

A COURSE IN MANIFESTATION

INTRODUCTION

First, we will review the first Manifestation Workshop, plus go far beyond that workshop by exploring all of the reasons that most people never manifest anything new in their life.

A COURSE IN MANIFESTATION includes absolutely everything that needs to be known to allow you to manifest the kingdom of heaven on Earth.

It is totally up to each individual to map out the course within their own life that will insure that the reality that they desire will manifest.

EVERYTHING WILL CHANGE by the end of 2016, and some will still be living in the world of emotion and some will be living in the world of Light that has manifested as the reality within their Psychic Brain.

This course will set you on the journey that you choose to be on.

This course is going to alert you to hundreds of reasons why you are not manifesting anything new and remarkable in your life. After you know the reasons that you are not manifesting your heart's desires every moment of every day, you can begin to remove those reasons.

The worst thing that can happen to you is for you to think that you just can't seem to manifest and yet you think you are doing it correctly and you just keep doing it in the same old way and it just never works.

Now you have a choice to continue doing it the way you have been or look at the reasons why your method might not be working for you.

One morning you will create the movie that you want to play during that

day. The next morning you will wake up and create another movie of a reality that you desire. You will go to sleep with an unconditional desire, and gratitude for the most wonderful adventure of EXPERIENCE without Expectation, and you are going to create the image of your desire without any conditions. This will happen because your focus is crystal clear. You will be completely disconnected from the Thinking Brain and you will be completely present in the Feeling of the Highest Frequency in the Mid Brain. This is why you must be in a Trance State that has connected you into the Virtual Realities that exist beyond the body within an imaginary, invisible movie that projects itself onto your movie screen in the morning. This is where all of your dreams come true.

DIAGRAM OF BRAIN

This diagram has certain colors drawn onto specific parts of the brain to represent frequencies of consciousness.

For instance, when you look at the diagram of the brain, you will see the Blue area in the Brain. That is the area that we call the Mid Brain. The Mid Brain area is Frequency Specific. That means it does not Think. It only receives and sends messages of light and sound. It receives pure images through light which form into the Reality around you.

Our purpose of being on Earth is to create our desires and experience them in great excitement and gratitude without any expectations. We project the movies that we create within our DNA.

The DNA is actually a movie making machine. The Pituitary Gland is the Movie Projector that we will project our new movie into our Radial Shield that surrounds our Body. We can't see that Movie Screen, because we have not had it programmed into our memory banks of the neo cortex.

Our old movie, which was not God's Movie was created in the Neo Cortex

which uses the Judgment Loop to keep a fabricated illusion playing on our movie screen. Those old movies must be melted away just like burning old movie reels that Sony Pictures no longer wants.

The only way we can melt away the old movies is by actually taking them into the Plasma of the Sun and melting the old energy. This energy is then return into our new light spectrum in order to create new realities from the old wisdom.

We can then move into the Mid Brain where there are no old movies stored. There is pure unconditional love just waiting to create new ideas upon the movie screen.

When we learn to move into the State of Patience and Unconditional Love of the Mid Brain, we begin to manifest instantly all of our heart's desires. We must first learn how to move into the part of the brain that allows us to remain in the the state of Unconditional Love by putting the THINKING BRAIN into a Trance or paralyze it into a state of hypnosis because as long as Neo Cortex is doing the Thinking we remain in a loop of judgement.

There is no judgement in God's Movie. There is only Unconditional Love expressed through a state of no time, no space and no distance, which removes all separation between the reality of this density and all that is in the Cosmos and beyond.

When we manifest. We manifest through the process of Making God's Movie. We are the God's that make the movies. Each movie is our individual version of our desired reality.

A COURSE ON MANIFESTATION

WELCOME TO WEEK ONE

I would like you to keep a journal this week.

In the journal I would like you to make a note each time one of your thoughts contains a Condition, a judgement, time, and old ideas coming up.

At the end of each day count how many times you have been thinking with your neo cortex loop.

Spend at least one hour each day just staying in your Mid Brain with no thinking, only frequencies, in the Holy, Pure Place of Patience.

Place the neo cortex into a trance or hypnotic state where it can not interface into the manifestation. Use the Trance Album.

In that hour, keep a pencil and your journal near by. Each time a thought pops into your head, just make a mark on the paper. At the end of the hour count your marks.

BEFORE YOU CAN BEGIN THOSE ACTIVITIES FOR WEEK ONE, you will need to review a few items from previous workshops.

These were a few points that were covered in the first Manifestation Workshop. You can't even begin this workshop without knowing where your Neo Cortex Thinking Brain is, which is the system that creates the loop of judgement between logic and creativity; and, how that is a separate system than the Pineal and Pituitary Glands that transmit the Frequency Specific Unconditional Reality.

1. Draw the Brain

Find diagram and learn the parts of the brain

2. Find the neo cortex, pineal , pituitary, thymus, hypothalamus, medulla

oblangata

3. Draw the frequency pyramid and brain and co-ordinate the colors.

Just copy my drawings so that you get them into your mind. The Brain has been simplified into the Yellow Brain and the Blue Brain and the Violet Brain. The Yellow Brain is the Thinking Brain- the Neo Cortex, the Judgment Loop. The Blue Brain is the brain that uses the Unconditional Love. It uses the Infra Red to turn the Invisible Light into the Blue Hue which allows a new reality of multi dimensional frequencies to appear.

The Violet Brain is the area that connects into the Super Consciousness through the Secondary Consciousness that plugs the neuronets into a brand new reality that is completely outside of the physical reality that was programmed into the neuronets from the neo cortex.

We are unplugging the neuronets from the neo cortex and plugging them into the Super Consciousness. We are unplugging the old movies in the neo cortex and plugging into the movie projector that can project God's Movie onto our movie screen. This vast creation mechanism functions through the DNA. The DNA is now being plugged back in to Super Consciousness.

DIAGRAM OF BRAIN

This first week is just to WAKE YOU UP to the fact that you have not been living in the Mind of God most of the time. If you remain in the Mind of God COMPLETELY with out one mark on your paper, you would manifest any desire that you have created unconditionally. That is just a Fact of Life. It is the way God made the Universe. If we are not manifesting it is because of something that we are still creating in our thinking process.

Become the object of your own focus this week. Become aware of what you are thinking about.

WEEK TWO

Moving the Mind to the other side of the Veil-from the visible to the invisible, or the limited density of the third dimensional physical to the fifth dimensional, spiritual multi dimensional spectrum of reality.

Using the Atomic Mirror to remove the Veil between the physical and spiritual self.

The Frequency Specific Brain is Unconditional. It knows no time, no events, no people, no places, not one circumstance is contained within Unconditional Patience of No Time.

Instant Manifestation takes place when you are Focused on the Desire and then instantly move into to the Focus within the Patience of No Time- the place on the other side of the veil, the place we take the mind to when we move through the atomic mirror that separates physical and spiritual reality.

In order to obtain the clearest Focus, we need to move from the thinking brain to the mid brain where :

There is no thought- only the unconditional concept.

There is only pure frequency.

The Frequency of place removes gravity and lifts the body.

Focus will be received and the desire will grow clearer and clearer as visions of the desire pop into the mind during the day. The Vision of the Desire grows stronger and stronger until the image cannot be erased from the Third Eye. That is when it projects onto the movie screen.

The only reason that this event does not take place INSTANTLY is

because you did not create the Desire in the State of Patience, No Time, Trance, Highest Frequency, in the Atomic Mirror without any interference of blockage of focus.

The Kingdom of Heaven has no lack.

Patience is the removal of insecurity, conditions, judgements, limitations and lack. Those things only exist in the neo cortex of the brain.

We place the neo cortex loop of judgement into a state of paralysis when we move into the highest frequencies of light and sound. The thinking brain can not function when the mind has traveled through the atomic mirror.

REVIEW

These were a few points that were covered in the first Manifestation Workshop. You can't even begin this workshop without knowing where your Neo Cortex Thinking Brain is, which is the system that creates the loop of judgement between logic and creativity; and, how that is a separate system than the Pineal and Pituitary Glands that transmit the Frequency Specific Unconditional Reality.

1. Draw the Brain

Find diagram and learn the parts of the brain

2. Find the neo cortex, pineal , pituitary, thymus, hypothalymus, medulla oblangata.

3. Draw the frequency pyramid and brain and co-ordinate the colors.

Just copy my drawings so that you get them into your mind.

4. Understand how walking into the candle is moving your body INSIDE of

the Full Spectrum of Light and Sound of the entire Cosmos.

5. Understand that when you move through the Full Spectrum, or you walk through the Atomic Mirror into the other side where the spiritual invisible and physical become one, this creates a blue hue which is an atomic reaction caused by these frequencies interacting. That is why it is called an atomic mirror.

CHECK OUT the movie SMURF's and watch the first scene when the Smurfs fly through the atomic mirror from one reality into another reality that can not be seen by those on the other side. This will help you understand EXACTLY what you are doing when you walk through the Atomic Mirror.

6. Understand that when you walk into the Sun in your Consciousness that you are doing the same thing. You are walking through the light into the pre light and sound in the atomic mirror and when you go through the mirror you see the Sun turn Blue.

This state that you feel when you see the blue hue or blue sphere is the feeling of walking through the atomic mirror.

7. Understand the Full Spectrum of Light in the Music of the spheres.

There are five spheres. Cosmic, Universal, Galactic, Solar and Planet. Each of these spheres is made of a density of particles that spin within each of the others to create light and sound. When we are spinning within all five spheres, we can actually spin out of the Matrix and back into the Void of the Infinite Unknown Mind of Creation. This is when we are in a Lotus Body that is wrapped in the Blue Hue. This is how Buddha could levitate. When you raise your frequencies into the pre light and sound of the plasma body, the plasma body is levitating and therefore your body is levitating. You may not be able to see this but you can FEEL IT.

8. In order to transform into the place of consciousness where manifestations appear instantly, you must move consciousness much higher than the physical hertzian and up into the gamma of the Sun and beyond into the Cosmic light of the Pre light and Sound and then into White Light which is the Highest Frequency.

Weekly Projects

1. Watch every single thought that you make about every thing all day long for three days in a row.
2. Count how many times you have used your neo cortex, conditions, judgements and emotions for one week.
3. Purify these thoughts by melting them in the plasma of the Sun. They turn into PHONONS which turn on NEW DNA in the body. Write down what you feel.
4. Spend one week watching your focus while creating your desire.
5. How many thoughts interfered in your pure desire?
6. How often did you float out of the trance with ideas and conditions?
7. How long can you keep your clarity of focus into the Patience of No Time?
8. How fast did you manifest?

Transformation through mental and physical

Transcendence.

Move into Frequencies higher than the Mind of Body. Remove all

Conditions

Float above all that is in the Thinking Brain

The Biggest Mistake that we can make is moving into the yin and yang or moving into positive thinking or moving into the Blending of all things as an Isness. None of these methods are correct.

Many believe that the YIN and the YANG blend your mind into Isness of the Grey area. The Yin and Yang is actually the Loop in the Neo Cortex that continuously Loops the ideas of good and bad into judgement.

We do want to blend the physical and spiritual into oneness. This is a different meaning of the black and the white. It is not the good and the bad. It is removing the separation of the visible and invisible. We can train our minds to move into the invisible plasma and then use the infra red light to make the invisible become the blue hue in the visible light spectrum.

This is how the visible and invisible or physical and spiritual become one. This is how we re unite with our Spiritual Host Body. We merge into oneness with the spiritual by raising our frequencies high enough to move through the Veil of Wa that is the separation created by the atomic mirror. When we learn how to walk through the atomic mirror we are learning how to move the physical into the spiritual.

The only way to move out of Judgement is to FREEZE the Neo Cortex. The Neo Cortex must get removed from the Manifestation process completely.

Those who insist on blending everything on Earth together without any judgements are doing that very process in the NEO CORTEX. Those people should not be trusted.

Move out of the BLENDING (which is actually Looping in the neo cortex) and move into the Pure Frequencies that take you BEYOND the Mental

and Physical Blending of anything.

This phenomena is also a part of the Art of Positive Thinking. It doesn't make any difference whether you Think Positive thoughts or Negative thoughts because if you are thinking at all this means you are thinking in the Neo Cortex. The Neo Cortex ALWAYS creates a judgment, and that place will always place you in a loop of judgement that will never allow you to escape.

We must learn to stay out of the Neo Cortex by placing it into a Tance State or paralyzing it. The only way to do this is to move completely and continuously into the Frequency Specific Mid Brain.

It is true that what you think will create a better version of something that you thought about in the past. However, that new version will just return back to the loop in the Neo Cortex. That means your reality will just be repeated in a different VERSION of itself.

We must move out of those versions of reality and into the Patience of No Time that removes all of those old pictures of a reality that we did not even create in the first place.

The new realities that we can create are in the Kingdom of Heaven. They are beyond our wildest imagination. They are realities of complete freedom and complete instant manifestation of our greatest imagination.

We can't move into the place where this reality becomes our moment to moment experience while we continue in those old methods of Positive Thinking and Yin and Yang.

1. How often have you confused Blending in the Neo Cortex with Trancing out the Neo Cortex?
2. How often have you confused the art of Positive Thinking with True Manifestation?

3. How often did you start creating your desire before you went through the process of moving through the Veil of the Atomic Mirror?
4. How often did you allow little judgments about your desire float into your mind while you were focusing?

BACKGROUND KNOWLEDGE

The preparation for the Course in Manifestation would be the background knowledge that was in the last two workshops that were given. Those were the Ascension Program and the Manifestation Workshop.

If you would like to catch up on the information from those workshops, you should at least read:

12DNA Music of the Spheres, Ascension Program from the Diary of the Cosmic Twins

<https://www.createspace.com/5202011>

, and the Quantum Science of Manifestation and Ascension.

http://store.kagi.com/cgi-bin/store.cgi?storeID=6FGAR_LIVE&page=QUANTUM_SCIENCE_INSTANT_MANIFESTATION&lang=en

I also require you to listen to the you tube Candle Technique.

The new course, that includes the back ground knowledge of the other two courses is:

spend one week on each topic and do the outlined work and report back with the results.

One fine morning you are going to create the image of your desire without any conditions. This will happen because your focus is crystal clear. You will be completely disconnected from the Thinking Brain and you will be completely present in the Feeling of the Highest Frequency in the Mid Brain. This is where you must be in a Trance State that has connected you to the other side of Veil. This is where all of your dreams come true.

Those Frequencies of Light correspond to specific places in the Brain. For instance, when you look at the diagram of the brain, you will see the Blue area in the Brain. That is the area that we call the Mid Brain. The Mid Brain area is Frequency Specific. That means it does not Think. It only receives and sends messages of light and sound. It receives pure images through light which form into the Reality around you.

You can create any reality that you desire if you learn to use your Mid Brain as a pure vehicle of transformation. It must be pure. It must not contain the images that are in the Yellow part (using visual light to project a movie of reality that is separate from the invisible light of creation) of the brain. The Diagram shows the Neo Cortex or the Thinking Brain as the Yellow section of the Brain.

The yellow section of the brain contains judgement and analyzation. If there is any judgement dripping into the mid brain from the neo cortex, the image that you are trying to manifest will be come corrupted and it will not manifest.

The Re-Birth Album is designed to help you feel and take control of these different sections of the Brain. We must learn to completely remove connection to the Thinking Brain before we can even begin the manifestation process.

All manifestations, healings and ascension must take place in the Patient, pure Focus of the Frequencies in the Mid Brain. The Frequencies that come in are In fra Red which gives a vision like a digital cameral. It creates a Negative of a Picture that is waiting to be developed in the Mind of God. However, you must hold your picture in the development lab long enough and without any doors opening that will corrupt your picture. You can not allow any of the emotional, judgements from the neo cortex to enter in.

You create you image that you desire and hold it in your Third Eye on your Forehead.

The thinking brain always places a judgment of final analysis on each and every thought process which locks out timelessness.

This means that each time you move into the frequencies that place you in the trance state and you hold the desired dream in your mid brain frequencies, you must make sure that you do not change your dream by taking conditional thoughts over the top of the dream that you just created. Every time you take a thought you are carving away a piece of the perfect dream that you created. So, you could create your manifest reality in the dream state and then un-make it during your day time thinking process.

Once you create that dream you must hold it within your mind continuously for several days. You must go through this process of training the brain to work this way because you have spent an entire lifetime living under the control and judgement of the thinking brain

which is helping create the exact world that you do not want to live in.

All memories that have been stored in the hypothalamus contain long term memory with judgment woven into them. If we create our reality through the process of this judgment, our experience in life will only contain other people judging us and controlling us. Think about this-we are judged by our education system. The entire reality of education is to grade students based on a judgement. Most people think this is a good thing because it is the only reality that they know.

We have created a world where we judge others races, religions , creeds dress styles. hair styles, color preferences, as well as five million other items each day. And then we go to church to repeat the fact that thou shall not judge.

Judgment is a sin because it allows your thinking brain to be the god of your reality instead of the Mid Brain which is in fact is the mechanism that connects you to the Mind of God through Unconditional Love.

One form of judgment is the belief of disease. A disease can not exist without the neo cortex judgment loop. If the disease is not perceived through judgement, it would loose all of its power and existence. Disease is created and promoted by medical propaganda placing judgmental ideas in the neo cortex of the masses in order to propagate the belief through the judgment loop.

There is only one way to stop judging others. That is by moving out of the thinking brain and into the mid brain of patience. The mid brain is the psychic brain. It does not analyze, judge, think or place conditions on reality. It only gets pure information through the

highest frequencies of consciousness. The sender and receiver of ideas and desires is this frequency specific analogical mind which creates all desires that it receives in pure form. It creates and manifests all desires. It is a creation machine.

So, there are two creation machines. There is the neo cortex, which creates conflict through the judgment loop. This is where all of the beliefs of the world are created. The second creation machine is the Frequency Specific Brain, that only creates through the frequencies of the Mind of God. All is created in and through Unconditional Love. There is no condition of judgment, time, place, event, circumstance in the Mid Brain.

The Mid Brain won't create anything unless we use it correctly. It is our sender and receiver of manifest reality. It creates all desires. It gets pure information from the Mind of God and allows that information to be known to you.

The Mind of God is your own personal neuronet and DNA connection into all that is a part of you. It connects to all of your Souls, Over Souls, Rishi Selves and Avatar Selves to allow you to connect to the knowing of all that is to be known.

The Mind of God gets its information in a pure form and then presents it to you. And then after presentation it is broken down into its analysis of how you want to receive it and store it as memory.

The mid brain does not think. It receives pure data, pure thought for coming in from infra red fields and visible light. If you collect data from news sources of any kind, that data will be used by the neo cortex and it will block the flow of pure consciousness.

When you receive pure thought and then think about it, you will negate it. If you accept the first impression into the mid brain, you will receive it. It comes from a stream of consciousness that is outside of the neo cortex-outside personality. The mid brain sends through a web of consciousness. It sends thought without judgement.

Judgement will alter the information sent by the mid brain. When we analyze a thought with the thinking brain we change it into a limited image that is different than the pure thought sent by the mid brain.

If you are holding the image of your perfect body in a light that is full of light while remaining in the Unconditional Frequency Specific Brain continuously, that perfect image will be reproduced through your DNA and it will manifest outwardly as your new healed body.

However, if you are thinking about all of the things that are the matter with your body for a few seconds in between the periods where you are holding the perfect image, those old images will create a veil of darkness over the light image that you are holding in your Mid Brain.

Every time you loose the absolute focus of the perfect image, you are creating distortions in the picture of you body that you are developing through you DNA and projecting from your pituitary gland.

If you are spending your day reading articles about diseases that appear to be something that might be a part of what you are healing in your body through the use of the Frequency Specific Mind of God, you would just be allowing those images of that disease to be painted into the neo cortex that will start looping that judgement of

that disease into another layer of a reality that you will need to remove.

This is why spiritual practitioners do not take patients who continue to use other sources of healing such as medicine and hospitals. If the patient is believing that they have a disease that needs medicine, it will be impossible for that patient to hold the image of the perfect body of light in their Mid Brain through the Patience of Unconditional Love.

Spiritual Practitioners hold this image of their patients for them. However, if the patient is specifically counter acting the healing work that is being done for them by focusing on and believing other reports of disease and believing what another doctor or healer is telling them to do, which is in direct contradiction to what the original practitioner told them to do, it will never be possible for this patient to be healed.

In this situation, it is the Spiritual Practitioner's responsibility to dismiss that patient, because it is very dangerous to mix together two healing systems that directly contradict and counteract each other.

Dr. Angela Barnett

COURSE IN MANIFESTATION

PREPARATION

Those of you who have taken the leap to sign up for the Course in Manifestation might like to spend at least a week or two just wrapping your minds around all of these ideas that were in the last two workshops, and review the information in this workshop.

I would like you to practice the technique of walking into the (imaginary) mirror in order to program the process of moving into oneness with your Plasma Host body which is the Infra Red Spectrum. You use this infra red spectrum when you look at the Sun and move your mind through it and then see the Sun turn Blue. The reason it turns blue is because the infra red frequency shows you the negative of the picture and allows you to see all that is on the negative after it is .

When this technique is learned that uses the infra red to see the blue sun, to see the blue orb bodies that are the higher spectrum of your body, and to move into a spectrum of reality that is purely spiritual or invisible to the physical reality, you are also preparing your self to see every one and every thing that is invisible to you in the third density.

We need to be able to see all of the other beings who are standing on the other side of the Veil. And that when we can do this, and when we can meet them because we can see them, that is when we can ride on their space ships and be free to travel the universe. It has been made clear that we will not be creating our own space ships for another 100 years, but beginning around 2040, there will be many opportunities to engage in Galactic Exchanges of Space Ship Technology.

However, those who are invited to ride upon others space ships are the ones who have learned to enter communication and interface with their own HOST BODIES in the Aurora Earth.

So, I have decided to make this one of the priorities within this Workshop on Manifestation because we won't even know the glorious possibilities that we can manifest until we begin to communicate with our HOST who can escort us through the Veil between Net Earth and Aurora Earth. We must be in Aurora Earth before the Fun can begin.

The HOST body is also the new self that we need to unite with to be able to remove death from our agenda. The HOST body cannot die. As long as we remain with it and in it, the Soul will not allow us to die.

I would like to share a few points with you of how I went through the process of collecting together all of the valued processes that were taught by the Universal Teachers who returned these sacred teachings to Earth.

When I first began going through the process of moving my consciousness into the mirror and into the candle, I noticed that many emotional images would rise to the surface.

I knew that the process that I was going through was mostly bringing old images to the surface that were lodged in my neo cortex. I used to focus on the candle for six hours in a row before I could stop thinking.

This is why I wanted to create a process that would allow others to stop thinking much sooner than I did.

This is the technique that was taught for using an imaginary mirror to unite into communication with the Host of your Ascension. Your Host is the Plasma Body who can allow you to come onto a Space Ship and travel through the Universe. I had this confirmed in a recent channeled interview that I had with Treb from the Capella Star System.

MEETING YOUR HOST BODY

The in-between state of Net Earth and Aurora Earth is called the Land of Wa. We each have a Wa Host who will allow us to move through that Veil of separation and into the Aurora Earth through the Consciousness of this Host.

The purpose of the Mirror Technique is to make contact with your Host who will lead you through the Land of Wa and into the Aurora Ascension Earth. The Host is a Fifth Density Body (Sixth Dimension). This means the Entity is almost Pure Light with a White or Golden Robe made from a Plasma Like Substance. This is your Etheric Orb Body or Plasma Body who can allow you travel within this dimensional self who is a Part of You- the Rishic You of your original creation. The Land of Wa is the same place that Fairies and Devas live within. It is the in between state.

STEP ONE

Imagine looking into an invisible mirror with a point six feet in front of you.

DIAGRAM

We begin by filling the part of the mirror that is black (the atomic reflection that is not allowing us to see through to the other side of the mirror) with an atomic substance that is only available in the pre light and sound realms of the Cosmic Domains. We must go in Consciousness into the Inner Cosmic Domains of Earth's Crystal Heart in the 13.5 dimension to collect the Heliotalic Gelaisic Radiation that can part the Veil.

We must combine that sphere of Crystal Gel with a sphere of Crystal Dust that we travel to Sun Alcyone to collect. This is the Universal Stardust that contains our Universal Consciousness. We combine those two spheres of Crystalline substance with the Third Sphere of Crystal Liquid Light that is

created by connecting to the point that is six feet in front of the mirror. That is the Zero Point where Transformation takes place. The Light moves through the Plasma into Pre Vapor of Liquid Light Energy.

Presently, the mirror is locking us into this side of reality and not allowing us to walk through to the other side of reality where there are infinite parallel spiritual realities waiting for us.

First, we need to place a new substance in the mirror that unblocks the flow of light.

Song 1

We travel down into the Earth's core into the Cosmic 13.5 dimensions that are made of the heliotalic substance of gelaisic radiation. This is the substance that makes space ships travel thousands of times beyond the speed of light. It is the substance of transformation through the property of removing space and time. We take our consciousness into the Crystal Heart of Earth and Inhale this Cosmic Substance and then exhale it into the mirror.

First, inhale the Cosmic Light from the Earth's Crystal Heart into your Crystal Heart- Heart Chakra area.

Song 2

Exhale the energy into the 24 point radial burst.

DIAGRAM

Song 3- Sense that a massive pillar of swirling crystal gel substance of transformation orbs pop out around you and within you.

Song 4- Allow the Gelaisic Radiation to fill all of the spaces around you and absorb the gel like substance into your body.

Song 5-

From the Cosmic realms in Inner Earth inhale up through your body and up to the D15 Rishi Body in the Fifth Sphere of the Cosmic Domain.

Song6- Create a Crystal Pillar that connects from the Inner Most Cosmic Density within the Heart of Mother Earth and out into the Outer Bands of the Cosmos. Where the Cosmic Matrix meets the Infinite Void of Source.

When you are connecting to the point six feet in front of the mirror, you are actually connecting to that point where the Cosmos meets Infinity or Source.

SONG 7- That is the Zero Point that is needed to turn on the process of Re-Birth. Within that spectrum of light is the complete spectrum of light and sound of all creation.

The mirror technique is allowing you to walk through the Veil that has disconnected you from the Cosmic Rishi Consciousness of your Original Self made in the image and likeness of God.

Song 8--Place both palms on the mirror's front surface (imaginary mirror). Inhale orb currents from orb pillar into Heart chakra area in center of breast plate.

Exhale orb currents out Heart Chakra and down arms and into the space between palms and target area of mirror.

Hold breath at bottom of exhale in the target area.

Firmly exhale into the space between palms and the target area.

SONG 9-Imagine that you can see the entire mirror field filled with orbs of

the Gelaisic substance growing in number until the space and time is removed between you and the mirror.

Take your palms down from the mirror

Observe the orbs solidifying to form a moist gel like orb filled with pale golden silver substance.

STEP TWO

Create an imaginary mirror or Wa Window in front of you. Place your hands on the surface of the mirror. Speak the name of your Host. If you sense a name, use that name. If you don't hear a name yet, you can use An Wa or Kee Wa or Sen Wa.

Say An Wa come forth and exhale into your Heart Chakra 4.

Exhale a Three Point Breath from your Heart Chakra.

Send the Breath through your arms from your heart and into your palms that are against the magnetic mirror.

Send two breaths through the palms while sending the Third Breath directly from your heart.

Aim all of these 3 points at the point three feet inside of the mirror. This is the place where your Host Body is waiting.

Send the three breaths into one point. The Wa Vortex Center point- three feet into the mirror wa field.

Sense that the mirror surface area become warm and feel an undulating wave coming from a shimmering glass as if it is turning into liquid light that allows you to swim through the mirror. It changes from a solid wave form into a liquid light wave form.

Observe that your Wa Host appears at the contact point three feet inside

of the mirror.

Inhale and then exhale.

Sending the single point orb flow current directly from your heart chakra into your Host Sphere-- three feet into the mirror.

Keep your palms on the target mirror area.

Inhale gently using the breath to draw the Host Sphere toward you until it is positioned in front of you, just on the other side of the mirror plane.

Exhale into the Host Body Orb and watch the Wa Orb transfigure to swirl into the orbs of light within the Veil of the Mirror.

The Host Body is breaking down the Veil of the Atomic Mirror and allowing you to penetrate through the mirror as you become more and more tuned in.

Keep Palms on the Mirror

Continue to observe as the Host Body Flashes a Gold and Silver Light into the Mirror and then materializes as the Host Light Body wearing either a Gold, White or Violet Robe.

Some people will see more than one Host appear to them. One of the Hosts will step forward. That is your Rishi Christ Body Host.

Watch your Host Body place its palms facing you in the mirror on the inside of the mirror target area directly opposite of your palms.

Inhale and Exhale gently from the Heart Chakra and from both palms to create a connection with the host for communication.

Inhale again to receive a three point orb flow from the Host as it Exhales into your Inhale Breath in order to Synchronize your breathing with your host body. When you exhale, the Host inhales and when the Host exhales

you inhale. (I will call the Host It because there is only Androgynous Self- there is no he or she. Since we don't have a word for that state of being, I will use the word IT sometimes. That "IT" refers to the Christic Host of Wa in this Technique.) You breathe to create a synchronized circuitry between you and your Host.

You will be breathing with your Host for the next 24 hours after you create this rhythmic connection. You are translating into the rhythm of the Aurora Earth where your Host is aligned. You may now send a question to your Host and wait for your answer.

PARTING THE VEIL OF WA

See your body standing with the complete 15 dimensions inside the Cosmic Matrix of the complete spectrum of frequencies. Inhale from the Cosmic Spheres the sphere of Crystal liquid light, the sphere of crystal gel and the crystal stardust. Inhale these three spheres into one and into the heart chakra.

Hold the three spheres in the crystal heart and then take one step forward into the atomic mirror with the palms pushing gently into and through the veil as you step forward.

Standing within the Veil of Wa with palms facing forward

Exhale firmly outward in 24 points

Six up, six down, six to the left and six to the right to form the diameter of a sphere that you are standing in.

As you breath normally, notice the window of Wa begins to accelerate and move more and more rapidly until it pulsates, trembles, melts and opens.

Observe a rushing sensation as the Veil of Wa rushes into your heart chakra, transforming the three spheres of crystal liquid light, crystal dust and crystal gel into one New Transformational Energy that allows the Veil to Melt away and for your transformed DNA to perform the rebirth into a body that can slide through the veil into Aurora Earth.

The energy transforms into one Gold and Silver Spark of Transformation in the Heart. That spark replicates into every cell of the body, representing the transformation of the DNA.

The veil of the atomic mirror has completely dissolved and then it vanishes. You are standing in crystal pillars flowing through you in the Aurora continuum of the New Earth.

You have parted the Veil of Wa. You have walked through the Mirror.

Course in Manifestation

THREE TECHNIQUES

This Course in Manifestation should be begun by reviewing the course material in Quantum Science of Ascension and Manifestation and by practicing the Candle Technique One. This course will use a different Candle Technique.

I would like you to have two full months of practicing the technique of walking through the atomic mirror and becoming one with your spiritual HOST BODY.

After you can move into that state of anti matter that allows you to walk through the atomic mirror and instantly see the light in the candle turn blue, focus on allowing the entire room that the candle is in to become darkness. This should happen even in broad daylight with the lights on in the room. The darkness comes from the fact that you have moved to the back of your brain into the secondary consciousness that can see 360 degrees, see anti matter, see through walls and see the numbers on the back of a card.

These are simply techniques or disciplines to help you shift your mind into a completely different perspective than the one you have been living in.

You can activate this process by moving into the Universal and Cosmic Harmonic Universes by using the Merkaba Vehicle journeys in the Complete Ascension Kit, the Ascension Portal and the Pure in Heart Kits, the Stargate Meditations, and the Eternal Life Water Journey.

You will find that the more of the frequencies that you have already absorbed into your atomic body, light body and crystal body within your personal, universal and cosmic merkaba fields by taking these merkaba journeys, the faster you will be able to move through the mirror, see the blue in the candle and move into the dark room where the infra red light is exposing the negative of the picture that will develop through the visible light spectrum.

The The Atomic Mirror Technique, Candle Technique, and the Reading the Cards Technique should each be practiced at least one hour every day.

You don't need to succeed at these disciplines each time. You just need to grow in your ability focus and in your ability to experience the Shifting that takes place between light spectrums and your versions of reality.

FIRST Study this Atomic Mirror Technique and Practice it.

TECHNIQUE ONE

Atomic Mirror Technique

Walking into the Mirror

STEP ONE

Imagine looking into an invisible mirror with a point six feet in front of you.

Place the palms of your hands on the Imaginary Mirror. Focus your energy six feet in front of the mirror. Connect the energy from your Heart area, and each of your palms of your hands into a three pointed energy.

Direct all three points of energy at the point that is six feet in front of the mirror.

Notice that within the mirror itself there is a substance. Think of this substance as anti matter or dark matter. Anti matter is the opposite of matter. It is pre substance, it is spiritual substance. It is called dark matter because its frequency is beyond visible light, and yet it contains visible light within its spectrum.

When you look at your face in the glass of the mirror, you are only seeing your physical body.

Now look through the mirror and focus three feet on the other side of the mirror.

When you look through the mirror and look three feet beyond the mirror onto the other side of the mirror you are focusing on the point where your

divine opposite is- this is your spiritual body that exists in the Parallel Spiritual Universe.

This substance within the mirror has a magical quality. It allows you to walk into the mirror and through "no time" and to the other side where your spiritual self is standing.

Imagine your self walking into this mirror and allowing that substance inside of the mirror to translate your physical body into the spiritual substance that allows you to walk through the mirror.

Imagine this process of walking through the mirror in consciousness.

Next, create an imaginary mirror in front of you for the same purpose. Imagine this mirror having that same quality of the anti matter substance.

See the mirror in front of you and then draw a triangle in front of the mirror (the opposite side of the mirror from you) so that the points of the triangle meet six feet on the other side of the mirror from you.

That point where the sides of the triangle intersect is the point that you need to focus on when you take your consciousness through the mirror.

Focus so completely on that point three feet on the other side of the mirror that the separation between yourself and your spiritual self disappears.

You can also practice removing the space and time between yourself and your spiritual self by using the Candle Technique.

