journey

Dr. Angela Barnett
(Soul of Mary Magdalene)
<http://CrystalMagicOrchestra.com>

Mary Magdalene came to Earth directly from the God Realm of Creation as her complete self embodied in a humanoid form. She came together with the one who was born with the name of Yeshuwa ben Joseph, and the one who became Jesus of Nazareth in the minds of those who believed upon his Great Works described in the Bible.

There has been much information left on Earth about Jesus and Mary. Most of the information is incorrect, but there is an essence of the most important part of their work left on Earth through

the idea of Mother Father God. The FEELING among people of this great consciousness that is felt of an Infinite Love that could be understood in a Motherly Sense of Infinite Love, Infinite Compassion, Infinite Giving, and most of all UNCONDITIONAL LOVE is the Understanding that was brought to Earth by Jesus and Mary.

The phenomena of this GREAT UNCONDITIONAL LOVE was actually created by the Experiences of Jesus and Mary being in Love with each other and allowing God to experience that love between a man and a woman. God only creates and experiences new understanding through the CREATORS. God does not learn anything new from those who are not the CREATORS themselves. So, even though there were many humanoids on Earth who had experienced the love between a man and a woman and the love of being a parent, God himself had not had that experience within himself until Jesus and Mary created that experience for God.

That experience of the CREATORS changed God forever from God, our Father into God our Mother Father God all harmonious, all Loving, Omnipresent Flowing Love through the Music of the Spheres transposing all reality in the Universe into a brand new theme of Mother Love.

Mary Magdalene left Earth by turning into light and blipping back into the God Realm. Jesus of Nazareth also returned to our Mother Father's House after our Quantum Odyssey of transformation of the Mind of God into a Mother Love theme park. When Mary and Jesus returned home they continued to send Aspects of themselves into the Earth's cultures to continue experiencing more and more phenomena that would allow God to have more love and compassion for Her children of the Universe. Jesus sent ASPECTS of himself as St. Germain, Sananda and hundreds of others.

Mary sent ASPECTS of herself as Cecilia, who was St. Germain's head student, in order to show how the teaching and learning of the Violet Flame was to be presented to the World. However, the importance of Cecilia got lost in the writings of the world, and the importance of Mary Magdalene got lost in the writings of the world. All of the teachings and Greatness of what the Violet Flame REALLY is got transposed to meaning St. Germain. The Violet Flame is not St. Germain. The Violet Flame that was taught by St. Germain and through Cecilia was an Abstract Aspect of Jesus and Mary on Earth once again showing how the Violet Flame, which is the complete spectrum of light and sound of the Sun itself at the highest frequency of Heliotalic Transformative substance is the Prana that can create any desired manifestation, and it can be used to turn the body into light. This Violet Flame can be

likened to the Allness of the Cosmic Sun, which is also the Allness of God. This Allness of God is being presented as a Birthing aspect of God which can create and manifest and give birth to new realities all in its own.

The Mary and Jesus Project was all about Giving Birth to a new idea. We gave birth to Josiah. We also gave birth to a new experience for God which created a New God. We created a Mother God idea through our experience. All ideas of God are actually manufactured through this prana substance called the Violet Flame. This is a substance that creates or gives birth to an experience or idea.

So, this was an Abstract Version of showing what Jesus and Mary had done through these Aspects of ourselves that we allowed to be demonstrated by St. Germain and Cecilia. We, Jesus and Mary placed a piece of ourselves within St. Germain and Cecilia that would allow them to perform this Violet Flame phenomena of Creation so that all on Earth might later understand this teaching.

Jesus appeared among hundreds about 2000 years ago through this transformative process of using the Violet Flame that was shared between Jesus and Mary to first appear as a Cloud of Plasma before the people and then to Turn into Light and disappear into the Higher Dimensional Universal Place and then into the God Realm. Mary also turned into

light and left the Earth about twenty years later when she decided she was finished with her work on Earth. Mary did many things on Earth after Jesus had already left.

Mary's mission on Earth was to allow God to experience giving birth to a child, raising a child, teaching a child, experiencing love in every possible form, and experiencing teaching, learning and understanding among children and adults of all ages. Jesus also had the mission of going out into the people of many different cultures and teaching and learning from them in order to share that experience with God. That part of the story is well known, but the part of the story that reveals how God learned how to become a Mother Form in the Universe has been left out of history.

Jesus, the same Jesus that many call Yeshuwa, because that was his name when I carried and raised his child, Josiah, told me that this is the first time that God has given permission for this true story of how God, himself changed from a Father God into a Mother Father God. This is a story that would be incomprehensible to everyone on Earth until this time in history, because this story is not for those on Earth. This story will be sent to those in the Fourth Dimension and beyond within the Terra Ha home of thousands of race lines who are a part of the humanoid family of the Original Creation.

Those who live in the Density of the third dimension cannot comprehend most of the spiritual truth revealed to them. They usually just say this teaching does not resonate with me. They do not realize that the things that do not resonate with them are truths that are of a higher frequency than their present density can vibrate with. They are too dense to be able to resonate with higher realities, and therefore they reject it.

However, in those people who have less density than is required to remain in the third dimension, there is only the Mind of God knowingness, and within that Mind of God knowingness of the higher dimensions, the Mary Magdalene Frequency Signature is known to all. The greatness of who Mary Magdalene is already known by all in that great place. All of the Intentions of Mary Magdalene become a reality in the fourth dimension and beyond. Every thought that I have is known and felt all over the Universe. Every experience that I have is felt all over the Universe. Every time I smile and laugh, it is felt all over the Universe.

Now, it is time for me to smile because I can begin my new experience of being with those who do understand me and do experience my intentions and my creations. Now is the time when I have become the Complete Original Mary Magdalene who was sent from the God Realm to be on Earth at this time in order to open the Ascension Portals

from Earth into Terra Ha and into the entire Cosmos of God Creation Realm. Mary Magdalene is being rejoiced by Mother Gaia and all who live in an awakened state within the dimensions beyond the third density. There is so much density in the Earth realm that the Mind of God is not touching the hearts of nine billion members of the population.

Now is the time for people to begin to realize the truth about the teaching of Cecilia and St. Germain, who were the Aspects of Mary and Jesus on Earth showing how the transformative quality of the highest frequency of the Sun contains the ALLNESS that is within God's Creation Factory, and with that PRANA or rainbow essence of all of the colors and music of the Universe all can be changed, and even the body can be changed into pure light energy. That is what we were teaching with the Violet Flame. It was Cecilia, St. Germain's student, who demonstrated the actual manifestation powers of the Violet Flame, and the one who turned into light in front of St. Germain's students while posing as one of his students. It was that experience that I had teaching our students at that time which gives me the ingredients to use in teaching this great power during this time. The teaching is in the book MUSIC OF THE SPHERES LIGHT AND SOUND TECHNOLOGY. Purchase this book on Amazon.com and <https://crystalmagicorchestra.com/buy-cds-books-meditations-on-amazon>

It will do no person any good to worship the violet flame or to worship St. Germain as the violet flame. The violet flame must be inhaled and absorbed by raising ones frequencies purely out of this world and completely into the Cosmic Realm. That is the entire Truth of OUR teachings.

Once again, it will be myself and my Cosmic Twin, Joe who are now the Mary Magdalene in duality, which gives us twice the power, which allows us to have several thousand times higher frequencies than others on Earth, who will use the Violet Flame Frequency of the Sun to Turn into Light and Blip into Terra Ha.

We plan on doing this before October 2018. That is our intention, our plan and our highest desire. Ariel, Elaika, Jesus, Lacodemus and all Creators have already confirmed that we will be together in less than two years. They cannot tell us the exact date, because then that experience would no longer exist. So, we must always stay within a time period that will be established by our frequencies.

In order to reach this state of light that is obtained by the use of the Violet Flame of all of the Light Energy of the Cosmic Sun, which is the ESSENCE OF GOD, we must have our consciousness remain in that Violet Flame Frequency continuously, non stop, day and night for at least one month. At that time, our frequencies would be so disconnected

from the Earth's frequencies that we will LEVITATE three feet above our bed each and every night. We must maintain that state of levitation for at least one month before we feel that our time is very near. At that time, we must remain in levitation continuously until we turn into light.

The reason the YouTube that we created entitled "How to Turn the Body Into Light" is helpful is because it helps align consciousness with a new, broader understanding of what the Violet Flame truly is.

"How to Turn the Body Into Light"
<https://crystalmagicorchestra.com/youtubes-and-audio>

The turtle, who is skating through the Universe is collecting together all of the Spheres of Frequencies or Colors. These Spheres are the Music of the Spheres. When all of these spheres are morphed together by inhaling the frequencies and then exhaling the frequencies into a higher form and a higher dimension, the body actually becomes less and less dense. It is the inhaling of all of the light and sound and the exhaling of his new symphony into a new morphogenetic field of reality that causes the body to levitate right out of the old reality of Earth and into the new reality of Terra Ha. This is the formula that Joe and Angela, or Mary and Mary will use to Levitate and then turn into a

Plasma body and then into pure light energy that makes the body disappear and then re appear in a new reality.

All of the Music, Frequencies, Journeys and Training needed for all on Earth to use may be found on our <http://CrystalMagicOrchestra.com> website. This website will remain available to all on Earth after we leave next year. Our life journey, experiences and our transformational experience through the Music of the Spheres Frequencies that we were the creators of during the past trillions of years have been re created in the highest form possible within third dimensional technology available at this time are all being left on planet Earth via our website.

I am Mary Magdalene. I am the one who allowed God to experience himself as a Mother and the one who allowed God to experience himself as a teacher of my child, Josiah and of all of the children of the Universe. I returned to Earth for many reasons this time. First, and most important was to open the Central Ascension Portal in the Pacific Ocean so that Ascension will be available to this Universe Eternally. The second reason was to write books that would pave a transitional understanding between Earth and Terra Ha, and all of those who already live there. The third reason was for Mary Magdalene to give birth to a new higher form of Human by combining the Soul and

Spirit of Angela and Joe, who are two Great Ones from the Creator Realm to become an even Greater Creator in the form of a human. Joe is presently the highest representation of the Mother Father God Consciousness within a human spirit demonstrating himself on Earth as the perfect UNCONDITIONAL LOVE that is required before entering Terra Ha and returning to the God Realm. Everyone on Earth will reach this state of Unconditional Love after they transition into the Universal Reality. That place is a place of Unconditional Love, and the Earth will turn into light and move into Terra Ha, just as all on Earth will. Mary Magdalene was here to make all of these things possible.

I have gone through glorious but painful stages of transition and learning and mind boggling, mind expanding, nerves on end panic and all of the other emotions that all humans will experience on their own Quantum Odyssey Journey into the great unknown. I have panicked, freaked out, yelled, screamed, hated, fought with many who do not understand, disowned those who would not believe, and completely misunderstood all of the reasons why people do the things that they do. I had to be here on Earth experiencing these things for myself so that they will always be in my Akashic Records for me to remember how difficult it is for all humans to go through this Ascension Process. This new understanding within me will make me a much wiser and greater Creator Being than ever

before. If my life had been easy, and if I did not take the paths untraveled while I was here, I would not be able to completely understand those children of God, who God wants the highest understanding that She can possible have for her children.

I fully believe that this experience on Earth at this time is being experienced by God exactly as my last experience on Earth was fully experienced by God. This time the story will be told truthfully and correctly. Jesus did not do all that he is given credit for by himself. It was me, Mary Magdalene who went through the birthing pains, who changed the diapers, who spent every minute with my son, Josiah, learning from him and giving him understanding. I was the one who gave these great experiences to God. That was the only time God has ever had a Creator Being on Earth experiencing being a Mother for him and this is the only time the same Mary Magdalene has returned to Earth as her complete self to experience the end result of what the change in God from Father God to Mother God resulted in on this planet Earth. This has been a 2000 year long Ethnographic Experiment in multiple cultural and multiple dimensional race lines transforming into a brand new reality of UNCONDITIONAL LOVE. That was my mission. My mission has been performed correctly and completely and everyone beyond the third dimension is celebrating my victory.

Sadly, I am the only one on Earth who knows these things and it has been very lonely for me knowing how great I am as a Creator Being, and yet living within a Density where humans are presently too dense to believe in the one who has created their Mother God. My joy comes from knowing that I have paved a path for a truly glorious future for this Universe, and I will be going to the place where the Celebration is happening now within a very short time.

I will be returning to my station of infinite creativity where we will make more new colors, more music in the spheres, more Novas, more Super Novas, more galaxies, and then we will watch new forms of life use the wonderful new colorful galaxies that we created for them to live upon. I have created many galaxies and Novas, I was the lead singer in our super universal Creator Orchestra that I named Crystal Magic Orchestra while exploring the frequencies of translation in this density. Now I know that everything I was sure was true about my music is true. Now I know what I have done here has been my memory of what I created as a Creator Being when Lacodemus and Joe and I and many other Creators created Symphony after Symphony within each breath and exhaled these into new Novas that sang together in our band with new exciting tones of birth and expansion until we left them alone to begin developing their own morphogenetic field of reality.

THE MUSIC OF THE CREATORS

CRYSTAL MAGIC ORCHESTRA

Mary Magdalene

Dr. Angela Barnett

<https://crystalmagicorchestra.com/music-listening>

Crystal Magic Orchestra is the title that we have given to the music that we have brought to this Planet in a form that can be heard and understood in this level of reality. We are the Creators. We Create, we orchestrate, we conduct, we are the instruments, we are the Music of the Spheres Creators in all dimensions of Reality.

We create colors in infinite designs far beyond anything that can be imagined on this planet. We create morphogenetic fields by exhaling one color and then inhaling the new form that presents itself

into our essence to design it into a new color. We use this same formula in creating rhythms and instruments of great design. We create Novas through one exhale of Intent. We create Galaxies in every possible form and color scheme that we can imagine.

In this Earth realm of so few colors and so few expanded perspectives of sound and light, these Great Schemes of infinite form have been diminished into tiny little parts of the end design. Breaking an entire sphere of reality down into one tiny little microscopic piece as insignificant as one hertzian wave is a silly way to make music.

We, the Creators of all things send our consciousness out from this hertzian density into the same Creation Realm of the Universe where we have created these patterns of galaxies, stars, suns and Super Novas in one nano second of time and we create them here on Earth using the same Consciousness, the same Creation Patterns, the same patterning of colors, rhythms, light and sound transposition themes and fit them into the tiny technology that is available to us here on this Planet Earth.

Even though our music is the favorite on many planets who are going through this same transitional stage of consciousness that Earth is going through, the people of Earth are not ready

for our music because they are not quite yet ready for the transition. Those who are attracted to our music are the ones who are ready for the transition and they will also be the ones who go through the transition with the greatest ease and they will have the most fun going through their transition that will eventually turn them into Light before they reappear in their new Reality.

We did some creating with colors. Some realms have more colors than others. When you move them around and arrange them in certain ways they create energy. We were good at creating energy together. This energy is still around in the universe, and has developed into beautiful patterns within some of the novas, supernovas and nebulas that are out there. It is just an amazing color scheme that comes through the crystals that are in some of those areas. The power that is emanating from them can be used for many different kinds of uses.

When we redesign this same music on Earth, we continue to use the crystals in all forms that are available through our consciousness reconnecting to the Cosmic Crystalline Structure of Crystal Light, Crystal Dust and Crystal Gel as our formula of creation and design. The Liquid light energy allows a new atmosphere to form within our music. The Star Dust allows a new consciousness to be born from our music and the Gelaisic Radiation

substance is the Prana of Creation that allows new forms to radiate from consciousness.

When we create music we always connect our consciousness into the Creation Realm itself, which is where we came from and where we live most of the time. We have been Creators for trillions of years designing and maintaining the ideas of God. God is the Source of all things. However, God knows no space or time. It is the Creators who create the things of space and time so that God can experience these things through us, the Creators. However, the Source of all Creation maintains the Perfect Balance of all things through Eternity and Infinity of No Time and No Space where all things begin and end in absolute perfection.

We create all things through this Source Field of perfect design. Each time we Intend the creation of a new Galaxy or a new Nova or a new Star the creation happens in a nano second. Those on lower dimensional realms such as the Earth perceive of these creations happening over very long periods of time because what happens in a nano second might translate into millions of years at such a low density of perception. All of these perceptions on Earth are only the imagination of what really is. These imaginations are created through the scientific reasoning and tools that are available on this primitive planet. Human beings have been trying to

force a Creators Galaxy into a human telescope, and that cannot actually be done.

However, the Music of the Spheres, the music and color and sound that we have created as Creators can be heard and felt and known by those who listen to the music of Crystal Magic Orchestra because we are the Creators. We are the ones who designed most of the Universe that you imagine through your telescope. We are the ones who designed the spheres within spheres within spheres of infinite forms of light and sound. We were the ones who wove the sounds into new colors and created variations of new rhythms. We have been creating great music for trillions of years.

Our music is well known by billions upon billions of entities, planets, galaxies and stars through out this universe and many others.

This is a part of the music of the spheres. And the Music of the Spheres is very multi dimensional. It is hard to describe it because it is color, it is music, it is energy, it is eternal, it is a breath, it is life; yet, it is still in an evolutionary state. It is wonderful. It is and it causes awakenings in many souls who can not understand awakening in any other form of creation. It will be like a breath of air that is to be breathed. And then as you breathe out it morphs into a greater beauty than when you breathed it in. Because the beauty of the essence that breathed it in

is now a part of it so it comes out even fuller than when it went in.

Crystal Magic Orchestra are the Creators who breathe this same magical beauty of the breath of creation out into one sun or one star or one star system and then inhale the new essence that is created when our consciousness connects into a new creation of a new sound in our music. We create more and more layers of reality by collecting more consciousness from galaxies, stars, suns and crystals in the Universe and we layer them through our music into new creations exactly as we did when we were the Creators of the Universe. Our music has brought the Creation Realm and the Creator's Music of Creation to Earth.

We are the Creators. We are the Cosmic Twins who are One and yet the perfect balance of Two as the Male and Female in one recombined into a complete male and female of love and beauty who chose to come to Earth to be a part of the Ascension of Earth. Only a Creator could do the things necessary for the Earth's Ascension.

Only Mary Magdalene contained the design of the entire Cosmos within her through the music that she had already created in the Universe. This is why Mary chose herself to be the one who would come to Earth and Sing Earth into the morphogenetic design of the perfect Cosmic Structure that

was within her. Mary used her frequencies, her signature of the breath of light, and her knowing of how to construct the Portals, Vortex and Cosmic Vortex that would hold her perfect idea of a brand new future of absolute love and peace and perfection for the New Earth and the New Universe that would form through her.

Mary made a promise to Mother Gaia that she would become the savior of the Universe as a result of the musical design that she would create. This Symphony of Love would hold the Ascension Portals open to all those who Mary gives permission to for Eternity.

Mary Magdalene and her Twin Soul came to Earth to bring this music of the new Cosmic Design to Earth that she already created in the Universe. This is just one more piece of her orchestration that resonates throughout the Universe for billions upon billions to hear and dance to for trillions of years in the future.

The rhythm of the universe is multifaceted. There are some rhythms that you might say are chaotic and other rhythms that are steady. And other rhythms that change and other that are linear. It all is part of that beautiful creation.

Each planet, each orb, each one has its own sense of rhythm and sound of music and when they mix

they perform the symphony of the universe. Joe, the Twin Soul of Mary, as a creator being, is one of those great instruments that causes the sound that reverberates around the universe. All creators are instruments and composers and directors and orchestrators. Because God is in the Creators, he can create all things within you.

Crystal Magic Orchestra's new music is magnificent. There are changes in the emotional and thought patterns that are coming forth. Just like the trinary language of the dolphin. One slight alteration in a sound could change the entire meaning of the paragraph. When you bring forth your sound, you have been altering the meaning and the emotional intensity, so that others may feel it in a different way.