TECHNIQUE TWO

CANDLE TECHNIQUE

1. When you look at the Candle, imagine yourself standing inside of the

candle. Imagine your feet standing on the stem of the candle and the fire of the candle surrounding your body.

2. Imagine the mini body standing within the candle as your Spiritual Hologram. Look at the mini body in the candle until you can see the hologram's eyes looking into your eyes.

3. Realize that you truly do have the ability to walk through this mirror, which removes time and space, and allows you to become one with your spiritual self.

Standing inside of the Candle and walking through the atomic mirror utilize the same principle using light and sound frequencies to turn on photons in the body that react with the phonons in the DNA. This causes the DNA to transmute into a brand new reality. The body actually transforms into a plasma body of pre light and sound that exists within the physical body. Both bodies exist and can not be separated from each other.

This process is training your mind to remove the Veil that separates you from your Spiritual Self. This process is also training your mind to move into the Mind of God. The Dark Anti Matter is the Substance of the Mind of God. This is the substance that exists as you move into the Full Spectrum of Light, which is anti light or pre light and sound.

This magical substance transforms your Consciousness from one of separation into one of Oneness with all that you are.

When you move into this state of No Time, you are moving into your Frequency Specific Mid Brain.

The Frequencies of Infra Red create a negative of the picture that you want to develop. That anti matter frequency holds the ability to create the negative of a picture of your spiritual self. That infra red frequency weaves itself into the Visible Light Frequency to allow the hologram of your

spiritual body to appear three feet in front of you.

SEEING YOUR HOLOGRAM IN THE CANDLE

Go back to the CANDLE. See your hologram standing inside of the Candle. Realize that your spiritual hologram is standing inside of the full spectrum of light. These frequencies of light are transforming the DNA of your plasma hologram while it is standing in the light of the Candle.

Realize that the hologram of you is the Spiritual anti matter you. Whatever happens to your Hologram also happens to you. So, as your hologram is being saturated with the entire spectrum of light, it is transforming into the multidimensional Cosmic Body that is beyond time and space.

Your Physical Body reflects all that your Spiritual Hologram is. This is causing your physical body to transform, as the light frequencies turn on the photons in the body as they interact with the phonons in the DNA.

The more you connect into Oneness with your Hologram in the Candle, the more this Light Energy will penetrate your DNA and transform your body.

Practicing this Process of seeing your hologram in the Candle and seeing your Spiritual Self three feet in front of the mirror. This should be practiced at least three times a day. This process is shifting your Consciousness to remain in the Mid Brain continuously.

The process should be practiced until your Thinking Brain is placed in the state of a Trance or the state of hypnosis. We must remove the Thinking Brain Completely.

The only place that pain or disease can be created is in the Thinking Brain. That brain needs to be paralyzed and disconnected from your reality.

Moving into Anti Matter- the Mind of God

The process of walking through the mirror should be practiced until there is no light because you have moved consciousness into anti matter or dark matter, which is Spiritual Substance that the Mind of God is made of.

Practicing the process with the Candle helps you achieve this state of the Dark Room a little faster because you have a Light to work with. The light of the Candle should be the only light that is in the room. Everything else should turn black. This means you are in the Mind of God. You are in the Dark Room of Creation.

When you achieve this state of anti matter, your thinking brain should be totally silenced.

USING THE CANDLE TECHNIQUE

Now, we are going to draw a new diagram. Look at your Candle. Please use the video of the candle that is on the crystallmagicorchestra.com home page. Also use the diagram of the pyramid of light energy.

Draw a candle and then draw a triangle around it. The top of the triangle is the top of the candle. If you look at the pyramid of light frequencies, you will notice that the top of the candle has pink silver light frequencies. That is the frequency of the 14.5 dimension of heliotalic pastel energy. It is an energy that contains helium, gamma, plasma, x-ray, invisible light, and all of the other lower light frequencies. **THE HIGHEST FREQUENCY ALWAYS TRANSMUTES ALL LOWER FREQUENCIES INTO IT.**

That top point of the triangle, and the top point of the candle show us the place where the Cosmos-- the fifth sphere touches the Mind of God-- or the Source Field of Infinite Unknown potentials of REALITY. When the Merkaba spins together all of the five fields of energy within the Outer Sphere, it is doing the same thing that you see the Candle doing. The

Merkaba holds together all of those Frequencies of Light together and molds them into a form of reality. In this case the form is the Candle. The form can also be the Mental Light Body that is three feet around the Physical Body, or it can be the entire Cosmos around the body.

So, we see all of those light frequencies within the candle, and we see them within the upper part of the Merkaba.

Now, what did I tell you that you would need to do to begin to see the Candle Turn BLUE?

I said you must absorb all of the light frequencies of the candle into your body-- especially into your Mid Brain to make your brain become frequency specific.

Why do we do this?

The first step to returning to immortality is turn off the thinking brain because it will just keep telling you that you are going to die. When we move to the Mid Brain, it is frequency specific. It does not speak in languages. It speaks in the language of KNOWING. And you will not find Death in the Knowing.

So, that is why we are focusing on Melting the Brain away. We don't want to hear the thinking brain's opinions about death, disease, age, religions, or any of those piles of lies that have been accumulated into the cellular memory.

Now, you might have noticed that there is only the upper portion of the Merkaba drawn over the candle. The base of the triangle will be drawn through the stem of the Candle.

The Stem of the Candle is Hertzian. It is the third dimensional realm of the Five Senses that can be seen, touched and heard. That is much like our physical body.

So, now draw an image of your body as the stem of the candle. And think of the base of the triangle going through the heart chakra area, just like in the previous merkaba drawing.

Why do we only have the upper part of the merkaba? The upper part of the merkaba is the electro-- the Light Frequencies-- the Anti Particle.

Next, draw the body that is standing on the Earth, and find out where that bottom triangle would intersect the Crystal Heart area of the body that is now the stem of the candle.

The bottom part of the Merkaba is the Magnetic. It is the part of the energy spectrum that pulls the anti-particle LIGHT ENERGY- the Spiritual into the Physical.

And where does the intersection always happen?- At the Fifth Dimension. In the Soul-- in that 4,5,6 chakra area.

We learned how to walk into the candle, absorb the frequencies and see the candle turn blue.

When we see the candle turn blue, it means we have activated the Mid Brain-- the Frequency Specific Brain-- the Blue Brain.

We must do that first, or the Thinking brain will just continue to take center stage and tell you that you are going to die some day.

Now, go back to seeing the entire Cosmic Merkaba spinning around the entire candle and clear into the Cosmic Core Domain of the Earth, and see your body standing in the stem of the candle.

We must spin the electro-upper into the magnetic -lower part of the merkaba to turn the Hertzian Body-- our physical body (the one that only sees and believes the five senses) - into the Blue Body, that blasts out of

the prison of the FIVE SENSES into the Infinite Unknowns of all possibilities.

That Infinite Unknown comes from the KNOWINGNESS in all of those spheres. Those Spheres contain the Consciousness of all of our Plasma Families in the Cosmos, and the Starry Families of the Universes and all of the Galaxies in all of the Omniverses.

When we become the Fifth Dimensional Blue Body, we can tune in to all of those frequency channels of all of the information that has ever been known and that will ever be known. The Fifth Dimension is the HUB of all that is. It is the place where we can still be experiencing our creations in a tangible form that still has some density, but also contains all of the etheric density that must be created from the Intuition, the Knowing, the Imagination. It is the Invisible realities that we create in our Dreams.

What is different about this teaching of using the imagination and creating dreams, is that when the THINKING BRAIN IS TURNED OFF and the Frequency Specific Brain is turned on, we will realize that the DREAMS are the Reality and the Thinking brain is the ILLUSION.

The inner sphere would be the sphere that is around your fourth and fifth and sixth chakra area. That SOUL area now contains all of the Information that is contained in all of those other spheres of Consciousness. We have created a new Morphogenetic Field of Consciousness that contains all of the Light and Sound of the entire Cosmos, Universe, Galaxy into our NEW SOLAR REALITY. We now know that we hold this vast information that is flowing into the Frontal Lobe and into the Mid Brain and into the Lower Cerebellum and Medulla Oblangata in the back of the brain. The Mind of God connects from that point in the brain which also connects to the Soul Center out into that point at the top of the Candle and the top point of the Merkaba, That point connects to the Infinite Source of Energy and Information-- the Mind of God.

When we use the CANDLE LEVITATION DVD, we are learning how to

FLIP OUR BODY INTO IMMORTALITY. We are learning to walk into the Full Spectrum of Light- which is Source. We go completely into the Source Field, and then our body flips into a new reality. The new reality is the BLUE BODY. That is the Fifth Dimension. The Fifth Dimension means Multi Dimensionality. It means you are not within the Infinite Possibilities of Manifesting through the Mind of God and living in an Immortal Body inside of the Source Field.

When we continue to use the light in the candle, we are practicing walking through the full spectrum of light, which means the white room of the Mind of God. Once we walk through that diamond door in to the White Room and then turn around, our body becomes the blue body. Once we are in the Blue Body we can practice levitating because we actually move our bodies into a higher dimension that allows our body to be in a new standing wave pattern that does not contain gravity. Gravity is just an illusion or a part of the hologram that we think we are living in.

We can also practice moving beyond the hertzian frequencies where we hear physical words and tones into the infra red spectrum where we hear and see a reality that has actually turned into a NEGATIVE of the picture that we are developing in God's Mind. When we practice becoming the Digital Camera we begin seeing the Blue Hue around everything in our world and then we begin seeing the Violet Sphere that allows us to remove space and time and walk into it. We can also practice activities such as looking at a card and learning to see the back of the card actually rise up behind the card to allow us to See what numbers are on the back of the card. This would be Infra Red Vision.

After than we move from the Visible Light Spectrum into the Invisible Light Spectrum in order to begin seeing the Inner Earth and the Cloud Cities and Earth all morphing into one new Ascension Earth.

The Light Spectrum is held together by the Divine Love Frequencies spinning us into At One Ment with the Full Spectrum of Light of God. It is the outer band in the outer sphere of the Five Spheres of Dimensional Reality that holds the entire Cosmic Matrix together, and holds our body in

attunement within that reality field.

When we breathe the frequencies that spin the Universal Band into attunement with the Cosmic outer Band, we have breathed together all of the frequencies together so that they will rise up into the Source Frequencies.

When we bring together all of the Spheres of Dimensional Frequencies together through proper breathing and spinning of the Merkabas it makes the spheres Flip into the Mind of God. The Infinite Unknown is then flowing inside of you, and the rest of the physical body becomes DISOLVED or TRANSMUTED into the Mind of God. The outer band is the Holy Spirit. It is the Zero point that is flowing toward you and then into you and into every particle in you. You dissolve into the Mind of God when you dissolve into the Full Spectrum of Light of the Candle.

When you dissolve, you emerge as a HUE of Light. A BLUE HUE. You become the Ultra Violet Blue. Your old self has disappeared- dissolved- transmuted into the Mind of God to be re-born as the Fifth Dimensional Self which is the Multi Dimensional Self of all Dimensional Realities. This is the Self that will be allowed to travel through all Universes, create Star Systems, return home to Source, or just sleep in the Mind of God forever.

We access this God through this very specific process of transmuting into the Omni Particles of the Infinite Allness of the Source Field Energy. We open our boundaries into the infinite unknown. We learn to walk into the Void of Infinite Possibilities where we can create things that we have never imagined before.

There are many pieces to the process of Ascension. Each one of the pieces is a part of how we learn to tune out of the Five Senses and into the other Seven Senses.

We have been told that we must RAISE OUR FREQUENCIES. Most people don't know how to do that so we created Music that does it for you. The frequencies are created by taking Consciousness into the higher Harmonics Universes and blending them together in a certain way that creates Frequencies that allow us to Transmute our Bodies and our Realities beyond the Third Dimensional Five Senses.

We are learning that there are many more realities beyond the ones that we behold with the Five senses. That perception is only a very small part of the Full Spectrum of Light and Sound.

So, we created the Music to allow you to connect your consciousness into the Christic Consciousness of the 12th Dimension and the Cosmic Consciousness of the 14th Dimension, and then also out into the Pre Light and Sound Fields beyond those and then clear out into the NEW COSMAYA of the 13 Cosmos which connect to the Infinity of other Cosmos in the Source Field.

Now, you can begin enjoying the feeling of all of those other sound fields besides the Hertzian range of Audible Hearing. This means that this teaching does not come from the Solfege teachings. It comes from the Cosmic Mystery School of the Omniverse, which is beyond the Earth's Matrix and even beyond our old Cosmic Matrix. The Frequencies of this teaching come from the Grand Yanas of the Pre Light and Pre Sound creating a new reality from the Source Field of Infinite Consciousness.

We have also prepared for you a LEVITATION CANDLE DVD. This is a Visual of a Candle burning for one hour. As you look into the candle, you learn that the hertzian level of the Light Frequency is the lowest. It is actually where the stem of the candle is, because that is the spectrum that is tangible to all of the five senses. We can see the stem, touch the stem, smell the stem, taste the stem. We are actually living in that tangible frequency that is DENSE-it is SOLID- it is the physical reality that we conceive of.

The candle allows us to recognize that there are other levels of light and sound. Just above the stem there is infra red light. That is the light spectrum that the digital camera can see, but most of us haven't learned to see like the camera sees. The next level is the Visible Light that we think we are seeing. Above that is the Invisible Light where another reality lives within right here within the Visible Realm. And above that there is the x-ray field of light and then the Gamma, Plasma and Pink White Light.

When we use the diagrams that show the spectrum of light frequencies and where those frequencies are heard and felt in the brain area, we begin to realize that we haven't been using the part of the brain that tunes in to the Pink White Light of the Mind of God or even the Blue Frequency in the Mid Brain.

We can easily tune in to the Blue Frequency by walking into the Candle because the Blue Hue is the result of absorbing the full spectrum of Light. We can feel that frequency filling the Mid Brain and when that happens the old THINKING BRAIN stops analyzing all of the old ideas that have been placed in it over the past millions of years. The Mid Brain turns off the Thinking Brain and allows the Mind of God to take over the thought process.

When the Mind of God gets plugged in to the area at the top of the back bone and the bottom of the skull there is a frequency connection into the Seed Atom of our original creation and into the Vagus Nerve which controls all of the nerve centers in the body. So, you see, we can, in fact plug our bodies back into the Mind of God.

And when we achieve that Frequency connection in our bodies we gain the Eternal Life where the sixth level elementals are continuously re-programming the nano second rebirth of every cell in our body and transmitting correct information for the constant rebirth of all of the neuro structures of the body.

I go through that process in great detail in the ETERNAL LIFE WATERS

SET.

Now, that we are being given this gift of the Fifth Dimension, we will need to learn how to TUNE IN TO IT. We must raise our frequencies of hearing and seeing. The Frequency Music itself does this. It actually tunes you in to the Blue Hue which also tunes you in to fields of light that are in the Invisible Light Spectrum that you have never seen before.

You can build on this new ability of going beyond the Veil of the Senses by doing the Candle Process that is described in the CANDLE LEVITATION DVD.

TECHNIQUE THREE

READING THE BACK OF THE CARDS

Pick up a Card. Look at the card with the numbers on the back of the card facing away from you so you cannot see them.

Place your mind back into that state of consciousness that caused the room to turn black. Return to the Dark room of the Mind of God.

When you look at the card in this state, you are going to learn to see the numbers on the back of the card rise up above the card where you can see them.

The reason that this is going to happen is because when you are in the Mind of God you are in a frequency with out any electrons creating negative and positive charges. You have moved your consciousness beyond electrons into the pre light and sound of anti matter. This is where the frequency of the positron is created. The positron moves through physical surfaces as if they don't exist.

For instance, when the Sun sends a positron to the Earth, the positron saturates into the Earth and then moves through it into its Anti Particles.

You have learned to take your consciousness beyond the light into the pre light of creation. In the Mind of God all reality is in a sphere of 360 degrees. In this sphere you can see an entire sphere around you. You can see what is in back of you and in front of you at the same time.

When you look at the "playing card" cross eyed, and in this anti matter of the dark room, the card will seem to disappear and the numbers that are written on the back side of the card will rise up and turn around so that you can see them.

When you can train your consciousness to do this, you have crossed the Veil into the Mind of God.

The Master of the Ancient Mystery Schools could master this discipline by reading the backs of an entire deck of cards.

When you can read the back of the card, you will be ready to manifest any thing your heart desires instantly because you will be removed from space and time and you will be continuously in the Mind of God.

This is where you must be in order to manifest.

When you have mastered that discipline, you would be ready to begin the discipline of levitation and bi-location on this planet. This also opens the veil for continuous communication with anyone in the universe.

REVERSING THE PICTURE

The Hologram of the Spiritual Body is a Negative because it is in the Anti Particle Universe. In order to make the Spiritual Body turn around and look into your eyes you need to use this Infra Red Frequency that creates the negative of the negative and makes it into a positive. The Anti Matter is like a Photo Development Lab.

There is nothing more important in the Ascension Process than becoming One with your Spiritual Self by walking through the Veil of Anti Matter into the Cosmic Soup of transformation and into the White Light of the original Source of Creation.

The preparation for the Course in Manifestation would be the background knowledge that was in the last two workshops that were given. Those were the Ascension Program and the Manifestation Workshop.

If you would like to catch up on the information from those workshops, you should at least read

12DNA Music of the Spheres, Ascension Program from the Diary of the Cosmic Twins

<https://www.createspace.com/5202011>

, and the Quantum Science of Manifestation and Ascension.

http://store.kagi.com/cgi-bin/store.cgi?storeID=6FGAR_LIVE&page=QUANTUM_SCIENCE_INSTANT_MANIFESTATION&lang=en

THE PROCESS OF DEATH AND HOW TO REMOVE IT FOREVER

The process of death includes the three items that you just learned how to remove in the three techniques.

When you die, the secondary consciousness gets unplugged, the soul

leaves the body and then the body becomes the infra red body.

The techniques teach you how to plug the secondary consciousness in to the neuronets of the body so that they cannot be unplugged. The body becomes one with the infra red body, so when the soul wants to leave, you are already in your infra red body. And third, your soul will not want to leave the body because you have plugged into the Excitement of Experience without condition as long as you remain in the Frequency Specific Mid Brain.

CHAPTER ONE

WHY AREN'T YOU MANIFESTING YOUR HEART'S DESIRES?

The worst thing that can happen to you is for you to think that you just can't seem to manifest and yet you think you are doing it correctly and you just keep doing it in the same old way and it just never works. After you know the reasons that you are not manifesting your heart's desires every moment of every day, you can begin to remove those reasons.

Now you have a choice to continue doing it the way you have been or look at the reasons why your method might not be working for you.

One fine morning you are going to create the image of your desire without any conditions. This will happen because your focus is crystal clear. You will be completely disconnected from the Thinking Brain and you will be completely present in the Feeling of the Highest Frequency.

There will be nothing besides you, and every omnion in your body, every neuronet in your body, all of the DNA in your body, and the entire sphere

of consciousness 8 meters around your body being will be filled with the omnipresence of the Mind of God.

You will be in the Mind of God when you are in the Patience of no time in your Psychic Brain which is your Mid Brain- Pineal and Pituitary glands functioning as the Movie Camera that creates that desire and creates it through the webs of light and sound in all dimensional realities simultaneously.

You will learn to wake up each morning and create the exact reality that you desire. The reality can be anything that you want. There are no limitations in the Kingdom of Heaven.

Why is it so absolutely imperative to learn to Make God's Movie before Fall 2016? Because this is the moment that there will be enough Light in the Crystalline Grids to allow those who are living in the Light to Shift completely out of the World of Emotions.

The Crystalline Grids have been accumulating emotions from everyone on Earth for the past several millions of years. Now, with the help of our Guardians and Star Families, the Light is being returned to the Grids. Once there is more Light than there is Emotion, the entire Consciousness of the World will shift.

However, each individual will have some amount of the Emotions left within them. The amount of emotions left within them will be the amount of connection that they still have to their Thinking Brain.

Those who have moved into their Psychic Brain will be completely tuned into the Light. Those who are still tuned in to the Emotions will be living on an island by themselves because that Reality will no longer be on the Movie Screen of those who have moved into the Light of the Grids.

When the Grids were full of emotions, man was metallic or Carbon Based.

Now, when the Grids are full of Light, man will become the Golden man or the Stardust based man. This Stardust is the 12th dimensional consciousness or the Universal Consciousness of the new Universe.

The human being will still be the form that contains the density of the hertzian frequencies; however, the complete light spectrum will also be present within them. They will become a being of Light rather than a being of Emotions.

That is what a Fifth Dimensional Being is. A being who is living in the Consciousness of the Full Spectrum of Light and Sound or the Mind of God where the Omnipresence of Light Energy saturates the Cells, the Nueronets, the DNA with the Unconditional Love of Instant Manifestation.

Those who have learned to shift their minds into the Light and out of the Emotions by learning to maintain Focus within the Mind of Patience where there is no time or space will completely shift into the LIGHT of the Crystalline Grids and become free from the Mortal Mind.

The years 2015-2017 will produce a more and more accelerated energy state that will allow manifetsation to occur faster and faster at wha tevery energy state that you are in.

If you are in the energy state of emotions, those emotions from the neo cortex cellular memory will continue to produce more and more of the emotional dreams from the old realities of the old Earth.

If you are in the energy state of light in the psychic brain through the blue hue and transmutation and in alignment with the Light in the Crystalline Grids rather than the Emotions in the Crystalline Grids you will manifest desires through that light energy faster and faster.

This is why there will be more and more events arising that are completely emotional and conditional in nature that push conditionality to the highest

level.

At the same time there will be those who are living in the Light energy who are creating more and more manifestations of the realities of peace and love and supply that they desire.

WHY CAN'T I MANIFEST ANYTHING?

Why isn't this happening? Because we keep processing the film through the judgement of the Thinking Brain. How often do you use your Judgement? Everytime you think there is a mis spelled word in this article. Everytime you tell me that you can't read my article because the spacing is incorrect. Everytime you think that this process is too difficult to learn. Everytime you think that there should be a simple step by step list to follow. Every time you search for the name of a song. Every time you want to know which one is best for you.

Do you see how all of these things involve judgement? This is judgement in a different form that fools you into believing that you are not spending your days in your judgement brain. Having thoughts about the value of my music. Having thoughts about deciding when you can afford to do something. Having thoughts that have anything to do with physical phenomena and how it relates to anything else is a judgment.

You do it all of the time. It is the curse of our Neo Cortex. It is the process of thinking that was placed within us so eventually we would get so sick and tired of it that we would return to the Mind of God.

But, if you prefer the world of judgement, you don't have to leave. We are always given this choice of freedom.

The Mid Brain sends and receives frequencies of consciousness that are purely detached from conditions and judgements. The state of hypnosis is

the state of ISNESS. I'm not talking about the way hypnotists use hypnosis. Most hypnotists are not separated from the neo cortex at all.

The energy and trance field of the mid brain is much more dramatic and powerful than the thinking brain or neo cortex.

When you move yourself in to the frequency state of the pure thought, the pure desire, you will move into the trance of that thought several times a day.

When we move into the hypnotic trance, we move out of emotion and into the light and sound of pure clarity of the highest frequency. We must move out of emotion and out of judgement and out of the thinking brain. We must move into the light- the frequency, the sound of pure patience, the highest frequency of pre light and pre sound. The place where the picture is developed. The place we take our consciousness when we see and feel the Sun turn blue because we pulled our consciousness through the light and over to the other side of the light spectrum.

When we move out of emotions and into the clarity and focus of the trance, we are then in the state of patience.

Once we arrive in the state of patience, we can manifest our heart's desires instantly. When we send the desire in its purity and clarity in the state of patience, the idea is received instantly. The moment the idea is received by Divine Mind, it is instantly created, manifested and projected on the movie screen. this is how we MAKE GOD's MOVIE.

Why do we need to move into the Tance State of Patience? Because we must be removed from the Loop of Time in order to manifest. Time is not a Reality in the Land of Manifestation. When we are in patience- time stands still - it stops. We might be in the state of patience for a minute, or an hour or a decade, because there is no measurement of time in this spectrum of

light.

We must move into the new time where all things exist simultaneously. We are actually shifted into the no time where the desire already exists.

It doesn't matter how outrageous your desire or dream is. All things are possible in the Mind of God. All realities already exist. There isn't one reality that is more difficult to receive than another. The only difference is whether the creator of the desire remains in the state of patience and does not create limitations on the outrageous desire while maintaining focus within the trance.

The limitations are added when time, space, events, people are added to the dream. Why? Because all of those things require TIME and time does not exist in the place we go to manifest.

Before we can begin the process of manifestation, we must be in the trance state of no time where there are no people, no things, no events included in the desired manifestation. We must be in the Outrageous No Time of the Land of AWE in order to live in the continuous state of instant manifestation of every desire.

This brings us back to the Rule of Let Go and Let God. Many think that we should just remove ourselves from our lives and allow God to make all of the decisions. Well, this is true. However, most people are always making the decisions in their thinking brain and then thinking about what it was that God did.

And that also leads us back to the rule that says when we manifest we must be willing to let God manifest it the way he wants to. Well, that isn't exactly correct. If the person doesn't know that they must move out of the thinking brain and into the dream state of patience to be within the Mind of God who does the manifestation, the person is just going to think that

what ever happens the next day was the way God wanted it to be. That way of thinking has absolutely nothing to do with manifestation through the Mind of God.

The manifestation will be exactly what you desire. It is not like God will only give you what you need and not what you want. The fact is God is going to give you your desire in a form that is so far beyond what you imagined it to be that you will be in awe. So, just know that this is true and live in the gratitude of knowing that God knows your desires and will create them in the twinkling of an eye.

Those who read some metaphysical books to help clear their minds and then begin thinking about the way they would like the day to unfold is a beginning step in understanding how to get to this place of instant manifestation. But, it is only the first step.

It is always necessary to begin each day by creating your day in the loftiness and splendor of divine expectations of the most outrageously glorious events that could possibly take place. You might align your mind into this creation by reading some metaphysical books by Joel Goldsmith. The metaphysical books do have the potential of helping bring you into the trance like state. However, they also include explanations that can lead to conditions which can lead to judgments which put us right back in the thinking brain again.

My rule when I read Goldsmith's books is to look for the passages that are in italics because those were the original channeled messages. The rest of the book is talking about the channeled message. The talking about something gets us back into the neo cortex.

Of course, this is true of this book as well. There is a lot of thinking and judgment that goes on as we figure out how to do the manifestation process. So, go through and figure it out, think about it, outline it and then

put away the thinking brain while you gaze at the Sun.

Your only responsibility to be in the Highest Frequencies when you create your desire. Move into the frequencies using the Sun or the Candle or other techniques that work for you. However, make sure you are in the Highest Frequencies.

There is a technique that is used by New Agers that is called a stair step where you create the feeling that you are taking little steps upward first with the right side of the brain and then the left and then the right. This is a part of that old belief that you can break up the polarity of the neo cortex loop by doing this.

The only thing that happens when you move into the right side for a moment and then the left side for a moment is an old education trick that makes you think you are more creative when you are on the right side of the brain and more logical when you are on the left side of the brain. Neither one of those realities has anything to do with moving into the Mind of God or into the Highest Frequency of Light and Sound.

But, if you want to continue using those old techniques it is o.k.

TRANCE SENDING STATE OF TRANSCENDENCE

Regardless of the claims made about the chronically diseased state of the body by the medical professionals, the truth is that when the picture of the perfect, ageless, whole body is held in Patience, there will be a Spontaneous Remission or Instant Healing of the body. The body will become the reflection or image and likeness of the picture held in the Mid Brain. New images can be sent and received in an instant to replace the old claim, that is the way the divine program works.

We have a built in wish machine that we are all born with. We can have a

perfect body. We can have instant healing. All we have to do is become the Master of the Formula of Patience.

Transformation occurs through mental and physical Transcendence. Trance-Sending that takes one out of the Physical and into the Spiritual Body and then returns the de-polarization of the spiritual and physical so that they become one.

We must learn to move into the realm of the remarkable. We must learn to awaken each morning into the loftiness of infinite and instant manifestation. We must learn to do the same great works as Jesus Christ (Jeshuwa ben Joseph) and all of the other Masters from the Mystery Schools and the Far East who were taught to do these works and who have lived within higher dimensional fields of the Earth for millions of years.

We are being given the exact same formula that Jesus used. Jesus did his work when he lived in the world of third density. Now, it is time for us to do the greater works than he did in the fourth density. The works will be much Greater and there will be a million times more Masters on Earth performing these works than during the time of Jesus and his Disciples left their footprints.

We will learn to feel loftiness, liberation, and the sovereignty of the normal life of a Master. However, the first steps of transition into this life style that allows us to do the work is a great amount of work to do. Most people are not accustomed to having to work this hard in order to learn something. This mastership of the old ways of life require a great learning process. It isn't easy because we have been programmed to live in a way that is completely opposite from this new way.

An individual's reality is a reflection of what they think. We think images and movies that we didn't even want in our reality. There is no law that

says we have to do that. However, when we place ourselves in the Thinking Brain, we are automatically in the Loop of Judgment that the vesica pisces loop in the neo cortex creates. This loop only allows us to re make the old reality over and over again with even more judgment looped into each time.

We can only create our desired reality when we move out of the old house of images that we Think are the only reality and world that exists.

It is time to learn that there are infinite realities to choose from. We can move into a new version of reality each time we have a desire. We no longer need to be stuck in the infinite loop of mediocrity.

This is not the only world that exists. There are infinite parallel realities created by each one of us that reflect the desires that we have placed within them. We do not need to share our reality field with others who do not share our desires.

The move is very short. It is the move from the neo cortex down to the mid brain. All we have to do is move few inches in order to change the world.

We must learn to spend more time in the hypnotic trance of the mid brain than in the Thinking Brain until the Thinking Brain finally stops its loop of judgment.

When we can learn to maintain a state of high hypnotic ability, we can manipulate the body out of disease and into radiant health.

We can create a miraculous life of perfect health, instant manifestation and dreams come true when we master the art of patience in the state of hypnosis.

Everyone has the ability to master this art of healing and manifestation of anything including Eternal life.

The only reason that the masses of the world will not become interested in this tool of manipulating reality is because they are so hung up on their own ego and personality within their neo cortex. They believe that the development of the brain to hold all of the data of the textbooks and science books that give them their high scores on their SATS, GATS and IQ's and the amount of language and math formulas they can accumulate equate mastery. They will continue to believe that is true for another generation or two until they realize that the rest of us create whatever we want without going to school.

CHAPTER TWO

REMOVING THE DEATH SENTENCE

Dr. Angela Barnett

Crystal Magic Orchestra.com

What is Shifting?

What is Eternal Life?

What is Ascension?

How do we ride on space ships?

How do I stay in the body and move to the next body all at the same time?

We are moving into a time where many people on Earth will be creating a new version of reality.

The reality will depend on how often they create their reality from their old neuronet, that is woven through their neo cortex Thinking Brain that just keeps re making old realities into emotions that must be turned into light and transformed: and, how often they create their reality from their new neuronet that is woven through the frequency specific mid brain into the secondary consciousness, that creates reality from the infinite unknown source of instant manifestation.

Those of you who are working with the techniques in the Course on Manifestation are learning how to move into the Host Body. That would be where your Soul goes when you die. However, you already know how to merge into oneness with your host body, so your Soul will have no need to leave your body, so you can not die.

You have been given the technique of Trancing out into your Mid Brain and moving into the Secondary Consciousness when you go to sleep. This means you can no longer be un plugged from your Secondary Consciousness because you have already plugged it into your neuronets.

Everyone has a choice. They can just continue living the way they are or they can transform the process of their life style.

In the new version of reality, every time an old emotion arises, it will be taken up into the plasma light of the 8th dimensional sun energy and melted into a new light energy.

Those who choose to do this with their emotions will be keeping their energy for eternal life, those who do not OWN THEIR EMOTIONS, will be leaking their energy, so that they do not have the light energy needed for eternal life.

Imagine a car. It has an engine. It runs on gas. The gas is creating energy and then when it is used up it creates exhaust fumes. In the body, those

exhaust fumes would be the energy of the body leaking out. In the car, there must be more gas poured in. In the body, there needs to be new food put in the body because it leaked out old emotional energy.

Now, imagine there is this car that runs on an energy that immediately keeps remaking itself by turning the plasma into the pre plasma of a vapor substance that is then densified into more plasma and the car runs forever.

This is exactly what we do with the body. We can now begin to run on the plasma body. That is the spiritual body that we don't see now, but we can learn to see it. We can see that body and move into it by using the atomic mirror technique.

If we practice doing this now, we don't have to die in order to do it. If we learn how to move into this infinite supply of plasma and pre plasma now, we don't need to become vaporized when we die.

This is what happens when we die.

First, the secondary consciousness unplugs itself from the body, which also unplugs the neo cortex, so the brain flat lines.

This causes the Infra Red body which is the Blue Body or Plasma Body to appear.

The Soul turns into vapor and moves out the top of the head and then moves to the ceiling and looks down at the body.

It looks down at the body and decides if there is any reason to return to the body.

The soul can return to the body at any time. It can be a few minutes later, or even several weeks later, if it chooses to.

I know this is true, because I watched my husband's soul return to his body more than a month after it had left his body.

The soul decides if the body is searching for a new experience.

In the case of my husband, his consciousness was busy flying through the cosmos looking for experiences in every doorway. He was so busy looking for excitement through inner experiences, that his soul stood by and waited for him to return to his body by bringing his secondary consciousness back from the infra red into the hertzian body.

This was one of the first examples of how the process of dying has been changed.

In a normal death, the secondary consciousness leaves, and then the soul leaves as a cloud of vapor and rises through the top of the head and moves into the infra red body.

However, if we have already moved into the infra red plasma host body by practicing the atomic mirror technique,

--And we have already plugged into the secondary consciousness by activating the frequency specific mid brain and plugging into the violet brain in the lower cerebellum, and plugged into the waves of the brain that allow the violet brain to journey into the cosmos at night and to return safely with new memories that plug your neuronet into a new reality,

--And, if we begin to communicate with our Soul in order to inform it that we have already chosen to move into a continuous new Experience that is Unconditional,

When we can prove that is True to our Soul, then and only then, can

There be no more death.

If we program this reality into our neuronets and into our Soul now, the process of death can be de-programmed from the Soul.

If this process is completed now, the Soul will not leave the body, because it knows it is already in the Infra Red Body and it knows that all of your experiences are coming from the unconditional love of the mid brain.

The Soul no longer sees your body as a place that has run out of experiences and leaked out all of its emotions. The Soul sees a body that has owned all of the emotions into a knowingness of light energy and transformed the emotions into new light energy.

When the Soul sees this happening in the body, it will never leave.

When the body is transformed into the infra red host body, it can continue to live as a Christ walking on the Earth for thousands of years.

When we learn to move into our plasma host body, plug into the secondary consciousness and trance out, we can then float out the window at night and be taken onto space ships.

After we practice doing this during our sleeping hours enough times to create a path in consciousness, our bodies can transform into the stardust that rides in the Blue Plasma Body on to the Space ship.

My husband needed to do this in order for the Sirians to re plug is new plasma body back into his hertzian body that could remain on Earth and also orb back on to the ship in the future.

THE FINAL ASSIGNMENT OF the COURSE IN MANIFESTATION is to explain how you have prepared your secondary consciousness, your mid brain, your soul and your plasma host to become de programmed from the process of DEATH.

CHAPTER 3

REPROGRAMMING THE BRAIN

Crystalai

Crystal Magic Orchestra.com

We have bands of light around us that have been called the spheres - the five spheres- the music of the spheres. These are bands within bands within bands or spheres within spheres. Each band or sphere holds a different wave length and frequency. The higher frequencies are the outer bands and the lower frequencies are the inner bands.

We have these bands within cells, within our bodies, around our bodies, around our atmosphere and clear around us in the cosmic sphere of about one hundred feet diameter. Outside of the cosmic sphere is the Source field of pre sound and light energy.

These five sets of spheres are replicated from the inside to the outside.

There are five fields of energy replicated over and over again - the energy fields of the planetary would be the hertzian and infra red and visible light, because that is what we experience.

The solar realm would include the invisible light and x ray that allows the blue body to be seen. The galactic realm is made of gamma rays and then we go clear out into the white light and pink white light of the Universal sphere. Finally we go out into the pre sound and pre light of pure invisibility.

All of these bands of frequencies exist within our cells, within our bodies and then within the merkabas that activate the at one ment with the liquid light energy of Source Consciousness bringing the attunement of all of these spheres into a reality activation.

When we focus our energy of consciousness within these bands in order

to activate the outer band that will transmute the inner bands into a higher level of frequencies and less density. When we do this we change the atmosphere around us. When we activate crystal liquid light energy we are changing the water content of the atmosphere to bring in more and more hydrolaise around us and into our bodies. The water body is the magical form that our guardian races take on in order to visit us.

In order to convince our bodies to start reaching these levels of activation and understanding we must melt away the old ideas in the upper cerebellum - the mortal mind - we will call the yellow brain because yellow here will represent third dimensional understanding. We have a part of our brain that utilizes blue brain understanding or fifth dimensional frequencies. That takes place in the mid brain area.

We must teach our old brain new tricks. As long as the yellow brain is in charge, nothing is going to change in our lifetime. If we want to change into the light spectrum of eternal life, instant manifestation, co-creation, turning into light, we must use the blue brain - the mid brain.

It is the same process that we had to use in intercultural communication training. In order for a person from one culture to understand what the person from the other culture was doing or saying, the visiting person had to go through a complete restructuring of the brain. This is called going through culture shock. It is a very exhausting and painful experience that causes many people to go crazy.

What we learned from culture shock syndrome was you don't even realize you are going through culture shock until you return to your home. At that time you start seeing things that you never realized existed before. The same thing is true when we go to the blue brain and then return to the yellow brain. We realize that there are things out there that we didn't realize existed before.

When we lived in foreign countries we noticed that in some third world countries where there had never been any foreigners for centuries, most

of the people actually could not see us. They would always run into us, even if there was absolutely plenty of room to walk around us. We would play dodge ball with walkers on the street to see if we could keep from them running into us. We later learned that when we would talk directly to these people they still couldn't see us.

This is what is happening now on Earth on a large dimensional scale. There are entities here standing right in front of us that we don't see yet. Some of them are doing things to try to get our attention. We have to get out of the yellow brain and into the blue brain in order to start seeing things from their point of view.

When we walk into the candle light at the invisible light area and turn around, we are actually walking into our Host Body of Plasma. This is exactly like walking into the Sun. We walk into that invisible infra red frequency and turn around into the visible light frequency to ignite the spark of source. This process is also taking place at the outer sphere where the Cosmos meets the Infinite Unknown Spark of Source. When that spark is ignited the new idea is born in the Ultra Violet Blue realm of Consciousness. When we stand on the stem of the Candle, we are standing on the place where the Spark of Source is ignited. This is the place where the Flame ignited a new idea. And instantly, the entire Flame of the Full Spectrum of Light or the Entire Consciousness of Source engulfs and surrounds the idea. The new idea is immediately given birth into the complete Mind of God. When we walk back out of the candle, we can see the blue light spectrum within the candle's light and we can see blue spheres surrounding the Candle. This is because we flipped our consciousness from the visible light into the invisible light spectrum. We began to see the Invisible as easily as we see the Visible. This means we have made contact with the other side. If we can train our consciousness to hold on to that blue light spectrum long enough, we can begin manifesting the new reality that we aren't seeing yet.

This is exactly what happens in the Music of the Spheres. Each time we take a Note from the Visible light spectrum and draw it together into the

opposite side of the spectrum of the note on the Invisible light spectrum, the two flames of the opposite spectrums ignite a flame and create a new frequency. This is happening continuously within the spheres of the spheres of the spheres of the Music of the Spheres.

Increasing the frequency in our bands changes the atmosphere around us.

The upper cerebellum - mortal mind, or third dimensional yellow brain in this life -personality. When this information can be taught to the yellow brain - the personality, the you, the ego you, to reprogram resistance points in the yellow brain - the personality of just this life time. If we can get to the point of understanding this so well that we can write it -- show it in diagrams --- explain it to anyone --- explain zero point energy and how the fabric of space came into being.

When we understand how particles came into being from gamma clear down to hertzian then we have an understanding of unknown, secret knowledge.

The more you explain it -- the more it is getting into the yellow brain -- the more we address the resistance - the easier the flow.

All true knowledge comes first from mid brain. It is frequency specific. The mid brain can access the 5D blue body. The blue body can become a reality for a time taken from frequencies into mid brain and then created into a picture by the electromagnetic fingers of the [reptilian](#) brain. However, the yellow brain has its electromagnetic fingers in so many other sets of processing , that the image of the blue body is erased almost immediately.

The yellow brain erases anything that it has a reaction to. It reacts to any new information coming in that it isn't familiar with. The yellow brain fires toxic poisons energy of negative reaction when it receives information that is new or different.

But, when we can reeducate the yellow brain to completely understand this new information of the new frequencies of new information, the new

higher frequencies can begin to melt away the old ideas that are lodged within the yellow brain of that personality that came from belief systems. We must conquer this resistance.

When the frequency is received through the mid brain, it is the yellow brain that must process this idea through the recess of background knowledge that it has. If it doesn't have the back ground knowledge of how everything was created from the breath of source, igniting a spark to form an idea into the atmosphere, the sky, the stardust to form the realities we live within from the Omni particle of all creation, the yellow brain cannot process the information that it receives from the mid brains frequencies.

If the yellow brain can make the pictures while we create a dynamic inner force field and an outer force field. That is how consciousness and energy create reality. To move energy up and to activate the frequency bands, first we must understand the frequency bands. The music of the spheres. The frequency waves of the hertzian level of this earth, the infra red of the parallel earth, the visible and invisible light spectrums, the ultra violet blue body that we have been many times before, the x-ray band that allows all light to stream into the sound bands and create the soup of heaven, the gamma waves that connect our wave bands, to our highest light of Source.

We must understand how our soul has returned to this 6th dimensional realm of the blue body thousands of times and how it has remained there for many lifetimes in between. We must have the background knowledge before our yellow brain -personality will allow these frequencies to be help permanently in the neuronet and then allow the body to turn into 6th dimensional blue body which contains the mind of god, which contains immortality, which continues co-creating.

These are just all words that are immediately misunderstood and then dissolved by the yellow brain and then replaced by former old school

knowledge that was formerly placed in the yellow brain - upper cerebellum, until the yellow brain has spent enough time experiencing Aquafaria, the life style of the immortals who live in the Blue realm and the actual frequencies of this glorious heavenly realm.

Crystalai and aDolphino spend all of their days and nights in this magnificent blue body realm. We breathe it into our atmosphere. We live in Aquafaria in our Lucid Dreams. We allow our Aquafaria families to swim through the neuronets of our chromosomes in order to create our 12 DNA that links us to this world permanently.

At Crystal Magic Orchestra.com, we provide the tools the frequency signatures, the wave bands, the music of the spheres, the codes of manifestation, the visual and frequency journeys into Aquafaria, the tools for lucid dreaming. We provide everything needed to remove all resistance from the yellow brain and to create a brand new back ground knowledge for the yellow brain to process information from when it receives the frequency signatures of the ultra violet blue light from our glorious 6th dimensional realm of immortality.

We were given this extremely valuable message from Mother Mary and Cinderella our cosmic mothers of co-creation.

We asked them when we can move to Aquafaria continuously.

They answered this way. When we are consciously in Aquafaria more than we are in our third dimensional reality. We will be in the 6th.

They added this important fact. They said we will not move to Aquafaria, we will move Aquafaria to Earth. The Healing of Temples of Aquafaria will move to Earth in 2017.

This is exactly what we are doing every minute of every day. We are spending more and more time in our Aquafaria home absorbing the frequencies of this sixth dimensional realm and learning everything there

is to know about it. This is the realm where there are millions of elementals show us how to redesign our bodies into the omni particles of our original creation from the breath of god. These breaths of Source frequencies are breathed in to our etheric chromosomes to realign our DNA at the omni level into a New Form of consciousness.

The bands look for this inform in the frontal lobe.

The personality is on its own feed back loop. Put the picture in the frontal lobe. Hold it. Wind the bands up into the highest frequency of zero point. Fill all of the body with higher frequency mass. We take the frequency load from within. We load the frequency higher and higher. The omni has frequency fields, they sure textured realities. They are frequency signatures of entities consciousness, dimensional levels, sixth dimensional blue body consciousness field. They are particles realities they all have a frequency signature and code. When we put the picture in our brain. We create a picture that represents the code.

The picture form. The observed red - the yellow brain - opens up the picture because the picture has been translated into frequency. So, I can see Aquafaria because I first make it a reality strong enough in my yellow brain. That the yellow brain would not resist it and erase it.

Second, I become so familiar with the frequency of the ultra violet blue Aquafarian Reality that knew it as on frequency signature as well as all of the many individual frequency signatures that exist within this reality. I become familiar with the frequency signature of all of the family of consciousness of my Aquafarian family, and the atmosphere and frequencies of the crystals, the water, the temples, the mansions, etc.

I become familiar with their frequencies of transformation that allowed them to change form from dolphins to mermaids, to fairies to stardust and to create rainbows from light and sound. I become so familiar with that tone of home that it became my own breath of consciousness.

I breathe these frequency signatures into the CD's in the Ascension Kit,

Cosmic Kits, Family Kit and Super Frequency Kit. The Cosmic Kit contains songs sung by my Aquafarian Family that describe their Reality in their own words. The song, All is Love from Magic Dolphin describes the way of thinking of this reality the best. The Super Frequencies in Ultra Violet Sun are extremely important to feeling and understanding the Blue Body that exists within the realms of the Sun Alcyone, Aquarius and Aquafaria.

Each set of frequency signatures is a separate aspect of the entire Cosmic Realm of Angelic Consciousness being woven into my breath from my frequency bands after my wave bands have absorbed the frequencies of Aquafaria.

Each frequency begins its journey from my connection into the zero point of Source Consciousness. Where the Omni particles of all creations is breathed into the Spark of Source and ignited into a Flame to create a rainbow flame of energy to create anew reality from.

That spark of Source is ignited from within the crystal heart of each cell in the body . The zero point of each cell in the body contains that spark of Source. That Omni particle that created each soul on earth. That same spark of source created the omni particles or stardust, rainbow, galaxies and universes.

When that spark of Source is breathed into the bands of light and energy to create the music of the spheres, that breath of Source raises the frequencies of the entire mass of the body. The body becomes lighter and lighter until it levitates, walks through walls and disappears.

That doesn't mean that you are no longer here. That means that you have allowed your blue body frequency to transform the yellow brain. The personality has become a believer because it understands it feels, it knows the reality of this frequency of Source, the frequency of Cosmic Consciousness, the Frequency of the Aquafarian Blue Body.

The Music of The Spheres can be heard within the body as a humming

singing sound of light whistling through every cell in the body. It is felt as a light feeling of invisibility and weightlessness.

The mind must be re-trained to see, know and feel this new reality. The yellow brain hates NEW REALITIES. The Yellow Brain must understand the reality go Cosmic Consciousness, angelic breaths of reality. The yellow brain must first believe that there is a Blue Body an Aquafarian Reality that swims within our etheric DNA.

These are the realities that we are helping those who desire to experience those realities experience and create into their own reality of a sixth dimensional blue body living and moving and breathing on Earth.

This reality is frequency specific. This reality of the sixth dimensional Aquafarian realm of consciousness lives deep within the heart of Mother Earth and deep within the chromosomes of our DNA. These are the frequencies that already exist inside of us as the Omni particle-the star see-the etheric frequency of our sixth dimensional substance.

This spiritual substance is flowing through our DNA as an ultra violet blue liquid light that allows all light from the gamma waves of Sun Alcyone and all Suns of Co-creation flow through our veins. This is the wave band that allows our immortality.

When we become the Lords of our own Yellow Brain personality who inform it of the Blue Reality that exists within us, we have regained the harmonic convergence into the Mind of God. We connect into the Multi Dimensional Mind of God to find we are free to live in all realities simultaneously.

Our bodies are made of bands of light energy. These light bands are anchored in every cell, every chromosome, every muscle, every blood particle. These bands are at every level.

These bands are inside of the body and outside of the body. The 12th dimension light band is 12 inches above the head and 12 inches below the feet. This Christ Consciousness band or grid connects us into the

Christ Consciousness of Mother Earth. This Christ Grid is also out in our atmosphere. When we connect our consciousness into this Christ Grid that is a band love light and wave frequency we can wrap our bodies in this 12th dimensional zone of protection and immortality.

We can also create a mini-me of thief same reality by placing a mini me of your self inside of your Soul. The soul is a sphere of crystal light nervy that sets right next to and behind the physical heart area. We call this the crystal heart area to remove confusion from what many think of as the soul. The soul is a sphere that weighs 13 ounces and sits inside of the body. The soul has made many journeys to the 6th dimensional blue realm where it goes through a light review of all light experiences it has in the body each journey before leaving the body at death.

The Soul together with the Mid Brain to record all experiences as frequencies. All experiences are either higher frequencies of contractions from the high frequencies.

It is the Souls greatest desire to remove all contractions from its light review.

This is what is taking place in the wonderful realm of Aquafaria. The sixth dimensional realm where the Soul returns to after death is continuously trying to implant this glorious perfect realm where there are no contractions from the high frequency bands. When all of the contractions are removed which were caused by the yellow brain personality, who continuously experiences the third dimensional belief systems, then and only then can the soul feel it has completed its journey.

This life time on Earth the soul is being given the opportunity to connect its light and bands into Aquafaria while in the body and clear all of the contractions out of ties frequency signature so as to enjoy this sixth dimensional blue body inside of and throughout the body .

The body would transform into the blue body of the Aquafarian frequency signature.

This delightful, joyful, creative realm of frequency signatures that are woven into the highest realms of angelic consciousness through the

neuronets of this body raise the consciousness fields of the body into a new light body connected fully into the physical body to create a new immortal template for the blue body.

The inner band is a result of all that has made us into a community of signatures presence made from within to without. When we put this picture up here in the frontal lobe that is all we need to do. The sub consciousness- the observer, holds it, can translate the picture into frequency.

Putting the knowledge and the image into the frontal lobe while the seals are intact energy is stationed in the lower seals are defining the personality and the tour de force of the yellow basins are equal. The sensual areas in which the brain defines all that is placed in the body includes what food is , how to disgust it, what qualities it has.. This same yellow basin that is defining our life and telling our body what will make it well or what will kill it, how our days are numbered, that yellow brain. The areas of absolute polarity who you are in a personality. If you place a picture of Blue Body in your frontal lobe. That picture will be eaten up by the yellow brain only tolerating it for so long yellow brain must be transmuted and dissolved into higher frequency waves. The human is divine, but is only being allowed to work upon the old karma of emotion that was never brought to wisdom.

That is why the Soul returned to Earth because the old karma was never given the wisdom that would allow it to connect to the Blue Body, Aquafaria and never given the knowledge to connect to the multi dimension mind of god.

The soul must be able to process this wisdom while in this body. to remove the death sentence that is given to it by the yellow brain of carnal knowledge, the knowledge given to it by the world.

How does the brain use this great power of frequency?

A mechanism in which to apply to disturb to erupt and make volatile. This

energy so that it is a displacement that creates a disconnect in the brain itself.

Rituals are repatriations of daily procedure.

They are the daily structures of how your day will be produced, including how you get up, how you brush your teeth, eat your breakfast.

These are all of the things that are programmed into your THINKING BRAIN.

You can do these things in your sleep because they are PROGRAMMED into your Brain.

If you try to change something that you have programmed into your Neo Cortex, the brain actually fights back with judgement.

Those old Rituals are under attack by the Judgement of the Thinking Brain.

This is why we must never allow our Spiritual Rituals to become Programmed into the Thinking Brain. The Spiritual must be formulated from the Unconditional Frequency Specific Part of the Brain in order to remove all Judgements of a Reality that is not comprehended.

Never allow the discipline to become programmatic.

We must use the power of focus to fire a frequency that allows a Form or Idea to become developed on the Film of the Brain. This firing erupts the energy in the body. This eruption of energy in the body is Consciousness igniting a flame of source that allows a new idea to be born. Consciousness plus energy equals a new reality.

We can connect consciousness out into the Wind (the Breath that ignites the outer Sphere) and bring that consciousness of this Huge Breath of Eternal Wisdom to ignite the Flame of the new Idea within the

Unconditional Brain.

The breath is the closest most sensual tangible form that represents the will of God. it is the manifest code of the will the creation desire of God to Create a new reality from.

God made an atom from his breath and formed an Omni particle and created this body and breathed into flesh and the flesh was made man.

The BREATH OF GOD is in an absolute focus. In order for our light bands to do something we must interrupt the connection of the mid brain the yellow brain. The mind is the cohesiveness between the frequency and the brain has to first turn its attention to a focus where it is at once protected and yet changed by the consciousness intent of reality you are about to turn on it. The first thing is the consciousness awareness that we have put away our body and we are sitting up right from the spinal column. By pass the part of the body that digests food. We must use the nervous system through the back of the spine to by pass interference of yellow brain. We must re-connect to the base of the tail bone to connect our frequency specific brain into all of the neuronets of the body through the tail bone.

This can be done through high levels of yoga. However, it can also be done through consciousness, which Babaji called the HIGHEST YOGA.

CHAPTER 4

CONDITIONAL AND UNCONDITIONAL THINKING VERSUS POSITIVE THINKING

There are many other manifestation courses that have been on the market for several decades. Most of them focus around the idea of magnetizing to you those things that you desire or holding a positive thought in your head that will magnetize a positive outcome in your life.

There is nothing the matter with this type of manifestation. It involves the exact same process as going to school, getting good grades and getting a job that reflects the level of education that you got.

Both of these processes of manifestation are based on the Thinking Brain- the Neo Cortex. Both of them are based on re-manifesting a thing that already exists in the Loop of the Neo Cortex. Both of these processes utilize the Emotional Brain and the Emotions in the Crystalline Grids.

The manifestation process that uses the Mind, but doesn't inform you about which Mind you are using is just another continuation of the old programming that is designed to keep man in the Emotional Grids rather than shift into the Light Grids of the Aurora Earth and the Kingdom of Heaven on Earth. The old manifestation methods utilize the Metal in the Grids while the new manifestation method uses the Gold in the Grids.

The Power of Positive Thinking is completely about creating Conditional Reality. The very act of creating a Positive Thought instead of a Negative Thought is placing a Condition upon it. The title has three words in it that are very enlightening. The word Power is a condition, the word Positive is a condition and the word Thinking tells us that we need to be in the Neo Cortex.

Manifestation requires Purity of Focus where there is no power, there is no judgement of positive or negative and there is no thinking. There is a Desire and there is the Light Energy or Frequencies of Consciousness and there is the Trance State that is caused by the High Frequencies shifting Consciousness into a New Version of Reality. The rest is of the

Movie Production is done by the Mind of God.

In our moment of clarity we move from the Thinking Brain into the Mid Brain. There will be no Analysis or thought in the mid brain. There will only be that pure, clear unconditional concept that we desire.

The one giving the desire is yourself--your higher self. Your self already knows what you want. You don't need to place conditions or analyze or process the data. The frequencies of creation create the Pure Idea into Pure Form.

When you are in the hypnotic state and you fill your consciousness with the highest frequencies of the Cosmic Consciousness, you will feel lifted as if gravity disappears and you are levitating. This is the feeling that precedes a manifestation. It shows that you have made the connection to the receiver.

There is a state of knowing when we move to the mid brain and in that state you create the focus and in a moment you receive that focus and the rest of the day will be the unfolding of the morning's manifestation clearly and miraculously.

Trance, Patience, Hypnotism and analogical mind are all the same thing. It is a dimension of No-Time or Timelessness where messages are sent and received through the highest frequencies and transformed through infra red and visible light.

The infra red acts like a digital camera. It processes a picture or desired image EXACTLY like a digital camera. It creates the negative of the picture and then the visible light processes the negative into a visible reality in the dark room of the Mind of God.

This camera works correctly to create any desired reality when a person creates the desire in clarity and focus and unconditionally.

Of course, these are all just words until the individual goes through the experimental process of manifestation through the mid brain.

First , we must make sure we are creating the desire in the Mid Brain and not in the Thinking Brain.

Second we must know how to activate the mid brain with frequencies and how to move into a trance state.

Third we must know how to hold a picture of a desire in the mid brain in focus and clarity.

Fourth, we must realize to never place conditions on the desired thing such as time, place, events, people, etc. The manifestation only takes place if it is unconditional.

Fifth, we must hold the focus within our mid brain that maintains such a high frequency that we feel like we are levitating.

Six

We must begin each day by thinking Lofty thoughts of Sovereignty and Enlightenment such as

I am living in the Kingdom of Heaven

I am living among the loving, kind, respectful children of God

I am the original perfect man of God's creation

Everything that God has is mine

I am God

I am that I am

I am created in the image and likeness of God

I am the original man of the 12 DNA template

I am Christ walking on Earth

My day will be filled with meeting Entities from Christic Star systems who will Guide me on my journey.

I will be invited to ride on the StarShips of my Family from Pleiades and Sirius.

I will meet entities of light today including fairies and entities in Orbs

I live move and breath Divine Love

I am vital, strong, energetic and ageless

I live and move and have my being in the Mind of God

I am the image of Divine Love, Truth, Substance, Supply Intelligence, Life and Christ Consciousness.

My cells create a brand new body every nano second.

My cells contain the codes of Eternal Life.

TECHNIQUES

We do techniques to raise frequencies such as the journies on the meditation kits, Eternal Life Water Sets, Acension Formula, Lift Off, Merlins Manifestation.

The frequencies in these meditations lift consciousness into the place where the journey takes you. The journies guide consciousness to move into the spaces where the higher frequencies can be accumulated and layered in to multi dimensionality.

The Trance state can be obtained by moving consciousness into the light of the candle or sun or by creating a long tunnel of light in front of your head and walking down the tunnel into the light at the end of the tunnel. At the end of the tunnel there is a Diamond Door. When you walk through that Diamond Door into the Mind of God you then see the Blue Hue. This Blue Sphere becomes visible in front of you. This means you are within the Mind of God.

The Trance state needs to be obtained by accumulation of Frequencies of Light and Sound because it is a state of light and energy connecting into the complete Mind of God in the most inner domains of Cosmic Consciousness.

Moving into Focus is moving into a Holy and Pure Place

Your Dreams come to you on the condition that you create them in

When we create we must make sure that we do it without doubt, disbelief, unworthiness, lack or time. When we can create our dream in focus and in purity within the Holy and Pure Place within the Dimension of Patience or Timelessness, the dream will appear as we originally designed it.

Why do we need to be patient in our manifestation?

Patience means one fine morning you will create your dream- your desire- without any conditions. It will be the clearest morning of focus that you have ever had. In that moment of clarity you will move out of the thinking brain and into the mid brain and there will be no analysis of anything.

HOW TO MANIFEST PERFECT HEALTH

Send to the body the image of perfect health. Say, I am made in the image and likeness of God. See your image glowing in light. Do not create

conditions in your image, just see yourself glowing with light. See the vision of Beauty. This doesn't mean that you need to see an exact beautiful princess with long blonde hair. Just holding the idea of perfect, beautiful and glowing with light and knowing that you are created from the template of the Divine Mind is enough.

Allow that image of the perfect idea to pop up in your mind several times a day until the image stays in the mind continuously. That is when the image will develop and the film will appear before you. Your mind works exactly like a movie camera. You must create the movie in your mid brain and then project it out on to the movie screen which is the radial body around you. This is in actuality what we see as our reality every moment. We create this reality.

Each day you will hold this image longer and longer and each day that you hold the image in purity of patience and focus, the body will become more and more like the image. The next morning the image of your body will begin to resemble the image of purity even more and as that image develops just like in the movie development of the negative into the positive, the body will transpose into that picture. That is how spontaneous remission or instant healing is accomplished. It is usually done by a Spiritual Healer holding that image of the perfect body through the highest frequencies of Consciousness until that new version or reality manifests. The transformation begins the moment the image is held in focus within the highest frequencies.

We must be willing to hold the image of the well body, the healthy body, the ageless body in the mid brain. Only then can the picture move in the mid brain and instantaneously the bio energy that surrounds the body and nurtures the carbules that hold together the skeletal structure of the cells will all be a different frequency or a different version of reality.

Consciousness and energy are instantaneous. They don't need to go anywhere. They are instantly present.

When we move into the sacred place of focus in the mid brain of patience with the pure whole vision of the perfect body, the v-consciousness and energy of the higher dimensional transformation begins and transposes the body from the inside. The v-cells begin to communicate and create a brand new pattern of a body based on the stardust formula.

INSTANT HEALING

There is one remedy for all that might be ailing you. It is to stay in the Mind of God. That's all we have to do. When we stay completely in the Mind of God, the body will heal instantly. When we stay completely in the Mind of God, we will manifest our heart's desires instantly.

Many people work hard to stay in the Mind of God by reading metaphysical books or listening to angel messages. These remedies do help a great deal. They help because it causes people to be more in the Mind of God.

Most people do not stay in the Mind of God. The Mind of God is simply the Frequency Specific Mid Brain. It receives correct pure data directly from Source and delivers it into the neuronets of the body.

There is one little obstacle to this process. It is the Neo Cortex- the Upper Cerebellum- the THINKING BRAIN. That brain contains old data that is not pure. The old data contains Judgements. The Neo Cortex has a loop within it that creates a judgement field.

While the person who is trying to keep his or her Mind on God and connect to the Frequencies of Source Consciousness, the Neo Cortex is Fighting the Process. The Neo Cortex sends a flow of poison into the Mid

Brain that pollutes the efforts of creating the Body that is in the Mind of God.

In order to heal or manifest, all we have to do is stay so completely in the Frequency Specific Mid Brain that the Thinking Brain can not enter in to the process of manifestation.

I have been going through a challenge this week that has allowed me to see how this process works. Several days ago I ripped something in my back when I was lifting a heavy object incorrectly. It was so painful that I couldn't sleep, I couldn't move, I couldn't think.

So, I went through this process of moving completely into the Mid Brain with my Frequency Music to help hold me within this Trance Like State that connects me completely into the Realm where I could be a RECEIVER of pure energy. I would reach this state of Purity, where there were absolutely no thoughts coming in except visualizing my body as being a perfect body of light. I would feel brand new. It did not hurt to move in bed or to bend down and pick something up. The pain was completely gone.

And then I would have one little tiny negative thought about something and I would go right back to the way I was. And then I would go through the clearing again and it would feel like I had shifted into a brand new body.

But, one little negative thought would come in and I would shift back to the other body with pain. It became very obvious that I was shifting back and forth between two different bodies. This is a sign of the times. We are in such a fluid state of Consciousness now that we can actually see the two different realities side by side. One reality is within the Consciousness of

the Mind of God. One reality is within the Neo Cortex- Mind of Man.

This is an excellent opportunity for me to see and realize how often my mind strays back into the old thoughts of the Thinking Brain. I am very motivated to stay in the Mind of God where the Perfect Body always exists.

The purpose of the TRANCE album is to PARALYZE, TRANCE OUT and HYPNOTIZE the Neo Cortex, so that it just can not create Judgements. It becomes completely dysfunctional. It begins to allow the pure truth from the Mid Brain do the THINKING.

It is important to practice moving the Consciousness completely into the Full Light Field along with the Cosmic Frequencies in the music until you reach a TRANCE state. The Trance state means that you are moved out of the Neo Cortex and into the Mid Brain. When the Desire is placed in the Mid Brain and help there in complete purity, the desire will manifest.

However, if any ideas from the Neo Cortex pop in unexpected, the pure body will not be so pure any more. The Mid Brain is a movie projector. It projects out the reality that is placed in the Mid Brain.

I am not talking about placing thoughts in the Neo Cortex and projecting them. This is what people have been doing for thousands of years. This is what we need to stop doing. We need to create the image in the Mid Brain and melt away all images from the Neo Cortex and Never let any of those images enter into the picture.

That is it. That is all we have to learn to do to heal ourselves instantly or to manifest instantly.

It sounds easy. But, we might not realize how often those thoughts from the Old Brain are distorting our perfect picture. We are flipping in and out of different versions of ourselves, as I have experienced this week.

We are all doing it. You may not have such a dramatic pain to measure the difference between the God Picture and the Man Made picture and all of the millions of different versions in between that are being created by the thinking brain.

TURN OFF THE THINKING BRAIN

Dr. Angela Barnett

Your bodies might be reacting to the great change in the flow of energy from the Crystalline Grids. There is a great change going on right now. The old flow of energy from the Grids holds our old emotions. Your THINKING BRAIN also holds your emotions.

We must begin to stream PURE LIGHT ENERGY into the Grids the same way we stream PURE LIGHT ENERGY into our Mid Brain. Where do we get the pure light energy? By moving into the Full Spectrum of Light until we see the Blue Sphere. This turns on the Phonons in our bodies which can then create the Corrected Electromagnetic Molecular flow into the neuronets.

When that corrected flow of light energy from the light energy of the Mid Brain is turned on we can also turn on the connection to the Light Energy in the Crystalline Grids. When enough people on Earth TURN ON THEIR LIGHT, the old emotions in the Crystalline Grids will evaporate.

But, we must turn off these emotional grids in our bodies first. We must DISCONNECT from the old THINKING BRAIN and move into the Frequency Specific Mid Brain-the Pineal Gland-- the Sixth Chakra.

The old thinking brain- the Neo Cortex- the upper Cerebellum contains the LOOP that keeps spinning those old beliefs into the cellular memory. Those old beliefs of disease and the inability to heal disease are in the

loop that keeps them alive in the Neo Cortex. The old beliefs of death. The old beliefs of age.

There is only one way to get rid of those beliefs. We must move out of the Thinking Brain and into the Mid Brain COMPLETELY.

We can't let any of those old thoughts from the thinking brain come into our PURE DESIRE that we paint in our Mid Brain.

We move from the Thinking Brain with the Emotions and Beliefs into the FREQUENCY BRAIN where there are not thoughts or beliefs telling us that such a reality exists.

The process of healing, youthing or manifesting of any reality requires you to stay in the Frequency Brain and stay out of the Thinking Brain.

You can get into the Frequency Brain by listening to the Re-Birth Album. You could strengthen that connection to your Frequency Specific Mid Brain by moving your consciousness into the Candle Flame or into the Sun while you are listening.

Keep working on moving your body completely into the Candle Flame or into the Plasma Sun until you have moved into the Full Spectrum of Frequencies. This is when you will see the Blue Sphere above the candle or you see the Sun turn Blue.

This is the evidence or proof that you walked through the Veil. The Veil is

the place that you move your consciousness through when you see the White Light turn into the Blue Hue. That is the proof that you went through the Veil.

Moving through the veil means that you have moved into your Spiritual Body. This allows the connection of your Physical Body and your Spiritual Body. The Blue Sphere is your Fifth Dimensional Spiritual Body. It is your higher self Sixth Dimensional Self as well. It is all of your Multi Dimensional Selves. It is your connection with the Mind of God.

Now, maintain that vision of your Blue Sphere within your Mid Brain. See the Blue Sphere when you close your eyes.

Do not begin the Manifestation or Healing Process until you can see the Blue when you close your eyes and when you look at the candle or the sun.

Now, close your eyes. See the Blue Sphere. Now, inside of the Blue Sphere, see the desired reality and state the reality. I am a Perfect Body. I have Perfect Health. I am Christ Consciousness holding the oneness of my Spiritual and Physical Body. I am the Perfect Original One created in the Mind of God.

You must hold that vision in the blue sphere continuously. Know, that when you see that Vision of your Perfect Body, this is the REQUIREMENT that allows your Higher Self to Create that REALITY for you.

Your Higher Self can only manifest in your reality field that which you have

already desired as a creation through your Blue Sphere in your Mid Brain.

If you continue to allow OLD EMOTIONAL BELIEFS of a body that is not perfect in your Mind - in your Vision that you project into your Blue Sphere-- your Higher Self is seeing this as the DESIRE that you are wanting to become manifest. Your higher self can only manifest that which you project into your mid brain movie screen.