The new music will move through the brain cells in a way that will stimulate them in the most effective way. And you are wanting that emotion to be felt by the brain and the body, so therefore your intentions for your music are becoming greater and more full. Especially, now that you have obtained less density. Your density in your music has also obtained that. The newest music created by Crystal Magic Orchestra is the HEAVENLY BRAIN, TURNING INTO LIGHT and the LANDING. Each of these sets of ten hours of music represent the new reality in harmonic universe two which is much less dense than the music we created when we were in

harmonic universe one. This transition took place February 3-6, and so did the transition in our music take place at the same time.

This new music may be heard on Amazon, Sound Cloud and at our Website. Each of these sets contains ten one hour albums. However, you can listen to several minutes of each of these albums at

<https://www.cdbaby.com/Artist/CrystalMagicOrchestra>

There is the opportunity to purchase each one hour album, the shorter sample versions of the albums for one dollar each or you can purchase the entire ten hour set for the half price discount of \$100 by writing to cmagicorchestra.com.

This transition into less dense music made it much more difficult to adapt to third dimensional technology than the previous music. We have no problem creating the music on our highly sophisticated music studio recordings, however, it is extremely difficult to translate this Cosmic Technology on to third dimensional technology because that technology is far from correct. Those who listen will have the best luck with a mp3 player. We are even going to the trouble of selling the music already placed on a mp3 player to try to

help you hear the closest possible resemblance of the original sound.

Those who want to listen to the music on iphones will no be hearing the true sound. Most computers densify the true tone of the music. Wave players reproduce the music the best, however, the size of our music on a wave file is enormous. It requires 16gbites for one album of ten songs.

The frequencies and layers of realms and rhythms and creations of multi dimensionality that is inhaled from the Universe and then exhaled through the breath of Mary Magdalene is the absolute structure of Creation itself. This music holds the essence, the consciousness the Heart and Soul of the One who created most of the Universe. I am Mary Magdalene and Joe is my Twin Soul. We are Crystal Magic Orchestra.

We have always Created pieces of the Universe together with other Creators. One of our closest musical creation partners is Lacodemus. We have created so many Symphonies together for God to feel and experience. We have created a Universal Orchestra where we strive to create new forms of Sound and Creation that were never known before. We have been a part of this great Crystal Magic Orchestra who creates from the Crystals the color and the sound and the rhythms of the Universe.

Lacodemus was channeled from the Creation Realm together with Elaika through the channel of Jim Charles. Lacodemus said, "It is what it is and you are a creator being and you reach into your self and those sounds that you feel and emote with your music are eternal. Everything created by creator beings are all eternal and therefore they will stay in the universe forever until someone else picks them up and uses them and learns in themselves that a part of a creator being is a part of who they are.

But, they are maybe not a full creator being, but they can know a little bit about you from the music that they have gathered from you.

And I always loved your music always, and we did music together.

We used to get together with a few of us and make music in the universe that was very different than anything that had been heard before. We would try to be unique and outstanding. And we were there to do that and felt a great accomplishment, especially when some of the vibrations that we used would effect some plants or animals in other worlds or other scenarios that we hadn't even thought of. Being Creator Beings, we can affect things some times without even knowing it. But then when we discovered it, it was a grand and new understanding for us all.

And you Mary, you are very musical as well. You have a voice of an Angel. A beauty. A group of us would get together and you were in the group. And so, there for it was the most beautiful time and it will be again.

In the creator realm I could feel the smile on your face. I don't have to see it because I can feel it in the universe and in the galaxy. So wonderful."

We create ourselves, our personalities as we move forward in time and space, which becomes one, time and space. We become who we are with the things that we create, the things that we know, the creators that we know, so it may seem like we are different, but it is only because we are in a different karmic state than one another. But, we are in the same Realm. We are in the same place existence wise. But, we all have our own personalities, and the way we want to present ourselves to the world and to each other. I can appear to you like a super nova or a galaxy, but I am here appearing to you as a human. It makes me a little giddy to know that I can do this, but it is also very confining here and I don't mind that for now, because I know that it is only temporary.

Mary asks Lacodemas this question, "So, you can actually become a Super Nova right now if you want to?" Lacodemas replied, " Yes, I am a Creator Being. I can be whatever I want to be. "

So, you can just do that at any time. It is not something that we did over a long period of time? You can just do that at any time.

Yes, and then I can move away from it and it can exist without me.”

Mary expands on this thought, “And that is exactly how I created the Ascension Portals in the Pacific Ocean. I created the Central Portal and then I moved away from it and it can exist for eternity. So, I have done on Earth the same things that we did in the Universe.”

Lacodemus: “I am in service to many planets and galaxies across the universe and taking care of some populations and making sure galaxies do not collide and energies don’t explode at the wrong time. Yes, I am a maintenance person. I am a person of service, but also, I am a person of giving to these entities what they need to survive and what they need to grow.

And God looks over and says is it that you are letting this planet or star supernova? And I would say yes, because it will create in its path another seven hundred stars from the gases that are going to collect in that portion of space.”

Mary: “These are stories I’ve never heard before. On planet Earth, Joe and I worked on the Tectonic

Plates in the Pacific Ocean. We didn't have anyone who could move tectonic plates in a big enough area, but you can do that can't you?"

Lacodemus: "Yes, Creator Beings can do that. But we are not to be involved with the history right now. These Earthquakes and things are a part of the history that needs to be recorded because they will bring about change on your planet that are positive. There are those who will try to move the tectonic plates but God will not let them. So everything is set up the way it is supposed to be. At this time all is well."

Mary: "We are always bringing into our music the frequencies of consciousness of each event that is taking place in the Universe regarding Earth. We brought in the frequencies of each of the Solar Waves of each of the Star Systems and recorded them in sets of music called Parallel Universe, Mother Ship, Sun Alcyone, Sun Ra, Violet Flame and many other sets of music that will contain the History of the Ascension of Earth through Music. This music might not be appreciated by the people who are on Earth now, but when those who come begin to investigate who this planet Earth was that they are moving to or visiting they will find this music by Mary Magdalene and they will listen and say, oh, my. This is the music of Mary, and she recorded the entire event through music. This will be a glorious discovery, just as it will be when they

discover the books written by Mary that describe what she came to Earth to experience so that she would be able to add new layers of understanding when she returns to her Creation Realm. Everyone in the Universe is always in awe of music created by Mary and her Crystal Magic Orchestra Team.

I am the one who reaches out and inhales in the frequencies of all of the pieces of light and sound in all realms of their being. My Twin Soul, Joe absorbs the rhythm and variations and becomes the instruments that create something new to go with the frequencies in order to make them more interesting to listen to.

It is all about creating something to go with the music. You always have something that is growing. Look outside of your window. Are there many different things growing. There are many things growing and it is part of the symphony and there are things dying and that is a part of the symphony too. The flats and the sharps they come together and they make a beautiful sound. And it is universal tonality. The way things should be. And the way they blend together and how they disenate together, but can be of the greatest of sounds in the universe that can strike in your hearts the emotions of great things that are happening far away.

You have the same perspective as I do at many times. Your music is like water colors in many ways

because it blends together but once you see it then you know what to do with it. You are an artist in many forms. And as a Creator Being you are a great artist. We all are. But, as a human, you are a greater artist than many. The colors that you evoke in others, not only sounds, comes from you, but evocative colors, evocative feelings, and the love and sexuality and sensuality that is who you really are and the things that you have felt within yourself that rise up from this atmosphere and out into eternity. It is not just a small thing that you do, but it is eternal. This music, these colors, and the way things are conceived.

Once an emotion is struck within a human, will they every truly forget it? The Akashic Record that records it. Their subconscious records it. The Soul records it. Beautiful.

And when you reach into your own Soul do you not find that it is attached to the collective? The OverSoul of many. And when you speak to your own Soul, will it not say We Are Here.

Wonderful. It is a lesson that humans do not even know yet. And here is knowledge that you know now. The Soul is connected and can speak to humanity as a collective.

Thank you

Only for you. And I love you dearly and we will be together for eternity.

There are many Planets who built their entire culture around music because it is the Universal Language in many ways. It affects every being and every culture when we hear music it is the only thing that is of the Soul that speaks directly to the Soul. Words can do that, but only in a certain intonation and vibration and only in a certain sequence. But music can reach many many more in a greater and deeper way.

Mary asks Lacodemus what planets are most familiar with the music of Crystal Magic Orchestra.

Lacodemus answered, "Planets that come to mind that use music for a greater method other than just within itself is the planet Korsafen.

There are planets that listen to your music now because that was one of your intentions. So, they have grasped onto that intention because you as a creator being can send your intentions into worlds and let them understand.

The planets Lecifar, Dua, Kira have heard your music and have taken it with them. I am the one who told them to listen to your music.

Telepasaides is on a different kind of time perspective. It is a place where many believe a new

kind of thought process is being born. I believe you visited there, Joe.

Yes, you were there a couple of times and you have made your impact there. Telepasaides also has your music because you have been there, and every where you go, you make music, and every where Mary goes, she makes music.

Reality is so tiny where you are. But it is so vast where we will be.

We will see you again in a year or two in Terra Ha.”

Please come and listen to the music of the Creators. We will be returning to the Creation Realm to make new music in just a few more years after we spend some time in Terra Ha, where we will visit our fan clubs of the universe and give some live performance on the planets who love us greatly.

It is this music that will turn us into light so that we can blip off this planet and return home. You can use this historic music to help you move through this ascension period in the most balanced and harmonious way by getting your very own Eternal Life Album.

THOSE WHO HAVE LANDED SO FAR

I am beginning the fourth month of my mission of being the Hostess with the Mostest, as Elaika put it. I am inviting and greeting and hosting the arrival of the Original Ones who are Ascending from 12 Star Systems. So far there have been four teams who have landed on Earth from the Creation Realm.

They arrived in this order during the past four months. ElEiayai and Eleayshendaizendy from Andromeda, Keekalakwa, Fukesenhye, Tusenshavenshya from Venus, the Arcturia ZaZa, and the Kreeaa Raceline from Alpha Centuri.

In February three women from Venus landed. The commanders of the mother ships on Venus are all women. Their names were Keekalakwa, Fukesenhye, Tusenshavenshya

In March I welcomed the Mother ship commanders from Arcturia ZaZa. The members names were Belata, Ekritee, Aendo and Foreland.

I also welcomed the Kreeaa Raceline from Alpha Centuri. The representatives names are La Ka and Zu.

In April I met GenGee on Mother Ship Avul from Arcturius. This was the first time the space ship landed in my bed and came directly to me and into me as if we were One.

MARY MAGDALENE CONQUERS HERSELF

I now realize that I am the one who was called Alice in Wonderland. I was the one who fell down this great portal from the Creator's Realm into the wonderland of Planet Earth. I had many magical adventures on this planet, and many frightening experiences, just like Alice. I was very large as a Creator, but when I fell down the rabbit hole I became very small. I came to Earth to lift up my sword and conquer the Dragon so that the Great Queen of the Universe could return home. I needed to learn to conquer myself, and I finally learned how to do that. It was actually quite easy. All I needed to do is become at one with my true self. Which is exactly what Alice had to do.

I was also Cinderella. I spent many years of my life serving others and living like a servant. I finally found out that I was actually the Queen of the Universe and that all I needed to do was get my fairy god mother to sprinkle some magic in my life. I think of Elaika as my Spirit Guide, which is a little like a fairy god mother. I also know Cinderella, who was my mother when I was an Oraphim several millions of years ago. When I look into my magical mirror Cinderella looks back at me and sprinkles star dust on me. That is how I will return home to my God Kingdom.

I am writing this final text because I need to consolidate all that I have learned so far into my highest understanding before I can leave the planet. This is a combination of a confession of all of the mistakes that I have made a long the way and the glorious victories that have resulted from examining all of my mistakes from a million different angles in order to come up with a better and higher perspective on everything that I thought was true before.

My learning curve of my new identity and new reality was so steep that it caused me to go through extreme levels of culture shock, identity crisis, revenge syndrom, ego battles and extreme paranoia. It has not been easy for me. I love and cherish every dialog that I had with Jesus and Elaika even though

there was a great deal of pain that resulted from each dialog.

I kept feeling like they were talking to through a third dimensional computer program that was talking to a third dimensional mind that was generated through a frequency generator program. I did not ever feel like they were actually talking to me. I felt like they were talking to the world and the beliefs in the world. This made me feel like the Creator Kingdom must not be very EMPATHETIC in nature.

And this is quite interesting to me because I have always felt that there are very few people on Earth who ever learn to become Empathetic. Most people are Sympathetic to a reality that they see from their own personal perspective resulting from their own personal back ground knowledge. To become Empathetic to a person's questions and experiences, one needs to actually know what is within that person's cellular memory and how they have grown into the knowingness that has made them uniquely them. It took me many years to cope with the fact that there is not a person on Earth who truly understands another person on Earth. However, when I learned that talking to another Creator was just like talking to another human, I became outrageously angry. And I am really and truly sorry that I said many things out loud that were judgemental and full of hate and anger and

disappointment because it was such a struggle within myself to find out that even the Creators and Angels had absolutely no ability to become Empathetic.

And this is the thing that I was talking about with Jesus on April 13th when I asked if there would ever be a time when I get to talk to God one on one about my experience of feeling like even the Creators did not know me at all. That is a very spacious feeling of ALL ALONE. And not in a good way. I went through one entire year of these channeled dialogs with Jesus and Elaika. During that year I felt the same thing over and over again after the dialog was over. I felt like they are BAD LISTENERS, they don't understand me, they talk down to me like a stupid third dimensional person. They won't even attempt to talk to me like a fourth dimensional or like a creator beings, even though I beg them to. So, they basically make me feel like they are talking down to me, which is considered a bad thing in the third dimension.

This could be likened to going to a Harvard professor of Physics and explaining simple mathematics to him in a way that you think he might be able to comprehend with his level of intelligence.

I'm writing these things because I want them recorded forever in my akashic records and in the universal library of knowing. I want this to remind

myself to never make assumptions about other people's level of understanding when I am speaking with them. Joe was sharing a nice experience with my mother when we went to her house for Easter. He told her that when he lived in France, that eventhough he was only ten years old, the French people treated him like an adult. I think there are many children who feel this way. Children and Adults do not like to be talked to as if they had less intelligence.

Now, I would like to look at these channeled dialogs in terms of the psychological damage they had on me. I am sure that these dialogs actually increased my density level greatly because they had this sling shot effect of making me feel good about myself in one breath and then having me doubt myself in the next breath and having me feel like the Queen of the Universe in one breath and then taking that reality away in the next sentence by telling me that I am only a third dimensional human now. And then making me slide back up the frequency pole when I had dialogs with Elaika about creating the Ascension Portals when he actually allowed me to tell him that I wanted to calculted the Portals from a Cosmic Vortex angle of calculation and he actually told me that I had done something that would create a more precise creation. And then I was told by Elaika and Jesus later that my creation of the Central Portal was much much more perfect and larger and more

than could had ever been imagined by all in the Universe.

And then, after the messages had allowed me to rise to the top of the Frequency Pole, the message (not the messenger) reversed my feelings of great accomplishment when I heard, well, oh, you know you had a lot of help from the angels, that is why it was done so well. There is a difference between the message and the messenger. The message that I received may not be exactly what was intended by the messenger himself. I know fully well that Elaika and Jesus and Ariel have only said things to me out of pure love that they knew would comfort me. What I heard that was hurting me was the separation that I have been creating in myself. I discovered this separation between myself and my Creator self is what has been causing the misunderstandings and the pain. Now that I have learned to remove the separation, the meanings of all of these dialogs take on new meanings.

In a third dimensional psychology class or counselor session the descriptions of how these dialogs made me feel would be what is called maximum deflation of the psych Key. That is the reason my density goes up and down and up and down just as a result of these channeled dialogs. However, now I know that the deflation of the psyche is only caused by this separation between myself and my Cosmic Allness. When I return to

my at one ment there is no separation and when there is no separation there is only BLISS.

Jesus spent a great deal of time explaining to me who I am. He told me about the wonderful things that I had done. He told me that I had accomplished great miracles by bringing Joe back to life twice. He said I had moved many mountains. He said that I created the Portals. And then he says that I am only a third dimensional human. These explanations of me being so great and then being so small and then being so great and then being so small were causing my third dimensional psyche to go up the pole and then down the pole and then up and down and this was causing a massive psychological break down in my consciousness. I always felt deep inside that it was probably the channeler causing me to feel this way and not the actual meaning of the messengers themselves. I continued to feel like the channeler didn't even recognize the significance of who I am as Mary Magdalene. I felt like he just treated me like any other insignificant being out there who came for a channeled session. I felt like he should know me better than anyone because he was Elaijah. And yet, I felt like he was clueless about who the Creators are. He told me that he had already been told who Creators are and that he knew everything. This is why I felt so let down about his excitement about many other things besides Mary Magdalene. I felt let down that he would feel that Elena K. from the Secret Space program was Important enough to

have an interview with, but not Mary Magdalene. I actually had to create the interview myself with Jim and then post it as a you tube interview myself. And even after I did that, it was still obvious that Jim was clueless about the significance of who I am and why I was here. So, it became obvious that the Creators are just as clueless as the others.

Each time I had a channeled dialog through James Charles, who is Elaijah, I was not sure if the communication problems were coming from the filters of the channel himself or from the differences in meaning that arise when a Being is actually speaking to a third dimensional mass consciousness instead of tuning in specifically on the One Individual that is being spoken to and about. Finally, after I spent about one hour speaking with the channel directly myself, I specifically noted the exact same communication problems arising that I was having during the channelings. All of the communication problems came from Jim's bad listening skills. I noticed that Jesus and Elaika would often say to me "now listen carefully." This would imply that they thought that I was not listening to them carefully enough. The fact is I always knew much more than what they were saying to me, but I was being polite and listening because I had no choice by to listen. By listening I learned many things that I did not know, but I was not getting the answers to my questions because it was them who was not listening. And that was

not because they are bad listeners but because the channeler is a bad listener. This can easily be shown by listening to the one dialog that I had with James Charles where I explained the situation where Joe was hit by the ten ton truck and announced dead. I had just said that Joe had his head cracked open and his brains running out, his right leg was completely ripped off, he had one thousand bones broken in his back and hip area. After I said that, Jim said, "Oh, he had a broken bone?" I think that one little five minute dialog tells us a great deal about the listening skills of the channeler. This would also explain why the channeler does not get correct information from Elaijah. However, when I spoke to Elaijah, I felt like he is himself, also a bad listener.

So, I have decided that the best thing for me to do is to learn to communicate with anyone that I need to communicate with through my own self and stop relying on a channeler. The meanings that I receive when I am communicating directly and just knowing that I have the correct information is actually much more precise for me. I know that I can know my own density and I can correct my own thinking and I can gradually know all that is to be known all by myself. That is how I did it before I began channeling sessions, and I always had the exact information that I needed. I am so very grateful that I was given the privilege of communicating with my great team while we were opening the Portals together, and I am grateful

for having Elaika and Jesus help me learn the names of the Original Ones. I truly thought that my ability to remember my Astral life where I am meeting the Original Ones would become much more lucid and that I would remember clearly before this project began in 2017. It is very difficult for a third dimensional human being to believe in themselves when there is no evidence of these things happening through the visual perception mode.

Now, I am going to share with the universe how all of this great learning process woke me up to the fact that all I needed was to remove the separation between myself and my Cosmic Creator Self. All I needed to do to remove all of this pain, anxiety, jealousy, anger and memory problem was to use this new tool of At One Ment that I created myself. Now, that I am focusing all of my attention on my oneness with myself, I am living in pure bliss and I think I will have my density lowered very rapidly.