If your body is not youthing, it is because you are still holding the old image of a fifty year old body instead of a thirty year old body and you are not saying I am thirty years old in a perfect body and seeing that image in your blue sphere of light energy. YOU must hold the image of the NEW YOUNG PERFECT BODY MORE STRONGLY than the image of the old you.

This is how Healing is done and how Youthing is done, and this is how Manifestation is done. Healing is manifesting the desire for the image of the Perfect Body.

The purpose of the Music that holds you within the Mid Brain and in the Thymus and in the Crystal Heart is to get you to move OUT OF THINKING BRAIN with those Old Images.

It is that Thinking Brain- the Neo Cortex that HOLDS ON TO THAT OLD IMAGE.

That is what the thinking brain does. It just reprocesses over and over an old idea that came from beliefs placed in the Consciousness of the society.

THE PROCESS

As you go through this process of shifting out of the Thinking Brain and into the Neuronet that connects you into the Mind of God, you will need to create a list that will help to guide your new thinking process. You will need to watch your thinking and watch how your thoughts are creating your reality each moment of everyday. This will guide you in creating a list of what you really want to create in your day and what you want removed from your day. As you go along in this process you will realize more and more things that you want removed from your movie of reality.

There is more to the process than just manifesting a pile of money. You need to learn what is inside of your thoughts that is making you believe you are not worthy of a pile of money and transmute those beliefs out of your mind. You must find out if there is any fear connected to any of your thoughts that might be blocking the manifestation.

There are a million reasons why you might not be manifesting that pile of money. It could be because there is something in your mind that is still relating to the belief in time. Or it could be something in your mind that is still relating to the belief in government and taxes. It could be a belief as simple as connecting times, places and events to the desire for wealth. Each one of the beliefs that surround the desire for wealth could be de-manifesting your desire faster than you are creating the manifestation.

This is the first step that we must take before we can manifest. We must transmute all of the beliefs that are being held in the Thinking Brain. The fastest way to do that is to just stay out of the Thinking Brain completely by filling your Consciousness so full of the Highest Frequency that none of those lower frequency thoughts can enter in. But don't deceive yourself. Those thoughts are going to fight hard and long to continue to manifest in

your movie of reality.

First, you need to know and realize and believe that you are the only creator of your reality. What you experience in your day is created by you. However, it is not the you that you want to be. It is the you that has been programmed into your thinking brain without you even realizing it. All of the beliefs that you rationalize as the good, the true, the proper, the correct are all CONDITIONS of reality.

The Mind of God which is the Psychic Brain of Creation can only create UNCONDITIONAL REALITY.

These are brand new ideas that you need to spend a lot of time thinking about until you don't need to think about them any longer. Only then, can you even begin to consider moving out of the Thinking Brain. If you are still being brain washed by your religion that certain conditions are good and other conditions are bad, you are going to have an impossible time removing yourself from the Conditions that will not allow you to manifest.

If you are still being brain washed by your education system that you need Conditions, Logic, Emotions, Judgements, Rationalization and you need to grow in your ability to Argue and Debate Facts from Fiction you may as well forget about this Course. You will be remaining in the Grids of Emotions and in the Thinking Brain that will never manifest any new desire.

The more that you stop using the Thinking Brain and spend that time moving your consciousness into the light of the candle or the light of the Sun and moving into the Full Spectrum of Light energy until you ignite the spark that creates the Blue Hue, the faster you will move into the Light and out of the Emotion.

These are first steps. You must do the first steps or you will just continue

to manifest the same old reality that you created yesterday.

The hardest part of this course in manifestation is ADMITTING that these things are true. Your world is created by you and no one else. I know that it is always difficult to swallow that accusation that we are the creators of all of those people in our version of reality who judge us or hurt us or treat us with no respect. I know how hard that is to believe. I also know that when your mind gets crystal clear and you do begin manifesting with the mid brain, that it becomes very EASY to realize that those old movies that you were creating came directly out of your own Thinking Brain.

We will soon realize that we are the Movie makers. The only way that our seeming reality seems to manifest as our experiences is directly from and through and to each individual's own movie projector and movie screen around their own individual radial body.

We are not actually in other people's movies. We are only in our own movie. However, we have never taken the time to remove all of those people from our movie that we don't want in it. That is the only reason those people who run the government and create wars are in our movie. We just haven't taken the time to remove them. We can't remove them until we are ready to become our own government and create our own reality. We have the ability to create a complete world unto ourselves. That is how normal reality works. We were just never told how to create God's Movie before.

We cannot create a movie of any kind using the Neo Cortex. That part of the brain only recycles old movies of realities that you saw on your movie screen because they were left over in your old cellular memory which is you Akashic Records within your Neuronets.

We cannot start this process of manifesting through the Mid Brain until we become so tuned in to that Frequency that we learn to feel as we connect

consciousness into the all of the Music of the Spheres. This means all of the spinning of frequencies at faster and faster rates of spin. For instance, the gamma wave spins much faster than the hertzian wave and the silver pink light spins even faster and when we spin all of those spheres of light energy together we pop out of the light and into the pre light and sound of creation energy. We pop out of the Veil and into the Cosmic Soup and into the Void of Infinity. When we turn around and look within we then see the Blue Hue. The Blue Hue is the manifestation of a new reality taking place as a result of moving into all of the Omnipotence of God's Light and then looking back to connect the spiritual light into the physical light and remove the polarity or separation of spiritual and physical

Manifestation happens because we move into the Spiritual Light where all creation takes place. The more we practice the Candle Technique and walking into the Sun, the more familiar we get with that Feeling which is a Frequency. At some point in time you will learn to instantly connect to the Feeling of that Frequency without needing to do the process of walking into the Sun each time.

When you can wake up in the morning and immediately access that frequency and immediately focus on the reality that you want to see unfold in your day, that will be the day that you are living in Patience. You have removed the polarity, the time and space and your new reality can begin to manifest through the light and sound of creation.

You will wake up just saying Thank you Father, I know that all of my desires have already been created because you know what I desire even before I do. I thank you for knowing my desires so completely and perfectly. I am excited to experience this wonderful reality that you have created in this Frequency of Abundance.

In this statement there is no condition placed on the desire. There is only

gratitude of knowing the desire is already manifest. Therefore the desire will manifest instantly.

When I was working on my Dissertation to obtain my Doctoral degree I was having some problems with my Committee who decides if I can graduate or not. I asked a Practitioner for help. I was given this great formula.

All I needed to do was hold the Vision in my Mind that GOD ALREADY GRADUATED.

I was granted my Doctorate the next month.

This formula worked because it was a knowing that as God, who we all are, all things have already manifested. All we need to do is know that we are God. We become God by moving our Consciousness into the Omnipresence, the Omniscience, the Omnipresence of the Full Spectrum of Light and Sound of All that Is. When we are in this Psychic State of Light we Know that we are already fabulously wealthy because God is Already Fabulously Wealthy.

So we have this formula.

I am Wealthy.

I am perfect health.

I am a genius.

I am the master of manifestation.

I am healed and restored.

I am ageless.

I am ten years younger

I am levitating.

I can move mountains.

I am God and God already manifested a Perfect Kingdom of Heaven.

CHAPTER SIX

WE ARE THE CREATORS

Dr. Angela Barnett

We are the creators of our mind. We are the law givers to our reality. Every thought that we create dispenses our reality. Every thought that we make formulates the reality that we create. If we don't like our reality, we must learn to create differently.

We are the ones who judge our reality. As long as we are using judgement, we are trapped in the loop of the neo cortex, which is the Thinking Brain.

We cannot be free to create a different reality, as long as there is any judgement involved.

As long as judgement of anything is involved in our thinking process, our reality will be full of people who judge us. The more we get wrapped in the loop of thinking things like "I don't know why that person has to be so stupid, I don't like the way that person talks, I think the President is Illuminati, etc., etc., we are wrapping our own reality into a process which will create versions of people who match those thoughts exactly.

The more we judge every moment of our day to day experience with the insensitivity that does not include the empathy that allows all people to have their own version of reality without judgement, the more our life will be filled with people with the same insensitivity that we created them to be. Those who judge you wouldn't exist unless you held a judgement in your neo cortex.

Guess what? That is all the neo cortex does. It is a judgement machine. The only way to stop judging is to get out of the Thinking Brain, because it has a judgement loop in it.

We must learn to move out of the neo cortex and into the Mid Brain or Psychic Brain, which is Frequency Specific. That means it does not gather data through judgement. It means it is a part of the brain that only uses the pure consciousness of frequencies. These frequencies come from Divine Mind. These frequencies form into the realities that are presented as our activities of our day.

The Mid Brain is the movie projector. It is the sender of the realities that are projected on to the movie screen of our daily creation.

When we learn to stay focused within the Psychic Brain of Frequencies, we are creating our DESIRES that we want to Manifest through our Movie Projector which is the Mid Brain. Only then do we begin to create a Reality Field that does not contain Judgement.

What is Judgement? Anything that we have an opinion about is a judgement. Anything that we compare is a judgement. Anything that we believe is the Correct Belief is a Judgement.

Basically, everything that we THINK is a Judgement. And it is the judgement that creates the polarity of the spiritual and the physical. Polarity means separation. The Spiritual Frequencies are trying to Create

the perfect Desire while the Neo Cortex sends ideas with Judgement loops into the perfect desire. That is what creates the polarity or separation between the PURE IDEA that you want to manifest and the Distorted Reality fields that loop themselves into the Pure Idea that you are trying to Focus on.

Think about this paradigm in this manner:

I am holding this Desire of being wealthy in my head.

I am creating this picture of a person who looks like me sitting in a yacht that is full of gold coins. I am seeing the yacht parked in the Caribbean Sea and I see Dolphins jumping along side of the yacht.

THIS IS THE INCORRECT WAY TO MANIFEST because it contains people, things, events, places, specific locations, tangible elements, and hundreds of tiny little beliefs and judgements within it.

In order to manifest a NEW REALITY, the desire must not be SPECIFIC in form. It must not contain physical circumstances. It must be purely SPIRITUAL. That means it must be created from the Frequencies of Consciousness that do not contain third dimensional restrictions.

The Divine Mind can not create anything when we place those restrictions upon it. The Divine Mind creates through Frequencies. It creates through the INFINITE IDEAS that already exist in the ETERNAL MIND of the Infinite Unknown.

The Desire of riding on a yacht with a pile of gold with dolphins swimming along side can only come from the NEO CORTEX because it is made of ideas that have a judgement placed upon them. The idea of the yacht contains the judgement of being a rich person. The pile of gold contains a judgment that there is value in the gold. The dolphins imply that we know the location.

The Mid Brain Movie Camera can not produce a movie that is made of the light and sound of the Cosmic Frequencies of the 14th dimension woven into the infra red frequencies that contain the negative of the picture that develop themselves through the frequency of the visible light spectrum if and when it has LIMITATIONS PLACED UPON IT by the Thinking Brain of Judgements.

The only way that the Mid Brain can produce the Desire of Wealth is to turn that desire into a symbol that does not contain specific conditions. The symbol must be unconditional. We could use the symbol of a dollar bill sign, however, we don't even place the meaning of money within the symbol.

We must create that symbol and hold it in the Third Eye. See it with the Third Eye. Don't forget that the Third Eye is FREQUENCY SPECIFIC.

This is why we use the Candle Technique or the Sun gazing technique to find that FEELING of the Frequency of the FIFTH DIMENSIONAL BLUE HUE. That Blue Hue represents the fact that you have taken your Consciousness through the Veil of the Full Spectrum of Light Consciousness into the Realm of Creation. Your Mid Brain took a picture and the flash was a blue hue of transformation.

It is only in that blue hue of transformation that can remove the electrons from the formula. We must move consciousness beyond the electrons because the electrons contain polarization of negative and positive.

We had to move consciousness beyond the polarization of electrons that contain negative and positive signals. The Mid Brain cannot create a new movie as long as those electrons are in the screen.

We do not create the Vision of the Desire in the Thinking Brain. We create the Vision of the Desire in the Mid Brain or Third Eye and we create it in

the Frequency of the Blue Hue. That means that we are on the other side of the Veil creating a bi-location of our spiritual self and our physical self and all of the realities that exist between.

So, now, in the movie projector, all of the pure light and sound energy or ideas from the entire Cosmos exist as potential opportunities in the creation of your Wealth.

Now, God can create for you the Kingdom of Heaven where anything is possible. This is the rule of creation.

We don't just get a yacht and a pile of money. We get the kingdom of heaven. We get it all or nothing.

We can now begin creating each and every day filled with the Bliss and Wonder of the magical creations that are a part of this Spectacular Wealth that we have desired.

We must live in this state of excitement and wonder. We must live in the moment to moment desire, excitement and blissful expectation that is just like a child waiting to find out what wonderful wish is wrapped inside the present that is sitting under the Christmas Tree. Within that excitement is the bliss of knowing that something wonderful will happen and there is also an inner gratitude of knowing that Santa Claus always brings wonderful presents that make our dreams come true.

It is that state of excitement, bliss and gratitude of knowing the absolute fulfillment of the desire has already been granted in ways beyond our wildest imagination that allows the manifestation of the idea that was sent to the Divine Mind within the Focus of the Mid Brain to become visible upon the movie projector so that it can manifest into the spectrum of reality of the movie screen within the radial body that is in a sphere around the physical body. There is actually an individual movie screen where all

of our seeming realities are projected from the film that we call life.

This is how we MAKE GOD's MOVIE.

TIMELESSNESS AND PATIENCE

This act of Manifestation requires PATIENCE. Patience is a metaphor for a New Paradigm of Understanding. Patience does not exist in Time. Patience is Timeless. Patience only exists in the frequency specific brain. That is the part of the brain that only receives pure messages through light and sound frequencies of consciousness. We would call this a feeling of knowingness or intuition. When the message is pure, there is a complete knowingness that comes in the form of a picture in a dream.

The message comes to reveal a truth that was not known before. Once that message is held in the movie screen of the Patience long enough, without interruption, it can then be projected onto the movie screen of the world that we see around us. That movie screen of reality that we wake up to in the morning is only a reality because we choose to experience it.

Patience is a Freeze Frame that is held in a place where there is no time. When we create our dream in its perfection and hold that dream in a focus and clarity continuously, we are in the state of patience.

Patience only exists outside of times, places, people, things and events. When we hold a thought for manifestation and we dream it into being, that thought can not contain times, places, people, things and events. It must be a dream of unconditionality in the freeze frame of patience, if we want the reality to manifest in its purity.

This does not mean that we cannot manifest a lot of realities that are not pure. We do that all of the time. We hold a desire for a few seconds and then we spend the rest of the day coating it with conditionality in the

thinking brain and it results in the same old movie that we produced the day before with a tiny speck of the manifest desire underneath the filmy surface.

This creation process is exactly what is needed to allow the NEW EARTH to manifest. As long as all of the old realities are held in the mind, those old realities will continue to manifest as the movie that you see all day.

When you create a new movie without any of those Conditional Beliefs from the Neo Cortex, you will be making the movie of the NEW EARTH. The NEW EARTH is the Aurora Earth. That means it is in a Cloud Like, etheric state of reality. It is the place where the Cloud People, the Aquafarians, the Fifth Dimensional families from Inner Earth, Crystal Cities and thousands of other sets of friends and families already live.

We can shift to that Aurora Earth by shifting into the Mind Brain which only experiences the Cloud Like Etheric Dream state as reality. That new reality can not be produced in its perfect state until there is no more of the Old Earth that will continue to exist in the Judgement of the Neo Cortex.

So, here we have a choice to make. We can continue to live in the old world that is created by the pictures of man created reality in the Neo Cortex, or we can move to the world that is created by the Mind of God reality in the Psychic Brain.

When you create God's movie, you are creating a new reality that contains brand new versions of people, brand new versions of the structure of government, brand new versions of how wealth or income is distributed. You become the God of your Creation, the God of your Kingdom, when you use the Formula of UNCONDITIONAL LOVE.

All reality must be produced in the movie camera of DIVINE LOVE. You are the movie writer and producer. Your mid brain is your movie projector.

That is the Frequency of Consciousness that holds all within the At One Ment of the Consciousness of All that is. Within that Field of Consciousness there is no Condition.

Conditions only exist where there is judgement. The only place that creates judgement is the neo cortex.

Anything that you can create without judgement becomes unconditional and then it becomes a part of the new reality.

Learn more about the Manifestation of the NEW REALITY by taking the MANIFESTATION WORKSHOP or reading The Quantum Science of Ascension and Manifestation by Dr. Angela Barnett. These are at crystalmagicorchestra.com/books

HOLY PLACE OF DIVINE FOCUS

Patience is that holy place of divine focus where nothing can enter in that will distort the purity of the manifest desire. Love is the frequency that holds all in side the At One Ment with the Divine Mind that allows only the pure thought to externalize.

Patience is Unconditional. Thought is Conditional. We can only manifest through Unconditional Love. There must be no condition of time, place, event, people or things. The desire must be pure in unconditional love.

First, we must get very serious about what we want to manifest. When we hold that idea in the mid brain, we can not add the time that we want it to manifest because there is no time in the law of God. Once our thought is

pure, the manifestation will be instant. As long as there is any of the time frame entering in from the neo cortex, the manifestation might take a long, long time because it is being wrapped in the film of time.

We must not add any parameters to the idea that we desire. The idea must remain in the focus of patience which means unconditional. If any condition of any parameter of Third Dimensional confinement is added, the idea will not manifest in its pure form. In the instant that any parameter enters in, the desire is removed from Patience, who is timeless. It has been removed from the Unconditional Love that manifests instantly.

When we add parameters, we carve away the original idea. We carve it down like a tree into a totem pole. It becomes so unlike what was originally desired that the manifestation will just appear to be the same old day as every other day with just a little variation in events.

If we want to create a brand new reality with a brand new desire, we can't mix it up by allowing old toxic judgements from the neo cortex to drip into the frequencies of consciousness of pure form.

Those toxic judgments place the desire in a cloud of toxic waste much like the oceans of California. First, there was this clear blue ocean of unconditional love filled with ideas created by the Cetacean Nation. However, man created an idea in the neo cortex of how much more valuable the ocean would be if it was used as a garbage disposal for the oil that can create incredible amounts of wealth. Do you see how the original perfect idea can become completely wrapped in a film of conditions?

PURITY

Once we hold the image of our desire, we do not deviate from that image by allowing several other images to pop in and interrupt the picture within

the patience of the focus.

We cannot allow any judgement, expectation, or any other common thought of the day to break the focus of the desire. The desire must be held within the timeless consciousness of Patience. The desire must be created from the light and sound of the complete Cosmos. The desire must be created in the gamma waves of the Sun. The desire must be created by moving completely into and through the Sun beyond the gamma waves into the pink silver light and then into the white light. The mind must become saturated with so much of the highest frequencies of light that the light transforms consciousness and moves it into a higher dimension.

Remember the first step in activating higher DNA? We must first melt away the old seals between the DNA. We melt those seals away by moving beyond the electrons which hold negative and positive charges. The place where there are no electrons is a place that is being created by the Sun allowing the Heliosphere to move into and through it. The Heliosphere is the Heliotalic silver pastel light waves from the highest band of the Cosmos.

When we move our consciousness into and through the Sun we are connecting into this 14th and 15th dimensional frequency of creation. When we move through the outer veil of the cosmic waves we merge completely into the white light of the Mind of God.

When we do this we create a pathway in consciousness from the Mid Brain, which allows the fifth dimensional consciousness all of the way into the Sun, which holds 8th dimensional frequencies. When the 8th dimension of gamma waves weave into the fifth dimensional consciousness the phonon is born within the neuronet of the DNA. That phonon of pre light and sound is what melts away the seals between the

DNA.

After the seals have been melted away between the DNA, the pure Consciousness can pour into the soma of the cell and line it with the Divine Template of the Mind of God. The zero point of the cell is completely re-programmed by the Divine Template that ignites when Consciousness moves through the veil of the Cosmos into the Infinity of the Mind of God.

That Mind of God in its Eternal Infinity is then woven into all of the DNA. We don't count DNA. The strands of DNA are 12 strands of Consciousness that are purely etheric. They are the strands of Consciousness that weave the neuronets into the Cosmic Neuronets of the Divine Mind.

Now, the Mid Brain is saturated with this Cosmic Consciousness that is held with this infinity of knowing everything instantly. Once we hold our Focus in that absolute place which is found by traveling through light and sound through the Universe and Cosmos and beyond. That Focus places the Psychic Brain into a Trance because the Consciousness is Bi-Locating in the higher dimensions, in the Mind of God, in the Creation Playground and in the Cosmic Soup where all Masters play in the rainbows.

When we reflect upon the dream during the day, the image must appear in the mid brain without any thought taken in the Thinking brain. It must Flash in as a picture created from the light and sound of the pure frequencies of a brand new idea.

When you move to the mid brain, you are in a hypnotic trance. If you are not in a trance like state that makes you feel lifted above the body, you have not yet connected your consciousness within the blue hue that takes you to the other side of the veil. You must first connect to the light and sound frequencies of the Consciousness beyond the Sun and stream that

dimensional energy into the mid brain in order to place your mind in the trance of Patience.

You can't just go to the mid brain until you have had a lot of practice connecting into it through the light and sound formulas that have been given. The Mid Brain is called Frequency Specific because it only responds to frequencies, and it only creates when it is at one with the highest frequencies of Source. And it is only in those highest frequencies of Source when you have taken your consciousness into the full spectrum of light and moved to the other side of the veil in order to remove the separation of the physical and the spiritual.

The techniques given in this training use the light in the candle and the plasma in the Sun along with codes and frequencies in the Re-Birth Album, Eternal Life Album and dozens of other collections of Frequencies that have been a crucial part of the transition of the Earth's Consciousness field back into the new Cosmaya of Eternal Life.

The Frequencies that we have recorded at [Crystal Magic Orchestra.com](http://CrystalMagicOrchestra.com) will allow you to move your consciousness directly into the mid brain and make the connections in consciousness to all of the dimensions of consciousness within the Cosmic Matrix held within the Mind of God.

The music allows you to melt away from the physical into the spiritual where you become hypnotized into a new dimension of consciousness that doesn't need the physical to exist. The physical realm is just a result of the moment of excitement created by the flashing of consciousness. It is just a continuation of nano seconds of flashing ideas on a movie screen. The true creation is going on in the Mid Brain and the Mind of God. We are just experiencing one dimensional aspect of that cosmic movie.

We need to become less amazed by the dimensionality of the movie and

realize that we could move into a more etheric experience of the same movie where there would be much less restrictions on our ability to create realities without limitations.

The state of Patience, the state of hypnosis and the trance like state are all the same thing. We move into that state by moving into higher frequencies which make our accretion rate of spin much faster. The increase in spin rate makes us feel tired and then fall into a trance because our consciousness is moving through a field of light and sound.

This does not mean, as many teachings imply, that you should move to a lower frequency in hertzian in order to slow your spin rate. It means just the opposite. It means that you raise your frequencies into the higher dimensions which accelerates your accretion level and then bring that high frequency into your mid brain, into your neuronets, into your DNA.

The feeling of the trance might make you think that you are slowing down your frequencies of consciousness. This is completely false information. You feel tired or slowed down because you have moved into Cosmic Time and into No Time.

It takes us about three days to process about five minutes of information that is sent to us from those in higher realms. This is why we must move into No Time of Patience in order remove the polarization between the spiritual and physical realms of reality. Only Unconditional Love can spin us into the speed of at one ment with all Dimensions of Reality.

You cannot activate your DNA without moving into the Mid Brain with the At One Ment Frequency with the Mind of God. You cannot connect the Frequencies of Divine Mind into your neuronets without going into the Patience of Unconditional Love and Focus while remaining in the Highest Frequency of Divine Love.

Activating DNA means connecting the neuronets into the pre light and pre sound of etheric Consciousness and allowing the messages from that Consciousness to take over the running of the body from within the omnions of the atomic structure.

The reason that the heart is involved in this process of manifestation, ascension and frequency accretion is because the heart is in the fifth dimension which is the place where the highest magnetic field tunes all dimensions together into one place in the Crystal Heart of all dimensions. The heart has the highest magnetic force of the entire universe. It has the power to magnetize into it all dimensional realities.

The Soul resides in this Fifth Dimensional field because the Soul contains all of the realities from all of the past selves in all life times in all dimensional realities. The Soul is held within the Over Soul which unites all Souls back into one Consciousness of One Knowing.

When we use the divine formula of manifesting through the Patience of UnConditional Love, we have access to the manifest reality of all multidimensional possibilities rather than just the finite versions within the thinking brain of this one life time.

When we take the first step of moving our consciousness into the Sun we move clear up the ladder of frequencies from the hertzian into the infra red and then the visible light and the invisible light spectrums and then out into the gamma, x-ray, and pre light and pre sound fields beyond the violet and pink silver into the white light of no light and then into pre light where the blue hue becomes manifest.

When you have mastered the art form of seeing the Sun become blue or seeing the blue sphere above the candle or seeing the blue sphere within your mid brain, you have already manifested the great experience of becoming one with the entire field of Light, which is the Mind of God.

We must remain in that Blue Hue. That is the Frequency where transformation, creation and manifestation takes place.

When we create a chain of spheres within spheres between the Sun and our mid brain, we have created the at one ment within the Sun itself. The true Fifth Dimension is inside of the Sun. When we move into the light field of the Sun, we can have true instant manifestation and Eternal Life. We must become willing to stay in that Blue Hue more than we stay in the Hertzian and the Visible spectrum of reality.

The Blue Hue gives us the At One Ment with the other side of the Veil- the other side of the Light Field. The Etheric Realm of Pre Light and Sound is the Infinite Creation Center.

We must be in the Trance State. We must be in the Highest Frequency, we must hold the Desire without Conditions inside the Patience of Focus within the Highest Frequency of Divine Love.

We must move into the Experience of Excitement just like a child waiting for their Christmas Present, while giving Gratitude that we know that God knows our Desires before we do and that all of our heart's desires are instantly manifest.

The True meaning of Manifestation is moving directly to this place in Consciousness where you already know that in NORMAL reality, where we do our creation from the mid brain and NEVER EVER in the Judgement of the Neo Cortex, that all of our hearts desires and instantly manifest. That is just a divine fact of the kingdom of heaven.

However, you must live in the kingdom of heaven in order for that reality to exist. There is no kingdom of heaven in the neo cortex brain. There is only judgment there. When you have moved beyond judgment, you have moved into the mid brain.

The movie projector functions through light, sound and electricity. The body runs on electricity. The electrical currents are connected from the neuronet into the eternal neuronets of the Super Consciousness of the Over Soul.

The light of infra red is the spectrum that creates the negative of the picture. We see the negative of the full light spectrum when we see the blue hue. The spectrum of light gets flipped because we move beyond electrons.

So, you see, even though the infra red is only one frequency higher than the hertzian frequency, it is involved in the process of creation that is within sphere within spheres within spheres. The creation principle is called the Music of the Spheres because creation is produced through light and sound frequencies singing at higher and lower rates of spin.

The hertzian frequency is also involved in the process because that is the frequency that we focus our reality in at this time. However, that is just the lowest frequency of the Full Spectrum of Light. All of the Sounds of Consciousness must be pulled in from the infra red, visible light, invisible light, x-ray, gamma and silver pink light to allow us to move beyond light into the Zone of the Unknown pre light and pre sound of Creation Energy.

We must use the Full Spectrum of Light to Create New Realities of Manifest Desire because if we don't use the Full Spectrum of Light, we are not in the Mind of God.

So, we go beyond the plasma that the Sun is made of and into the pre plasma and pre vapor that creates the pre plasma. That pre vapor is the spiritual water of creation. One drop of that spiritual water can transform our entire body into a brand new Eternal Life Mechanism.

HYPNOTISM

The state of Patience within the Mid Brain is the place where the Trance takes place. Once we move our consciousness into the trance state, we are connected to communicate with the other side. We move into hypnosis to create our dream or vision of our desire.

Do you see why we need all of these variables? We must be connected in a bi-location with our spiritual self on the other side of the veil. We must be in the highest frequency, which is on the other side of the veil. And yet we must remove the polarization of the idea that there is a separation between this side of the veil and that side of the veil. We must become ONE with Spiritual Reality.

We manifest the desire through the spiritual substance of light and sound. The idea prints itself on the infra red light just like a digital camera prints the negative of a picture of spheres of light that we can't see with the naked eye.

After the infra red negative is formed, it is developed in the visible light spectrum that is already within the Full Spectrum of Light of the Mind of God. The movie film is developed on all dimensions simultaneously. We don't need to wait to have the film manifest in the Cosmic and then transposed into the Planetary and Solar Harmonics because it is already being developed as the Blue Hue, as the Full Spectrum, as the Infra Red and Visible and it is also projecting the desire into the radial field around the body that develops the film onto a movie screen that we see with the hertzian frequency.

All of this film developing process is taking place as fast as you can press the enter button on your camera. You just see the desire, press the button and presto- the film develops. That is divine reality.

VISUALIZING YOUR UNDERSTANDING

Please remember that Ascension is all about LIGHT AND SOUND. I am giving you the Sound- the Frequencies that are actually created from the pre light and pre sound of the Consciousness of Creation. I have provided diagrams to help you realize that the Frequencies correspond to the Frequencies of Light that I placed in the Diagram of the Pyramid.

Those Frequencies of Light correspond to specific places in the Brain. For instance, when you look at the diagram of the brain, you will see the Blue area in the Brain. That is the area that we call the Mid Brain. The Mid Brain area is Frequency Specific. That means it does not Think. It only receives and sends messages of light and sound. It receives pure images through light which form into the Reality around you.

You can create any reality that you desire if you learn to use your Mid Brain as a pure vehicle of transformation. It must be pure. It must not contain the images that are in the Yellow part (using visual light to project a movie of reality that is separate from the invisible light of creation) of the brain. The Diagram shows the Neo Cortex or the Thinking Brain as the Yellow section of the Brain.

The diagrams are on the bottom of the page of crystalmagicorchestra.com titled Super Human Consciousness. The diagrams are also used in the youtubes that I have explained the Candle Technique on. Those are on the youtube page of the website.

This provides the step by step listening instructions for the new album.

Also, please read REPROGAMMING THE BRAIN, and other articles in the DNA section of the website.

MERKABA HEIROPHANT

It is time to use the Merkaba Heirophant as the energizer that holds the image in the frontal lobe. Please draw one triangle facing up and one triangle facing down. I'm sure you have seen this image.

MERKABAS PDF

The image is very powerful. It is the symbol of holding the attention with Divine Love, with Manifestation, with Source, with the Highest Frequency. Just the image itself does that.

Draw this image on a card and hold it against your forehead- with the image touching your forehead. That is the place where you hold the picture in the mid brain or blue brain. That is the blue brain area- it is called the third eye or the psychic brain. That is the place where you hold the image.

Now, draw within the merkaba heirophant a symbol of the thing that you want to manifest. Such as dollar bill signs for wealth or a stick figure of a perfect body or a symbol of freedom from fear. These are just possible symbols of ideas or desires. You can choose to draw any symbol that represents the desire for you.

Hold that image in your blue brain with this process. I am sorry I didn't give this to you sooner. I forgot that I used to always use this method when I began practicing manifestation. I have realized that I need to go back to this method as well.

What I meant by the little stick man was to be the image of the perfect body. Yes, you see your perfect body inside of the heirophant. You can choose to draw any symbol that represents the desire for you. It will help you get used to knowing that you are in FOCUS and that the heirophant is always holding you within the Oneness of the Entire Divine Mind Matrix.

The music is designed to help you feel and remain focused on the areas in your body where you feel the music. After you go through the process of feeling the clearing in the heart and throat and mid brain areas find the part of the music that helps you stay focused in your mid brain area- your third eye area. Place the image of your perfect self in the heirophant in the third eye and keep that focus always. Keep it so long that the image starts to pop into your head throughout the day without you needing to think about it.

Do the same thing with each one of your desires.

Remember, whatever you are working on manifesting will always contain any of the old ideas that slide in to the picture. This is why you must practice keeping this image all of the time. Every time the old ideas pop in they will distort the image and place the old errors back into it. When the perfect image is held without any distortions you will have an instant revision of your body into a new version or a brand new ageless self.

MISSING STEP IN MANIFESTATION

Dr. Angela Barnett

There is a step in the process of healing and manifestation that many of you are leaving out. If your manifestations are not taking place or if you are not healing your body, it is because you are leaving out a step in the process.

I have created the music that saturates your body and consciousness in the Highest Frequencies. This is always the first step. Manifestation and Healing can not take place unless your Consciousness is in the Highest Frequency.

Eventhough you hold your Consciousness within these Frequencies, you are also holding a lot of LOW FREQUENCIES in your Cellular Memory and in your Thinking Brain. Those Low Frequencies are your Old Beliefs that you are still THINKING.

The reason that you focus your consciousness into the light of the candle is to make your THINKING BRAIN turn off and allow you to move into your Frequency Brain. When your consciousness moves you will see the blue sphere.

HOWEVER- the step that you must include is this==

When you CLEAR YOUR THINKING BRAIN that means you can no longer have any IMAGES or MEMORIES of a disease in your body.

If you maintain those old memories or images in your THINKING BRAIN, those images will continue to LEAK into the BLUE BRAIN- The Frequency Brain area.

If your FOCUS is on the DISEASE and not the removal of it, the old image will just keep appearing. The healing can not be accomplished until you

REALIZE that you can SHIFT out of the body that contains that disease into a BRAND NEW BODY.

However, you can not SHIFT out of the old IMAGE until you no longer hold that image in your Brain.

The Brain is a Movie Projector. What ever you place on the Screen is what it will project. If you place an image of a Perfect Body that Body will project.

HOWEVER- if you place an image of a Perfect Body on the Screen with a lot of old memories about a disease in the Thinking Brain- those old images will continue to blend into the NEW PICTURE. This will create a Body with Some Perfection in it, but it will still contain a lot of the Old Picture on the Screen.

This exact same formula is true in the manifestation of anything. If you plant an image of being wealthy in your Mid Brain while your Thinking Brain is still sending out waves of belief such as worrying about paying bills, what the future stock market will look like, or wondering how this could possibly be true- all of those images will continue to project on top of the image of being wealthy. The image of being wealthy will manifest in your life in some form, but the form will contain the other images woven into the new one. So, things might get a little better, or things might get even worse because you are still allowing more of the old beliefs of poverty intercept the vision of wealth.