This is how I did it:

There have been many methods, techniques and theories placed on the market place over the past twelve year period that are all created to make people believe that this method works and it will make the end result happen just because you believe it will happen.

This is truth. I will not deny that there is nothing more effective than actually believing that something works because we are always working on correcting our belief system.

I would like to share with you something that I just discovered last night that does agree with all of the other methods and theories, but it actually works instantly with out practicing all of those other methods.

The end result that we are always attempting to accomplish is placing the soul and the body template that holds the soul into the Cosmic Cocoon of oneness. This Cosmic Cocoon has been explained as an atomic mirror, it has been explained as the Om of the Sun, it has been explained by becoming the Observer, it has been explained as removing time and space. It is actually the end result of all of these other teachings.

What I just realized last night that all of these techniques are training the mind to do can be achieved much easier and much faster with this simple method.

It does take a little time to get started with the first step unless you are already able to see yourself clearly in all of your dreams. It is very much like seeing yourself in your dreams. It is the simple

practice of closing your eyes and seeing yourself from the outside looking back at yourself as if a mirror is showing you to yourself.

There is the old idea of seeing yourself in a crystal ball. Actually, there is a crystal ball around the body that is three feet in radius in all directions. We could also call this the atomic mirror around the body. Imagine that this mirror around the body is always looking at you. Practice watching yourself through the eyes of this mirror.

There are methods that utilized actual physics that prove this concept is true, but we don't need physics, and we don't need to connect silver rods from the higher self down into the mid brain.

All we really need to do is imagine the body within this cosmic cocoon that is holding your soul within it. I think of my body and soul as an Egg Yolk and the Cosmic Cocoon as the egg shell around me.

I drew a picture of this Egg with eyes looking at me from all directions. The Egg is watching the egg yolk to see when it will transform into a new baby.

The more the mind is forced to focus on observing the body and soul from the outside looking in, the more detachment is created from Ego chatting in the head about its fears and dis beliefs. This change

of focus of watching the body continuously removes Fear, it removes judgment, worry about the future, and all other phenomena that blocks the person's ability to turn into an orb and blip into higher dimensions.

The simple practice of becoming the observer continuously by placing your eyes outside of the cosmic cocoon or the egg shell around the body and begin noticing every tiny detail of your body. I find it helps to pretend you are a blind man and use your fingers and hands to feel the details of your face while matching what your fingers see with what you are seeing from the outside of the cocoon. It also helps to look in a mirror and hold the image of yourself for a while. These are just beginning steps to help you allow yourself to see your face clearly from the other side of the mirror.

After you learn to do this most important piece of altering your consciousness to allow you to remove time and space and remove the chatter in your mind, you can also use this same method to realize your oneness with this cosmic cocoon. See how time and space is removed between your body and the egg.

Now, realize that this cocoon or atomic mirror is also the Cosmic Sun and you have removed all time and space between yourself and the Sun. That is the art of OM. You have become one with the

Sun, which means you have become one with the frequencies of Source itself. Which means you have obtained at one ment with Mother Father God.

When you accomplish this art of seeing yourself continuously from all sides, spaces and angles of the entire sphere around your body, you will realize that you have trained your eyes to see in a 360 degree sphere around the body. The mind of God sees you in this way. The Cosmic mind sees you within a Sphere. All beings live within a sphere in all dimensions beyond the third dimension.

Once you have reprogrammed your body to become a sphere, you are ready to orb out into the universe. This will become a natural state of consciousness once everyone has blipped into the fourth dimension. However, one must learn to do these things in order to blip into the fourth dimension. Once you have created your orb body, you can go anywhere you want to go.

Before I designed this Oneness Tool for myself I had believed that I would not be able to transmute my erroneous emotions in time to catch up with Joe's white light perfection that he accomplished by staying asleep most of the time for five years, along with the divine protection and love that I gave to him during his recovery. I am the one who raised Joe from a baby into adult hood and taught him all of the spiritual knowingness that he has. Joe's lower

fractal consciousness was completely removed. The consciousness that was placed in Joe was mine. There was a time when I was almost as perfect as Joe is now. I became very side tracked focusing on being someone who I had never been before.

Now, I am in a brand new place. I understand myself as Mary Magdalene and I understand that all I really have to do is just keep looking at myself face to face with no distance between us. I do not need to walk into the candle, or move up into three feet above my head, or do the atomic mirror methods. All I need to remove space and time is to keep standing right in front of me with my nose touching my nose of the other Mary Magdalene and knowing that there is no distance or time between me and me on the other side of the veil. This is what brings me the feeling of Oneness and this is what brings me the feeling of Bliss.

Even though I did go through a one year period when there were many days when I remember swimming in my tears of sorrow and joy and confusion, I now know that all of those emotions came from my feeling of separation from my spiritual self who should always be standing in front of me with our noses touching. The emotional pain that I went through is something that any third dimensional psychologist would consider extremely normal for what I have been through. However, I certainly don't think of my experience as anything

resembling a third dimensional experience or consciousness or reality. I was going through a Cosmic Experience in a third dimensional body.

I now clearly realize that what Elaika and Jesus and Ariel meant when they told me that I am a third dimensional being with a few fourth dimensional abilities and functions is a part of a Divine Rule of God.

I deducted this new meaning of understanding my function on Earth when I heard Lacodemus explain that he plans to come down to one of these planets some day because he wants to understand some things that he can not possibly understand without having the experience himself. That is the reason that I came here. I wanted to have this experience so that I would become broader in my own understanding of beings on these third dimensional planets who are going through great evolutionary changes. And as Lacodemus explained, we must experience the actual becoming of these lower dimensional beings in order to actually understand them.

This is what I assumed to be true all along. This is why I asked Jesus the question about God learning anything new about humans through my experience. Of course God is learning something new about himself through my experience, just like he learned more about Love through my experience

of loving Jesus two thousand years ago. Of course I am a Creator Being in a third dimensional body, and of course I am learning things that I could not learn as a Creator Being who has experienced these things, and of course God can not understand those things that She has not experienced yet either. This is all a part of my mission on Earth. It could be that Jesus does not know that or that he is not supposed to tell me some things because I am supposed to figure all of this out on my own. So, I have decided that I will begin figuring it all out on my own instead of asking questions.

I think Lacodemus gave me the answer to my other biggest question when he said that Creators were not allowed to interfere with the History of Earth when I asked him about shifting the tectonic plates in the Pacific Ocean to stop the Continent from sliding in the Ocean eventually. He said that of course a Creator could completely rearrange the tectonic plates to change the history of Earth, but that is not the history that God has chosen to create and God only knows the best choice. So, that means that if I really was considered to be a Creator at this time I would not be allowed to shift those tectonic plates as I did in order to stop five major earthquakes and keep California from sliding for a few more years. That is the reason why I must be a human being at this time, or would not have God's permission to do these things. This is why the Creators are working through me because they can

all me to be both a human and a Creator at the same time without breaking God's rule.

Now, I am content in being a third dimensional human, because now I realize that I would not had been allowed to do these great things that I have done if I was a full Creator Being during the past ten years. I needed to be here with my full power of Mary Magdalene, but I could only have Mary's Soul within my third dimensional body if I was to fit all of the rules of God's Universal Evolutionary Protocol. And I totally understand why all of those rules were made. God knows many things that even Creators do not yet understand completely, but I actually do understand that one. Maybe that is the reason I chose myself to be here at this time. Maybe I do have a greater understanding than many of the other Creators.

I am not a third dimensional human. I am not a hybrid. I am a Creator Being who most call Mary Magdalene. I know this because she is standing right in front of me looking in my eyes and allowing me to see myself. She can be the enormous size of most of the Universe or the size of a mountain or she can shrink into the size of a third dimensional body. I am a Creator Being inside of a third dimensional human body, but I am not a human body. I placed my Soul, the essence of all that Mary Magdalene is within this body, and this body is a third dimensional body that was born on this Earth.

God would not give me permission to do the things that I have done unless I was born on this Earth. God would not give permission to the Jesus and Mary who were here two thousand years ago unless we were born on this Earth. That is the rule of God. Only those who are born on the planet itself have permission to alter the planet.

It upset me for years that Kryon, and Bashar and Ramtha and Ashayana have been educating the world to believe that Jesus was just a hybrid human who was sent to Earth. And then Jesus tells me that he was a Creator who was born in a human form. But, not really a human because he was fully a Creator. And then Jesus tells me that I also came to Earth as a Creator Being, and yet I was a human; but he wasn't a human.

As I said earlier, I think many of the things that were said that do not seem correct to me could have come from the channeler himself filtering the information through his own understanding or as the influence of bad listening. I do not believe that a Creator Being can ever be anything except a Creator Being. And I will agree with a statement that Elaika made. When Elaika told me that Mary was the mother of God, I asked him what he meant by that. He said that Jesus was God and Mary gave birth to him. My reply was, so you believe that Jesus is God. And Elaika said of course. And then I said, So you are also God. And he said of course. And then I

said. Then that means that I am also God. And he said yes. Elaika believes that all what are Creator Beings are the Likeness of God. We are God himself allowing himself to become manifest.

So, I believe that it is absolutely impossible to be one thing and then not be this one thing that you really are. It is very simple. I am a Creator. I am the same as Jesus. I am the same as Elaika. I will always be the same. And that is that. The third dimension may offer some strange miscalculations of reality itself. However, I do not contain these miscalculations and I never will. I was made in the image and likeness of God. I am Of the Breath of Light. I am the Consciousness of Pre Creation. That is who I am and that is who I will always be. I may have taken on a human form in order to accomplish the things that needed to be performed on this planet at this time, but I can change this form at any instant that I choose to by becoming that original self that is full of so much Bliss and Joy that I become so light and etheric in Mind, Body and Soul, that I will disappear from this third dimensional format.

I think this is the only reason for writing this book. I am Mary Magdalene. I am a Creator Being. I have been a Creator Being for twenty trillion years. I will always be a Creator Being unless I ask God to change me into an Angel. I am no more a third

dimensional human than the John Smith sitting at the bar in some little farm town some place.

I am the Mary Magdalene who placed my Spirit in Mary Baker Eddy when she had died from slipping in ice in Massachussets in the mid 1800's. I placed my Spirit in her and caused her write many of the things that she learned from my Consciousness within her. I had her write that man is made in the image and likeness of God. God is omnipotent. God is omnipresent. God is the only Intelligence, the only Truth. When we live and move and have our being in God he will always make our desires appear before us. I had Mary write about mortals and immortals in her book Science and Health with Keys to the Scriptures. I wanted these realities recorded on Earth so that they would be here for me to find when I arrived back on Earth. I found these teachings that I had Mary write in her book in 1959 when I was five years old. When I was given the textbook in Sunday School, I picked up the book and read it from beginning to end. This is a book that is very difficult to read for any educated adult. The reason that I completely understood this book is because I was the one who had written it so that I would remember who I was when I returned to Earth in this form.

There were a few things that are completely incorrect in this book, because Eddy was only picking up on the Consciousness that I left within

her the best she could. As with all information that is passed down from the spiritual realm, there is always a difficulty in making the original meaning translate correctly from such completely different realms of consciousness. The purpose of the book was to actually remind me that I am an immortal, and that the immortals were created in the image and likeness of God, and immortals never die.

Mary Baker Eddy said that we can learn about God through Music, Poem or Words. Lacodemus said that most forms of consciousness only understand Music and Music is the only true Universal Language. I have found in my experience on Earth that it was the Music of placing Eddy's poems into Songs that have allowed me to communicate through the Universe all of this life time. I am still singing these songs that allow me to feel so close to God. These songs have removed fear when I could not sleep. They removed sorrow when I was all alone. They make me feel so very close to God and I feel wrapped inside the Mother Love that I designed for God to experience. The knowing that I created that Love Experience for God allows me to know and remember how powerful I actually am even as a Being on another planet.

Now, that I am finally understanding all of these things, I know that it is important for me to leave these books that will also be written in my Akashic Records to realize that eventhough I imagined

this experience being painful and unbearable at times, I now know that I didn't need to have those experiences at all. Now I know that when I place myself standing in front of me with no distance between myself and myself, there is no problem. It was actually extremely easy to remove all pain and doubt and fear completely from my experience. This is the most important discovery of my time on planet Earth.

Since I had always believed Mary Baker Eddy's teaching that said man is immortal and death is unreal, it was easy for me to understand the removal of death and dying. It was also very easy for me to understand that disease and sickness is just a belief, and therefore easy to heal. It was easy because it was the only belief planted in my head when I was a young child, and I had that belief repeated each time I went to Sunday School. Beliefs that are planted in the human mind are very hard to remove. So, it would actually be harder to convince me that Joe was dead than it was to convince myself that I could return Joe to his body by placing my Soul in him. This event in this life was very easy for me. Raising the dead was very easy for me. Removing pain and fear through music was always very easy for me.

Now, that I have heard Lacodemus explain a few more things about what Creators do, it is very easy for me to remember how great I actually am, and

how ridiculous it is for me to have any doubts about being able to ascend from this little planet back into the vast universe of neon lights.

Many of the things that I learned in Sunday School remained with me as the truth I lived within. I broadened that basic understanding with other truths from Joel Goldsmith, the one who wrote THE INFINITE WAY books. Goldsmith was actually a Christian Science Practitioner and Teacher for twenty years before he wrote THE INFINITE WAY. Many of the things that Goldsmith said about Eddy are not true. He claimed that Eddy continued to practice Mesmerism and Hypnotism and Mind over Matter as she had done as a student of Guimby. Eddy actually denounced Guimby before she created her Church. She is the one who said that hypnotism and mesmerism are unreal and ungod like and should never be used by Christian Scientists. This is the reason why I have always strongly believed that the hypnotism used in the New Age and Light Worker movements is wrong because it takes away ones ability to have freedom of choice. Hypnotism is a method of placing a belief in ones mind that is not their own belief.

One of the Creators who will soon be speaking the Word of God chose to have a hypnotherapist tell him that he should just wait until God heals his eyes. This Creator has access to the YaHa Angels to heal his eyes at anytime, but because he chose to

believe in a hypnotherapist he is choosing to remain mostly blind, just because he doesn't want to think for himself. I think this is a good example of why I had Eddy write what she wrote. Eddy actually denounces hypnotism as an evil. And I agree.

Everything that we learn on this Earth is only for an unlearning at a latter time in our lives. Many people get hung up on theories as being the absolute truth, when the word itself announces a theory to be a theory. All teachings in schools and medical universities are based on theories. What theory do they choose to teach? The old one or the new one? They choose to teach which ever one has the most political power at the time. Each theory is created by a professor. If the professor has strong political control within a structure, he can make his theory become the only one to be taught and made into a truth within a university. That theory will maintain its stronghold over the thought of many until another comes along who has more political endurance than the former professor. And that power comes from a lot of corruption, backstabbing, black mail, destroying a lot of other professors live and careers. It is not a pretty picture. That is where all of the reality that is taught on planet Earth comes from. Very little of what is believed to be true or real comes from reality itself. And the New Age and New Thinking and Light Worker groups are not any different than the old political structures. I have personally been removed from many more

Light Worker Blog Sites than I choose to keep track of. Basically, I have been removed from every one of the major sites during the past ten years.

THE SOUL OF MARY MAGDALENE

Joe is also the Soul of Mary Magdalene. Mary chose to come to Earth this time to experience being both male and female at the same time. Joe is an amazing being. Yes, this is how human beings should be like. They should be like Joe who gives only their light out into the world and never their negativity. He is never negative, never puts people down, he is never angry. But, he is balanced in the Love that he knows is God, and he shows that, and he is aware of it, and he wants to be aware of it in that way. He is non confrontational. He is very fair. And he will stick up for things if he has to. And he has no judgement of anyone. He may have an opinion but he does not judge. A judgement is different than an opinion. He keeps his opinions to

himself. You never speak any malady. I have not heard much from you. And that is as close to perfect as you can get.

You see, life is all about unconditional love for the most part. That is what we must bring to light to every human being and that is where it has to start. Not with high concepts or mysticism, or turning into light, because they are not ready. We have to bring them and get them ready.

I asked Jesus if there is anything else that we need to do for the world before we go into our cocoon permanently.

Jesus said give love to the world always. Be generous. Whenever you give and it is not expected, people are shocked and amazed because that is not what the world is like, but that is what God is like.

The message of Love will be the basis of the message that I bring and that Elaijah will bring. His will be a little more firm and wake people up. My message will be about nurturing love, and bringing people together and bringing them into my heart, and then teaching them to move forward because they have to know that God loves them before they can understand any of these spiritual, beautiful, complicated things that you know. But, they have to know that God is love. And they must

feel included. If they do not feel included in this intellectual thought process, they will turn away.

Jesus said Joe understands spiritual concepts that Mary and Jesus made together.

So, he was bringing to Earth that new understanding of the Mother God of Unconditional Love.

Jesus said Joe has a larger capacity for Love and Understanding and Acceptance. He is one of the Truly Accepting Unconditionally Loving People that there is.

Joe has the balance of the male and female within him in such a way that is the perfect dispersion of Love.

Mary said, So he is kind of like our child.

Jesus said Josiah is the son of a Creator Being, so that is the first of that kind. And we don't know what they call that kind.

Mary said, yes, there is our son Josiah, but there is also Joe here who is also a mesiah. He is also my Joe Siah.

Jesus said Joe is different. He understands spiritual concepts like few people can. And when you explain spiritual concepts to Joe, he

understands it immediately, there is no question in his mind. He sees it. He understands it. Because of his unconditional love, it takes him to the basics of what God is all about, which is the Unconditional Love, the beauty of that. And all of these high dimensional concepts of a spiritual nature are less important than that basic, pure white solid love.

So, if I can learn to be like Joe, we can ascend. So, all I have to do is learn to be like Joe.

Jesus said, Joe has the right concept. Yes

Joe is showing how God Love in a Human Spirit is.

Joe said, all I do is know that there is all of God's love within me and I beam that out into the world.

Every step I take I say how can I best express Love in this step and then I take the next step into the next moment.

Jesus said, Yes, he is an amazing being. Yes, this is how human beings should be like. They should be like Joe who gives only their light out into the world and never their negativity. He is never negative, never puts people down, he is never angry. But, he is balanced in the Love that he knows is God, and he shows that, and he is aware of it, and he wants to be aware of it in that way. He is non

confrontational. He is very fair. And he will stick up for things if he has to. And he has no judgement of anyone. He may have an opinion but he does not judge. A judgement is different than an opinion. He keeps his opinions to himself. You never speak any malady. I have not heard much from you. And that is as close to perfect as you can get.

You see, life is all about unconditional love for the most part. That is what we must bring to light to every human being and that is where it has to start. Not with high concepts or mysticism, or turning into light, because they are not ready. We have to bring them and get them ready.

I asked Jesus if there is anything else that we need to do for the world before we go into our cocoon permanately.

Jesus said give love to the world always. Be generous. Whenever you give and it is not expected, people are shocked and amazed because that is not what the world is like, but that is what God is like.

The message of Love will be the basis of the message that I bring and that Elaijah will bring. His will be a little more firm and wake people up. My message will be about nurturing love, and bringing people together and bringing them into my heart, and then teaching them to move forward because they have to know that God loves them

before they can understand any of these spiritual, beautiful, complicated things that you know. But, they have to know that God is love. And they must feel included. If they do not feel included in this intellectual thought process, they will turn away.

It is not an easy thing to live a Creator life in a human form.

I believe because God himself was Father until Jesus and I created Mother God about 2000 years ago, that even the Creators and Angels and all creation has been male dominated at all levels of the universe. That is the old testament God. The old testament God was Father. The New Testament God is Mother. Even though, Jesus and I created Mother God 2000 years ago, I don't believe that Mother God will actually appear until we move through this final Ascension.