This is why the clearing takes some work and time. The work is TURNING OFF the old Beliefs about the condition of the Body.

I recommend that you start using the Sun instead of the Candle. Look at the Sun through some leaves on a tree. This helps to create the photosynthesis process that allows you to move into the Plasma Energy of the Sun-- and it protects the EYES.

Do not look directly at the Sun. Look at the Sun through small areas between leaves on a tree. Practice this until you see a Blue Sun.

Now, notice how that feels. Seeing the Sun turn Blue is caused by a process taking place in the brain. It is caused by moving into the Frequency specific brain and out of the Thinking Brain. When you see the Blue Sun, that is when you place your Image of your Perfect Body in the Blue Sphere. When you see the Blue Sun and close your eyes, you should continue to see a blue sphere inside of your head. You are seeing the Mid Brain in the Blue Sphere. This is the place where you create the image of the Perfect Body.

MANIFESTATION THROUGH MID BRAIN

I have given you some background knowledge of why the THINKING BRAIN- the Upper Cerebellum- the Neo Cortex and the Hypothalamus does not function as a part of the Original Template of God's Manifestation.

We can not use that part of the brain if we want to manifest the Kingdom of Heaven on Earth. We must stay out of that part of the brain, if we want to manifest a new reality, if we want to manifest our true DESIRES.

Now we are learning to move into the Mid Brain- the Frequency Brain in the Six Chakra and in the Pineal Gland. This area of the Brain works on the Principle of Patience. This means there is no time or space here. This means there is no judgement or expectation here. If we bring any of the thoughts, beliefs, judgements or expectations from the Neo Cortex into the Mid Brain, it can not function on the Principle of Patience. And that is why your manifestations can't be created for you.

If you use the new album RE-BIRTH to feel the clearings in your 4,5,6 chakra area and especially in the Pineal Gland, you will have the first experience of the Patience that keeps you Focused within the Mid Brain..

Go to that Feeling or that Frequency within your Mid Brain. Go there without your beliefs and judgments. Go there with your frequencies already melted into the Mind of God. These are the frequencies on the album.

Go into the Mid Brain with your Desire. All you need is to be there with no thoughts from the Thinking Brain and One Desire--Just One.

You give the Desire to the Mid Brain in the Form of Knowing and Gratitude. This means that you say I am Fabulously Wealthy. I have always been fabulously wealthy. I will always be fabulously wealthy. Thank you for my Infinite Supply.

That is the Experience. That is Experience of Knowing that your Desire is Known to your Higher Self and your Higher Self Manifests all of your Desires.

EVERYTHING WILL CHANGE

The years 2015-2017 will produce a more and more accelerated energy state that will allow manifesation to occur faster and faster at whatevery

energy state that you are in.

If you are in the energy state of emotions, those emotions from the neo cortex cellular memory will continue to produce more and more of the emotional dreams from the old realities of the old Earth.

If you are in the energy state of light in the psychic brain through the blue hue and transmutation and in alignment with the Light in the Crystalline Grids rather than the Emotions in the Crystalline Grids you will manifest desires through that light energy faster and faster.

This is why there will be more and more events arising that are completely emotional and conditional in nature that push conditionality to the highest level.

At the same time there will those who are living in the Light energy creating more and more manifestations of the realities of peace and love and supply that they desire.

You are now experiencing the shifting in and out of a new body. Those pillars of light coming up out of the crystalline grids are presenting a choice continuously to choose the light or the emotion, the light or the emotion. The Grids are still full of our emotions and our thinking brain is still full of our emotions. We must learn to not THINK. Every little thought is pulling out all of the emotions from the neo cortex and the Emotions from the Grids. So, this process is more intense than ever.

The points where the crystalline grids overlap with Earth creates a build up of energy called a node. A node feels like a warm blanket of loving energy. Three types of nodes are vortex, portal and vortal.

They are the points of energy that allow our Consciousness to clean itself up and to recalibrate in to a new consciousness.

A portal amplifies Gaia. A vortex is where energies collide and move. A vortal is a mixture of a portal and a vortex.

Nodes absorb energy that is no longer needed.

Nodes represent pure creative energy. The nodes are absorbing the old energy so that the Crystalline Grids can be recalibrated with new energy of new consciousness.

The nodes are actually drilling a hole into the Grids so that there is a new place for the Guardian Races to Plant our new consciousness.

Nulls are pure creative energy. But the magnetic fields of this energy are so overwhelming that it is difficult to live in these places. Most of these nulls are in the ocean. The Bermuda Triangle is one example of a null.

The Crystalline Grids are designed by human consciousness and they are being redesigned by human consciousness as it is changing. When there is enough change in consciousness, a hole can be bore into the grids to allow new energy of consciousness to flow in.

Our bodies work in an identical manner. We can bring in enough high frequencies of consciousness into our Cells to actually bore a hole through them down into the Zero Point. The old DNA then disappears and the new template of DNA appears where the old one once was. The template of DNA is create by pure pre light and sound of the pure Consciousness of Divine Love.

The old DNA was designed by the Thinking Brain sending messages of judgement and condition that caused aging and disease.

We must take the first steps of activating the new DNA by assisting our neuronets and cellular memory in the moving out of the old THINKING

BRAIN and into the Mid Brain which is the Frequency Specific receptor of only the Divine Mind creation patterns of Unconditional Love.

The more we do this within our bodies the more we plug in to those holes that are being bore in the Crystalline Grids that allows new consciousness to flow through.

We are the creators of the Crystalline Grids. They have been filled with eons of emotional consciousness. Now we are being given assistance in clearing out the Crystalline Grids.

It is the Sun who is sending in this new energy. The heliosphere of the Sun passes through the magnetic field of the Earth which allows it to pass into consciousness.

Scientists have created a name for this type of energy. They call it a positron. Scientists have known about the positron for many years, but January 2013 was the first time they saw the Sun emit positrons into the Earth. A positron does not acknowledge any barriers. It is the removal of the veil between physical and spiritual particles.

This veil that was protecting us from the Sun has been removed. If it had been removed at any time before 2013, the radiation of the Sun would had destroyed us.

The reason that this could begin after 2012 is because we were moved into a new energy of consciousness- a new location where we could obtain this new beginning.

The Magnetic Grids of the Earth are related and intertwined with the Physics of human consciousness. As goes the grid so goes human consciousness.

Now the Grids are moving a lot. The Grids are moving to be able to receive information that they could not receive before.

The grids are repostured for something coming to it. An evolutionary energy that is physical. The Earth went into a place in space that it had never been in before.

The solar system is coming out of a protective bubble into a new radiation energy that we have never seen before. The solar system is losing a protective sheath.

The solar system is always in a new period of time and space. But, this is the first time the solar system has moved into a new energy physically. The new energy is affecting the Sun because it is designed to that.

This energy was always waiting here waiting for us to pass the marker. This is an evolutionary energy. It affects the heliosphere of the sun which passes through the magnetic field of the Earth which allows it to pass into consciousness.

This energy is the Consciousness from the 12 Star Systems. The Sun is in a period of Radiance. It is the quietest time the Sun has ever seen.

The guardians cause the Sun to be as quiet as possible because it would create the proper physical arrangements for this energy to come in.

The magnetic grid was changed so that it would be ready for this new consciousness.

The Pleadians have known about this Change for many eons. The fast track engines are affecting the Grids of the Planet. Crystalline Magnetic Consciousness Grids are being fed by the Nodes and the Nulls.

When you Feel a sweet energy wrapping around you like a warm, delicious blanket you are feeling a node and null portal of multi dimensional energy.

The confluence of energy is shifting and changing to affect the DNA. The

DNA is ready to shift and change. You cannot see it in a microscope. What has been termed the Junk DNA has multi dimensional consciousness within and it is ready to receive information from the energy coming from the Sun into the Earth's grids.

The Mothers will receive this energy that will shift their DNA and it will be passed to their children. It will be passed to the new borns and the new borns will be born with the change.

When we Feel a sweet energy wrapping around you like a warm, delicious blanket we are feeling a node and null portal of multi dimensional energy.

I created a set of albums called the Ascension Kit that contains these nodal energies in the Ascension Vortal, Ascension Portal and Ascension Vortex albums. The Fourth album is the Magic Vortal which combines aspects of these nodes and nulls. The frequencies in these albums can be used the same way that they are used by the Earth.

The genesis cells

The baby is born and the nodes and the nulls are feeding in new information into the Earth. The barrier between innate and consciousness is removed. The children will be born with intuition. They will be born tuned in to the Mid Brain rather in to the Thinking Brain. The original Genesis in the Bible said Man is made in the Image and Likeness of God. That is what a Genesis cell is. It is the actual Divine Template of Eternal Life placed within the zero point of the omnions within the soma, within the cell, within the neuronet, which is what the DNA is made of.

The DNA will begin to reflect the Original Genesis when Man was made in the Image of God, rather than the Image of Mortal Man with Sins. The Sins were the creations of the Looping in the Neuronet. That Thinking Brain Loop will now melt away and be replaced by the Light and Sound

Frequencies of the Blue, Violet and Golden parts of the Brain. The Emotions of the Thinking Brain will be replaced by the Light of the Mid Brain in the New Born Babies, and in all of those who choose to go through the Re-Birth Process now.

REPROGRAMMING THE DNA

There is nothing more important than learning to tune in to your DNA through your neuronets at this time.

This process requires attuning your frequencies of consciousness into these Cosmic Aqua firs of Eleisha. This has been called Aquafaria in most of my teachings.

The entire transformation process is a result of bringing in the Frequencies of the Pre Plasma.

What is pre plasma?

It is what stars are made of. Suns and Stars are made of gamma waves which are made of plasma which is made of pre plasma.

Pre plasma is made of pre vapor called hydrolaise which is spiritual water. One step higher in creation is trypolaise- the cosmic spiritual water.

These phenomena are all etheric, spiritual invisible to the five senses.

This is why we are getting help from those on the spiritual parallel planes at this time to help us understand this phenomena.

The main purpose of this training is to learn to focus deep within the cells into the most etheric place that you can image. In this zero point energy center of each cell there is a place that needs to be re programmed. Our

DNA, our cells our neuronets have an old program within them.

We melt away the old programming of the DNA with the etheric vapor that is recorded in this set of music.

And then we replace the programming within the DNA by using this process of taking the divine template that is stored within the etheric water substance within the 8th Sun and within the Earth's Crystal Heart. This Divine Template of Eternal Life programming needs to be placed back into the cellular memory which is the DNA.

The DNA then becomes reprogrammed with the Divine Template within the Plasma Vapor which carries it.

THE IRRADESCENT BLUE BODY MEDITATION

The complete Spiritual body that was lost at birth as a result of the mutations placed in our system eons ago.

That spiritual body may now be retrieved and permanently placed into the body. This is possible for the first time because of the work our Cosmic Dolphin families have completed as they have realigned the electric circuitry system of all light and sound to braid into streams of turquoise and aqua blue light and to become activated by breaths of consciousness of the sounds of our new creation. This spectacular light and sound is streaming down form our family in Aquafaria.

1. Activate the Light Body by first creating a crystal light sphere in the Heart Chakra area and placing a mini-me of yourself inside the sphere.
2. Next let that mini-me grow into the size of your full body.
3. While lying flat on your back in bed place a magnetic shield under your body
4. Send your Light body down through a chamber or tube (riding on top of the shield) down through the Earth's crust

5. Now exhale to send the Light body on down to Earth's Core
6. Push down through the shield at Earth's Core into the LIQUID LIGHT area
7. Ride the shield of the Crystal Light Body down through the Aqua shield and into the liquid light energy field-the atmosphere feels like water, but it doesn't make you wet-you can float on it swim in it, breath it
8. Next- Pull the miniature light body down through the bottom of the liquid light shield and into the Etheric Realm of Earth's Core.
9. Focus attention in and around the miniature Body as it is positioned with the Ethers within the Nadia Crystal there is a translucent iridescent, pastel silver violet frequency chamber. The metallic glitter and sparkle and flicker to define the sphere around the Light Body.
10. Take one step down through this shield and enter a mirror laying flat right at the center of the earth
11. This mirror separates the physical side of earth from spiritual side of earth.
12. The Shield opens and Merges with Spiritual Shield when Spiritual frequencies come into Light Body and Physical body.

The 14th dimensional sparkly metallic iridescent pastel Shield is being pulled into the miniature light Body. Inhale three times to bring frequencies from iridescent shield fully into light Body. Imagine laying your light body flat on the Mirror, become a mirror image of the Spiritual Body, soak it up, become one with it. Feel sensation in physical body of a sparkling light entering right under skins surface when the IRRADISCENT frequencies come.

Inhale the Golden Crystal Body into the Light Body Shield (This shield is like a merkaba vehicle, it is simply a form of moving forms of light energy form one place to another).

Feel the sensation while passing through the mirror membrane of Mother Earth's CRYSTAL HEART.

There will be a sensation of passing through a liquid metallic mirror into a different frequency pattern of less density. In the crystal heart of the Light Body there is a sparkling metallic pastel like glitter of sparks growing into a flame in the center of the crystal heart.

This crystal heart is remembering its ONENESS with the Crystal Heart of Mother Earth. These two hearts- the heart of Mother Earth and the Heart of the Crystal Light Body flame and merge into one new flame of ONENESS. We become ONE with all that Mother Earth Contains in her Crystal Heart.

This glittering metallic rainbow colored IRRADESCENT Shield that has Merged the HEARTS INTO ONENESS replaces the other Light Body Frequency that existed before the merging into oneness with the Heart of Mother Earth.

Once this iridescence of Mother Earth's Breaths of Consciousness merges and ignites with the Sparks of Source in the Crystal Heart, the Sphere of the Crystal Heart grows into Oneness and alignment that allows the Spiritual Body to totally and correctly align into the Physical Body to create a balance of the physical and the spiritual.

Now, slide the new crystal light body down into the Silica Chamber deep inside the Mother Earth's Core.

This is where the original body was created as a Silica Based body before being transformed into Carbon Based matter. Reunite with this Silica Base Energy of Etheric Substance.

Now the physical, spiritual, golden crystal dust iridescent and Silica Based bodies have merged into ONENESS.

Now, we can raise this newly formed Iridescent body up into the original Physical Body and continue to remove all that is left from this third

dimensional density consciousness from it.

Next, see a silver cord of life running from the heart of the IRRADESCENT Body into the Heart of Spirit body.

As the 3D density consciousness is pulled out of the body-the spirit body rises fully into the Body.

Next the Liquid Light Frequencies will be sent from our Sirius Etheric Realms and Aquafarian Etheric Realms to cleanse the IRRADESCENT Body.

Feel a cool sensation of Spirit Body entering in

Now see a pearly white frequency streaming down into the crystal heart. See the pearls of wisdom from all that has been created in this 3D density melt into Divine Wisdom of all that was ever created by Divine Minds. Allow the wisdom from the pearl in your crystal heart to also contain the wisdom of all others on this 3D realm to be melted into the Sparks of Source and melted to be reformed by the pearly white frequency that streams liquid light energy to lift all from the crystal heart to be rekindled into a higher frequency of liquid light frequencies of Galactic and Cosmic Consciousness.

There is a gold and silver light swirling down from the galactic and cosmic realms. This crystal river of liquid light streams clockwise and counter clockwise moving around the IRRADESCENT Body.

A shower of pale green liquid light from our original Aquarius realm along with a turquoise light from our Sirian Dolphin family streams down through the chamber from above and goes all the way down through the IRRADESCENT Body, Light Body and Spirit Body and on down into Earth's core. The body and mind are cleared of all of the worlds old movies.

The Physical Matrix responds and returns Blue Turquoise Rain upwards through the bodies and up into the sky. Mother Earth has stored this Turquoise Essence Deep inside her for millions of years. This is the essence of the Dolphins, the Aquafarian memory of all that we once were. This Aquafarian Essence has remained perfect for over 18 million years.

You are now being reborn from the Eighth Dimensional Mintaka of gold and silver light with streams of Aqualene pale Green running down the chamber and turquoise blue running up into the god and silver moving clockwise and counterclockwise.

The LIQUID LIGHT CLEANSING continues over and over

The cleansing can be placed on automatic pilot to continue all night long as you sleep

In this healing state we reach the zero point. This is the state where our physical manifest and spiritual body have become one.

Before there was one Merkaba spinning faster than the other—the spirit was spinning faster than the physical manifest.

Now, the two merkabas spin equally-at zero Point.

When the top and bottom of the Merkabas spin at an accelerated speed but at the same speed always in opposite direction at this point there will be no differential field between them. There will tilt between them. The new angular rotation of particle spin can merge into Oneness.

To get the Spark of Source- the Illuma Un spark.
Inhale from tail bone collect metallic sparks back into tail bone feel warm sensation.

Inhale from CRYSTAL HEART a light from tail bone comes up to CRYSTAL HEART and then sparks ignite all cells to spin into crystal cells as the elementals breathe their creative activity to reform the white light body from the inside out. The little entities of light are reforming the body as the spark of source ignites and streams out through the crystal heart, down to the tail bone area, down into and beyond the bottom of the feet and then back up through the legs as the realignment and transformation is completed. The spark simultaneously ignites all of the cells to be reformed into their crystalline structure between the crystal heart, the thymus, up through the neck and into the brain area, and on up into the co-creative realm, about 36 inches above the head.

Transcendence into Etheric Substance. This is the truth that sets us free. Eternal life is made of etheric substance process of ascension is transforming the body into etheric substance – creating the light body.

RE-BIRTH ALBUM

Dr. Angela Barnett

In order to open up to the Mind of God into the neuronets governing the molecular structure of the body begins with realigning the 4th Chakra- the Heart's Magnetic Field into the Golden Spiral of 14th Dimensional Frequencies running through the 5th Chakra in the Throat and connecting the Frequency Specific Mid Brain- Pineal and Pituitary Third Eye- 6th Chakra into the Fifth and Fourth Chakras in order to open up this flow of Consciousness that has been cut off from the 5th Dimensional Frequency in the Throat.

The thymus gland in the throat area connects to the Seed Atom which connects to the back of the neck into the Medulla Oblangata. That is where the flow of Consciousness connects directly into the Mind of God in the Violet Pink White Light 15th dimensional Cosmic Consciousness.

So, when you listen to these songs, please focus on feeling the frequencies running through these areas in you heart, throat, mid brain, between the ears and out the back of the neck area.

This is clearing the flow into the Mind of God and removing the stream of Consciousness from the Thinking Brain in the Upper Cerebellum that only holds the old Karma- the old Emotions of the Old Life History.

Now we are moving into the New energy of the Light Body within the Physical Body.

The Frequencies of the 15th dimension flowing through the Seed Atom and the Medulla Oblangata connecting directly to the Mind of God is the pathway to becoming Christ Consciousness walking on Earth with complete Sovereignty of Reality.

Listening to this Album will result in a complete clearing of the Heart Chakra to remove the old Mortality Loop that did not connect to the throat and pineal gland correctly.

The Frequencies come from the Akashic Tear Drops containing the Spiritual Liquid Light of Transformation which contain the Divine Template code within them which restore the codes of the original Angelic Human.

All of these clearings allows the Crown Chakra to open and connect with the 12 dimensional frequencies of Christ Consciousness. This is the first step in preparation to become Christs walking on Earth.

The diagrams on this page are to help guide you to where the work is being done in the flow of energy between the 4-7 chakras.

The diagram shows the part of the brain that contains each of the blue energy, pink white light and golden frequencies.

Blue or ultra violet blue energy is the energy of transformation.

This is gained by moving Consciousness completely into and beyond the Gamma Waves of the Sun. Once the Consciousness moves through the gamma into the pre light and sound the eyes see a Blue Sphere connecting into the sixth chakra area- the mid brain.

This transforms the flow of information to begin from the Mid Brain instead of from the Thinking Brain in the upper cerebellum.

This turns off the thinking brain.

After the thinking brain is turned off, a new path needs to be created from the Mid Brain down the Golden spiral into the throat and into the Heart.

After this pathway is cleared, a new pathway into the neuronets is created to stream consciousness from the pink silver white (violet area). This is the Medulla Oblangata connecting to the Seed Atom within the Thymus.

The new information needs to begin to flow into the seed atom and transform the old information into the new Eternal Life Programming.

Each song in this album turns on one of the functions of the new transmissional system.

The information system that used to come from the thinking brain in the upper cerebellum is being turned off and the new frequency specific mid brain is being turned on.

REMEMBERING OUR ORIGINAL PERFECT SELF

Dr. Angela Barnett

Re-Birth into our New Eternal Life Body requires Re-Cognizing, Re-

Aligning, and Remembering the Original Divine Blue Print within our Cells, within our Seed Atom, within our Neuronets. It is now time to unplug the old system that contains a system that wears out and plug into the Mind of God, the Higher Self of the Sixth Dimension. This is an Eternal Life Program that creates Youthing. This means you can stop your aging process and begin to choose the age that you wish to return to. This new structure allows you to TUNE IN to your molecular structure and direct the Akashic Tear Drops of Liquid Light Energy to fill the cells with the Divine Template of the Original Man made in the Image and Likeness of God.

As you listen to each of the songs, you will clearly FEEL the activation taking place within each indicated chakra area. These activations are a process of returning the Divine Codes that were removed from each of chakra areas.

SONG 1--The first step of the process requires the opening of the Path between the left and right ears through the mid brain. Symptoms of not having this pathway cleared will be ringing and buzzing in the ears and painful headaches resulting from surgery in the mid brain performed by your multi dimensional gelaisic selves. If you have already had these symptoms, the pathway between the ears can now be tuned up to connect your hearing into your Frequency Specific Mid Brain. SONG 2- a. Opens the Neuronets into the Consciousness within the Sixth Chakra. b. Reconnects the flow from the Mid Brain- Sixth Chakra into the Neuronets through the Seed Atom within the Thymus of the Fifth Chakra and then

into the Crystal Heart in the Fourth Chakra.c. This pathway opens up the Seventh Seal into the Cognition of the Multi Dimensional Self of all knowing.SONG 3- Activates the Seed Atom within the Thymus in the Fourth Chakra to remember the original Divine Blue Print. These activations take place as the Breaths of the Pre Plasma Light and Sound are being moved through Consciousness to activate this area.SONG 4- After the path is paved within, the Seed Atom connects into the multi dimensional self through the HOOK UP POINT - the Medulla Oblangata at the base of the SKull contains the Frequencies of the 7th Violet and 15th dimensional pink silver violet frequencies of Consciousness flowing through the Seed Atom and the Medulla Oblangata connecting directly to the Mind of God in the 15 dimension.

These activations take place as the Breaths of the Pre Plasma Light and Sound are being moved through Consciousness to activate this area.SONG 5- Opens telepathic communication with the Higher Self.SONG 6-- Allows a clear flow of frequencies through all of the neuronet passagesSONG 7-- Creates a Strong connection with the Fifth Sixth Chakras to connect the Frequencies of Consciousness of Sixth Dimensional Higher Self into the Golden Consciousness in the Throat which opens the pathway into the Seed Atom and out into the Violet Silver Pink 15th dimensional Transformational Consciousness of the Mind of God.SONG 8- Clears the pathway of the Heart through the Seventh Chakra at the top of the head to clear the path into the 10-12 dimensional consciousness.SONG 9- Focus on the Sixth Chakra and look into the Eyes of your Higher Self through the Blue Sphere. Look out from within your Mid Brain out your Third eye and see the Ultra Violet Blue Sphere of Transformation. This is you -your higher self you.SONG 10-- Continue to focus on the Blue Brain and realize this is the Sixth Dimensional Higher Self Consciousness connecting you through the Veil into your Transformation.SONG 11- De Polarization. This brings in the complete

alignment of the Spiritual Divine Blue Print into the Neuronet.SONG 12- Fourth and Fifth Chakra. Connecting to the Magnetic Flow of the Crystal Heart of Divine Love to bring Eternal Energy through the Golden throat out into the Violet Pink White Light of the Cosmic Light.SONG 13- A complete clearing of the Old Brain Reality.SONG 14- Opening the Heart into the Divine Love of Infinite Compassion. Feel the Magnetics in the Heart creating a sweet flow into the Neuronets.SONG 15- Complete Tune in to the Mid Brain to activate communication with the Sixth Dimensional Higher Self.

MAGICAL RE-BIRTH into Mind of God

In order to open up to the Mind of God into the neuronets governing the molecular structure of the body begins with realigning the 4th Chakra- the Heart's Magnetic Field into the Golden Spiral of 14th Dimensional Frequencies running through the 5th Chakra in the Throat and connecting the Frequency Specific Mid Brain- Pineal and Pituitary Third Eye- 6th Chakra into the Fifth and Fourth Chakras in order to open up this flow of Consciousness that has been cut off from the 5th Dimensional Frequency in the Throat.

The thymus gland in the throat area connects to the Seed Atom which connects to the back of the neck into the Medulla Oblangata. That is where the flow of Consciousness connects directly into the Mind of God in the Violet Pink White Light 15th dimensional Cosmic Consciousness.

Re-Birth into our New Eternal Life Body

http://store.kagi.com/cgi-bin/store.cgi?storeID=6FGAR_LIVE&page=RE-BIRTH_ALBUM&lang=en

A true Master can create anything they desire by simply holding an image or idea in the Mind of God--not in the Thinking Brain- in the Mind of God.

The Mind of God is the Frequency Specific Brain. It only manufactures reality when the idea is created in Consciousness. Consciousness is Frequency or Energy. The Rule of Creation is Consciousness plus Energy equal reality. All reality is created through the Consciousness creating an Idea and holding it in the Frequency. What Frequency? The Highest Frequency.

How do we get to the highest frequency? You can use the Merkabas to spin you into the second and third and fourth and fifth harmonic universes or you can connect your lotus blossom into the Cosmic Matrix or you can walk into the full light spectrum within the candle or you can walk into the Sun.

Each of these requires that you move into the Complete Light of All there is by walking through the Veil of Light into pre light and pre sound. This is the manifestation center. When you hold the idea in the Mind of God- on the other side of the Veil, you will fall into a Trance or a state of hypnotism. That feeling is the feeling of moving into the spiritual side of reality. It is a move in frequencies of consciousness moving you into Cosmic Consciousness and beyond into the White Light. When your consciousness touches the Gamma Waves and beyond, these 8th dimensional waves connect with the fifth dimensional waves and they create phonons which is the energy required to melt away the old DNA and allow new DNA to be created.

When the Consciousness connects with Infra Red Light that frequency creates a negative of the picture. The Visible Light develops the picture.

However, all of this light processing that is required to develop the picture or idea that will manifest into the movie of your new day must be created in the highest frequency because that is where the white light flashes into a new hue of ultra violet blue.

When you move consciousness into this frequency lab to develop your film in your movie projector, you don't need to think about how these things are done. All you need to do is keep your thoughts in the light energy and keep them in the highest frequencies that you can.

If you can just keep your consciousness centered in the Frequency Specific Brain and stay out of the Thinking Brain that guides you in your normal reality, you are on the right train track.

However, you must become willing to be AWARE of how often you think during the day. You must be willing to realize that each and every one of those thoughts is creating your day. If you want to create a new type of reality, you must stop thinking about those things of the world. The

thoughts in the thinking brain will just keep you in the old Net Earth, while the Frequencies of the Blue Hue that is manufactured in the White Light will allow you to float into the Aurora Earth of infinite possibilities.

The neuronets attached to the Thinking Brain are full of attitudes and judgements that keep them going in circles. Only Masters will move to the Mid Brain for stimulation. The masses will always need to have the environment give them their entertainment and inspiration. The masses do not know how to find inspiration within the Consciousness of Reality.

As long as the mind stays centered around the things of the world, those same things will just continue to manifest as the realities that appear around you. If you stay focused on the Highest Frequencies and the Infinite Magical Realities that you can create just by holding the dream of Fabulous Wealth or Magnificent Freedom, or the Perfect Light Body, your life will become magical.

The Mid Brain is the place where we can go to be free from emotions. It is the place we can turn to for the renewal of a higher magnitude. We can become free from judgements, conditions, emotions of fear, pain, war while we remain in the Mid Brain. We can live in a reality where we no longer manifest those conditions and emotions into our reality.

There might still be those in the mass consciousness that manifest that type of a reality around them, but you will not be able to see it or be a part of it any longer because the reality that you create in your mid brain will be the only reality that exists. The Mid Brain is the Holy Place that only allows Unconditional Love to create your reality.

PATIENCE

Patience in the Great Work does not mean long suffering and waiting for a long time. Patience is a term that describes a dimension that holds itself in

a timeless space. This timelessness includes the highest frequency of Eternity or the Mind of God.

The aspect of the brain that holds patience is the Frequency Specific Mid Brain. The Neo Cortex loops into the hypothalamus which gives long term memory is not capable of the patience that exists in a timeless space. The thinking brain always places a judgment of final analysis on each and every thought process which locks out timelessness.

This means that each time you move into the frequencies that place you in the trance state and you hold the desired dream in your mid brain frequencies, you must make sure that you do not change your dream by taking conditional thoughts over the top of the dream that you just created. Every time you take a thought you are carving away a piece of the perfect dream that you created. So, you could create your manifest reality in the dream state and then un-make it during your day time thinking process.

Once you create that dream you must hold it within your mind continuously for several days. You must go through this process of training the brain to work this way because you have spent an entire lifetime living under the control and judgement of the thinking brain which is helping create the exact world that you do not want to live in.

All memories that have been stored in the hypothalamus contain long term memory with judgment woven into them. If we create our reality through the process of this judgment, our experience in life will only contain other people judging us and controlling us. think about this -- we are judged by our education system. The entire reality of education is to grade students based on a judgement. Most people think this is a good thing because it is the only reality that they know.

We have created a world where we judge others races, religions , creeds dress styles. hair styles, color preferences, as well as five million other

items each day. And then we go to church to repeat the fact that thou shall not judge.

Judgement is a sin because it allows your thinking brain to be the god of your reality instead of the Mid Brain which is in fact the Mind of God.

There is only one way to stop judging others. That is by moving out of the thinking brain and into the mid brain of patience. The mid brain is the psychic brain. It does not analyze, judge, think or place conditions on reality. It only gets pure information through the highest frequencies of consciousness. The sender and receiver of ideas and desires is this frequency specific analogical mind which creates all desires that it receives in pure form. It creates and manifests all desires. It is a creation machine.

It won't create anything unless we use it correctly. It is our sender and receiver of manifest reality. It creates all desires. It gets pure information from the Mind of God and allows that information to be known to you.

The Mind of God is your own personal neuronet and DNA connection into all that is a part of you. It connects to all of your Souls, Over Souls, Rishi Selves and Avatar Selves to allow you to connect to the knowing of all that is to be known.

The Mind of God gets its information in a pure form and then presents it to you. And then after presentation it is broken down into its analysis of how you want to receive it and store it as memory.

The mid brain does not think. It receives pure data, pure thought for coming in from infra red fields and visible light.

When you receive pure thought and then think about it, you will negate it. If you accept the first impression into the mid brain you will receive it. It comes from a stream of consciousness that is outside of the neo cortex-

outside personality. The mid brain sends through a web of consciousness. It sends thought without judgement.

Judgement will alter the information sent by the mid brain. When we analyze a thought with the thinking brain we change it into a limited image that is different than the pure thought sent by the mid brain.

When you create reality, when you contemplate in the pause, the information is sent out through the mid brain. Never take pause unless we reach a final analysis.

And when we achieve that Frequency connection in our bodies we gain the Eternal Life where the sixth level elementals are continuously re-programming the nano second rebirth of every cell in our body and transmitting correct information for the constant rebirth of all of the neuro structures of the body.

I go through that process in great detail in the ETERNAL LIFE WATERS SET.

Now, that we are being given this gift of the Fifth Dimension, we will need to learn how to TUNE IN TO IT. We must raise our frequencies of hearing and seeing. The Frequency Music itself does this. It actually tunes you in to the Blue Hue which also tunes you in to fields of light that are in the Invisible Light Spectrum that you have never seen before.

You can build on this new ability of going beyond the Veil of the Senses by doing the Candle Process that is described in the CANDLE LEVITATION DVD.

TECHNIQUE THREE

READING THE BACK OF THE CARDS

Pick up a Card. Look at the card with the numbers on the back of the card

facing away from you so you cannot see them.

Place your mind back into that state of consciousness that caused the room to turn black. Return to the Dark room of the Mind of God.

When you look at the card in this state, you are going to learn to see the numbers on the back of the card rise up above the card where you can see them.

The reason that this is going to happen is because when you are in the Mind of God you are in a frequency with out any electrons creating negative and positive charges. You have moved your consciousness beyond electrons into the pre light and sound of anti matter. This is where the frequency of the positron is created. The positron moves through physical surfaces as if they don't exist.

For instance, when the Sun sends a positron to the Earth, the positron saturates into the Earth and then moves through it into its Anti Particles.

You have learned to take your consciousness beyond the light into the pre light of creation. In the Mind of God all reality is in a sphere of 360 degrees. In this sphere you can see an entire sphere around you. You can see what is in back of you and in front of you at the same time.

When you look at the "playing card" cross eyed, and in this anti matter of the dark room, the card will seem to disappear and the numbers that are written on the back side of the card will rise up and turn around so that you can see them.

When you can train your consciousness to do this, you have crossed the Veil into the Mind of God.

The Master of the Ancient Mystery Schools could master this discipline by reading the backs of an entire deck of cards.

When you can read the back of the card, you will be ready to manifest anything your heart desires instantly because you will be removed from space and time and you will be continuously in the Mind of God.

This is where you must be in order to manifest.

When you have mastered that discipline, you would be ready to begin the discipline of levitation and bi-location on this planet. This also opens the veil for continuous communication with anyone in the universe.

REVERSING THE PICTURE

The Hologram of the Spiritual Body is a Negative because it is in the Anti Particle Universe. In order to make the Spiritual Body turn around and look into your eyes you need to use this Infra Red Frequency that creates the negative of the negative and makes it into a positive. The Anti Matter is like a Photo Development Lab.