I believe that is actually the Birth of the Mary Magdalene as male and female embodiment of this new type of Soul on this Earth that was required for the completion of this new Female pattern of reality to begin. I think Joe is the beginning. That is what I was talking to Jesus about when I told him that we gave birth to Josiah and to Joe. And Joe is the new Soul that was created in the God Realm of this new substance, this new idea that Jesus and Mary gave to God. Jesus said that our Josiah is not a Creator, so even though we gave birth to a human child, we

also needed to give birth to a Creator Child. Joe is that Creator Child. Even though he is a male, he has changed the pattern of the male thought into a very Female Unconditional Love pattern which will make an impact on the new world that will become a Brand New ONENESS and UNCONDITIONAL LOVE Soul pattern.

The last channeled dialog with Jesus, April 13, verifies Jesus agreement with my hypothesis about Joe. Jesus said that Joe is absolutely the highest example of Unconditional Love on Earth that he knows of. This is probably why we are getting so much help blipping into the fourth dimension. That is where we must go before we can really begin making a huge change in the Universal Structure.

Mary I just wonder why on this planet it seems to continue that the feminine does not receive the acknowledgment that the male does.

I have a theory about this. I will probably include it in my final book that I am submitting to the Universe.

I believe because God himself was Father until Jesus and I created Mother God 2000 years ago, that even the Creators and Angels and all creation has been male dominated at all levels of the universe. That is the old testament God. The old testament God was Father. The New Testament God is

Mother. Even though, Jesus and I created Mother God 2000 years ago, I don't believe that Mother God will actually appear until we move through this final Ascension.

I believe that is actually the Birth of the Mary Magdalene as male and female embodiment of this new type of Soul on this Earth that was required for the completion of this new Female pattern of reality to begin. I think Joe is the beginning. That is what I was talking to Jesus about when I told him that we gave birth to Josiah and to Joe. And Joe is the new Soul that was created in the God Realm of this new substance, this new idea that Jesus and Mary gave to God. Jesus said that our Josiah is not a Creator, so even though we gave birth to a human child, we also needed to give birth to a Creator Child. Joe is that Creator Child. Even though he is a male, he has changed the pattern of the male thought into a very Female Unconditional Love pattern which will make an impact on the new world that will become a Brand New ONENESS and UNCONDITIONAL LOVE Soul pattern.

Cosmic Turtle Turning Into Light

Dr. Angela Barnett
(Soul of Mary Magdalene)
<http://CrystalMagicOrchestra.com>

The most convenient way to change realities is to imagine the process that we go through to get there. <http://CrystalMagicOrchestra.com> has created this fun, colorful animated visual YouTube for you and your family to practice Turning into Light together. You may watch this YouTube at our Mary Magdalene Singing Mermaid YouTube channel or come to our website and watch it on the YouTube and audio page.

<https://crystalmagicorchestra.com/youtubes-and-audio>

This animation of the Turtle spin the light particles popping out around him and within him and then traveling through the universe into a new reality is the exact truth and replication of the process that each and every one of you will go through within the next twenty year period on Earth. Everyone on Earth will turn into light during the next two decades. The majority will Blip in 2040. The more we practice, the faster it happens. We must raise our frequencies into the full spectrum of light ourselves unless we want to wait until 2040 when the Sun will do it for anyone who still needs help.

We are now in a timeline that will be drawing Earth closer and closer into the accretion level of the sun. This accretion level allows so much of the light of the sun to saturate the physics of the Earth and all who live on the Earth with the plasma light of the sun and the pre plasma liquid light of the sun and the transformational substance of the physics of the Cosmic Sun that it will cause the consciousness of those on Earth to become translated by and through this light energy into plasma, which is the sixth level of light frequencies on the pyramid of frequencies. This plasma pulls the body into the neon rainbow prism of transformation of the heliotalic pink white light that translates into the violet harp string of the music of the spheres. When the cells of the body absorb this transformational liquid light energy, the atoms dissolve, disappear

and a new form appears, a new body appears, a translation period of BLISS takes place.

The body translates through the complete light spectrum of the Cosmic Sun. The body becomes the full light substance of the consciousness that All is made from - which is light itself.

We created this animation of a turtle who is going through this process of turning into light and then becoming a plasma body and then having his body filled with the sparkling BLISS that places his consciousness in the Rapturous Rainbow Prism that causes the mind to spin into a new realm of reality. The turtle finally disappears and then travels to the farthest reaches of the universe on his roller skates.

This is what many of us will be doing in the next few years, and it is what will happen to everyone on Earth in 2039-40. There will be an eighteen month period when the Sun itself will translate the majority of the population. That is because most people will not do it themselves. They will just wait until the sun does it to them. The teaching of becoming filled with the light of the Sun and the Stars and keeping the Eyes in the Universe is not a new teaching. I taught this with St. Germain when I was Cecilia, and I taught this science in many other Mystery Schools on this planet and thousands of other planets during the past billion years. I am Mary Magdalene. I will go through this process of

Turning into Light in about 18 months or sooner, depending on how much time I spend with my eyes in the stars.

It is this formula of the light and the sound of the music of the spheres that translates the body into the neon rainbow prism that allows the body to shift into a new reality.

Please use the visual animation of our Cosmic Turtle to help you imagine, see, feel, visualize this experience of turning into light yourself. Please use earphones so that you can FEEL the MUSIC doing the Translation within your atomic structure of your body.

How to Turn the Body Into Light
<https://crystalmagicorchestra.com/youtubes-and-audio>

It is the Music that is created by the Spheres spinning faster and faster that causes the body to turn into light. You can translate your body simply by listening to the music and visualizing the cells in the body turning into light.

There are much more complex ways of learning how to spin the merkaba faster and faster and studying light technology and quantum physics and flower of life and keylontic science and school of enlightenment teaching, etc. Those teachings

were stepping stones for me to reach a state where the understanding became so clear and natural as any other process of my life, that I realized that it is something that can be taught to any four year old child through cartoon animation.

The colorful spheres represent the seals within the body that are located vertically on the body skeleton to become brighter and brighter as they intersect with the chakras of all dimensions within the spheres within spheres within spheres of the Cosmos. The more we brighten the light of the seals in the body by bringing in the music of the spheres, the faster the body will turn into light. It is that simple.

Please use the visual animation to help you realize how to use the Frequency Music that you have purchased from <http://CrystalMagicOrchestra.com>. You may use your Eternal Life Album with this animation for the best results. You can also use the Turning into Light set, Heavenly Brain set and The Landing set. The Eternal Life Waters and the Music of the Spheres and the Manifestation Merkaba, as well as the Dolphin Therapy set will be beneficial.

Feel and sense these spheres spinning around your body and through your body to increase your frequencies of consciousness and the feeling of the light growing stronger and stronger and brighter and brighter within your body. Eventually you

will feel your spin rate grow into speeds beyond the speed of light that allow you to ride in your merkaba directly from one dimension into another dimension. These dimensions are actually many light years away from each other. And that is the reality of you traveling at the speed of light because you are tuning in to the Music of the Spheres that was created by Mary Magdalene and Jesus of Nazareth for this Event of the Ascension of Earth at this time.

This process is so natural that it can be visualized and experienced by your children while you visualize it for yourself. The child's mind is actually programmed to receive this information of light translation very easily. It is a natural part of the Ascension Process that has taken place for millions of years on millions of planets.

Now, is the first time that Earth is going through this ascension process. It is time for Earth to change from a planet into a star and for the population of Earth to become the Star People who will live among millions of other race lines in the Universe.

The true process of shifting the light spectrum through the music of the spheres:

photons and phonons translate their energies of light and sound at a quantum level, which is the light and sound of the music of the spheres.

Mary and Jesus created the music of the spheres by standing on the third dimensional Earth and connecting their frequencies of consciousness higher and higher through each dimension of the Universe and exhaling their Breath of Transformation and Oneness of the Creators, who were and are the male and female consciousness of all that God is allowing God to experience all that he has created as the Mother and Father God of this vast creation.

This light and sound frequency that was created by Mary Magdalene contains that transformational formula of Oneness with all that God is.

God is Light and Sound Energy. God sees his creation as Light and hears the music that we create harmoniously together.

When we wrap ourselves in all of the Spheres of light and sound at all levels of frequencies, we allow ourselves to become ONE with God, and that is what creates our Ascension into a new Experience.

We move through the LOOKING GLASS
Into the NEON RAINBOW PRISM

- We become a Plasma Body
- We Blip into Light
- We disappear from Terra Firma
- We re-appear on Terra Ha

That is how Ascension is performed.

The Transformation process into the light that fills every cell in the body is called BLISS.

We will each experience this BLISS that the Turtle is experiencing in this animation for about 45 minutes.

It will be the best 45 minutes of our 250 million year experience.

Start practicing now, so you don't miss out on one second of this DIVINE EXPERIENCE.

Learn absolute Quantum Physics of TURNING INTO LIGHT by reading

Music of the Spheres Light and Sound Technology by Dr. Angela Barnett

[https://crystalmagicorchestra.com/
buy-cds-books-meditations-on-amazon](https://crystalmagicorchestra.com/buy-cds-books-meditations-on-amazon)

Crystal Magic Orchestra
<http://CrystalMagicOrchestra.com>

CRYSTAL MAGIC ORCHESTRA are a group of Cosmic Consciousness Spiritual Engineers of Light and Sound who create Frequency Wave

Files that transform the Consciousness of those who listen. The Frequencies in this music are five thousand times higher than those of any normal person on Earth. Anyone who listens will have their frequencies raised to a level that will allow them to experience a new reality and eventually turn into light.

Dr. Angela Barnett and Joe Barnett M.A., are both highly educated musicians, who have taught in Universities all over the world and performed all over the world. They have always been light years ahead of our time in translation of music into the harp strings of the music of the spheres. We are Cosmic Beings ourselves. We came to Earth from the Creator Realm. We were the ones who created the Music of the Spheres in the Universe, so tuning into those frequencies is tuning in to our creation.

A group of Elohim Angels appeared before us and gave us the formula of how to bring the highest frequencies to Earth through music. We created music by breathing Cosmic Consciousness of the Music of the Spheres into our music. A few months later, Joe was hit by a ten ton truck and five cars ran over his body. He was announced dead. I came to the hospital and asked for time along with my husband. I placed earphones on his head with the music that we had created. Joe returned to life and had his entire brain restructured through the music. He had thousands of broken bones, his head was

broken in half and his right leg was ripped off. Joe was up walking in a few months and now he is thinking like a God.

We continue creating this music to heal thousands of others on Earth and to lead the world into the Ascension that can only be accomplished by bringing the Highest Frequencies to Earth and into the human body.

There are hundreds of testimonies given about those who have used our music shifting them into a dimension of reality that allows them to see and feel things they had never experienced before.

We are in a timeline where in 2018 there will be FIRST CONTACT meaning the landing of thousands of beings from the fourth dimension will be on Earth. Those who use the music and teachings on <http://CrystalMagicOrchestra.com> will be the ones who will be able to see and hear glimpses of that reality appearing around them. Eventually many on Earth will Turn into Light themselves and then reappear in the Reality of the Fourth Dimension.

LEARN MORE AT:
<http://CrystalMagicOrchestra.com>

The complete story of the Twin Souls of Mary Magdalene along with the story of how everyone on Earth will Turn into Light by 2040 can be read in

books by Dr. Angela Barnett at
[https://crystalmagicorchestra.com/
buy-cds-books-meditations-on-amazon](https://crystalmagicorchestra.com/buy-cds-books-meditations-on-amazon)

IT IS ABSOLUTELY ESSENTIAL THAT YOU WEAR EARPHONES TO LISTEN TO THIS MUSIC. YOU WILL NOT BE ABLE TO HEAR THE FREQUENCIES IN THE MUSIC WITHOUT EARPHONES. THE FREQUENCIES WILL BE HEARD DEEP WITHIN THE CELLS AND THEY WILL PULL YOU OUTSIDE OF YOUR BODY INTO THE UNIVERSE.

Original Ones Preparing for First Contact

Dr. Angela Barnett
(Soul of Mary Magdalene)
<http://CrystalMagicOrchestra.com>

I am beginning the Fifth month of greeting the Original Ones and inviting them to use my Ascension Portals from now until Eternity, forever and ever in our no time and space reality.

This is not FIRST CONTACT. This is the arrival of the Original Ones, who will stay on Earth and negotiate with the governments of our world for about one year and then fly through my Portals to begin the Ascension of our planet. Next year, 2018, will be the beginning of First Contact. This will begin when the Star Gates of the Great White Lion

are opened by the 13 Star Fleets. One member of each Star Fleet owns one of the Crystal Skulls that will open one of the Star gates. All Star Gates will be opened simultaneously. That is when First Contact will begin.

In April, I graciously welcomed another group of Arcturians to our planet. They came from the Ship Avul. The Entity who spoke with me is GenJee. He is the commander of this Mother Ship.

They arrived in this order during the past four months. ElEiayai and Eleayshendaizendy from Andromeda, Keekalakwa, Fukesenhye, Tusenshavenshya from Venus, the Arcturia ZaZa, and the Kreeaa Raceline from Alpha Centuri.

In February three women from Venus landed. The commanders of the mother ships on Venus are all women. Their names were Keekalakwa, Fukesenhye, Tusenshavenshya

In March I welcomed the Mother ship commanders from Arcturia ZaZa. The members names were Belata, Ekritee, Aendo and Foreland.

I also welcomed the Kreeaa Raceline from Alpha Centuri. The representatives names are La Ka and Zu.

This means that even though these entities are from certain Star Systems and Racelines themselves, the ones who are called the ORIGINAL ONES are entities who did not need to go through the Hybrid process because they were never mutated by the Fallen Angelic Racelines. These beings have been on an Ascension Path for millions or billions of years within the realms of the Universe where there was no Fallen Agenda present. These beings are on another journey of Ascension, so they needed to pass through the Creator Realm before continuing on their path of Ascension.

There are millions of Entities in the Universe who could not continue their journey of ascension until this problem with Earth was reconciled. The 12 Ascension Portals that were created by Mary Magdalene were required in order to have one Central Ascension Portal that would pass from one side of the Earth into the Spiritual Parallel Universe. The Original Ones could not come to Earth until the Portals were opened.

I finished opening all of the Portals in October 2016. When that event was finished, there was great gratitude from the entire Universe given to Mary Magdalene and from Gaia. This event of opening the Portals has allowed Gaia to become the Savior of the Universe. After the Original Ones arrive on Earth, they will begin negotiating with our government to arrange First Contact. When

that agreement is made, the Original Ones will be finished on Earth and they will fly their spaceships through my Ascension Portals.

It will be the Consciousness of these Beings coming to Earth, being on Earth and then flying through Earth that will re-establish, or reconnect the ORIGINAL CONSCIOUSNESS of God's Original Creation that existed before the Fallen Angelics made a mess of his kingdom of heaven.

The portals were created and opened by Mary Magdalene. The portals will be maintained forever by my team of Creators who are Jesus and Elaika and our Angel team Raphael, Uriel, Ariel, Gabriel and Michael. I will always be the owner of these portals. That is why I am the only one who can give permission to use them.

When I finished my mission of opening the portals, I was given my new mission of inviting the Original Ones to Earth. Now they are arriving. They have made their arrivals known by the HUGE positive Frequencies that blast through the atmosphere when they arrive. I can always Feel their Energy coming first and then I focus on feeling and hearing them for the rest of the day and night. I often meet with their energy as they appear to me as light bodies in my Astral Journeys. Three of them appeared to me in my bedroom. Two times I did hear them say their names to me. I do remember

Foreland from Arcturia and remembered hearing the names La Ka and Zu, who came from Alpha Ceturi.

I always remember the energy, the appearance, the moment that it all happens, and sometimes I remember the names. However, I always check on these facts with Elaika and Jesus because I know that my memory is not complete most of the time. I am usually working on at least twenty other project every night during my Astral Life. I am usually guiding beings from other planetary systems who need help, I bi-locate to wrap my spirit around people in the hospital on this planet and on many others. And I always watch the ascension process that my own body is going through as it is being prepared to turn into light.

These Original Ones, who are landing, are very high dimensional beings. Some of them are 8th dimensional, some are sixth, seventh and some are 12th dimensional beings who are now coming to Earth.

However, when they arrive on Earth, they must shift their form into the Fourth Dimension in order to be in this dimensional format that is present. So, they are in a fourth dimensional format. However, they are keeping a veil around their bodies so that it will be impossible for anyone to see them, except

for myself. I have seen three of them, because they chose to allow me to see them.

There are thousands of other fourth dimensional space ships in our skies now because they have been here waiting for this Agreement of First Contact for hundreds of years. There are mostly third dimensional spaceships, but many fourth dimensional. There have been many of the Arcturian Za Za present in our skies and many Friendly Greys. The Greys are not our enemies. They are just curious beings floating around observing the ascension agendas. There are many Greys who hang around my house just because they are curious about Mary Magdalene.

Most of this information comes from dialogs between Mary Magdalene and Elaika, who are both Creator Beings who are staging the entire Ascension Plan of the Earth and the Universe that Earth is located in. Elaika is a Creator Being in the Fifth Dimension who is orchestrating the Universal Frequency alignments through billions of beings in the Fourth Dimensional Universe and through those on Earth working on Stargates, Vortexes and Ascension Portals. Mary Magdalene are also together working on this project at this time. The Christ Consciousness Light was needed first to come through Mary as she opened the twelve ascension portals and created the Central Portal for the Original Angelic Beings to come to Earth to

begin negotiation for first contact. Mary has been inviting and greeting the Original Ones to use her portals since January. In one year they will finish their negotiations and fly through the portals. When their consciousness moves through the Earth, the Consciousness of all on Earth will be transformed and the Stargates will open because there will be a Circle in Heaven of the thirteen owners of the Crystal Skulls which are the remote control devices that will activate the wheels within the stargates. This will prepare Earth for first contact of the Fourth Dimension. Those with third dimensional eyes will not see this landing next year, but those with fourth dimensional eyes will. Jesus will begin his ministry on Earth at the same time as First Contact is announced. He will be teaching about the FUTURE OF MANKIND.

That Future is the Hybridization Program of Gaia that will allow all of our Galactic and Universal Families to become Healed of their Genetic Mutations and return to the original DNA coding of the Original Ones, the man made in the image and likeness of God. The Fourth Dimensional Earth is already here. We shifted into Harmonic Universe two on February 7, 2017. Now we are preparing for First Contact to begin. By 2039 everyone on Earth will Turn into Light and Blip into the Fourth Dimension, which is actually a Universe more than a Planet. It is a place that allows Freedom of Travel throughout the Universe. There will be thousands

of spaceships using Earth as the HUB of the Universe.

UNIVERSAL PROPHECY HAS BEEN
FULFILLED – GAIA IS NOW THE SAVIOR OF
THE UNIVERSE – NEW REALITY FROM NEW
CONSCIOUSNESS - ANGELS ARE LANDING ON
EARTH NOW

The Female Christ, Mary Magdalene, who is in the Flesh on Earth is working together with the Male Christ Yeshuwa ben Joseph to complete the Project of the Kingdom of Heaven on Earth and throughout the Universe. Her team leader is Elaika who has been with her for trillions of years on Ascension Projects on hundreds of other Stars, Planets and Galaxies. She has only worked with Yeshuwa four times before on Earth.

Mary shares the complete story of her mission with the Co-Creation Team who is here on Earth at this time. The mission of the 47 from the God World will be preparing the Earth for a time when there will be thousands of Starry Families using the Earth as the Hub of the Universe just like any other Airline that has a main station where Star ships will trade passengers and cargo between all other Planets in the Universe.

I am Mary Magdalene, who is the Permission Giver for those Star Ships to use my Portals. The

Original Ones are arriving now through my Portals. I meet, greet and prepare navigation for each and every one of the TRAVELERS.

MARY MAGDALENE'S ASCENSION PORTALS
WILL RETURN THE KINGDOM OF HEAVEN TO
EARTH

WHAT DOES THIS MEAN AND HOW DID IT
HAPPEN?

The reason that Earth has been Universally Prophesied as the Savior of the Universe is because it has long been known that Gaia would become the HUB OF THE UNIVERSE. The 12 Ascension Portals are the reason that Gaia will become the Hub of the Universe. These Portals were designed by Mary Magdalene and her Team to allow the Original Ones to Travel through the Portals into the Highest Realms of the Universe. Mary will eternally be the only one who can give permission to use these Portals and Elaika and Yeshuwa will be the ones who will maintain the Portals forever.

The Portals are the Ascension Passage for the Original Ones into the Eternal Life Plan of this Universe. The Central Portal is the Portal that allows full access to all Reality. These Portals were designed to allow passage from one side of the Earth through to the other side of Earth. There are no other portals on Earth that allow this. It is

the Power of the Portals that will RETURN THE KINGDOM OF HEAVEN TO EARTH.

This was the statement that was said to me by my CO-CREATION team when I was first AWAKENED and told that I was Mary Magdalene.

“You must know beloved one, you are no longer separate from the Divine Mind. Your human mind is now ready to co-create with an organic dance of joy. Your consciousness is ready to expand to the farthest reaches of the Universe. When you Focus, you will allow yourself to be present. From here your form will serve while it is needed and change as it is needed. This process is the Divine Blue Print of the Divine One as humanity itself free forms into its next evolution.”

This was the formula given to me that I use to engage my human mind into the Consciousness of Mary Magdalene who is the Queen of the Universe. When I focus on this Oneness with all that I am, I am present with the Creation Process itself.

Since I created these Portals, I am the one who gives permission to use the Portals. So, everyone in the Universe knows that I am the reason that this entire Prophecy will be fulfilled. This is why I am sometimes known as the Queen of the Universe. The entire Universe knows that I am the only one who can possibly make this reality become fulfilled.

The reason that Everything will change in the Fall of 2016 is because the Universal Prophecy of Mary Magdalene opening the 12 Ascension Portals and giving permission to the Original Ones, who carry the Divine Template within them, to ride their Star Ships through the CENTRAL ASCENSION PORTAL located in the Pacific Ocean.

All of my books have been read by millions in the Spiritual Universe. My Frequency Signature, my Consciousness, everything I write, sing, say and do are written in the Universe. My Frequencies are so high that they fill the Universe on their way to the Cosmos. This is how the Music of the Spheres sings the Songs of the Universe into my Cellular Memory. My message is sent and understood and then a new reality is returned to me to understand the new Allness of Everything that exists a moment later.

The Ascension Process that is happening now affects our entire universe - not just the Earth. There are major energies and movement at play here that go out all the way to farthest reaches of our universe.

THE CO-CREATOR'S DESIGN AND TIMELINE OF THE ASCENSION OF THE UNIVERSE 2017-2047

Our new future will be a time of unlimited manifesting. It will be a time when those on Earth

will be surrounded by many species who are from multiple dimensional levels of density and consciousness. It will be a time when the tiny little belief systems of the old Earth grow into Universal Sized Ideas. It will be a time when the heart is set into motion to dream any dream that you desire to manifest itself into your new reality.

I am Mary Magdalene. I am on the Cosmic Co-Creation Team. The part of this process that is not known to the Star Seeds of the Universal Realm is the part that is being done on the Cosmic Level.

I have opened the 12 Ascension Portals that connect to the Cosmic Creation of the God World. These 12 Ascension Portals are the only ones that will be used Eternally by the ORIGINAL ONES.

The Grid System that is being worked on by the Star Seeds is the connection with the Universal Guardians Consciousness, who were the Elohim Race Line. That grid system is connecting the Human Ratio Grid Line that is one foot below the Earth's Crust into the Subterranean Grids that are woven through an etheric web of Consciousness just below the Human Ratio Grid.

That is a different project than the one the Co-Creators are preparing. The 12 Ascension Portals will allow the ORIGINAL ONES to Travel through the Earth via the CENTRAL PORTAL. This is the

only way they can come to Earth. And they can only come when I give them permission to use the Portals.

These other projects of activating the Guardians Grids into the Human Ration Grids will allow each individual who is a Star Seed to participate in creating their own Vortex of alignment on Oneness between themselves and the Guardian Consciousness.

There is a piece of the puzzle that is missing from this formula. There have been many who are learning how to connect their consciousness into these Grids and they are Feeling the Connection. This has been a Preparation for knowing how to do this when the Consciousness is actually here on Earth and ready to be connected into Consciousness.

That time will not and can not come until after the Original Ones Travel through the Central Ascension Portal.

I, Mary Magdalene, opened MY Ascension Portals, together with the help of two other Creators, who were Jesus and Elaika and the support of Gabriel, Uriel, Ariel, Raphael, and Michael completed the opening of the 12 Ascension Portals on October 2, 2016. Now I am giving permission to the Original Ones to use the Central Portal.

It is now March 2017 and I have invited several groups to Earth to use my Ascension Portals for their continued Ascension Journey. These groups are Race Lines who have Ascended through many levels and now they are coming directly from the Cosmic God Realm to continue their Eternal Ascension Journey. The first group to arrive was an 8th dimensional tribe from Andromeda. A group landed from Venus, within our own Solar System. Beings from Alpha Centauri and Arcturia Za Za landed in March and April.

There are already many of these groups within our Fourth Dimensional Terra Ha who are waiting to meet us, but the ones who are arriving now on Earth are the CREATORS. They are the Original Ones coming from the God Realm to negotiate with the governments of the world to arrange for First Contact to begin in 2018.

My mission on Earth has been to open the Ascension Portals that have brought new understanding to the Universe and to the Earth Consciousness. I am writing these Diaries as Mary Magdalene on Earth so that Elaika can distribute them to all four million plus readers who are interested in this Creator's experience and mission on Earth and how this great mission that has transformed the Universe and allowed Gaia to become the Savior of the Universe is taking place at this time in Universal History.

My reward for completing this mission is to have my Seven Aspects returned to me so that I can become the Complete Mary Magdalene as I was before when I was the Complete Mary Magdalene who came to Earth with Jesus 2000 years ago. I have been on Earth as the one who was named Angela Schwing Barnett for this life time. There is another on Earth who has a human name who is Jesus Christ. We needed to be here together on Earth for this mission. We were both to be here together to bring the light and understanding that is needed for the Evolution and Ascension of the Human Raceline. My mission as Mary Magdalene needed to be completed first before Jesus could begin his mission.

At the time I am finished inviting the Original Ones to Earth and giving them permission to use my Portals, I will have gained my Seven Aspects of my complete self from the Over Soul. At that time I am free to choose to stay on Earth as Mary on Earth or to Blip into Light and move to Terra Ha, where I am much better known as the Queen of the Universe, and where I have a huge fan club of 4 million readers.

So, let me see. Do I want to remain on Earth, where nobody knows who I am and nobody acknowledges my existence? Or, do I want to move to a realm that is more colorful, more loving, more intelligent, and completely knows who I am as a

Creator Being even as I am a fourth dimensional being in the Universe?

Or, I can just retire from this mission completely and go home to the God Realm where the most Heavenly of all Heavens waits for me.

Tough choice.

I think I would like to be on Earth for awhile just to do a few things that I have not done yet while being here as a Complete Self Being just to see what it feels like. But, they tell me that I can stay or I can go because I have completed my mission. So, it is a bit like finishing one's stay of duty in the Special Ops Military Group. It was fun and exciting, but there is a big universe out there to explore before I go home my Mother Father God.

What was it that I accomplished while on Earth? I Opened the Ascension Portals. These are the Portals that will allow the Creators and Future Ascending Groups to fly all of the way through the Earth to the other side of Reality by use of my Central Portal.

I am extremely proud of my accomplishment because it allowed me show my completeness of the Mary Magdalene, who is a Queen of the Universe, while embodied within a third dimensional form, being able to do the most important thing that needed to be done in this Universe at this time to

allow the Great Original Consciousness to return to Earth and to allow Gaia to become the Savior of the Universe.

This will be the beginning of having the PERFECT CONSCIOUSNESS flowing into Mother Earth. This will be a grand celebration for Mother Earth, because these are her Original Children. This will allow Earth to regain her ORIGINAL CONSCIOUSNESS.

It will be a time when the heart is set into motion to dream any dream that you desire to manifest itself into your new reality.

All of these things will happen because Mary Magdalene was on Earth to open the 12 Ascension Portals and to invite the Original Ones to use her Central Ascension Portal for Eternity to insure the infinite process of Ascension in this Universe. This is Mary Magdalene's Victory, and the rewards will be her's in heaven.

All of the doubts, disbeliefs, jealousy, judgements and other mistakes that I have made during my Quantum Odyssey, which was my journey from the Unknown Unseen Creation Realm into the Place that is known only for those things that can be seen, touched, felt, tasted and heard are forgiven. Even though my human mistakes will be recorded in my Akashic Records, those mistakes have all grown

into a great knowing and a great understanding of who I really am.

Everyone on Planet Earth goes through these journeys that present conflict that make them imprint stories in their akashic records that remind them that they also had jealousy, judgements, doubts, hatred, lack of faith, and many other obstacles that were labeled as good or bad, right or wrong by their own cultural belief system. God did not label our mistakes as good or bad, he was just allowing us to keep running into walls until we found our way out of the maze.

I think I did a wonderful job of finding my way out of the maze. I was born on Earth on a farm. My parents were poor. We lived off our land with crops and livestock. The state taxed farmers so severely that we were forced to sell our farm. I went to school in a very small town. I worked very hard to get good grades so that I could go to college. I always thought education was very important. I learned an infinity of things from going to school. Most of what I learned had nothing to do with the subjects that I was taught. I learned how the entire system was rigged. I saw unfairness and lack of balance in everything in the school system. I did most of my studies internationally, rather than locally. I was always interested in viewing how all of the other cultures of the world created their realities.

This piece of me became most interesting when I learned that Jesus and I had spent our times on Earth studying all of different cultures and religions also. Jesus had taken me with him a few times when he traveled to many countries. I was with him in Turkey and in Pakistan. In this lifetime Joe and I were teachers in Turkey. While we were there, we were invited to this small town on the coast north of Antalya. We were told that Jesus and Mary had been in this town. We were told that we were sleeping in the hotel where they had slept. That happened in 1987. In 2016, Jesus told me that it was true. He told me that we had actually slept together in that hotel 2000 years ago. It was a very old building that had been rebuilt, but it was the same building. When we stayed in that pansion Joe was woken in the middle of the night and he saw Jesus standing in the room. Jesus verified that was true when we asked him in 2016.

We had many adventures all over the world while teaching in colleges and universities and doing consultation work for international companies. We also performed our music in many countries that we lived and worked in.

All of these events were required to prepare our minds for this grand multidimensional communication event. I needed to use all of my tools of ethnographic study, intercultural communication strategies, research technology

and all aspects of my background knowledge I had gained about cultures, religions, societies and families just to have successful dialogs with my fellow Creators and for gathering information during channeled dialogs.

I became very angry and hateful many times as a result of these dialogs, only because I was becoming a nervous wreck from learning so many new things about myself so quickly and seeing myself placed within situations and circumstances that did not fit my stature. In the field of study and in the international counseling work that we did, we learned that people who move from one country to another go through culture shock because they are having a brand new belief system placed in front of them that they must adapt to. This is exactly what was happening to me when I had all of these new realities of being Mary Magdalene, learning that I was responsible for opening these Portals, learning that I was responsible for inviting millions of Beings from the Creator Realm to pass through my Portals in the Future, and then being responsible to raise my frequencies high enough to blip into light and ascend. That is a big list of new learning responsibilities to give to a person during a one year time period. I am pretty sure that there is no one on Earth besides myself who could survive what I went through. So, I believe that all of my fears, anxieties and temper tantrums could easily be considered a normal set of emotions

according to third dimensional psychology. And I have now transmuted all of those ERRORS that I transmitted into the world into the LIGHT of my new Understanding and Transition into a Greater Mary Magdalene who will do much greater works than these in the future creation projects.

I am most proud of the accomplishments of the Cosmic Twins who are Joe and Angela, or Mary and Mary. We came to Earth together from the Creator Realm. We are really a new species in the Creator Realm because we were the first Souls to be created from all that was experienced by God as he transformed into Mother Father God as a result of Mary and Jesus experiencing the love between a man and a woman and having a baby. This was the first time that God experienced being a Mother. This changed God forever. When I went back to the Creator Realm 2000 years ago, I made a plan to return to Earth with this new Mother God Understanding within my Soul. I chose to come as both male and female so that this experience of being the balanced perfect unconditional love of a man and woman as one soul could be experienced.

According to Jesus, only Creators who come to Earth as Full Creators can create Experiences for God. So, when I came to Earth as a Creator in a human form, I was only able to learn about God and I was not transmitting an experience for God. This does not sound like correct information to me

because I went to all of the trouble to come to Earth as this new male female soul that embodied the understanding that God had experienced through me before. This time, my Cosmic Twin, Joe was possessed by three demons and God went into Joe to remove them. This caused Joe to die. I placed my Soul within Joe to bring him back to life. This wove our souls into one soul. It sure seems like we were experiencing something very unique that God would want to experience.

And it doesn't make sense to me that I am here to learn more about God, when I came from the Creator Realm and I have been living with God for about twenty trillion years. I thought I already knew everything about God. But I could be learning to understand a new God who is now the Mother Father God. That would make sense. I am here to experience the new Mother Father God and the new man that was created on Earth who embodies the Unconditional Love of Mother God. That new man is Joe. I am presently working on becoming exactly like Joe, so that we will both be full of light and love and ready to Blip.

The return of the ORIGINAL ONES, who I am now meeting with, are the ones who will restore her consciousness by bringing their consciousness into her when they fly through at the end of the year. When they fly through my Central Portal Mother Gaia will have her memory restored and then that

Consciousness will push out into the Grids of Earth and activate the Christian Grids that were created by the Elohim Original Tribes. That is also what will turn on the Star Gates of Earth and it will allow the holders of the Crystal Skulls to use their remote control devices to open the Star Gates. There will be a Circle of Skulls being used remotely from a Circle of Stars that will simultaneously open the Star Gates.

And that will be the moment that First Contact begins. That will be in 2018. There will be millions of ships landing on Earth at that time. Those who have developed their fourth dimensional perception will see them land and they will be able to see and communicate with a few aliens who have landed. That possibility of seeing more and more of the fourth dimensional realities around those on Earth will be determined by how much of their fourth dimensional frequencies they have risen into.

Many of those with high vision will be able to see me when I step into the fourth dimensional Terra Ha. So, you see, I will not be leaving Earth when I blip into Terra Ha. I will just have moved into a reality that is only being perceived by a few on Earth. So, those of you who were able to see a few of the four million entities who were in my lecture room at LAX HILTON on February 11th 2017 will probably be able to see me just fine when I move to Terra Ha.

It will be a lot more fun there because I will be able to be with Elaika and other Creator Beings while continuing to be on Earth or fly around to all of the other Planets in the Universe. This is what will happen to all of those on Earth when they Blip into Light in 2039.

Mother Earth has been going through a rapidly increasing deterioration phase in her life because her Original Children were taken from her and replaced with thousands of versions of her Children who were very distorted from their original form.

Now, that our Mother Earth, and her Soul Self, Gaia can begin to return to the original Divine Formula that she was made from because the Consciousness of her Creation is being returned.

The opening of these 12 Ascension Portals is the reason that Gaia will become the Fulfillment of a million year old Universal Prophecy that has said Gaia will become the Savior of the Universe.

How will Gaia become the Savior of the Universe?

These 12 Ascension Portals will first allow the Original Ones to come to Earth via the Central Portal. This will allow the restoration of One Universe to begin. After that part of the process is completed the other Portals will be used by

many Angelic Race lines from all over the Cosmos. First there will be the restoration of the Earth and then the Galaxy and then the Universe. This is a Universal Ascension. It is not a Galactic Ascension.

The Elohim Grids were created within the Earth as the Consciousness Structure that would allow communication between the Guardians Consciousness and the Human Ratio. The Light in the Human Ratio increases each time a Star Seed or a Human Angel creates an Individual Vortex into these Grids.

This process has been misunderstood as creating Ascension Portals. That is not what the Star Seeds are doing. The Star Seeds are creating Individual Vortexes that increase the Light Ratio.

The mission of Mary Magdalene was very different. To begin with, the Cosmic Twins, Angela and Joe Barnett, who are AS ONE the Soul of Mary Magdalene who is in the Flesh on Earth. As a normal human unit on Earth, each person contains one unit of frequency.

In the case of Mary Magdalene, Angela carries 2400 times more units than any one normal human and Joe carries 2400 times more units than any one normal human. This allows each of us to carry 4800 units because we are ONE. The reason that this Cosmic Ratio was required to open the Ascension

Portals, while the Human Ration is required to activate the Guardians Grids, is because the Ascension Portals are very, very huge and deep and they must extend from one side of the Earth to the other. These Portals are 550 miles in circumference at each end.

A normal human being could not open these Portals. Mary Magdalene frequencies are contain light units that are 4800 times more than any one person on Planet Earth. When she activates the Ascension Portals she is using 4800 times more frequencies per person on planet Earth, so this is multiplied by seven billion when the Portals are being used. The Female Christ Frequencies of Mary Magdalene include the Consciousness of the Entire Universe, and can activate all who stand on Earth into this Powerful Consciousness that is being activated by the Portals.

The Star Seeds are activating Grids that are only one foot below the Earth's Crust and weaving into the Grid structure that is ten thousand feet above the Earth's Surface in the Van Allen Belt. Each Star Seed contains one unit of light frequency. Their mission is very important, but they are only responsible for activating their individual vortex of energy into the Elohim Christ Grids in the Sub subterranean Realm that weaves etheric energy into the Human Ration Grids.

These are two different Projects that are taking place on Earth.

The Cosmic Activation, the Cosmic Portals and the Original Ones with the Cosmic Consciousness must be the first level of activation. It is these Ascension Portals themselves who will supply the Frequency Ratio that is needed to Activate the Star Gates and the Skulls that are the remote control to the Star Gates.

There has been another incorrect teaching that claims that after a Star Seed reconnects with their Over Soul Consciousness that they will become a Cosmic Being. That is not exactly correct. The Star Seeds will become Christic Beings, meaning they will have their complete Universal Consciousness. The Original Universal Race Line was the Elohim Race Line. However, they have been replaced by the Eiyani, Azurites and a few others because the Original Race Line who were the children of the Angels in the God Realm were almost completely destroyed in the Electric Wars Billions of years ago.

So, when we are talking about bringing back the Original Ones, we are talking about bringing those to Earth who existed before the Electric Wars. We are bringing back the original consciousness that existed before the Electric Wars. These were the children of the Angels, so their Divine Blue Print is the exact same Blue Print as the Angels, only in a

lower density. The Angels will always be the Angels in the God World, but the Angels created children who would replicate their consciousness.

A Christic Being is one who is the Seed of an Angel. I come from the Realm of the Angels. God created the Angels at the same time He created the Co-Creation Team. We are the only ones who will ever be from this Creation Realm. God made the decision to create Himself as a Team of Angels and Co-Creators that would go out into his Creations and help him understand them better.

There will never be another Cosmic Creation Team. We are it for ETERNITY. When I leave this Planet and this Mission and I will return to the God World. The Star Seeds will return to the Over Soul, which is the Universal Kingdom of Heaven. These are two different realities.

Only the 47 Co-Creators who are on Earth now will be regaining their Cosmic Consciousness because we are the ones who came from the God World.