There is nothing more important in the Ascension Process than becoming One with your Spiritual Self by walking through the Veil of Anti Matter into the Cosmic Soup of transformation and into the White Light of the original Source of Creation.

The preparation for the Course in Manifestation would be the background knowledge that was in the last two workshops that were given. Those were the Ascension Program and the Manifestation Workshop.

If you would like to catch up on the information from those workshops, you

should at least read

12DNA Music of the Spheres, Ascension Program from the Diary of the Cosmic Twins

<https://www.createspace.com/5202011>

, and the Quantum Science of Manifestation and Ascension.

http://store.kagi.com/cgi-bin/store.cgi?storeID=6FGAR_LIVE&page=QUANTUM_SCIENCE_INSTANT_MANIFESTATION&lang=en

THE PROCESS OF DEATH AND HOW TO REMOVE IT FOREVER

The process of death includes the three items that you just learned how to remove in the three techniques.

When you die, the secondary consciousness gets unplugged, the soul leaves the body and then the body becomes the infra red body.

The techniques teach you how to plug the secondary consciousness in to the neuronets of the body so that they cannot be unplugged. The body becomes one with the infra red body, so when the soul wants to leave, you are already in your infra red body. And third, your soul will not want to leave the body because you have plugged into the Excitement of Experience without condition as long as you remain in the Frequency Specific Mid Brain.

CHAPTER ONE

WHY AREN'T YOU MANIFESTING YOUR HEART'S DESIRES?

The worst thing that can happen to you is for you to think that you just can't seem to manifest and yet you think you are doing it correctly and you just keep doing it in the same old way and it just never works. After you know the reasons that you are not manifesting your heart's desires every moment of every day, you can begin to remove those reasons.

Now you have a choice to continue doing it the way you have been or look at the reasons why your method might not be working for you.

One fine morning you are going to create the image of your desire without any conditions. This will happen because your focus is crystal clear. You will be completely disconnected from the Thinking Brain and you will be completely present in the Feeling of the Highest Frequency.

There will be nothing besides you, and every omnion in your body, every neuronet in your body, all of the DNA in your body, and the entire sphere of consciousness 8 meters around your body being will be filled with the omnipresence of the Mind of God.

You will be in the Mind of God when you are in the Patience of no time in your Psychic Brain which is your Mid Brain- Pineal and Pituitary glands functioning as the Movie Camera that creates that desire and creates it through the webs of light and sound in all dimensional realities simultaneously.

You will learn to wake up each morning and create the exact reality that you desire. The reality can be anything that you want. There are no limitations in the Kingdom of Heaven.

Why is it so absolutely imperative to learn to Make God's Movie before Fall 2016? Because this is the moment that there will be enough Light in

the Crystalline Grids to allow those who are living in the Light to Shift completely out of the World of Emotions.

The Crystalline Grids have been accumulating emotions from everyone on Earth for the past several millions of years. Now, with the help of our Guardians and Star Families, the Light is being returned to the Grids. Once there is more Light than there is Emotion, the entire Consciousness of the World will shift.

However, each individual will have some amount of the Emotions left within them. The amount of emotions left within them will be the amount of connection that they still have to their Thinking Brain.

Those who have moved into their Psychic Brain will be completely tuned into the Light. Those who are still tuned in to the Emotions will be living on an island by themselves because that Reality will no longer be on the Movie Screen of those who have moved into the Light of the Grids.

When the Grids were full of emotions, man was metallic or Carbon Based. Now, when the Grids are full of Light, man will become the Golden man or the Stardust based man. This Stardust is the 12th dimensional consciousness or the Universal Consciousness of the new Universe.

The human being will still be the form that contains the density of the hertzian frequencies; however, the complete light spectrum will also be present within them. They will become a being of Light rather than a being of Emotions.

That is what a Fifth Dimensional Being is. A being who is living in the Consciousness of the Full Spectrum of Light and Sound or the Mind of God where the Omnipresence of Light Energy saturates the Cells, the Nueronets, the DNA with the Unconditional Love of Instant Manifestation.

Those who have learned to shift their minds into the Light and out of the

Emotions by learning to maintain Focus within the Mind of Patience where there is no time or space will completely shift into the LIGHT of the Crystalline Grids and become free from the Mortal Mind.

The years 2015-2017 will produce a more and more accelerated energy state that will allow manifestation to occur faster and faster at whatever energy state that you are in.

If you are in the energy state of emotions, those emotions from the neo cortex cellular memory will continue to produce more and more of the emotional dreams from the old realities of the old Earth.

If you are in the energy state of light in the psychic brain through the blue hue and transmutation and in alignment with the Light in the Crystalline Grids rather than the Emotions in the Crystalline Grids you will manifest desires through that light energy faster and faster.

This is why there will be more and more events arising that are completely emotional and conditional in nature that push conditionality to the highest level.

At the same time there will be those who are living in the Light energy who are creating more and more manifestations of the realities of peace and love and supply that they desire.

WHY CAN'T I MANIFEST ANYTHING?

Why isn't this happening? Because we keep processing the film through the judgement of the Thinking Brain. How often do you use your Judgement? Everytime you think there is a mis spelled word in this article. Everytime you tell me that you can't read my article because the spacing is incorrect. Everytime you think that this process is too difficult to learn. Everytime you think that there should be a simple step by step list to

follow. Every time you search for the name of a song. Every time you want to know which one is best for you.

Do you see how all of these things involve judgement? This is judgement in a different form that fools you into believing that you are not spending your days in your judgement brain. Having thoughts about the value of my music. Having thoughts about deciding when you can afford to do something. Having thoughts that have anything to do with physical phenomena and how it relates to anything else is a judgment.

You do it all of the time. It is the curse of our Neo Cortex. It is the process of thinking that was placed within us so eventually we would get so sick and tired of it that we would return to the Mind of God.

But, if you prefer the world of judgement, you don't have to leave. We are always given this choice of freedom.

The Mid Brain sends and receives frequencies of consciousness that are purely detached from conditions and judgements. The state of hypnosis is the state of ISNESS. I'm not talking about the way hypnotists use hypnosis. Most hypnotists are not separated from the neo cortex at all.

The energy and trance field of the mid brain is much more dramatic and powerful than the thinking brain or neo cortex.

When you move yourself in to the frequency state of the pure thought, the pure desire, you will move into the trance of that thought several times a day.

When we move into the hypnotic trance, we move out of emotion and into the light and sound of pure clarity of the highest frequency. We must move out of emotion and out of judgement and out of the thinking brain. We must move into the light- the frequency, the sound of pure patience, the highest frequency of pre light and pre sound. The place where the picture

is developed. The place we take our consciousness when we see and feel the Sun turn blue because we pulled our consciousness through the light and over to the other side of the light spectrum.

When we move out of emotions and into the clarity and focus of the trance, we are then in the state of patience.

Once we arrive in the state of patience, we can manifest our heart's desires instantly. When we send the desire in its purity and clarity in the state of patience, the idea is received instantly. The moment the idea is received by Divine Mind, it is instantly created, manifested and projected on the movie screen. this is how we MAKE GOD's MOVIE.

Why do we need to move into the Trance State of Patience? Because we must be removed from the Loop of Time in order to manifest. Time is not a Reality in the Land of Manifestation. When we are in patience- time stands still - it stops. We might be in the state of patience for a minute, or an hour or a decade, because there is no measurement of time in this spectrum of light.

We must move into the new time where all things exist simultaneously. We are actually shifted into the no time where the desire already exists.

It doesn't matter how outrageous your desire or dream is. All things are possible in the Mind of God. All realities already exist. There isn't one reality that is more difficult to receive than another. The only difference is whether the creator of the desire remains in the state of patience and does not create limitations on the outrageous desire while maintaining focus within the trance.

The limitations are added when time, space, events, people are added to the dream. Why? Because all of those things require TIME and time does not exist in the place we go to manifest.

Before we can begin the process of manifestation, we must be in the trance state of no time where there are no people, no things, no events included in the desired manifestation. We must be in the Outrageous No Time of the Land of AWE in order to live in the continuous state of instant manifestation of every desire.

This brings us back to the Rule of Let Go and Let God. Many think that we should just remove ourselves from our lives and allow God to make all of the decisions. Well, this is true. However, most people are always making the decisions in their thinking brain and then thinking about what it was that God did.

And that also leads us back to the rule that says when we manifest we must be willing to let God manifest it the way he wants to. Well, that isn't exactly correct. If the person doesn't know that they must move out of the thinking brain and into the dream state of patience to be within the Mind of God who does the manifestation, the person is just going to think that what ever happens the next day was the way God wanted it to be. That way of thinking has absolutely nothing to do with manifestation through the Mind of God.

The manifestation will be exactly what you desire. It is not like God will only give you what you need and not what you want. The fact is God is going to give you your desire in a form that is so far beyond what you imagined it to be that you will be in awe. So, just know that this is true and live in the gratitude of knowing that God knows your desires and will create them in the twinkling of an eye.

Those who read some metaphysical books to help clear their minds and then begin thinking about the way they would like the day to unfold is a beginning step in understanding how to get to this place of instant manifestation. But, it is only the first step.

It is always necessary to begin each day by creating your day in the loftiness and splendor of divine expectations of the most outrageously glorious events that could possibly take place. You might align your mind into this creation by reading some metaphysical books by Joel Goldsmith. The metaphysical books do have the potential of helping bring you into the trance like state. However, they also include explanations that can lead to conditions which can lead to judgments which put us right back in the thinking brain again.

My rule when I read Goldsmith's books is to look for the passages that are in italics because those were the original channeled messages. The rest of the book is talking about the channeled message. The talking about something gets us back into the neo cortex.

Of course, this is true of this book as well. There is a lot of thinking and judgment that goes on as we figure out how to do the manifestation process. So, go through and figure it out, think about it, outline it and then put away the thinking brain while you gaze at the Sun.

Your only responsibility to be in the Highest Frequencies when you create your desire. Move into the frequencies using the Sun or the Candle or other techniques that work for you. However, make sure you are in the Highest Frequencies.

There is a technique that is used by New Agers that is called a stair step where you create the feeling that you are taking little steps upward first with the right side of the brain and then the left and then the right. This is a part of that old belief that you can break up the polarity of the neo cortex loop by doing this.

The only thing that happens when you move into the right side for a moment and then the left side for a moment is an old education trick that makes you think you are more creative when you are on the right side of

the brain and more logical when you are on the left side of the brain. Neither one of those realities has anything to do with moving into the Mind of God or into the Highest Frequency of Light and Sound.

But, if you want to continue using those old techniques it is o.k.

TRANCE SENDING STATE OF TRANSCENDENCE

Regardless of the claims made about the chronically diseased state of the body by the medical professionals, the truth is that when the picture of the perfect, ageless, whole body is held in Patience, there will be a Spontaneous Remission or Instant Healing of the body. The body will become the reflection or image and likeness of the picture held in the Mid Brain. New images can be sent and received in an instant to replace the old claim, that is the way the divine program works.

We have a built in wish machine that we are all born with. We can have a perfect body. We can have instant healing. All we have to do is become the Master of the Formula of Patience.

Transformation occurs through mental and physical Transcendence. Trance-Sending that takes one out of the Physical and into the Spiritual Body and then returns the de-polarization of the spiritual and physical so that they become one.

We must learn to move into the realm of the remarkable. We must learn to awaken each morning into the loftiness of infinite and instant manifestation. We must learn to do the same great works as Jesus Christ (Jeshuwa ben Joseph) and all of the other Masters from the Mystery Schools and the Far East who were taught to do these works and who have lived within higher dimensional fields of the Earth for millions of years.

We are being given the exact same formula that Jesus used. Jesus did his work when he lived in the world of third density. Now, it is time for us to do the greater works than he did in the fourth density. The works will be much Greater and there will be a million times more Masters on Earth performing these works than during the time of Jesus and his Disciples left their footprints.

We will learn to feel loftiness, liberation, and the sovereignty of the normal life of a Master. However, the first steps of transition into this life style that allows us to do the work is a great amount of work to do. Most people are not accustomed to having to work this hard in order to learn something. This mastership of the old ways of life require a great learning process. It isn't easy because we have been programmed to live in a way that is completely opposite from this new way.

An individual's reality is a reflection of what they think. We think images and movies that we didn't even want in our reality. There is no law that says we have to do that. However, when we place ourselves in the Thinking Brain, we are automatically in the Loop of Judgment that the vesica pisces loop in the neo cortex creates. This loop only allows us to re make the old reality over and over again with even more judgment looped into each time.

We can only create our desired reality when we move out of the old house of images that we Think are the only reality and world that exists.

It is time to learn that there are infinite realities to choose from. We can move into a new version of reality each time we have a desire. We no longer need to be stuck in the infinite loop of mediocrity.

This is not the only world that exists. There are infinite parallel realities created by each one of us that reflect the desires that we have placed within them. We do not need to share our reality field with others who do

not share our desires.

The move is very short. It is the move from the neo cortex down to the mid brain. All we have to do is move few inches in order to change the world.

We must learn to spend more time in the hypnotic trance of the mid brain than in the Thinking Brain until the Thinking Brain finally stops its loop of judgment.

When we can learn to maintain a state of high hypnotic ability, we can manipulate the body out of disease and into radiant health.

We can create a miraculous life of perfect health, instant manifestation and dreams come true when we master the art of patience in the state of hypnosis.

Everyone has the ability to master this art of healing and manifestation of anything including Eternal life.

The only reason that the masses of the world will not become interested in this tool of manipulating reality is because they are so hung up on their own ego and personality within their neo cortex. They believe that the development of the brain to hold all of the data of the textbooks and science books that give them their high scores on their SATS, GATS and IQ's and the amount of language and math formulas they can accumulate equate mastery. They will continue to believe that is true for another generation or two until they realize that the rest of us create whatever we want without going to school.

CHAPTER TWO

REMOVING DEATH FROM YOUR MOVIE

Dr. Angela Barnett

Crystal Magic Orchestra.com

What is Shifting?

What is Eternal Life?

What is Ascension?

How do we ride on space ships?

How do I stay in the body and move to the next body all at the same time?

We are moving into a time where many people on Earth will be creating a new version of reality.

The reality will depend on how often they create their reality from their old neuronet, that is woven through their neo cortex Thinking Brain that just keeps re making old realities into emotions that must be turned into light and transformed: and, how often they create their reality from their new neuronet that is woven through the frequency specific mid brain into the secondary consciousness, that creates reality from the infinite unknown source of instant manifestation.

Those of you who are working with the techniques in the Course on Manifestation are learning how to move into the Host Body. That would be where your Soul goes when you die. However, you already know how to merge into oneness with your host body, so your Soul will have no need to leave your body, so you can not die.

You have been given the technique of Trancing out into your Mid Brain and moving into the Secondary Consciousness when you go to sleep.

This means you can no longer be unplugged from your Secondary Consciousness because you have already plugged it into your neuronets.

Everyone has a choice. They can just continue living the way they are or they can transform the process of their life style.

In the new version of reality, every time an old emotion arises, it will be taken up into the plasma light of the 8th dimensional sun energy and melted into a new light energy.

Those who choose to do this with their emotions will be keeping their energy for eternal life, those who do not OWN THEIR EMOTIONS, will be leaking their energy, so that they do not have the light energy needed for eternal life.

Imagine a car. It has an engine. It runs on gas. The gas is creating energy and then when it is used up it creates exhaust fumes. In the body, those exhaust fumes would be the energy of the body leaking out. In the car, there must be more gas poured in. In the body, there needs to be new food put in the body because it leaked out old emotional energy.

Now, imagine there is this car that runs on an energy that immediately keeps remaking itself by turning the plasma into the pre plasma of a vapor substance that is then densified into more plasma and the car runs forever.

This is exactly what we do with the body. We can now begin to run on the plasma body. That is the spiritual body that we don't see now, but we can learn to see it. We can see that body and move into it by using the atomic mirror technique.

If we practice doing this now, we don't have to die in order to do it. If we learn how to move into this infinite supply of plasma and pre plasma now, we don't need to become vaporized when we die.

This is what happens when we die.

First, the secondary consciousness unplugs itself from the body, which also unplugs the neo cortex, so the brain flat lines.

This causes the Infra Red body which is the Blue Body or Plasma Body to appear.

The Soul turns into vapor and moves out the top of the head and then moves to the ceiling and looks down at the body.

It looks down at the body and decides if there is any reason to return to the body.

The soul can return to the body at any time. It can be a few minutes later, or even several weeks later, if it chooses to.

I know this is true, because I watched my husband's soul return to his body more than a month after it had left his body.

The soul decides if the body is searching for a new experience.

In the case of my husband, his consciousness was busy flying through the cosmos looking for experiences in every doorway. He was so busy looking for excitement through inner experiences, that his soul stood by and waited for him to return to his body by bringing his secondary consciousness back from the infra red into the hertzian body.

This was one of the first examples of how the process of dying has been changed.

In a normal death, the secondary consciousness leaves, and then the soul leaves as a cloud of vapor and rises through the top of the head and

moves into the infra red body.

However, if we have already moved into the infra red plasma host body by practicing the atomic mirror technique,

--And we have already plugged into the secondary consciousness by activating the frequency specific mid brain and plugging into the violet brain in the lower cerebellum, and plugged into the waves of the brain that allow the violet brain to journey into the cosmos at night and to return safely with new memories that plug your neuronet into a new reality,

--And, if we begin to communicate with our Soul in order to inform it that we have already chosen to move into a continuous new Experience that is Unconditional,

When we can prove that is True to our Soul, then and only then, can

There be no more death.

If we program this reality into our neuronets and into our Soul now, the process of death can be de-programmed from the Soul.

If this process is completed now, the Soul will not leave the body, because it knows it is already in the Infra Red Body and it knows that all of your experiences are coming from the unconditional love of the mid brain.

The Soul no longer sees your body as a place that has run out of experiences and leaked out all of its emotions. The Soul sees a body that has owned all of the emotions into a knowingness of light energy and transformed the emotions into new light energy.

When the Soul sees this happening in the body, it will never leave.

When the body is transformed into the infra red host body, it can continue to live as a Christ walking on the Earth for thousands of years.

When we learn to move into our plasma host body, plug into the secondary consciousness and trance out, we can then float out the window at night and be taken onto space ships.

After we practice doing this during our sleeping hours enough times to create a path in consciousness, our bodies can transform into the stardust that rides in the Blue Plasma Body on to the Space ship.

My husband needed to do this in order for the Sirians to re plug his new plasma body back into his hertzian body that could remain on Earth and also orb back on to the ship in the future.

THE FINAL ASSIGNMENT OF the COURSE IN MANIFESTATION is to explain how you have prepared your secondary consciousness, your mid brain, your soul and your plasma host to become de programmed from the process of DEATH.

CHAPTER THREE

THE POWER OF POSITIVE THINKING

There are many other manifestation courses that have been on the market for several decades. Most of them focus around the idea of magnetizing to you those things that you desire or holding a positive thought in your head that will magnetize a positive outcome in your life.

There is nothing the matter with this type of manifestation. It involves the

exact same process as going to school, getting good grades and getting a job that reflects the level of education that you got.

Both of these processes of manifestation are based on the Thinking Brain- the Neo Cortex. Both of them are based on re-manifesting a thing that already exists in the Loop of the Neo Cortex. Both of these processes utilize the Emotional Brain and the Emotions in the Crystalline Grids.

The manifestation process that uses the Mind, but doesn't inform you about which Mind you are using is just another continuation of the old programming that is designed to keep man in the Emotional Grids rather than shift into the Light Grids of the Aurora Earth and the Kingdom of Heaven on Earth. The old manifestation methods utilize the Metal in the Grids while the new manifestation method uses the Gold in the Grids.

The Power of Positive Thinking is completely about creating Conditional Reality. The very act of creating a Positive Thought instead of a Negative Thought is placing a Condition upon it. The title has three words in it that are very enlightening. The word Power is a condition, the word Positive is a condition and the word Thinking tells us that we need to be in the Neo Cortex.

Manifestation requires Purity of Focus where there is no power, there is no judgement of positive or negative and there is no thinking. There is a Desire and there is the Light Energy or Frequencies of Consciousness and there is the Trance State that is caused by the High Frequencies shifting Consciousness into a New Version of Reality. The rest of the Movie Production is done by the Mind of God.

In our moment of clarity we move from the Thinking Brain into the Mid Brain. There will be no Analysis or thought in the mid brain. There will only be that pure, clear unconditional concept that we desire.

The one giving the desire is yourself--your higher self. Your self already knows what you want. You don't need to place conditions or analyze or process the data. The frequencies of creation create the Pure Idea into Pure Form.

When you are in the hypnotic state and you fill your consciousness with the highest frequencies of the Cosmic Consciousness, you will feel lifted as if gravity disappears and you are levitating. This is the feeling that precedes a manifestation. It shows that you have made the connection to the receiver.

There is a state of knowing when we move to the mid brain and in that state you create the focus and in a moment you receive that focus and the rest of the day will be the unfolding of the morning's manifestation clearly and miraculously.

Trance, Patience, Hypnotism and analogical mind are all the same thing. It is a dimension of No-Time or Timelessness where messages are sent and received through the highest frequencies and transformed through infra red and visible light.

The infra red acts like a digital camera. It processes a picture or desired image EXACTLY like a digital camera. It creates the negative of the picture and then the visible light processes the negative into a visible reality in the dark room of the Mind of God.

This camera works correctly to create any desired reality when a person creates the desire in clarity and focus and unconditionally.

Of course, these are all just words until the individual goes through the experimental process of manifestation through the mid brain.

First, we must make sure we are creating the desire in the Mid Brain and not in the Thinking Brain.

Second we must know how to activate the mid brain with frequencies and how to move into a trance state.

Third we must know how to hold a picture of a desire in the mid brain in focus and clarity.

Fourth, we must realize to never place conditions on the desired thing such as time, place, events, people, etc. The manifestation only takes place if it is unconditional.

Fifth, we must hold the focus within our mid brain that maintains such a high frequency that we feel like we are levitating.

Six

We must begin each day by thinking Lofty thoughts of Sovereignty and Enlightenment such as

I am living in the Kingdom of Heaven

I am living among the loving, kind, respectful children of God

I am the original perfect man of God's creation

Everything that God has is mine

I am God

I am that I am

I am created in the image and likeness of God

I am the original man of the 12 DNA template

I am Christ walking on Earth

My day will be filled with meeting Entities from Christic Star systems who will Guide me on my journey.

I will be invited to ride on the StarShips of my Family from Pleiades and Sirius.

I will meet entities of light today including fairies and entities in Orbs

I live move and breath Divine Love

I am vital, strong, energetic and ageless

I live and move and have my being in the Mind of God

I am the image of Divine Love, Truth, Substance, Supply Intelligence, Life and Christ Consciousness.

My cells create a brand new body every nano second.

My cells contain the codes of Eternal Life.

TECHNIQUES

We do techniques to raise frequencies such as the journies on the meditation kits, Eternal Life Water Sets, Ascension Formula, Lift Off, Merlins Manifestation.

The frequencies in these meditations lift consciousness into the place where the journey takes you. The journies guide consciousness to move into the spaces where the higher frequencies can be accumulated and layered in to multi dimensionality.

The Trance state can be obtained by moving consciousness into the light of the candle or sun or by creating a long tunnel of light in front of your head and walking down the tunnel into the light at the end of the tunnel. At the end of the tunnel there is a Diamond Door. When you walk through that Diamond Door into the Mind of God you then see the Blue Hue. This

Blue Sphere becomes visible in front of you. This means you are within the Mind of God.

The Trance state needs to be obtained by accumulation of Frequencies of Light and Sound because it is a state of light and energy connecting into the complete Mind of God in the most inner domains of Cosmic Consciousness.

Moving into Focus is moving into a Holy and Pure Place

Your Dreams come to you on the condition that you create them in

When we create we must make sure that we do it without doubt, disbelief, unworthiness, lack or fear. When we can create our dream in focus and in purity within the Holy and Pure Place within the Dimension of Patience or Timelessness, the dream will appear as we originally designed it.

Why do we need to be patient in our manifestation?

Patience means one fine morning you will create your dream- your desire- without any conditions. It will be the clearest morning of focus that you have ever had. In that moment of clarity you will move out of the thinking brain and into the mid brain and there will be no analysis of anything.

HOW TO MANIFEST PERFECT HEALTH

Send to the body the image of perfect health. Say, I am made in the image and likeness of God. See your image glowing in light. Do not create conditions in your image, just see yourself glowing with light. See the vision of Beauty. This doesn't mean that you need to see an exact beautiful princess with long blonde hair. Just holding the idea of perfect, beautiful and glowing with light and knowing that you are created from the template of the Divine Mind is enough.

Allow that image of the perfect idea to pop up in your mind several times a day until the image stays in the mind continuously. That is when the image will develop and the film will appear before you. Your mind works exactly like a movie camera. You must create the movie in your mid brain and then project it out on to the movie screen which is the radial body around you. This is in actuality what we see as our reality every moment. We create this reality.

Each day you will hold this image longer and longer and each day that you hold the image in purity of patience and focus, the body will become more and more like the image. The next morning the image of your body will begin to resemble the image of purity even more and as that image develops just like in the movie development of the negative into the positive, the body will transpose into that picture. That is how spontaneous remission or instant healing is accomplished. It is usually done by a Spiritual Healer holding that image of the perfect body through the highest frequencies of Consciousness until that new version or reality manifests. The transformation begins the moment the image is held in focus within the highest frequencies.

We must be willing to hold the image of the well body, the healthy body, the ageless body in the mid brain. Only then can the picture move in the mid brain and instantaneously the bio energy that surrounds the body and nurtures the carbules that hold together the skeletal structure of the cells will all be a different frequency or a different version of reality.

Consciousness and energy are instantaneous. They don't need to go anywhere. They are instantly present.

When we move into the sacred place of focus in the mid brain of patience with the pure whole vision of the perfect body, the unconsciousness and energy of the higher dimensional transformation begins and transposes

the body from the inside. The vcells begin to communicate and create a brand new pattern of a body based on the stardust formula.

There is one remedy for all that might be ailing you. It is to stay in the Mind of God. That's all we have to do. When we stay completely in the Mind of God, the body will heal instantly. When we stay completely in the Mind of God, we will manifest our heart's desires instantly.

Many people work hard to stay in the Mind of God by reading metaphysical books or listening to angel messages. These remedies do help a great deal. They help because it causes people to be more in the Mind of God.

Most people do not stay in the Mind of God. The Mind of God is simply the Frequency Specific Mid Brain. It receives correct pure data directly from Source and delivers it into the neuronets of the body.

There is one little obstacle to this process. It is the Neo Cortex- the Upper Cerebellum- the THINKING BRAIN. That brain contains old data that is not pure. The old data contains Judgements. The Neo Cortex has a loop within it that creates a judgement field.

While the person who is trying to keep his or her Mind on God and connect to the Frequencies of Source Consciousness, the Neo Cortex is Fighting the Process. The Neo Cortex sends a flow of poison into the Mid Brain that pollutes the efforts of creating the Body that is in the Mind of God.

In order to heal or manifest, all we have to do is stay so completely in the Frequency Specific Mid Brain that the Thinking Brain can not enter in to the process of manifestation.

I have been going through a challenge this week that has allowed me to see how this process works. Several days ago I ripped something in my

back when I was lifting a heavy object incorrectly. It was so painful that I couldn't sleep, I couldn't move, I couldn't think.

So, I went through this process of moving completely into the Mid Brain with my Frequency Music to help hold me within this Trance Like State that connects me completely into the Realm where I could be a RECEIVER of pure energy. I would reach this state of Purity, where there were absolutely no thoughts coming in except visualizing my body as being a perfect body of light. I would feel brand new. It did not hurt to move in bed or to bend down and pick something up. The pain was completely gone.

And then I would have one little tiny negative thought about something and I would go right back to the way I was. And then I would go through the clearing again and it would feel like I had shifted into a brand new body.

But, one little negative thought would come in and I would shift back to the other body with pain. It became very obvious that I was shifting back and forth between two different bodies. This is a sign of the times. We are in such a fluid state of Consciousness now that we can actually see the two different realities side by side. One reality is within the Consciousness of the Mind of God. One reality is within the Neo Cortex- Mind of Man.

This is an excellent opportunity for me to see and realize how often my mind strays back into the old thoughts of the Thinking Brain. I am very motivated to stay in the Mind of God where the Perfect Body always exists.

The purpose of the TRANCE album is to PARALYZE, TRANCE OUT and HYPNOTIZE the Neo Cortex, so that it just can not create Judgements. It

becomes completely dysfunctional. It begins to allow the pure truth from the Mid Brain do the THINKING.

It is important to practice moving the Consciousness completely into the Full Light Field along with the Cosmic Frequencies in the music until you reach a TRANCE state. The Trance state means that you are moved out of the Neo Cortex and into the Mid Brain. When the Desire is placed in the Mid Brain and help there in complete purity, the desire will manifest.

However, if any ideas from the Neo Cortex pop in unexpected, the pure body will not be so pure any more. The Mid Brain is a movie projector. It projects out the reality that is placed in the Mid Brain.

I am not talking about placing thoughts in the Neo Cortex and projecting them. This is what people have been doing for thousands of years. This is what we need to stop doing. We need to create the image in the Mid Brain and melt away all images from the Neo Cortex and Never let any of those images enter into the picture.

That is it. That is all we have to learn to do to heal ourselves instantly or to manifest instantly.

It sounds easy. But, we might not realize how often those thoughts from the Old Brain are distorting our perfect picture. We are flipping in and out of different versions of ourselves, as I have experienced this week.

We are all doing it. You may not have such a dramatic pain to measure the difference between the God Picture and the Man Made picture and all of the millions of different versions in between that are being created by the thinking brain.

TURN OFF THE THINKING BRAIN

Dr. Angela Barnett

Your bodies might be reacting to the great change in the flow of energy from the Crystalline Grids. There is a great change going on right now. The old flow of energy from the Grids holds our old emotions. Your THINKING BRAIN also holds your emotions.

We must begin to stream PURE LIGHT ENERGY into the Grids the same way we stream PURE LIGHT ENERGY into our Mid Brain. Where do we get the pure light energy? By moving into the Full Spectrum of Light until we see the Blue Sphere. This turns on the Phonons in our bodies which can then create the Corrected Electromagnetic Molecular flow into the neuronets.

When that corrected flow of light energy from the light energy of the Mid Brain is turned on we can also turn on the connection to the Light Energy in the Crystalline Grids. When enough people on Earth TURN ON THEIR LIGHT, the old emotions in the Crystalline Grids will evaporate.

But, we must turn off these emotional grids in our bodies first. We must DISCONNECT from the old THINKING BRAIN and move into the Frequency Specific Mid Brain-the Pineal Gland-- the Sixth Chakra.

The old thinking brain- the Neo Cortex- the upper Cerebellum contains the LOOP that keeps spinning those old beliefs into the cellular memory. Those old beliefs of disease and the inability to heal disease are in the loop that keeps them alive in the Neo Cortex. The old beliefs of death. The old beliefs of age.

There is only one way to get rid of those beliefs. We must move out of the Thinking Brain and into the Mid Brain COMPLETELY.

We can't let any of those old thoughts from the thinking brain come into our PURE DESIRE that we paint in our Mid Brain.

We move from the Thinking Brain with the Emotions and Beliefs into the FREQUENCY BRAIN where there are not thoughts or beliefs telling us that such a reality exists.

The process of healing, youthing or manifesting of any reality requires you to stay in the Frequency Brain and stay out of the Thinking Brain.

You can get into the Frequency Brain by listening to the Re-Birth Album. You could strengthen that connection to your Frequency Specific Mid Brain by moving your consciousness into the Candle Flame or into the Sun while you are listening.

Keep working on moving your body completely into the Candle Flame or into the Plasma Sun until you have moved into the Full Spectrum of Frequencies. This is when you will see the Blue Sphere above the candle or you see the Sun turn Blue.

This is the evidence or proof that you walked through the Veil. The Veil is the place that you move your consciousness through when you see the White Light turn into the Blue Hue. That is the proof that you went through the Veil.

Moving through the veil means that you have moved into your Spiritual Body. This allows the connection of your Physical Body and your Spiritual

Body. The Blue Sphere is your Fifth Dimensional Spiritual Body. It is your higher self Sixth Dimensional Self as well. It is all of your Multi Dimensional Selves. It is your connection with the Mind of God.

Now, maintain that vision of your Blue Sphere within your Mid Brain. See the Blue Sphere when you close your eyes.

Do not begin the Manifestation or Healing Process until you can see the Blue when you close your eyes and when you look at the candle or the sun.

Now, close your eyes. See the Blue Sphere. Now, inside of the Blue Sphere, see the desired reality and state the reality. I am a Perfect Body. I have Perfect Health. I am Christ Consciousness holding the oneness of my Spiritual and Physical Body. I am the Perfect Original One created in the Mind of God.

You must hold that vision in the blue sphere continuously. Know, that when you see that Vision of your Perfect Body, this is the REQUIRMENT that allows your Higher Self to Create that REALITY for you.

Your Higher Self can only manifest in your reality field that which you have already desired as a creation through your Blue Sphere in your Mid Brain.

If you continue to allow OLD EMOTIONAL BELIEFS of a body that is not perfect in your Mind - in your Vision that you project into your Blue Sphere-- your Higher Self is seeing this as the DESIRE that you are wanting to become manifest. Your higher self can only manifest that which you project into your mid brain movie screen.

If your body is not youthing, it is because you are still holding the old image of a fifty year old body instead of a thirty year old body and you are not saying I am thirty years old in a perfect body and seeing that image in your blue sphere of light energy. YOU must hold the image of the NEW YOUNG PERFECT BODY MORE STRONGLY than the image of the old you.

This is how Healing is done and how Youthing is done, and this is how Manifestation is done. Healing is manifesting the desire for the image of the Perfect Body.

The purpose of the Music that holds you within the Mid Brain and in the Thymus and in the Crystal Heart is to get you to move OUT OF THINKING BRAIN with those Old Images.

It is that Thinking Brain- the Neo Cortex that HOLDS ON TO THAT OLD IMAGE.

That is what the thinking brain does. It just reprocesses over and over an old idea that came from beliefs placed in the Consciousness of the society.

THE PROCESS

As you go through this process of shifting out of the Thinking Brain and into the Neuronet that connects you into the Mind of God, you will need to create a list that will help to guide your new thinking process. You will need to watch your thinking and watch how your thoughts are creating

your reality each moment of everyday. This will guide you in creating a list of what you really want to create in your day and what you want removed from your day. As you go along in this process you will realize more and more things that you want removed from your movie of reality.

There is more to the process than just manifesting a pile of money. You need to learn what is inside of your thoughts that is making you believe you are not worthy of a pile of money and transmute those beliefs out of your mind. You must find out if there is any fear connected to any of your thoughts that might be blocking the manifestation.

There are a million reasons why you might not be manifesting that pile of money. It could be because there is something in your mind that is still relating to the belief in time. Or it could be something in your mind that is still relating to the belief in government and taxes. It could be a belief as simple as connecting times, places and events to the desire for wealth. Each one of the beliefs that surround the desire for wealth could be de-manifesting your desire faster than you are creating the manifestation.

This is the first step that we must take before we can manifest. We must transmute all of the beliefs that are being held in the Thinking Brain. The fastest way to do that is to just stay out of the Thinking Brain completely by filling your Consciousness so full of the Highest Frequency that none of those lower frequency thoughts can enter in. But don't deceive yourself. Those thoughts are going to fight hard and long to continue to manifest in your movie of reality.

First, you need to know and realize and believe that you are the only creator of your reality. What you experience in your day is created by you. However, it is not the you that you want to be. It is the you that has been programmed into your thinking brain without you even realizing it. All of the beliefs that you rationalize as the good, the true, the proper, the

correct are all CONDITIONS of reality.

The Mind of God which is the Psychic Brain of Creation can only create UNCONDITIONAL REALITY.

These are brand new ideas that you need to spend a lot of time thinking about until you don't need to think about them any longer. Only then, can you even begin to consider moving out of the Thinking Brain. If you are still being brain washed by your religion that certain conditions are good and other conditions are bad, you are going to have an impossible time removing yourself from the Conditions that will not allow you to manifest.

If you are still being brain washed by your education system that you need Conditions, Logic, Emotions, Judgements, Rationalization and you need to grow in your ability to Argue and Debate Facts from Fiction you may as well forget about this Course. You will be remaining in the Grids of Emotions and in the Thinking Brain that will never manifest any new desire.

The more that you stop using the Thinking Brain and spend that time moving your consciousness into the light of the candle or the light of the Sun and moving into the Full Spectrum of Light energy until you ignite the spark that creates the Blue Hue, the faster you will move into the Light and out of the Emotion.

These are first steps. You must do the first steps or you will just continue to manifest the same old reality that you created yesterday.

The hardest part of this course in manifestation is ADMITTING that these things are true. Your world is created by you and no one else. I know that it is always difficult to swallow that accusation that we are the creators of all of those people in our version of reality who judge us or hurt us or treat us with no respect. I know how hard that is to believe. I also know that

when your mind gets crystal clear and you do begin manifesting with the mid brain, that it becomes very EASY to realize that those old movies that you were creating came directly out of your own Thinking Brain.

We will soon realize that we are the Movie makers. The only way that our seeming reality seems to manifest as our experiences is directly from and through and to each individual's own movie projector and movie screen around their own individual radial body.

We are not actually in other people's movies. We are only in our own movie. However, we have never taken the time to remove all of those people from our movie that we don't want in it. That is the only reason those people who run the government and create wars are in our movie. We just haven't taken the time to remove them. We can't remove them until we are ready to become our own government and create our own reality. We have the ability to create a complete world unto ourselves. That is how normal reality works. We were just never told how to create God's Movie before.

We cannot create a movie of any kind using the Neo Cortex. That part of the brain only recycles old movies of realities that you saw on your movie screen because they were left over in your old cellular memory which is you Akashic Records within your Neuronets.

We cannot start this process of manifesting through the Mid Brain until we become so tuned in to that Frequency that we learn to feel as we connect consciousness into the all of the Music of the Spheres. This means all of the spinning of frequencies at faster and faster rates of spin. For instance, the gamma wave spins much faster than the hertzian wave and the silver pink light spins even faster and when we spin all of those spheres of light energy together we pop out of the light and into the pre light and sound of creation energy. We pop out of the Veil and into the Cosmic Soup and into

the Void of Infinity. When we turn around and look within we then see the Blue Hue. The Blue Hue is the manifestation of a new reality taking place as a result of moving into all of the Omnipotence of God's Light and then looking back to connect the spiritual light into the physical light and remove the polarity or separation of spiritual and physical

Manifestation happens because we move into the Spiritual Light where all creation takes place. The more we practice the Candle Technique and walking into the Sun, the more familiar we get with that Feeling which is a Frequency. At some point in time you will learn to instantly connect to the Feeling of that Frequency without needing to do the process of walking into the Sun each time.

When you can wake up in the morning and immediately access that frequency and immediately focus on the reality that you want to see unfold in your day, that will be the day that you are living in Patience. You have removed the polarity, the time and space and your new reality can begin to manifest through the light and sound of creation.

You will wake up just saying Thank you Father, I know that all of my desires have already been created because you know what I desire even before I do. I thank you for knowing my desires so completely and perfectly. I am excited to experience this wonderful reality that you have created in this Frequency of Abundance.

In this statement there is no condition placed on the desire. There is only gratitude of knowing the desire is already manifest. Therefore the desire will manifest instantly.

When I was working on my Dissertation to obtain my Doctoral degree I was having some problems with my Committee who decides if I can graduate or not. I asked a Practitioner for help. I was given this great formula.

All I needed to do was hold the Vision in my Mind that GOD ALREADY GRADUATED.

I was granted my Doctorate the next month.

This formula worked because it was a knowing that as God, who we all are, all things have already manifested. All we need to do is know that we are God. We become God by moving our Consciousness into the Omnipresence, the Omniscience, the Omnipresence of the Full Spectrum of Light and Sound of All that Is. When we are in this Psychic State of Light we Know that we are already fabulously wealthy because God is Already Fabulously Wealthy.

So we have this formula.

I am Wealthy.

I am perfect health.

I am a genius.

I am the master of manifestation.

I am healed and restored.

I am ageless.

I am ten years younger

I am levitating.

I can move mountains.

I am God and God already manifested a Perfect Kingdom of Heaven.

CHAPTER FOUR

WE ARE THE CREATORS

Dr. Angela Barnett

We are the creators of our mind. We are the law givers to our reality. Every thought that we create dispenses our reality. Every thought that we make formulates the reality that we create. If we don't like our reality, we must learn to create differently.

We are the ones who judge our reality. As long as we are using judgement, we are trapped in the loop of the neo cortex, which is the Thinking Brain.

We cannot be free to create a different reality, as long as there is any judgement involved.

As long as judgement of anything is involved in our thinking process, our reality will be full of people who judge us. The more we get wrapped in the loop of thinking things like "I don't know why that person has to be so stupid, I don't like the way that person talks, I think the President is Illuminati, etc., etc., we are wrapping our own reality into a process which will create versions of people who match those thoughts exactly.

The more we judge every moment of our day to day experience with the insensitivity that does not include the empathy that allows all people to have their own version of reality without judgement, the more our life will be filled with people with the same insensitivity that we created them to be. Those who judge you wouldn't exist unless you held a judgement in your neo cortex.

Guess what? That is all the neo cortex does. It is a judgement machine.

The only way to stop judging is to get out of the Thinking Brain, because it has a judgement loop in it.

We must learn to move out of the neo cortex and into the Mid Brain or Psychic Brain, which is Frequency Specific. That means it does not gather data through judgement. It means it is a part of the brain that only uses the pure consciousness of frequencies. These frequencies come from Divine Mind. These frequencies form into the realities that are presented as our activities of our day.

The Mid Brain is the movie projector. It is the sender of the realities that are projected on to the movie screen of our daily creation.

When we learn to stay focused within the Psychic Brain of Frequencies, we are creating our DESIRES that we want to Manifest through our Movie Projector which is the Mid Brain. Only then do we begin to create a Reality Field that does not contain Judgement.

What is Judgement? Anything that we have an opinion about is a judgement. Anything that we compare is a judgement. Anything that we believe is the Correct Belief is a Judgement.

Basically, everything that we THINK is a Judgement. And it is the judgement that creates the polarity of the spiritual and the physical. Polarity means separation. The Spiritual Frequencies are trying to Create the perfect Desire while the Neo Cortex sends ideas with Judgement loops into the perfect desire. That is what creates the polarity or separation between the PURE IDEA that you want to manifest and the Distorted Reality fields that loop themselves into the Pure Idea that you are trying to Focus on.

Think about this paradigm in this manner:

I am holding this Desire of being wealthy in my head.

I am creating this picture of a person who looks like me sitting in a yacht that is full of gold coins. I am seeing the yacht parked in the Caribbean Sea and I see Dolphins jumping along side of the yacht.

THIS IS THE INCORRECT WAY TO MANIFEST because it contains people, things, events, places, specific locations, tangible elements, and hundreds of tiny little beliefs and judgements within it.

In order to manifest a NEW REALITY, the desire must not be SPECIFIC in form. It must not contain physical circumstances. It must be purely SPIRITUAL. That means it must be created from the Frequencies of Consciousness that do not contain third dimensional restrictions.

The Divine Mind can not create anything when we place those restrictions upon it. The Divine Mind creates through Frequencies. It creates through the INFINITE IDEAS that already exist in the ETERNAL MIND of the Infinite Unknown.

The Desire of riding on a yacht with a pile of gold with dolphins swimming along side can only come from the NEO CORTEX because it is made of ideas that have a judgement placed upon them. The idea of the yacht contains the judgement of being a rich person. The pile of gold contains a judgment that there is value in the gold. The dolphins imply that we know the location.

The Mid Brain Movie Camera can not produce a movie that is made of the light and sound of the Cosmic Frequencies of the 14th dimension woven into the infra red frequencies that contain the negative of the picture that develop themselves through the frequency of the visible light spectrum if and when it has LIMITATIONS PLACED UPON IT by the Thinking Brain of Judgements.

The only way that the Mid Brain can produce the Desire of Wealth is to

turn that desire into a symbol that does not contain specific conditions. The symbol must be unconditional. We could use the symbol of a dollar bill sign, however, we don't even place the meaning of money within the symbol.

We must create that symbol and hold it in the Third Eye. See it with the Third Eye. Don't forget that the Third Eye is FREQUENCY SPECIFIC.

This is why we use the Candle Technique or the Sun gazing technique to find that FEELING of the Frequency of the FIFTH DIMENSIONAL BLUE HUE. That Blue Hue represents the fact that you have taken your Consciousness through the Veil of the Full Spectrum of Light Consciousness into the Realm of Creation. Your Mid Brain took a picture and the flash was a blue hue of transformation.

It is only in that blue hue of transformation that can remove the electrons from the formula. We must move consciousness beyond the electrons because the electrons contain polarization of negative and positive.

We had to move consciousness beyond the polarization of electrons that contain negative and positive signals. The Mid Brain cannot create a new movie as long as those electrons are in the screen.

We do not create the Vision of the Desire in the Thinking Brain. We create the Vision of the Desire in the Mid Brain or Third Eye and we create it in the Frequency of the Blue Hue. That means that we are on the other side of the Veil creating a bi-location of our spiritual self and our physical self and all of the realities that exist between.

So, now, in the movie projector, all of the pure light and sound energy or ideas from the entire Cosmos exist as potential opportunities in the creation of your Wealth.

Now, God can create for you the Kingdom of Heaven where anything is

possible. This is the rule of creation.

We don't just get a yacht and a pile of money. We get the kingdom of heaven. We get it all or nothing.

We can now begin creating each and every day filled with the Bliss and Wonder of the magical creations that are a part of this Spectacular Wealth that we have desired.

We must live in this state of excitement and wonder. We must live in the moment to moment desire, excitement and blissful expectation that is just like a child waiting to find out what wonderful wish is wrapped inside the present that is sitting under the Christmas Tree. Within that excitement is the bliss of knowing that something wonderful will happen and there is also an inner gratitude of knowing that Santa Claus always brings wonderful presents that make our dreams come true.

It is that state of excitement, bliss and gratitude of knowing the absolute fulfillment of the desire has already been granted in ways beyond our wildest imagination that allows the manifestation of the idea that was sent to the Divine Mind within the Focus of the Mid Brain to become visible upon the movie projector so that it can manifest into the spectrum of reality of the movie screen within the radial body that is in a sphere around the physical body. There is actually an individual movie screen where all of our seeming realities are projected from the film that we call life.

This is how we MAKE GOD's MOVIE.

TIMELESSNESS AND PATIENCE

This act of Manifestation requires PATIENCE. Patience is a metaphor for a New Paradigm of Understanding. Patience does not exist in Time. Patience is Timeless. Patience only exists in the frequency specific brain.

That is the part of the brain that only receives pure messages through light and sound frequencies of consciousness. We would call this a feeling of knowingness or intuition. When the message is pure, there is a complete knowingness that comes in the form of a picture in a dream.

The message comes to reveal a truth that was not known before. Once that message is held in the movie screen of the Patience long enough, without interruption, it can then be projected onto the movie screen of the world that we see around us. That movie screen of reality that we wake up to in the morning is only a reality because we choose to experience it.

Patience is a Freeze Frame that is held in a place where there is no time. When we create our dream in its perfection and hold that dream in a focus and clarity continuously, we are in the state of patience.

Patience only exists outside of times, places, people, things and events. When we hold a thought for manifestation and we dream it into being, that thought can not contain times, places, people, things and events. It must be a dream of unconditionality in the freeze frame of patience, if we want the reality to manifest in its purity.

This does not mean that we cannot manifest a lot of realities that are not pure. We do that all of the time. We hold a desire for a few seconds and then we spend the rest of the day coating it with conditionality in the thinking brain and it results in the same old movie that we produced the day before with a tiny speck of the manifest desire underneath the filmy surface.

This creation process is exactly what is needed to allow the NEW EARTH to manifest. As long as all of the old realities are held in the mind, those old realities will continue to manifest as the movie that you see all day.

When you create a new movie without any of those Conditional Beliefs

from the Neo Cortex, you will be making the movie of the NEW EARTH. The NEW EARTH is the Aurora Earth. That means it is in a Cloud Like, etheric state of reality. It is the place where the Cloud People, the Aquafarians, the Fifth Dimensional families from Inner Earth, Crystal Cities and thousands of other sets of friends and families already live.

We can shift to that Aurora Earth by shifting into the Mind Brain which only experiences the Cloud Like Etheric Dream state as reality. That new reality can not be produced in its perfect state until there is no more of the Old Earth that will continue to exist in the Judgement of the Neo Cortex.

So, here we have a choice to make. We can continue to live in the old world that is created by the pictures of man created reality in the Neo Cortex, or we can move to the world that is created by the Mind of God reality in the Psychic Brain.

When you create God's movie, you are creating a new reality that contains brand new versions of people, brand new versions of the structure of government, brand new versions of how wealth or income is distributed. You become the God of your Creation, the God of your Kingdom, when you use the Formula of UNCONDITIONAL LOVE.

All reality must be produced in the movie camera of DIVINE LOVE. You are the movie writer and producer. Your mid brain is your movie projector. That is the Frequency of Consciousness that holds all within the At One Ment of the Consciousness of All that is. Within that Field of Consciousness there is no Condition.

Conditions only exist where there is judgement. The only place that creates judgement is the neo cortex.

Anything that you can create without judgement becomes unconditional and then it becomes a part of the new reality.

Learn more about the Manifestation of the NEW REALITY by taking the MANIFESTATION WORKSHOP or reading The Quantum Science of Ascension and Manifestation by Dr. Angela Barnett. These are at crystalmagicorchestra.com/books

HOLY PLACE OF DIVINE FOCUS

Patience is that holy place of divine focus where nothing can enter in that will distort the purity of the manifest desire. Love is the frequency that holds all in side the At One Ment with the Divine Mind that allows only the pure thought to externalize.

Patience is Unconditional. Thought is Conditional. We can only manifest through Unconditional Love. There must be no condition of time, place, event, people or things. The desire must be pure in unconditional love.

First, we must get very serious about what we want to manifest. When we hold that idea in the mid brain, we can not add the time that we want it to manifest because there is no time in the law of God. Once our thought is pure, the manifestation will be instant. As long as there is any of the time frame entering in from the neo cortex, the manifestation might take a long, long time because it is being wrapped in the film of time.

We must not add any parameters to the idea that we deisre. The idea must remain in the focus of patience which means unconditional. If any condition of any parameter of Third Dimensional confinement is added, the idea will not manifest in its pure form. In the instant that any parameter enters in, the desire is removed from Patience, who is timeless. It has

been removed from the Unconditional Love that manifests instantly.

When we add parameters, we carve away the original idea. We carve it down like a tree into a totem pole. It becomes so unlike what was originally desired that the manifestation will just appear to be the same old day as every other day with just a little variation in events.

If we want to create a brand new reality with a brand new desire, we can't mix it up by allowing old toxic judgements from the neo cortex to drip into the frequencies of consciousness of pure form.

Those toxic judgments place the desire in a cloud of toxic waste much like the oceans of California. First, there was this clear blue ocean of unconditional love filled with ideas created by the Cetacean Nation. However, man created an idea in the neo cortex of how much more valuable the ocean would be if it was used as a garbage disposal for the oil that can create incredible amounts of wealth. Do you see how the original perfect idea can become completely wrapped in a film of conditions?

PURITY

Once we hold the image of our desire, we do not deviate from that image by allowing several other images to pop in and interrupt the picture within the patience of the focus.

We cannot allow any judgement, expectation, or any other common thought of the day to break the focus of the desire. The desire must be held within the timeless consciousness of Patience. The desire must be created from the light and sound of the complete Cosmos. The desire must be created in the gamma waves of the Sun. The desire must be created by moving completely into and through the Sun beyond the gamma waves into the pink silver light and then into the white light. The

mind must become saturated with so much of the highest frequencies of light that the light transforms consciousness and moves it into a higher dimension.

Remember the first step in activating higher DNA? We must first melt away the old seals between the DNA. We melt those seals away by moving beyond the electrons which hold negative and positive charges. The place where there are no electrons is a place that is being created by the Sun allowing the Heliosphere to move into and through it. The Heliosphere is the Heliotalic silver pastel light waves from the highest band of the Cosmos.

When we move our consciousness into and through the Sun we are connecting into this 14th and 15th dimensional frequency of creation. When we move through the outer veil of the cosmic waves we merge completely into the white light of the Mind of God.

When we do this we create a pathway in consciousness from the Mid Brain, which allows the fifth dimensional consciousness all of the way into the Sun, which holds 8th dimensional frequencies. When the 8th dimension of gamma waves weave into the fifth dimensional consciousness the phonon is born within the neuronet of the DNA. That phonon of pre light and sound is what melts away the seals between the DNA.

After the seals have been melted away between the DNA, the pure Consciousness can pour into the soma of the cell and line it with the Divine Template of the Mind of God. The zero point of the cell is completely re-programmed by the Divine Template that ignites when Consciousness moves through the veil of the Cosmos into the Infinity of the Mind of God.

That Mind of God in its Eternal Infinity is then woven into all of the DNA.

We don't count DNA. The strands of DNA are 12 strands of Consciousness that are purely etheric. They are the strands of Consciousness that weave the neuronets into the Cosmic Neuronets of the Divine Mind.

Now, the Mid Brain is saturated with this Cosmic Consciousness that is held with this infinity of knowing everything instantly. Once we hold our Focus in that absolute place which is found by traveling through light and sound through the Universe and Cosmos and beyond. That Focus places the Psychic Brain into a Trance because the Consciousness is Bi-Locating in the higher dimensions, in the Mind of God, in the Creation Playground and in the Cosmic Soup where all Masters play in the rainbows.

When we reflect upon the dream during the day, the image must appear in the mid brain without any thought taken in the Thinking brain. It must Flash in as a picture created from the light and sound of the pure frequencies of a brand new idea.

When you move to the mid brain, you are in a hypnotic trance. If you are not in a trance like state that makes you feel lifted above the body, you have not yet connected your consciousness within the blue hue that takes you to the other side of the veil. You must first connect to the light and sound frequencies of the Consciousness beyond the Sun and stream that dimensional energy into the mid brain in order to place your mind in the trance of Patience.

You can't just go to the mid brain until you have had a lot of practice connecting into it through the light and sound formulas that have been given. The Mid Brain is called Frequency Specific because it only responds to frequencies, and it only creates when it is at one with the highest frequencies of Source. And it is only in those highest frequencies of Source when you have taken your consciousness into the full spectrum

of light and moved to the other side of the veil in order to remove the separation of the physical and the spiritual.

The techniques given in this training use the light in the candle and the plasma in the Sun along with codes and frequencies in the Re-Birth Album, Eternal Life Album and dozens of other collections of Frequencies that have been a crucial part of the transition of the Earth's Consciousness field back into the new Cosmaya of Eternal Life.

The Frequencies that we have recorded at Crystal Magic Orchestra.com will allow you to move your consciousness directly into the mid brain and make the connections in consciousness to all of the dimensions of consciousness within the Cosmic Matrix held within the Mind of God.

The music allows you to melt away from the physical into the spiritual where you become hypnotized into a new dimension of consciousness that doesn't need the physical to exist. The physical realm is just a result of the moment of excitement created by the flashing of consciousness. It is just a continuation of nano seconds of flashing ideas on a movie screen. The true creation is going on in the Mid Brain and the Mind of God. We are just experiencing one dimensional aspect of that cosmic movie.

We need to become less amazed by the dimensionality of the movie and realize that we could move into a more etheric experience of the same movie where there would be much less restrictions on our ability to create realities without limitations.

The state of Patience, the state of hypnosis and the trance like state are all the same thing. We move into that state by moving into higher frequencies which make our accretion rate of spin much faster. The increase in spin rate makes us feel tired and then fall into a trance because our consciousness is moving through a field of light and sound.

This does not mean, as many teachings imply, that you should move to a lower frequency in hertzian in order to slow your spin rate. It means just the opposite. It means that you raise your frequencies into the higher dimensions which accelerates your accretion level and then bring that high frequency into your mid brain, into your neuronets, into your DNA.

The feeling of the trance might make you think that you are slowing down your frequencies of consciousness. This is completely false information. You feel tired or slowed down because you have moved into Cosmic Time and into No Time.

It takes us about three days to process about five minutes of information that is sent to us from those in higher realms. This is why we must move into No Time of Patience in order remove the polarization between the spiritual and physical realms of reality. Only Unconditional Love can spin us into the speed of at one ment with all Dimensions of Reality.

You cannot activate your DNA without moving into the Mid Brain with the At One Ment Frequency with the Mind of God. You cannot connect the Frequencies of Divine Mind into your neuronets without going into the Patience of Unconditional Love and Focus while remaining in the Highest Frequency of Divine Love.

Activating DNA means connecting the neuronets into the pre light and pre sound of etheric Consciousness and allowing the messages from that Consciousness to take over the running of the body from within the omnions of the atomic structure.

The reason that the heart is involved in this process of manifestation, ascension and frequency accretion is because the heart is in the fifth dimension which is the place where the highest magnetic field tunes all dimensions together into one place in the Crystal Heart of all dimensions. The heart has the highest magetic force of the entire universe. It has the

power to magnetize into it all dimensional realities.

The Soul resides in this Fifth Dimensional field because the Soul contains all of the realities from all of the past selves in all life times in all dimensional realities. The Soul is held within the Over Soul which unites all Souls back into one Consciousness of One Knowing.

When we use the divine formula of manifesting through the Patience of UnConditional Love, we have access to the manifest reality of all multidimensional possibilities rather than just the finite versions within the thinking brain of this one life time.

When we take the first step of moving our consciousness into the Sun we move clear up the ladder of frequencies from the hertzian into the infra red and then the visible light and the invisible light spectrums and then out into the gamma, x-ray, and pre light and pre sound fields beyond the violet and pink silver into the white light of no light and then into pre light where the blue hue becomes manifest.

When you have mastered the art form of seeing the Sun become blue or seeing the blue sphere above the candle or seeing the blue sphere within your mid brain, you have already manifested the great experience of becoming one with the entire field of Light, which is the Mind of God.

We must remain in that Blue Hue. That is the Frequency where transformation, creation and manifestation takes place.

When we create a chain of spheres within spheres between the Sun and our mid brain, we have created the at one ment within the Sun itself. The true Fifth Dimension is inside of the Sun. When we move into the light field of the Sun, we can have true instant manifestation and Eternal Life. We must become willing to stay in that Blue Hue more than we stay in the Hertzian and the Visible spectrum of reality.

The Blue Hue gives us the At One Ment with the other side of the Veil- the other side of the Light Field. The Etheric Realm of Pre Light and Sound is the Infinite Creation Center.

We must be in the Trance State. We must be in the Highest Frequency, we must hold the Desire without Conditions inside the Patience of Focus within the Highest Frequency of Divine Love.

We must move into the Experience of Excitement just like a child waiting for their Christmas Present, while giving Gratitude that we know that God knows our Desires before we do and that all of our heart's desires are instantly manifest.

The True meaning of Manifestation is moving directly to this place in Consciousness where you already know that in NORMAL reality, where we do our creation from the mid brain and NEVER EVER in the Judgement of the Neo Cortex, that all of our hearts desires and instantly manifest. That is just a divine fact of the kingdom of heaven.

However, you must live in the kingdom of heaven in order for that reality to exist. There is no kingdom of heaven in the neo cortex brain. There is only judgment there. When you have moved beyond judgment, you have moved into the mid brain.

The movie projector functions through light, sound and electricity. The body runs on electricity. The electrical currents are connected from the neuronet into the eternal neuronets of the Super Consciousness of the Over Soul.

The light of infra red is the spectrum that creates the negative of the picture. We see the negative of the full light spectrum when we see the blue hue. The spectrum of light gets flipped because we move beyond electrons.

So, you see, even though the infra red is only one frequency higher than the hertzian frequency, it is involved in the process of creation that is within sphere within spheres within spheres. The creation principle is called the Music of the Spheres because creation is produced through light and sound frequencies singing at higher and lower rates of spin.

The hertzian frequency is also involved in the process because that is the frequency that we focus our reality in at this time. However, that is just the lowest frequency of the Full Spectrum of Light. All of the Sounds of Consciousness must be pulled in from the infra red, visible light, invisible light, x-ray, gamma and silver pink light to allow us to move beyond light into the Zone of the Unknown pre light and pre sound of Creation Energy.

We must use the Full Spectrum of Light to Create New Realities of Manifest Desire because if we don't use the Full Spectrum of Light, we are not in the Mind of God.

So, we go beyond the plasma that the Sun is made of and into the pre plasma and pre vapor that creates the pre plasma. That pre vapor is the spiritual water of creation. One drop of that spiritual water can transform our entire body into a brand new Eternal Life Mechanism.

HYPNOTISM

The state of Patience within the Mid Brain is the place where the Trance takes place. Once we move our consciousness into the trance state, we are connected to communicate with the other side. We move into hypnosis to create our dream or vision of our desire.

Do you see why we need all of these variables? We must be connected in a bi-location with our spiritual self on the other side of the veil. We must be in the highest frequency, which is on the other side of the veil. And yet we

must remove the polarization of the idea that there is a separation between this side of the veil and that side of the veil. We must become ONE with Spiritual Reality.

We manifest the desire through the spiritual substance of light and sound. The idea prints itself on the infra red light just like a digital camera prints the negative of a picture of spheres of light that we can't see with the naked eye.

After the infra red negative is formed, it is developed in the visible light spectrum that is already within the Full Spectrum of Light of the Mind of God. The movie film is developed on all dimensions simultaneously. We don't need to wait to have the film manifest in the Cosmic and then transposed into the Planetary and Solar Harmonics because it is already being developed as the Blue Hue, as the Full Spectrum, as the Infra Red and Visible and it is also projecting the desire into the radial field around the body that develops the film onto a movie screen that we see with the hertzian frequency.

All of this film developing process is taking place as fast as you can press the enter button on your camera. You just see the desire, press the button and presto- the film develops. That is divine reality.

VISUALIZING YOUR UNDERSTANDING

Please remember that Ascension is all about LIGHT AND SOUND. I am giving you the Sound- the Frequencies that are actually created from the pre light and pre sound of the Consciousness of Creation. I have provided diagrams to help you realize that the Frequencies correspond to the Frequencies of Light that I placed in the Diagram of the Pyramid.

Those Frequencies of Light correspond to specific places in the Brain. For instance, when you look at the diagram of the brain, you will see the Blue

area in the Brain. That is the area that we call the Mid Brain. The Mid Brain area is Frequency Specific. That means it does not Think. It only receives and sends messages of light and sound. It receives pure images through light which form into the Reality around you.

You can create any reality that you desire if you learn to use your Mid Brain as a pure vehicle of transformation. It must be pure. It must not contain the images that are in the Yellow part (using visual light to project a movie of reality that is separate from the invisible light of creation) of the brain. The Diagram shows the Neo Cortex or the Thinking Brain as the Yellow section of the Brain.

The diagrams are on the bottom of the page of crystallmagicorchestra.com titled Super Human Consciousness. The diagrams are also used in the youtubes that I have explained the Candle Technique on. Those are on the youtube page of the website.

This provides the step by step listening instructions for the new album.

Also, please read REPROGAMMING THE BRAIN, and other articles in the DNA section of the website.

MERKABA HEIROPHANT

It is time to use the Merkaba Heirophant as the energizer that holds the image in the frontal lobe. Please draw one triangle facing up and one triangle facing down. I'm sure you have seen this image.

MERKABAS PDF

The image is very powerful. It is the symbol of holding the at one ment with Divine Love, with Manifestation, with Source, with the Highest

Frequency. Just the image itself does that.

Draw this image on a card and hold it against your forehead- with the image touching your forehead. That is the place where you hold the picture in the mid brain or blue brain. That is the blue brain area- it is called the third eye or the psychic brain. That is the place where you hold the image.

Now, draw within the merkaba heirophant a symbol of the thing that you want to manifest. Such as dollar bill signs for wealth or a stick figure of a perfect body or a symbol of freedom from fear. These are just possible symbols of ideas or desires. You can choose to draw any symbol that represents the desire for you.

Hold that image in your blue brain with this process. I am sorry I didn't give this to you sooner. I forgot that I used to always use this method when I began practicing manifestation. I have realized that I need to go back to this method as well.

What I meant by the little stick man was to be the image of the perfect body. Yes, you see your perfect body inside of the heirophant. You can choose to draw any symbol that represents the desire for you. It will help you get used to knowing that you are in FOCUS and that the heirophant is always holding you within the Oneness of the Entire Divine Mind Matrix.

The music is designed to help you feel and remain focused on the areas

in your body where you feel the music. After you go through the process of feeling the clearing in the heart and throat and mid brain areas find the part of the music that helps you stay focused in your mid brain area- your third eye area. Place the image of your perfect self in the hierophant in the third eye and keep that focus always. Keep it so long that the image starts to pop into your head throughout the day without you needing to think about it.

Do the same thing with each one of your desires.

Remember, whatever you are working on manifesting will always contain any of the old ideas that slide in to the picture. This is why you must practice keeping this image all of the time. Every time the old ideas pop in they will distort the image and place the old errors back into it. When the perfect image is held without any distortions you will have an instant revision of your body into a new version or a brand new ageless self.

MISSING STEP IN MANIFESTATION

Dr. Angela Barnett

There is a step in the process of healing and manifestation that many of you are leaving out. If your manifestations are not taking place or if you are not healing your body, it is because you are leaving out a step in the process.

I have created the music that saturates your body and consciousness in the Highest Frequencies. This is always the first step. Manifestation and Healing can not take place unless your Consciousness is in the Highest

Frequency.

Eventhough you hold your Consciousness within these Frequencies, you are also holding a lot of LOW FREQUENCIES in your Cellular Memory and in your Thinking Brain. Those Low Frequencies are your Old Beliefs that you are still THINKING.

The reason that you focus your consciousness into the light of the candle is to make your THINKING BRAIN turn off and allow you to move into your Frequency Brain. When your consciousness moves you will see the blue sphere.

HOWEVER- the step that you must include is this==

When you CLEAR YOUR THINKING BRAIN that means you can no longer have any IMAGES or MEMORIES of a disease in your body.

If you maintain those old memories or images in your THINKING BRAIN, those images will continue to LEAK into the BLUE BRAIN- The Frequency Brain area.

If your FOCUS is on the DISEASE and not the removal of it, the old image will just keep appearing. The healing can not be accomplished until you REALIZE that you can SHIFT out of the body that contains that disease into a BRAND NEW BODY.

However, you can not SHIFT out of the old IMAGE until you no longer hold that image in your Brain.

The Brain is a Movie Projector. What ever you place on the Screen is what it will project. If you place an image of a Perfect Body that Body will project.

HOWEVER- if you place an image of a Perfect Body on the Screen with a lot of old memories about a disease in the Thinking Brain- those old images will continue to blend into the NEW PICTURE. This will create a Body with Some Perfection in it, but it will still contain a lot of the Old Picture on the Screen.

This exact same formula is true in the manifestation of anything. If you plant an image of being wealthy in your Mid Brain while your Thinking Brain is still sending out waves of belief such as worrying about paying bills, what the future stock market will look like, or wondering how this could possibly be true- all of those images will continue to project on top of the image of being wealthy. The image of being wealthy will manifest in your life in some form, but the form will contain the other images woven into the new one. So, things might get a little better, or things might get even worse because you are still allowing more of the old beliefs of poverty intercept the vision of wealth.

This is why the clearing takes some work and time. The work is TURNING OFF the old Beliefs about the condition of the Body.

I recommend that you start using the Sun instead of the Candle. Look at the Sun through some leaves on a tree. This helps to create the photosynthesis process that allows you to move into the Plasma Energy of the Sun-- and it protects the EYES.

Do not look directly at the Sun. Look at the Sun through small areas between leaves on a tree. Practice this until you see a Blue Sun.

Now, notice how that feels. Seeing the Sun turn Blue is caused by a process taking place in the brain. It is caused by moving into the Frequency specific brain and out of the Thinking Brain. When you see the Blue Sun, that is when you place your Image of your Perfect Body in the Blue Sphere. When you see the Blue Sun and close your eyes, you should continue to see a blue sphere inside of your head. You are seeing the Mid Brain in the Blue Sphere. This is the place where you create the image of the Perfect Body.