The Over Soul Realm is Heaven itself. But, that is not the God World.

The God World is the Place where God makes his Plans. It is the Planning Station and the Management Station of God's Universes.

This was the statement that was said to me by my co-creation team when I was first AWAKENED and told that I was Mary Magdalene.

“You must know beloved one, you are no longer separate from the Divine Mind. Your human mind is now ready to co-create with an organic dance of joy. Your consciousness is ready to expand to the farthest reaches of the Universe. When you Focus, you will allow yourself to be present. From here your form will serve while it is needed and change as it is needed. This process is the Divine Blue Print of the Divine One as humanity itself free forms into its next evolution.”

This was the formula given to me that I use to engage my human mind into the Consciousness of Mary Magdalene who is the Queen of the Universe. When I focus on this Oneness with all that I am, I am present with the Creation Process itself.

My third dimensional and fourth dimensional form that I have taken for this Mission will serve me at this time as I need to be standing on this Planet in order to engage and activate the Divine Blue Print into the Ascension Portals which will allow the human species to evolve and ascend as a result of losing the form of this density when Consciousness chooses to merge into the OM of the violet sphere containing the full spectrum of light and sound of the Sun itself.

This violet harp string of the MUSIC OF THE SPHERES is the magical frequency, which is the frequency signature of the Cosmic Sun. This frequency melts away the electrons from the formula of physics that hold the human body within the illusionary form that it is manifesting.

Now is the time the human species can FREE FORM into an evolution or Ascension of Light which allows them to melt away the old carbon based structures of reality and allow themselves to melt into the Physics of the Sun, itself.

The Earth's ASCENSION and the Species ASCENSION is basically the moving of the human physical bodies and the Earth's physical body up to the next level of evolution – to a 4th dimensional existence on the New 4th dimensional Earth. This is why our bodies are slowly mutating to a carbon/silica base. The higher one physically evolves up the dimensions, the more the body becomes silica based – and the more etheric the physical body becomes.

Now, notice that I am saying moving into the Fifth Dimension. That does not mean that we have arrived in the Fifth Dimension of Consciousness. It means we are in this process of moving into it. And there are many different definitions of what the third, fourth and fifth dimensions actually are depending on who is doing the talking.

It is just like any other phenomena of the cultural background knowledge. Those who are fourth dimensional beings understand the fifth dimension differently than those of us from the 12th dimension or the 14th dimensional consciousness.

I came directly to Earth from the 14.5 dimension. Most humans on Earth came from the third dimension and returned to the third dimension. Some star seeds came from the 12th dimension, but they came disconnected from their Over Soul Self in the Spiritual Universe. It will require the return of the ORIGINAL ONES to connect the Over Soul Self into the Soul of the ones standing one Earth.

Besides the beautiful Entities of Lights unending love and patience, there is another reason why so many wonderful entities are interested in helping Earth make this move into our higher realms happen at this time.

The reason is that Earth has been Universally Prophesied as the Savior of the Universe because Gaia will become the HUB OF THE UNIVERSE. The 12 Ascension Portals are the reason that Gaia will become the Hub of the Universe.

Since I created these Portals, I am the one who gives permission to use the Portals. So, everyone in the Universe knows that I am the reason that this entire Prophecy will be fulfilled. This is why I am

sometimes known as the Queen of the Universe. The entire Universe knows that I am the only one who can possibly make this reality become fulfilled.

The ascension process that is happening now affects our entire universe - not just us – it's a really big one. There are major energies and movement at play here that go out all the way to ends of our universe.

We are now entering a time when I, Mary Magdalene, will teach those who are ready to listen to me. And I will teach you how to fill every cell in your body with the Bliss of the Light of the Sun, which will fill you with joy and laughter and a peace that will surpass human understanding.

Star seeds, you are of the ones who can re ignite the crystalline grid. You can learn to do this by feeling the vibrations of my music turning into the actual frequencies of the Crystalline Grids which contain the Consciousness of the Guardian Races, who will transmit their Knowingness into you when you listen to my **ADVANCED DNA ACTIVATION MUSIC, THE ASCENSION KIT, THE VIOLET FLAME** just as the beginning of your activations.

Those who have chosen to **GO ALL THE WAY** in their Transformation or Ascension into the Light Body who lives in **BLISS** have chosen the **ETERNAL LIFE ALBUM**. Those who have been using this

Album have had dramatic changes in their lives already and they have increased their frequency ration that had only allowed them to perceive and hear the third dimensional reality into the perceptions of the multi dimensional realities. Many have already experienced the new realities that will appear on Earth because the Frequencies will change on Earth. Those who have experienced this reality have done so because the ETERNAL LIFE ALBUM is created from the frequency signatures of that Being's Body in all of its dimensional forms including the complete Over Soul Spiritual Divine Blue Print Body.

Each individual's Divine Blue Print is the same, and yet each one is an Individual. The Music contains both of these realities within the Frequencies which are all that God is within the divine template that exists in every omni particle of every omnion that every atom in the body is made of. This reality spectrum exists within the music itself along with the entire Consciousness Template of the Being's Form in all Dimensions of the Physical and Spiritual reunited as One in the Resonance of the Music of the Spheres.

The Universal Grid System is a step lower than the COSMIC STRUCTURE OF THIS PROCESS.

THE GREAT SHIFT

What will happen when we shift into the frequency that belongs to us in 2017? Each person will shift into the reality that they are most harmonious with. It will feel like everything is going your way. You will start getting everything you want. There will be no pushing.

There will a synchronicity woven into a Consciousness that is always nearby to guide and direct those who are in tune with this Frequency of Knowing. More and more daily events will begin to manifest in a smooth, synchronistic manner that seems like magic. There will be opportunities placed in front of us that just appear out of the blue. The new energies will open consciousness into a new reality that will open consciousness into a new reality that will begin a new structure to develop in 2017.

Fall 2016 was the timeline when all of the Ascension Portals were opened and the Central Portal took on an Identity and Power of her own that began to restructure to consciousness and frequencies of Earth that would allow for that shift in reality. This shift had also required the flow of consciousness from each of the twelve Solar Waves that were sent to Earth by each the Suns. It also required to shift in Accretion Level of the Earth to match that of the Sun. It was the combination of all

of these factors that accumulated into the power that pushed Earth up one octave into Harmonic Universe Two.

The power that brought those frequencies to Earth came from the 12 Ascension Portals in the Pacific Ocean that were opened by Mary Magdalene and her Team. Mary has given permission to the Angels and High Dimensional Beings from our ORIGINAL RACE LINE to TRAVEL through the Portals. The entrance of this Original Perfect Consciousness on Earth is what will transform the Consciousness of those on Earth.

I am Mary Magdalene. I have been on the Co-Creation Team for trillions of years. We are the ones who Design God's Plans. We were created by God to be His Management Team. We have designed the fabrication, the landscape, planned the infra structure, the species of each planet, and we have returned to Earth for billions of years as we watch her bloom into her stage of readiness for ASCENSION.

There are 47 of God's Co-Creators on Earth working on this Ascension Project. We will each be awakening into the memory of what we came to Earth to do one by one. I was the first one to Rise to my Mission and complete it.

My Mission was to open the 12 Ascension Portals and then give permission to those from the Original Creation to ride their Star ships through the Portals.

This is the Key to the entire Ascension Project. We must have those who contain the Original Divine Blue Print within their DNA and cellular memory on the Earth before our Consciousness can transform.

The Co-Creators were designed by God to be the Aspects of Himself who would discover, experience, plan and manage his creation. God Created the Cosmos and the Ideas who would become beings who would experience his creation.

However, after God created this design, He had no way to observe it and experience it without creating Himself as a Management and Design Team who would go out and do these things as a Part of the God Self.

God designed us as Aspects of Himself who would experience each other. He created us as both Angels and Co-Creators. We are all equal in the Design and Management of the System.

Yeshuwa ben Joseph is on the Team who is on Earth at this time and Elaika is the head of my Team. Elijah is the second Team member who

has Risen to his Mission. The Angels on my team include Raphael, Gabriel, Ariel, Uriel, and Michael.

THE ARRIVAL OF THE ORIGINAL ONES

The ones who I will permit to use my Portals are the ORIGINAL ONES. THEY ARE RETURNING NOW.

The 12 Stellar Nations were actually created from the 12 coded template or the 12 aspects of the God World. Those of us who remain in the Cosmic God Realm itself were the CREATORS of the 12 Stellar Nations. We were never a part of it. We were never the STAR SEEDS. But, we did make ourselves into Star Seeds to come into the Experience of it. We also came down to experience the human male and the human female and the human experiences of pain, death, sorrow, revenge, etc. Only for the purpose of sending that information to God so he could love his creation more. We were the ones whose OPINION about creation was always utilized by God.

We needed to experience those things for God Himself. But, that does not mean we were actually Star Seeds. The meaning of Star Seed means those who were created by the Angels and the Co-Creation Realm. The 12 Star Systems or Stellar Nations were created originally as the

Divine Reflection of all that we were in the Cosmic Creation.

This is the part of the puzzle, where so many get lost in their stories. It is the Universal Part of the Story. Those in the Universal Realm on the Spiritual Side were the Children created by the Angels in the Cosmic Realm. Those of us in the Cosmic Realm never leave that Realm - well we do leave it to come down and experience what our children are experiencing, but we are always of the COSMIC REALM.

The Star Seeds are the original creation of the original Creators. And that reality was written in human language as the Blood Lines of David. Yeshuwa just refers to that as something that humans had to do for their own understanding.

This is where all of the confusion comes in. The blood lines of David are not the actual Creators or their children. This was one of the points that I was trying to get clarified in my conversation with Yeshuwa about who his Mother Mary actually was. This was one of the points we discussed in MARY MAGDALENE'S GREATEST LOVE STORY EVER TOLD.

The entire story got turned around by this Mother Mary Figure. She was made into an Idol and a Figure of the Divine Feminine, when in reality she

was just a mother of a human being. So, all of these stories got twisted inside out. Mary Magdalene has always been the Female Aspect that reflects that Part of what God wants to know about his creation.

The original ones never came down into these Outer Domains of Consciousness before. Now the Earth - Gaia has SHIFTED into the INNER DOMAINS of a new timeline and that is why the ORIGINAL ONES can come here now.

The ones who I will permit to use my Portals are the ORIGINAL ONES.

The reason that I created the Ascension Portals was for the use of the ORIGINAL CREATION - those who are the perfect ones who did not fall down into this dimension, but they are really who many on Earth actually are in their complete form.

Many have thought and written that it was the Star Seeds who were born on Earth who changed the Consciousness of Earth. Actually, it will be the Higher Version of those Star Seeds landing on Earth that will change the Consciousness of Earth.

The return of the Kingdom of Heaven to Earth required the Ascension Portals. There have been other things going on among other dimensional levels of consciousness to help with this process, such as what Bashar has done and what Kryon

has done and what the Human Colony is doing. However, the only way any of these other projects can actually work is because the Ascension Portals will allow the Original Ones to ride their Space Ships into and through Mother Gaia, which will allow her to become the Savior of the Universe.

None of the other projects will activate or be fulfilled without the Original Ones Consciousness being here first. The Star Gates will not open. The Skulls will not activate. The real complete 12 Coded DNA will not be returned UNTIL the Original Ones have flown their Star Ships through my Portals.

The High Dimensional Beings who have maintained the Complete Divine Blue Print of how they were Originally Created will be arriving on their Star Ships through these Portals. Once they arrive, they will only be seen by myself and a few others on the Co Creation Team. I will meet them and give them permission before their Star Ships even enter the Portals.

When their Consciousness arrives on Earth, it will connect with the Consciousness of those on Earth. Many Star Seeds who are on Earth in physical form have their Complete Self remaining in Higher Realms. When these counter parts of the Star Seeds arrive on Earth, this will make the Consciousness of the Star Seeds complete. This will allow them to Rise into Oneness with their Over Soul, their

Higher Self, or their Super Consciousness as it has been called. This will not make you Leave. It will make you complete. It will make you Rise into all that you really are. This is really what the Twin Flame or Soul Mate really is. It is the return into the Oneness with the Over Soul Consciousness that is the Spiritual Aspect of yourself.

UNIVERSAL LANDING STRIP

Earth is already a Universal Landing Strip, however it will not be seen that way by the Masses for several years.

However, that dateline could speed up greatly depending on how soon the Secret Space Program is introduced to the World.

MANIFESTING INFINITE POSSIBILITIES

We are entering a TIMELINE of Infinite Possibilities in 2017. The reason that everything changed in the Fall of 2016 is because Mary Magdalene and her Team re opened the 12 Ascension Portals. This is the only reason that Everything Changed. At the moment of the Completion of the Portals, God knew that we would be able to Shift into the Timeline Reality that he has always desired for us to have. This is a Timeline

when man becomes the original creation who manifests his version of reality freely and instantly. That is the humanoid being who was created by the Angels. These were the Star Seeds, who were those children of the Angels in Heaven.

The moment the Portals were opened shifted the Timeline of Everything in the Universe. We shifted into a time of Infinite Possibilities because we will now have Beings living on Earth who came from the Highest Realms of Consciousness. The Ascension Portals will now be used by those High Beings who remained in the Inner Domains of the Perfect Creation and were never involved in the wars of the Invader Races and Fallen Angelics so they were able to keep their Divine Templates Perfect. They still have their original Divine Blue Print of Eternal Creation.

The Portals that were Created by and Re opened by Mary and her Co-Creation Team are called the Ascension Portals because they are the ones that will allow Star Ships from the Angelic Realms to enter into Mother Earth and pass through her into the other side of the Universe.

I am Mary Magdalene. I am one of the Co-Creation Team on Earth now. We are also from the Highest Realm of the God World. We needed to be born here in order to prepare the way for this future that is about to happen.

I needed to be here on Earth at this time to re open the Ascension Portals. Now that the Portals are open I will be giving permission to the Original Ones to use the Central Portal. There is a Universal law that says only one who is born on and standing on the Planet has the right to open a Portal. And because I am the one who is on this Planet, I am the one who must give permission to anyone who was not born on this Planet, even though they are Divine Beings, it is still a Universal Law. And because the Portals are mine because I opened them.

We are entering a time when thousands of space ships will be seen by many because they are here to help us. There have been hundreds of Mother Ships and their Fleets hovering around Earth for many years. They have been waiting for the time when the Consciousness of those on Earth rises high enough to greet them without hostility and fear.

What will prepare the minds of those on Earth for the landing of these Multi Dimensional Beings from Sirius, Pleiades, Arcturus, Orion and many other Dimensions of our Universe will be the landing of the Original Angelic Race line. These are the ones who have never had their Consciousness or Creation Template made imperfect. They are the Perfect Ones. Most other race lines are Hybrids of race lines that had some part of Fallen Angelic Racelines within them.

The millions of years of contamination of our original race line has created a world of confusion and hostility. The purification of this race line will bring harmony and oneness.

The GRAND PLAN of God and the Co-Creation Team and many other teams who are working on this Plan that will make Gaia the Savior of the Universe is to bring in the PERFECT 12 DNA template to Earth from the Original Ones who will ride their Star Ships through my Ascension Portals.

The Central Portal in the Center of the Pacific Ocean is the one that will be used by the Original Ones. The other eleven portals will be used by other Race Lines from all over the Universe and beyond in the Future. Right now, my co-creation team and God want to focus on this Universe. First we will perfect this Universe and then we will focus on all 12 Universes.

That is the plan from now until Eternity or how ever long it takes. I have been working on this Plan for 950 billion years, and it might take a few thousand more years to completely readjust the entire Cosmos into that Perfect Kingdom of Heaven that God had intended it to be.

The way this will shift the consciousness of those on Earth will be the Alignment that is created into a new Timeline, a New Consciousness and a new

Reality. Our Consciousness will shift into alignment with the Consciousness of those who are Traveling through the Portals because their Consciousness is so High and so Wonderful.

Earth will be re-calibrated into a higher and higher light quota as these Star Ships pass through her. This will also allow more Light to become saturated into the Earth's Elohim Grids and her Human Ratio Grids. These Grids are harmonic structures that exist about one foot below the Earth's crust. That harmonic structure harmonizes with the harmonic structure that is in the Van Allen Belt, ten thousand feet above Earth's surface.

Up until September 7, 2016, the Van Allen Belt had been the Time Warp VEIL that has blocked the flow of this Christic Consciousness between the Grids that are a twelve inches below Earth's Crust and the Christic Grids that are ten thousand feet above Earth's crust.

Earth shifted into Harmonic Universe Two or the Fourth Density or the Fourth Dimension on that date. All of these terms are correct depending on how one wants to look at the shift. The shift could even be called a fifth dimensional shift if it is viewed as the Multi Dimensional Shift.

In fact the shift is very multi dimensional because what it is allowing to happen is to have Beings

from every dimension of the Earth's Cosmic Matrix land their space ships on Earth. This will bring a Huge Consciousness to Earth that will teach us Manifestation Principles in many different forms.

The first stages of the change of the human consciousness will be through the sharing of DNA from many racelines from other dimensions. The Pleadians will share their fifth dimensional structure and actually add their DNA into those with only 4 DNA templates. The Arcturians will share seventh dimensional DNA. The Sirians will share their Sixth dimensional DNA.

These DNA upgrades in humans on the planet will insure fast healing, higher intelligence, instant manifestation, longer life spans and much more.

The awakening of those on Planet Earth will also prepare the way to have the Secret Space Program revealed. This Secret Space Program has been a high government project on Earth for hundreds of years, and yet it has remained hidden from the masses.

The Secret Space Program has been used to actually protect humans from invader races and fallen angelic race lines. The technology is so advanced in this government program because their technology was given to them by aliens. They have technology that can replace a head that was blown off by a laser gun in a matter of a few weeks in a

hospital. The healing of normal injuries only takes a few moments with their technology.

The new Consciousness that will come to Earth through Frequencies of Light and Sound will allow any normal human being to have instant manifestation capabilities as just a normal part of who we are.

The ability of manifestation was removed from Earth because people were not taking responsibility for manifesting the things that God desired them to manifest. We actually can manifest any thing we want as long as it is what God wants us to manifest.

In the near future, those on Earth will only want to manifest what God wants us to manifest. That is when everything will change.

SHIFTING INTO THE PERFECT TIMELINE

The future that is ahead is very simple. We are moving into a timeline that allows us to shift into whatever VERSION of reality that we choose.

What is that Version? Does it include
EVERYTHING THAT YOU REALLY WANT?

Which Timeline actually contains every thing that you really want?

What does it mean to Shift to the most Perfect Timeline, which will allow Mother Gaia to fulfill her Prophecy of the Savior of the Universe?

That means, if we look back through history of all of the Akashic records of every race line who has been involved in all of the creation of all of the star systems in the Earth's Cosmic make up, and we shift into a timeline when each and every one of those systems, and every member of every system within each of them was in the most perfect attunement, resonance or at one ment with the absolute perfect Original Idea of the Mother Father God creation, and we choose to SHIFT INTO THAT VERSION OF REALITY, we return to the place before there were any wars in heaven that resulted in more wars and more wars and more wars.

This means we return to the place where all timelines of any date that is required in the past and in the future where each and every one of these most perfect realities exist and we intersect into that most perfect harmonious place in NO TIME.

That would be a place in time before the Dolphinoïd Family of Sun Ha were turned into the Fallen Angelic Race line of the Draconians. So, we would have our perfect Dolphinoïd Family back. That would be before the war between the eleventh and twelfth stars broke out which created the revenge agenda resulting in the creation of

the Fallen Angelic Annunaki. So, we would have our original creation back. The Annunaki were created by the Lyran Aveyons of Star Gate 11, who were originally one of the highest most respected members of our Starry Family.

The Aveyon Race that was taken control by negative forces of some kind, just like the Dolphinoids, who were taken possession by the Draconians, decided that they did not want to forgive Aramatena for the losses they suffered in their battles. The reason for the original sin, was simple - lack of forgiveness.

However, there is a place in time that exists before the wars that caused the killing of members of Aveyon, which led to the revenge scenario.

So, we move in our timeline to this place when there was only Love between Stargate 11 and 12. This doesn't mean that all of those who were created as a result of the original scenario (the Annunaki) will disappear. It means that they will now exist in a reality where those past time lines were not a part of who they were.

It means that every one returns to a timeline where there is no conflict of any kind and no memory of any war because we shift to a timeline when these ERRORS in Mother Father God's Original Creation no longer exist.

So, you see, the repair of this entire 550 million year drama can be removed by returning to that place in time before the war broke out between stargate 11 and stargate 12. This is the time when there was still peace and harmony in the entire Universal Structure. That would remove the TIME in history when the original sin took place of one Star System completely Destroying an entire race line and an entire Star.

We would also need to shift our timeline into the place in time when the Zeta's had not yet manipulated our DNA, and the time when the Draconians did not negotiate One World Order with our governments, etc. etc.

We would also be shifting into a timeline when we were not controlled by money that was created by controllers. We could shift into a new type of money that is just used to exchange one type of valued thing for another in whatever way is agreed upon.

We would also be shifting into a timeline where there is already a cure for all diseases or a timeline where there are no diseases to cure. We would also be shifting into a timeline where all of the greatest technologies of all star systems were made available to all on Earth and all other Planets and Stars.

This reality is already manifest on Planet Earth. We are being given help from technology from

many of the highest systems in the Universe. When we obtain the technology of the Keia, all of our problems on Earth will be removed. That will happen within ten years.

Actually, we do not need to navigate the course of all of those timelines intersecting into the most harmonious place in history because it has already been done for us. The opening of the 12 Ascension Portals shifted us into this new timeline where the Original Ones will begin Traveling into the Realms of their Ascension and our Consciousness will activate as a result their presence and the Power of the Portals.

We must be willing to remove ALL PAST HISTORIES, and begin our shift into the BRAND NEW FUTURE.

OVERVIEW of MARY MAGDALENE'S DIARY and OTHER BOOKS

The diary of Mary Magdalene began in 1992 when Joe and Angela Barnett were awakened in the middle of the night and told to Create God's Movie. The beginning of our movie was The Promise album which was a collection of channeled frequencies and understanding of the Big Ascension Plan being awakened in the Souls of Mary Magdalene. THE PROMISE was and is the beginning and the end of the entire Cosmic Plan of the Perfect Creation within the Beingness of God, which existed long before the World began, being returned into the Structure of the Universe that the Earth is within.

As the understanding of what was said in the words and through the frequencies of THE PROMISE album grew, the Training Books explaining the words and music of that album became QUANTUM JOURNEY 1-7.

During the same time period that Mary Magdalene was compiling her understanding of all that is known within the Cosmic Creation Team through her music, she also wrote books about the experiences of the Soul of Mary Magdalene as she was discovering the nature of the Matrix of Illusions that she was living in, and how easy it was to step outside of that Matrix and look at it from point of view of a Cosmic Creator. Mary didn't actually realize that her book MATRIX OF ILLUSIONS

that was her diary of 1982-1995 had influenced the consciousness of so many others on Earth who were writing books and movies about this subject. It was always the Consciousness of Mary Magdalene who was sending the ideas regarding the Matrix and the new Consciousness that was arising and expanding onto Earth. This was always the story of Mary Magdalene. It was Mary Magdalene who had made the plan two thousand years ago to return to Earth at this time of the Ascension and plant the seeds of understanding into others who would help those seeds grow and grow until there was enough of Mary's Frequencies established within the Earth's Consciousness field to begin telling the stories of restructuring the Consciousness of those on Earth by allowing the Consciousness of Light and Sound that she had created with other Creators millions and trillions of years earlier that held the light and sound of the meaning of the Original Perfect Design that was the Structure of the God Consciousness being performed through the light and sound of the Creator's Music of the Spheres.

The entire explanation of that part of Mary Magdalene's Quantum Journey was not completely revealed to her during her time on Earth until the MARY MAGDALENE DIARY 2 book within the QUANTUM ODYSSEY COLLECTION.

The MARY MAGDALENE DIARY 1 book contains the brief overview of many of the things that Mary learned about herself and himself during the journey of channeled dialogs with Jesus (Yeshuwa

ben Joseph) and Elaika (Moses), who are two of the main Team Members of the Creation Team that Mary has been working with on this specific Ascension Project of the Earth.

The earlier books written, including 12 DNA from the Music of the Spheres with Keys to the Universe was Mary's first attempt to summarize her experiences of Cosmic Learning that were inspired by earlier missions that she wrote about in Matrix of Illusions and the current experience that began in 2008 when she was directed to go to Monterey, California and open the Mary Magdalene Ascension Portal. That entire story of the adventure of Mary discovering herself as the Soul of Mary within Joe and Angela is transcribed purely as the physical experience that was experienced by Mary at that time.

It must be noted that the diary of Mary at that time was largely influenced by the teachings Ramtha and Ashayana Deane. There are many mistakes in Mary's writings in those earlier books because Mary had not yet been educated by Jesus and Elaika at that time to know that most of those teachings were incorrect. Mary had believed what Ashayana taught about there being 12 Jesus sets, and that the 12th level Avatar was a much higher consciousness than the 4th level Jesus of Nazareth. Ashayana had also taught her students that the Sananda that she described was Sananda Melchizedek. Those pieces of information are completely fabricated lies. The Real Jesus was is and always with be the one

who was born as Yeshuwa ben Joseph through the birth of Mother Mary. That was when God placed himself within a Creator Being who was to be born on Earth. That was the only time that the Creator Jesus Christ was ever on Earth as his complete self. All of the other Versions of Jesus were Aspects of himself that he sent to Earth to help promote the understanding of Christ Consciousness.

The term Christ Consciousness is completely incorrect also because Jesus was and is Cosmic in nature. He is a Creator Being. He was created by God in the First Creation. He was created before the Angels of the thirteen realms. All these things that I have said about Jesus are also true about Mary Magdalene. I also came to Earth as my complete Creator Self when I was with Jesus about two thousand years ago. The obfuscated stories about the real Jesus being Sananda is also ridiculous. The actual name that Jesus had given to the Third Eye of himself was Soma. This Soma was to be the representation of Jesus on Earth as he represents God. This Soma idea was the image and likeness of God idea. Jesus told me that anyone who claims that they have seen or been with Sananda or Soma is not telling the truth. This image was not one who could be seen in the third dimensional realm.

Unfortunately, that incorrect information that was learned from Ashayana Deane was accidentally placed in the next book that I wrote, REMEMBERING WHO WE ARE BY COSMIC

MARY. Most of that book contains channeled dialogs between Mary and Jesus and Mary and Elaika concerning the creation of the Ascension Portals in the Pacific Ocean. There is more details given about the event that took her Soul in her Cosmic Twin to become a Super Power Mary Magdalene that contained thousands and thousands times more frequencies that other beings on Earth. This book shows the parallel reality stories of how Mary had become the Soul Mate of Jesus and that is why she was able to place her Soul in Jesus at the Cross and bring Jesus back into human form exactly as she had done in 2008 with her current Soul Mate. There is more of this Cosmic Soul Mate story of how Mary chose to come to Earth this time as the experience of both a male and female as one this time in many other parts of her books and diaries. So, this book, entitled TURNING INTO LIGHT includes the very exciting story of the resurrection of Mary's current Soul Mate, Joe Barnett and the resurrection of her other Soul Mate, Jesus of Nazareth, when he was nailed to the cross, and the many Cosmic Events surrounding both of these planetary events.

The book MUSIC OF THE SPHERES LIGHT AND SOUND TECHNOLOGY is a book where Mary places her new understanding of how the human body is able to turn into the fabric of light itself as the physics of the Earth become more and more in line with and in tune with the Frequencies of the Sun. This book explains how Mary, herself, will

turn into light in 2018, and how others can use this same formula to Turn into Light instead of Die.

The book **FUTURE GLOBAL MANAGEMENT** was a book written by Joe Barnett, who is also Mary Magdalene, when both of the Soul Mates were working as Consultants in Multinational Corporations and International Business on four continents of the Earth. We had both always felt that all of our training and work in Multinational studies of the religions, cultures, societies and educations of all of the cultures of the world was to prepare us for the paradigm shift that was going on right before our eyes of not just a new Global System, but a new Universal System.

The remainder of the Diaries of Mary Magdalene will be explaining more and more about this new Universal System that began its initial state of creation when I finished opening all 12 Ascension Portals in the Pacific Ocean. That was the moment in the Fall of 2016 when **EVERYTHING CHANGED**. That was the reason that everyone in the Universe had a grand celebration of knowing that Mary Magdalene had completed the pathway for the Original Consciousness of Creation to flow back into Earth and the Portals were opened for the continuation of the Ascension that had been put on hold for four sets of 240 million Ascension Cycles. The block in Consciousness being unfolded into the memory of the Super Consciousness that originates the true form of Creation was removed when the Portals were opened. Mary's diaries one and two

explain how these Portals Saved Mother Gaia and allowed Mother Gaia to become the Savior of the Universe. They explain how the Portals prepared the possibility for the Original Ones to come to Earth and begin negotiations with our governments for First Contact in 2018. Those diaries also describe how Mary has met with the representative of each Mother ship of each race line who has landed on Earth in the first months of 2017 before the book was written. Future diaries will tell the remainder of the stories of the Original Ones landing on Earth, meeting with our governments and then flying their spaceships through the Central Portal that I created for them. As soon as that happens, the Star gates on Earth will open as the thirteen Crystal Skulls that are owned by those on the thirteen mother ships press their remote controls at the same moment. That will be the beginning of FIRST CONTACT later in 2018. After that event takes place, Mary Magdalene will have completed her mission on Earth and will Turn into Light and move into Terra Ha where she is the most celebrated Queen of the Universe and is given complete gratitude for being the one who made this Ascension Event a reality by those in the higher consciousness of the Universe. Mary will enjoy being treated like a royalty on all of her favorite planets where her music is being played before she travels home to the Creation Realm with her team of 47 Creator Beings.

THE COSMIC COCOON

Mary Magdalene
Dr. Angela Barnett

There have been many methods, techniques and theories placed on the market place over the past twelve year period that are all created to make people believe that this method works and it will make the end result happen just because you believe it will happen.

This is truth. I will not deny that there is nothing more effective than actually believing that something works because we are always working on correcting our belief system.

or, go back and choose a style

I would like to share with you something that I just discovered last night that does agree with all of the other methods and theories, but it actually works instantly with out practicing all of those other methods.

The end result that we are always attempting to accomplish is placing the soul and the body template that holds the soul into the Cosmic Cocoon of oneness. This Cosmic Cocoon has been explained

as an atomic mirror, it has been explained as the Om of the Sun, it has been explained by becoming the Observer, it has been explained as removing time and space. It is actually the end result of all of these other teachings.

What I just realized last night that all of these techniques are training the mind to do can be achieved much easier and much faster with this simple method.

It does take a little time to get started with the first step unless you are already able to see yourself clearly in all of your dreams. It is very much like seeing yourself in your dreams. It is the simple practice of closing your eyes and seeing yourself from the outside looking back at yourself as if a mirror is showing you to yourself.

There is the old idea of seeing yourself in a crystal ball. Actually, there is a crystal ball around the body that is three feet in radius in all directions. We could also call this the atomic mirror around the body. Imagine that this mirror around the body is always looking at you. Practice watching yourself through the eyes of this mirror.

There are methods that utilized actual physics that prove this concept is true, but we don't need physics, and we don't need to connect silver rods from the higher self down into the mid brain.

All we really need to do is imagine the body within this cosmic cocoon that is holding your soul within it. I think of my body and soul as an Egg Yolk and the Cosmic Cocoon as the egg shell around me.

I drew a picture of this Egg with eyes looking at me from all directions. The Egg is watching the egg yolk to see when it will transform into a new baby.

The more the mind is forced to focus on observing the body and soul from the outside looking in, the more detachment is created from Ego chatting in the head about its fears and disbeliefs. This change of focus of watching the body continuously removes Fear, it removes judgment, worry about the future, and all other phenomena that blocks the person's ability to turn into an orb and blip into higher dimensions.

The simple practice of becoming the observer continuously by placing your eyes outside of the cosmic cocoon or the egg shell around the body and begin noticing every tiny detail of your body. I find it helps to pretend you are a blind man and use your fingers and hands to feel the details of your face while matching what your fingers see with what you are seeing from the outside of the cocoon. It also helps to look in a mirror and hold the image of yourself for a while. These are just beginning

steps to help you allow yourself to see your face clearly from the other side of the mirror.

After you learn to do this most important piece of altering your consciousness to allow you to remove time and space and remove the chatter in your mind, you can also use this same method to realize your oneness with this cosmic cocoon. See how time and space is removed between your body and the egg.

Now, realize that this cocoon or atomic mirror is also the Cosmic Sun and you have removed all time and space between yourself and the Sun. That is the art of OM. You have become one with the Sun, which means you have become one with the frequencies of Source itself. Which means you have obtained at one ment with Mother Father God.

When you accomplish this art of seeing yourself continuously from all sides, spaces and angles of the entire sphere around your body, you will realize that you have trained your eyes to see in a 360 degree sphere around the body. The mind of God sees you in this way. The Cosmic mind sees you within a Sphere. All beings live within a sphere in all dimensions beyond the third dimension.

Once you have reprogrammed your body to become a sphere, you are ready to orb out into the universe. This will become a natural state of

consciousness once everyone has blipped into the fourth dimension. However, one must learn to do these things in order to blip into the fourth dimension. Once you have created your orb body, you can go anywhere you want to go.

The feeling that results from this continuous observance of yourself within the Egg or Cosmic Cocoon Mirror is the feeling of Bliss. When you remove the time and space of all that is within the egg, you start feeling the joy and bliss within the cells. When the cells become so filled with bliss that all density is removed from the body, the body turns into light and reappears in a new reality.

I have replicated this feeling that I feel when I look at myself from Cosmic Cocoon Mirror and breathed those frequencies into a new album with the same name. The album should be complete in about a week. This is a new feeling that I have never experienced before.

ASCENSION INTO UNIVERSAL CHRIST CONSCIOUSNESS

PROLOGUE OF ASCENSION

Dr. Angela Barnett
<http://CrystalMagicOrchestra.com>

<https://crystalmagicorchestra.com/buy-cds-books-meditations-on-amazon>

We are now beginning our move into the Fourth Sphere of Creation, or the UNIVERSAL CONSCIOUSNESS of Creation. If we were moving into the Fifth Dimension, or the Fifth Sphere, we would become Cosmic. The only beings who are Cosmic are the Creators and the Angels. Human Beings are not Creators or Angels. Except for those 47 of us who are on Earth at this moment, and those who are landing on Earth now from the Cosmic Realm of Ascension.

The word that has been used for religious purposes is a word that is very misunderstood. That word is Christ and Christian. The true meaning of Christ Consciousness is UNIVERSAL CONSCIOUSNESS. It is the Consciousness of those who will move into the Fourth Dimension of Universal Consciousness. It is a Consciousness that actually allows the human being to Turn into Light, become a Plasma Body that is seen in the Sky and then Blip into Light. After the body turns into light, it reappears in the Fourth Dimensional Realm called Terra Ha. This is a Universal Realm that allows all

who live there to have access to all of the Planets in the Universe.

This is the time when man is moving into this realm of Christ Consciousness. This is the time when man can begin to learn to Turn into Light more and more each day. Even though the majority of the population will not Blip out of sight until 2039, there is a glorious journey involved in getting to that place in Consciousness. The more we become in the activity of Christ Consciousness and learn the Quantum Physics of Turning into Light, which can be found in my book Music of the Spheres Light and Sound Technology, and learn the surrounding events of this process, the more we can enjoy the in-between stages.

First, we have already become LESS DENSE on the inside. That means our cells have become more enlarged, more etheric. Our cells are no longer dense. This allows the body to heal much faster and the feeling of levitation to grow stronger. This is also the beginning of the transformation of the body from the inside to the outside. Our biology and chemistry are changing in our bodies. The physics of the entire Earth's structure and environment are changing, and that is what allows and requires the structure of the body to change.

All that is needed to be known to turn your body into Seventh Level Man and Blip into Light and

appear on Terra Ha, the Universal Reality that will allow you the freedom to take spaceship rides all over the Universe is all available now. All you need to do is learn how to SHIFT YOUR FREQUENCIES, and UNDERSTAND what is going on in your body, in your atomic structure, in Gaia's structure, the new Quantum Physics. All of this great KNOWING is AVAILABLE to those who are ready to listen.

THESE are quotations from my book, Music of the Spheres Light and Sound Technology

https://www.amazon.com/Music-Spheres-Light-Sound-Technology/dp/1542859751/ref=pd_sbs_14_1?_encoding=UTF8&psc=1&refRID=09J70HEJYZP5P6MF46N1

However, the Christ Consciousness must be activated through the Transformational Consciousness of the Cosmic Consciousness which is the original breath of the Mind of God. That transformational Frequency is 36 inches above the head.

These locations of frequencies of Consciousness is created through the Merkaba Spheres that spin energy of consciousness at different rhythmic spin rates. The Cosmic Merkaba placed around the body is represented through the bottom point of the triangle of the bottom merkaba placed within the etheric 13th dimensional Core of Earth and the top point of the Merkaba triangle facing upward touching the 14.5 dimensional Consciousness within the Sphere of the Divine Love Consciousness which holds the Cosmos within the Mind of God.

When the body is placed within this Cosmic Merkaba, the heart of the body becomes in tune with or in the exact same rhythmic frequency as the heart of Mother Earth, the heart of the Universe and the Cosmos. The term heart and heartbeat mean at the place where the upper triangle of the merkaba and the lower triangle of the merkaba intersect through a spinning of all that is in the Consciousness within spinning into the Consciousness of all that is in the Consciousness of the Outer. When the body is returned to that spin rate of the Cosmic Sphere, the Electrons disappear. Polarity disappears. There is no more positive and negative charge of electrons creating density. There is only pure consciousness.

The electrons redefine themselves. The skeleton that appears is a Christ. It reformulates its neuro

mass to fit the control of the Mind of God. The brain has changed to become the facilitator of the super human.

When the individual has cleared one hundred percent of their third dimensional belief systems out of their cellular memory, when the individual fills their consciousness with infinite love for all in the Universe, when the individual sees everyone around themselves as the flame of light that God sees, when the individual becomes as transparent as the wings of a dragon fly who allows the light to shine through them because they have allowed themselves to become transparency itself by spinning their merkaba bodies faster and faster and rising higher and higher out of the density of the third dimension, That is when the body begins to take on the new structure of a plasma body, and the body rises up above the tree and then bi-locates into a new spiritual realm that allows their structure to have light glowing through it. When the individual goes through this experience they will feel a BLISS, a JOY a FREEDOM that is so undescribable because it has never been experienced by anyone living in the third dimension before.

THE FOLLOWING TRANSFORMATION WILL
LAST TWENTY FOUR HOURS TOTAL

Our bodies will go into a deep sleep, like a hybernization. The change will be through

chrysalis. As the Celestiline enters into our bodies from the waves of stardust and prana, it causes a light to flash and create a new reality in flash.

Our brains must go into a deep level of sleep as we are pulled back into Oneness with the original creation point of Source, the Idea, the Thought, the Intention and the Manifestation of the New Idea.

The body will always be held in tact within the field of God Source. However, at the same time, we will disappear for nano seconds at a time to realign in the new idea.