MANIFESTATION THROUGH MID BRAIN

I have given you some background knowledge of why the THINKING BRAIN- the Upper Cerebellum- the Neo Cortex and the Hypothalamus does not function as a part of the Original Template of God's Manifestation.

We can not use that part of the brain if we want to manifest the Kingdom of Heaven on Earth. We must stay out of that part of the brain, if we want to manifest a new reality, if we want to manifest our true DESIRES.

Now we are learning to move into the Mid Brain- the Frequency Brain in the Six Chakra and in the Pineal Gland. This area of the Brain works on the Principle of Patience. This means there is no time or space here. This means there is no judgement or expectation here. If we bring any of the thoughts, beliefs, judgements or expectations from the Neo Cortex into the Mid Brain, it can not function on the Principle of Patience. And that is why your manifestations can't be created for you.

If you use the new album RE-BIRTH to feel the clearings in your 4,5,6

chakra area and especially in the Pineal Gland, you will have the first experience of the Patience that keeps you Focused within the Mid Brain..

Go to that Feeling or that Frequency within your Mid Brain. Go there without your beliefs and judgments. Go there with your frequencies already melted into the Mind of God. These are the frequencies on the album.

Go into the Mid Brain with your Desire. All you need is to be there with no thoughts from the Thinking Brain and One Desire--Just One.

You give the Desire to the Mid Brain in the Form of Knowing and Gratitude. This means that you say I am Fabulously Wealthy. I have always been fabulously wealthy. I will always be fabulously wealthy. Thank you for my Infinite Supply.

That is the Experience. That is Experience of Knowing that your Desire is Known to your Higher Self and your Higher Self Manifests all of your Desires.

EVERYTHING WILL CHANGE

The years 2015-2017 will produce a more and more accelerated energy state that will allow manifesation to occur faster and faster at whatevery energy state that you are in.

If you are in the energy state of emotions, those emotions from the neo cortex cellular memory will continue to produce more and more of the emotional dreams from the old realities of the old Earth.

If you are in the energy state of light in the psychic brain through the blue hue and transmutation and in alignment with the Light in the Crystalline Grids rather than the Emotions in the Cyrystalline Grids you will manifest

desires through that light energy faster and faster.

This is why there will be more and more events arising that are completely emotional and conditional in nature that push conditionality to the highest level.

At the same time there will those who are living in the Light energy creating more and more manifestations of the realities of peace and love and supply that they desire.

You are now experiencing the shifting in and out of a new body. Those pillars of light coming up out of the crystalline grids are presenting a choice continuously to choose the light or the emotion, the light or the emotion. The Grids are still full of our emotions and our thinking brain is still full of our emotions. We must learn to not THINK. Every little thought is pulling out all of the emotions from the neo cortex and the Emotions from the Grids. So, this process is more intense than ever.

The points where the crystalline grids overlap with Earth creates a build up of energy called a node. A node feels like a warm blanket of loving energy. Three types of nodes are vortex, portal and vortal.

They are the points of energy that allow our Consciousness to clean itself up and to recalibrate in to a new consciousness.

A portal amplifies Gaia. A vortex is where energies collide and move. A vortal is a mixture of a portal and a vortex.

Nodes absorb energy that is no longer needed.

Nodes represent pure creative energy. The nodes are absorbing the old energy so that the Crystalline Grids can be recalibrated with new energy of new consciousness.

The nodes are actually drilling a hole into the Grids so that there is a new place for the Guardian Races to Plant our new consciousness.

Nulls are pure creative energy. But the magnetic fields of this energy are so overwhelming that it is difficult to live in these places. Most of these nulls are in the ocean. The Bermuda Triangle is one example of a null.

The Crystalline Grids are designed by human consciousness and they are being redesigned by human consciousness as it is changing. When there is enough change in consciousness, a hole can be bore into the grids to allow new energy of consciousness to flow in.

Our bodies work in an identical manner. We can bring in enough high frequencies of consciousness into our Cells to actually bore a hole through them down into the Zero Point. The old DNA then disappears and the new template of DNA appears where the old one once was. The template of DNA is create by pure pre light and sound of the pure Consciousness of Divine Love.

The old DNA was designed by the Thinking Brain sending messages of judgement and condition that caused aging and disease.

We must take the first steps of activating the new DNA by assisting our neuronets and cellular memory in the moving out of the old THINKING BRAIN and into the Mid Brain which is the Frequency Specific receptor of only the Divine Mind creation patterns of Unconditional Love.

The more we do this within our bodies the more we plug in to those holes that are being bore in the Crystalline Grids that allows new consciousness to flow through.

We are the creators of the Crystalline Grids. They have been filled with eons of emotional consciousness. Now we are being given assistance in

clearing out the Crystalline Grids.

It is the Sun who is sending in this new energy. The heliosphere of the Sun passes through the magnetic field of the Earth which allows it to pass into consciousness.

Scientists have created a name for this type of energy. They call it a positron. Scientists have known about the positron for many years, but January 2013 was the first time they saw the Sun emit positrons into the Earth. A positron does not acknowledge any barriers. It is the removal of the veil between physical and spiritual particles.

This veil that was protecting us from the Sun has been removed. If it had been removed at any time before 2013, the radiation of the Sun would have destroyed us.

The reason that this could begin after 2012 is because we were moved into a new energy of consciousness- a new location where we could obtain this new beginning.

The Magnetic Grids of the Earth are related and intertwined with the Physics of human consciousness. As goes the grid so goes human consciousness.

Now the Grids are moving a lot. The Grids are moving to be able to receive information that they could not receive before.

The grids are repostured for something coming to it. An evolutionary energy that is physical. The Earth went into a place in space that it had never been in before.

The solar system is coming out of a protective bubble into a new radiation energy that we have never seen before. The solar system is losing a protective sheath.

The solar system is always in a new period of time and space. But, this is the first time the solar system has moved into a new energy physically. The new energy is affecting the Sun because it is designed to that.

This energy was always waiting here waiting for us to pass the marker. This is an evolutionary energy. It affects the heliosphere of the sun which passes through the magnetic field of the Earth which allows it to pass into consciousness.

This energy is the Consciousness from the 12 Star Systems. The Sun is in a period of Radiance. It is the quietest time the Sun has ever seen.

The guardians cause the Sun to be as quiet as possible because it would create the proper physical arrangements for this energy to come in.

The magnetic grid was changed so that it would be ready for this new consciousness.

The Pleadians have known about this Change for many eons. The fast track engines are affecting the Grids of the Planet. Crystalline Magnetic Consciousness Grids are being fed by the Nodes and the Nulls.

When you Feel a sweet energy wrapping around you like a warm, delicious blanket you are feeling a node and null portal of multi dimensional energy.

The confluence of energy is shifting and changing to affect the DNA. The DNA is ready to shift and change. You cannot see it in a microscope. What has been termed the Junk DNA has multi dimensional consciousness within and it is ready to receive information from the energy coming from the Sun into the Earth's grids.

The Mothers will receive this energy that will shift their DNA and it will be passed to their children. It will be passed to the new borns and the new borns will be born with the change.

When we Feel a sweet energy wrapping around you like a warm, delicious blanket we are feeling a node and null portal of multi dimensional energy.

I created a set of albums called the Ascension Kit that contains these nodal energies in the Ascension Vortal, Ascension Portal and Ascension Vortex albums. The Fourth album is the Magic Vortal which combines aspects of these nodes and nulls. The frequencies in these albums can be used the same way that they are used by the Earth.

The genesis cells

The baby is born and the nodes and the nulls are feeding in new information into the Earth. The barrier between innate and consciousness is removed. The children will be born with intuition. They will be born tuned in to the Mid Brain rather in to the Thinking Brain. The original Genesis in the Bible said Man is made in the Image and Likeness of God. That is what a Genesis cell is. It is the actual Divine Template of Eternal Life placed within the zero point of the omnions within the soma, within the cell, within the neuronet, which is what the DNA is made of.

The DNA will begin to reflect the Original Genesis when Man was made in the Image of God, rather than the Image of Mortal Man with Sins. The Sins were the creations of the Looping in the Neuronet. That Thinking Brain Loop will now melt away and be replaced by the Light and Sound Frequencies of the Blue, Violet and Golden parts of the Brain. The Emotions of the Thinking Brain will be replaced by the Light of the Mid Brain in the New Born Babies, and in all of those who choose to go through the Re-Birth Process now.

REPROGRAMMING THE DNA

There is nothing more important than learning to tune in to your DNA through your neuronets at this time.

This process requires attuning your frequencies of consciousness into these Cosmic Aqua firs of Eleisha. This has been called Aquafaria in most of my teachings.

The entire transformation process is a result of bringing in the Frequencies of the Pre Plasma.

What is pre plasma?

It is what stars are made of. Suns and Stars are made of gamma waves which are made of plasma which is made of pre plasma.

Pre plasma is made of pre vapor called hydrolaise which is spiritual water. One step higher in creation is trypolaise- the cosmic spiritual water.

These phenomena are all etheric, spiritual invisible to the five senses.

This is why we are getting help from those on the spiritual parallel planes at this time to help us understand this phenomena.

The main purpose of this training is to learn to focus deep within the cells into the most etheric place that you can image. In this zero point energy center of each cell there is a place that needs to be re programmed. Our DNA, our cells our neuronets have an old program within them.

We melt away the old programming of the DNA with the etheric vapor that is recorded in this set of music.

And then we replace the programming within the DNA by using this process of taking the divine template that is stored within the etheric water substance within the 8th Sun and within the Earth's Crystal Heart. This Divine Template of Eternal Life programming needs to be placed back into the cellular memory which is the DNA.

The DNA then becomes reprogrammed with the Divine Template within the Plasma Vapor which carries it.

THE IRRADESCENT BLUE BODY MEDITATION

The complete Spiritual body that was lost at birth as a result of the mutations placed in our system eons ago.

That spiritual body may now be retrieved and permanently placed into the body. This is possible for the first time because of the work our Cosmic Dolphin families have completed as they have realigned the electric circuitry system of all light and sound to braid into streams of turquoise and aqua blue light and to become activated by breaths of consciousness of the sounds of our new creation. This spectacular light and sound is streaming down from our family in Aquafaria.

1. Activate the Light Body by first creating a crystal light sphere in the Heart Chakra area and placing a mini-me of yourself inside the sphere.
2. Next let that mini-me grow into the size of your full body.
3. While lying flat on your back in bed place a magnetic shield under your body
4. Send your Light body down through a chamber or tube (riding on top of the shield) down through the Earth's crust
5. Now exhale to send the Light body on down to Earth's Core
6. Push down through the shield at Earth's Core into the LIQUID LIGHT area
7. Ride the shield of the Crystal Light Body down through the Aqua shield and into the liquid light energy field-the atmosphere feels like water, but it doesn't make you wet-you can float on it swim in it, breath it
8. Next- Pull the miniature light body down through the bottom of the liquid light shield and into the Etheric Realm of Earth's Core.
9. Focus attention in and around the miniature Body as it is positioned

with the Ethers within the Nada Crystal there is a translucent iridescent, pastel silver violet frequency chamber. The metallic glitter and sparkle and flicker to define the sphere around the Light Body.

10. Take one step down through this shield and enter a mirror laying flat right at the center of the earth
11. This mirror separates the physical side of earth from spiritual side of earth.
12. The Shield opens and Merges with Spiritual Shield when Spiritual frequencies come into Light Body and Physical body.

The 14th dimensional sparkly metallic iridescent pastel Shield is being pulled into the miniature light Body. Inhale three times to bring frequencies from iridescent shield fully into light Body. Imagine laying your light body flat on the Mirror, become a mirror image of the Spiritual Body, soak it up, become one with it. Feel sensation in physical body of a sparkling light entering right under skins surface when the IRRADISCENT frequencies come.

Inhale the Golden Crystal Body into the Light Body Shield (This shield is like a merkaba vehicle, it is simply a form of moving forms of light energy form one place to another).

Feel the sensation while passing through the mirror membrane of Mother Earth's CRYSTAL HEART.

There will be a sensation of passing through a liquid metallic mirror into a different frequency pattern of less density. In the crystal heart of the Light Body there is a sparkling metallic pastel like glitter of sparks growing into a flame in the center of the crystal heart.

This crystal heart is remembering its ONENESS with the Crystal Heart of Mother Earth. These two hearts- the heart of Mother Earth and the Heart of the Crystal Light Body flame and merge into one new flame of ONENESS. We become ONE with all that Mother Earth Contains in her Crystal Heart.

This glittering metallic rainbow colored IRRADESCENT Shield that has Merged the HEARTS INTO ONENESS replaces the other Light Body Frequency that existed before the merging into oneness with the Heart of Mother Earth.

Once this iridescence of Mother Earth's Breaths of Consciousness merges and ignites with the Sparks of Source in the Crystal Heart, the Sphere of the Crystal Heart grows into Oneness and alignment that allows the Spiritual Body to totally and correctly align into the Physical Body to create a balance of the physical and the spiritual.

Now, slide the new crystal light body down into the Silica Chamber deep inside the Mother Earth's Core.

This is where the original body was created as a Silica Based body before being transformed into Carbon Based matter. Reunite with this Silica Base Energy of Etheric Substance.

Now the physical, spiritual, golden crystal dust iridescent and Silica Based bodies have merged into ONENESS.

Now, we can raise this newly formed Iridescent body up into the original Physical Body and continue to remove all that is left from this third dimensional density consciousness from it.

Next, see a silver cord of life running from the heart of the IRRADESCENT Body into the Heart of Spirit body.

As the 3D density consciousness is pulled out of the body-the spirit body rises fully into the Body.

Next the Liquid Light Frequencies will be sent from our Sirius Etheric Realms and Aquafarian Etheric Realms to cleanse the IRRADESCENT

Body.

Feel a cool sensation of Spirit Body entering in

Now see a pearly white frequency streaming down into the crystal heart. See the pearls of wisdom from all that has been created in this 3D density melt into Divine Wisdom of all that was ever created by Divine Minds. Allow the wisdom from the pearl in your crystal heart to also contain the wisdom of all others on this 3D realm to be melted into the Sparks of Source and melted to be reformed by the pearly white frequency that streams liquid light energy to lift all from the crystal heart to be rekindled into a higher frequency of liquid light frequencies of Galactic and Cosmic Consciousness.

There is a gold and silver light swirling down from the galactic and cosmic realms. This crystal river of liquid light streams clockwise and counter clockwise moving around the IRRADESCENT Body.

A shower of pale green liquid light from our original Aquarius realm along with a turquoise light from our Sirian Dolphin family streams down through the chamber from above and goes all the way down through the IRRADESCENT Body, Light Body and Spirit Body and on down into Earth's core. The body and mind are cleared of all of the worlds old movies.

The Physical Matrix responds and returns Blue Turquoise Rain upwards through the bodies and up into the sky. Mother Earth has stored this Turquoise Essence Deep inside her for millions of years. This is the essence of the Dolphins, the Aquafarian memory of all that we once were. This Aquafarian Essence has remained perfect for over 18 million years.

You are now being reborn from the Eighth Dimensional Mintaka of gold and silver light with streams of Aqualene pale Green running down the chamber and turquoise blue running up into the god and silver moving clockwise and counterclockwise.

The LIQUID LIGHT CLEANSING continues over and over

The cleansing can be placed on automatic pilot to continue all night long as you sleep

In this healing state we reach the zero point. This is the state where our physical manifest and spiritual body have become one.

Before there was one Merkaba spinning faster than the other—the spirit was spinning faster than the physical manifest.

Now, the two merkabas spin equally-at zero Point.

When the top and bottom of the Merkabas spin at an accelerated speed but at the same speed always in opposite direction at this point there will be no differential field between them. There will tilt between them. The new angular rotation of particle spin can merge into Oneness.

To get the Spark of Source- the Illuma Un spark.

Inhale from tail bone collect metallic sparks back into tail bone feel warm sensation.

Inhale from CRYSTAL HEART a light from tail bone comes up to CRYSTAL HEART and then sparks ignite all cells to spin into crystal cells as the elementals breathe their creative activity to reform the white light body from the inside out. The little entities of light are reforming the body as the spark of source ignites and streams out through the crystal heart, down to the tail bone area, down into and beyond the bottom of the feet and then back up through the legs as the realignment and transformation is completed. The spark simultaneously ignites all of the cells to be reformed into their crystalline structure between the crystal heart, the thymus, up through the neck and into the brain area, and on up into the co-creative realm, about 36 inches above the head.

Transcendence into Etheric Substance. This is the truth that sets us free. Eternal life is made of etheric substance process of ascension is transforming the body into etheric substance - creating the light body.

RE-BIRTH ALBUM

Dr. Angela Barnett

In order to open up to the Mind of God into the neuronets governing the molecular structure of the body begins with realigning the 4th Chakra- the Heart's Magnetic Field into the Golden Spiral of 14th Dimensional Frequencies running through the 5th Chakra in the Throat and connecting the Frequency Specific Mid Brain- Pineal and Pituitary Third Eye- 6th Chakra into the Fifth and Fourth Chakras in order to open up this flow of Consciousness that has been cut off from the 5th Dimensional Frequency in the Throat.

The thymus gland in the throat area connects to the Seed Atom which connects to the back of the neck into the Medulla Oblangata. That is where the flow of Consciousness connects directly into the Mind of God in the Violet Pink White Light 15th dimensional Cosmic Consciousness.

So, when you listen to these songs, please focus on feeling the frequencies running through these areas in you heart, throat, mid brain, between the ears and out the back of the neck area.

This is clearing the flow into the Mind of God and removing the stream of

Consciousness from the Thinking Brain in the Upper Cerebellum that only holds the old Karma- the old Emotions of the Old Life History.

Now we are moving into the New energy of the Light Body within the Physical Body.

The Frequencies of the 15th dimension flowing through the Seed Atom and the Medulla Oblangata connecting directly to the Mind of God is the pathway to becoming Christ Consciousness walking on Earth with complete Sovereignty of Reality.

Listening to this Album will result in a complete clearing of the Heart Chakra to remove the old Mortality Loop that did not connect to the throat and pineal gland correctly.

The Frequencies come from the Akashic Tear Drops containing the Spiritual Liquid Light of Transformation which contain the Divine Template code within them which restore the codes of the original Angelic Human.

All of these clearings allows the Crown Chakra to open and connect with the 12 dimensional frequencies of Christ Consciousness. This is the first step in preparation to become Christs walking on Earth.

The diagrams on this page are to help guide you to where the work is being done in the flow of energy between the 4-7 chakras.

The diagram shows the part of the brain that contains each of the blue energy, pink white light and golden frequencies.

Blue or ultra violet blue energy is the energy of transformation.

This is gained by moving Consciousness completely into and beyond the Gamma Waves of the Sun. Once the Consciousness moves through the gamma into the pre light and sound the eyes see a Blue Sphere connecting into the sixth chakra area- the mid brain.

This transforms the flow of information to begin from the Mid Brain instead of from the Thinking Brain in the upper cerebellum.

This turns off the thinking brain.

After the thinking brain is turned off, a new path needs to be created from the Mid Brain down the Golden spiral into the throat and into the Heart.

After this pathway is cleared, a new pathway into the neuronets is created to stream consciousness from the pink silver white (violet area). This is the Medulla Oblangata connecting to the Seed Atom within the Thymus.

The new information needs to begin to flow into the seed atom and transform the old information into the new Eternal Life Programming.

Each song in this album turns on one of the functions of the new transmissional system.

The information system that used to come from the thinking brain in the upper cerebellum is being turned off and the new frequency specific mid brain is being turned on.

REMEMBERING OUR ORIGINAL PERFECT SELF

Dr. Angela Barnett

Re-Birth into our New Eternal Life Body requires Re-Cognizing, Re-Aligning, and Remembering the Original Divine Blue Print within our Cells, within our Seed Atom, within our Neuronets. It is now time to unplug the old system that contains a system that wears out and plug into the Mind of God, the Higher Self of the Sixth Dimension. This is an Eternal Life Program that creates Youthing. This means you can stop your aging process and begin to choose the age that you wish to return to. This new structure allows you to TUNE IN to your molecular structure and direct the Akashic Tear Drops of Liquid Light Energy to fill the cells with the Divine Template of the Original Man made in the Image and Likeness of God.

As you listen to each of the songs, you will clearly FEEL the activation taking place within each indicated chakra area. These activations are a process of returning the Divine Codes that were removed from each of chakra areas.

SONG 1--The first step of the process requires the opening of the Path between the left and right ears through the mid brain. Symptoms of not having this pathway cleared will be ringing and buzzing in the ears and painful headaches resulting from surgery in the mid brain performed by your multi dimensional gelaisic selves. If you have already had these symptoms, the pathway between the ears can now be tuned up to connect your hearing into your Frequency Specific Mid Brain.SONG 2- a. Opens the Neuronets into the Consciousness within the Sixth Chakra. b. Reconnects the flow from the Mid Brain- Sixth Chakra into the Neuronets through the Seed Atom within the Thymus of the Fifth Chakra and then into the Crystal Heart in the Fourth Chakra.c. This pathway opens up the Seventh Seal into the Cognition of the Multi Dimensional Self of all knowing.SONG 3- Activates the Seed Atom within the Thymus in the Fourth Chakra to remember the original Divine Blue Print. These activations take place as the Breaths of the Pre Plasma Light and Sound are being moved through Consciousness to activate this area.SONG 4- After the path is paved within, the Seed Atom connects into the multi dimensional self through the HOOK UP POINT - the Medulla Oblangata at the base of the SKull contains the Frequencies of the 7th Violet and 15th dimensional pink silver violet frequencies of Consciousness flowing

through the Seed Atom and the Medulla Oblangata connecting directly to the Mind of God in the 15 dimension.

These activations take place as the Breaths of the Pre Plasma Light and Sound are being moved through Consciousness to activate this area. SONG 5- Opens telepathic communication with the Higher Self. SONG 6-- Allows a clear flow of frequencies through all of the neuronet passages. SONG 7-- Creates a Strong connection with the Fifth Sixth Chakras to connect the Frequencies of Consciousness of Sixth Dimensional Higher Self into the Golden Consciousness in the Throat which opens the pathway into the Seed Atom and out into the Violet Silver Pink 15th dimensional Transformational Consciousness of the Mind of God. SONG 8- Clears the pathway of the Heart through the Seventh Chakra at the top of the head to clear the path into the 10-12 dimensional consciousness. SONG 9- Focus on the Sixth Chakra and look into the Eyes of your Higher Self through the Blue Sphere. Look out from within your Mid Brain out your Third eye and see the Ultra Violet Blue Sphere of Transformation. This is you -your higher self you. SONG 10-- Continue to focus on the Blue Brain and realize this is the Sixth Dimensional Higher Self Consciousness connecting you through the Veil into your Transformation. SONG 11- De Polarization. This brings in the complete alignment of the Spiritual Divine Blue Print into the Neuronet. SONG 12- Fourth and Fifth Chakra. Connecting to the Magnetic Flow of the Crystal Heart of Divine Love to bring Eternal Energy through the Golden throat out into the Violet Pink White Light of the Cosmic Light. SONG 13- A complete clearing of the Old Brain Reality. SONG 14- Opening the Heart into the Divine Love of Infinite Compassion. Feel the Magnetics in the Heart creating a sweet flow into the Neuronets. SONG 15- Complete Tune in to the Mid Brain to activate communication with the Sixth Dimensional Higher Self.

MAGICAL RE-BIRTH into Mind of God

In order to open up to the Mind of God into the neuronets governing the molecular structure of the body begins with realigning the 4th Chakra- the Heart's Magnetic Field into the Golden Spiral of 14th Dimensional Frequencies running through the 5th Chakra in the Throat and connecting the Frequency Specific Mid Brain- Pineal and Pituitary Third Eye- 6th Chakra into the Fifth and Fourth Chakras in order to open up this flow of Consciousness that has been cut off from the 5th Dimensional Frequency in the Throat.

The thymus gland in the throat area connects to the Seed Atom which connects to the back of the neck into the Medulla Oblangata. That is where the flow of Consciousness connects directly into the Mind of God in the Violet Pink White Light 15th dimensional Cosmic Consciousness.

So, when you listen to these songs, please focus on feeling the frequencies running through these areas in you heart, throat, mid brain, between the ears and out the back of the neck area.

Re-Birth into our New Eternal Life Body

http://store.kagi.com/cgi-bin/store.cgi?storeID=6FGAR_LIVE&page=RE-BIRTH_ALBUM&lang=en

A true Master can create anything they desire by simply holding an image or idea in the Mind of God--not in the Thinking Brain- in the Mind of God.

The Mind of God is the Frequency Specific Brain. It only manufactures reality when the idea is created in Consciousness. Consciousness is Frequency or Energy. The Rule of Creation is Consciousness plus Energy equal reality. All reality is created through the Consciousness creating an Idea and holding it in the Frequency. What Frequency? The Highest Frequency.

How do we get to the highest frequency? You can use the Merkabas to spin you into the second and third and fourth and fifth harmonic universes or you can connect your lotus blossom into the Cosmic Matrix or you can walk into the full light spectrum within the candle or you can walk into the Sun.

Each of these requires that you move into the Complete Light of All there is by walking through the Veil of Light into pre light and pre sound. This is the manifestation center. When you hold the idea in the Mind of God- on the other side of the Veil, you will fall into a Trance or a state of hypnotism. That feeling is the feeling of moving into the spiritual side of reality. It is a move in frequencies of consciousness moving you into Cosmic Consciousness and beyond into the White Light. When your consciousness touches the Gamma Waves and beyond, these 8th

dimensional waves connect with the fifth dimensional waves and they create phonons which is the energy required to melt away the old DNA and allow new DNA to be created.

When the Consciousness connects with Infra Red Light that frequency creates a negative of the picture. The Visible Light develops the picture.

However, all of this light processing that is required to develop the picture or idea that will manifest into the movie of your new day must be created in the highest frequency because that is where the white light flashes into a new hue of ultra violet blue.

When you move consciousness into this frequency lab to develop your film in your movie projector, you don't need to think about how these things are done. All you need to do is keep your thoughts in the light energy and keep them in the highest frequencies that you can.

If you can just keep your consciousness centered in the Frequency Specific Brain and stay out of the Thinking Brain that guides you in your normal reality, you are on the right train track.

However, you must become willing to be AWARE of how often you think during the day. You must be willing to realize that each and every one of those thoughts is creating your day. If you want to create a new type of reality, you must stop thinking about those things of the world. The thoughts in the thinking brain will just keep you in the old Net Earth, while the Frequencies of the Blue Hue that is manufactured in the White Light will allow you to float into the Aurora Earth of infinite possibilities.

The neuronets attached to the Thinking Brain are full of attitudes and judgements that keep them going in circles. Only Masters will move to the Mid Brain for stimulation. The masses will always need to have the environment give them their entertainment and inspiration. The masses do

not know how to find inspiration within the Consciousness of Reality.

As long as the mind stays centered around the things of the world, those same things will just continue to manifest as the realities that appear around you. If you stay focused on the Highest Frequencies and the Infinite Magical Realities that you can create just by holding the dream of Fabulous Wealth or Magnificent Freedom, or the Perfect Light Body, your life will become magical.

The Mid Brain is the place where we can go to be free from emotions. It is the place we can turn to for the renewal of a higher magnitude. We can become free from judgements, conditions, emotions of fear, pain, war while we remain in the Mid Brain. We can live in a reality where we no longer manifest those conditions and emotions into our reality.

There might still be those in the mass consciousness that manifest that type of a reality around them, but you will not be able to see it or be a part of it any longer because the reality that you create in your mid brain will be the only reality that exists. The Mid Brain is the Holy Place that only allows Unconditional Love to create your reality.

PATIENCE

Patience in the Great Work does not mean long suffering and waiting for a long time. Patience is a term that describes a dimension that holds itself in a timeless space. This timelessness includes the highest frequency of Eternity or the Mind of God.

The aspect of the brain that holds patience is the Frequency Specific Mid Brain. The Neo Cortex loops into the hypothalymus which gives long term memory is not capable of the patience that exists in a timeless space. The thinking brain always places a judgment of final analysis on each and every thought process which locks out timelessness.

This means that each time you move into the frequencies that place you in the trance state and you hold the desired dream in your mid brain frequencies, you must make sure that you do not change your dream by taking conditional thoughts over the top of the dream that you just created. Every time you take a thought you are carving away a piece of the perfect dream that you created. So, you could create your manifest reality in the dream state and then un-make it during your day time thinking process.

Once you create that dream you must hold it within your mind continuously for several days. You must go through this process of training the brain to work this way because you have spent an entire lifetime living under the control and judgement of the thinking brain which is helping create the exact world that you do not want to live in.

All memories that have been stored in the hypothalamus contain long term memory with judgment woven into them. If we create our reality through the process of this judgment, our experience in life will only contain other people judging us and controlling us. Think about this -- we are judged by our education system. The entire reality of education is to grade students based on a judgment. Most people think this is a good thing because it is the only reality that they know.

We have created a world where we judge others races, religions, creeds, dress styles, hair styles, color preferences, as well as five million other items each day. And then we go to church to repeat the fact that thou shall not judge.

Judgment is a sin because it allows your thinking brain to be the god of your reality instead of the Mid Brain which is in fact the Mind of God.

There is only one way to stop judging others. That is by moving out of the thinking brain and into the mid brain of patience. The mid brain is the psychic brain. It does not analyze, judge, think or place conditions on

reality. It only gets pure information through the highest frequencies of consciousness. The sender and receiver of ideas and desires is this frequency specific analogical mind which creates all desires that it receives in pure form. It creates and manifests all desires. It is a creation machine.

It won't create anything unless we use it correctly. It is our sender and receiver of manifest reality. It creates all desires. It gets pure information from the Mind of God and allows that information to be known to you.

The Mind of God is your own personal neuronet and DNA connection into all that is a part of you. It connects to all of your Souls, Over Souls, Rishi Selves and Avatar Selves to allow you to connect to the knowing of all that is to be known.

The Mind of God gets its information in a pure form and then presents it to you. And then after presentation it is broken down into its analysis of how you want to receive it and store it as memory.

The mid brain does not think. It receives pure data, pure thought for coming in from infra red fields and visible light.

When you receive pure thought and then think about it, you will negate it. If you accept the first impression into the mid brain you will receive it. It comes from a stream of consciousness that is outside of the neo cortex-outside personality. The mid brain sends through a web of consciousness. It sends thought without judgement.

Judgement will alter the information sent by the mid brain. When we analyze a thought with the thinking brain we change it into a limited image that is different than the pure thought sent by the mid brain.

When you create reality, when you contemplate in the pause, the information is sent out through the mid brain. Never take pause unless we

reach a final analysis.

MY VISIONS AND TEACHINGS FROM MY STARRY FAMILY

The guardians sent me a message in the clouds. It was probably the most significant message that I have received regarding our progress in ascension. The clouds painted the brain, the DNA, and the SYNAPTIC CLEFFS (which are like tiny electrical wires of energy) that stream out from within the DNA. The picture that was painted showed the synaptic cleffs streaming out of the DNA into Infinity Streams and straight up into the MIND OF GOD. This symbolism clearly shows that our synaptic cleff is plugged into the mind of God, meaning the crystals that were placed over the pineal gland have melted and the final activation of the sixth into the seventh chakra is activated.

This is clearly where I am in my rebirth process. I have gone through the process of the crystals melting from my pineal gland and from my inner ear tubes. I have gone through the process of plugging in my synaptic cleffs to the keylon codes of the music of the spheres. Keylons are like the electrical wiring that something that is 3D would be the equivalent to, but at the spiritual level of energy.

We have entered into a time when starburst activities will be as strong as they were when Ursa Major was created. I might add the star bursts for the creation of the Islands of Light will be transmitted through crystal light energy sent by Zorak.

Zorak explained to me that creating Islands of Light is an extremely complex process that takes millions of Entities continuous work for many years. The preparation for the present incoming light energy was begun about one hundred years ago. These Cosmic Entities actually have to braid and strand and align each stream of electromagnetic light energy together through the Consciousness of millions of other Entities who are on the same wave length. These light streams create our conscious union

with our higher selves to become established.

This magical stardust energy is like a movie screen that allows us to create our movies- god's movie- onto it. This is what was called prana, bread of life, this is what was in the vessels that were given to Mary Magdalene and her sisters from their father Job. The story goes that Job climbed the stairway to heaven to collect this magical stardust. The substance contains the crystal light energy of creation, the crystal dust of healing and the crystal gel of transformation. It is the magical energy of ascension.

This place in the heavens-or actually in the clouds- that MM climbed to, was and is the Cloud Cities or the Plasma Light Cities of the original Firmament of Earth, before she fell, or before she had her merkaba tipped with metatronic reverse spin technology. This place, or this firmament of heaven was and is the actual star essence of the original Ajaho (containing all 12 Stargates-Ajaho was actually broken into 12 pieces, and it requires all 12 energy signatures to repair the divine template) who was born from Sun Alcyone. This firmament is called Urtha by the Priests of Ur.

Our Higher Soul Families-Over Souls and Monadic Souls and Avatar Souls- have maintained their Frequency signatures within this heavenly place, that is only as high up as the clouds. They have maintained this dimensional frequency of the 14th dimension. This is the frequency or the standing wave that is required to pull Earth back into the Essence of Urtha. That is what we are doing at this time on Earth. We are being pulled back into our full alignment with Urtha, first by the correction and activation of the Earth's 12th dimensional grids, which are in the Earth's crust. Now, that our frequency signatures from all 12 stargates have been reactivated within the Earth's Core and Earth's Grids, we can begin the absorption of our consciousness into Urtha- the Firmament of Heaven.

Those of us who learn how to do this are actually learning to do what the stories about MM climbing the stairway to heaven were actually talking

about. MM brought this scientific teaching of how to attach consciousness into the music of the spheres in order to shift our frequencies of consciousness into the 14th sphere, which will transform the body into the plasma ship that can slide through the stairway to heaven.

My family, who lives in the Cloud Cities always communicate to me through the clouds in the sky. They give me a daily news report of what is happening in the heavens about once a week, or when something significant happens.