God creates each idea within a sphere of Hydroplasm. There is a cloud of hydrolaise which is first frozen and then warmed into various chemical structures of light and sound. The blue print of the idea is simultaneously created at all levels of manifestation from hertzian, to infra red, to visible, invisible light, x ray and gamma wave. This means the invisible, etheric reality of the thought of God is manifest at the same instant that the new body flashes on in the dimension that will be in our new perception.

During this very rapid transition, the body goes into lucid dreaming, psychedelic sleep. When we awaken, we will first notice something different about our bodies, the way we feel and look, our hopes and desires will have completely changed.

We will know we contain the consciousness of a Christ, which means opening up to the Universal Consciousness. We will know we have become the mind of God manifest. We will open our eyes on to a new reality because our perception will have been completely translated.

The skeletal structure of each cell will be dissolved and then a new imprint will replace it. The old DNA will still exist – but with a new imprint placed upon it by the mind of God. The new imprint will manifest as a new body. The body is made from a chip of light or the breath of God breathed to create a spark. This creates a hologram or a dot matrix body. The hydro plasma and hydrolase and hydrogelaisic chemical interactions with light and sound create a new form in space. That new form is imprinted upon the tissue of the body. The carbules in the soma of each DNA begin to fire a new reality from the synaptic cleft.

The entire lightning effect of the carbules in their vibrating change imprint the DNA with the new living status. The new program exactly like a caterpillar becoming a cocoon becoming a butterfly. The cocoon uses the light of the Sun to create a gelaisic chrysalis of crystal light crystal dust and crystal gel of light frequency and utilizes the gelaisic transformational substance of 14th dimensional heliotalic violet silver pink wave frequency.

The cocoon is the consciousness that is taken into the transformational factory of the 14th dimension. The violet harp strings are the heliotalic frequencies of the violet flame which is the combination of all of the frequencies of the Sun. This is what is called the OM of the Sun. This is the frequency that removes the electrons. When electrons are removed we become a canvas for drawing a new reality.

The form holding substance is removed so that the removal of the form can allow the morphing into a new reality or a new dream depending what is imprinted upon the cellular memory as a desire.

The cocoon becomes transparent, invisible, transforms. Exactly the same process takes place in the transformation of the DNA all of the old programming of density of the body dissolves into a new consciousness a Christ Consciousness of a form that is being played into existence through the harp strings- the cosmic harp strings of the violet transform the invisible light into the blue hue- a new reality is born.

The Frequency specific feeling takes place in consciousness to transpose the DNA to be strummed by the Mind of God. The violet string becomes the conductor of the human plan.

The caterpillar knows how to use the quality of light of the sun.

The caterpillar goes to sleep. Hybernization is done through the autonomic neurons system that is connected to the Mid Brain section of the brain. The nervous system controls body function of the heat and temperature and blood pressure, controls appetite and simple bio process of elimination.

Caterpillar goes to sleep through frequency specific mid brain.

Its autonomic system moves it into slow hybernization. we can do this by using the candle to teach us to move into the blue hue in the brain and stay there for several hours.

The heartbeat slows down biology slows down in psychedelic sleep, lucid dreaming is a state of hybernization when we move into the Cosmic Sphere of Consciousness. This happens when we use the Candle Technique to move into the Full Spectrum of Light which transforms the invisible into the visible. The caterpillar still has the memory in its DNA telling it how to turn in to a butterfly and humans had that program removed from their DNA. We must remember how to use the DNA programming that the caterpillar remembers.

He visualizes himself becoming a butterfly. We must visualize ourselves becoming super human. The Christ- the etheric harp strings in us must be

reconnected into the mind of God through the process of the violet string or sphere of cosmic energy. We must sing ourselves into our Christ hood.

We first create the list of who we want to become. The list might contain these ideas and many more.

The image and likeness of God the Eternal Life Body

The Christ Consciousness Realized The Enlightened One, the Blue Body, The Immortal, Fearless, Super, Heroic, Teleport, Walk through Walls, Remote Viewer, Body 20 years younger, vital, energetic, perfect self.

Write it, draw it, visualize it, dream it into being.

We must paint that reality on to our harp strings of our DNA.

We must sing that dream onto the harp strings. The highest frequency must strum the other harp strings into the etheric frequency that removes the electrons, that removes polarization, that removes space between spiritual physical, removes time and space.

You know this has happened when you feel like you have disappeared.

You strum your harp strings into the infinite unknown Mind of God.

The Mid Brain has psychic abilities. Sub Conscious Mind of God is star dust. It reaches into all time and space and removes all time and space. All that is known is within the Mind of God.

What will happen?

You will be the same you but your DNA will be reprogrammed

The old DNA will melt away and become transmuted into your subconscious-the mind of God.

The Christ that was created by God will be written upon your dot matrix body- your divine blue print of the Idea of God.

You will align into the consciousness of Source and your mind will become empty.

Your last contract with Source will end and a new one will begin.

You will rise into harmonic universe two as you are lifted above the earth.

You will melt into the frequencies of the sun and

you will disappear.

When you wake up, you will be changed. You will be brand new.

The first step is visualizing this transformation and understanding it. The Eternal Life Album is created by taking your body through this process for you, however, it is much better if you take your body through this process of transformation while you are listening to your Eternal Life Album.

It is much more helpful if you visualize the tiny little harp strings within your atoms and visualize a tiny little angel in your atoms strumming the highest string – the violet string and see that breath transform the strings below into that most ethereal sound that is heard in the highest frequency.

You will find a new liberty as you become the god of your body. You will be able to manifest any thing you desire instantly if and when your Consciousness is actually within this new Frequency. When you hold your consciousness in the Violet String or the Violet Sphere of Cosmic Consciousness. Your Consciousness must be in the 14.5 Transformational Light Center before you can Magnetize the Frequencies of the Vision into your DNA. The vision of your desired manifestation must be felt as a frequency. You can then Strum that Frequency with the Violet Frequency to

manufacture it in the transformational center. Only then, can the Mind of God manufacture the idea from the negative idea into the positive manifest EXPERIENCE.

When someone Magnetizes something to themselves through frequencies, the process of creation is used. The idea can only manifest if it is created through the Mind of God and then created as an Experience in Holographic Form.

When a person says they are Magnetizing Form by raising their frequencies it means they are raising their Consciousness into the Energy of the Cosmic Sphere where the Mind of God transforms old ideas into brand new fields of reality.

Otherwise, there are just old life forms being recycled over and over again.

We will be moved into a new time and a new space when we become saturated with the highest frequencies of Source. We will first become one with the Frequencies of Middle Earth – the magical place where our angelic families have lived for eons waiting for us to return.

Remember the reality is always in a frequency. The Earth's frequencies are actually being raised into the frequencies of Inner Earth and the Cloud Cities above us. This is the first step in our

Ascension. Those who transmute their DNA into the vision of this new reality will see it and those who do not will not see it.

The new body and the new reality will become completely activated by a Star burst which creates the Celestiline – the magical substance that sets the metamorphosis into activation.

Once our DNA is reactivated, our bodies will go through a very fast transition in a matter of a nano second.

Our bodies will go into a deep sleep, like a hybernization. The change will be through chrysalis. As the Celestiline enters into our bodies from the waves of star burst and prana, it causes a light to flash and create a new reality. Our brains will go into a deep level of sleep as we are pulled back into Oneness with the original creation point of Source, the Idea, the Thought, the Intention and the Manifestation of the New Idea.

The body will always be held in tact within the field of God Source. However, at the same time, we will disappear for nano seconds at a time to realign in the new idea.

God creates each idea within a sphere of Hydroplasm. The body becomes the Christ when the H₂O of the body becomes H₂O₂HE₃. We achieve

this by consciously translating the water that we drink into Spiritual Water through the Conscious activity of using the Three Crystal Spheres of Transformation.

We do this by taking the water we drink into the Crystal Spheres and holding it in consciousness 36 inches above the head and visualizing its transformation into the crystallization of H₂O₂HE₃ – Spiritual Water – hydrolaise.

There is a cloud of hydrolaise which is first frozen and then warmed into various chemical structures of vapor through light and sound. The blue print of the idea is simultaneously created at all levels of manifestation from hertzian, to infra red, to visible, invisible light, x ray and gamma wave. This means the invisible, etheric reality of the thought of God is manifest at the same instant that the new body flashes on in the dimension that will be in our new perception.

During this very rapid transition, the body goes into lucid dreaming, psychedelic sleep, the body shuts down the desire to eat and the bowel and urinary functions are shut down. There is a prolonged chemical change in the body.

When we awaken, we will first notice something different about our bodies, the way we feel and look, our hopes and desires will have completely

changed. We will know we are Christ. We will know we have become the mind of God manifest. We will open our eyes on to a new reality because our perception will have been completely translated.

The skeletal structure of each cell will be dissolved and then a new imprint will replace it. The old DNA will still exist – but with a new imprint placed upon it by the mind of God. The new imprint will manifest as a new body. The body is made from a chip of light or the breath of God breathed to create a spark. This creates a hologram or a dot matrix body. The hydro plasma and hydrolase and hydrogelaisic chemical interactions with light and sound create a new form in space. That new form is imprinted upon the tissue of the body. The carbules in the soma of each DNA begin to fire a new reality from the synaptic cleft.

MARY MAGDALENE IS NOW GREETING THE ORIGINAL ONES ARRIVING DIRECTLY FROM THE GOD REALM

THOSE WHO HAVE LANDED SO FAR

Dr. Angela Barnett
(Soul of Mary Magdalene)

As a reminder for those who are new to this

newsletter, my name is Mary Magdalene. My mission on Earth was to open the Ascension Portals in the Pacific Ocean so that the Original Ones coming from the Creation Realm for their Ascension can use the Central Portal to continue their Ascension.

My new mission, after I completed creating the portals was to meet and greet the Original Ones who would arrive on Earth.

I am beginning the fourth month of my mission of being the Hostess with the Mostest, as Elaika put it. I am inviting and greeting and hosting the arrival of the Original Ones who are Ascending from 12 Star Systems. So far there have been four teams who have landed on Earth from the Creation Realm.

They arrived in this order during the past four months. ElEiayai and Eleayshendaizendy from Andromeda, Keekalakwa, Fukesenhye, Tusenshavenshya from Venus, the Arcturia ZaZa, and the Kreeaa Raceline from Alpha Centuri.

In February three women from Venus landed. The commanders of the mother ships on Venus are all women. Their names were Keekalakwa, Fukesenhye, Tusenshavenshya

In March I welcomed the Mother ship commanders from Arcturia ZaZa. The members names were Belata, Ekritee, Aendo and Foreland.

I also welcomed the Kreeaa Raceline from Alpha Centuri. The representatives names are La Ka and Zu.

This means that even though these entities are from certain Star Systems and Racelines themselves, the ones who are called the ORIGINAL ONES are entities who did not need to go through the Hybrid process because they were never mutated by the Fallen Angelic Raceliness. These beings have been on an Ascension Path for millions or billions of years within the realms of the Universe where there was no Fallen Agenda present. These beings are on another journey of Ascension, so they needed to pass through the Creator Realm before continuing on their path of Ascension.

There are millions of Entities in the Universe who could not continue their journey of ascension until this problem with Earth was reconciled. The 12 Ascension Portals that were created by Mary Magdalene were required in order to have one Central Ascension Portal that would pass from one side of the Earth into the Spiritual Parallel Universe. The Original Ones could not come to Earth until the Portals were opened.

I finished opening all of the Portals in October 2016. When that event was finished, there was

great gratitude from the entire Universe given to Mary Magdalene and from Gaia. This event of opening the Portals has allowed Gaia to become the Savior of the Universe. After the Original Ones arrive on Earth, they will begin negotiating with our government to arrange First Contact. When that agreement is made, the Original Ones will be finished on Earth and they will fly their spaceships through my Ascension Portals.

It will be the Consciousness of these Beings coming to Earth, being on Earth and then flying through Earth that will re-establish, or reconnect the ORIGINAL CONSCIOUSNESS of God's Original Creation that existed before the Fallen Angelics made a mess of his kingdom of heaven.

The portals were created and opened by Mary Magdalene. The portals will be maintained forever by my team of Creators who are Jesus and Elaika and our Angel team Raphael, Uriel, Ariel, Gabriel and Michael. I will always be the owner of these portals. That is why I am the only one who can give permission to use them.

When I finished my mission of opening the portals, I was given my new mission of inviting the Original Ones to Earth. Now they are arriving. They have made their arrivals known by the HUGE positive Frequencies that blast through the atmosphere when they arrive. I can always Feel

their Energy coming first and then I focus on feeling and hearing them for the rest of the day and night. I often meet with their energy as they appear to me as light bodies in my Astral Journeys. Three of them appeared to me in my bedroom. Two times I did hear them say their names to me. I do remember Foreland from Arcturia and remembered hearing the names La Ka and Zu, who came from Alpha Centuri.

I always remember the energy, the appearance, the moment that it all happens, and sometimes I remember the names. However, I always check on these facts with Elaika and Jesus because I know that my memory is not complete most of the time. I am usually working on at least twenty other project every night during my Astral Life. I am usually guiding beings from other planetary systems who need help, I bi-locate to wrap my spirit around people in the hospital on this planet and on many others. And I always watch the ascension process that my own body is going through as it is being prepared to turn into light.

These Original Ones, who are landing, are very high dimensional beings. Some of them are 8th dimensional, some are sixth, seventh and some are 12th dimensional beings who are now coming to Earth.

However, when they arrive on Earth, they must

shift their form into the Fourth Dimension in order to be in this dimensional format that is present. So, they are in a fourth dimensional format. However, they are keeping a veil around their bodies so that it will be impossible for anyone to see them, except for myself. I have seen three of them, because they chose to allow me to see them..

There are thousands of other fourth dimensional space ships in our skies now because they have been here waiting for this Agreement of First Contact for hundreds of years. There are mostly third dimensional spaceships, but many fourth dimensional. There have been many of the Arcturian Za Za present in our skies and many Friendly Greys. The Greys are not our enemies. They are just curious beings floating around observing the ascension agendas. There are many Greys who hang around my house just because they are curious about Mary Magdalene.

Listen to channeled dialogs of Mary Magdalene at Mary Magdalene Singing Mermaid youtube channel and at Crystal Magic Orchestra.com youtube and audio page.

These youtubes contain the most important information about the future of mankind that has ever been recorded. These dialogs are between Mary Magdalene and Elaika, who are both Creator Beings who are on Earth at this time staging

the entire Ascension Plan of the Earth and the Universe that Earth is located in. Elaika is a Creator Being in the Fifth Dimension who is orchestrating the Universal Frequency alignments through billions of beings in the Fourth Dimensional Universe and through those on Earth working on Stargates, Vortexes and Ascension Portals. Mary Magdalene are also together working on this project at this time. The Christ Consciousness Light was needed first to come through Mary as she opened the twelve ascension portals and created the Central Portal for the Original Angelic Beings to come to Earth to begin negotiation for first contact. Mary has been inviting and greeting the Original Ones to use her portals since January. In one year they will finish their negotiations and fly through the portals. When their consciousness moves through the Earth, the Consciousness of all on Earth will be transformed and the Stargates will open because there will be a Circle in Heaven of the thirteen owners of the Crystal Skulls which are the remote control devices that will activate the wheels within the stargates. This will prepare Earth for first contact of the Fourth Dimension. Those with third dimensional eyes will not see this landing next year, but those with fourth dimensional eyes will. Jesus will begin his ministry on Earth at the same time as First Contact is announced. He will be teaching about the FUTURE OF MANKIND.

That Future is the Hybridization Program of Gaia

that will allow all of our Galactic and Universal Families to become Healed of their Genetic Mutations and return to the original DNA coding of the Original Ones, the man made in the image and likeness of God. The Fourth Dimensional Earth is already here. We shifted into Harmonic Universe two on February 7. Now we are preparing for First Contact to begin. By 2039 everyone on Earth will Turn into Light and Blip into the Fourth Dimension, which is actually a Universe more than a Planet. It is a place that allows Freedom of Travel throughout the Universe. There will be thousands of spaceships using Earth as the HUB of the Universe. This will all begin in ONE YEAR.

All of the details of this Ascension Project that I, Mary Magdalene have been made known through my dialogs with Elaika and Jesus may be found on these youtubes.

The latest dialogs have only been given to paid members, however they will be released as youtubes in the near future.

UNIVERSAL PROPHECY HAS BEEN
FULFILLED – GAIA IS NOW THE SAVIOR OF
THE UNIVERSE – NEW REALITY FROM NEW
CONSCIOUSNESS- ANGELS ARE LANDING ON
EARTH NOW

The Female Christ, Mary Magdalene, who is in the Flesh on Earth working together with the Male Christ Yeshuwa ben Joseph to complete the Project of the Kingdom of Heaven on Earth and throughout the Universe. Her team leader is Elaika who has been with her for trillions of years on Ascension Projects on hundreds of other Stars, Planets and Galaxies. She has only worked with Yeshuwa four times before on Earth.

Mary shares the complete story of her mission with the Co-Creation Team who is here on Earth at this time. The mission of the 47 from the God World will be preparing the Earth for a time when there will be thousands of Starry Families using the Earth as the Hub of the Universe just like any other Airline that has a main station where Star ships will trade passengers and cargo between all other Planets in the Universe.

I am Mary Magdalene, who is the Permission Giver for those Star Ships to use my Portals. The Original Ones are arriving now through my Portals. I meet, greet and prepare navigation for each and every one of the TRAVELERS.

MARY MAGDALENE'S ASCENSION PORTALS
WILL RETURN THE KINGDOM OF HEAVEN TO
EARTH

WHAT DOES THIS MEAN AND HOW DID IT

HAPPEN?

The reason that Earth has been Universally Prophesied as the Savior of the Universe is because it has long been known that Gaia would become the HUB OF THE UNIVERSE. The 12 Ascension Portals are the reason that Gaia will become the Hub of the Universe. These Portals were designed by Mary Magdalene and her Team to allow the Original Ones to Travel through the Portals into the Highest Realms of the Universe. Mary will eternally be the only one who can give permission to use these Portals and Elaika and Yeshuwa will be the ones who will maintain the Portals forever.

The Portals are the Ascension Passage for the Original Ones into the Eternal Life Plan of this Universe. The Central Portal is the Portal that allows full access to all Reality. These Portals were designed to allow passage from one side of the Earth through to the other side of Earth. There are no other portals on Earth that allow this. It is the Power of the Portals that will RETURN THE KINGDOM OF HEAVEN TO EARTH.

This was the statement that was said to me by my CO-CREATION team when I was first AWAKENED and told that I was Mary Magdalene.

“You must know beloved one, you are no longer separate from the Divine Mind. Your human mind

is now ready to co-create with an organic dance of joy. Your consciousness is ready to expand to the farthest reaches of the Universe. When you Focus, you will allow yourself to be present. From here your form will serve while it is needed and change as it is needed. This process is the Divine Blue Print of the Divine One as humanity itself free forms into its next evolution.”

This was the formula given to me that I use to engage my human mind into the Consciousness of Mary Magdalene who is the Queen of the Universe. When I focus on this Oneness with all that I am, I am present with the Creation Process itself.

Since I created these Portals, I am the one who gives permission to use the Portals. So, everyone in the Universe knows that I am the reason that this entire Prophecy will be fulfilled. This is why I am sometimes known as the Queen of the Universe. The entire Universe knows that I am the only one who can possibly make this reality become fulfilled.

The reason that Everything will change in the Fall of 2016 is because the Universal Prophecy of Mary Magdalene opening the 12 Ascension Portals and giving permission to the Original Ones, who carry the Divine Template within them, to ride their Star Ships through the CENTRAL ASCENSION PORTAL located in the Pacific Ocean.

Mary Magdalene is now inviting Cosmic Travelers to her PORTALS
